Vol. 8.—No. 24. REVELSTOKE, B. C., SEPTEMBER 20, 1901. $2.00 Per Year.

The Shortage of Water

does not necessarily mean that TAYLOR & GEORGE are short in any of their excellent lines of foot wear, clothing, or house furnishings.

If you feel blue come and buy one of our white shirts, it will cheer us all up.

We will delight the ladies early next month with a beautiful display of Dress Goods, Ribbons, Handkerchiefs, Laces, etc., for Fall, directly imported from the best wholesale houses in Scotland.

Come and inspect our lines of Boots and Shoes, Hosiery and Underwear.

Always Ready for Business with Fair Prices and Good Stock.

Taylor & George.

SMITH CREEK.

The Blue Jay Placer Claim.

Supt. Bradley, of the Duquesne Mining Company, intends working all winter on the Blue Jay on Smith Creek. He had intended getting in his winter supplies by the the steamer Revelstoke but owing to uncertainty as to when she will be ready, he is arranging to have them taken up by team. The quantity to be put in will amount to about eight or ten tons. He expects to have the machinery for pumping and hoisting running in a few days, and will then rush work as rapidly as possible. About 10 men will be employed during the winter months.

Capt. Hughes and J. C. Mendler, of Pittsburg, who had been on a visit to the property are much pleased with the prospects. They came down on Thursday by boat from Smith Creek to Revelstoke, leaving Smith Creek at 5 a. m. They reached Revelstoke at 4 p. m, the trip having occupied only 11 hours, as against from two to three days by trail.

SOCIAL AND PERSONAL.

O. D. Hoar came in from Golden on Tuesday morning.

Mrs. Carruthers returned from Kelowna this morning.

F. McBeth, manager of Molsons Bank is on a visit to the coast.

Mr. and Mrs. N. T. Edwards returned on Wednesday from Sicamous.

Mrs. Woodley has arrived from the east and is the guest of Mrs. Rae.

M. Grady of St. Leon Springs was in the city Tuesday and Wednesday.

Mrs. J. B. Smith, of New Denver, is in the city, the guest of Mrs. J. Kerrnaghan.

W. A. Galliher, M. P., arrived from Nelson on Sunday night and left for Ottawa next morning.

R. F. Green and T. Taylor, M. P. Ps. came up from the south on Wednesday and went on to Victoria.

Mr. Kirby, route agent of the Dominion Express Company, was a visitor to Revelstoke on Tuesday.

C. Beck, J. A. Magee, of Comaplix, and Jas. Cummings, of Ferguson, were visitors to the city, and took in the circus on Wednesday.

Horace Hume and family have left Nelson for California. Prior to their departure Mr. and Mrs. Hume received handsome presents from the staff of the Hotel Hume.

Chief of Police Bullock-Webster came to Nakusp this week to compile for the assize the evidence in the case against Svoboda on a charge of shooting at his wife with intent to kill.

E. McCarthy, a leading Regina merchant, accompanied by his wife, has been on a tour of the province, and spent Sunday with his brother, D. McCarthy, the well-known contractor of this city.

J. M. Scott was considerably annoyed on Monday and Tuesday by the numerous compliments paid him on his appointment as gold commissioner. As a matter of fact Mr. Scott was not an applicant for the position.

S. H. C. Miner, of the Granby smelter, Mrs. and Miss Miner, arrived at Revelstoke on Saturday and were met here by A. C. Flummerfelt. Rufus Pope, M. P., also remained at Hotel Revelstoke over night on his return from the south.

A musical evening was enjoyed at the Epworth League on Monday night, when solos were rendered by Mrs. Dent, Miss Shepard, Messrs. Sullivan, Allum, and J. L. Johnston. Interesting papers were read by Miss Dent on "Music," and by Mrs. J. G. Smith on the poet Cowper.

Ald. Bourne, who has been spending some weeks at the coast for the benefit of his health, returned to the city on Monday. He looks benefitted by the change, and was heartily welcomed home by his many friends. The friends of Ald. McLeod were glad to see him about again on Tuesday, though still suffering considerable pain from the accident of last week.

Monday evening next a grand shirt waist dance will be given in Tapping's Opera House which promises to be a great success. The ladies are supplying the supper and the hall is being decorated by the committee, who are expecting some musical talent from Vancouver to help the Revelstoke musicians out. Gentlemen's tickets $1.00, including ladies. Dancing commences 9 o'clock.

On Saturday, Lynn Gordon, of Kamloops, and Miss Anna E. Williams, youngest daughter of John Williams, of Kincardine, Ont., were united in marriage at the Methodist parsonage, by Rev. G. E. Smith, of Kelowna. The bride was assisted through the ceremony by Miss M. Cawker, of Kamloops, and Miss E. Ladner, Revelstoke. Mr. and Mrs. L. Gordon left on Monday for Harrison Hot Springs where they will spend their honeymoon.

A launch party by Mr. and Mrs. J. B. Hall, of Nelson street, Vancouver, was given last Saturday in honor of the visit of Mrs. Charles Temple and Miss Temple, of Revelstoke. The party landed at White Rock ranche, which is an exceedingly pretty spot. Among those present were Miss Hilma Green, Mrs. Van Horne, Miss Van Horne, Miss Kate Lewis, Mrs. G. B. Jones, James Lamb, of the Empress of China, A. Randall Hanscomb, George J. Dyke, Geo. Van Horne, William Vernon, Fred Abbott, R. J. Scott and Ken Van Horne.—World.

BUSINESS NOTES.

F. McCarty returned on Sunday from a trip to Okanagan Valley, where he purchased a carload of hogs.

P. Burns and Company purchased about 4000 head of cattle this season from the Douglas Lake Ranch near Kamloops.

J. A. Miller, collector of Inland Revenue, of Vancouver, and J. Gill, inspector of Inland Revenue, were visitors to Revelstoke on Monday and inspected the local bonded warehouses. Both officers expressed themselves pleased with the increase of inland revenue business here.

BIG BEND

Strikes of Free Gold

Movement On Placer Properties.

Gus Lund came in from the Bend on Wednesday. He has been doing assessment work on the Mayflower claim on Mayflower creek, a tributary of the head waters of French Creek. The property is showing up. Mr. Lund showed us a number of samples of free gold taken from the ledge, which is 20 feet wide where he uncovered it.

D. Wolsey and W. Kirkup returned from the Bend Wednesday. Mr. Wolsey staked some extensions of the new strike on F. McCarty's claim covering ground at the head waters of Camp creek, and Graham creek, on the French creek slope. He brought in some fine samples showing free gold.

Messrs. Kehoe and Ferrier, mining engineers, returned Friday from the Big Bend where they had been examining the placer properties on French, McCullough and Smith creeks, on behalf of the Gooderham-Blackstock syndicate.

N. H. Caesar is getting ready for another season's active operations on the Ophir claim on McCullough creek, and will shortly call tenders for the supply of 20,000 feet of timber.

