SHOWS FOR FAIR TIME.

First Class Attractions Booked for New Westminster.

E. R. Ricketts, the Vancouver theatrical manager, who has taken over the New Westminster opera house, has booked some fine attractions for the Dominion Fair season and the theater will be open every night during the time of the great national exhibition, which is to open here on Sept. 27.

On account of the prospects of large audiences Mr. Ricketts was able to induce some of the better companies to go a little out of their way to appear in his New Westminster house on dates from Sept. 27 to Oct. 7 inclusive.

The New Westminster opera house with its latest improvements is fitted to accommodate all the scenery and appliances that the best companies carry with them, while the comfort and convenience of patrons have also been well provided for.

THE LADY OF LYONS.

Lord Lytton's renowned drama of love and pride, "The Lady of Lyons," comes to the Opera House on Thursday next, Sept. 21st. The scene of the story is laid in France, in the city of Lyons and the neighborhood, during the period of 1795 to 1798.

The author's good judgment is most felicitiously shown in selecting France and this period for the action of his play. Its emotional style is precisely of the nature to be found in that country, and the events then in progress enabled him to send his hero into the army and raise him naturally and with a rapidity that was then not at all uncommon, to honor and wealth instead of resorting to the old stagey devices of "unexpected fortune," death of a wealthy uncle in India, and other reasons ad libitum and ad nauseam. Any and every position was open to a successful soldier. The play is a refined drama which has relied on its intrinsic worth in years gone by for its great success.

The members of the company, headed by Miss Margaret Neville, the celebrated English actress, were chosen for their fitness for the respective roles which they portray, and it is said that all demands as to ability are fulfilled.

CITY COUNCIL.

Lords Day Alliance Follows up the Sunday Shooting.

Re-adjustment of Civic Offices Decided on.

Meeting last night. Present: The Mayor, Ald. Field, McCarter, Lewis, Abrahamson and Foote.

CORRESPONDENCE.

C. P. R. objecting to city's claim for refund for false alarm caused by their wires crossing city fire alarm. Ald. Lewis considered it an accident and the matter should not be pressed. Ald. McCarter urged it was a case of carelessness and the company should make good the loss to the city. Ald. Abrahamson and Foote agreed.—Resolved a reply be sent that the company had previously compensated the city in similar cases.

Tourist Association asked grant.—$200 to be allowed if required.

Provincial Secretary approving dumping ground. Six acres to be purchased from F. Fraser.

LORD'S DAY ALLIANCE.

A deputation waited on council and presented resolution re Sunday shooting. Rev. C. H. M. Sutherland said the Alliance asked the endorsation of the Council.

The Mayor said as he was interested in the matter he would leave the chair and asked Ald. Foote to preside.

The Mayor said there had always been a call for a militia company in Revelstoke and at a public meeting he was asked to take charge of it. The only men who joined were those who worked from Monday morning till Saturday night. The first musketry regulation provided for efficiency in shooting without which they could not get the grant, and without that the corps could not exist. Those who were behind the resolution against Sunday shooting were starting at the wrong end. If they had a weekly half holiday it would solve the difficulty. He only allowed the men who could not go out on other days to shoot on Sunday. If they could fill the ranks from men who could do their shooting on other days or could arrange a weekly half holiday when they could practice he would stop it on Sunday.

Ald. Lewis: Is the range within the city limits?

Mr. Floyd: No.

Mr. Howson said he was opposed to Sunday shooting.

Rev. Mr. Calder said the Mayor had thrown out a good suggestion re weekly half holiday. It was not merely the interference with worship, but with the quiet of the Sunday they objected to.

Rev. Mr. Sutherland sympathised with the views of the Mayor, who had struck a good note in reference to the weekly half holiday.

Ald. McCarter proposed they endorse the petition and said the city could better do without the Rocky Mountain Rangers than have them upset the institutions which the best citizens sought to uphold.

Ald. Lewis seconded. He considered the R. M. R. an important institution but not more so than others.

The resolution was carried.

WORKS.

It was resolved to lay side walk to Willis Armstrong's, to open lane between Sixth and Eight Streets, behind McKenzie Avenue, and to make crossing to lane behind opera house.

A bylaw was adopted amending the laundry bylaw to exempt part of Block 98 from its operation.

REVISING CITY OFFICERS.

Ald. Field moved, seconded by Ald. Abrahamson, a resolution in terms of the Mayor's suggestion at last meeting, that R. Gordon be placed in charge of the power plant, and be responsible therefor, G. Lembke in charge of the wiring, and a man to be engaged to take charge of the water service each assisting the other as required.

The motion was carried, only Ald. McCarter and Lewis dissenting.

