## C. P. R. PARTY

### Visits B. C. and Talks of Progress.

SIR THOS. SHAUGHNESSY,
President of C. P. R.

Sir Thomas christened the new hotel the C. P. R. are building at Victoria, calling it the Empress.

Sir Thomas Shaughnessy and party arrived at Vancouver Sunday and left for Victoria. The president says large extensions will be made in the Similkameen with the object of connecting with Midway. The C. P. R. expects to run trains into Spokane next year on the traffic arrangement with D. C. Corbin. He says he never heard of the proposed purchase of the Bellingham Bay line into Seattle, and knows nothing about the Winnipeg report of the offer of $70,000,000 for lands in the Northwest.

W. WHYTE,
Second Vice-President C. P. R. and General Manager western lines

The party arrived in Revelstoke Thursday morning on the return trip and left for the south immediately on arrival. Their special train consisted of the cars Manitoba, Cornwall and York, the two latter having been specially built for the accommodation of the Duke of Cornwall and York on the occasion of his visit to Canada.

## TOURIST ASSOCIATION

### Meets Passenger Agents Association Officers.

A committee of the Tourist Association waited on the members of the Passenger Agents Association on arrival of their special train at Revelstoke Wednesday evening, and discussed with several of them the best means of promoting travel by tourists in this section. Mr. Coyle, passenger agent of the C. P. R., strongly urged the association to devote their attention to two features of the district to start with—the steamer trip up the Columbia River and the Cougar Basin caves.

The party stopped the night at Revelstoke so as to obtain a good view of the mountain scenery during the day. They expressed themselves delighted with the hospitality shown them by the C. P. R.

The California contingent of the Association returned Friday night, when the committee arranged to meet them and take steps to circulate literature explaining the attractions of the Revelstoke district for tourist traffic.

### IRISH GUARD'S BAND.

The Globe says: "The band of the Irish Guards have made a popular conquest, and requests for concerts by them have come from dozens of towns in Canada. Lord de Vesci, who is in command of the band, cabled for permission for the musicians to remain in Canada two extra weeks. The original leave was ten weeks, and this in all probability will be increased to twelve."

## BOARD OF TRADE

### Telegraphs, Fairs, Fruit Growing, River Protection and Telephones.

An important meeting of the Board of Trade was held last evening. The first matter was the location of the C. P. R. commercial telegraph office in the business centre. It was pointed out there was no room in the new station for this business, and as the change would have to be made, now was the time to urge it.

It was stated Mr. Fernau, manager of the Frank zinc smelter, had been in the city and made arrangements for the purchase of zinc ores and properties and would assist prospectors financially in the development of probable shippers of zinc ores.

The matter of encouraging the fruit growing industry was discussed and it was understood the Board should take the matter up.

Organising a fair for Revelstoke next year was also considered.

It was decided to ask the Express Company to have their offices connected with the city telephone system.

The necessity of a machine shop and foundry for the city was mentioned in view of the number of mills in the vicinity, and the inconvenience resulting from having to send out for castings and repairs. The Board will take steps to secure the erection of such a shop in Revelstoke.

It was stated the river bank had caved in so much below the mattrass work as to prove a menace to the city, and Messrs. Floyd, McRae, Brown, McCarter and Lewis were appointed a committee to wait on the dominion engineer and urge the speedy construction of the groin to divert the river to the new channel.

## WEDDING

### Of General Supt. Marpole and Miss Holmes.

Victoria, Sept. 16.—A social event of more than usual interest took place here this evening when R. Marpole, superintendent of the western division of the Canadian Pacific railway, was united in marriage to Miss Anna Isabel Holmes, daughter of Colonel Holmes, D. O. C., military district No. 11.

The event took place at the residence of the bride's parents at 8 o'clock tonight. The ceremony was performed by Rev. W. Leslie Clay.

The bride was given away by her father, and was supported by Miss Brignall, of Vancouver, and her sisters, Eva and Naomi. Mr. Marpole was supported by E. R. Ricketts, of Vancouver. The ceremony was followed by a wedding supper after which the newly married couple went on board Dunsmuir's yacht Thistle, which has been placed at Mr. Marpole's disposal by Mr. Dunsmuir, and in which they will make a tour of the Sound.

## NEW SAWMILL

### Revelstoke Lumber Company Will Re-build at Big Eddy.

It is practically decided that the Revelstoke Lumber Company will rebuild their mill at the Big Eddy, and construction will begin at an early date. The location of the new mill will be a little east of the old site. The manager of the company, C. F. Lindmark, left for the east Wednesday to complete arrangements for construction. The people of Revelstoke will be delighted to hear the good news and wish the company all success in the re-establishment of their industry.

## Y. M. C. A.

When Sir Thos. Shaughnessy, Mr. Whyte, second vice-president, and the party of C. P. R. directors passed through Revelstoke last week a committee of the Y. M. C. A., consisting of Messrs. C. B. Hume, R. Howson and B. K. Atkins waited on them regarding the grant of a site for the institution. On the party returning Thursday they again waited on them and Mr. Whyte advised them the executive had passed a resolution granting them six lots on First St., opposite A. E. Kincaid's residence.

A meeting will be held immediately to consider going on with the building, or at least a part of it, this fall.

