Hear Thermiodyne Yourself!

WE want you to hear Thermiodyne—to see it—to operate it—without placing yourself under the slightest obligation to purchase.

Intelligent, conservative people everywhere in the United States and Canada are buying Thermiodynes for several very good reasons:

1. Because nothing like Thermiodyne has ever been seen or heard before.
2. Because the famous Master Control makes instantaneous appeal. It is a revelation to hear dozens of stations glide in and out, each in its proper place, as fast as the knob is turned.
3. Because Thermiodyne uses—instead of a neutralized circuit—an entirely new principle in radio that eliminates squealing, howling, and distortion, and converts metallic harshness into pure-toned melody.
4. Because in addition to these revolutionizing features there is a selectivity, distance-getting ability, clarity, tone quality, smoothness of performance and low cost of maintenance that makes Thermiodyne's superiority incontestable.
5. Because one careful, competitive demonstration is convincing—Thermiodyne's performance cannot be equalled by any other receiver at any price.

AROUND HOME

Christmas parcels for overseas should be mailed this month.

Joe Price, of the Sally mine, is visiting his family in town.

W. P. Miller left by motor for Spokane on Saturday after a week's visit in town.

Hugh McGillivray, of Beaverdell, spent the week-end with his family in Anaconda.

Mr. and Mrs. C. E. Carr and family, of Midway, have taken up residence on Kimberley Ave.

I. Skelton, who has been employed at Trail for some months, is visiting at his home in town.

John Finlay, jr., of Kimberley, formerly of Greenwood, has taken a position at the Beaver mine, Beaverdell.

Alfred Downey was in town on Tuesday on his way home to Grand Forks from installing a radio at Kettle Valley.

Geo. Hallett, of the staff of the Bank of Commerce in Fernie, is visiting his mother, Mrs. I. H. Hallett, in town.

Mrs. Sid Storer returned to Princeton on Monday morning after a few days visit at the home of Mr. and Mrs. J. H. Goodeve.

There will be a meeting of the Hockey Club in Taylor & Son's Store next Monday at 8 p.m. All interested in rink matters are requested to attend.

J. P. Flood, of Kettle Falls, formerly of Greenwood, is now manager of the Grand Forks Meat Market opened up recently by Jeff Davis in Grand Forks.

Lew Bryant returned on Tuesday morning from a few days business trip to Spokane. Lew motored to the American city with Billy Miller, and came back by train.

Thos. Williamson, who is in charge of the school at Crescent Valley, is spending a week at his home in Anaconda, the school being closed owing to illness among the pupils.

Wm. Skilton, of Tonbridge, England, who has been visiting his brother, Jas. Skilton, left this week for a tour through Washington, Idaho and the Okanagan Valley.

A practice fire drill was held at the Greenwood Superior School yesterday afternoon when every child (nearly ninety of them) was out of the building in 1½ minutes. This is considered a very good record.

The many friends of Miss Comma MacKenzie will regret to learn that she took very suddenly ill on Sunday in Vancouver and was operated on Monday for appendicitis and is doing as well as can be expected.

Dougald McPherson, M.P.P. for this riding, was well received in his maiden speech in the Legislature on Tuesday of last week. He is kept very busy during the session and has been appointed on four important standing committees viz., the committee on municipal matters, committee on public accounts, committee on mining and the committee on agriculture.

Herbert Hanson went hunting near Princeton on Oct. 20th and as he did not return a search party went out the following day and found the youth dead. The jury empannelled to investigate the circumstances of death returned the following verdict: "That Herbert Hanson came to his death between 4:30 p.m. on Oct. 20th and 4:30 p.m. on Oct. 21, close to Goose Lake, about five miles from Princeton, by accidental discharge of rifle while hunting." Herbert Hanson was born in Phoenix and for some time had resided with his parents on their ranch near Princeton. He was very popular among his pals and his sad ending came as shock to them. The sincerest sympathy of the entire community goes out to the bereaved family.

