THE CAVE.

More Discoveries made by Mr. Deuchsman.

Dominion Government Will Reserve it as Public Property

C. Deuchsman, who came in from the cave this week, advises us he has discovered two more passages, one of which is an immense affair, and runs north following the dip of the strata. It dips at an angle of 30 degrees and is filled with rocks washed out of the canyon. He says this new cave is easy to travel and he penetrated it for a thousand feet. He considers it the grandest part of the caves yet discovered.

The Department of the Interior has determined to refuse all applications for private title to the caves, and will reserve them for public use.

PALLISER TUNNEL.

Improvement of C. P. R. Right of way.

The Palliser tunnel has been duly inspected and passed, and trains are now using it. It is one of the best pieces of tunnelling work on the C. P. R. It has been lined throughout with concrete. It cuts off a bad curve and gives an improved site for a new bridge which has been built over the Kicking horse.

A similar tunnel is being made in the Columbia canyon, three miles west of Donald, and other tunnels will be built. It is intended to line the tunnel east of Illecillewaet station with concrete.

RAILWAY ACCIDENT.

Fireman Hurt and Bridgeman Killed.

At Golden, on Monday, while some cars of a freight train were being shunted they got away on an incline, crashed into an engine, carried away the cab, killed a bridgeman named J. Macintyre, and broke an arm of Fireman Dart, who, it is feared, will lose a hand as the result.

A TRUE STORY

Of Love and Courtship in Revelstoke.

Old timers tell some funny stories of experiences in the early days. One of them relates of a pioneer who had arranged to get married. The bride was in waiting, the invited guests in attendance, the wedding breakfast was spread in great style. The clergyman who was to perform the ceremony appeared at the appointed hour, and the service began. The clergyman whispered in the bridegroom's ear a request for the license. "Oh yes," replied the bridegroom, "my miner's license—yes here it is."

It developed the groom did not know he required a marriage license and the ceremony could not proceed without one. The bride got mad, the groom failed to understand what was the trouble, the guests slunk off smiling at the groom's simplicity and inexperience, and the champagne and other good things were packed away untouched. The would-be happy couple went elsewhere to have the ceremony performed and escape the chaff of their friends.

TOURIST ASSOCIATION.

The subcommittee of the Tourist Association went to Eight Mile Falls Saturday and arranged for clearing a trail from the old bridle trail to the falls. These falls are amongst the finest to be seen in the mountains, and it appears strange that though they are within such easy distance of Revelstoke they were not better known.

There could be no more attractive or popular holiday or tourist resort, and a climb up the precipice at the falls will give the average mountain climber a treat. The committee have had photographs taken of the falls, and will add these to the guide-book which they propose publishing to advertise the tourist attractions of Revelstoke.

The Tourist Association met Tuesday when there was a good attendance and much interest evinced in the business. It was decided to continue the trail at Eight Mile Falls to the shoulder of the bluff overlooking the falls, and place rustic seats there for accommodation of visitors.

Resolutions were passed urging the dominion government to make a trail from the railway to the caves at Cougar Basin, and applying to the city for a grant.

It was understood the illustrated booklet proposed by the Association should not be issued till spring, and that a trail should be built to the summit of the mountain north of Revelstoke, where it is stated there is a beautiful park of 1000 acres.

The treasurer, Mr. Pratt, reported $465 had been subscribed towards the funds.

FRUIT CULTURE

Kootenay Will be a Great Fruit Growing Country.

T. Cunningham, provincial fruit inspector, said to the Miner:—

During his present trip he found about 25,000 acres of land suitable for fruit raising. At

NEW DENVER

for instance, a tract of something over 1000 acres was found that was good for fruit raising. As a result of this announcement a meeting was held of New Denver citizens and a company formed for the purpose of building a new water ditch to bring in sufficient water to irrigate 1000 acres. The intention is to plant the land with fruit trees. Excellent samples of fruit were found growing in New Denver.

From the western arm of Kootenay Lake from Nelson to Proctor and from Nelson along the

KOOTENAY RIVER

to Bonnington, the land on both sides of these bodies of water is splendid for horticultural purposes. The fruit grown in this section is of a very fine quality. Near Bonnington falls J. J. Campbell has a tract of 450 acres of bench land that is just right for fruit. He has several men engaged in clearing it and getting it ready for planting, and has a number of trees ready to set out.

When he gets this in shape it will make an admirable orchard and I think from the lay of the land it will raise a superior quality of fruit. It was not suspected by the residents of that section that the soil was of the right quality for horticultural purposes until we examined it, and it caused a mild sensation there. The outlook is that a large acreage of trees will be planted there in the immediate future. Nakusp has excellent shipping facilities, and fruit growing there should result in a profit of considerable size. Along lower

ARROW LAKE

on both sides there are excellent sites for orchard planting. Along the Columbia river between trail and Robson, too, there are a number of places which are just right for fruit growing.

"Last year there were 500,000 fruit trees planted in this province, and of this number 50,000 were peach trees. In my entire trip I have not found a single dead peach tree. I was in one peach orchard in the Okanagan country near Penchland where the trees were only five years old, and they yielded an average of seven boxes to the tree. British Columbia is destined to become one of the greatest fruit growing countries in the world owing to the fact that it has such splendid soil and so superb a climate.

"We have no codlin moth, no San Jose scale or other fruit pest to amount to anything here. The orchards are clean, and the fruits are of a superior quality and not speckled and bored by pests of all kinds as some of the fruit that is brought in here from the States is."

Mr. Cunningham, fruit inspector, says: "Coming down the Arrow lakes I met a Mr. Proctor, of California, a fruit grower. He expressed the greatest surprise that the fruit growing capabilities of Kootenay have not been developed earlier. He considers that we can beat California in apples, plums and cherries. It is a fact, though he didn't admit it, that Okanagan peaches are away ahead of the California product in every respect."

