INDIAN DESPERADOES.

FOUR PIC INDIANS ARRESTED WHO HAD INSTITUTED A REIGN OF TERROR.

Have Long Been a Terror of the Country.—Charged With Murder and Attempted Murder.—Arrested When the Treaty Money Was Being Paid.

Ottawa, July 22.—The Moses brothers of the Pic band of Indians, whose arrest has taken place at Heron bay on a charge of murder, have been the subject of correspondence between J. F. Hodder, Indian agent at Port Arthur, and the department of Indian affairs. For a long time these desperadoes have been terrorizing the people of the Pic reservation and that neighborhood, but last April upon returning from their annual winter hunt they settled down, and Constable Mosseau of the Pic reserve reported to the Indian agent at Port Arthur that they were working industriously and leading un-objectionable lives.

They did not, however, deserve the good opinion of the constable, for on June 17 last Louis Moses fired four shots at John Desmoulin and Joseph Goodchild, who with their wives were on a timber raft about three or four hundred yards distant, at the junction of Black and Pic rivers. The bullets went dangerously near the mark, one lodging in the skiff tied to the raft. Desmoulin and Goodchild immediately landed and asked Moses what he meant by shooting at them. His explanation was that the shooting was accidental. It is believed that the real explanation is that it was a murderous attack. Antoine and Mohawk Moses took a boy named Lemay in a sailboat with them. Lemay was never heard of afterwards. He was said to have been drowned, but it was subsequently reported that he had been saved and taken to land by Antoine and Mohawk, and that fearing to bring him back to the reserve again one of the Moses brothers, said to be Louis Moses, killed him last winter.

Joseph Goodchild was understood to know something of the circumtances of the crime, and Mossea believes that Louis tried to kill Goodchild.

The dangeruos character of these Indians is shown by the suggestion of Hodder to the department a month ago that it would be well to arrest the four brothers when the bounty was paid, for if they were not all arrested those who had acted in the matter would probably be jeopardized, meaning probably that the members of the family who were allowed to remain at large would seek the first opportunity of avenging those of their brothers who had been taken into custody. The opinion was also expressed that a great deal of evidence would be given that otherwise would not be available if the men were not in jail, the inference being that as long as they were at large people would be afraid to tell what they knew.

GERMAN DIPLOMACY.

How the German Minister Manages Matters at Korea.

News comes from Seoul that on the night of the 29th ult. the German minister requested the Korean minister for foreign affairs to visit him at the legation, and upon Mr. Yuki-Kwan acceding to the request the German minister administered to him a sound thrashing because the unfortunate minister had, doubtless acting upon instructions, refused certain mining privileges to Germans in the gold districts of Kingjo. The Korean government is said to be greatly excited, and small wonder.—Victoria Times.

AGUINALDO DICTATOR.

HAS PROCLAIMED HIMSELF DICTATOR WITH MARTIAL LAW IN MANILA.

Unexpected Visit of the German Ambassador to Washington.—Nipi Success Important.—Hobson Arrives at Washington.

Washington, July 22.—There were several events of interest if not of importance at the war and navy departments today. General Anderson at Cavite sent a message saying that Aguinaldo had declared a dictatorship and martial law over the Philippines. This gave the cabinet food for consideration at their regular meeting today. There was no disposition to force any issue with the insurgent chief at this moment, but it is pretty well understood that he will not be allowed to commit the United States government in the future treatment of the Philippine question. The visit of the German ambassador to the president and to the secretary of state was a basis for a belief that he called to make representation on that subject, and perhaps as well on the question of peace as affected by the program laid down by Watson's projected voyage to European waters.

If so no official confirmation was obtained, and a "friendly visit" was the only explanation offered by the secretary for the appearance of the German ambassador in the dog days in Washington.

The embassy people were no more communicative, so that if anything of importance passed during the meeting between the president and Dr. Von Holtenben it probably will be revealed only in the shape of action later on. It would not be surprising if it should develop that strong Euoprean influences are being brought to bear to dissuade the navy department from dispatching Watson's fleet to Europe. But so far they appear to have been ineffectual, for it is officially stated that the departure of the squadron is only delayed, not abandoned.

