THE OLD ESTABLISHED PAPER.

Vol. 9.—No. 26. REVELSTOKE, B. C., SEPTEMBER 26, 1902. $2.00 Per Year

Our Grocery Opening Took Place MONDAY

Taylor Bros. & George, Ltd.

S. McMAHON

Has taken over the Blacksmith, Wheelwright and Implement business carried on by W. Mollison at Revelstoke.

Wagons Made and Repaired. The Best Carriage Woods Kept in Stock

Tools Sharpened. Shoeing a Specialty.

Chatham Wagons and Sleighs. W. M. Gray's Cutters, Buggies and Express Wagons. McCormick Mowers and Reapers. Copp Bros. Plows, Harrows, Cultivators, Potatoe Diggers, etc., etc.

MORRIS & STEED,
General Merchants.

Call and inspect our new stock of

Shoes, Hosiery, Suspenders, Ties, Underwear, etc

All above lines are up-to-date goods it will pay you to see them before purchasing elsewhere. We also carry

Trunks, Valises, Sweat Pads, Oil Coats, Oil Hats, Water-proof Sheets, etc

Weekly Shipments of Fresh Creamery Butter, and Eggs.
Our Teas and Coffees are taking the lead—try them.

MORRIS & STEED,
Front Street, - Revelstoke, B. C.

Just Remodelled and Refurnished with all Modern Conveniences:

QUEEN'S HOTEL

Rooms in Suites with Baths and Toilets attached, flowing Hot and Cold Water, Inside Toilets on each floor, Gas Lighted and Steam Heated Throughout.

J. C. GREENE, Proprietor, - GOLDEN, B. C.

E. J. Bourne,
DEALER IN
Boots, Shoes, Hats, Caps, Ready Made Clothing, Shirts, Socks, Underclothing, Overalls, Suspenders Gloves, etc.

Boys and Children's Overcoats and Underclothing at Eastern Prices

Revelstoke Station, B. C.

Central Hotel,
REVELSTOKE, B. C.
ABRAHAMSON BROS., PROPRIETORS.

Newly built. First-class in every respect. All modern conveniences. Large Sample Rooms.
Rates $1.50 per Day Special Weekly Rates.

Queen's Hotel, Trout Lake, under same management.

CITY COUNCIL.

Adjourned meeting held Friday. Present: The Mayor, Ald. McLeod, McMahon, Manning, Hume. Ald. Taylor sent apology for non attendance.

NO. 2 FIREHALL.

No. 1 Fire Brigade asked improvements to hall, fire bell, and requisites.

Ald. McLeod for F. W. and L. Committee stated beds for No. 2 were supplied by private individuals and the same should apply to No 1. He recommended water being put in.

The Mayor and Ald. Hume considered the painting should remain till next year.

Decided that council could not furnish rooms, painting to stand over, water and heating to be attended to by F. W. and L. Committee.

With regard to request for fire bell, Aldermen recommended it be provided by private subscription as was done in case of No. 1, Ald. Hume stating he would subscribe toward it.

Some discussion took place on wagons for extension ladders and Ald. Manning was instructed to report. The request for helmets and axes was thrown out; lanterns, coupling, acid tanks and roof ladders were granted. Ald. Law urged supplying requisites as far as possible.

Firemen Field, C. Abrahamson, and Cook waited on council regarding above matters.

BIG BEND ROAD.

Village settlers asking Big Bend road be opened to connect with Front Street.

Ald. Law said he and Ald. McMahon went into matter and found there was no roadway through.

Ald. McMahon favored opening road to city limit.

Ald. Manning opposed work.

Ald. Hume and McLeod were in favor of road being opened if government would do their share.

The Mayor said the Gold Commissioner told him the government were willing to do their share if the city would do its part.

L. Benoit waited on the council and urged the work being done.—Reported to Works Committee.

BOYLE AVENUE.

Ratepayers on Boyle Avenue asked that sidewalk be provided for winter use.

The Mayor said every dollar was required for gravelling and the work could not be done unless the finance committee could find the funds.—Referred to Works Committee to report.

WORKS COMMITTEE.

In absence of Ald. Taylor, Ald. Law reported the sidewalk contract had to be gone over again as the nails were sticking up.

Ald. McLeod complained of part of sidewalk and crossing being omitted in Third Street as it was urgently required.

The Mayor and Aldermen complained of the way in which the mill had carried out the contract for the sidewalk lumber.

WATER AND LIGHT.

The Water and Light purchase bylaw was finally read and adopted.

CITY PROPERTY MISSING.

Ald. Law asked whether any thing was sold with the school furnaces. A lot of brick was missing and people said it had been swiped.

The Mayor said he had authorised the sale of the furnaces but insisted on leaving the piping, registers, etc., as they would be required.

Mr. Floyd said the sale included the pipes and registers but not the brick.

The Mayor said the trustees had gone beyond his authority.

It was decided to ask the school board for a full explanation, and also what became of the bricks, as that was city property and whoever took it should pay for it.

Ald. Law said the registers should not have been sold. It seemed the brick was not sold.

The Mayor asked Mr. Floyd to trace up the brick.

CITY SCALES.

The Mayor reported the city scales had arrived.