SPECIMEN OF APPLE TREE IN J. MALEY'S ORCHARD.

There is no better evidence of the suitability of Revelstoke for fruit-growing than the number of heavily laden trees to be seen in the city and vicinity. At J. Maley's orchard the fruit crop is immense and we herewith re-produce a photograph of an apple-tree there, the fruit showing densely hanging from the branches, which are propped up on all sides to sustain the load. This tree is only a fair sample of others in the same orchard. At P. R. Peterson's, T. Steed's, C. M. Field's, S. McMahon's, John Lawson's, H. Smythe's, H. Needham's and Fred Fraser's orchards there is the same story of a big fruit crop. Fruit has made the high values of lands in the Okanagan Valley, selling for from $100 to $300 an acre, and Revelstoke can give as good an account of itself.

BOARD OF TRADE

Lumber, Lead and Zinc Discussed.

A meeting of the Board of Trade was held at the City Hall, Wednesday, when a resolution was passed for submission to the tarriff commission sitting at Nelson urging the necessity of the proposed tarriff on lumber, in the interest of an industry of so much importance in this section. It was also resolved to point out to the commission the necessity of arranging the lead tariff so as to promote the manufacture of products of lead in Canada both for home consumption and export.

Advantage was taken of the coming visit of the investigation board of zinc experts to ask that they take into consideration the zinc resources of district, the zinc ores of Pingston Creek, Lardeau, Illecillwaet, the Big Bend and Jordan being of sufficient importance to warrant their being of sufficient importance to warrant their being considered in the investigation. The Board requested that a member of the board of experts visit Revelstoke to discuss the question and meet men acquainted with the zinc properties here.

A DISGRACEFUL AFFAIR.

The attack on the Salvation Army with sticks and stones at Montreal is a disgrace to that city. There is no religious organisation which has done more to rescue the fallen, and to make Christianity what Christ intended it to be than the Salvation Army, and the self-sacrifice which the officers and members of the Army have shown in the prosecution of their work of humanity and mercy has everywhere been a subject of admiration. The indignity to which the members of the Army have had to submit in the leading city of Canada is one which should be promptly punished by the Montreal authorities.

At the meeting of the Lord's Day Alliance on Wednesday Rev. Mr. Moore made the extraordinary statement that the Attorney General was thinking of enforcing the Sunday observance law and congratulated him thereon. Ordinary people think it is the duty of an Attorney General to enforce the law at all times, and if he is not doing the duty he is paid for by the public he is deserving of the severest condemnation.

LORD'S DAY ALLIANCE

A meeting of the Lord's Day Alliance was held Wednesday, when Revs. Moore and Sutherland made addresses. The principal topics discussed were rifle and gun shooting and fishing on Sundays.

Moved by W. M. Lawrence, seconded J. Anderson—

THAT WHEREAS some time ago the Company of Rocky Mountain Rifles a Revelstoke, B.C., began target practice on the morning of each Lord's Day in opposition to the desires of many of the citizens of this city, causing great disturbance and robbing many people of the privilege of a quiet and restful Sunday; and

WHEREAS protests have been made to the commanding local officer of the rifle company, urging that the company discontinue this most disturbing, annoying, and unwarrantable practice, to which no attention was paid; and

WHEREAS an appeal was made in 1904 by the loyal citizens of Revelstoke to the Hon. Sir Frederick Borden, the minister of militia of Canada, urging him to issue orders that the Sunday target practice in this city and community should be discontinued; and

WHEREAS from that time no further communication has been received from either the Department or the Minister of Militia, and the target practice on Sunday continues to disturb the quiet of the rest day and annoy the citizens of Revelstoke; be it therefore

RESOLVED that this public meeting of this city, and the citizens whose signatures are attached do most emphatically protest against the continuance of this Sunday target practice; and earnestly demand that the Hon. Sir Frederick Borden, the minister of militia, shall at once interfere and prevent any further Sunday target practice by the Rocky Mountain Rifles both in this city and neighbourhood;

AND FURTHER, that copies of this resolution be forwarded to Hon. Sir Frederick Borden, minister of militia, Right Hon. Sir Wilfred Laurier, premier of Canada, the general officers of the Lord's Day Alliance of British Columbia and of the Dominion, and to the Associated Press.

A NOVEL EXPERIENCE

Rafting on the Columbia.