Although General Miles reported by cable today from Mole St. Nicholas, Hayti, that he was "moving along well" with the first detachment of the military expedition against Porto Rico, the body of his despatch gave rise at the first to the apprehension that, like General Shafter at Santiago, General Miles was threatened with a costly delay in landing his expedition owing to the absence of lighters and tugs. It was said at the war department later on that some of these lighters were already on their way from New Orleans and New York, and that no sensible delay would arise on that score. It appears from General Miles' first statement relative to Colonel Helcker, that he was not acquainted for the necessity for that officer's presence in Washington in order to provide for the speedy transportation to Spain of the troops surrendered at Santiago. The brief report from Admiral Sampson, declaring the success of the expedition to Nipi is really of more importance than appears on the surface.

The bay of Nipi lies on the north coast of Cuba, directly across the island from Santiago. It is proposed to establish a base there which will save at least two days in getting supplies into Cuba as compared with the Santiago route. It will also form a good point for operation against Holquin, and should it develop unfortunately that a restraining hand must be laid on the Cubans themselves, Nipi is in connection with Santiago, and this would allow an effective means of doing this. The war department has not yet been informed of General Shafter's Cuban allies quiting the lines for the reason sent out in the printed letter by General Garcia, but it is scarcely doubted that such is the case. The last and most agreeable event of the day was the arrival of Lieutenant Hobson of Merrimac fame. He arrived at the station unexpectedly and got through the train shed when someone spied him and raised a shout.

The cry of "Hobson" rang out and the cry closed about him until he was rescued and escorted to his carriage. A large crowd gathered about the doorway of the secretary of the navy's office and gave him a hearty welcome. Secretary Long seized him with both hands, saying, "Lieutenant, I am glad, very glad to see you." He came to Washington under orders from Admiral Sampson to acquaint Secretary Long with the condition of the Spanish war vessel Cristobal Colon and to get instructions regarding it, in order if possible to save it and add it to the navy of the United States. When this is done he is to return to the cruiser New York, unless otherwise ordered by Secretary Long.

AMATEUR ROWING.

The Argonauts of Toronto Lose the Pairs to Ixley and Scott.

Philadelphia, July 22.—The 26th annual regatta of the New York amateur oarsmen opened here today. Races were over a course on the Schuylkill river in Fairmont park. Today's events consisted of two trial heats in the intermediate singles and the finals in the senior pair-oared, senior double, senior four and intermediate eight-oared shell. One championship prize went to Toronto, another to Worcester, Mass., and the other two to Philadelphia.

The surprise of the day was the defeat of Wright and Thomson of Toronto by Ixley and Scott of Philadelphia. They had rowed but a short distance when it was seen that the Argonaut pair had met their masters. The Quakers won by 15 lengths. Ten Eyck of Henley and his club mate Lewis won the senior double sculls in fine style, rowing against Marsh and Monoghan and Margarum and Halstead of Philadelphia. They won by three lengths.

There were three starters in the censor four-oared shell race, Argonaut of Toronto, the Aerials of Baltimore and the Westerns of St. Louis. The Argonauts showed fine oarsmanship and won the race by a length.

The following is a summary of the day's events:

Intermediate single scull—First heat, two to qualify, J. M. Binder, Malta, B. C., Philadelphia, first; McDavis, Harlem B. C., New York, second. Time, 9:59.

Intermediate single sculls, second heat—A. Kukib, Springfield, first; S. F. West, Chelsea, second.

Senior double sculls—E. H. Ten Eyck and C. H. Leads, Worcester, Mass., won; E. Marsh and M. Monoghan, Philadelphia, second.

Senior four-oared shell, final—Argonauts, Toronto, first; Aerial, Baltimore, second; Western, St. Louis, third.

INTERNATIONAL CHESS.

Tabulated Results of the Tournament Up to Date.

Vienna, July 22.—After one day of rest the chess experts engaged in the international tournament began the games in the 36th round this morning. The schedule was as follows: Schiffers vs. Alapin, Janowski vs. Wahlbrodt, Pillsbury vs. Burn, Blackburne vs. Trenchard, Schowalter vs. Baird, Schlechter vs. Caro, Marco vs. Lipke, Maroczy vs Halprin, Tschigorin vs. Tarrasch and Steinitz a bye.