GREAT FLOTO SHOWS.

"The Circus Beautiful" Bigger and Better Than Ever—Mysterious India.

The awe-inspiring, gorgeous spectacle, "Mysterious India," so prominently announced this year by the Great Floto Shows is the climax of human endeavor in circusdom.

With the aid of tradition, history and imagination some fairly adequate idea of ancient splendors may be formed and then all pale into insignificance before the glories of Mysterious India, dazzling America's millions with the splendor of the Oriental glittering, gleaming, bejeweled throng. Magnificent royal chariots drawn by genuine Arabian stallions, "steeds of the Black Eagle Feather." Herds of elephants and camels, carrying Bikaners, warriors in chains of armor, sacred cattle and brilliant carts of golden plush, bullocks covered with silver strappings, odd conveyances harnessed to elephants, camel teams and natives direct from India all take part in this glitteringly entrancing spectacular production.

This one single feature which opens a long and praiseworthy program requires the expenditure of more money and the employment of more and various kinds of people than would cover the entire outlay of many so-called circuses.

Two exhibitions will be given here, and in case of inclement weather, the waterproof tents insure perfect protection and comfort. Don't forget the date, Sept. 18th, at Revelstoke.

POLITICAL.

The new province of Alberta was duly inaugurated on September 1st, the Governor-General and Sir Wilfred Laurier taking part in the ceremonies, and the Province of Saskatchewan was also inaugurated with fitting ceremony.

A. C. Rutherford, the Liberal leader, has been selected to form a government for the new province of Alberta, and Walter Scott, M. P., has been selected to form a government for Saskatchewan.

ARROWHEAD

From our own correspondent.

Mr. W. B. W. Armstrong, late manager of the Arrowhead Lumber Company, who has accepted a similar position with the Columbia River Lumber Company at Golden, was the guest of a representative gathering of the employees of the Arrowhead Lumber Company in their office on the eve of his departure Wednesday evening. Upon being summoned unexpectedly from his house by 'phone Mr. Armstrong was made the recipient of a well-filled purse of gold accompanied by an amber pipe. Mr. Armstrong thanked the assembly in a few well chosen words for the pleasant surprise which had been afforded him, and after a short social session the meeting adjourned.

There were a large number of friends at the station on Thursday to bid farewell to our prominent citizen and popular manager of the Arrowhead Lumber Company, Mr. W. B. W. Armstrong, who was leaving for Golden, accompanied by Mrs. W. B. W. Armstrong and Mrs. John Armstrong. Mrs. W. B. W. Armstrong will continue her journey beyond Golden, going east to her home at Parry Sound, while Mrs. John Armstrong will spend the winter at Golden.

Miss Mary Kirk visited friends in Revelstoke Wednesday and Thursday.

M. E. Ivan Armstrong was a passenger to Revelstoke on Wednesday's train.

Several chicken hawks have been seen hovering over the town lately and at least one has fallen victim to a sportsman's gun. Chicken hawk plumage now bids fair to become popular as an ornament in the head gear of the gentle sex.

Supt. Kilpatrick visited Arrowhead on Friday.

Miss Gates is confined to the house with a severe cold and attack of neuralgia.

Rev. Mr. Simpson is attending the Presbytery at Kelowna this week.

We cannot pass unnoticed the favorable comment which is being heard from all quarters of the music and singing at the Presbyterian service last Sunday evening.

Miss Tingley and Miss McCulloch visited Revelstoke during the week, returning Thursday morning.

NAKUSP.

From Our Own Correspondent.

Everybody was pleased to see Jack Cadden in town last week. He has almost recovered from his accident.

Mrs. L. F. McDougold and Mrs. Muirhead are visiting Mrs. J. Cadden in Three Forks.

The new Catholic Church is almost completed, and the opening is expected to take place the end of this month.

Mrs. F. W. Jordan is spending a few days at Edgewook, and also taking advantage of the grouse shooting.

Geo. Ingram, who has been employed in the store of F. W. Jordan and Co. for some time, left Tuesday for Eholt.

On Labor Day the Tennis Club held a tournament. They were afterwards entertained at the home of Mrs. L. J. Edwards.

The local nimrods were all out bright and early on the morning of Sept. 1st, but have not heard of any big bags coming to town.

The Dramatic Club are preparing to give the people of Nakusp an evening of solid fun. The minstrels are getting in good shape and will introduce the latest songs and some side splitting farces. Will announce date in next issue.

On Labor Day a special train left here for Sandon. The athletes of Nakusp participated in many of the events, and certainly they carried off the lion's share of the prizes. They secured second place in the hose reel race without any practice. In fact the team was made up on the day of the race. In the toss for position on the track Sandon won, and of course secured the best side of the road, but nothing daunted the Nakusp boys made one of the greatest races ever seen in Sandon, and were only beaten by a few feet. The other events won by the Nakusp boys were as follows:—100 yds dash, Norman Thomas 1st, Chas. Brett 2nd. Running high jump, C. Brett 1st, N. Thomas 2nd. Hop, skip and jump, N. Thomas 1st, C. Brett 2nd. Running broad jump, N. Thomas 1st, C. Brett 2nd. Standing broad jump, N. Thomas 1st, C. Brett 2nd. Nakusp people all state they had an enjoyable day, and Sandon did her utmost to make things pleasant for them.

ROGERS PASS.

Mr. and Mrs. C. D. Morris were in Revelstoke Tuesday on their way to the Portland Fair. As Mrs. Morris's parents live in Portland it is intended to spend three weeks there. During the past season Mr. Morris's accommodation house has been utilised to its fullest capacity by tourists and trainmen, and he has opened a branch store at the Loop to suit the convenience of the large crews working there.