The passengers by the Revelstoke on Tuesday had the novel experience of witnessing a race between a raft loaded with twelve men and their outfit, and the steamer, the latter of course winning by long odds. The raft had a history. When work was shut down at the Duquesne property on Smith Creek, a walk of over twenty miles with heavy packs to the boat landing at Downie Creek looked a big undertaking, so it was resolved to make the trip by raft. Two rafts were built. The first raft was found too small and a larger was made, with which Death rapids were reached. Then a smaller raft was built to catch the big raft as it came through the rapids, but in this case fortune did not favor the brave, as the big raft stuck in the rapids. Then another large raft was built and on this the journey was made to Revelstoke, a distance of 45 miles. The raft was manned by Admiral Guffy, Captain Hedstrom at the helm, and a crew of twelve, including two doctors who were on a hunting expedition. Gaining confidence in their rude ship, when they met the steamer at Downie Creek they challenged the gallant Captain Forsland to a race, and as the steamer was delayed at Downie unloading cargo they made Carnes Creek, a distance of about 20 miles, before the steamer overtook them. Salutes were exchanged, and Jack Sweeney and J. Soards, who preferred the comforts of the Revelstoke to rafting, indulged in good natured chaff of the comrades as they passed them. However, the raft made good time, coming right through the Canyon, and reaching Revelstoke within two hours of the boat. In the rough water at Eight-mile, one of the oars caught a crab and the raft circled so rapidly Capt. Hedstrom was not sure for a while whether he was handling the bow or stern oar. The raft party declare the trip was the most enjoyable of their lives.

IRISH GUARDS BAND

Appears at Revelstoke Monday, October 2nd.

Opinions of the Press.

The band of the Irish Guards played at the Promenade Concert last Saturday evening, and the attendance was the largest seen this summer. The band is one of the best in the British Army, and can always be heard with pleasure even in the more "ad captandum" which its conductor—doubtless knowing the tastes of the popular audience—rather freely sprinkles over his programme.—Brighton.

Lovers of Military Band Music in Bristol have during the past week been admirably catered for in the engagement of the Irish Guards Band at the Dreamland Carnival. Although one of the youngest bands in the service, it has been compared with that of the Grenadier Guards at its best, which is indeed high praise to gain in so short a time. Mr. C. H. Hassell, the conductor, has his musicians under remarkable control, and is able to gain some wonderful effects in light and shade. Many of the items which appeared on the Dreamland programme are such as rarely grace military band performances, and came as a refreshing change to the ultra-popular selections, Liszt being represented by his Hungarian Rhapsodies Nos. 2 and 6, Chopin by Nocturne No. 2 (op 9) and Concert Polonaise, Mendelssohn by "The Bee's Wedding" from "Leider ohne Worte," Tschaidkowski by his famous 1812 overture, Wagner by the overture to "Tannhauser," and other items, and Paderewski by a "Minuet in F."—Bristol.

The evening performance was superb. The leader rouses his listeners quite as much as does his men. When he comes down with his baton "fortissima" it verily makes you unable to sit still.—Manchester.

The Irish Guards' Band, whatever its musical merits, appears to catch the popular taste more than its predecessors. "I tell you what it is," said an old gentleman, "they give us aristocratic music." The popular taste is not so far astray in music either when the crowd the other morning encored one of Tschaikowski's overtures fifteen minutes long. There is a birdlike facility and sweetness of execution in the reeds that wins all hearers. The appeal direct is made at the close of a performance when the band plays "The Wearing o' the Green," and follows it with "The Maple Leaf" and the National Anthem. They play "The Maple Leaf" with particular unction and there were tears in the eyes of the composer last week as he stood and listened to the strains that will give him immortality.—Toronto Globe.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Synopsis of Regulations for Disposing of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at $20 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miner's certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner having discovered mineral in place, may locate a claim 1500x1500 feet, by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also coppper, in the Yukon Territory, of an area not exceeding 100 acres.

The patent for a mining location shall provide for the payment of a royalty of 2½ per cent of the sale of the products of the location.

Placer Mining, Manitoba and the N.W.T., excepting the Yukon territory.—Placer mining claims generally are 100 feet square; entry fee, $5, renewable yearly. On the North Saskatchewan River claims for either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged beds or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the North Saskatchewan River, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged beds or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, $100 per mile for the first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer Mining in the Yukon Territory.—Creek, river, gulch and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, $10. Royalty at the rate of two and one-half per cent on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum.—All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

FREE TRIP
TO THE
DOMINION EXHIBITION

The Mail offers a free trip, including traveling and hotel expenses for two days at New Westminster, to the most popular married or single lady in the district extending to Golden East, to Sicamous West, and between the City of Revelstoke and Nakusp. The lady to whom the trip will be issued is to be selected by a popular voting contest on the following conditions:

Each person remitting $1.25 in payment of a half-year's subscription to the Mail is entitled to 25 votes.

