NELSON MINING NOTES.

The Hall Mines Made a Good Record in Silver on Tuesday.

The Alhambra on Toad Mountain is getting its supplies for the winter. Work of sinking the shaft is progressing satisfactorily.

The assay office of the Hall Mines Company was busy this week sampling ore from the Salmon Siding, Ainsworth, Wild Horse creek and Slocan and it was understood that a number of samples were found to be suitable.

Everything is running smoothly and the severe weather of this month has had no effect on the tramway. It is thought that the cutting in two of the tramway cable will allow it to run without trouble all through the winter.

Work is being pushed in the Hall Mines but the smelter consumes the ore as fast as it is produced. On Tuesday a good record was made, 3300 ounces of silver being produced during that day. A large quantity of extremely rich ore was handled and while this does not break any record, the showing is a good one.

In another column will be found a notice of application for a liquor license by the Hall Mines company, the saloon to be established at or near the mines There has been considerable comment about the company going into the saloon business as it was thought that that corporation was opposed to the sale of liquor in the neighborhood of the mines. The change of base has occasioned some surprise.

DEATH OF JAMES E. TURNER.

He Passes Suddenly Away at His Home in Stonewall.

James E Turner a brother of J. A. Turner of Nelson died at his home in Stonewall, Manitoba, last Tuesday. The news of his untimely demise was received here on Wednesday and occasioned much sorrow among the wide circle of friends and acquaintences deceased had made during his residence in Nelson. The news was a thorough surprise as Mr. Turner when he left here two months ago was in the best of health. At that time he accompained his brother, P. B. C. Turner, home. The latter had been ill for some time but has steadily gained strength under home influences.

Deceased was very popular in Nelson and was always among the first to assist any project of public importance. He kept a music and stationary store and was a man of exemplary habits. He was a member of the choir in the Methodist church and his services were always in demand at musical entertainments. Last summer he was engaged in developing his claims on Anderson creek and was always in robust health. His death will be the cause of general regret in Nelson.

THE READING ROOM.

It Will be Located on Baker Street Near Stanley.

At the general meeting of the reading room society held on Tuesday evening last the constitution was read and adopted, clause by clause. A committee consisting of Rev. Akehurst, Rev. McVicar, Dr. Hall and Mr. O'Reilly was appointed to nominate a ticket for the board of management and to rent a suitable room.

A membership of eighty was reported as having been secured. The nominating committee met on Wednesday and decided to rent one of the two offices erected by Mr. Tom Ward west of the Hudson Bay Store. They also selected a good list of names from which the Board of Management will be elected. The adjourned general meeting will be held at 8 o'clock next Monday evening for the purpose of electing the board of management.

GAME LAW VIOLATIONS.

It is the Duty of the Public to Give Information.

To the Editor of THE MINER.

Can you give the public the names of the officials responsible for the disgraceful disregard of the game laws of British Columbia, on the lakes of West Kootenay and particularly in this district? Strung along the lake from Nakusp to Robson, camps of Colville reservation Indians are to be seen sweeping the hills clear of all four footed game while the good fish streams are double trapped. Are the game laws of B.C. framed exclusively for these marauders; or for the protection of the game? Have the rascals rooted out immediately.

A DISGUSTED SPORTSMAN.

Robson, November 13, 1896.

Section 6 of "an act to amend the game protection act of 1895," passed by the last parliament provides that "it shall be unlawful for Indians not resident of this province to kill game at any time of the year."

In a measure, the public at large is responsible for the punishment of any body guilty of a violation of the law. The act of 1895 provides that any person giving information leading to the conviction of any person under the act shall be entitled to receive one half of any pecuniary penalty inflicted. Information can be laid before any magistrate.

Poor Man, Stay Away.

The Grand Forks Miner says of that place: "This is not a poor man's settlement. If you have money there is no better place on earth than right here and no better time than right now but if you are thinking of coming here in search of work, take our advice and stay where you are. There are plenty of men already here to handle all the work which will be done this winter." Here in Nelson, capital does not need an invitation to seek investment and it is coming in all the time. The advice to poor men, however, will apply as well to Nelson as to Grand Forks.