Hospital Society's Annual Meeting

The annual meeting of the Society of the Greenwood and District Hospital was held at 4 p.m. on Friday, Nov. 6th, in the Bank of Montreal Building.

T. M. Gulley presided over a well representative gathering and stated that the present directors for the year ending Oct. 31st, automatically retired and a new Board of Directors would have to be elected. Before proceeding with the business on hand, the Sec.-Treas. read the By-laws of the Society so that all present would be acquainted with the laws governing the Society.

The Sec.-Treas. then presented the annual financial report, stating that such satisfactory financial conditions could not have occured if it were not for the generous support accorded the Society both in Greenwood and the surrounding districts. There had been 218 patients treated, making 1840 hospital days treatment. There had been 12 major operations, 56 minor operations, 7 births, 19 fractures and 70 outpatients. All of these patients with a very few exceptions had been discharged from the Hospital cured, which was no doubt owing to the ability of the resident physician and the care and attention of the matron and staff. There had been a gross expenditure, in which was included equipment, of $6951.21, the receipts from all sources amounting to $7537.95, which left a comfortable balance in the bank. The outstanding accounts due the Hospital amounted to $1114.25, $550.75 of which seemed good, the balance of $563.50 being doubtful. The Sec.-Treas. remarked that any person seeing these figures and knowing they were in debt to the Hospital would respond with the needful. The amount owed by the Hospital amounted th $355.29, the amount of this being mostly for equipment and renewals of material namely $238.99.

The Sec.-Treas. thought that great commendation was due to the Ladies Auxiliary for their untiring efforts for the benefit of the Hospital, and he considered it only just to record the economical management of the Hospital by the matron and staff.

The annual financial statement was presented and adopted after the appointed auditor has inspected the books and passed them. G. S. Walters was then appointed auditor.

The next business was the appointment of directors any person being eligible who had contributed $1.00 annually to the Society.

P. H. McCurrach stated that he considered that all the members of Women's Hospital Auxiliary should automatically be members of this Society, and their fee of $1.00 should be waived, as each member of the Auxiliary contributed to each meeting of the Auxiliary, and he would make a motion covering this, which was unanimously carried. The Secretary of the Auxiliary was requested to furnish the Sec.-Treas. of the Hospital with a list of members.

The following directors were elected: T. M. Gulley, G. S. Walters, A. Legault, Major R. Gray, Mrs. H. Pannell, Mrs. A. R. Royce, Charles King, P. H. McCurrach. G. S. Walters was elected as representative of the Municipality of Greenwood and P. H. McCurrach as representing the Government. Two more directors were necessary and the Sec.-Treas. was instructed to write to Bridesville and Beaverdell asking the people of these two towns to appoint themselves a name of a director.

Votes of thanks and appreciation of their services were passed to the matron and staff of the Hospital.

A vote of thanks and confidence was passed to Dr. Francis as also the President and Directors of the Hospital.

The meeting then adjourned.

Land and Mineral Tax Sales

Attention is drawn to the Land and Mineral Tax Sales appearing on the inside pages of The Ledge this week.

Elkhorn Fraction Bonded

A mining deal of considerable interest to the citizens of Greenwood was consumated on Tuesday when the Elkhorn Mines Ltd. took over the Elkhorn Fraction, adjoining the north limits of town, on a lease and bond from the Greenwood owners, G. S. Walters, Geo. Hambly and Dan McGillis. The amount of the bond was not given out but it is stated that a very substantial payment was made on the purchase price.

The Elkhorn Mines Ltd. is a private company, being incorporated in Victoria last week and is backed by B. C. capital. Roy Clothier is president and managing director and H. E. A. Courtney, of Victoria, is secretary.

Jack Morrison, an experienced mining man, will be in charge of operations which will commence immediately. A hoist, compressor and other machinery have been ordered and no time will be lost in installing it after arrival. Work will be started in the shaft and an initial shipment of about 15 tons will be made to the smelter.

The Elkhorn Fraction is in the center of Greenwood's high grade belt and the development of this mine will be keenly watched, not only locally but by the whole district as it may easily lead to the opening of other properties.