J. McMahon, J. M. Kellie, and A. W. McIntosh left for the Silver Shield at Keystone yesterday in connection with a pending deal.

THE HOSPITAL.

Meeting of Trustees.

At a meeting of the hospital trustees on Saturday, it was decided that as C. T. W. Piper, of Vancouver, had not taken up the contract for excavation and stonework of foundations, Mr. Fromey being next on the list be awarded the job.

A hearty vote of thanks was accorded Mrs. Lawrence and Miss Woodward for their successful canvass of the Lardeau.

The Secretary was instructed to ask the architect, Mr. Dalton, of Vancouver, to rush the plans for the superstructure, so that tenders may be called in about a fortnight, and the work pushed on as soon as the foundations are completed.

BOARD OF TRADE.

A meeting of the council of the board of trade was held yesterday morning, the vice-president, E. A. Haggen, in the chair.

CRAIGELLACHIE STATION.

A petition to the C. P. R. from Craigellachie settlers was read asking the removal of the present station to a more convenient point, and was signed by C. Erickson, R. Bruhn, Peter Scott, E. R. B. Baynes, E. A. Crockett, A. Anderson, J. H. Wolsey, Mrs. S. Loftus, J. F. Bossley, T. L. Wolsey, E. Erickson, C. E. Finnucane, S. Loftus, T. Dempsey, A. Yonser, and T. Brixton.

It was resolved to endorse the petition for removal or establishment of a freight shed and waiting room at the point required, where there is already a siding.

The matter was discussed with Supt. Kilpatrick, who was present, and who promised to use his endeavors to satisfy the requirements of the settlers affected.

POST OFFICE.

Mr. Brewster brought up for discussion the proposed central post office.

Mr. McCarter thought the board had better leave it alone.

Mr. Lindmark suggested that it would be better for the citizens to subscribe privately the $48 per month now paid to Mr. Wells for the lower town office and have arrangements remain as at present.

Mr. McCarter suggested that the proper course was to take a petition round town.

Mr. Sibbald was opposed to taking any action in the matter, and Mr. Brewster expressed a similar view.

Mr. Lindmark moved that it was desirable that the matter of post office remain as it was until such time as they could get a central office located where it would suit the whole city.

Mr. McCarter seconded.

The motion was carried, three voting for it, two against, and the others refusing to vote.

H. J. Bourne asked to be excused from having anything to say on a matter in which he was interested.

FREIGHT RATES.

Mr. Shaw brought up the matter of freight rates and instanced a case in which Abrahamson Bros. had been charged $23.83 on a ton of oats from Edmonton. The rate commissioner had written him asking for any complaints on freight rates and he had referred this matter to him, with the result that Mr. McLean advised him the rate had been cut in half.

Mr. Lindmark said the rate was only $6 a ton on carload lots.

SCHOOL QUESTION

Majority of Trustees Now Favor Accepting the $8000 Grant.

Trustee Lindmark has received a telegram from the premier stating that the $8000 grant for the Revelstoke school will remain available for the current year. No doubt if Mr. Dunsmuir retains office he will see that the grant is available, but everybody knows the uncertainty of the political situation, and if Mr. Dunsmuir went out of office there is no telling what his successors might do about the matter, as this is a departmental allocation from the general grant and as such is in a different position from a straight grant passed on the estimates.

A bird in the hand is worth two in the bush. So with the $8000. Let the school trustees use it when they can and take no chances.

Hon. Mr. Prentice took good care not to promise any further grant, knowing that it was most improbable, and neither the premier nor any of his ministers could give any such assurance.

Trustee Howson informs us he is quite in favor of accepting the grant and doing the best possible with it. Trustee Graham is of the same opinion. The matter should therefore now be settled without any further delay, as a majority of the board of trustees is thus in favor of going on immediately with the $8000 building, which will be a handsome addition to the buildings of the city, will give employment to a good deal of labor, and afford a local market for the timber and other material used in construction.

THE ROYAL TOUR

The Railway Arrangements---Date of Passing Through Revelstoke.

The royal train bearing the Duke and Duchess of Cornwall across Canada was to have left Montreal today in charge of W. R. Baker, assistant to the general manager. Regina is reached at noon of the 27th, Calgary at 8.30 a.m. on Saturday, the 28th, Banff Springs at 5.30 a.m., on Sunday, the 29th, and Vancouver at 11.45 a.m., on Monday the 30th. The train will be run somewhat slower than the usual card time.

The service will be composed of two trains. The first will carry the governor general, Sir Wilfrid Laurier, and party, and is timed to arrive in Revelstoke at 17.10 (5.10 p.m.) Sunday, Sept. 29th. This train will be in charge of Conductor Hopgood.

The royal train, bearing the Duke and Duchess of Cornwall, is timed to reach Revelstoke 30 minutes later than the former, and will depart at 18.5 (6.5 p.m.) Conductor Elson will be in charge of this train and Master Mechanic Hall will accompany the engine.

The following is the result of the canvass for the Revelstoke Hospital made by Mrs. Lawrence and Miss Woodward: Trout Lake, $137.75; Ferguson, $405.50; Thomson's Landing, $41.50; Comaplix, $110.50; Arrowhead, $13.00; Total, $701.25, of which $436.75 was paid in cash.

B. C. CABINET

J. C. Brown Defeated

R. Green Takes Portfolio of Mines.

The bye-election at New Westminster resulted in the election of Gifford. The voting was Gifford 563, Brown 511.

It is reported that R. Green, member for Slocan, has accepted the portfolio of mines.

Premier Dunsmuir has not announced what course he will take in view of the defeat of Hon. J. C. Brown. He may resign, he may appeal to the country, or he may fill the vacant portfolio and meet parliament.

Should he resign it is supposed that Smith Curtis or R. McBride would be sent for to form a cabinet, probably the former.

FAUQUIER CASE

Sentenced to Two Year's Imprisonment.

F. G. Fauquier, late gold commissioner here, surrendered to his bail on the charges on which he was committed of misappropriation of $2097.42 and $811 of government moneys.

J. M. Scott prosecuted on behalf of the crown, and G. S. McCarter appeared for accused.

Mr. McCarter, for accused pleaded guilty, and said accused had misappropriated these moneys to pay claims that other men would have ignored. While there was no justification for the offence it had always been Mr. Fauquier's intention to replace these moneys, and at the time of his arrest a deal was about closed with Capt. Roman to purchase his ranch for $3,200, but it depended on his closing another deal. Mr. Fauquier had given him power of attorney to take possession of his ranch and dispose of it to the best advantage possible, and pay the proceeds to the government or the guarantee company. Roman told him he considered the property worth the amount stated, and as soon as he got his other transaction in shape he was prepared to pay that amount over. Mr. Fauquier had a wife dependent on him and also a family, and was without other means than this property. He was prepared, if he got his liberty at no distant date, to repay every cent he had taken. Mr. Fauquier was past the prime of life, and if given an extended term of imprisonment it might bring him out at a time of life when he could not earn his livelihood. He asked his honor to extend to accused as much leniency as possible.