## NEW COMPANY

### Formed to Start Iron Works and Build Stump Burners.

The Adair Manufacturing Company has been organised with a capital of $75,000 to erect iron works in Revelstoke and manufacture the patent Adair Stump Burner. This stump burner is now the subject of public tests in Revelstoke and much interest has been evinced in it. The apparatus works well and is likely to be a great aid in the clearing of land, besides much reducing the cost, as one man can attend to 15 of these burners, and a burner will clear out an average stump a day.

The burners are fitted with top and side draft, and by means of the top draft the heat can be thrown into the roots which are well burned out. One of the machines now being tested has burned out 62 stumps.

The company will establish a foundry and iron works, and undertake the manufacture of air tight heaters as well as burners.

Improvements will be made in the method of manufacture of the burners for which there promises to be a big demand as they will revolutionise the clearing of timbered land.

## TOWNSITE DEAL

### Local Men Acquire Entire Interest in Smelter Townsite

Yesterday a deal was closed by which T. J. Lendrum, representing the English interests in the Smelter townsite, sold out to Messrs. McCarter, F. B. Lewis, Kincaid and Kilpatrick, so that the townsite is now owned entirely by local men, who intend opening it up; laying out the portion of the property not yet subdivided into lots of one, two and five acres, suitable for homes, fruit farms &c.

It is the intention of the company to handle this townsite in the best interests of the city, and as it comprises land well suited to the purpose it will no doubt be rapidly taken up.

## DOMINION TIMBER.

### A Successful Fire Prevention Policy.

Mr. Stewart, Timber Inspector for the Department of the Interior, was in the city this week. To Mr. Stewart is due the credit for devising the method of protecting the Dominion timber limits from fire which have worked so successfully during the past two seasons, saving millions of dollars worth of timber from destruction.

In British Columbia Mr. Leamy, Crown Timber Agent, had an anxious time of it during the two months spell of dry weather but the precautions he took were attended with great success, and the administration of the Dominion Timber Department, should be an object lesson to the provincial authorities, who allowed much valuable timber to be destroyed during the past two years without any reasonable attempt to save it.

### HAROLD NELSON IN PRINCE OTTO.

### A Great Production of Mr. Otis Skinners' Famous Play.

Mr. Harold Nelson will be seen at the Opera House on Sept. 30th, in his latest success, Prince Otto. This stirring romantic play was dramatized from Robert Louis Stevenson's novel of the same name by that cultured and noted actor Otis Skinner, and by him presented with great success. Mr. Nelson went to New York this summer and secured the right to play from Mr. Skinner, together with designs for the costumes and scenery. The plates have been very closely followed, and the entire production is very complete and beautiful, fully maintaining the high Standard Manager Walker has established in this matter.

The story of the play is interesting to a degree, and told with rare grace and skill.

In the title role Mr. Nelson has ample opportunity for fine acting and beautiful reading.

Mr. Clifford Lane Bruce, the popular young leading man of the company, also has a strong part.

Miss Helene Scott and Mr. William Blake, two of the most talented members of last season's company, have been retained and will be seen to advantage in Prince Otto.

The new members were carefully selected by Mr. Nelson, who feels that he has the best supporting company of his career.

It doesn't matter whether a man runs his business on a great thoroughfare, in the heart of the city, or on some side street. If he will give the public a little better than his competitor and let the people know it, he will do business. The best medium to tell the people all about your business is the KOOTENAY MAIL.

UNION LABEL

SATURDAY, SEPTEMBER 23, 1905

To the credit of the French-Canadian press, it is denouncing in unmeasured terms the attacks made on the Salvation Army at Montreal.

Vancouver is excited over the discovery of arsenical iron carrying gold and copper values on Bowen Island. There is lots of that ore in the Big Bend, but Revelstoke doesn't get excited over it.

We congratulate our esteemed contemporary, the Victoria Times, on the installation of one of the best and most up-to-date newspaper presses in Canada. Under the able management of Mr. Nelson, the Times has forged steadily to the front, and is one of the best conducted and most enterprising newspaper offices in Canada.

Great credit is due to King Edward, of England, for the excellent work he has done in bringing about better relations between Norway and Sweden. The civilised world would have viewed with the deepest regret any such thing as war between these countries, so closely affiliated with one another, and the news that an amicable settlement is being arrived at, as the result of the intervention of the head of the British nation, is a matter for jubilation.

## GOOD NEWS.

The news which we publish in another column of the move of the C. P. R. to improve the service between Revelstoke and south Kootenay points is of great importance to this section. The change that is made by running a through train and boat service between Revelstoke and Nelson will place the C. P. R. in a better position than the Great Northern railway to handle the South Kootenay passenger traffic, and will aid in making Revelstoke the great transportation centre which it is destined to be. If the C. P. R. would only give Revelstoke reasonable freight rates, this city would soon become the commercial centre of the interior, and in fact the Spokane of British Columbia.

# THE FALLS

## A Suitable Name Wanted, and Prize Offered.

The Tourist Association want an appropriate name for the beautiful falls on Eight Mile Creek, and which they intend to make an attractive resort for citizens and tourists. The MAIL invites suggestions of a name for these falls and the suggestions will be published in each issue till Oct 31st, when the list will be closed.

A popular vote will then be taken on the names suggested

The prize will be awarded to the first person suggesting the name receiving the largest number of votes. Those suggesting names will please fill in and return to this office the attached coupon.

NAMING COUPON.

Suggested name of Falls .....

Name of person sending suggestions .....

Address .....

Date .....