NEWS FROM THE CAMPS.

BRIEF PARAGRAPHS RELATING TO PROSPECTS AND MINES.

What is Being Done or About to Be Done in and Around the Treasure Vaults of the Rich Kootenay.

Salmon River.

Several carloads of lumber have recently been left at Salmon Siding.

The Red Horse on Little Sheep creek has been surveyed and a crown grant will be applied for.

Many people are working on Little Sheep creek, Big Sheep creek and Lost creek and some big showings have been made.

A considerable amount of work is being done at Hall's Siding, Wild Horse Creek, Quartz Creek, the main Salmon, North Fork and tributaries.

The Royal Canadian on Big Sheep creek has had the necessary work done to secure a patent. The ore of this mine is said to be similar to that of the Silver King of Nelson.

There is considerable improvement being made at North Fork and Salmon Siding and at present there are no less than three hotels in the course of construction besides many other buildings.

G. R. Linklater has a store at Salmon Siding which he has turned into a primitive hotel. People staying in town over night have taken their meals at his house and slept on the floors of the cabins in town.

At Quartz creek there are several buildings already up and others in the course of construction for the accommodation of travelers who are continually coming and going. One of the great drawbacks in the past has been that there were no suitable accommodations for travelers.

Mr John Maclure is at work surveying the townsite of Salmon Siding and until this work has been completed, people will not be able to purchase lots. Four or five are turned away nearly every day. A previous survey by an American was not accepted because he was not a provincial surveyor and his work could not be accepted.

Kaslo.

The council has decided not to interfere in the Church of England controversy,

Wm. Watson, an employee of the Reclamation works was accidentally drowned in the Kootenay river last week.

The ladies of the Catholic Church gave a grand ball and supper Thursday night. About 60 couples were present.

The new rink to cost $1200 is to be built at once on the site of the old one, with two sheets of ice for curlers and one for skaters.

ROAD TO SLOCAN.

It will Probably Be Built in the Spring—Survey Completed.

The location work of the proposed Slocan railway from Slocan to a connection with the C. & K. at Slocan crossing has been completed and on Monday the fifteen surveyors who have been engaged in the work, broke camp and went their several ways to spend the winter,

The road, which will be one of the connecting links of the Crow's Nest Pass road will be about 32 miles in length and railroad men who have made a trip of examination over the proposed route feel confident that the expense of the work will not exceed $17,000 per mile on an average, making the total cost of construction $544,000. The probabilities are that the road will be built next spring and one thing that lends color to this conclusion is the fact that the C.P.R, is building a very fine, large boat for passengers and freight on Slocan lake which will bridge the gap in the road between Slocan and New Denver. It is understood also that a transfer boat for cars will be built next summer.

COACHES FOR TRAIL.

They Had to be Shipped by Way of Nelson.

Thomas Brownlee, who will be one of the conductors on the Columbia & Western railway running from Trail to Rossland, is now in Nelson waiting for an opportunity to take two coaches for the new road down the Columbia river to Trail. The coaches will be transferred by barge from the Nelson & Fort Sheppard road, to the C. & K. and at Robson will again be loaded on barges and floated down to Trail. An engine, six box cars and fourteen flat cars were sent by boat from Northport to Trail but the coaches were too large to be loaded on the boat and as it is almost impossible to take a barge from Northport to Trail, the coaches had to be sent by way of Nelson.

THE SCHOOL QUESTION.

Settled on a Basis Satisfactory to all Concerned.

The great Manitoba School question which has more than once threatened a disruption of the Canadian federation has been at last compromised in terms which will probably be satisfactory to both contestants in the controversy, that is the terms have been accepted by the Manitoba government.

Among the features of the compromise which will be embodied in an act of the legislature of that province are the following: In the public schools religious teachings will be conducted if authorized by a resolution passed by a majority of the school directors or if parents of ten children of a country school sign a petition for religious teaching; in a city the parents of at least 25 children must sign. Secular work will occupy the school day till the last half hour when the representative of any religion may instruct the children of his denomination if their parents desire it. If none desire it, secular work will occupy the last half hour also.