His honor said: It is a very painful duty that is cast upon me. The offence is a very serious one. It is for me to administer that proportionate justice which I think is right. Under the circumstances I shall sentence Mr. Fauquier to two years in the penitentiary on each charge, the sentences to run concurrently. The Dominion government, under the system they have recently adopted, may see their way to deal with Mr. Fauquier more leniently.

LOCAL INDUSTRIES

Big Eddy Sawmill.

The whole of the plant for the Big Eddy sawmill being established by the Revelstoke Lumber Company has now arrived and most of it is in place, while the mill will be ready for operation next week, and will start cutting to supply the market by Oct. 1st. The plant is first-class throughout, and was supplied by the Waterous Company through their Vancouver agent, H. B. Gilmour.

The plant consists of the following: Two boilers of 80 h.p. each, engine with 16x18 cylinder, twin engine, each cylinder 10x14, steam feed, travelling carriage with three head blocks opening to 40 inches, two planers, a four-saw edger, steam nigger, live roller and kicker, trimmers, lath saw, shingle machine, and saws to give a capacity of 50,000 feet per day. The mill will turn out all kinds of lumber and shingles.

The frame-work is of a thoroughly substantial character, covering a space of 41x110 feet and will be roofed over as soon as the necessary lumber can be cut.

The boilers have been substantially set in brick and stone by E. C. Fromey. A jack-ladder has been constructed on which to bring the logs from the boom, a distance of 390 feet, and a waste carrier has also been built.

A logging camp has been put in at Carnes creek in charge of R. Davis, who is interested in the company. 20 men will be employed at this camp and logs will begin to come in next week. The timber supply consists of fir, cedar, pine, and spruce, the company having secured some excellent limits.

Boarding house and cottages will be built as soon as lumber is ready. 2,700 feet of pipe has been laid to provide the mill with water for steam purposes, and has a head of 300ft has been obtained the supply will also be effective for protection against fire.

With the excellent location of their mill, and first-class limits conveniently located, the company will be in a position to supply cedar, pine, spruce and fir lumber of the best quality, and they are looking forward to an extensive trade with eastern points as the demand for lumber is ever on the increase. They expect to be able to supply the market as well as the coast mills, and have already enquiries from some of the leading lumber dealers of the prairie.

R. Howson, the originator of the company, is secretary, D. Robinson manager, and J. Bell millwright.

CENTRAL POST OFFICE

Will be at Oddfellows Hall.

A. McRae, who takes charge of the Revelstoke central post office from the beginning of the month, has arranged to take the ground floor of the Oddfellows Hall for the new post office. He is guided in this step by the view that it is about the centre of the city; that the site was selected by the Oddfellows by reason of its being central, and that the building, being of brick, will be specially safe against fire for such an important public institution as a post office.

Postmaster McRae has appointed W. C. Calhoun, of the station post office, as assistant postmaster.

BUSINESS HOUSES.

Reid & Young's New Premises.

The new building erected by T. Downie on McKenzie Avenue for the accommodation of Reid & Young's dry goods business, has been completed by the contractor, D. McCarty, who has made a first-class job of it. The new portion of the building is 22 feet in width by 40 feet in length, and the annex is 20 feet in width by 21 feet in length, thus giving a total length of 61 feet, and making one of the best stores in the city.

The windows are of plate glass. A special feature has been made of the electric light fittings, which consist of show window sets and roof sets fitted with reflectors. The building will therefore form one of the best lighted shops for day or night in the city. The painting is being very tastefully carried out by W. G. Birney.

Messrs. Reid and Young have already started to move their stock into their new premises and expect to be open for business by tomorrow.

Their new stock includes full lines of boots and shoes for men, women, and children, gents' furnishings, French flannels, French flannel and silk blouses, one of the best lines of dress goods shown in the city, full line of staples, boys' clothing.

The Kootenay Mail

FRIDAY, SEPT. 20, 1901.

THE Colonist is not far out in referring to the opposition engendered against the government by McBride as the "McBride Push."

THE death of President McKinley, by the hand of the assassin, is a matter for regret among all peoples who recognise that good government lies at the foundation of national prosperity.

W. A. GALLIHER, M.P., is of opinion that under the census British Columbia is entitled to another senator and two more members, one for Yale-Cariboo and another for Burrard.

WE referred some time ago to the discredit to the city of the filthy old shacks which the city authorities permit to exist near the Fred Robinson Lumber Company's office. These shacks should be removed as a menace to the health of that part of the city and as also endangering the neighboring buildings in case of fire.

THE Colonist puts Mr. McBride's position very accurately when it says: "Had Mr. McBride been consistent, he would have resigned his seat in the house, and contested New Westminster with Mr. Brown. His friends wished him to do this to prove the honesty of his motives and the courage of his convictions. He declined absolutely, however, on the plea that he did not wish to abandon Dewdney. In plain language, Mr. McBride was afraid."

WHEN Hon. R. McBride resigned from the cabinet it was the same as that of which he had all along been a member with the exception of the late appointee, Hon. J. C. Brown. If Mr. McBride is right now in opposing that cabinet he was acting the political hypocrite in becoming a member of, and supporting it, as he has done. The calamity howlers who support McBride now must have been supporters of McBride and not of the government all along.

R. McBRIDE has come very badly out of the political fracas. He deliberately stated that Hons. Eberts, Wells and Prentice would leave the cabinet as well as he. The statement was denied on the authority of Hon. W. C. Wells. Certainly if these gentlemen had intended to leave the cabinet they would have done so before this. Mr. McBride's conduct, in leaving the cabinet as he did, was bad enough but when he sought to support it by putting before the public a falsehood concerning his colleagues he is deserving of the severest condemnation.

RAILWAY BRIBERY.

Joe Martin says that there was a great deal of "boodle" floating around the legislature during the last session and that he himself had been offered "a large chunk" of it to support the N. V. & E. Railway scheme. If Mr. Martin's statement is true it shows a scandalous state of affairs. Does this account for the fact that certain gentlemen, who are supposed to be above reproach, bolted so suddenly from the government last session? At all events it looks very much as if Hon. J. C. Brown, and others who came to the rescue could not be bought with Jim Hill's gold. This no doubt accounts for the fact that the Great Northern and V. V. & E. advocates such as the World are now strongly denouncing Mr. Brown.

CIVIL SERVICE REFORM.