Ald. McLeod, on behalf of the Works Committee, recommended the scales be placed on corner of Third Street and Campbell Avenue. —Adopted. Works Committee to get scales in position.

FIREWOOD.

Ald. McLeod asked whether the standard rack for measuring wood will be put in this season?—Postponed.

TAX SALE.

In reply to the Mayor Mr. McCarter, city solicitor, said if the property advertised by the government was not redeemed within two years the city would lose its taxes due on that property.

STANDARD GRADE.

The matter of standard grade of the city was discussed, and it was resolved to employ J. A. Kirk, P. L. S., to submit a plan for permanent grading.

GRAVELLING STREETS.

Regarding gravelling of the streets, the Mayor suggested calling tenders for so many yards to be delivered where required.—Suggestion adopted.

FRONT STREET SIDEWALK.

The Mayor brought up Front St. sidewalk and said the money should be applied as it was voted, though he considered it was better put in the firehall.

Ald. McMahon considered it one of the most necessary pieces of work in the town and wanted a crossing to Victoria Hotel.

Ald. Law supported these views.—Work to be done as originally proposed.

WATER AND LIGHT PURCHASE.

The Mayor expected to take over the property of the W. L. and P. Co. by October 1st. The debentures would be placed in the bank as collateral and the money paid over. Ald. Manning was appointed to take stock on behalf of city.

CITY STAFF.

It was decided to obtain an assistant to the city clerk at a salary of $800 a year.

CORRESPONDENCE.

J. B. Henderson, Esq.
Revelstoke, B. C.

DEAR SIR:—In reference to the report in the KOOTENAY MAIL of the 12th inst., of the proceedings of the City Council in connection with the public school buildings, I beg to state that the innuendo that might possibly be inferred from the said report was not intended by any remarks of mine at the meeting. I very much regret that any statement of mine should have been so construed as I certainly had not the slightest intention of casting any personal reflection on your integrity.

Yours truly,
HORACE MANNING.

Revelstoke, Sept. 25th, 1902.

CANOE RIVER TRAIL

Mica Deposits Will Be Available to Transportation.

WORK STARTED THIS WEEK.

There has never been a better government in office for opening the country than the Dunsmuir goverment, and to their administration particularly in the Dept. of Lands and Works under Hon. W. C. Wells, Revelstoke owes its prosperity today.

Following the opening of the Big Bend by steamboat navigation, which the goverment has done so much to promote and assist, comes the first through means of communication between the railway and the northern section of the great valley lying west of the Rocky Mountains. This work consists of construction of a trail from the present terminus of the Big Bend trail at Smith Creek to the Big Bend at Canoe River.

Last week Hon. W. C. Wells gave instructions to Gold Commissioner Fraser to put the work in hand and have it pushed through as rapidly as possible, with a view to its completion before snow flies if possible. W. Fleming has been appointed to charge of the work and J. Sweeney is foreman. Camp outfit, supplies and men went up by Tuesday's boat. This trail is one of the most important in the province. It will open out to inspection some of the most extensive timber limits and will materially assist the utilization of this great source of wealth. It will place the Big Bend mica deposits within two days journey of Revelstoke, and will afford a route whereby the owners of valuable mica deposits at Tete Jaune Cache can ship from their property at greatly reduced cost as compared with the past method of packing by the North Thompson to Kamloops.

NEW BUILDINGS.

The hotel to be opened by J. Laughton in the Brown Block will be known as the Union Hotel. The additions to be made to the building include a bar, two dining rooms, and a kitchen on the ground floor, four bedrooms and sitting room on the first floor, and four bedrooms on the second floor. The building thus enlarged will contain 25 bedrooms, parlor, two dining rooms, two bath-rooms, tap room, billiard room, and kitchen. Mr. Laughton intends conducting the hotel in person, his brother taking charge of the hotel at Ferguson.

LIBERAL ASSOCIATION.

The annual meeting will be held in the building next R. Howson's on Tuesday, Sept. 30th, at 8 p. m.

Business: Election of officers, etc. A full attendance requested.

J. A. SMITH,
Secretary.

THE SCHOOL BUILDING

Architect Wilson Reports.

Engineer Gamble Inspects the Work.

Mr. Wilson, the architect who examined the masonry and brick work of the city schools last week on behalf of the government, reported the workmanship good, but considered the stone base wall should have been two inches wider, the cornices of metal, and the roof of slate. This would have been all right if the trustees had had sufficient money to do the work—but—as they had to make the most of the funds available the fancy touches had to be omitted.

Mr. Gamble C. E., who is in charge of the public buildings of the province, arrived yesterday and examined the building thoroughly. He had passed the plans and specifications before the work was let and says these are being carried out in their integrity, and that he is well satisfied with the work done by Messrs. Smith, the contractors, and with the progress of the building.

UPPER RIVER.

Visit of the Dominion Engineer

Improvements Will be Begun Next Week.

Dominion Engineer Keefer arrived in the city Monday to examine and report on the Upper Columbia to the Dominion government with a view to its extensive improvement for navigation. The Navigation Company held the steamer for him and he went up the river that day. From the steamer Mr. Keefer went by a canoe in charge of Messrs. Blackmore and Jackson as far as Death Rapids. He is of the opinion that while the rapids can be made navigable it would cost more than the government would be justified in expending with the present traffic on the river.