The minority will be pleased with the proviso that in districts where 25 Roman Catholic children attend, they shall have a teacher of their faith but who must be in every way qualified. Where the children speak French entirely they are to have a teacher speaking English and French the readers to be bi-lingual so children will become accustomed to English from the first.

ANOTHER BURGLARY.

Two Young Men in a Private House Are the Victims

Another daring burglary was committed in Nelson last Thursday night. Messrs. R. S. Lennie and E. T. H. Simpkins occupy a room in Mrs. Gray's private lodging and boarding house opposite the Victoria hotel and when they woke up on Friday morning they found themselves minus their change.

It appears that Mr. Lennie lost $5 and Mr. Simpkins $6. On Thursday night Mr. Lennie was the last person in the house and took great care in locking the outside door but did not think it necessary to lock the door of his sleeping apartment. During the night Mr. Simpkins heard a noise and noticed that there was a light in the hall but as he thought it might be some other lodger he paid no attention to it.

When the losses were discovered in the morning an investigation was made and it was found that the burglars had pushed the front door key in and entered the house probably with the aid of a skeleton key. No clews were discovered to lead to the indentity of the theif or theives but the impression is that it is the same parties who committed the Baker street robberies.

MR. DALY'S VIEWS.

School Question not Satisfactory.—The Crow's Nest Pass Line.

Mr. T. Mayne Daly, of Brandon, Manitoba, late Minister of the Interior, and superintendent general of Indian affairs, was in Nelson during the week and left for home via Revelstoke this morning. He expresses himself very freely upon the school question and the Crow's Nest Pass road and to a representative of the MINER, said:

"The settlement of the school question although satisfactory to the contracting parties is not such as to commend itself to the minority of Manitoba or the majority in Quebec, that is if these people are sincere as I presume they are. It seems strange that Mr. Laurier's followers in Quebec would be willing to accept the settlement in view of the stand he took in the house last winter. They subjected the policy of the Bowell government on this question to the harshest possible criticism and ridiculed the Remedial bill as totally inadequate for the grievance of the minority in Manitoba and yet find their leaders, Messrs. Laurier and Tarte, quite satisfied to make a settlement on the lines laid down by Sir Donald Smith and Mr. Deckie in their negotiations with the local government at Winnipeg.

"I should be very glad to see the school question out of politics but am afraid that the present settlement does not indicate that it is. I don't think that we have heard the balance of it but as I am out of politics now I shall be an interested spectator in watching the developments of the next session of parliament."

"What is your opinion as to the present government lending its assistance to the construction of the Crow's Nest Pass road," was asked.

"While I am not in touch with the present government, I feel sure it will lend its assistance," replied Mr. Daly. "The people are demanding it, and the question is now one of national importance and the government cannot ignore the demands which are being made. The suggestion has been made in prominent government newspapers that the government build the road, but this will hardly be done, as the people had all they wanted in the government construction of railroads by the building of the Intercolonial road. My opinion is that the Canadian Pacific will build the road with the assistance of the present government.

"I do not know of any public undertaking that is more necessary in the interests of the development of British Columbia than the building of the Crow's Nest Pass railroad. It will be recollected that the Bowell government, of which I was a member, introduced a resolution offering aid to the Canadian Pacific and had the opposition then permitted any legislation during that session, the road would now have been in the course of construction. This is a matter that will not brook delay but requires the immediate and earnest attention, not only of the government, but the people of Canada.

"This is my second visit to the Kootenay district and I am more than ever impressed with its great mineral wealth. The amount of trading being done here indicates to me that the merchants and producers of Eastern Canada cannot get in here too soon, by the nearest route, to capture and hold their share of the enormous business now being done and which will increase to tremendous proportions in the near future. During my present trip I have been through Boundary Creek district. I hope to see much Canadian and British capital invested here in the course of a few months."

La Bau-Scott.