Mining Notes

A 40 ton shipment of high-grade ore will be made from the Beaver at Beaverdell at the end of the month.

Roy Clothier, of Beaverdell, is spending a few days in town in the interests of the Elkhorn Mines, Ltd.

The Tenth Annual Northwest Mining Convention will open in Spokane on Monday, Nov. 30th, and will be held daily until Saturday. This year's convention will be the biggest and best in the memory of the oldest prospector.

Martin Holmes and Jerome McDonell have taken a three year lease and bond on the Dynamo in Skylark camp, east of Greenwood, from the Portmanns'. There is a long tunnel on this property and it is the intention of the leasers to drift on the three leads in this tunnel. Work has already commenced.

Season for Trout Closed

C. H. Robinson, fishery overseer, has announced that according to the present special fishery regulations for British Columbia, trout season closed on Nov. 14th, for East and West Kootenay, Christina lake, Kettle river and its tributaries.

The closed trout season does not apply, however, to Dolly Varden trout, char or bull trout. Rocky Mountain whitefish, chub, Kokanee or bass.

Fishing for trout through the ice in any lake or stream is prohibited.

Triplets

A happening of unusual occurrence and which will prove to be of considerable interest to the farmers of this district, took place at H. Bruce's ranch near Midway on Thanksgiving Day, Nov. 9th, when a cow gave birth to triplets. Two of the calves are living, the other was dead at birth.

The British Post Office has issued a warning that all persons who desire to send Christmas presents to the Old Country should mail them long in advance of the holiday. The warning is for the purpose of avoiding delay to packages similar to that which occured last year owing to the great conjestion in the mail.

Irritable husband (to wife driving a nail): "However do you expect to knock a nail in the wall with a clothes brush? For goodness sake, use your head, dear."

Kettle River Assessment District

I HEREBY GIVE NOTICE that on Wednesday, the 9th day of December 1925, at the hour of 10 a.m., at the Provincial Police Court, Penticton, B.C., I will sell at Public Auction the lands in the list hereinafter set out, of the persons in said list hereinafter set out, for delinquent taxes unpaid by said persons, on the 30th day of June, 1925, and for interest, costs and expenses, including the cost of advertising said sale, if the total amount due for the period ending December 31st, 1923, is not sooner paid.

The Collector will be pleased to receive any information respecting the following list, where the owner is or was a member of the Allied Forces and entitled to the benefits of Section 151 of the "Taxation Act Amendment Act 1922."

Dated at Penticton this 12th day of November, 1925.

W. R. DEWDNEY, Provincial Collector,
For Kettle River Assessment District.

Kettle River Assessment District

I HEREBY GIVE NOTICE that, on Monday, the 7th day of December, 1925, at the hour of 10 o'clock in the forenoon, at the Provincial Police Court, Penticton, B. C., I shall offer for sale at public auction, the Crown-Granted mineral claims hereinafter set out, of the persons in said list hereinafter set out, for the delinquent taxes unpaid by the said persons on the 30th day of June, 1925, and for costs and expenses, including the cost of advertising said sale, if the total amount due is not sooner paid.

The Collector will be pleased to receive any information respecting the following list, where the owner is or was a member of the Allied Forces and entitled to the benefits of Section 151 of the "Taxation Act Amendment Act 1922."

Dated at Penticton this 12th day of November, 1925.

W. R. DEWDNEY, Provincial Collector.
For Kettle River Assessment District.

B. C. RADIO OPERATOR TRANSMITS TO AUSTRALIA

Clair Foster operating a small home-made radio transmitting station at Port Alberni, British Columbia, established a new world's record, when he communicated across the Pacific and over 1,000 miles of Australia, while more than a quarter of the distance was in daylight.

It is well known in radio circles that daylight transmission is very much more difficult than night and that sending over the sunset or sunrise line offers still greater obstacles to the travel of radio waves.