Mr. Keefer has decided to start work next week for the improvement of the river as far as the vote of last session will allow, and on Mr. Keefer's report no doubt the full appropriation required will be made next session.

The Navigation Company have determined to put a steamer on the river above Death Rapids by next season and the provincial government will assist the project and also the building of a tramway to connect with the steamers above and below the rapids.

BIG BEND.

Timber Limits Sold

Big Lumbering Operations to be Begun Soon.

It is reported that the extensive timber limits of the G. B. Wright estate in the Big Bend have been disposed of to St. Paul and Spokane people. The limits are under old Crown grants, and the timber is said to be very fine and mostly cedar.

The late G. B. Wright built the old Eagle pass road for the Colonial government in 1884, and was to receive all tolls on the road. As the traffic was very light, Mr. Wright requested the government to give him timber lands in lieu of tolls. This was done and as timber lands were of little value in those days so far inland, Mr. Wright secured a large acreage in the Big Bend timber limits.

The United States capitalists, who paid a high price for them, do not propose to give British Columbia any more benefits accruing from the sale than the law allows, and are to build their mill near the Northport smelter, just over the line on the United States side, and as there is no royalty on the timber the government will not benefit by its removal. It will, however, employ a great deal of labor which will be of direct benefit to Revelstoke.

RAIL AND STEAMER

R. J. Armstrong, C. P. R. loco. foreman at Fort William, died of Bright's disease.

The promoters of the Trans-Canada railway from Quebec to Port Simpson intend to go on with it immediately.

In anticipation of a large number of visitors for the New Westminster Exhibition the Canadian Pacific Railway have arranged to place extra equipment on the trains passing Revelstoke during the days on which the special rates in connection with the New Westminster Exhibition are available, namely Sept. 29th. to Oct. 1st. inclusive.

The Kootenay Mail

FRIDAY, SEPTEMBER 26, 1902.

Mining is showing renewed activity and a renewal of active mining investment is promised.

The Mining Review condemns John Houston's election as president of the conservative association and predicts his defeat next election.

In view of the great timber wealth of the Big Bend the Dominion and Provincial governments should take special steps to protect it from fire.

As predicted last week, copper has turned the corner and shows a rise all round. London prices have advanced nearly £2 per ton. Silver shows a slight fall.

Aerial transportation has been solved, according to London advices, and the C. P. R. may soon have to go into the sky-line system to maintain its monopoly.

The sociological committee of the Methodist Conference declares for compulsory arbitration of labor disputes and government control of public utilities and development of natural resources.

In a letter to the Columbian F. Paterson pays a high tribute to the dominion timber agent, Jas. Leamy, and the rangers for the success of their efforts in preserving dominion forests against fires this season.

At the Convention meeting here E. F. Clarke M. P., sought to make out that the alien labor law had been reformed by the Laurier government to make it useless, but the Winnipeg labor paper, the Voice, reports it has been successfully enforced by the Carpet Weavers Union at Toronto. Mr. Clarke does'nt know what goes on in his own city.

The rich mineral strike reported on the North Fork of Kettle river claims attention from prospectors and mining men of Kootenay. The most accessible route to the new find is via Fire Valley, and by going in from Page's Landing on Arrow Lake full equipment and pack-horses can be obtained. Fire Valley is one of the most fertile agricultural sections of the province, besides being the shortest route to the scene of the new strike.

SIR WILFRED AND FREE TRADE.

Mr. Borden stated in his address at the Conservative meeting here that Sir Wilfred Laurier had made an unqualified promise of free trade as they have it in England. This turns out to be a misrepresentation of Sir Wilfred's statement, as will be seen from the following quotation of his address.

"I say the policy should be a policy of free trade, such as they have in England, but I am sorry to say that the circumstances of the country cannot admit, at present, that policy in its entirety. But I propose to you that from this day henceforword it should be the goal to which we aspire. I propose to you from this day, although we cannot adopt the policy itself, to adopt the principle which regulates it, that is to say, that though it should be your misfortune for many years to come to have to raise a revenue by customs duties, these duties should be levied only so far as is necessary to carry on the business of the government."

OFF WITH THE DUTIES.

G. S. Waterlow, the English capitalist who is interested in the Snowshoe mine, endorses the stand taken by Senator Templeman to encourage the mining industry by taking the duties off mining machinery. Mr. Waterlow says:

"The provincial government should encourage the industries possessed by the province and thereby lead to increases in population. This would strengthen the demand upon the Dominion government for the results of this, that is, in consideration of the provincial government not taxing the mining industry the Dominion government would forego the taxation of mining machinery and increase the capitation grant in view of increased population in order to provide funds for what is essentially a mining province. I believe I am right in saying that British Columbia is essentially a mining province, as I am satisfied that without its mining industry the province could not be supported by its lumber and fishing industries."

THE MINING RECORDERSHIP.

Editor KOOTENAY MAIL.

SIR: The Herald evidently has not reformed. Its political proclivities apparently endorsed the kicking out of Armstrong and the appointment of a man with a "pull"—an appointment that cannot be justified except by right of the strong against the weak. "Big fish eat little fish" argument and "to the victors belong the flesh pots of the vanquished."