## A FIELD OF PROMISE.

We ask the attention of prospectors to a section of country that appears well worth exploring. At the headwaters of Downie Creek, the north fork of the Illecilliwaet, and south fork of Carnes Creek, there appears to be the crater of an old volcano, on one wall of which rises one of the most prominent peaks of the Selkirk mountains, Morris Peak. This mountain is capped by porphyry. There are strong evidences of eruptive action there and the mineral prospects are good. The croppings in the vicinity indicate copper-gold ores. There is every reason to believe that prospectors who care to give this section attention might achieve good results. The Standard mine is associated with this mineral belt and the satisfactory way in which it is developing indicates the possibility of large ore-bodies being found in that vicinity. Much of the country around Downie Creek is unexplored, though good mineral prospects have been found in several places. The mineral development of the Big Bend means much to Revelstoke and it would pay our citizens to put money into the thorough prospecting and exploration of that country.

## UNITED OR DIVIDED.

Joseph Martin is a man of surprises. With a public career beyond reproach his utterances always command attention. Though hitherto associated with the Liberal party he has for some time manifested dissatisfaction with that party but that dissatisfaction arises rather from personal feuds with prominent members, as Clifford Sifton, Ralph Smith and Senator Templeman, than with the party itself. Mr. Martin also chafes under his rejection as the leader of the party in this province. A man of marked ability, his value is undoubted to whatever party he may become associated with, though he has unfortunately the knack of making enemies within his own circle of public supporters.

Well, Mr. Martin went to Winnipeg and denounced both the Liberal and Conservative parties. He urged the organisation of a third party. He declared that as the parties now stood there was nothing to choose between them. But the burden of his complaint was that Quebec influence was dominating the whole dominion and he urged the arousal of public opinion against it. He further characterised Sir Wilfred Laurier as a very ordinary man.

When Mr. Martin lends himself to a position of that kind we venture to say he takes a stand which cannot but be inimical to the best interests of Canada as a nation. Sir Wilfred Laurier is everywhere recognised as a broad-minded man, of the highest patriotism and public integrity. His greatest ambition is to see the affairs of the nation administered with credit to the party in power, of which he is the leader. Mr. Martin's attack on him will be felt generally to be unwarranted and merely the result of the bitterness existing between himself and prominent members of the party.

On the question of Quebec influence, Mr. Martin raises a grave issue. If his position means anything it means that the Protestants and Catholics of Canada should become ranged in two great factions, or the third party he advocates. Such condition of things would make Canada a hell of bigotry, fanned by the worst fanatics on both sides. It might result in civil war, the degradation of a young and thriving nation, and the setting back for centuries of the hands of time.

Mr. Martin's allegation that Quebec is running Canada as a whole is absolutely untrue. Those who know the French-Canadians best know they are a generous people. They were the pioneers of Canada, and as such their rights should be recognised by all. They have given Canada a premier of their own blood who commands the esteem not only of all classes in Canada, but of the whole empire, and the nation may well feel proud of him and of his record. The days of hierarchical rule in Canada are ended, and that condition was brought about, not so much by the action of protestants as by the French-Canadians themselves. While the ideal state demands one language, one people, one destiny, it must be remembered the French-Canadians are a proud people, whose nationality is as dear to them as is that of the Englishman, Scotchman or Irishman. They exacted their right to retain their language and that right should be honorably respected by every subject of Canada of whatever religion or nationality.

The French-Canadians are loyal to the British flag because of the liberties extended to them under its protection, and the man who suggests the curtailment of these liberties and recognised constitutional rights is an enemy to the nation. Mr. Martin's views will find support in those who are narrow-minded and bigoted, but to the broad-minded intelligent citizen, who wants to do to others as he would be done by, these views can have no attraction or support. It must be remembered that when the French-Canadians were in the majority in Canada, and might have acted the part of tyrants had they wished, they extended to those of other nationalities and religions the widest liberties, and in these days, when conditions are reversed, the people as a whole should show their appreciation of that fact and determine to be just and keep faith with their French-Canadian fellow citizens.

## LUMBERING.

Milligan's camp, on the Spillimacheen, was burned and 20,000 logs, the property of the Columbia River Lumber Co., destroyed.

Vancouver sawmills, which have been dabbling in shingle manufacturing as a side line, will go out of the business and devote their attention entirely to lumber.

## Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists

Three Fashionable

Diamond Die Colors

For Renewing

Faded and Discolored Suits and Fall and Winter Overcoats For Men and Boys.

Diamond Dye Fast Black for Wool, Diamond Dye Fast Navy Blue for Wool, Diamond Dye Fast Seal Brown for Wool, are always fashionable autumn colors for your husband's and son's coats, vests, trousers, and fall and winter overcoats.

Coats, vests, trousers and overcoats that are faded and dingy can be made to look as good as new when you use the celebrated DIAMOND DYES in the colors above mentioned. Many families save scores of dollars each year by using DIAMOND DIES.

Do not allow any dealer to sell you weak, crude and dangerous dyes with fancy names. Such package dyes are snares and delusions, and are sold only for the benefit of the merchant who handles them, as they pay large profits. Wise and prudent women always insist upon getting the DIAMOND DYES, sold at 10 cents, same price as the worthless dyes. If your dealer cannot supply you, send money and state colors wanted, and Wells & Richardson Co., Limited, Montreal, P.Q., will send you the dyes by mail.