In addition to the filling in a large steel bridge is to be put in at the Loop, the Toronto Foundry Co. having the contract for its erection.

The Liberals are petitioning to upset the Alberni election as the result of evidences of corruption which have been discovered.

UNION LABEL

SATURDAY, SEPTEMBER 9, 1905

The Dominion Government having definitely decided to reserve from private ownership or control, and to be available solely for public use, the caves discovered by Mr. Deuchsman in Cougar Basin, have adopted a course which is undoubtedly the best in the public interest. Mr. Deuchsman's enterprise in improving and making accessible the passages to these caves should have proper recognition however, and the dominion authorities should either accord him a lease for a hotel, compensate him for his discoveries, and work there, or offer him a good position to take charge of the caves on behalf of the government.

SUPPRESSING GRAFT.

There is general agreement that government of all degrees is freer from graft in the British Isles than with us. Now it is proposed that the law be invoked against graft in the British commercial world. A member of the Balfour government has drafted a bill making it a misdemeanor for an agent to agree to accept or attempt to obtain a reward from a third person for services in relation to his principal's affairs. An offender may be punished by imprisonment not exceeding two years, or a fine of not more than $2,000, or both. The person offering a corrupt reward or making use of a false receipt or account to deceive a principal is subject to the same penalties.

A FINE NURSERY.

Mr. M. J. Henry's nursery, situated at 3010 Westminster road, Vancouver, is an enterprise which Vancouver and the province may be proud of and everything in the nursery line can be obtained without going outside the province.

Mr. Henry keeps on hand fruit and ornamental trees of all kinds, garden field and flower seeds, and apiary supplies and is importing from Japan, France and Holland growers nearly 100,000 bulbs for fall planting.

Anyone visiting Vancouver will enjoy a visit to this nursery, complete in every particular. It has the advantage in being a home industry and people know exactly what they are getting when they see for themselves.

Mr. Henry has issued a most complete catalogue, setting forth every department of his nursery stock, giving a very full list of plants, flowers, trees and everything to be found in an up-to-date nursery. This catalogue is issued for the information of the public, as he has no travelling agents selling his stock. Anyone desiring anything in the nursery line should inspect Mr. Henry's stock.

CORRESPONDENCE.

THE LORD'S DAY.

Editor KOOTENAY MAIL:

SIR—At the meeting of the Lord's Day Alliance in the Methodist Church Wednesday, August 30th, Mr. T. A. Moore addressed a large gathering of citizens on the observance of the Lord's Day. I was handed a leaflet at the church door after the meeting was over, and on the first page of this leaflet it says:—"In such forms as Sunday sale of drink, tobacco, etc. Sunday local passenger traffic, ball games, concerts, spectacular exhibitions, variety shows, excursions etc. If such work is not according to the law of God on Sunday how can it be on any other day of the week? Sunday is the first day of the week, and the law of God says "six days shalt thou labor and do all thy work, but the seventh day is the Sabbath of the Lord thy God," and the 20th chapter of Exodus will bear me out. How can a man keep Sunday, the first day of the week, holy unto God when it never was created for man to keep holy.

This is what Christ said when He was on earth. St. Matthew, xv., 17: "But in vain they worship me, teaching for doctrine the commandments of men."

St. Matthew xix, 17, "And He said unto him, why call'st thou Me good? There is none good but one, that is God, but if thou will enter unto life keep the commandments."

On the fourth page of the leaflet is said: "At creation God rested on the Sabbath Day and hallowed it. At Sinai He wrote the law of the Sabbath, and Jesus also taught its faithful observance both by example and precept. I, myself, the same do believe, for our Saviour kept the commandment to the letter, and He kept the seventh day for the Sabbath—Saturday, and not Sunday, the first day of week.

St. Mark vii, 6 and 7, "He answered and said unto them, well hath Esaias prophesied of you hypocrites, as it is written: This people honoreth me with their lips but their hearts are far from Me. Howbeit, in vain do they worship Me, teaching for doctrines the commandments of men."

Hebrews iv, 8, 9, 10, "If Jesus had given them rest, then would He not afterwards have spoken of another day.

"There remaineth therefore a rest to the people of God.

"For he that is entered into his rest he also hath ceased from his own works as God did from His."

1. St. John, ii, 4, "He that saith I know Him and keepeth not His commandments is a liar and the truth is not in him."

How plainer can it be told to man to keep the Sabbath Day, the seventh day of the week, that created for man to keep holy.

History will prove to any man that Sunday was established by Constantine, a Roman governor, to be kept holy or set apart for man to worship God. Where do you stand, Mr. Moore? Hand in hand with Constantine to wreck the law of God and not to observe it? Did not God take the children of Israel by the hand, and lead them out of the land of Egypt, and in the wilderness when they were hungery did not God cause manna to fall to feed them, and it fell six days and on the seventh no manna fell. Is not this a standing proof to man that the seventh day is the Sabbath—Saturday, and not Sunday. No man can say that Christ ever kept Sunday, the first day of the week, for the Sabbath, or taught man to keep it.

I am, etc.,
R. NICHOL.

SABBATH OBSERVANCE.

Editor KOOTENAY MAIL:

SIR,—Allow me through your columns to call the attention of your many readers to next Tuesday night's meeting in the Selkirk Hall. Fortunately throughout Canada we can, almost without exception, depend upon the local press to aid by its influence nearly a every movement which tends to the essential welfare of Canada's citizens. The preservation of the weekly rest day is of paramount importance. It is estimated that about 150,000 men in Canada are in the deadly clutches of continuous toil, unbroken by the sweet and invigorating rest of the Lord's Day. Such a condition of affairs should be a call to arms to every toiler. That the importance of this matter is appreciated by those who toil and think is seen by the following:—

The American Federation of Labor at its National Convention in '04 passed the following resolution, which speaks for itself:

"That we urge our members to continue their warfare against Sunday work, remembering that if six men work seven days, they do the same work as seven men in six days; therefore, every One six men work Sunday, they are taking the bread out of the mouth of one fellow workman."