Civil service reform is badly wanted in this province. As matters stand a civil servant has no certainty of promotion, and can have no political opinions in case he shall be fired at the next change of member or government. When Mr. Taylor, M.P.P., was before the electors he was very emphatic in urging the adoption of this principle, which was generally approved, and when the vacancy in the gold commissionership occurred many of his supporters reminded us of Mr. Taylor's views in this respect and said that consonant with these views he would no doubt recommend Mr. Fraser, the present mining recorder, for the position. Notwithstanding this, some twenty of Mr. Taylor's supporters have applied to him to secure the appointment. If this course were taken he would, in selecting one, offend the other nineteen and their friends, whereas, if Mr. Taylor stands on the principle he enunciated, as his supporters expect he will, none of them will have any cause of complaint. The filling of civil service positions by promotions in the service itself is an estimable one, and the only policy consistent with good government.

IMPROVING CREDIT OF MUNICIPALITIES.

The conference of representatives of municipal bodies which has been meeting at Toronto has made some valuable suggestions. Amongst others is a scheme to formulate a municipal loan trust for the purpose of improving the credit of small municipalities and thereby reducing the rates of interest which they are called upon to pay. Mayor Howland, in proposing the scheme, said many of the municipalities have to pay upon their debentures a high rate of interest, although they are perfectly sound financially, and offer good investments. Other municipalities better known have to pay only 3½ per cent. He thought that through the action of the union which had been formed it might be possible to institute some central body, through whose guarantee or endorsement smaller municipalities might improve their credit and obtain advantage of the low rate of interest which their more fortunate brethren now enjoy. He calculated that as a result of the operation of such a plan as he outlined a saving of $1,000,000 per annum would be effected in the interest charges of the municipalities of the Dominion.

HOME OFFICE DISALLOWANCE.

The action of the secretary of state for the colonies, Hon. Joseph Chamberlain, in disallowing the British Columbia acts passed for the improvement of labor conditions, is an insult to the people of this province. These statutes are not disallowed where the Australian colonies are concerned, probably because the home government know the people would not submit to any such interference with their affairs. On the other hand British Columbia seems to be a stalking horse for such disallowance. It seems that the Japanese consul at Vancouver has more influence at Downing street than the people of the province, and yet there is no more loyal section of British subjects than in British Columbia. When Britain has her battles to fight it is to her own colonies, and not to Japan, that she has to look for aid, and some steps ought to be taken to bring forcibly home to the Hon. Joseph that the people here intend to be treated as other subjects of the empire, and to have their rights and privileges as legislators maintained, so far as self-government is concerned. Mr. Chamberlain is now adopting towards British Columbia the same policy of interference that drove from the mother country her early American colonies, and he should be made to understand that such continued disallowance of measures necessary for the welfare of the community will not be tolerated without vigorous protest. The very same act regarding an educational test has been allowed, and is in force in Natal. If it is good for Natal, why is it not good also for British Columbia? Moreover, the act was passed in a form suggested by Mr. Chamberlain himself as offering no objection.

THE LABOR PARTY.

The workers are fully justified by recent events in formulating a political platform of their own, and to endeavor to give effect to it by the election of their nominees. During the late strike it was forcibly demonstrated that the C. P. R. was paramount over the government, and that the company could break the law with impunity. Now if industrial peace is to reign in this country the law must be administered justly against the rich as well as the poor, against the corporation as readily as against the workman holding the most menial position. To ensure this it is necessary that labor shall be represented in the councils of the nation. And so it should be. Labor is the source of all wealth, its rights should be protected by just and equitable laws equally with the rights of capital. In their recent strike the trackmen showed that they possessed as much intelligence and organising ability as the great corporation against whom they struck work, and with that intelligence and organisation permeating the whole body of the workers, who shall say that they shall not elect as their representatives men from their own ranks, who will loyally represent their interests? That is the safeguard of the workers. They know it. The ballot is in their hands to use it. While the strike was on, we pointed out that its effects would be far-reaching and the movement now begun will go on till the interests of labor are as carefully guarded by direct representation as other interests. Future elections will see many direct labor candidates in the field, both in provincial and dominion contests, and we believe it will be all the better for the nation that a good proportion of these candidates should be returned. We don't quite agree, however, with the views expressed that the labor party shall keep aloof from the other two parties. If labor wishes to receive attention from the government it must ally itself with the party that will give its interests the best consideration. In the Australian colonies the liberal or progressive party has been the one which labor has sought as an ally, and the same result will probably obtain in Canada.

POLITICAL INCONSISTENCY.

The liberal press of the province, which is now howling against the government, is in an inconsistent position. Mr. McBride is well-known as an aspirant for the leadership of the conservative party, and, as the Globe put it, he endeavored to make his position in the cabinet a donkey engine to aid that party. He has managed to hoodwink the liberal press, and of course he had already the support of the conservative press. We are now told that the Dunsmuir government has become a Martin government. How so? Surely J. C. Brown was a man of sufficient strength to have his own opinions and convictions. In any case how could one minister, simply because he had been associated with Joe Martin in the past, rule a cabinet five members of which were pronounced opponents of government by Martin. The proposition is ridiculous, and while one can understand that it might be set forth as an artful dodge by McBride and his associates, one wonders that men who ought to have more experience of political affairs, as the editors of the liberal press, should have been so completely made tools of by McBride. The question is whether Hon. J. C. Brown is an able parliamentarian and administrator? Of that there can be no question. With these qualifications Mr. Brown's addition to the cabinet was quite justifiable.

But the appointment was justified even more strongly by the events which transpired since the formation of the cabinet. As originally formed the cabinet was intended to give equal representation to liberals and conservatives. In the appointments made the conservatives had a majority, but in response to a demand from a large number of members the premier promised that Mr. Turner should retire and that the representation should be equalised. For some months it had been known that the intention was to add Hon. J. C. Brown to the cabinet, and there had been no serious complaint against that proposal. But immediately the appointment was made some of the very members who asked for a change in that direction took the opportunity to fling their previous convictions and assertions to the winds, and, like a lot of whipped curs, with McBride as driver, they shouted with one accord "Down with Martin" when Martin was not, and never has been, in question.

Deafness, Noises in the Head, &c. positively cured by HARLEY'S EAR LOTION. This new Remedy goes right to the actual seat of the disease, and has effected such remarkable cures that the greatest hope is held out to all sufferers, no matter how bad or long-standing the case may be. One bottle will cure any ordinary case, and will be sent, securely packed and post-paid, with full directions and testimonials upon receipt of $1.00. Order direct from JAMES E. HARLEY, 23 Stockdale Road, South Lambeth, London, ENGLAND.

REVELSTOKE
STEAM LAUNDRY

Citizens of Revelstoke:

Do you know that $10,000 or $12,000 a year has been going into Chinese coffers for Laundry work every year in this town. The Revelstoke Steam Laundry Co. are trying to divert this money into the channels of trade. Will you not help by sending us your laundry.

BUKER & SAXTON,
Proprietors.

$25,000 OUR GRAND $25,000
Ornithological Contest.