The first adjournment was made at 2 o'clock. At this time the following results had been arrived at: Schiffers and Alapin adjourned their game in even position, Janowski disposed of Wahlbrodt, Pillsbury had lost a game against Burn (the contest was adjourned), Blackburne beat Trenchard, Baird went down before Schowalter, Schlechter beat Caro, Marco succumbed to Lipke, and Tschigorin and Tarrasch adjourned their game in an even position. The following are the scores up to date:

	Won.	Lost.
Alapin	18	16
Baird	9	2
Blackburne	17	18
Burn	18½	15½
Caro	12½	22½
Halprin	14	21
Janowski	25	10
Lipke	19½	15½
Marco	17	19
Maroczy	19½	15½
Pillsbury	24½	17
Schiffers	15½	18½
Schlechter	22	14
Schowalter	11½	19
Steinitz	23½	11½
Tarrasch	26	8
Trenchard	6	29
Tschigorin	19½	14½
Wahlbrodt	15½	19½

CIGARETTES AT COURT.

Russian Ladies Petition Against Their Prohibition in Czarina's Presence.

London, July 22.—The Daily Telegraph today published a despatch from St. Petersburg which says the ladies of the Russian court are greatly upset at the fact that the czarina has forbidden cigarette smoking in her presence. The despatch adds that the ladies have petitioned her majesty to withdraw the prohibitory Yukase, pointing out that ladies smoke cigarettes at all the courts of Europe and that there are smokers among the crowned heads of Europe and princes of blood royal, including the Dowager Czarina, the Empress of Austria, the Queen of Roumania, the Queen Regent of Spain and the Queen of Portugal, while they allege the greatest devotee of all is Princess Henry of Prussia, the sister of the czarina.

MANILA INVESTED.

AMERICAN FORCES MAKING READY FOR THE ATTACK ON MANILA.

California Volunteers are Near the Spanish Lines.—South Manila to be Taken First.—The Second Expedition Disembarking.

New York, July 22.—A despatch to the New York Journal from Cavite, July 19, via Hong Kong, dated July 22, says:

The entire regiment of the First California volunteers advanced to Janbo, only two miles from the Spanhis line, surrounding Manila. The California troops have been thrown out by General Anderson to form the advance of the attacking force. South Manila is to be captured first. The Colorado and Utah batteries are being landed at Pasana directly from the ships. The Tenth volunteers with the rest of the artillery will land at Malabon, just north of Manila. Brigadier General F. V. Breen, formerly Colonel of the Seventy-first regiment of New York, is in command of the advance. General Anderson remains in Cavite.

The disembarkation of the American troops composing the second expedition is being pushed with the utmost energy. The Colorado regiment is already in the field near Parajo. The other regiments will be transferred without any loss of time from the transports to the camp in native boats. The United States cruiser Boston has been detailed to cover the landing parties. She now occupies a position almost within range of the guns of the Fort Malate, which is only a short distance from Manila proper. The brigade commanded by General Anderson is still at Cavite, but his troops are ready to move. The arrival here of the United States monitor Monterey is anxiously expected.

NEWFOUNDLAND QUESTIONS.

Sir James Returns From a Successful Trip to London.

London, July 22.—Sir James Winter, the premier of Newfoundland, returns to America on August 6 by the steamer Siberian, having completed the mission which brought him to this country. It is understood that the British colonial office has agreed that Newfoundland should be directly represented at the coming conference on American-Canadian affairs, and the Newfoundland premier himself will be the commssisioner from the colony. Sir James Winter also had a satisfactory conference with the first lord of the admiralty, Mr. George J. Goschen, in regard to establishing a naval reserve corps in Newfoundland. The British government has not reached a decision on the French shore and other questions.

STOCKS RISING.

The Statement of Spanish Minister of Public Works Is the Reason.