The Trades and Labor Congress of Canada has adopted similar resolutions.

"The Sabbath was made for man" is the Magna Charta of industrial liberty. No class in the community has so much at stake in "the Battle for the Sabbath" as the working men.

The law, alike of Nature and of the Bible, imperatively calls for a weekly rest day for all toilers whether they work with brawn or with brain. The greed of gain, the love of pleasure, the passion for sport are combining with irreligion and immorality, at the present time as never before in our country, to rob the workingmen of the weekly rest day, with all its priceless privileges. Very often you will find these forces putting on the mask of philanthropy and of concern for labor's liberty in seeking to make their inroads on the Sabbath. No man is a friend of labor who is an enemy of the Lord's Day. Whether the workingman appreciates the need of that day for the development of his moral and religious nature or not, looked at only from the stand point of labor and personal liberty, it is of the utmost consequence that nothing but work of real necessity or of mercy should be permitted on the weekly rest day. Three million workers in the United States, and probably not less than one hundred thousand in Canada, have no rest day because of unnecessary labor done on Sunday, and are thus reduced to industrial slavery.

The Lord's Day Alliance of Canada has already saved men by the ten thousand from this ceaseless grind. Some 163 companies sought to have a clause inserted in their charter permitting them to prosecute their business on the rest day. Protest was made by the Alliance in every case, and 159 were defeated, and one of these employed 1,200 men. Such an organization should have the keen sympathy and practical support of every citizen of Revelstoke. It stands against all, great or small, and especially the great and strong who would deprive us of this God-given boon. The poor little news-boy, Louis Burke, who was prosecuted in Hamilton for breaking the law, offered the city $600 for the privilege of selling newspapers on Sunday, and also consulted a prominent lawyer to learn whether he could obtain a "Dominion Charter" authorizing him to sell papers so that he could defy the provincial law. The civil authorities and not the Alliance prosecuted him.

People who enjoy the Lord's Day privileges, and yet do nothing to assist in guarding the Day, are like those who sit down to a banquet feast upon the good things, and slip out leaving others to pay the bill.

Next Tuesday evening Rev. T. A. Moore, secretary of the Lord's Day Alliance, will give an address in the Selkirk Hall. The meeting will be free to all, and every seat should be filled. It is expected that the united choirs in the city will lead the singing.

Thanking you for past and present courtesies,

Sincerely yours,
C. H. W. SUTHERLAND
President of the Local Branch of the Lord's Day Alliance.

[We are glad to publish Mr. Sutherland's letter, but while most people sympathise with the aims of the Alliance, there are precious few who will stand for the organization being used as it has been as an engine of oppression of the weakest offenders. Rev. Shearer, secretary of the Alliance, when at Vancouver directed his energies—not against the big employers of Sundy labor but against the harmless newsboys, who if they do any harm, injure no one but themselves. Nobody heard any suggestion of prosecuting the big employers of Sunday labor. There are features of Sunday labor that are a thousand times worse than the sale of a newspaper. Indeed the reader of a newspaper will often gain more benefit from that than from listening to some sermons. Our correspondent quotes the version of the Hamilton affair as published by the Alliance organ simply on hearsay by a correspondent—a thing no reputable paper would do. Then the organ of the Alliance itself advertises on a prominent page one of the largest Sunday employing corporations in Canada.

We are above condescending to use Rev. Moore's language of calling his paper a "dirty rag" and imitating his wild Injun performance in denouncing something that seemed to have hit him hard, evidently because it was true, so will simply say to him that while the people of the west will help the Alliance in its main object, we are certain they wont stand for the peanut ideas which some people prominently connected with the Alliance seem to think constitute its stock-in-trade. Ed K.M.]

From the New Province Capital

Dr. W. D. Cowan of Regina expresses typical Western taste.

Western people are noted above everything else for their desire for the very best in the way of things which go to make up their home surroundings. A large part of the year has to be spent in the home and they believe that nothing is too good to make home attractive.

That Dr. W. D. Cowan, a most prominent Westerner, should prefer the New Scale Williams to any other piano bears out this Company's contention that the New Scale Williams is pre-eminently the Great Canadian Instrument, as the following letter shows:—

"The New Scale Williams Piano that I purchased from you recently pleases us in every particular and I cheerfully recommend this make of piano to any one thinking of purchasing one. I considered very carefully all other makes before buying mine, and decided upon a New Scale Williams as the best investment for my money. It has the richest tone, and in every way it is superior to anything I have seen and it gives me great pleasure to recommend it. Wishing you continued success, I remain,"

Yours respectfully,
DR. W. D. COWAN.

The Williams Piano Co., of Oshawa, publish three booklets on the history and construction of pianos which should be read by all contemplating the purchase of a piano. They are sent free on request, or can be obtained from the local warerooms.

Lewis Bros., Revelstoke.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

THE LECKIE BOOT FOR BOYS

We make a great Boot for Boys—"Strong as a horse," as the little chap would say.

A bit stylish, too—just as stylish as a Boy cares for.

When a Mother picks up one of our Boys' Boots she knows at a glance that she has struck her ideal at last. She'd be willing to pay more money than she has been paying for Eastern made Boots, but she don't have to.

All reliable dealers have them.

FREE TRIP
TO THE
DOMINION EXHIBITION

The Mail offers a free trip, including traveling and hotel expenses for two days at New Westminster, to the most popular married or single lady in the district extending to Golden East, to Sicamous West, and between the City of Revelstoke and Nakusp. The lady to whom the trip will be issued is to be selected by a popular voting contest on the following conditions:

Each person remitting $1.25 in payment of a half-year's subscription to the Mail is entitled to 25 votes.