Something entirely new and interesting. Read what you are to do. You may get $1,000. Our contest is to see who can make the largest list of names for kinds of birds from the following list of letters:

W D O O O C K Q U L I A P R T A R I D G
E S P N I E L V E B R D I M W A D O H T L

We will recognize as a bird anything belonging to the feathered tribe, whether it is a Hen, Crow, Singer or any other kind. You can use any letter as many times to make a name as it appears in the list of letters above; for instance Woodcock, Plover, Snow Bird, etc. To any persons who can make a list of 25 or more different names of birds, we will give absolutely FREE a beautiful Prize value $1,000 or less.

BIG PRIZES AWARDED DAILY.

When you have made out your list fill out the line on the bottom of this advt. and send to us with a Stamped Addressed envelope, stamp of your country will do, then if you are awarded a prize you can if you desire get the prize by becoming a subscriber to THE WOMAN'S WORLD. We shall award a prize to every person who sends the name of 25 Birds, and our gifts will be as follows: For the best list, received each day, a Gold Watch; for the second best solution each day a beautiful Imported Tea Set; for the seven next best solutions each day, a Kourah Sakin Diamond and Ruby Ring; for the next best solution, a Gold Piece; and for all other correct solutions, Prizes of Good Value. These Prizes will be forwarded daily, you will not have to wait a long time in uncertainty before you know the result. There is no element of lottery in our plan, it makes no difference whether we get your solution late or early in the day. All you need is to post this advt. to us, and on the day it reaches us, if your list is the best, you shall have the Gold Watch or if second best the beautiful Tea Set and so on. We guarantee that we will award you a prize. There is absolutely no opportunity for deception on our part—we cannot afford it. We want to get 1,000,000 well satisfied subscribers, and for that reason we don't want you to send any money until you know exactly what prize you have gained by answering the puzzle. As soon after 4 p.m. each day as possible, the examiners will judge the lists to the best of their ability, and will designate the prizes. We will write to you at once notifying you what prize has been awarded you, then if you are satisfied, you can send your subscription to THE WOMAN'S WORLD and your prize will go by return of post carriage paid. To a person of narrow ideas it seems impossible that we should be able to make such a gigantic offer, but we have the money, brains and reputation, we know exactly what we are doing, and if we can legitimately gain a million subscribers by this grand idea we know that this million of well pleased subscribers can be induced to recommend THE WOMAN'S WORLD to all friends, thereby building up our circulation still further. We are willing to spend $25,000 in this contest in building up a big subscription list, and when this money is spent we reserve the right to publish a notification that the contest has been discontinued. Don't delay until it is too late. The contest will continue until January 1st, 1902.

We give A Bonus Prize of $250 independent of all others to the person who sends in the list gotten up in the best and handsomest manner. Our Committee will decide and award prizes daily, but the special $250 prize will be awarded in March, 1902. Any bird's name found in the dictionaries accepted.

WHO WE ARE.

THE WOMAN'S WORLD is a thoroughly reliable concern, we are known to do exactly as we advertise. As to our reliability we refer to any Advertising Agent or business man in London.

Name .....
Street .....
Town ..... Country .....

N. B.—Be careful and prepay your letter &c. as we do not receive underpaid letters. Address:

The "Woman's World," Brentford, London, W., England.

THE SCHOOL VOTE

Heard on McKenzie Avenue.

(Contributed.)

Hello, Tom! Now what's biting you? Well Bill, I've just been reading the KOOTENAY MAIL and it looks as if the school grant was lost to the town.

So it is, only don't do too much kicking, but answer me a fair question, you're a man of family. How often have you been inside the school house?

Oh! if it comes to that I've not been inside but once, that was when the youngsters had their closing exercises, but then there are lots of other folks who have more time than I have.

That's the whole trouble with you fellows. You growl, kick, and knock because the other chap follows your example. Now, come, own right up. Don't you think that you are as much to blame as anybody?

Perhaps I am, but at the same time there are lots of fellows who could see into this matter better than I can.

Don't try to wriggle out! Oh! you think there are some motives back of the actions of the trustees. If you do, why not come out like a man and request those you think blameable to explain why the grant was lost, instead of insinuating and talking at street corners? For the very same reason that you expect somebody else to take it up. The fact is evident that the town has lost its chance and if you would make a start no doubt an investigation could be made which would prove whether or not the trustees were at fault.

Oh! well, that's enough of the school question. Look at provincial politics.

Yes, the same reason. They are as they are because men are like you either indifferent or else looking for a graft.

Well, so long old man, here's my train and I'll talk with you next chance I have.

RAIL AND STEAMER

The winter schedule of the C. P. R. is now announced to go into force on Oct. 13th.

We are informed that no appointment will be made in the place of the late Assist.-Genl. Supt. Duchesnay.

R. A. Brimbridge, of North Bend, formerly assistant engineer under Mr. Duchesnay, succeeds Mr. Gutelius as engineer at Nelson.

The Cranbrook Herald says that during the strike Superintendent Bury adopted plans radically different from those followed on some of the other divisions. He allowed the men to continue to live in the railroad houses; he continued to let them enjoy certain privileges granted them while at work, and in consequence, during the entire time of the trouble Mr. Bury retained the respect and good will of the striking men of his division. There never was any trouble on this part of the road, and trains were run promptly on time.

The Pacific Division was the only section of the C. P. R. on which the bridgemen went out, as a body, in support of the trackmen's strike. The high appreciation of this self-sacrifice on the part of the bridgemen was well exemplified when the difficulty arose between the company and the bridgemen over the control of the cooking outfit. The sectionmen on the Pacific division then offered to go out to a man if necessary in order to ensure to the bridgemen their former privilege of controlling their cook outfits.

WANTED — SEVERAL PERSONS OF character and good reputation in each state (one in this county) required to represent and advertise old established wealthy business house of sound financial standing. Salary $18 weekly with expenses additional, all payable in cash each Wednesday direct from head offices. Horse and carriage furnished, when necessary. References. Enclose self-addressed stamped envelope. Manager, 316 Caxton Building, Chicago.

The Kootenay Mail $2.00
The Montreal Daily Herald $3.00
and a splendid picture of
King Edward VII. .50
TOTAL - - $5.50
ALL FOR $2.50

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1861, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is complete and reliable.

THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flashy colored portraits so common.

As the regular price of the Herald is $3.00 a year, the liberality of our offer is self-evident.

Address all orders to

The Kootenay Mail.

A GOOD OFFER.

The Kootenay Mail
-and-
Weekly Free Press

will be sent to any address for balance of present year and the whole of 1902

FOR $2.50

remitted with order. To subscribers taking advantage of this offer will be presented a gift of

A STANDARD BAROMETER AND THERMOMETER.

HOW TO OBTAIN BOTH INSTRUMENTS. - A combined Thermometer and Barometer would cost at least $1, but the KOOTENAY MAIL is able to offer both instruments absolutely free to every subscriber to THE KOOTENAY MAIL & WEEKLY FREE PRESS.

Upon receipt of your subscription the combined Thermometer and Barometer will be mailed postage prepaid. The makers of these instruments have agreed to deliver by Sept. 20th, the number ordered. That number is limited, and those desirous of securing the instruments should send in their orders at once.