Each person remitting $2 in payment of a year's subscription to the Mail is entitled to 50 votes.

Each person remitting $3.50 in payment of a two years' subscription to the Mail is entitled to 100 votes.

Each person remitting $5 in payment of three years' subscription to the Mail is entitled to 250 votes.

Remittances will be accepted in payment of new subscriptions, renewals or arrears.

The votes must be recorded on the attached coupon and will be treated confidentially.

The voting competition will close at noon on Monday, September 25th, and the votes will be counted and the award made by an independent committee of citizens immediately thereafter.

If You Do Your Own Sewing
it is all the more reason why you should use only
Belding's Spool Silks

They save both time and money.
Belding's Silks are tough and strong, because they are pure silk. That makes them wear.
They sew smoothly, evenly—because they are free of kinks and knots. That prevents threads breaking.
You can do MORE work—and better work—and do it EASIER—with Belding's Silks.
Every shade and tint for hand and machine work.
Stores everywhere have BELDING'S SILKS.

5000 TELEGRAPHERS NEEDED

Annually, to fill the new positions created by Railway and Telegraph Companies. We want YOUNG MEN and LADIES of good habits, to

LEARN TELEGRAPHY & R. R. ACCOUNTING

We furnish 75 per cent. of the Operators and Station Agents in America. Our six schools are the largest exclusive Telegraph Schools IN THE WORLD. Established 20 years and endorsed by all leading Railway Officials.

We execute a $250 Bond to every student to furnish him or her a position paying from $40 to $60 a month in States east of the Rocky Mountains, or from $75 to $100 a month in States west of the Rockies, IMMEDIATELY UPON GRADUATION.

Students can enter at any time. No vacations. For full particulars regarding any of our schools write direct to our executive office at Cincinnati, O. Catalogue free.

25 Abchurch Lane, London, E. C.

How Big Is Two Cents?

The average consumption of flour, per year, by each person in Canada, is about one barrel (196 lbs.)

Suppose you use an inferior flour at a saving of say 75 cents over the cost of a barrel of Royal Household Flour, that is just 6½ cents a month—less than two cents per week.

But an inferior flour can yield only a portion of the nutriment you get out of "Royal Household" because cheap flours are poorly milled, contain a greater proportion of bran and shorts—the granules are not uniform—the bread is heavy—the texture is coarse—the flavor is tasteless or poor—the nutriment is not in it!

ROYAL HOUSEHOLD FLOUR, being perfectly milled, is uniform in texture—makes bread that is light and waferlike—white as snow—finely flavored—highest in nutriment.

"Royal Household" is electrically purified and sterilized—backed up and guaranteed by its makers' reputation.

Ogilvie's Royal Household Flour.

MINING MATTERS

Fifty more men are to be put on the Silver Cup to develop the new ore struck.

The American Mining Company, operating on French Creek, have shut down work for the season.

Owners of zinc properties should advise the Zinc Mining Commission of them so that the properties may be inspected with a view to forming the best possible estimate of the zinc resources of the province.

Sid Graham, E. R. Vipond and Alex McLean struck a shoot of ore ten inches wide on the Noble Five, half a mile from Trout Lake City. The ore will net about $800 to the carload. Already half a carload is ready for shipment to the Trail Smelter.

The Review says: "The outside press is chirping that the high price of lead should make make the silver-lead miners happy. It does, but lower smelting rates would make them far happier. The latter has not been lowered a peg for over 13 years, and it is about time they took a tumble."

On the Lucky Boy at Trout Lake, the lead has been uncovered for a distance of 800 feet and there is a showing of eight inches of gray copper. One assay runs as high as 3500 ounces in silver to the ton. The ore it is thought will net $2500 to the carload. A drift has been run along the lead for a distance of sixty feet.

Mr. Guffy shut down work on the Duquesne Company's property on Smith Creek this week, and all hands came down the river on Tuesday. He hopes to resume operations next spring. The work done this season consisted in the extension of the drift through the canyon on the old channel, and a little gold was got, but Mr. Guffy's aim is to get above the canyon where the old channel has probably widened out and where the best gold is likely to be got.

BIG BEND

Eminent Mining Expert Enthusiastic about Mineral Prospects.

Standard Mine will have Tramway and Smelter.

The City of Revelstoke little knows the vast resources behind it. To the north is a vast country little explored, but the acquaintance with it intensifies its importance. The great timber wealth of the Big Bend has long been recognised. The placer fields which yielded great riches in the sixties have been spasmodically exploited. The day of lode mining is at hand. Thanks to the energy, persistency and determination of the gentlemen handling the destinies of the Prince Mining and Development Company, their property, the Standard, has been steadily developed, till today it is one of the most promising mining properties in British Columbia. For some time men possessed with ample capital for good mining investments have had an eye on the Standard, and several of their representatives have been visiting the property this season, with the result that they have only one tale to tell—that of a successful mineral development, with large bodies of ore in sight, and everything favorable for the prospects of a large and valuable mine.