## The Ideals of a Great Musician.

It is most interesting to hear recounted the life history of a great musician: one who has been born, and brought up among the giants of the musical world: who cannot but have absorbed a large portion of their genius. Herr August Wilhelmj, who is a recent addition to Toronto's list of music artists, tells just such a story—Born in Wiestaben, Germany, the son of the great English violinist, teacher and specialist of the same name,—the favored pupil of Bordogni in Paris and a pupil and friend of such masters as Meyerbeer, Chopin, Liszt, Gounod, he speaks of Schuman, Rubinstein and Wagner as people with whom he and his family were on greater term of intimacy.

That such an artist as Wilhelmj should have ideals regarding pianos is only natural as he is familiar with all the German, English, American and other makes. What he says, therefore, in regard to the New Scale Williams Pianos has additional force, especially when he speaks of it as ideal as an accompaniment to the voice.

The New Scale Williams Piano is recognized as the latest product of musical genius, the greater piano of Canadian make, but the Williams Piano Company can well afford to regard Herr Wilhelmj's high opinion as a crowning reward of their painstaking efforts to make the New Scale Williams the very best possible.

Herr Wilhelmj writes as follows:—

"Permit me to congratulate you on your great achievement in the production of the New Scale Williams Piano. As an accompaniment to the voice, it is simply ideal. The Scale is even and balanced throughout with a tonefull and round, possessing a superior singing quality. Yours very sincerely,

**August Wilhelmj.**

# FREE TRIP

TO THE

# DOMINION EXHIBITION

The Mail offers a free trip, including traveling and hotel expenses for two days at New Westminster, to the most popular married or single lady in the district extending to Golden East, to Sicamous West, and between the City of Revelstoke and Nakusp. The lady to whom the trip will be issued is to be selected by a popular voting contest on the following conditions:

Each person remitting $1.25 in payment of a half-year's subscription to the Mail is entitled to 25 votes.

Each person remitting $2 in payment of a year's subscription to the Mail is entitled to 50 votes.

Each person remitting $3.50 in payment of a two years' subscription to the Mail is entitled to 100 votes.

Each person remitting $5 in payment of three years' subscription to the Mail is entitled to 250 votes.

Remittances will be accepted in payment of new subscriptions, renewals or arrears.

The votes must be recorded on the attached coupon and will be treated confidentially.

The voting competition will close at noon on Monday, September 25th, and the votes will be counted and the award made by an independent committee of citizens immediately thereafter.

Dressmakers know the importance

of little things. It's the little things that make or mar the big ones.

Belding's Spool Silk is one of the little things that saves dress-makers and tailors a world of trouble. Twisted evenly—spooled carefully—free of knots, kinks and weak spots.

Belding's Spool Silk

is the strongest, smoothest sewing silk for hand and machine work.

Every shade, tint and color for all kinds of sewing.

When you buy, buy BELDING'S.

5000 TELEGRAPHERS NEEDED

Annually, to fill the new positions created by Railway and Telegraph Companies. We want YOUNG MEN and LADIES of good habits, to

BY ROYAL WARRANT, MILLERS TO H.R.H. THE PRINCE OF WALES

## The "Royal Household" Brand on Flour is your protection.

The "Royal Household" brand on a barrel or bag of flour means that Ogilvies guarantee that flour to be *the best*—that if it is not satisfactory you may return it and get your money back.

Ogilvies stand behind every pound of flour that bears their "Royal Household" Brand.

That is your protection.

Most people do not realize the necessity of absolute purity in flour—great care is taken to use only pure milk, pure water, etc., but flour, that one thing that forms the greatest part of their food, is taken on chance—but they are learning better.

As Royal Household Flour is the only flour in this country thoroughly purified and sterilized by electricity is it not worth while to give it at least at trial.

It bears the stamp of the most responsible makers. You can have no better guarantee than the Ogilvie Flour Mills Co.

# MINING MATTERS

## ASHCROFT COPPER CLAIMS.

### Bonded by Smith Curtis and Transferred to Trail Smelter

One of the most important mining deals in the history of Ashcroft, and one that will do much to bring that town and the rich mineral district adjacent to it before the eyes of investors, was closed on Saturday, when Smith Curtis took up the option he held on the Transvaal group of copper claims in Highland valley, 20 miles from Ashcroft.

The terms of the working bond, as generally understood are that Mr. Smith Curtis is to expend the sum of $8000 in six months, and if satisfied with the property at the expiration of that time is to pay the owner $75,000.

Mr. Curtis in turn has transferred his bond to John Turnbull of the Trail smelter, who is also a representative of the C. P. R. The price paid by the Turnbull bond is said to be $100,000.

## DRIFTS.

The contract for the Beatrice tunnel has been let to J. Lade.

R. T. Ward, of Cariboo, is forming a company to prospect petroleum lands located by him in Cariboo.

The Trail smelter is shipping two tons a week of silver to China for coinage.

The melting of a glacier has revealed a body of high grade copper ore at head or Horsethief Creek, above Wilmer.

The Canadian Metal Company, which will operate the zinc smelter at Fernie, will also operate its own coal and zinc mines.

The Ward Hydraulic Co's cleanup for a little over thirty days at Cariboo amounted to over $10,000, and the ground where they stopped was very rich.

The galena strike at Seymour pass has attracted a lot of attention. M. K. Rogers, of the Nickle Plate mine, examined the properties, and they have since been bonded to J. A. Haralason, a mining expert from Mexico.