PROVINCIAL POLITICS.

G. R. Maxwell, M. P., the liberal representative of Vancouver, sees through the McBride business.

At the meeting at New Westminster when Hon. J. C. Brown, and his opponent, Mr. Gifford, addressed the electors, the meeting would not listen to Smith Curtis's insinuations that Premier Dunsmuir had bought Hon. J. C. Brown and others. Smith Curtis is the man whom Editor Houston describes as being "in Jim Hill's pocket."

Says the Tribune: "Smith Curtis of Rossland, David B. Bogle, Captain Tatlow, Richard McBride all laboring to bring about the defeat of John Cunningham Brown, not because Brown is lacking in ability, or because he is dishonest, but because he has accepted a portfolio in a government that he has opposed on all questions except one, and that one, apparently, is the only question that is considered worthy of consideration on the coast."

Joe Martin created roars of laughter at Westminster by pointing out that McBride, while opposed to the Martin platform, was backing up a supporter of that platform, and in the event of the Dunsmuir government being defeated, they would have the spectacle of McBride taking into his cabinet Smith Curtis, another strong supporter of that platform.

Referring to the political situation in this Province the Winnipeg Tribune remarks: "Coalition governments ought to be the best for provinces. What have provincial legislatures to do with the federal policies and federal issues?"

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Dunham of Machia, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, "but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her. This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and $1.00. Trial bottles free at the Canada Drug and Book Store.

WINDERMERE

Three Promising Mines---Iron Cap Will Ship 4000 Tons.

R. R. Truce, M. E., was in the city recently. He reports that the Paradise mine at Windermere, which he is operating, is looking as well as ever, and that the Iron Cap, owned by Mr. Farnham, of New York, is turning out a wonder. Mr. Starbird, who is in charge of development work on the Iron Cap, expects to ship 4000 tons of ore this season. Mr. Farnham is so well pleased with the Windermere district that he has bonded other properties there.

The vigorous policy of road building which the government have adopted there is doing much to advance the development of what was two or three years ago a comparatively inaccessible district.

Windermere has a high grade property rivalling those of the Lardeau. The mine is the Silver Belt, where the ore is running 800 to 1000 ozs. in silver, and a carload of this ore is being shipped to the smelter. The Silver Belt is near the Paradise.

COUNTY COURT

Sitting at Revelstoke.

(Before His Honor Judge Forin.)

The county court opened on Wednesday morning.

CIVIL CASES.

M. A. McGuire v. C. W. Myer—Claim $135 board and medical attendance. G. S. McCarter for plaintiff, for whom judgment was given for amount claimed and costs.

O. D. Hoar v. Thompson and Carter—Claim $111.65 on dishonored promissory note. G. S. McCarter for plaintiff, F. C. Elliott for defendant.

H. N. Carter, one of the defendants, stated plaintiff was to sell Copper King mineral claim for $150, pay the note and send defendants the balance. Sent bill of sale of claim to Dier by plaintiff's instructions and had received no payment therefor. Did assessment on claim following year for Dier but money they were to receive was attached in this suit.

To Mr. McCarter: Plaintiff acted as agent and was to get nothing out of it except the money loaned by plaintiff to Thompson.

Plaintiff, called by Mr. Elliott, stated that, as agents for defendants, he arranged for the sale of part of their interest, and received from Dier a note for $100, Dier to send the balance to the defendants at Trout Lake. The note was not paid.

J. Guy Barber, called for the defence, said he bought interest for $150 in the Copper King claim from Dier, who told him he had no money to pay assessment and was liable to lose the claim.

Mr. Elliott asked to be allowed to amend the defence to a claim for damages against plaintiff. The claim had run out and Mr. Barber had re-staked it and now owned it.

His honor said Mr. Hoar had not received his money and there was no negligence on his part as agent which would render him liable. He would therefore refuse leave to defendants to amend. Judgment for plaintiff with costs.

P. Serriani v. R. Ramsay—Claim $17.50. J. M. Scott for plaintiff asked that case be adjourned till next court day.

Merchants Bank v. W. C. Husband—Claim $124.03. G. S. McCarter for plaintiffs for whom judgment was given with costs.

J. A. Magee v. A. Featherstone—claim $105.30; and J. A. Cameron v. A. Featherstone—Claim $100 for board and lodging. J. M. Scott for plaintiffs, and G. S. McCarter for defendants. Adjourned by consent till next court.

Lena A. Blondin v. Sarah Manuel—G. S. McCarter for plaintiff. This was an action for settlement of partnership in hotel business at Nakusp. Referred to registrar to settle accounts.

Bourne Bros. v. J. Dunsmore—Claim $68.15 for goods supplied. J. M. Scott for plaintiffs, and G. S. McCarter for defendant. The defence was that defendant did not order or receive the goods. His honor held that the person who was charged with the goods was the person liable and gave judgment for defendant with costs.

C. Beck v. F. R. Blockberger—Claim $200 for assessments. G. S. McCarter for plaintiff, and J. M. Scott for defendant. An application was made by defendant for adjournment, and was granted on payment of plaintiff's expenses.

Guiletto v. C. Hoffman—On application of Mr. McCarter for plaintiff his honor ordered publication of summons in the KOOTENAY MAIL as defendant could not be found.

MINING NOTES

Prospectors and mine-owners are invited to contribute to the KOOTENAY MAIL information of a reliable character regarding their properties, describing surface showings, development work and results attending it, assays, and new discoveries. The editor desires to make the MAIL a means of furnishing to investors reliable information concerning the progress and development of the mineral resources of North Kootenay.

Hon. C. H. Macintosh thinks the miners strike at Rossland will be settled shortly.

Ole Oberg and Gus Johnson have located a large body of galena and copper ore on Ice river.

The Eagle reports that a foot of clean ore was broken into at the Triune No. 3 tunnel on Tuesday week

Gus Upton has discovered a magnificent copper deposit on the south fork of the Spillimachene in East Kootenay.

Manager McDonald, of the Le Roi, publishes a cable from the new directors in London stating they approve his policy.

O. D. Hoar and partners have located a slat property at Ice river, between Golden and Field. The property looks well, and the ore runs 51.6 zinc and 3% copper.

The Rossland-Great Western have sued the Miners Union for $25,000 damages for inducing scab laborers to break their contracts.

It is suggested that a new method of producing oxygen cheaply will solve the metallurgical treatment of low-grade ores, even rivalling the stamp-mill in cheapness.

O. D. Hoar and partners have located a large body of ore on Ice river, which is identical with that of the Baldie group on Laforme creek. The ore-body is from ten to eleven feet wide.

Tom Horn has bonded the Black Warrior to C. W. McCrossan, of Minneapolis, for $50,000. Work is being started at once, with T. Horn as foreman. Cabins will be built and winter supplies put in, and it is expected to ship a carload of ore shortly.