Is the case so reprehensible that it cannot be met except by the gutter-snipe argument of "you're another." It must have been a rank political appointment indeed when our old friend the Herald would not undertake to defend it. And now Herald a word with you. Does your eye covet and your jaws hanker after my jo' on the drill hall too?

To your charges that I promised three gentlemen in this riding the position of gold commissioner during the election of '98, I beg to say I think it high time that charge was quarantined. That charge has the appearance of an old acquaintance I have met scores of times on other occasions. It has the forked tail and cloven hoof mentioned in sacred history. What are the facts? I recommended F. G. Fauquier, of Nakusp. However, I withdrew that recommendation almost as soon as it was given, upon the advice of my friends at Nakusp. No other man was recommended or promised he position by me. I challenge the tHerald to the proof, if it thinks it has a case.

The Herald is correct. I had some political friends appointed to office during the ten years I represented this riding. They were excellent appointments, and brought no discredit on myself or the province. It would have been a difficult matter for me (outside of a small disgruntled crew) to have made a-y appointments of residents in the district who were not my friends, and I am pleased to know I have some left. Their name is legion.

In ten years only one dismissal took place in the riding. I do not think it a very bad record. No official was shelved for partisan purposes.

In conclusion, I am sorry for McLaughlin. He cannot surely feel that he has given Armstrong a fair deal. He must know that the tenure of office in Revelstoke is short—that it is not fashionable to make a long stay—and that those who sow the wind will reap the whirlwind.

Friends, indeed! So far as I know my friends never discredited themselves to win an election or took a deserving official by the throat and fired him out for partisanship. So far as I know they never wrote letters and allowed them to fall into their opponents' hands that would entitle the writer to a front pen in a lunatic asylum. So far as I know they never played a cut-throat game with a lone hand. I hope the Herald will not object if I gloat over the fact they were friends indeed.

Yours respectfully,
J. M. KELLIE.

RICH MINERAL STRIKE MADE.

Best Route is by Fire Valley.

"A despatch from Grand Forks says: A phenomenally rich strike has just been made in an newly-discovered mineral region of wide extent, situated at the headwaters of the north fork of Kettle river, 90 miles north of Grand Forks, and about 30 miles north of the bituminous coal fields. Frank Fritz and C. W. Harrigan, two local prospectors, have staked four claims and hastened to record their locations. They report that they found a ledge of galena and grey copper, averaging from 10 inches to 3 feet in width and traceable on the surface for 600 feet. Surface specimens assayed at the Granby smelter gave values of 590 ounces of silver and 15 per cent. copper, and 550 ounces silver and 10 per cent. copper per ton, respectively. They have named the new district Thunder Hill camp and report that they passed over many inferior-looking ledges. Many prospectors are preparing to go in this week. The camp is situated within two miles of the source of the north fork."

The best way to reach the new camp from Kootenay is via Fire Valley. The scene of the new strike is only 16 miles from Page's Landing, on Arrow Lake, and prospectors can get supplies and pack-horses at J. Lindsay's store and hotel there.

THE MINES.

Work has been resumed on the Tamarac.

A good body of galena has been developed on the Big Four.

Old claims on the Klondyke are being successfully re-worked.

Ore from the Willow Grouse at Trout Lake runs 250 ounces silver per ton.

There are indications that the corner has been turned in the depression in copper.

The three Boundary smelters are running, their seven furnaces treating 3,500 tons a day.

A strike of $57 gold bearing quartz has been made on the Yankee Girl near the Dundee mine.

The ore body in the Giant at Rossland is 20 feet carrying $18. A body of $22 ore, 5 feet wide, has also been struck.

T. W. Bain packed out 950 pounds of mica from the Big Bend mica claims owned by Revelstoke and Golden parties.

The Mikado mill at Lake of the Woods has shut down for want of ore. Drifts are being run in hope of developing other lenses.

Thomas Jones, representing the Lanyon Zinc company, with furnaces at Iola, Kansas, is in the Slocan making contracts for zinc ores.

J. Shaw has brought in samples of ore from the Relieve and Retrieve claims on Carnes Creek, which show a great improvement in the character of the ore.

The Trinue Fraction in which G. S. McCarter, A. McDonnell and S. Sutherland are interested is turning out well. The lead is over three feet wide strongly mineralized.

Dr. William Valentine, who was in charge of the Boston and Montana company's electrolyric copper refinery at Great Falls, will take charge of the Trail lead refinery about October 1.

The Coeur D'Alene miners are demanding a reduction of $4 a ton in treatment from the smelter trust, and the trust has offered $2. The present treatment charge is $9 and freight $10 to $14.

Manager Kirby declares that the 2 per cent mineral tax is equal to 10 per cent to 20 per cent on the Rossland low grade ores. He contends the whole taxation of the province taxes the mining industry 30 per cent.

Bernard Macdonald M. E. pays a high tribute to the coke turned out by the Crow's Nest Coal Company, stating that by its cheaper and superior quality it has largely contributed to the economic treatment of the low grade ores of Rossland.

J. Obed Smith, dominion commissioner of immigration at Winnipeg, wants to show Kootenay ores and will be glad to have samples sent him. He says there is a constantly growing demand for information respecting the mining regions of the Kootenays.