New York, July 22.—The Evening Post financial cable dated London, July 22: The statement by the Spanish minister of public works concerning the peace prospects together with good railway dividends favorably affected all the stock markets here today. A sharp rise took place in Spanish fours on the Spanish minister's statement, which also brought in buyers of Americans. The market closed under the best, however. A large amount of American bills was offered today to leave New York tomorrow.

New York is asking for quotations on American bills as far forward as October. Gold was in strong demand for the continent, and full weighted soverigns were bought today for shipment to Russia. It is believed that money rates have touched bottom. It is rumored that the Transvaal government has obtained a loan of £6,000,000 at Berlin.

NIPI OCCUPIED.

Washington, July 22.—The following message has been received at the navy department:

Playa, July 22.—The expedition to Nipi has been entirely successful although the mines have not been removed for want of time. The Spanish cruiser Jorge Juan, defending the place, was destroyed, without loss on our part. The Annapolis and Wasp afterwards proceded from Nipi to assist in the landing of the army on its arrival at Porto.

A NEW PROMOTION.

The prospectus of the Pacific Northwest Mining Corporation, Limited, has been published in the issue of the 2d inst. of the Financial News. The promoters of this company seem to be sanguine to a degree remarkable even among company promoters. The prospectus states that the company has acquired properties, one in Montana, three in British Columbia and three near Sunrise City, Alaska—four of the properties being placer propositions on which a hydraulic plant will be necessary. The prospectus makes no mention of any dividends ever having been paid by any of the properties and no details of any development work are given, so it may be reasonably concluded that all the properties are still in the prospect stage, and yet the prospectus states that from information considered trustworthy share holders may safely rely on a net profit of £97,500 sterling at the end of the first year as a result of the working of the three quartz mines alone.

One of these is the Black Cock, near Ymir. The Black Cock was located by Alexander Audet and A. Julian, and was recently sold by them to this company for, it is stated, $75,000. We have no personal knowledge of the property, but it has the reputation of being a promising prospect, with a certain amount of work done, and good assays are said to have been obtained from it. This is the foundation of the statement that the Black Cock will at the end of the year yield a net profit of £37,500, or about $177,500. The owners, who presumably know their own property, will be probably surprised to find that a conservative estimate of a year's profits will be more than twice as much as what they got for the claim.

The wild statements in the prospectus are sufficient in themselves to condemn it, and the English investing public should know enough by this time to read between the lines and fight shy of a company who pays $650,000 for unproved mining properties.

THE VACANT JUDGESHIP.

The position of chief justice of British Columbia is still unfilled, though a number of names have been mentioned in connection with it. It was stated that Mr. E. P. Davis was offered the post on condition that he went to live in Victoria. Mr. Davis declined to leave Vancouver, so the matter dropped. It is now confidently asserted that Mr. Justice McColl will be appointed chief justice, which will leave a vacancy on the bench of the supreme court

If such be the case it may not be out of place to suggest that the new judge should be required to reside at Nelson. We are reliably informed that every time a judge comes down here to hold court the travelling and hotel expenses mount up to between $400 and $600, making a total expense to the government of nearly $3000 annually.

Were a judge of the supreme court to be appointed to reside here permanently, all members of the legal profession agree that there is sufficient litigation here to give him plenty of employment, while such an arrangement would be at once an economy for the government and a convenience to barristers and public alike.

According to an interview published in the Victoria Times, with a naval man going home on leave, the war cloud in the far east is getting very black indeed. "Russia's aggression has about gone to the limit," said the officer, and England undoubtedly appears to be making ready for war. Large stocks of coal and munitions of war are continually arriving at the naval depot at Hong Kong, where all the small gunboats are assembled. This last circumstance is considered especially significant. Usually these small craft are scattered about the coast of China looking after British interests and the safety of British subjects in the smaller places on the Chinese coasts, but were war to break out they would all be laid up in Hong Kong and their crews drafted to the torpedo boats and fighting ships. The Chinese army and navy is already being reorganized under British officers, and England seems generally to be quietly and unobtrusively making ready to meet the storm which, in the opinion of residents in the east, is sure to burst before long.

Mining News.

The Idaho mine, near New Denver, has shipped 3098 tons of ore during the past year.

A shipment of 1000 tons of ore is being made from the Enterprise mine, in the Slocan, to the Omaha smelter.