## P. BURNS & CO.

### Incorporate and go Into Elevators and Mining.

The Canada Gazette contains the incorporation of "P. Burns & Co. Limited." The head office to be at Calgary and capital stock $2,000,000. The company is authorized among other matters to carry on a ranching and farming business, to deol in meat and manufacturers thereof, to build elevators and carry on an elevator and storage business; to mine develop minerals.

# McBRIDE GOVERNMENT

### Play Low Down Political Game

The Cranbrook Herald says: "Our property is taxed regardless of our political affiliations, taxed so much in fact that this district is yielding to the government, from the liberal and conservative, alike, over $100,000 a year, and yet for the sake of political revenge, for that purpose of preventing any credit being given to the liberal member, this district is being retarded in its growth for the lack of governmental expenditures that should legitimately be made here.

The roads and trails are being neglected. The streets in the different towns are given no attention. The government officials are transacting their business in crowded hovels that would be a disgrace to a dynasty on an island in the South seas. The question that everyone must ask himself is, is this fair?" It certainly is not fair, but it is only another instance of the way in which the present heads of the first conservative government in British Columbia, McBride and Green, believe the political game should be played."

## FARM AND ORCHARD.

Thos. Cunningham, fruit inspector, says: "The largest and best tomato farm on the Pacific coast is that of Gelatly & Sons in the Okanagan valley. They exported last year 14,000 crates of tomatoes. Thomas Earl, of Lytton, will have 40,000 pounds of grapes this year for export. In the Similkameen I found all of the finest grades of European grapes growing to perfection. I never saw such large clusters, they were a foot in length. These facts show the great superiority of our soil and climate for fruit raising."

An exceptionally heavy crop of pears was grown by T. W. Stirling, and an acre and a quarter of Bartlett pears gave a return of over 16 tons, while off an acre of Bradshaw plums 12 tons of fruit was picked. This is a crop that will be hard to beat. Taking the pears at their present price it means a return of over $900 per acre, and the plums in the neighborhood of $1000 per acre.

John Lawson's garden on McKenzie Avenue has trees which produce excellent crops of fruit, and this season apples picked from these trees have been shipped to Winnipeg by the barrel.

You can have the KOOTENAY MAIL and Family Herald and Weekly Star from now till January 1st, 1906, for 50c, or two papers for less than the price of one. Send your order to the MAIL Office.

# TARIFF COMMISSION

Nelson, Sept. 16.—Ministers Fielding, Paterson and Brodeur of the Laurier Cabinet, tariff commissioners, inquired exhaustively into the lead and lumber questions.

LEAD DUTIES.

F. W. Jones, of Golden, and F. E. Sine, of the Bowman Lumber Co., attended on behalf of the lumbermen from this end of the district.

The Nelson Board of Trade's memorial set forth that the revival of lead mining was wholly due to the lead bounty, that these advantages would be lost on the expiry of the bounty two and a half years hence, and prayed for a regular duty on pig-lead, and asked for extra duties on red lead, litharge and other manufactured product of lead.

James Cronin stated capital was deterred from entry owing to the transience of the lead bounty.

J. J. Campbell, manager of the Hall mines smelter, explained his smelter charges were lower than those of the States.

George Huston, of Sandon, said the Slocan had not benefited from the bounty. The natural market of lead was the United States, from which it was cut off by the action of the Canadian Pacific Railway and the smelter at Trail. The American smelter trust had ceased to buy before the bounty was granted, but this was because there was a temporary surplus.

LUMBER.

F. W. Jones, of Golden presented a strong case and denied there existed a combine of millmen west of the Great Lakes. That had ceased. American competition on rough lumber was getting keener. Last year it amounted to 82,000,000 feet. It was therefore necessary to put on the old duty of $2 per thousand taken off by the Conservative Government in 1896 because the Americans had taken off their $2 duty on Canadian lumber. Americans had since reimposed that duty. Canada ought to do likewise.

Commissioner Fielding stated the total output of lumber west of the Great Lakes last year was 850,000,000 feet. The total import was therefore only one-tenth of that amount. Hence, Canadians had 90 per cent. of the market.

Ald. Heaps, of Vancouver, complained of cheaper and better labor on the American side.

Senator Templeman, who had a seat on the board by courtesy of the commissioners, elicited the fact that Chinese and Japanese were largely employed on the Canadian side, but not on the American. No Chinese were used, and only a few Japanese comparatively. The Hayward mill on the coast was worked mostly by oriental labor.

HON. W. S. FIELDING,
Minister of Finance.

The chairman of the commission, Hon. Mr. Fielding, is next to Sir Wilfred Laurier, the most important member of the cabinet. It is an open secret that he is slated to succeed the present Prime Minister, and he is undoubtedly the ablest representative of the Liberal party. His training has been severely practical, and with many personal qualities to recommend him, he has taken a position which has placed him easily in the lead as successor to Sir Wilfred.

## FLOTO SHOWS.

The Floto Shows greatly upheld their reputation in the performance given here on Monday. For once people got just exactly what was advertised, and notwithstanding the inclement weather, attendance was good. The menagerie proved an attraction and it was plainly seen how well trained and looked after the animals were.

Feats on horseback by both ladies and gentlemen were good, but the hit of the evening was the Japanese acrobatic troupe. Their performances were remarkable and drew great applause.

Altogether the show was a decided success.