Le Roi No. 2 ore is worth $17 per ton and gives a profit of $4.50 after deducting freight and treatment $6, mining development and taxes $6.50. In the Le Roi, owing to a better equipment the cost of mining and development is reduced to $2, and $12.50 ore pays $4.50 per ton profit.

Bernard Macdonald M. E. says at no distant date Rossladd ores running as low as $6 will be treated at a profit, owing to cheaper methods of treatment as pyritic smelting or the Pohle-Croasdale process successfully operated in Colorado. The latter will treat ores as they are brought from the mines and will save substantially all the metal value in the ores at a cost of $2 to $3.50 per ton.

The Revelstoke and McCullough Creek Hydraulic Mining Co. Ltd. has been incorporated with a capital of $125,000 with a view to hydraulicing McCullough Creek. The property included will be the Ophir, Last Chance and Columbia placer claims. The following are the first directors:—F. B. Wells, C. B. Hume, C. F. Lindmark, W. Brown, J. Sanderson, C. M. Field, J. D. Sibbald. It is intended to do some work this season.

Some of the Ice River properties are turning out well, and the road to give access to them is now well up the Beaverfoot. The Waterloo, in which G. P. Wells, of Palliser, is interested is a copper-gold property, the ore of which assays $20 to $70. The tunnel on this property is in 100 feet and is all in ore. The same owners have also a valuable zinc property in that locality, and another promising discovery is a showing of 14 feet of solid arsenical iron carrying gold values. Several new locations were made in that section this season.

In a paper read at the Canadian Mining institute meeting at Nelson, manager Kirby of the War Eagle said: "notwithstanding the gloom of today we mining men, looking far beyond the present, have a clear view of the future grandeur of the commonwealth of British Columbia. We know its wonderful natural resources, character and energy of its people. We know that civilization cannot be held back. Some day there will be good government, and with this one requisite supplied will appear an era of prosperity beyond the wildest hopes."

The following mineral claims have been recorded at Revelstoke:—Annie by M. Hume, Minto by W. Murray, Kingston by Gus Lund, Gold Coin by J. A. Stone, Alma by J. M. Scott, May by J. A. Knauf, Labor Day by Mrs. Margaret A. McConnell, on Wild Goose Creek, Climax by R. F. Campbell on Townsend creek near Canoe river, Victor, by Gus Lund on Columbia river, Emerald and Lucky Jack by J. F. Deacon on Potlach Creek, Last Chance by J. Sanderson at Five Mile creek, Victoria by W. M. Brown, Summit, True Fissure, Gold Pan, Columbia, by Jessie A. White, on Keystone Mountain, Dorra by D. McFall, on Isaac creek.

BABY'S OWN TABLETS.

Make Children Well and Keep Them Well.

For sick, weak, nervous, fretful children, there is nothing so good as Baby's Own Tablets. They promptly relieve and cure all the stomach and bowel troubles that afflict little ones, break up colds, reduce fever and allay the irritation accompanying the cutting of teeth. The Tablets can be given with perfect safety to the youngest, feeblest baby, as they are guaranteed to contain no opiate or harmful drug. For very small children crush the Tablets to a powder. Mrs. L. Axford, St. Thomas, Ont., says:—"Before giving my little girl Baby's Own Tablets she suffered from a disordered stomach. She vomited a good deal, and was very constipated, and pale and delicate looking. She was always a nervous child and did not sle p well. After giving her the Tablets there was a great change. Her stomach got better, she retained her food, her bowels became regular, and she has grown much fatter and looks the picture of health. I also give the Tablets to my baby when his stomach is sour, or when he has colic, and they always do him good. I keep the Tablets in the house and would not be without them."

Baby's Own Tablets are sold by all druggists or will be sent post paid at 25 cents a box by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont. or Schenectady, N. Y.

EUROPEAN AGENCY.

[ESTABLISHED 1814]

WE wish to open accounts with all bona fide colonial buyers, who are not already on our books, and on receiving precise details of their exact requirements, we shall be pleased to forward quotations for any European or American goods. Our reference books contain several million names, and our extensive connection enables us to make special terms with the most suitable wholesale manufacturers of each class of goods, so that, even after adding our shipping commission of 1½ to 5 per cent (according to amount) our prices still compare favorably with those of the manufacturers.

We supply goods made specially to any style, quality or price; and on receipt of indent, with full and clear instructions, and remittance of cash, or produce to cover, our knowledge of the trade enables us to place the order at once in the best hands, and the goods are promptly forwarded.

We make up sample cases of most goods from £5 upwards; and, as we utilise our long experience in choosing such goods as are most likely to suit the market for which they are intended, we confidently recommend buyers to order these sample cases, for by doing so they will obtain the latest and most taking novelties.

Consignments of produce receive careful attention and we give advances to any extent.

Prompt and painstaking attention to the interests of correspondents, together with exceedingly moderate charges, and plain and straight forward dealings, have enabled us to maintain for the greater part of a century, a reputation which we value too much to allow it to be tarnished by the unsatisfactory execution of a single transaction. A FORTUNE

In the event of a stroke of good fortune you can win

500,000 MARKS

The payment of the prizes is guaranteed by the Government.

FIRST DRAWING: DECEMBER 10th

German Great Money Lottery of the Sate of Hamburg

You are invited to participate in the chances of winning in the grand drawings of prizes guaranteed by the State of Hamburg in which

11,202,000 MARKS

WILL SURELY HAVE TO BE WON.