Each person remitting $2 in payment of a year's subscription to the Mail is entitled to 50 votes.

Each person remitting $3.50 in payment of a two years' subscription to the Mail is entitled to 100 votes.

Each person remitting $5 in payment of three years' subscription to the Mail is entitled to 250 votes.

Remittances will be accepted in payment of new subscriptions, renewals or arrears.

The votes must be recorded on the attached coupon and will be treated confidentially.

The voting competition will close at noon on Monday, September 25th, and the votes will be counted and the award made by an independent committee of citizens immediately thereafter.

The Dress Makers Favorite Spool Silk

Every stitch is a stitch of strength when you sew with BELDING'S SILK. Garments won't rip—seams won't ravel—because Belding's Silk is strong and tough.

Belding's Spool Silk

is best for machine, plain sewing, embroidery and all fancy work because it is the strongest. Made in all shades to match everything you make by hand or machine.

Leading dry goods and fancy goods stores have Belding's Silk.

PICTURESQUE REVELSTOKE.

THE KOOTENAY MAIL has in press a portfolio of illustrations of the City of Revelstoke and surrounding district which will excel anything of this kind yet produced in the west. It is entitled "PICTURESQUE REVELSTOKE." The publication is being printed on Photo Book Paper and will contain over 100 of the choicest scenic, mining, lumbering, railroading and other views of the "Wonderland of America," the Mountains of British Columbia, with a letter press description of the principal features industries and resources of the district.

A limited amount of advertising will be accepted at the following rates: Full page (5x8 inches) $10.00; half page, $5.00; quarter page, $3.00. The publication will be ready about October 1st, in time for circulation at the Dominion Exhibition at New Westminster.

Price $1.00. Orders for this publication should be sent in now.

THE KOOTENAY MAIL
REVELSTOKE, B. C.

OGILVIE'S ROYAL HOUSEHOLD

Bran waste is one great difference between good and poor flours.

The food part of flour is "protein." Protein makes bone, muscle and brain.—There is no protein in bran.

—bran is the outside part, the husk or "bark" of the wheat.

—bran is the part of the wheat which is absolutely without food-value to the human system.

—bran represents part of the difference between Royal Household Flour and whole-wheat flour or cheap, inferior flours that are poorly milled and not thoroughly purified.

No other flour in this country is so thoroughly and completely separated from the waste as is "Royal Household," because no other mills are so well equipped or exclusively devoted to the production of scientifically pure flour as Royal Household mills.

Ogilvie's Royal Household Flour.

LUMBERING.

Tree Felling Footboard.

The following particulars of an invention which should be of interest to loggers is furnished by Rowland Brittain, patent attorney, Vancouver, B. C.:

Arthur E. Evans and Fortuna Caron, of Beaton, B.C., received during the week intimation of the allowance of their application for a patent on the tree falling footboard which was the subject of a recently issued Canadian patent.

The device, which is designed to save the time and labour usually spent in cutting notches and securing footboards where large trees are to be felled, consists of a light plate to the corners of which are secured dog spikes by which the plate may be rapidly and safely fastened to the trunk of a tree. On the plate is a socket in which the footboard is pivotally mounted so that it may be swung round and set to any desired angle. A simple and efficient release is provided by which the position of the board may be changed when desired by the foot of the tree feller without the necessity of his getting down off the board.

The footboard has been well tried by practical loggers and has given general satisfaction.

W. B. W. Armstrong, accountant and acting manager of the Arrowhead Lumber Company, has been appointed accountant of the Columbia River Lumber Company with head-quarters at Golden. Mr Armstrong was brought out from Parry Sound rather more than a year ago by the late W. R. Beatty, who knew his exceptional ability, to act as accountant of the Arrowhead Lumber Company, and on Mr. Beatty's death succeeded him as acting manager until Mr. Avery's

W. B. W. ARMSTRONG,
The new accountant of the Columbia River Lumber Company.

appointment, and has acted as manager of the Arrowhead Co's mill during Mr. Avery's absence.

Mr. Armstrong was slated for the management of the proposed lumbermen's selling company with headquarters at Calgary. He has now accepted the appointment to fill the vacancy caused by the retirement of W. B. Robertson, who came to Revelstoke to open an office as accountant. The many friends Mr. Armstrong has made here will wish him all succes in his new position.

FOREST FIRES.

Good Work of Dominion Timber Agent.

At the Canadian Forestry Association Mr. James Leamy, Dominion crown timber agent described the fire ranging system in operation in the railway belt in British Columbia under Dominion jurisdiction, which has resulted in the saving of a great deal of valuable timber. Even during the dry season of last year the loss was comparatively small. This was accomplished by the work of only eight rangers over an area of 500 miles in length and 40 miles wide. There is need, he said, for a larger number of rangers to adequately supervise this large tract. Hon. Hewitt Bostock and R. Jardine, of the B.C.M.T. & T. Co., and F. W. Jones, of the C. R. L. Co., spoke in the highest terms of the work accomplished under Mr. Leamy, and expressed their readiness, as holders of timber lands in the railway belt, to pay their share of an increased expenditure for a protective service.

CHIPS.

S. A. Mundy, president of the Mundy Lumber Company, was in the city Tuesday arranging for the purchase of teams with a view to increasing the log supply to the new mill. This logging will be done on the bench above Three Valley Lake.

MINING MATTERS

THE STANDARD MINE.