# HOME BUYING

### Its Advantages over the Foreign Department Store.

The Trade Journal republishes the following letter from a believer in home buying to a department store:

"I do not believe in buying my goods in Chicago, distant some three hundred miles from home. I can get my goods within one hour's drive of my farm and enjoy the satisfaction of inspecting these goods, which privilege is worth more than the slight difference in cost. Furthermore, if I send to you for goods you expect the cash to accompany the order, or you refuse to send the goods and I am therefore paying for goods that I have not had the opportunity to see, which to any sane man is rather an unbusiness-like proposition.

Here at home I am able to obtain goods from my home dealer on several months time, often without payment of a cent of interest, which no catalogue house I know of will do.

I am satisfied that if our home dealers could do a strictly cash business as you do, they could sell goods as cheap as any catalogue house on earth. We who are obliged at times to ask for more or less credit would certainly be very unreasonable to give that portion of our trade only to our merchants and send what cash we do have to concerns like yours, who are no benefit whatever to our community. We should be willing, in fact, to pay a little more for what we have to buy, when we must realize that the difference in the price is simply our just portion towards building up our community and maintaining the thriving cities and towns that have made our life worth living, and most decidedly increased the value of our farm lands. Moreover I certainly do not believe in contributing towards the establishment of more "trusts." We certainly have "trusts" enough to contend with at the present time without making any more, and are simply assisting to establish a trust when we persist in sending all the surplus cash of the country to you, doing it at the expense of our own merchants, and therefore our own welfare."

# THE CAVE

### Discovery of Further Extensive Caverns.

Warren Andrews spent some days with C. Deuchsman at the cave, and while there they made further explorations which revealed new and extensive caverns, one of which was so long they think it must have covered two miles. These caverns are large, and they were able to walk through them comfortably with the exception of three places. They were unable to see the top of the big cavern by the magnesium light but think it must have been 600 feet deep. They found these new portions of the cavern more beautiful than anything hitherto discovered, and found places where there were beautiful stalagmites and stalactites.

APPLICATIONS FOR TIMBER LICENSES, SEPTEMBER 7th, 1905.

TAKE NOTICE that thirty days after date we intend to apply to the Hon. Chief Commissioner of Lands and Works, for a special license to cut and carry away timber on the following described lands on Arrow Lakes:—

Number One.

Commencing at a post marked "Y. C. L. Co., north-west corner post," on the north side of Fosthall Creek, below the forks, and just east of special license 5327, running thence east 160 chains, thence south 40 chains, thence west 160 chains, thence north 40 chains to point of commencement.

Dated September 7th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Two.

Commencing at a post marked "Y. C. L. Co., south-east corner post," about eight miles up Fosthall Creek, on Arrow Lakes, and running north-west of license 5279, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 28th, 1905
YALE-COLUMBIA LUMBER CO., Ltd.

Number Three.

Adjoining application No. 2 on the east, on the north fork of Fosthall Creek just north of small branch coming in from west side of creek. Commencing at a post marked "Y.C.L. Co., south-west corner post," running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 27th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Four.

Commencing at a post marked "Y. C. L. Co., south-east corner post," on the south branch of Fosthall Creek, about seven miles from Arrow Lake, running thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement.

Dated August 25th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Five.

Commencing at a post marked "Y. C. L. Co., north-east corner post," about six miles from Arrow Lake, on south branch of Fosthal Creek, about one-half mile above the fork running thence south 80 chains, thence west chains, thence north 80 chains, thence east chains to point of commencement.

Dated August 28th, 1905.
YALE COLUMBIA LUMBER CO., Ltd.

Number Six.

Commencing at a post marked "Y. C. L. Co., south-west corner post," lying north-east of application No. 5, and south-east of special timber license 5279, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement. This land lies just north of special license 5327.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd

Number Seven.

Commencing at a post marked "Y. C. L. Co., south west corner post," on the north branch of Fosthall Creek about nine miles from Arrow Lake, running thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated August 28th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

Number Eight.

Commencing at a post marked "Y. C. L. Co., south-west corner post," on north branch of Fosthall Creek, about 8½ miles from Arrow Lake, on the west side of the stream, running north 80 chains, thence east chains, thence south 80 chains, thence west 80 chains to point of commencement.

Dated September 5th, 1905.
YALE-COLUMBIA LUMBER CO., Ltd.

### A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

## NOTICE.

In the matter of LARS HALVORSON, deceased, and in the matter of the Official Administrators Act.

NOTICE IS HEREBY GIVEN that by order of His Honor J. A. Forin, Local Judge, dated the 12th day of September, 1905, George S. McCarter, Official Administrator for that part of Kootenay County comprised within the Revelstoke Electoral District, has been granted letters of administration, to administor all and singular the estate of Lars Halvorson, deceased, intestate.

AND FURTHER TAKE NOTICE that all CLAIMS upon the said estate must be sent in to the said Administrator, at his office, Imperial Bank Block, Revelstoke, B.C., within 30 days from the date thereof, after which time all proceeds will be distributed among the parties lawfully thereunto entitled.

N. T. EDWARDS.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in West Kootenay district:—

Commencing at a post marked "N. T. Edward's south east corner post," and planted one mile west from section 6, township 3, on Soda Creek, Big Bend, thence north 160 chains, thence west 40 chains, thence south 160 chains, thence east 40 chains to the point of commencement.

Dated this 25th day of August, 1905.
N. T. EDWARDS.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from section 17, township 4, on Jordon River, Big Bend, West Kootenay district.

Dated this 26th day of August, 1905.
N. T. EDWARDS, Locator.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from section 20, township 4, on Jordon River, Big Bend, West Kootenay district.