H. Mortimer-Lamb, in the Colonist, says: "The favorite fields for investment at present appear to be certain localities in the Lardeau, of which Fish creek camp is now attracting the most attention; sections of East Kootenay; the dry ore belt in the vicinity of Slocan lake; the Similkameen."

During the last three months more outside capital has been invested in mining deals in B.C. than during the preceding six months. There is no doubt that British Columbia is one of the richest mineral countries in the world, but it is at present mostly undeveloped.

C. J. Rumens, Supt. of the Prince Mining and Development Company, came in from the Standard Basin on Saturday. He has completed the trail via Five Mile to connect with the Standard, thus materially shortening the distance from Revelstoke to the property.

On Saturday J. Nelson's pack train brought in 1200 lbs. of ore from the Standard Group for transmission to the smelter. Supt. Rumens reports that development work is being pushed on the Commander claim, and ore is being taken out for shipment. The ore showing continues to improve.

O. D. Hoar and partners have located a deposit of black mica on Ice river. They are now shipping the mica to Liverpool where it brings $80 to $140 a ton. The deposit occurs in schist. The government has put an excellent trail into the camp, which is now one of the most accessible in the Rocky Mountains.

When at Ferguson Mr. McCarter, one of the owners of the Triune Fraction, arranged with G. V. Shannon to push development work on the property, such work to consist of a tunnel of 40 feet and a drift of ten feet on the vein. A vein of two feet in width is showing, with ore exposed in the bottom of an open cut. The vein occurs as filling a fissure in graphitic schist and is believed to be an extension of the Silver Cup and Triune veins.

INDUSTRIAL NOTES

H. W. Edwards is mounting two bears for M. Grady, of the St. Leon Hot Springs.

The whole of the plant for the Big Eddy sawmill has now arrived and the mill will be ready to start cutting by Oct. 1st.

J. McMahon has turned out a fine piece of workmanship in the shape of a shingle packing machine for Julian's mill.

F. Julian has now installed his new shingle plant and it is a great improvement on the old one. He expects to resume operations at the mill in a few days.

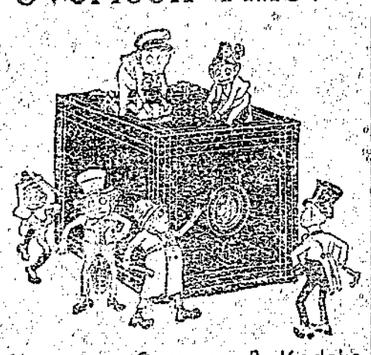
R. Ramsay has just completed the painting of the large house occupied by W. E. McLaughlin, opposite Hume & Co.'s warehouse, and has made an excellent job of it.

C. Fromey has quite a rush of work at present. He has just completed the addition of a fine fire-proof vault to the government office at Golden, and has also taken the job of building the fire-proof vault for the Imperial Bank building which is being erected at Golden by J. Kernaghan. Mr. Fromey has also been awarded the contract for the excavation and foundations for the Revelstoke Hospital.

In an article on the water powers of the province the News-Advertiser says: "Look at the Death Rapids on the Columbia River in the Big Bend, above Revelstoke, a blood-curdling sight, when the thought of a boat approaching crosses the mind, at the Illecillewaet River, by the Albert Canon, where the river looks a mere ribbon, hundreds of feet below."

The Deaf Hear.—No. 435 of "The Health World" of 789, Eighth Avenue, New York, contains a description of a Remarkable Cure for Deafness and Head Noises which may be carried out at the patient's home, and which is said to be a certain cure. This number will be sent free to any deaf person sending their address to the Editor.

Don't Overlook This:



You can get Cameras & Kodaks from us at the Eastern prices. We keep a large supply and all the Fittings and Chemicals for you to complete pictures.

This is the weather to get one don't delay.

CANADA DRUG & BOOK CO.,
Revelstoke B. C.

MARRIED.

GORDON-WILLIAMS—At the Methodist Parsonage, Revelstoke, by Rev. G. E. Smith, of Kelowna, Joseph Lynn Gordon, of Kamloops, to Anna Elizabeth Williams, of New York.

LOCAL & GENERAL.

The price of coal will be about $10 a ton this winter.

Vice-President Roosevelt took the oath of office as successor to President McKinley.

Remember tomorrow (Saturday) is the last day of our present visit. R. H. Trueman & Co.

F. G. Fauquier was taken by Constable Upper to New Westminster on Thursday.

The Eagle says the Silver Cup will put on 40 men and ship 800 to 1000 tons of ore this winter.

The London and B. C. Goldfields have had yet made the second payment on the Eva bond.

Extra values in Blankets and Comforters at R. Howson & Co's. Large stock just arrived.

D. McCarty has taken a contract for the enlargement of A. E. Solloway's residence on Third Street.

A. McRae has purchased from A. S. Farwell four lots on Front Street, and intends erecting a residence thereon.

A football practice match will be held to-morrow at the Gun Club grounds at 2 p. m. All players are requested to attend.

Manager Phipps, of the Imperial Bank informs us he has heard nothing of the reported opening of a branch of the bank at Ferguson.

Mrs. Smythe is disposing of her furniture. Intending purchasers will please call at the residence on George St.

G. S. McCarter was called to Thomson's Landing on Monday to defend a case which will come before Judge Forin probably next week.

Don't forget the Boston Baked Bean Social at the Methodist Church on Friday, Sept. 27th, at 6 o'clock, admission 25 cents, children 15 cents.

The World lists about papers conducted by Hons. Dunsmuir and W. C. Wells. So far as we know Mr. Wells has not a dollar invested in newspapers.

There is a dangerous hole in the hill on Douglas street, opposite Mr. Sutherland's residence, and it should have the attention of the works committee.

C. Lindmark has been taking round a petition requesting that the present post office arrangements continue instead of the proposed new central office.

Mr. Whymper, the celebrated mountaineer, has been exploring the Ice river country and describes it as forming one of the prettiest mountain valleys he has seen.

W. Fleming, who is hauling out the plant from the Waverley mine for the contractor, J. Kernaghan, expects to have all machinery removed from the mine to the summit this week.

TO THE DEAF.—A rich lady, cured of her Deafness and Noises in the Head by Dr. Nicholson's Artificial Ear Drums, gave $25,000 to his Institute, so that deaf people unable to procure the Ear Drums may have them free. Address No. 821 The Nicholson Institute, 780 Eighth Avenue, New York.

The Province urges the dismissal of the justices who dismissed C. P. R. special police during the strike, and fined a special for intimidation. We regret to find the Province thus joining the tool of the Company's, Mr. Ross, that they tried over the sort of thing should be buried. It would have been well if other justices had the same grit as those whom the Province asks should be dismissed.

The meeting of the city council again lapsed on Friday for want of a quorum. An effort will be made to get a meeting to-night, and if so it will be the first held this month.

Even a good impression won't last forever. The advertiser must keep on making good impressions and the best place to make them is in the columns of the KOOTENAY MAIL.