Mr. Culbertson, fiscal agent for the Prince Mining and Development Company, returned Tuesday from a visit to the Standard mine, owned by the company. Mr. Culbertson was accompanied on the round trip by J. M. Scott, secretary of the company, and Supt. Rumens. On the trip in Mr. Steel, mining engineer of Colorado Springs, went up to thoroughly examine and report on the mine on behalf of capitalists who propose putting up the necessary capital for building a tramway to the Columbia river, and further the development and operation of the property. Mr. Steel remained over and so thorough is the examination and report he is making he will not return till next week. It is stated he has a very high opinion of the property.

Mr. Culbertson found the mine in better shape than ever. Where the ore-body was supposed to be 16 ft. wide further work has revealed the fact there is at least 23 feet of ore, and the footwall is not yet reached.

DRIFTS.

The Frank smelter is offering to take silver lead ores, carrying zinc, and pay for the zinc in addition to the other metals. It is stated this will add from $10 to $34 a ton to the values of many ores of Kootenay which have hitherto been considered too refractory for profitable treatment.

Jas. D. Lewis, the mining expert, describes the new mining camp at Cobalt, Ont., as a will-o'-the-wisp.

IRISH GUARDS BAND.

The World of August 30th, in speaking of the band's first appearance in Toronto says: "Other famous bands which have been at Toronto Exhibition must fade away in comparison of popularity, due no doubt to a large extent to the fact that no extra fee was charged to hear this one. One number which captivated the listeners in which the cornet soloist occupied a position on the balcony of the administration building a couple of hundred yards away from the band stand had a marvelous effect upon the thousands of people in the grounds. The din was hushed. From all points folks directed their steps toward the musicians. The notes of the cornet rang out clear, and when the music subsided there was a spell-bound silence for a few seconds, followed by a deafening cheer which placed the band of the Irish Guards in the hearts of the visitors to the Exhibition."

The Mail and Empire says of the Exhibition at Toronto "The Irish Guards' Band, one of the most notable military musical organizations of Great Britain, gave its first concert on the Exhibition grounds at 4 o'lock yesterday afternoon. After the deplorable fiasco made by the Black Watch Band last year it was refreshing to hear an organization so efficient and musicianly. If the Exhibition Association intends to continue the policy of bringing bands of this calibre to Toronto it should take measures to provide a band stand that will give due force and volume to their performances. The location and form of the stand on which the band played yesterday gave them no opportunity to display to the full the resonance and splendor that must characterize their rendering under better conditions.

It is not to be understood that the band failed to delight those who heard it, for indeed it did win the approbation of the unsophisticated lover of melody and the hypercritical searcher for effects of tone and cadence as well. But with some sort of effective sounding board to give resonance the beauty of the band's renderings would be intensified. And yet it is a comparatively small organization, somewhere in the neighborhood of forty pieces. Mr. C. H. Hassell, the conductor, in selecting the members of his home force whom he would bring to Canada obviously chose his best men. Every man is a thorough musician, knowing fully the resources and individuality of his instrument. Mr. Hassell is a more nervous conductor than Lieut. Williams, of the Grenadier Guards' Band, or Lieut. Mackenzie Rogan, of the Coldstream Guards' Band. His interpretations have an exquisite grace and are at the same time virile and broad. The numbers played yesterday included the prelude to act III of Wagner's "Lohengrin," which was rendered with rare breadth of tone and delicacy of expression. The novelty of the programme was an overture by the Russian composer, Litolff, "Maximilien Robespierre." It is obviously of a piece with Tschaikowsky's "1812" overture, and the composer makes an even cleverer thematic use of the stirring phrases of the "Marseillaise." The band's rendering was thoroughly impressive, and would be thrilling under better conditions. The "Faust" selections were done with rare spirit and tenderness, and numbers such as the group of Irish melodies are child's play to the accomplished assemblage of musicians Mr. Hassell has brought with him.

DOMINION FAIR NOTES.

All machinery on exhibition at the Dominion Fair will be in motion, electricity and steam both being supplied by the management.

The lighting scheme for Queen's park during the eleven nights of the Dominion Fair will show the outlines of all the big buildings and will illuminate the forest at the rear of the grounds.

From the time of opening in the morning till two o'clock in the afternoon of each day at the 1905 Dominion Fair, Sept. 27 to Oct. 7, in New Westminster will be given up to viewing the exhibits, and the Royal Irish Guards Band will discourse music all the while.

Horse racing with klootchmen as riders will be one of the daily attractions in front of the grand stand during the 1905 Dominion Fair.

The Sockeye Run, which will be the same sort of thing at the 1905 Dominion Fair as the Trail is at the Lewis & Clark fair in Portland, will have every line of attraction known to the show man. There will be more of these entertainments on the ground than has ever been seen outside of a world's fair.

The Dominion Fair opens at 1 o'clock on Wednesday, Sept. 27, and closes on Oct. 7.

THE LADY OF LYONS.

Miss Margaret Neville, the celebrated English actress, and a most effective cast will present at the Opera House on Thursday, Sept. 21st, Sir Edwin Lytton Bulwer's romantic play "The Lady of Lyons." Though very beautiful in many respects, the play is undoubtedly to some extent faulty and forced in construction, yet at the same time, the quickness of action, telling points, and beauty of language, rivet and please an audience and push aside any imperfections.

The most glowing enconiums possible were passed upon Lord Lytton in every circle, when his name became associated with the authorship of "The Lady of Lyons," at the time "Blackwoods Magazine" said of him:

"To Bulwer we assign the highest place among modern writers of fiction. There is always power in the creation of his fancy. He is always polished, witty, learned. Since the days of Scott were ended there is, in our opinion, no pinnacle so high as that on which we hang our wreath to Bulwer."

Such was a specimen of the universal opinion entertained of the author of "The Lady of Lyons," "Richelieu" and "Money." Plays which will retain their position on the stage for years and years to come.

NEW MAGAZINE.