Dated this 26th day of August, 1905.
C. ABRAHAMSON,
per N. T. EDWARDS, Agent.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from section 19, township 4, on Jordon River, Big Bend, West Kootenay district.

Dated this 26th day of August, 1905.
C. ABRAHAMSON,
per N. T. EDWARDS, Agent.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from section 29, township 4, on Jordon River, Big Bend, West Kootenay district.

Dated this 26th day of August, 1905.
N. T. EDWARDS.

NOTICE IS HEREBY GIVEN that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from section 28, township 4, on Jordon River, Big Bend, West Kootenay district.

Dated this 26th day of August, 1905.
C. ABRAHAMSON,
175-39 per N. T. EDWARDS, Agent.

THIRTY DAYS after date we intend to apply to the Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands:

Commencing at a post planted about one hundred chains from the shore of Galena Bay in Upper Arrow Lake, on Big Creek, and marked "Big Bend Lumber Company's North-east Corner post," thence west 40 chains, thence south 160 chains, thence east 40 chains, thence north 160 chains to point of commencement.

### MARRIED.

MURRAY-KALLBERG—At St. Peter's Church, on Saturday, Sept. 16th, by the Rev. C. A. Procunier, William Murry to Miss Sophia Kallberg, both of Revelstoke.

### DIED.

DANIELS—At Revelstoke, Sept. 20th, Ada Taylor, beloved wife of Mr. A. G. Daniels, aged 37 years.

## Local and General.

Chas. Schilling was drowned at Penticton while boating.

An organ is being added to the Malakwa school.

The Standard Oil Trust have raised the price of oil half a cent a gallon and gasoline a cent a gallon.

The collection at the Harvest Thanksgiving service at Malakwa was donated to Revelstoke Hospital.

An order-in-council has been passed appointing Thursday, 26th October, for Thanksgiving day.

Three men were killed and four injured by falling 100 feet from a new Catholic church at Montreal.

The Ottawa Citizen supports W. A. Galliher, M. P., for the Lieutenant-Governorship of B. C.

J. P. Morgan has put in a compressed air hairdressing and massage equipment at his barber's shop.

M. Jagers was found dead on the Ashcroft road, having fallen from a wagon and fractured his skull.

A. E. Kincaid has purchased H. Anderson's house on Fifth Street and has moved there from his present residence on First Street.

An order is passed fixing the 24th of May for the celebration of the King's birthday instead of the 9th of November.

The valuation of the city of Revelstoke showed a substantial increase during the year amounting to about $75,000.

The government are repairing the Downie Creek bridge and by last trip of the steamer sent up a pile-driver to aid in the work.

"Volcanic" Brown is reported to stipulate in the deeds of his townsite that no churches or saloons shall be built on the lots.

Owing to a tree falling on it, Mr. Kinman's big logging engine at Three Valley has been put out of business till he can get new parts from Seattle.

J. Robertson, a section hand on the C. P. R. was struck by an east bound train while going over the road on a speeder, but escaped with little injury.

The Gazette notice appointing school holidays for the exhibition applies only to the schools west of the Cascade Mountains and not to the schools in the interior.

The Dominion Exhibition opens at New Westminster on Wednesday next, Sept. 27th, continuing until October 7th. Fare for the round trip from Revelstoke is $12.35.

The Assizes will be held at Revelstoke on Oct. 3rd, and Sheriff Law is busy getting out the jury list. So far there is only one criminal case down for hearing, that against Siriana for shooting.

We have first-class authority for the statement that the Ogilvie Milling Company intend establishing a large flour mill at the Coast with a view to handling the business of the Orient and Australia from that point.

Ole Sandberg, Dr. Newcombe and F. C. Elliott, owners of the Lanark mine at Laurie, have bonded the property to Messrs. Nelson, Mason and J. G. Macdonald, who intend organising a local company to develop it.

The many friends of Mrs. Stone, senior, will regret to learn that on Thursday evening she broke one of her legs by falling down the cellar stairs, and had to be removed to the hospital. She is about 60 years of age.

C. M. Field has a valuable collection of coins, some of which are 2000 years old. These formed part of the collection of the poet Cowper, who had one of the most valuable aggregations of coins ever got together. Mr. Field's native place in England was formerly the home of the poet Cowper.

Miss Jobe, who was one of the party of American botanists who spent the summer in the Big Bend, writes: "I cannot tell you now much we who have left you long for the mountains. You have a wonderful country and a people who deserve it. With gratitude for your kindness, Mary L. Jobe."

The Board of Trade have asked the Dominion government to arrange for A. O. Wheeler, of the Topographical Survey, spending next season in the Big Bend to report on the mountains and glaciers there and secure photographs of same with a view to attracting the attention of tourists to that section.

On Wednesday the sad death occurred of Mrs. Daniels, wife of A. G. Daniels, with whom the keenest sympathy is felt in his bereavement. Deceased was 37 years of age and leaves several children. The funeral took place yesterday from St. Peter's Church, and was largely attended. Rev. C. A. Procunier conducted the funeral services.

W. C. Wells has sold his Palliser mills and timber limits to the Dickason-Goodman Lumber Co. of Kansas City, which takes over the business on Oct. 1st. The new owners intend to extend the business and establish a chain of lumber yards of their own in the northwest. Mr. Wells intends taking up his residence at Vancouver.