The most remarkable feature of Mr. Foster's record, however, is the extremely small power used by his transmitter. Instead of a transmitting vacuum tube, he used an ordinary receiving tube, powered with heavy duty "B" batteries intended for reception purposes. The total power required by the Foster transmitter in establishing this trans-Pacific record was only 13 watts, a fraction of the power used by the ordinary electric light bulb. Electric flatirons, for instance, usually use about 250 watts.

Radio experts in discussing this record, ascribe the efficiency of Foster's transmitter to the steady unwavering signals which it emits. The usual amateur transmitter draws its power from alternating current mains causing a hum which detracts from the steadiness of signals. By using batteries Foster has eliminated this difficulty.

The Association Against the Prohibition Amendment estimates that there are 1,100,000 bootleggers in the United States. And still the association is dissatisfied. — New York Times.

Extract from "School Law"

The attention of parents is directed to the following extract from the "School Law":

Article 15, Clause 2.

It is required of each and every pupil of a Public School, that he present to the teacher an excuse from his parent or guardian for tardiness or absence from school, with the reasons therefor. In the case of a graded school, the Principal shall be the judge of the sufficiency of the excuse, and he shall recognize as sufficient reason for either tardiness or absence:

(1) Sickness of pupil.
(2) Sickness or affliction in the family.
(3) Danger to health from serious exposure.
(4) Any other unavoidable cause which renders attendance impracticable.

Midway News

Don't forget the "Hard Times" Dance at the Farmers Hall on Friday, Nov. 20th. Prizes will be given. Bush's orchestra will furnish the music.

Last Saturday 14th was a red letter day in the Ladies Aid, when they held their annual bazaar. The sale of fancy work, novelties, candy, produce, fishpond and refreshments realized a grand total of over $150.00. Quite a number of visitors from Greenwood, Myncaster and Kettle Valley attended the sale. Much credit is due to the workers, whose untiring efforts and hard work made the bazaar so successful.

List of Hospital Subscribers

The Board of Managers very thankfully acknowledge receipt of the following subscriptions. Anyone wishing to subscribe, kindly call at the office, or mail, to Chas. King, Sec.-Treas., when receipts will be given and amounts acknowledged in the current issue of The Ledge.

"A Man Must Live"

Richard Dix comes to the Greenwood Theatre on Saturday, Nov. 21st, in his newest Paramount starring picture, "A Man Must Live," directed by Paul Sloane as as his first screen work.

It has been said that the best of Paramount's First Famous Forty are yet to come and they certainly must have had a hunch about "A Man Must Live," adapted from "Jungle Law," by I. A. R. Wylie.

Jacqueline Logan and Edna Murphy head a strong cast playing in support of the star. Others are George Nash, Charles Beyer, Lucius Henderson and Jane Jennings.

Dix's role in the production is said to be that of the screen's first real reporter.

Well, see what you think about it.

Dougald McPherson Makes Maiden Speech

Victoria—In a maiden speech characterized by unusual vigor, Dougald McPherson, the new member for Grand Forks - Greenwood, took opposition members to task in the Legislature on Tuesday, Nov. 10th, for their comments on the Doukhobor question, and other issues of the bye-election at which he won his seat.

Opposition comment on these issues, he said, had afforded him excellent campaign material for his next election, but he said that the people were sick of the constant scraps and accusations for which the House was famous, and he urged his fellow members to cut out such nonsence, and get down to business.

"Had the government not seen fit to go ahead and force the Doukhobors to comply with our British laws, I would not have been a government candidate," he said. "And if they ever allow these old conditions to come back I shall not support this government."

To the suggestion from H. D. Twigg that the time chose for prosecuting the Doukhobors was unfortunate, Mr. McPherson said: "The time was the first that I ever had a chance to choose, and I jumped at it. I have no apologies to make for that."

He added that although he had been the central figure in the "diabolical plot" against the Doukhobors described by Mr. Twigg, he was still a good friend to these people, who came to him to settle their little troubles, and not the member for Victoria. He hoped to see the day when they would be good citizens of British Columbia, and when it came there would be much credit due the government.

"There must have been some merit in the government action or it would not have changed an adverse majority at the general election to a majority in my favor," he said.