On Thursday last Dr. D. La Bau of Nelson and Miss Maud Scott of Albany, Oregon, were married at Northport, Justice Parrott officiating. The ceremony took place in the presence of Dr. Armstrong and at its conclusion Dr. and Mrs. La Bau took the train for this city, where they will make their home. The bride is a sister of Mrs. Hayward and is well known to Nelson people.

AN ABSOLUTE NECESSITY

MR MORRISON THINKS THE CROW'S NEST ROAD SHOULD BE BUILT.

He Favors a Continuous Route to Hope.—The Settlement of the School Question Satisfactory to all Concerned.

Mr. Auley Morrison, member of Parliament from New Westminster was a visitor to Nelson last Wednesday and left for Trail and Rossland on Thursday. It is Mr. Morrison's first trip to the Kootenay and he has been greatly impressed with what he has seen and learned. His trip to Nelson was through the Slocan, via Nakusp, Sandon and Kaslo and his impression is, that in the Kootenay, British Columbia has the greatest mining region on the face of the earth. With Nelson he is greatly pleased and says he had no idea of its extent and population nor the accommodation it afforded. Had he known that first class hotel accommodations could be provided he would probably have been accompanied here by Hon. Mr. Tarte and wife. In regard to matters political, Mr. Morrison has little to say but in regard to the proposed Crow's Nest Pass railway he expresses himself as being heartily in favor of the project.

"I see the absolute necessity for the construction of the Crow's Nest Pass road and for the line from the Columbia river to the coast" said Mr. Morrison. "I am doing all I can for it and I believe that all the members of Parliament are agreed that no time should be lost in the construction of one or both of these roads. The Crow's Nest Pass road, of course, is the one receiving the greatest amount of attention but I am doing what I can to impress upon my constituents the absolute necessity of both roads and a continuous route through the Kootenay.

"One thing that seems to be required here more than anything else at present is better postal facilities and I believe that the government should keep pace with the requirements of the various points in this province."

"Mr. Tarte is satisfied that everybody concerned will be satisfied with the settlement of the Manitoba school question," continued Mr. Morrison. "He thinks that everybody who really wished a settlement of the question will be satisfied but of course there are others who did not want the question settled. The Government has got too much business to attend to to waste much of its time in squabbles of this kind. Of course it is a matter that must receive attention but its settlement should not take an unreasonable amount of time. I am of the opinion that the parents of school children in Manitoba are satisfied with the present settlement."

In regard to the political situation, Mr. Morrison had little or nothing to say.

The Two Friends Mine.

In another column will be found the advertisement of the Two Friends mine. The company has been formed for the purpose of purchasing the assets of the Two Friends Mining Co. Ld., for the sum of $215,000; $59,000 cash and $156,000 in 520,000 paid up shares. Applications for 180,000 shares will be received by Mr. F. C. Innes of Vancouver up to December 24 and the allotment of shares will be made on January 4, 1897.

The claim is 1500x1500 feet and the mine is now a regular shipper. Assays running from 150 to several thousand ounces to the ton have been obtained. The prospectus shows that 2 tons are being mined daily and the mine is now in condition to produce from four to five tons daily. Returns from the Tacoma Smelting & Refining Co., under date of October 26 show 40747 pounds treated, yielding metal to the value of $3,284.69.

THE WEATHER.

The week has been unprecedented cold not only for the time of year but for the locality. Last night was one of the coldest known for years.

Mr. G. H. Campbell, manager of the street railway of Winnipeg is a visitor to Nelson. He is looking after certain mining interests that he has in this neighborhood.

An entertainment will be held at the Presbyterian Church on Wednesday, December 2nd at 7:30 p. m. A good programme is being provided and all are cordially invited to attend.

The board of trade number of the Trail Creek News is a triumph in the art preservative. Four colors have been used on the cover and a likeness of the Trail smelter is shown. The number is profusely illustrated.

Judge Spinks held his last court in Nelson yesterday and Mr. J. A. Forin of Rossland who will succeed him will probably hold his first court in Nelson early in the new year. Judge Forin is a widely known barrister and stands high in the legal profession.