Hons. W. S. Fielding, Minister of Finance, Hon. P. Brodeur, Minister of Inland Revenue, and Hon. Senator Templeman arrived in the city yesterday. Senator Templeman went west but Messrs. Fielding and Brodeur remained till this morning, when they went to Banff. They were called upon by many citizens during their stay.

Passengers from the south did not get into Revelstoke on Thursday, their statement being that Sir Thos. Shaughnessy took the steamer for an excursion trip on the lake with his party and left the passengers, who are making heavy claims on the company for damages at the result. They were very indignant at the treatment they received. It is very unlike the C. P. R. to treat its passengers thus and there must surely have been some misunderstanding.

### RAIL AND STEAMER.

C. P. R. Engineer Stingley has arrived from Eholt to take up his residence in Revelstoke.

Four corps of engineers are busily engaged locating the new railway line between Midway and Vernon. The most difficult part of the engineering work will be the crossing of the divide between the headwaters of Mission Creek and the Kettle River.

James McNeity passed through from Vancouver this morning to attend the annual convention of machinists which meet at Winnipeg on Tuesday. Theo. Wadman joined him here to represent the Revelstoke district at said meeting.

An important change in the C. P. R. passenger route between Nelson and Revelstoke, which has been under consideration for some time, will go into effect at an early date. Passengers will leave Nelson at 7 a. m. arriving at Revelstoke at 4.45 p. m. same day, and passengers from Revelstoke will arrive at Nelson about 7 p. m. The new arrangement will shorten the trip between Nelson and the Coast by twelve hours.

## Social & Personal.

Mr. and Mrs. E. A. Bradley left Sunday for the east.

Mrs. R. Laughton arrived back on Monday from a trip to Kamloops.

A meeting of the Ladies' Hospital Guild will be held Tuesday.

Mr. and Mrs. G. C. Brett, of Chicago, are visiting Mr. Brett's sister, Mrs. Sine.

W. A. Galliher, M. P. has gone to Ottawa in the interests of his constituents.

Hon. Frank Oliver has purchased the Thistle homestead at Ottawa, the price paid being $15,000.

The Home Mission Band of St. Andrews will hold a social on Tuesday.

Engineer W. Caughlin was called to Vancouver yesterday owing to the illness of his brother.

Mr. and Mrs. J. Caley left the old country on the 16th on their return to Revelstoke.

Dr. and Mrs. Morrison returned Tuesday from a hunting trip up on the Upper Columbia river.

Sir Henri Joly will retire from the governorship of British Columbia next month and will be succeeded by Mr. Riley, M. P. for that city.

Col. Herchmer, formerly of the mounted police, and Miss Ashworth, of Toronto, were wedded at Penticton on Tuesday.

A social and dance is being arranged at the close of the entertainment by the Irish Guards Band to meet Viscount de Vesci and members of the Band.

On Oct. 23rd the Amateur Dramatic Club will present a three-act farce entitled Dandy Dick, under the auspices of the Rathbone Sisters. A dance will also be held.

Miss Loretta Garvin has returned from Minneapolis, where she graduated with high honors in her musical course. Miss Garvin intends residing here in future and taking pupils.

On Saturday, at St. Peters Church, the marriage of W. Murray and Miss Kallberg was celebrated, Rev. C. A. Procunier performing the ceremony. They have the best wishes of their friends for their future happiness.

Jas. McGinnis, C. P. R. yard foreman, and Mrs. McMahon, two of the most popular residents of Revelstoke, were wedded at Winnipeg on Monday, and their many friends are waiting their return to extend their best wishes.

The annual exercises of the high school will take place Monday evening. The trustees and Mr. Sissons, head master, invite the attendance of the parents and friends of the pupils. Supt. Robinson, secretary of the education department, will be present.

Among the presents received by Gen. Supt. Marpole on the occasion of his marriage was a very valuable one from the officers of the C. P. R., consisting of a solid silver service, including dinner knives and forks, carver, fish knife and fork, fruit knife and fork, and oyster fork, in one case; and in another four dozen forks and spoons; also a silver tea service and three silver and bronze candelabra.

### FOOTBALL.

#### Revelstoke Teams Won Out.

The game at Golden resulted in a win for Revelstoke by a goal, which was the only one scored, and that in the first half, although Revelstoke had several chances to score. It was a hard played game. Entwistle handled the ball four times, safely every time. The field was about 150 yards long and the forwards had a hard time to keep their wind. Checking on the part of the Golden team was very hard throughout—some people would call it rough. The new men of the Revelstoke side, Gregory and Long, won their spurs. Kerfoot, though a new man, played an effective game.

Revelstoke won the baseball by 12 to 7.

To the credit of Revelstoke athletes they have won every match they contested this season, whether in baseball, lacrosse or football.

## NAKUSP.

From Our Own Correspondent.

Mr. and Mrs. L. F. McDougald and Mr. and Mrs. A. N. Cowan are visiting the Nelson Fair.

Miss Constance Brett has returned to college at New Westminster.

Mrs. Muirhead has returned from visiting friends at Three Forks.

R. Nichol, C. P. R. lineman here, has gone for a trip to Winnipeg.

The steamer Minto, which has been undergoing extensive repairs, was launched last Tuesday.

Mr. and Mrs. D. T. Bulger and family expect to leave next week on a visit to Portland.

Mrs. L. J. Edwards and son Mervyn are spending a few days at Slocan.

Capt. Dougal, of the tug Columbia, leaves next week for Portland and the Coast cities.

Master Earle McKinnon, of Nelson, is spending a few days in town.