Two weeks ago Hon. Col. Steele, a well-known mining engineer of Denver, Colo., and who for four years was manager of the great Colorado mine—The Independence of Cripple Creek—visited the property in the interests of capitalists who are prepared on his report and recommendations, to furnish the necessary capital for the further development of the mine and the placing of the property on a producing basis.

Col. Steele spent about ten days in making an exhaustive examination of the best means of equipping it. With this view he traveled over the range to the Columbia River and back to the mine. He also thoroughly sampled the ore-bodies. While of course reticent, and reserving his report for his principals, he expressed his satisfaction with what he saw, and considers the Prince Company is only on the fringe of what will prove an extensive and highly mineralized zone, in which there is a strong probability of there being several producing mines.

At no time has the Standard been seen under more favorable circumstances than now. The snow has entirely disappeared from the surface and the outcrops and geological formation of the country are plainly evident. The mineral formation is strong and permanent in its character, and Col. Steele has no doubt the Standard will be one of the big mines of the country. The ore-body has been developed on the No. 2 lead for a depth of 550 feet on the dip of the vein, and has improved in quality and increased in magnitude with depth, till at the only point in the lowest workings where the ore body has been cross-cut from wall to wall there is 22½ feet of ore across the floor as measured by Col. Steele and the editor of the Mail.

Col. Steele will recommend to his principals the erection of a aerial tramway to the Columbia River, and the building of a smelter on the river. The great mass of ore in the mine is solid ore which will be shipped straight as it is mined to the smelter.

Col. Steele has recommended Supt. Rumens to pursue the same method of development which he has been following during the last two seasons, and work will be vigorously pushed on during the coming winter. With this view the staff at the mine is being increased, ample supplies are being got in, and all preparations made for a busy winter's work.

Hon. Col. Steele expects to return during the winter to prepare plans and make arrangements for the installation of the mill, tramway and concentrator as soon as spring comes to allow of the prosecution of these works. An electric plant will be put in at the mine to operate power drills and a sawmill, there being ample power in the vicinity.

GREAT FLOTO SHOWS.

"THE CIRCUS BEAUTIFUL."

The splendid reputation of the Great Floto Shows is so firmly established none will doubt the genuineness of the promises made, and no one will be disappointed. This year the show has been enlarged so as to rank with any tented organization on the road. Thousands of dollars have been spent in improving every department.

It costs about $2,500 a day to run such a big circus. There are 570 people with the show besides 88 advance men, contracting agents and bill posters with the three advertising cars.

The Floto circus carries 300 horses and 70 ponies, the lot valued at $50,000. The eight big elephants represent a fortune in themselves.

With the monster show is its own minister, surgeon, barbers, blacksmiths electricians and others.

No one who is not in touch with the great show can form any idea of the immensity of it. It is a small city in itself, constantly on the move, but with all kinds of mechanical provisions for its running.

One thousand pounds of meat are consumed daily in the circus dining halls, to say nothing of barrels of potatoes and similar supplies. All this will be bought here—two days supplies for the 570 people, horses and the animals, kitchens and dining halls, models of neatness both. In the culinary department are employed fifteen cooks and thirty-six waiters, besides assistant cooks, meat cutters and pastry cooks.

A circus is a splendid object lesson in system—perfect system.

This is seen in the unloading of the cars and in every detail of the work. Every man is held responsible for his particular duty.

Mr. Frank Tammen, who accompanies the circus, has 26 assistants on his stag. His "office on wheels" is complete, being provided with all conveniences, even long distance and local telephones, electric lights, etc.

The laundry bill of the Floto circus alone is $250 per week.

The money carried out of town by a circus is the extra money brought by excursionists who come to the show. The money received from town people is more than offset by the sums paid out here for supplies and other needed expenses.

The big show is coming to Revelstoke for Monday next, Sept. 18.

TIME TABLE FOR SHOW DAY.

Here is the program for the day, which will be carried out in detail and the show people say strictly on time:

10 a. m.—The parade is due to reach the town business district. Drivers and teamsters are especially and politely requested to avoid this parade or have secure control of their horses.

11 a. m.—Free open air shows and opening of annex department of the show grounds.

1 p. m.—Opening of the main entrance to the menagerie and big shows allowing one hour to view the animals and courts. Promenade band concert by Sig. Zierke's combined band of sixty musicians.