In the course of these advantageous drawings, which contain, according to the prospectus, only 118,000 tickets, the following prizes will be forthcoming, viz: The highest event will be:

500,000 Marks (about £25,000 Pounds)

Premium of 300,000 Marks (about £15,000)

Number of prizes:		Number of prizes:	
1 of 200,000 Marks	about £10,000	16 of 10,000 Marks	about £500
1 of 100,000 "	" 5,000	56 of 5,000 "	" 250
1 of 75,000 "	" 3,750	102 of 3,000 "	" 150
2 of 70,000 "	" 3,500	156 of 2,000 "	" 100
1 of 65,000 "	" 3,250	4 of 1,500 "	" 75
1 of 65,000 "	" 3,000	612 of 1,000 "	" 50
1 of 55,000 "	" 2,750	1030 of 300 "	" 15
2 of 50,000 "	" 2,500	20 of 250 "	" 12: 10/
1 of 40,000 "	" 2,000	77 of 200 "	" 10
1 of 30,000 "	" 1,500	36053 of 169 "	" 8: 9/
1 of 20,000 "	" 1,000	9989 of 150, 148, 115, 100 Marks.	
		10882 of 78, 45, 21 Marks.	

In all 50,010 prizes which must be surely won in 7 drawings within the space of a few months.

The highest prize of first drawing amounts to 50,000 marks, increase in second drawing to 55,000 marks, in third to 60,000 marks, in fourth to 65,000 marks, in fifth to 70,000 marks, in sixth to 75,000 marks, in seventh to 200,000 marks, and together with the Premium of 300,000 marks in the most fortunate case to 500,000 marks.

The official cost for participation in the first two drawings amounts to

£— 18s. —d. for a full ticket.
— 9s. —d. for half a ticket.
— 4s. 6d. for one quarter of a ticket.

Half resp. quarter tickets will entitle to one half resp. one quarter of the amount, won by the respective number, named on the ticket.

The stakes for participation in the following drawings, as well as the exact price table, are indicated in the official prospectus, which I send on demand gratis in advance. The prospectus is also sent gratis with every order. After the drawing I shall forward to every ticket-holder the official list of the winning numbers.

The Payment and Forwarding of the Amounts Won

to those concerned will have my special and prompt attention, and with the most absolute secrecy.

☞ Remittance of Money can be made by Bank Notes, by Registered Letter or by Postoffice Order.

☞ On account of the approaching drawing of the prizes, please address the orders immediately in all confidence direct to

BANKER,
HAMBURG, - - - GERMANY.

RIPANS

For years I had been a sufferer with chronic stomach trouble, pressure of gas and distress of my bowels. I contracted what the doctors pronounced a low type of malaria. I could not take solid food at all, and only a very little of the lightest diet would create fever and vomiting. The druggist sent me a box of Ripans Tabules, saying he sold more Ripans than anything else for stomach trouble. I not only found relief, but believe I have been permanently cured.

AT DRUGGISTS.

The five-cent packet is enough for an ordinary occasion The family bottle, sixty cents, contains a supply for a year.

Passengers who hold tickets issued in pursuance of the above instructions and who wish also to visit the Victoria Exhibition, can have their tickets extended for a period of eight days on application to the Ticket Agent at Vancouver or New Westminster, and upon the purchase of tickets to Victoria and return.

RIFLE ASSOCIATION.

Saturday, 20th Sept., was a fine bright day with very little wind, but the afternoon shadows now fall across the target at 500 and 600 yds. and troubled the shooters very much. The Range Committee request members to turn out as early as possible. Shooting can commence at 1.30 or earlier if enough members are at the range. Order of arrival will be order of shooting, and will be strictly adhered to. To save time, they also request that each pair who shoot next will be ready with cartridges unpacked and sights, orthoptics, dead eyes and slings all fixed, to take the place of the retiring pair as soon as their last shots are fired. Many minutes of valuable time can be thus saved. Chief Bain and the brothers Moscrop, evidently intend to fight for the place of honour, and we expect very soon to see the present supremacy of Dr. Carruthers and Bruce Lawson seriously challenged.

ALARMING MEDICAL REPORT ON DEAFNESS.

At a late meeting of the Otological Society of Great Britain an eminent aurist made the startling report that out of 1,000 school children he found 520 afflicted by defective hearing. Another medical man stated that he detected a similar proportion of deaf children out of 200 examined in a Liverpool school. With such an alarming proportion of deaf people growing up in our mist it is important to call public attention to the necessity for detecting the beginning of defective hearing. The medical profession in general are doing all they can in this direction, but it has remained for the Drouet Institute to sweep away the scientific verbiage with which aurists have surrounded the investigation of ear disease and to give publicity to a description, in plain words and simple tests of the hearing that enables anyone to detect the slightest degree of Deafness This description with much valuable information on the prevention of ear diseases, the care of the ears, and opinions on the curability of Deafness, have been embodied by the Drouet Institute in "The Journal for the Deaf," which is issued quarterly.