The Epworth League and Christian Endeavor in connection with the Methodist Church has been reorganized with the following officers: President, J. U. Robins; vice-president of the Christian Endeavor department, Miss Golden; J. R. Green, vice-president of the literary department; Miss Gertie Robinson, Secretary.

Mr. F. C. Gamble, of Victoria, Dominion Government Engineer was a visitor to Nelson last Thursday and Friday. Mr. Gamble has been inspecting the Columbia river between Robson and the boundary with a view to expending the money appropriated for improvements to the river. Mr. Gamble returned to Victoria by way of Spokane.

Judge Spinks held a brief session of court yesterday but the hearing of nearly all the cases which were not settled out of court were adjourned. In the ejectment case of Harris et al., vs Palorcia Mr. Grimmett appeared for the pleintiff and Mr. Elliot for the defendant. Judgement for the defendant with costs was rendered.

Mr. J. D. Kendall, of the firm of Burke Moreing & Co., prominent mining engineers of London, England, arrived in Nelson this week and stated to a MINER representative that he would probably spend the next three years in the Kootenay and other mining districts of British Columbia seeking interests for his firm. Mr. Kendall was not prepared to state just what his firm proposed doing in British Columbia. He is accompanied by his two sons, G. and C. Kendall.

Trail Saw Mill Burned.

The Saw Mill at Trail belonging to the Nelson Saw Mill Company was burned down on Friday morning about 2 o'clock. The lumber and sash and door factory was saved. The damage is about $3000. The company propose to put in a much larger plant. No insurance.

SATURDAY, NOVEMBER 28, 1896

Under the patronage of the Prince of Wales a subscription has been started in London for the restoration of the old church at Burnham Thrope where Admiral Nelson was baptized.

Merchants of Nelson should look more carefully after their business with Salmon River and Wild Horse Creek districts and not allow Trail merchants to get ahead of them. The latter are shipping supplies to the points named when all that business should come to Nelson.

The Spokane Chronicle says that the "rotten" work done in the city hall is again much in evidence and that for the past week the building has been perfumed from basement to garret with the pungent odors of a horse stable. What's the trouble now? Has a new set of officials taken possession of the building?

The election of Mgr. Maghaki Ormanian as the new Armenian patriarch promises to speedily settle the Armenian question and peace will soon prevail. The former Gregorian patriarch Izmirlian was intensely disliked by the Sultan and was a serious obstacle to the settling of Armenian difficulties. He was forced to resign but the Sultan is highly pleased with the new patriarch.

The Rossland Miner on December 1st will change its issue from a weekly to a daily newspaper and the management states that besides the telegraphic report which will cover all the live news of the day, special correspondents at Nelson, Trail, Kaslo, Sandon, Three Forks, Slocan and other points in West Kootenay will submit daily reports. Accuracy and condensation are to be the features of the issue and as the paper will be thoroughly equipped in all its branches, the outlook is that West Kootenay will have a daily equal to any in the Province.

THE SLOCAN ROAD.

The news that the preliminiary and location surveys of the road to connect Slocan with the C. & K. have been completed, is good news and as railroad companies don't, as a rule, make location surveys without meaning to immediately follow with construction, it is only a fair inference to draw that the road will be built the following year. It will be one of the connecting links of the much desired Crow's Nest Pass road and will open up a country literally teeming with mineral richness. It will not be a scenic road but that it will pay from the start for both freight and passenger traffic, there can be but little doubt. There is ore enough in the district to be tapped by this new road to keep several smelters crowded to their utmost capacity.

MUST BE BRITISH SUBJECTS.

What can be more just and proper than to have the municipalities of British Columbia controlled by British subjects? And yet the Kaslo Kootenaian in a sort of mild frenzy says that 130 "voters" in that muncipality have been disfranchised and declares that the act passed at the last session of parliament and in effect April 17, 1896, is an "outrage."