1 p. m.—Grand Mysterious India spectacle and regular program. One hour to view the menagerie after the big show.

4:15 p. m.—The specialty concert after the big show, introducing new features and the grand ballet in novel dances.

4:30 p. m.—Vallacita performs and feeds the big lions in a massive den in the annex.

7 p. m.—Opening of the main entrance to the menagerie and big show for the night exhibition. One hour to view the menagerie. Fine band concert.

8 p. m.—The night show begins. Grand Oriental pageant and Asiatic display enhanced by the electric lights and colored by fire, adding a more vivid and realistic hue to the gorgeous tournament pageant. The long program commences with Sugimoto's wonderful Japanese acrobatic troupe, the finest in the world. In case of inclement weather the waterproof tents insure perfect protection and comfort.

Your Appearance

suffers bending over a cooking-stove during hot weather. Try Clerk's Canned Meats, wholesome, tasty and appetizing. It's a good change.

Save Money By Home Dyeing.

Easy Way to Make New Autumn Dresses Out of Old and Faded Costumes and Suits.

Diamond Dyes

Are the Popular Package Dyes For Reliable Home Work.

Don't wear a faded gown or skirt.

Don't look shabby simply because you cannot afford a new dress.

It is not necessary to wear clothing that is faded and shabby because you have no money to buy more. With one or two packages of Diamond Dyes, that cost ten cents per package, the old dress or skirt can be dyed a fashionable and beautiful color in keeping with the autumn season. Thousands of women will have autumn dresses, suits and skirts, that cannot be told from new, but which have cost them only a trifle, the result of coloring over their old materials with Diamond Dyes.

Never risk your materials and garments with the weak, adulterated and imitation dyes sold by some dealers. When you buy the DIAMOND DYES, you have the best produced in the world. Send to Wells & Richardson Co., Limited, Montreal, P.Q., for new book, "*Diamond Dyes and How to Use Them*," and card of 48 dyed cloth samples; sent free to any address.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

Tenders for a License to Cut Timber on Dominion Lands in the Province of British Columbia.

SEALED TENDERS addressed to the Timber and Mines Branch, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 443," will be received at this Department until noon on Wednesday, the 11th day of October, 1905, for a license to cut timber on Berth No. 443, comprising Fractional Section 34 and the west half Section 35, Township 20, and the north half, south east quarter and east half of the south west quarter of Section 2, Township 21, Range 8, west of the 6th Meridian, containing an area of 1.41 square miles, more or less.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at New Westminster, B. C.

Each tender must be accompanied by an accepted cheque on a chartered bank in favour of the Deputy of the Minister of the Interior, for the amount of the bonus, which the applicant is prepared to pay for a license.

No tender by telegraph will be entertained.

PERLEY G. KEYES,
Secretary.

Department of the Interior,
Ottawa, August 26th, 1905. 193

APPLICATIONS FOR TIMBER LICENSES, SEPTEMBER 7th, 1905.

TAKE NOTICE that thirty days after date we intend to apply to the Hon. Chief Commissioner of Lands and Works for a special license to cut and carry away timber on the following described lands on Arrow Lakes:—

Number One.

Commencing at a post marked "Y. C. L. Co. north-west corner post," on the north side of Fosthall Creek, below the forks, and just east of special license 5327, running thence east 160 chains, thence south 40 chains, thence west 160 chains, thence north 40 chains to point of commencement.

Dated September 7th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Two.

Commencing at a post marked "Y. C. L. Co. south east corner post," about eight miles up Fosthall Creek, on Arrow Lakes, and running north west of license 5279, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Three.

Adjoining application No. 2 on the east, on the north fork of Fosthall Creek just north of small branch coming in from west side of creek. Commencing at a post marked "Y. C. L. Co., south-west corner post," running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 27th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Four.

Commencing at a post marked "Y. C. L. Co., south-east corner post," on the south branch of Fosthall Creek, about seven miles from Arrow Lake, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Five.

Commencing at a post marked "Y. C. L. Co., north east corner post," about six miles from Arrow Lake, on south branch of Fosthall Creek, about one-half mile above the fork, running thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 80 chains to point of commencement.

Dated August 28th, 1905.
YALE COLUMBIA LUMBER CO., Ltd.

Number Six.

Commencing at a post marked "Y. C. L. Co., south-west corner post," lying north-east of application No. 5, and south-east of special timber license 5279, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement. This line just north of special license 5327.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Seven.

Commencing at a post marked "Y. C. L. Co., south west corner post," on the north branch of Fosthall Creek about nine miles from Arrow Lake, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Eight.