This publication, which is devoted entirely to the interests of those who are afflicted by deafness, or by any diseases of the ear, nose, or throat, can be obtained free by post by addressing the Secretary, Drouet Institute, 72, Regent's Park-road Primrose Hill, N. W., London, England. The "Journal" also describes a method of treating deafness by external application that has been repeatedly successful in curing ear diseases, and in restoring hearing in cases pronounced incurable by the usual aural treatment. Those who are interested in knowing how to apply this method will find that each "Journal" is accompanied by a Patient's Report Form, which enables anyone to receive full particulars as to the use of the treatment at home. Any advice by correspondence is absolutely free.

A man walked into the Bank of Commerce at Skagway with a dynamite bomb and demanded $20,000 or he would explode the bomb. The clerks bolted out of the window, the bomb dropped and killed the would-be robber, the Bank was wrecked by the explosion and $1000 in gold dust lost.

SECOND ANNUAL TOUR.

"A Wise Member."

"The Grand Opera House was packed last night with an appreciative audience that thoroughly enjoyed an excellent production of the latest farce comedy "A Wise Member." Witty lines, humorous scenes and novel specialties combined to hold the attention of the auditor, making the entertainment unusually pleasing, and well worthy of more than passing notice."—St. Louis Republic.

This attraction may be seen for one performance only at Revelstoke Opera House. One night, Friday Oct. 3rd.

A SNAP TO THE RIGHT PARTY

Owing to a change in business and our inability to properly attend to it, we will lease to any industrious person the Aylwin market garden, Union bay, for a short or long term, at an extremely low rental. The gardens embrace five acres, and are planted with 300 fruit trees—plums, cherries and apples—200 will be bearing next year; 300 currant bushes, 200 blackberry bushes, 100 gooseberry bushes, 200 rhubarb roots and 10,000 strawberry plants. All yielding good crops. Ample ground for garden truck under the hoe. No chinese gardens to compete with. This is a rare oppurtunity. For terms, etc., apply to

C. & H. AYLWIN,
New Denver, B. C.

FINANCIAL.

Hudson Bay Co. shares show the remarkable rise this year from 29 to 37.

CANADA DRUG & BOOK CO.,

Revelstoke B. C.

BORN.

FORSLAND—At Arrowhead, on Sept. 21st, to Capt. and Mrs. Forsland, a son.

LOCAL & GENERAL.

The Queen of Belgium died Friday.

The Trail smelter will build a large lead refinery.

The annual meeting of the liberal association is convened for Tuesday.

Stanley Spencer successfully operated his airship at London, England.

Hon. J. R. Tarte says he is coming west to educate the people on protection.

J. C. Thompson, accountant of the Coal Company, died at Fernie of enteric fever.

100 negroes were killed in a fire panic at a revival meeting at Birmingham, Ala.

3,500 bass will be imported from Montreal and put off at Revelstoke for distribution.

The Boxer movement is again active in China and bad feuds exist between Protestant and Catholic convert.

Relations between Britain and Venezuela are strained because of the British flag being erected on the island of Paloc.

Alfred Shrubb ran four miles at the Red Hill London, Eng., sports ground in 19 min. 26 4-5 sec. establishing a new world's record.

Gus Land brought down 150 pounds of ore from his Florence claim at Ground Hog, for a test at Trail smelter. He had also schist showing gold freely.

Nurse McKinnon having resigned as secretary to the hospital, not having had time to attend to attend to the duties, A. E. Phipps has been appointed secretary.

A remarkable phenomenon was the mirage of the city of Toronto in London, England, supposed to be due to reflection caused by volcanic dust of the West Indies eruption.

Two Arctic explorers have returned, Capt. Syerdups and Dr. Baldwin. The latter says the old idea of an open polar sea is baseless, that land extends to 82 dg. on the Franz Joseph side and he believes the pole can best be reached from there.

Station Agent Donnelly, Albert Canyon, died at the hospital on Monday from typhoid. The disease was far advanced when he was brought to the hospital and he was in an unconscious state almost all the time from his admission to his death. His remains were sent east to Kingston, Ont.

Durant was committed for trial at Golden for the murder of Gordon at Field. The evidence showed no apparent cause for the crime, as Gordon simply knocked at Durant's door when Durant pulled a revolver from under his pillow and shot him. It is supposed Durant had some grudge against Gordon.

E. L. Kinman has resigned as road superintendent for the riding as he was opposed to the Big Bend trail to Canoe River being built this fall considering it could be done better next spring. Hon. W. C. Wells, Chief Commissioner of Lands and Works was determined however that the wishes of the people of Revelstoke to have the work completed this fall if possible should be carried out.

Judging from the many complimentary things that have been said and written regarding "A WISE MEMBER", it is evident that it is well worthy of unqualified praise on its own merits. We feel safe in predicting that breathing room at the Opera House will be at a premium on Friday, and the wise man will secure his seats for the entertainment in time. The play and company were an unequalled success last season and are more than upholding their record during this their second season.

INDUSTRIAL NOTES.

The Enterprise Brewery has just received a car load of malt.

Flour mills will be started at Nelson by B. Friel, formerly of Regina.

The Enterprise Brewery Co. are putting in new hydraulic beer pumps at the hotels supplied by them.

A leading citizen, who has been to the Bend, says 200 men will be employed on the lumber camps there this winter.

Moscrop Bros. have been awarded the contract for putting in a water supply at the Ophir-Lade Co's property at Camborne.