The Kootenay Mail Publishing Company have arranged to publish a monthly magazine the title of which will be "Wonderland." The magazine will be devoted to the attractions of British Columbia as a tourist resort. It will be beautifully illustrated with the choicest tourist attractions from Banff to the west coast of Vancouver Island. It will be widely circulated among the classes of people who travel and seek the best that is to be found in scenery and entertainment.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

September Dyeing.

SUCCESS, PROFIT & PLEASURE

When You Use

Diamond Dyes

Thousands of city and country women and girls will engage in the work of home dyeing in September. Old dresses, skirts, blouses, capes, jackets, wraps and clothing for men, boys and girls will be carefully looked out and prepared for the dyebath.

It is safe to assert that every wife, mother and daughter who has heard of the wonderful and popular Diamond Dyes, will use them in preference to any of the crude, weak and adulterated package dyes sold by some dealers for the sake of big profits.

It is unnecessary to add a word regarding the great superiority of Diamond Dyes over all other makes of dyes. They have a world wide reputation for grand home results, they give colors that never fade in sun or washing. Home dyeing is certainly profitable work when Diamond Dyes are used.

Beware of imitation package dyes; they ruin your hands and good materials. Ask for the DIAMOND, take no others. Send to Wells & Richardson Co. Limited Montreal, P. Q. for valuable book on home dyeing work and 48 dyed cloth samples. Sent free to any address.

APPLICATIONS FOR TIMBER LICENSES.
SEPTEMBER 7th, 1905.

TAKE NOTICE that thirty days after date we intend to apply to the Hon. Chief Commissioner of Lands and Works, for a special license to cut and carry away timber on the following described lands on Arrow Lakes:—

Number One.

Commencing at a post marked "Y. C. L. Co. north-west corner post," on the north side of Fosthall Creek, below the forks, and just east of special license 5327, running thence east 160 chains, thence south 40 chains, thence west 160 chains, thence north 40 chains to point of commencement.

Dated September 7th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Two.

Commencing at a post marked "Y. C. L. Co. south-east corner post," about eight miles up Fosthall Creek, on Arrow Lakes; and running north-west of license 5279, running thence west 80 chains, thence north 80 chains, thence east 80 chains; thence south 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Three.

Adjoining application No. 2 on the east, on the north fork of Fosthall Creek just north of small branch coming in from west side of creek. Commencing at a post marked "Y. C. L. Co., south-west corner post," running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 27th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Four.

Commencing at a post marked "Y. C. L. Co., south-east corner post," on the south branch of Fosthall Creek, about seven miles from Arrow Lake, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Five.

Commencing at a post marked "Y. C. L. Co. north east corner post," about six miles from Arrow Lake, on south branch of Fosthall Creek, about one-half mile above the fork, running thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Six.

Commencing at a post marked "Y. C. L. Co. south-west corner post," lying north-east of application No. 5, and south-east of special timber license 5279, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement. This land lies just north of special license 5327.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Seven.

Commencing at a post marked "Y. C. L. Co., south west corner post," on the north branch of Fosthall Creek about nine miles from Arrow Lake, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Eight.

Commencing at a post marked "Y. C. L. Co., south-west corner post," on north branch of Fosthall Creek, about 8½ miles from Arrow Lake, on the west side of the stream, running north 80 chains, thence east chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated September 5th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Engineer Lovett has purchased E. Kimberley's house.

The Rus-o-Japanese peace treaty was signed Tuesday.

H. Manning has purchased P. Agren's residence on Fourth street.

Get in your votes on the KOOTENAY MAIL'S Dominion Exhibition offer.

The steamer Revelstoke ran an excursion to Eight Mile Falls on Labor Day.

The Ladies Aid of St. Andrews church will hold a social in the manse on Sept. 19th. Admission 25 cents.

F. B. Lewis intends going in for homing pigeons and is erecting a handsome pigeon house.

Sicamous will no longer be a repeating station. All telegraph business will hereafter be handled from Revelstoke.

Harold Nelson will shortly visit Revelstoke with his new play, "Prince Otto," founded on Stevenson's famous book.

There is a movement in the Lardeau for the establishment of a government telephone between Lardeau points and Revelstoke.

Hon. P. O'Reilly, who was gold commissioner at McCullough Creek in the Big Bend rush of the sixties, died at Victoria this week aged 77 years.

Camborne school is coming to the front under Miss Dunhan, and an exhibit of the pupils work will be made at the Dominion Fair at Westminster.

The C.P.R. have arranged to survey five more blocks of lots at Arrowhead, which the agents, Sibbald & Field, will shortly place on the market.

Trappers are now hurrying out to the mountains to locate their camps for the coming winter. It is stated there will be more trapping done this winter than ever.

The Tourist Association invite owners of photographs of scenes in the district to give the association the loan of them so that the best may be selected for illustrating the booklet the association proposes to publish.

Gould Bros., printers, of Vernon, intend enlarging the Okanagan to a six-column weekly paper, which will be run in the Liberal interest. Messrs. Gould Bros. have shown great enterprise since starting their office in Vernon, and deserve the best support of the Liberals of the Okanagan.

At a meeting of the Board of Trade on Thursday, it was resolved to endorse the resolution of the Tourist Association urging the Dominion government to have a trail made to the cave. Complaints were made about the telephone service, particularly the delay in answering calls at the central.

The C. P. R. are building a trail up Bear creek to the summit of the mountain overlooking Cougar Basin, where the caves are, and it is their intention to continue this trail to the railway and round to Glacier House, thus making available to tourists one of the grandest sight seeing sections in the mountains. A chalet will be built on the Bear Creek divide.

J. A. Magee has had a successful trip to New York in the interest of the Spyglass Co.

The friends of J. E. Taylor will regret to learn he is confined to the hospital at Vancouver.