The Doukhobors had not hesitated to enter the courts and denounce the laws of this province as man-made laws, contrary to the laws of God, and to openly declare their intention of setting them at naught.

"Such things make my British blood boil," the member declared. Ordinary punishments had failed to suppress their activities in burning schools, he said. There was no secrecy about the government's proposed plan of seizing the Doukhobors' goods and selling them in satisfaction of unpaid fines, but the Doukhobors had chosen to believe that the warnings were mere bluff, such as they had encountered from this and the preceding government in times past.

Evidence of the seriousness of the situation he showed by figures. In 1921 there were 11 Doukhobor schools with 415 enrolled, and an average daily attendance of 219, almost all boys. By 1924 there were no schools operating, and eight school buildings had been burned.

Six months elapsed since the government took its drastic action. He said the Doukhobors had built six new schools and had others under construction. There were 300 Doukhobor children attending school, including a considerable proportion of girls for the first time.

The Doukhobor was not a man of such good morals as had been represented, he claimed, for he had not hesitated to imperil the lives of resident teachers in burning down schools at the dead of night.

He denied that the $5000 grant to the irrigation district during the bye-election had any political strings to it, and said that instead of a certain settler having been threatened with action to collect arrears of payment due the government to force him to vote for the Liberal candidate, he had personally interceded to get this man more lenient treatment from the Land Settlement Board, although the man never had any intention of voting Liberal.

In conclusion Mr. McPherson said he was opposed to such a large capital outlay as would be required to build the P.G.E. into the Peace river or into North Vancouver, but suggested that some cheaper means of transportation might be found as a substitute for the expense of completing the line between Quusnel and Prince George. He urged that the government devote attention to bringing in new settlers, but urged that they be discouraged from going into remote districts where there are no conveniences.

He pleaded for tax reductions, and suggested that a start be made on the personal property tax.

Here and There

Major-General Sir Fabian Ware, vice-chairman of the Imperial War Graves Commission, who has been visiting in Canada during October, has been recalled to England much earlier than he expected. Prior to sailing on the Canadian Pacific liner, Montclare, from Montreal, he expressed the hope that he would be able to come to Canada again next spring so that he could give Canadians in the West some idea of what the Imperial Commission is doing in caring for the graves of western youths who perished during the war.

Robert L. Rice, Jr., of Boston, and J. Y. Cole, of Harvard, took big chances when they attempted to travel by canoe from Rouyn to Angliers at the end of October. Although they started in beautiful Indian summer weather they ran within a few hours into a bad storm which filled their canoe with half melted snow and almost froze them into unconsciousness. Fortunately they arrived in the nick of time at a fire-ranger's hut where they stayed a few days until the storm abated. They were prospecting in the neighborhood and were none the worse for their perilous trip when they finally reached Montreal.

Bob Shawkey, New York Yankee veteran pitcher, who organized the party of major league baseball players now hunting big game in New Brunswick, shot a moose with antlers spreading 56 inches and having 28 points, according to word received at Fredericton, N.B. Shawkey shot his moose the first day the party spent in the woods. This information is conveyed by another party of hunters who passed the camp of the ball players at Nepisiqui Lakes. In the group are some of the best known players in the American League, Eddie Collins, Babe Ruth and Muddy Ruel being among them.

The romance of a world cruise culminated in New York City recently when Dorothy Holmes O'Ryan, daughter of Major-General and Mrs. John F. O'Ryan, of New York, married Darwin Curtis, of Chicago. The couple met for the first time a year ago on board the Canadian Pacific liner Empress of France which was then making a tour of the world. It is feared they had no eyes for the world marvels which were unrolled before them on the tour, since it is stated they fell in love at first sight and could only see each other. The marriage was performed by the Rev. Father Francis P. Duffy, chaplain of the "Fighting Sixty-ninth," a regiment commanded by the bride's father during the war.