Commencing at a post marked "Y. C. L. Co., south-west corner post," on north branch of Fosthall Creek, about 8½ miles from Arrow Lake, on the west side of the stream, running north 80 chains, thence east chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated September 5th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

REVELSTOKE, B.C.

BORN.

HAMILTON—At Comaplix, on Sept. 13th, to Mr. and Mrs. W. Hamilton, a son.

SUMNER—At Revelstoke, on Sept. 14th, to Mr. and Mrs. Geo. Sumner, of Camborne, a son.

MARRIED.

CHRISTIAN-DUNSMORE—At Lumby, B. C., on Wednesday, Sept. 6th, by Rev. J. H. Lambert, Charles J. Christian, of Vernon, to Lucy Dunsmore, of Revelstoke.

MCINTYRE-BORDEN — At Portland, Maine, U. S. A., on Tuesday, Aug. 29th, 1905, Andrew Nesbitt McIntyre of Revelstoke, B. C., to Kathleen Mary Borden, of Portland, Me.

SAVAGE-PALMER—At Salmon Arm, on Wednesday, Sept. 6th, by Rev. J. A. Wood, William Savage of Vancouver, to Mamie, eldest daughter of Mrs. E. A. Palmer, of Salmon Arm.

SMYTHE-DARRAGH—At Calgary, on Sept. 6th, 1905, at St. Mary's church by the Rev. Father LeMarchand, Josie, daughter of J. A. Darragh, Airdrie, Alta., to Royan Mackenzie Smythe, son of Colonel S. W. Smythe, Aldeburgh, England.

Local and General.

Jas. Gill was sentenced to two years imprisonment on the charge on which he was re-arrested.

The Floto shows, which will appear on Monday, Sept. 18th, are much larger than last year.

The public schools will be closed on 4th, 5th, and 6th October for the Westminster exhibition.

A man named Olsen shot and killed one Hopcroft in a drunken row at Spence's Bridge.

The General Synod of the Church of England has decided that no Clergyman shall marry divorced persons.

We have to thank R. Tapping for a fine sample of plums and apples grown by him, another proof of what Revelstoke can do in the way of growing fruit.

The Yale Columbia Lumber Company have bought out the Kootenay Lumber Company and G. S. McCarter went to Nelson to close the deal.

An employe of the Bowman Lumber Company named Cant had one of his arms injured at the city mill this morning and was taken to the hospital

Red Cross

Drug Company Limited

McGill University Matriculation examinations were held in the city hall this week, Rev. C. A. Procunier presiding examiner. Two candidates, Mrs. Hutchison and Miss Vance.

The deal was closed on Saturday by which the Marshall Schelling Company, for whom E. A. Bradley is manager, have purchased Geo. Laforme's pack train and ranches in the Big Bend.

Yesterday the school trustees witnessed a test alarm of fire at the school, and although neither the teachers nor children had the slightest idea of what was coming the school was emptied in 46 seconds from the time the alarm was given, and not a child was out of order. The trustees were delighted with the efficiency of the discipline, apart from the fact that the test showed there was not the smallest risk of a child sustaining injury even in case of a fire actually occurring.

Social & Personal.

Mrs. J. W. McCallum, of Salmon Arm, spent this week in the city visiting friends.

R. W. Kelly, formerly station agent at Albert Canyon, has been appointed C. P. R. agent at Armstrong.

H. Anderson, of the Beatrice, goes to San Francisco to take the mining course at the Stanford University.

Misses Bessie and Gertrude Lawson, daughters of John Lawson, have passed the McGill matriculation examinations.

Messrs. J. Lyons, H. J. Clark and A. N. McIntyre will represent the Revelstoke railway employes at the railway Y. M. C. A. convention at Detroit.

Sir Frederick Borden, Minister of Militia, will pass through Revelstoke tonight on his way to the coast. He intends stopping off two days at Kamloops.

Hon. F. W. Aylmer, dominion engineer, visited the Bend Tuesday to ascertain the most necessary river improvements to be carried out during the coming winter.

Sir Thos. Shaughnessy, President of the C. P. R., accompanied by Messrs. Angus, Hosnierl, Matthews, directors, and Messrs. Whyte and Bury, will be in Revelstoke on the 21st, leaving next morning for Nelson.

At Vernon, Miss Dunsmore, sister of Mrs. M. J. O'Brien, was married to C. J. Christian of that city. The bride had made friends in Revelstoke, whose best wishes go with the happy couple.

J. R. McVay, who has been in charge of the accounting department of the C. P. R. at Revelstoke, has been appointed accountant for the Bowman Lumber Company at Comaplix, and is succeeded by A. E. Haggor.