Hon. R. Twyman, treasurer Cass County, Mo., and W. E. Hall, of Carthage, Mo., accompanied Messrs. Gutherson, Scott and Steel to the Standard mine.

P. Agren, formerly of Revelstoke and who has been residing in Vancouver since leaving here, was on a visit to Revelstoke this week. Mr. Agren has been nominated Swedish consul for Vancouver.

The dance given by the Independent Band at the Opera House on Labor Day was the most successful of the season. Splendid music was provided. There was a large attendance. R. Gordon officiated as M. C.

The lectures by Rev. Dr. John at the Methodist church this week were rare intellectual treats and were heartily appreciated by the large audiences who heard them, and who were indebted to Rev. C. H. M. Sutherland for bringing Dr. Johnto the city.

On Wednesday the marriage took place at Calgary of R. M. Smythe, of Revelstoke, and Miss J. Darragh, who is well-known in the city, where she resided for some time and was very popular. The many friends of the bride and bridegroom will unite with us in wishing them every joy and happiness.

LACROSSE.

Revelstoke v. Vernon.

A match was played between intermediate teams representing Revelstoke and Vernon, resulting in a walk over for the home team. It is only fair to the Vernon players to say they turned up rather to oblige Revelstoke by furnishing a game, as their players were mostly out shooting and hunting and a representative team could not be got together. Thanks are due to L. Gould for his determination not to disappoint the Revelstoke boys, as otherwise the match would have fallen through.

FOOTBALL.

Last Monday afternoon the City team won a hard fought game against the C.P.R. shops by the score of three goals to nil. The game was fairly interesting until towards the close when the lack of condition of the players on both sides manifested itself. The first half was a splendid exhibition being fast and both sides putting up good combination. It is to be hoped that McKinnon will turn out more regularly as he has the making of a first class player, being fast, aggressive and follows up the ball. Le Feaux, the centre forward, is also fast and his work is of the finished order, his dribbling of the ball being a treat to watch. The first goal scored was obtained by the city after a fine piece of combination, the forwards carrying the ball at their toes over half the length of the field, finally, after a series of short passes by Armstrong, Le Feaux and McKinnon, the ball was shot through the shops goal. The absence of Allen and Hugh on the shops team was felt very much. At time and again when the C.P.R. boys had a chance of scoring it would be spoilt by over anxiety on the part of some of their forwards who would kick too hard, allowing the city defence to obtain possession and transfer the ball to their forwards. It was a pleasure to see W. Smythe playing as he was wont to do in days gone by there was no trace of selfishness to be seen and his passing was very well judged, and his scoring of the third goal for the city was a fine piece of play. Sissons, who is always to be relied upon, played a stirling defence game. Knox a new arrival, is a decided acquisition to the city. For the C. P. R. Feeny and Macrae were especially noticeable as also was Gregory a new man on the team. Entwistle at back was the right man in the right place. F. A. Congreve proved an effective referee.

Nelson football club has written the Revelstoke boys re a friendly match at the Nelson fair to be held the latter end of September. It is up to the boys to get into shape and vanquish the Nelson boys.

How to Cure Corns and Bunions

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains bruises, lameness and rheumatism Pain Balm is unequaled. For sale by all druggists.

Go for the thing you want. You can get anything you ask for providing you make a straight-forward appeal. The best way to make that appeal is by the use of good printing and stationery such as you get at the KOOTENAY MAIL printing office.

When you want ICE call Hutchison and you will get it in quick order.

And the lady of the house had a grouse in her house for buying a gun from Lawrence's.

Bring your prescriptions to get filled at the Canada Drug Store, they keep only the purest of drugs.

See R. Howson & Co. for iron beds with iron frame springs. They take the lead.

You can have the KOOTENAY MAIL and Family Herald and Weekly Star from now till January 1st, 1906, for 50c, or two papers for less than the price of one. Send your order to the MAIL Office.

The Store for Souvenirs.

The Canada Drug Store, you can get anything you want in souvenir line.

Mr. Kimberly thinks there is no advertising medium like the KOOTENAY MAIL. He advertised his house for sale in the MAIL and before the second insertion had appeared he sold the house.

CHURCHES.

CATHOLIC—Rev. John M. Tavernier, O. M. I., recently of St. Mary's mission, will take up the circuit relinquished by Rev. Father Michels, O. M. I., which extends from Kuale to Laggan. Father Michels will resume his duties as parish priest at Kamloops.

METHODIST—Pastor, The Rev. C. H. M. Sutherland. On Sunday evening the pastor will preach the second sermon in the series of "The Three Great Fools of the Bible." At the morning service Commander Evangeline C. Booth's new song, "Me," will be sung as a solo. Subjects: Morning, "What Brought the Great Revival"; evening, "The Unqualified Fool." There will be a reception service and the sacrament of the Lord's supper at the evening service.

ST. ANDREWS—Sunday evening Rev. Dr. McKay preached to a large congregation and the sermon was one of the best heard in the city.

RAIL AND STEAMER.

The C. P. R. is using natural gas from Medicine Hat for illuminating its passenger coaches.

T. Skinner, a London director, is making an inspection of the C. P. R. W. R. Baker has been appointed assistant to C. P. R. President Shaughnessy, and J. W. Leonard succeeds Spencer as general supt. of eastern lines.

The Grand Trunk Pacific terminus is to be on Tuck's Inlet, where the government have sold the railway company 10,000 acres of land at $1 an acre for railway purposes and townsite.

Take Hold—Get a Good Grip and Pull.

The whole earth is your field—it's full of business but you must know how to "pull" for it. There's but one way for an advertiser—a direct talk on paper. WISE business firms put more money in the preparation of their advertising copy and less in experience and they're doing the business today. Advertise in the KOOTENAY MAIL.