The vital clause is section 5, and provides that the only persons entitled to vote for aldermen or councillors at municipal elections must be British subjects. There is nothing unjust in this. It would certainly be very queer, to say the least, if a British parliament would countenance the organization of a municipality on British soil by foreigners. The Kootenaian speaks compassionately about the incorporation of Nelson but the people of this town have been cognizant all the time of the law referred to and few if any foreigners have expected to take a hand in the corporation. The fact of the matter is that the majority of Nelson people are British subjects and the law will not interfere in any way with their rights of suffrage.

In the United States foreigners are not allowed to vote and in some states are not even allowed to own land. The laws of British Columbia are today more liberal than the laws of the United States and a fair minded American would not expect to vote unless he renounced his allegiance to the United States and became a British subject. A British subject cannot own a mine in the state of Washington until he renounces his allegiance to the Queen and declares his intention of becoming a citizen and yet in his country an American can hold land or by paying $5 for a mining license, can own mines. While we wish to extend the right hand of good fellowship to our American cousins and allow them every privilege, in reason, we cannot help recognizing the fact, that from a standard of reciprocity, much more liberty is allowed them here than they allow us in their country.

THE FREE PASS EVIL.

The Spokane papers are making a most determined fight against the "free pass evil" and are forcing all officers elect to declare themselves upon the subject. There is a constitutional declaration against the use of Free passes by officials and the legislature is directed to pass laws for the punishment of those who use them. In the past many men have, in their official capacity, violated the spirit of the constitution by accepting and using free passes and on account of the fight being made by the newspapers, the outlook is that the next legislature will pass a law providing punishment for the offense. The evil has grown beyond the control of transportation lines and the latter will not be sorry to have the state take some positive action in the matter.

DOMINION EXPRESS COMPANY.

Its Manager pays a Visit to the Kootenay District.

W. S. Stout, of Toronto, manager of the Dominion Express company was in town during the week on his annual trip of inspection. He says that the business of the company is steadily improving and that the Kootenay district is one that is receiving a good deal of attention at the hands of the company. He is eager to see the Crow's Nest Pass road established or besides opening up a wonderful country and permitting Canadian merchants to enter into successful competition with Americans, it will largely increase the business of the company represented by him. Mr. Stout was in Nelson last fall and says that the rapid progress of the town is remarkable.

CHRISTMAS GOODS

At the Nelson Drug Store will be found the best and cheapest assortment of Toys and Christmas Goods ever brought into Kootenay.

These goods were bought for spot cash and will be sold for spot cash only.

CERTIFICATE OF THE REGISTRATION OF A FOREIGN COMPANY.

"Companies' Act," Part IV., and amending Acts.

"The London and British Columbia Goldfields, Limited" (Foreign).

Registered the 20th day of October, 1896.

I HEREBY CERTIFY that I have this day registered "The London and British Columbia Goldfields, Limited," (Foreign) under the "Companies' Act," Part IV., "Registration of Foreign Companies," and amending Acts.

The head office of the Company is situate in England.

The objects for which the Company is established are:—

(1.) To prospect and explore for the purpose of obtaining information, and also to acquire and enter into treaties and contracts and engagements of any description, and either absolute or conditional, with respect to lands, forests, harbours, mines, mining rights, minerals, water rights, rivers, and property of every or any nature situate in any part of British Columbia, or elsewhere; and to negotiate for and acquire concessions, privileges and rights, absolute or conditional, from any Sovereign, Powers, Rulers, Governments or States, or person or persons, or from any corporate or other body, and to enter into any arrangement with any Government, Ruler or authority, municipal or otherwise, for any purpose, or to any effect, and from time to time to alter and vary the same accordingly:

(2.) To carry on mercantile, commercial, trading and financial business of any and every description, either as principals or agents, or partly as principals and partly as agents, and to buy, sell and enter into contracts, either absolute or conditional, in respect of stocks, shares, debentures, debenture stock, bonds, obligations, options and securities of every or any description in any part of the world:

(3.) To purchase, take on lease, or acquire by exchange, licence, hire, or otherwise, lands, forests, buildings, harbours, mines, mining rights, water rights, patents or other rights or claims (whether absolute, exclusive, optional, conditional or limited), and any other kind of property in any part of the world:

(4.) To work, win, quarry, convert, manufacture, use, crush, wash, smelt, reduce refine, or otherwise treat and render marketable, and sell or otherwise dispose of, or deal in metalliferous quartz and ore and other mineral and metal substances and products and precious stones, and produce of every description:

(5.) To improve, manage, develop, or otherwise turn to account, or deal with all or any of the property and rights of the Company:

(6.) To carry on and transact the trades or businesses of merchants, contractors, carriers by land or water, farmers, graziers, traders in and manufacturers of all kinds of merchandise, goods, provisions and articles, and to carry on the businesses of bankers, capitalists, shipowners managers of estates, farms, mines, railways or other properties, and financial agents and brokers in all their respective branches, and the businesses of engineers, builders, miners, and any other businesses directly or indirectly connected with or capable of being conveniently carried on in connection with any of the businesses for the time being or objects of the Company:

(7.) To erect, construct, establish, or acquire by purchase, hire, or otherwise, and carry out, maintain, improve, develop, manage, work, control, and superintend any roads, ways, bridges, harbors, reservoirs, water works, gas works, electrical works, farms, canals, tramways, railways, quays, wharves, furnaces, mills, crushing and hydraulic works, factories, warehouses, ships, steamers, tugs, barges, machinery, locomotives, waggons, appliances, apparatus, and other plant and works, and to contribute to, subsidise, or otherwise aid and take part in any such constructions, works or operations:

(8.) To cultivate lands and property, whether belonging to the Company or not, and develop the resources thereof, by building, reclaiming, clearing, draining, damming ditching farming, and planting, upon such terms or system as may be considered advisable:

(9.) To stock, cultivate, and farm lands, and to breed, grow, and deal in all kinds of stock, cattle, sheep, horses and produce:

(10.) To establish, form and subsidise or otherwise assist in the establishment, promotion or formation of any other companies having for their objects, or some of them, any of the objects mentioned in this memorandum, or the prosecution of any other undertakings or enterprises of any description having objects which may advance directly or indirectly the objects of this Company, and to secure, by underwriting or otherwise, the subscription of all or any part of the share or loan capital of any such company, and to pay or receive any commission brokerages, or other remuneration connection therewith;

(11.) To contract with or aid any Sovereign or other Power, Government or State, or any municipal or other body, politic or corporate, or company or persons for or in relation to capital, credit, means or resources, for the prosecution of any works, undertakings, projects or enterprises; also to contract for and act as agents or otherwise in relation to loans or securities issued or proposed to be issued by any Government or State, or municipal or other authority, or company or corporation, or persons or person:

(12.) To lend or advance money on the security of any kind of property, rights, stocks, shares, bonds, debenture stock, mortgages, debentures, obligations, bills, notes or other instruments or securities, or on the undertaking of any company or any part thereof:

(13.) To negotiate loans of all descriptions, either alone or jointly with any other company or person, to any state, country, municipality, railway company or any other company, or corporate or other body, or any person or persons;

(14.) To advance money for, or otherwise assist in making explorations and surveys of every kind, and in promoting immigration into any country, colony or state:

(15.) To guarantee the performance of any contracts or engagements, and to become liable or responsible for money, or for the fulfillment of contracts entered into by others:

(16.) To issue on commission, or receive brokerage, or other remuneration or consideration, upon the issue or re-issue, or for guaranteeing the issue of, or the payment of interest on any stock, shares, debentures, debenture stock, bonds, obligations or other securities of any company or public or local authority:

(17.) To borrow or raise money without security, or to secure the payment of money borrowed or raised, and in particular by the issue of debentures or debenture stock (perpetual or terminal), bonds, mortgages or any other security upon such terms as to priority or discount or otherwise as shall be thought fit, and to secure the same if thought fit by mortgage or charge upon the undertaking of the company and all or any of its real and personal property, present or future, and all or any of its uncalled capital, or in any other manner, and to purchase or redeem (at a premium if deemed expedient) any debentures, debenture stock or securities of the Company:

(18.) To sell, lease, charter or otherwise dispose of absolutely, conditionally, or for any limited interest, the whole or any part of the undertaking, property, rights, concessions or privileges of the Company for such consideration in cash, shares or otherwise as the Company may think fit, and to abandon any part of the business for the time being of the Company and to carry on any of the objects mentioned in this clause, to the exclusion of the others, and to acquire or institute any new business falling within the objects of the Company, or any of such objects:

(19.) To subscribe for, purchase, or otherwise acquire the shares of stock, whether ordinary, preferred or deferred, or the debentures, bonds, or other securities of any company, and to except the same in payment for any property sold, or business undertaken, or services rendered by this Company, and to hold, sell, or otherwise deal with the same:

(20.) To pay for any rights or property acquired by the Company, or any services rendered to the Company, in fully or partly paid shares or stock, debentures or other securities of the Company, and to make such payments or gifts by way of bonus or otherwise, and either in money or in any other value as may from time to time be deemed expedient for information or advice given or for services of any kind rendered to the Company, or in connection with which the Company may be directly or indirectly interested, and generally to make any payments or agree to pay any commissions, with or without any consideration moving to the Company, if it is considered by the Directors in the interests or directly or indirectly to the benefit of the Company to do so:

(21.) To promote any company for the purpose of acquiring all or any part of the undertaking, property and liabilities of the Company. Also to acquire the undertaking and assests, and undertake the liabilities, of any now existing or future company, and to conduct, liquidate or wind up the business of any such company:

(22.) To enter into partnership or into any arrangements for sharing profits, co-operation reciprocal concession, or otherwise, with any person or company, and to remunerate any person or persons, joint stock or other company by fixed salary or specified remuneration, or by a share of profits present, past or future, or part one way and part the other:

(23.) To make and carry into effect or determine arrangements with British or foreign manufacturers, railway and shipping companies, proprietors or charterers of shipping, carriers, proprietors of steam or other mechanical power, and other persons or company:

(24.) To carry on, work or develop any property or business of any kind, or to concur with others in so doing, or employ others to do so, as may be found expedient:

(25.) To pay any commission or brokerage for the purpose of securing the subscription of any part of the share or loan capital of this Company, or of any company promoted by this Company, or in which this Company is or intends to be interested, and generally to remunerate any persons for underwriting such capital, or for services rendered in placing, or assisting to place, or guaranteeing the placing, of any shares, debentures or other securities of the Company, or for promoting or guaranteeing the raising of capital for any other company, and to underwrite or otherwise guarantee the subscription for or placing of the share or other capital of any other company:

(26.) To procure this Company to be legalised, domiciled or recognised in any foreign country or colony, and to procure its incorporation in a like character, or as a Societe Anonyme in any foreign country, and to carry on the business of the Company, or any part thereof, in any foreign country or colony, or dependency of the United Kingdom or in any part of the world under any other style or name:

(27.) To draw, accept, make, indorse, discount and negotiate bills of exchange, promissory notes, warrants and other negotiable instruments other than bank notes:

(28.) To distribute among the members in specie any property of the Company, or any proceeds of sale or disposal of any property of the Company, but so that no distribution amounting to a reduction of capital be made except with the sanction (if any) for the time being required by law:

(29.) To exercise the powers given by "The Companies' Seals Act, 1864," and "The Companies' (Colonial Registers) Act, 1883":

(30.) To do all such acts and things as are incidental or conducive to the above objects:

(31.) It is expressly declared that the intention is that the objects set forth in each of the foregoing paragraphs of this clause shall be construed in the most liberal way, and shall be in no wise limited or restricted by reference to any other paragraph, or by any inference drawn from the terms of any other paragraph:

(32.) The word "Company" in this clause, when not applied to this Company, shall be deemed to include any partnership or other body of persons, whether incorporated or not incorporated, and whether domiciled in the United Kingdom or elsewhere, and whether now existing or hereafter to be formed.

The capital stock of the said Company is £200,000, divided into 197,500 ordinary shares of £1 each, and 2,500 deferred shares of £1 each.