Readers of progressive newspapers should study the offers for subscriptions for 1902 of the KOOTENAY MAIL, combined with the Weekly Free Press, and the Montreal Star.

The Ladies Aid of the Presbyterian Church purpose holding their annual Thanksgiving Dinner in the Opera house on Thanksgiving Day. Further particulars will be given later.

Coy Menhinnick has closed a deal for the sale of a controlling interest in the Camborne townsite to H. S. Wallace, of Rossland, who will at once assume active management of the townsite.

When packing supplies to the Beatrice one of Mr. Brantford's pack horses, loaded with supplies, went over the Pool creek bridge. The drop is about 60 feet and the horse was killed outright.

As showing the large number of visitors to Revelstoke, we are informed that on Tuesday the Central Hotel was so full that Messrs. Abrahamson were unable to furnish accommodation for all their guests.

A pretty plant for shade and climbing purposes is the wild cucumber, and one of the most successfully grown specimens we have seen in the city is at A. Granat's cottage, alongside the railway track.

Brakeman Boulay, of Revelstoke, had one of his legs badly broken at Salmon Arm on Wednesday while coupling a car. He was taken to Kamloops hospital. Mrs. Boulay left yesterday to visit him.

The magnificent valley of the Beaverfoot river, which runs into the Kicking Horse about midway between Field and Golden, is attracting the attention of settlers, and several parties from Windermere district have taken up land there.

The state funeral of President McKinley took place on Tuesday at Washington. Many women were injured in the crush. The remains were moved to the late president's native city Canton, where the town was draped in mourning.

A. O. Wheeler, D. L. S., recently established a photographic and triangulation survey on the summit of Mt. Sir Donald for the purpose of determining the heights and compiling a topographic map of this portion of the Canadian Alps.

The small boy wanted to take in the circus and the result was a requisition to Principal Sullivan for a holiday. The trustees granted one, recognising the educational value of a wild beast show and the scholars will now have enough subjects for composition to last for some time.

Czolgosz, the assassinator of McKinley, stated that he had been endeavoring for some days to get a chance to kill the president and would have fired more shots had he not been overpowered. His name is pronounced "Shollgosch."

The "secret" of advertising comes very near George Eliot's secret of oratory, which she says, "lies not in saying new things, but in saying things with a certain power that moves the hearers." That power is furnished by the KOOTENAY MAIL.

The Pan-American circus opened in Revelstoke on Wednesday. The show was largely attended. The menagerie was a good one, including elephants, leopards, hyena, lions, cougars, rockaroos, etc. The athletic part of the show included some remarkable feats.

The new hotel at St. Leon Springs is rapidly approaching completion and should be ready for occupation in six weeks. P. Moran has gone down to do the plumbing. The electric wires have been put in place. The dynamo will be located at the hotel, and power generated by water to drive it.

On Saturday morning the news of the death of President McKinley was flashed along the wires. Canada joined with the sister nation in expressions of sorrow, and in this city the flags went to half mast. American citizens who live in our midst placed their homes in mourning, the Stars and Stripes draped with black being noticeable at many houses.

N. T. Edward, who has been prospecting in the neighborhood of Seymour Pass, through which the trail ran in the days of the placer excitement in the Big Bend 35 years ago, informs us that trail is still in very good condition, and a traveller can walk for miles on it. He says the work was a credit to the oldtimers and was far ahead of the trails made nowadays. The trail was built by Ex-Governor Dewdney and was well packed. Mr. Edward says that if the trail came to be required again it could be cleaned out and put in first-class shape for traffic at small expense.

A PURE GRAPE CREAM OF TARTAR POWDER

DR. PRICE'S CREAM BAKING POWDER

Highest Honors, World's Fair, Gold Medal, Midwinter Fair

Avoid Baking Powders containing alum. They are injurious to health

The Imperial Bank has again increased its staff in Revelstoke to its former standard. N. D. Jackes, of Toronto, arrived on Wednesday to take the position of ledger-keeper.

The body of A. Bradley, fireman of the steamer Ethel Ross, was picked up on Thursday last on the shore of Shuswap lake, near where he had been put off the steamer for violence to the captain and cook, at both of whom he fired a revolver. The inquest has been adjourned for two weeks to allow of stomach analysis, as it was alleged accused was drunk, while others say he did not drink.

The two months contract under which the Italians were brought from Boston to work on the C. P. R. having expired, the men refused to work another day. The company hauled them out to Clanwilliam to work on the track there but they came back to the city, where they will remain till pay day. These are the men whom the company had arrested at Calgary and practically forced to work under threat of having them sent to prison if they did not carry out their contract.

A Shocking Calamity.

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Willford, Ark., "his foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by the Canada Drug and Book Store.

CHURCHES.

PRESBYTERIAN.

METHODIST CHURCH.

On Sunday the services will be in honor of the anniversary of the Epworth League. At 10 a. m. will be the love feast conducted by C. F. Lindmark, and at 11 Rev. C. Ladner will preach on the force that moves the world. In the evening J. L. Johnson will speak on what the Epworth League is doing, and Miss A. Smith on what the League is going to do.

Working Night and Day

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brooding into mental power. They're wonderful in building up the health. Only 25c per box. Sold by the Canada Drug and Book Store.

ROD AND GUN.

F. Brown had good fishing at the small lake this side of Clanwilliam.

Constable Upper took a good bag of game in the Eagle Pass the other day.

On Saturday week A. McRae took 17 trout in Silver creek, one weighing 4 lbs.

On Saturday last Revelstoke boys had a high time among the Arth trout at the Twin Tuns, and several large catches were made.

Some good fishing is reported this week. C. Holden took a 5lb. trout in the river at the mouth of the Twin Tuns. Messrs. Ramsay and McKenzie made good baskets at the same place, McKenzie taking two large fish. H. E. B. Smythe also made a good basket there.

Fall Fairs.

The C. P. R. have made rates to the various fall fairs with limits as follows:

New Westminster—tickets sold Sept. 29, 30, Oct. 1, 2, good to return Oct. 7th, round trip $12.35.

SOMETHING FOR THE DEAF.

In consequence of our article, published about a week ago, concerning the recent discovery of a new method of treatment for Deafness, based on external application, we have received a large number of letters asking for additional explanations. We would remind those of our readers who are interested in the subject that they must write direct to the Dronet Institute, 72, Regent's Park-road, London, England. The Institute gives free advice to foreign patients, and the Secretary will gladly send all the information they require to enable them to undergo the treatment in their own homes.

To Rent Payers:

The difference between rent paying and the Birbeck plan of Rent Purchase.

Rent Plan

Pay $10 or $15 per month for the use of somebody else's house for 10 years. At the end of that time the landlord owns the house and money, the rentpayer has a package of receipts.

Birbeck Plan

Pay from $10 to $15 per month for the use of a home for ten years. At the end of that time you own your home and save money ever after.