Good reading for Canadian Pacific shareholders is furnished in the September statement of gross earnings, working expenses and net profits. It has been the most favorable month for the company in a long time. The gross earnings were $18,909,071, the greatest shown in any month since October, 1924. Operating expenses were $12,641,452 and the difference between the two, the net profits $6,267,619, an increase of $1,719,973 over the corresponding month of last year. Net earnings for the first three quarters of this year, ending September 30th, is $1,190,039 greater than the 1924 figures, despite a decrease in gross earnings of over four and a half million dollars. This was made possible by the company's policy of rigid economy.

To bring the Arctic within the scope of tourist traffic is the object of the Marquis M. N. degli Abizzi, winter sports director at Lake Placid, who is organizing pack horse trips of thirty days' duration next year from the Canadian Pacific Rockies as far north as the Columbia Ice Fields within the Arctic Circle. "We are going to swim our horses and outfit across the Saskatchewan River and camp near the sources of the Athabasca which empties into Great Slave Lake and thence into the Arctic," the Marquis asserts. The first of these trips is scheduled between June 28 and July 27 next year.

Job Printing at The Ledge

Here and There

"Canada has the greatest opportunity of any community on the face of the earth," stated St. Loe Strachy, editor and proprietor of the London Spectator, in the course of a recent address before the Canadian Club. He stressed the advantages the country enjoyed in her large wheat area, electrical energy, wood pulp and mineral assets.

Between 20,000 and 25,000 men are expected to work in the forests of the Province of Quebec during the coming winter, according to the chief forester of the province. It is anticipated there will be a good season in the pulp and paper products, but that the cut of lumber will not be so heavy owing to the low price prevalent for sawn lumber.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

Cordial relations between the ports of Quebec and Liverpool were emphasized recently by the exchange of cables by the respective Chief Magistrates of the two cities. The occasion was the Civic Week Celebration at Liverpool when the Lord Mayor, Thomas Dowd, sent Mayor Joseph Samson, of Quebec, greetings to which the latter responded.

A record for October weddings was established at the Windsor Station, Montreal, early in that month, when twenty couples invaded the Concourse on their way to Boston, Quebec, Ottawa and Toronto. Two of the bridegrooms were bounced following time-honored custom. It used to be the fashion to subject brides to this usage, but since the advent of short skirts the practice has been frowned upon.

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE

IN THE MATTER of the Estate of Wellington Elson, late of the City of Greenwood, in the Province of British Columbia, deceased.

NOTICE is hereby given that all creditors and others having claims against the estate of the said Wellington Elson, deceased, who died on or about the 23rd day of April, 1925, are required on or before the 30th day of December, 1925, to send by post prepaid or deliver to Malissa Ellen Trounson, of Greenwood, B.C., the Executrix of the Estate of the above named deceased, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities (if any) held by them.

AND FURTHER TAKE NOTICE that after such last mentioned date the said Executrix will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which she shall then have had notice and that the said Executrix will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by her at the time of such distribution.

DATED the 13th day of November, 1925,

CHAS. F. R. PINCOTT,
Solicitor for Malissa Ellen Trounson, Executrix of the Estate of Wellington Elson deceased.

BRITISH COLUMBIA
The Mineral Province of Western Canada
TO END OF DECEMBER, 1924
Has produced Minerals as follows: Placer Gold, $77,382,953; Lode Gold, $118,473,190; Silver, $68,824,579; Lead, $70,548,578; Copper, $187,489,378; Zinc, $32,171,497; Miscellaneous Minerals, $1,431,349; Coal and Coke, $260,880,048; Building Stone, Brick, Cement, etc., $42,225,814; making its Mineral Production to the end of 1924, show an
Aggregate Value of $859,427,386
Production for the Year Ending December, 1924, $48,704,604
The Mining Laws of this Province are more liberal, and the fees lower, than those of any other Province in the Dominion, or any colony in the British Empire.
Mineral locations are granted to discoverers for nominal fees.
Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.
Full information together with Mining Reports and Maps, may be obtained gratis by addressing—
THE HON. THE MINISTER OF MINES
VICTORIA, British Columbia.
N.B. Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.