Social and Personal

Lord Salisbury is seriously ill at Lucerne.

H. Floyd entered on his duties as city clerk on Monday.

J. R. Tweedale returned on Tuesday to Missoula, Mont.

Miss Orr will join the office staff of C. B. Hume & Co's store.

J. McLaughlin entered on his duties as mining recorder on Monday.

Miss Coleman has succeeded Miss Orr at the telephone exchange.

J. A. Taylor, of Arrowhead, left for Victoria Monday returning today.

G. P. Wells, of Palliser, was in the city Tuesday and went on to Sicamous.

W. B. Pool has been making Calgarians stare with his rich specimens of gold ore from the Rossland Criterion.

Neil McCallum, foreman of the Columbia River Lumber Co's mills at Beaver, has been appointed a justice of the peace.

Mrs. R. A. Kimpton, of Windermere arrived in the city on Saturday on a visit to her sister Mrs. Patmore, and old Donald friends.

One of the most popular events of the season, the annual autumn dance at Halcyon, will be held on Friday Oct. 1st, and invitations are now being issued by the management of the Sanitarium.

PRESENTATION.

Address and Purse of Gold For C. E. Shaw.

A pleasant event took place Wednesday night at the residence of G S. McCarter, city solicitor, who invited the mayor and aldermen to a social evening to say farewell to C. E. Shaw, the late city clerk. During the evening his worship made the presentation of a purse of gold containing the $100 voted by the city council in appreciation of Mr. Shaw's services, and also the following address, signed by the mayor and aldermen:

C. E. Shaw, Esq.,
Revelstoke.

Dear Mr. Shaw, The members of the municipal council of the city of Revelstoke decire, on behalf of themselves and the citizens of Revelstoke, to express to you their regret that you have deemed it advisable to tender your resignation as city clerk. During the past four years you have faithfully and ably discharged the many duties devolving upon you, and we believe you have given entire satisfaction to the citizens, and have done excellent work in the city's interests, displaying, upon all occasions, good judgment and ability, and uniform courtesy towards all. Though we regret to learn that you contemplate removing from our midst, it is a source of gratification to us to know that you return to the old land in anticipation of improving your position in life, and we assure you that you and Mrs. Shaw will carry with you the highest esteem of the residents of our city. As some further recognition of your valuable services to the city, the council have appropriated the sum of $100 to be handed to you as a bonus to your salary for this year, and we ask you to accept the accompanying purse of gold, with the best wishes of the members of the council.

Revelstoke, Sept. 24, 1902.

Mr. and Mrs. Shaw left for England by No. 2 yesterday morning, many friends being at the depot to say farewell.

CHURCHES.

PRESBYTERIAN.

Sunday next the 28th inst. being "Children's Day" throughout the Presbyterian Church in Canada the Children's Service will be at 11 a. m. All parents and friends are kindly invited to be present with and assist the children in this most important and interesting service. A special order of service, advised by the General Assembly, will be used.

At the evening service Rev. Mr. Calder will have as his subject "Forgiveness."

METHODIST CHURCH

On Sunday afternoon a special service for the Sunday School children will be held, it being rally day throughout the Dominion. A nice programme has been prepared in which the children, officers and teachers take part. Parents and friends are cordially invited.

Rev. C. Lacner will hold special services on Sunday evening reviewing the work of the evangelists.

J. D. Lacey, of Chicago, who is interested in timber in the Big Bend, while in the city last week despatched several cruisers to examine his limits and make an exhaustive report on them.

BUSINESS LOCALS.

Substantial insurance at local rates at H. N. Coursier's.

R. H. Trueman's studio will remain open until Sept. 30th.

R. Howson & Co. are offering their stock of House furnishings to clear cost.

C. and H. Aylwin offer for lease their fine fruit farm at New Denver, the lucerne of America.

Travellers visiting Revelstoke will find the best accommodation at the Central Hotel, Abrahamson Bros. o

Special bargain in Linoleums, Oilcloths, Carpet squares and Rugs at R. Howson & Co's Furniture sale.

Do you want to borrow money on very easy terms to build a house or release an expensive mortgage? Then call on H. N. Coursier.

When you come to Revelstoke hail the Central Hotel bus to take you to a good hotel: Abrahamson Bros. Props.

R. Howson & Co's furniture warerooms have been the scene of activity during the past week delivering packing and shipping furniture owing to the special sale.

The W. Abrahamson Addition to Trout Lake stands ready to offer every inducement to those who wish to purchase lots for private or business purposes.

We are notified on going to press that J. A. Miller the present manager of Clements & Co. has purchased the half interest owned in the business by Walter Bews and he wishes to notify the people of Revelstoke and surrounding country of the change. Mr. Miller also wishes to take this medium to thank his patrons for the liberal patronage afforded him during his management and earnestly solicits a continuance of their confidence and support. Mr. Clements still retains his half interest but the style of the firm will be changed to J. A. Miller & Co. and will still be under the same management.

Notice to the Public.

Commencing on Monday, Sept. 15th the drug stores of the city will close on the evenings of Wednesday and Friday at 7 o'clock, and remaining evenings, except Saturday, at 9 o'clock.

C. R. McDONALD,
CLEMENTS & Co.,