A. N. McIntyre, of Revelstoke, was wedded at Portland, Me., to Miss Kathleen Mary Borden, a prominent member of the Chestnut St. Methodist church there. The ceremony was celebrated in great style and the happy couple were the recipients of numerous handsome presents.

Hon. Senator Templeman, W. A. Galliher, M. P., and Duncan Ross, M. P., passed through Revelstoke Thursday to attend a meeting of the tariff commission at Nelson. The genial big Bill is looking better than ever. Hon. W. S. Fielding, Finance Minister of Canada, and the other members of the tariff commission will visit Revelstoke next week when they will be glad to meet any of the citizens.

CHURCHES.

ST. PETER'S—The annual harvest Thanksgiving services will be held in St. Peter's church on Sunday, Sept. 17th. Proper psalms, lessons, music. Open offertory by Canon of Diocese on behalf of Clergy Relief Fund. Envelopes may be marked for any purpose. Services at 8. Holy Communion at 11 a. m. Mattins and Holy Communion 7.30. p. m.

METHODIST—The third sermon in the series upon three Great Fools of the Bible, will be delivered by the Rev. C. H. M. Sutherland, next Sunday evening; the subject will be "The Mocking Fool."

The Pastor will speak especially to the little folk at the morning services, subject, "A Manly Boy."

KNOX CHURCH—At the meeting of Presbytary at Kelowna a call from Knox Church, Revelstoke, was presented to Rev. J. R. Robertson, of Grand Forks, who it is understood, will accept it.

FOOTBALL.

A match will be played at Golden between teams representing Golden and Revelstoke. The following is the local team: Sissons, Cummings, Kerfoot, McKae, Feeney, W. Smythe, J. McKinnon, Donaldson, Lang, Allan Lawrence, Gregory, Marriott. The team leaves for Golden by midnight train Sunday. Big money prizes are offered at the sports.

Read the NEW BOOK "The Atomized Prairie Chicken," or The Shot Gun from Lawrence Hardware Co.

The WAY TO BUY SMOKERS SUPPLIES buy them at a first class Cigar Store, where only first class goods are kept, do not let unscrupulous dealers who have a few pipes and smokers supplies as a side line, hand you an inferior article. You don't get your money's worth. We have the largest line of Tobacco and Smokers Supplies in the Interior, and you get value every time. BROWN'S CIGAR STORE.

Are you grousing about that duck you missed because you didn't buy your gun from Lawrence Hardware Co.?

S. AND O. BRANCH

Another Train Added.

Daily Winter Service Assured.

We are glad to be able to advise the people of the Okanagan Valley that the C. P. R. have decided to put on another train on the S. and O. branch. Owing to the increased freight traffic one train a day cannot handle both that and the passenger traffic and the second train will be solely freight service. Traffic has increased so much that the train hitherto running has been bringing out a thousand tons a day of fruit and produce and has frequently been several hours late owing to the time required to shunt cars and take on freight.

P. Henderson will be conductor of the new train.

Another important decision at which the C. P. R. has arrived is to run a daily train this winter in place of the tri-weekly service hitherto given during the winter months.

ARROWHEAD

From our own correspondent.

W. W. Foster, assistant superintendent, visited Arrowhead and Comaplix on Thursday.

Mrs. Stevenson and daughter, of Greenslide, are visiting friends in Arrowhead.

Mr. Wm. Kirby has the plans and specifications of a dwelling house under consideration.

Dr. J. H. Hamilton has been appointed coroner for Arrowhead and district.

T. Ludgate left for Nelson on Thursday to attend a joint meeting between the Mountain Lumber Manufacturer's Association and the Tariff Commission.

NAKUSP.

From Our Own Correspondent.

Mr. and Mrs. J. Hector and daughter Ruth, who have been spending the last few weeks at Portland and the coast cities, have arrived home again.

Mrs. C. B. Kirk has left on a visit to her home in the east.

Rev. D. K. Allan is attending the meeting of the Presbytery at Greenwood.

J. M. Cameron, conductor on the passenger train, is enjoying a short vacation on his ranch near Nakusp.

Mrs. J. Stoba, accompanied by Mr. Stoba's mother, is spending a few days in Nakusp.

Mr. and Mrs. Glendenning arrived home again after a four weeks visit to Portland.

The Dramatic Club expect to give their Minstrel Show on Sept. 22nd.

Mrs. F. W. Jordan arrived back from her shooting trip to Edgewood. During the few days she was there Miss Williams and Mrs. Jordan bagged 40 grouse.

WANTED

A man to open and manage an agency for us at or near Revelstoke. Experience in this line is not necessary, preference being given to one who is willing to work and earn for himself a good income.

We would like to hear from some who have done agency work.