A strike of $100 ore, of which there is five feet in sight, has been made in the Nelson-Poorman mine. The strike was made in the 600-foot tunnel, where the ledge was cut at a depth of 300 feet.

A big strike has been made by Malcolm Matheson on the Copper Chief, near Trout Lake City. A section of the ledge has been uncovered and some fine speciments of ore have been taken out.

The Whitewater mines, Limited, have taken a working bond on the Slocan Boy, which is owned largely by Spokane parties. The price is said to be $40,000. Work on the property will begin at once.

During the first six months of this year the Le Roi mine shipped 22,970 tons of ore, the War Eagle 11,889 tons and the other mines of the Rossland camp 4506 tons, making a grand total taken from the Rossland mines of 39,356 tons, of an approximate value of $1,277,079.

The Golden and Fort Steele Development company are going to do extensive development work on their valuable mineral claims at the head of Toby creek. A party goes up there next week to commence operations.

The Swansea mineral claim, in Windermere mining division, belonging to Ben Abel, Joe Lake, Sam Brewer and G. S. McCarver, has been bonded to F. A. Mulholland of Rossland, for $5000. The first payment is due on July 29.

Manager McClure reports that the work of sinking the shaft on the Flossie R. will be discontinued, and bids will soon be asked for the sinking of a 500-foot tunnel on this property. There are 11 distinct leads on the Flossie R, which also extend across the entire length of the Bimetallic and King Solomon claims, and it is thought a 500-foot tunnel would tap all these leads. The wagon road has been completed about half way from the mine to the railway. Work will probably commence on this tunnel within a few weeks. The Flossie R. has had, considering the amount of development work done, the most wonderful showing of any property in the Ymir camp.

WINE FOR THE SOLDIERS.

A French Firm Sends 1200 Bottles of Champagne to the Wounded.

New York, July 22.—A firm of winemakers at Rheims, France, has offered the United States government 1200 bottles of champagne for the sick and wounded soldiers. The surgeon general of the army referred the offer to the secretary of the treasury, who has issued orders that the wine be admitted free of duty. Part of the wine will be sent to Santiago.

MASONIC ELECTIONS.

Toronto, July 22.—The Masonic grand lodge delegates this morning elected district deputy grand masters. The credentials committee reported 1565 votes registered, and the election of grand lodge officers was then proceeded with.

RATE WAR SETTLED.

Chicago, July 22.—Sir William Van Horne, president of the Canadian Pacific Railway, passed through Chicago today on the way from St. Paul, where he has been in conference with J. J. Hill, president of the Great Northern Railway, on the transcontinental passenger rate matter. No official statement is made, but it is understood that an agreement was reached which will result in the restoration of the tariffs.

HOLDEN EXTRADITED.

Montreal, July 22.—Holden, the Napanee bank robber, arrived at Montreal last night from Boston in charge of Chief Sills of Napanee and Inspector Caddis of Boston. He was locked up and was taken on to Napanee this morning.

NELSON L.O.L. No. 1692 meets in the McDonald block every Thursday evening at 8 o'clock. Visiting members cordially invited. John Toye, W.M.; F. J. Bradley, R.S.

GENERAL LOCAL NEWS

EVENTS OF INTEREST IN AND AROUND NELSON.

Brief Mention of Happenings in the District During the Past Few Days.

A base ball team has been organized at Ymir.

A. S. Farwell left yesterday evening for Revelstoke.

Mr. and Mrs. W. J. Wilson of Nelson are visiting Rossland.

Ernest Coy and T. V. Bell of Deer Park are at the Grand Central.

W. E. Blackmar of Brooklyn registerd at the Phair yesterday evening.

H. McElroy, Warton; G. C. Longstreet, Toronto; W. D. Chisholm, are at the Phair.

W. G. Pettingell of the Canada Drug and Book company is at present in Regina, N.W. T.

Mrs. S. Des Brisay passed through the city this week to join her husband, who is in business at Ymir.

A meeting of the clergy of the Church of England in West Kootenay will be held in Kaslo next Thursday.

C. E. Smith, Montreal; H. O. Switzer, Toronto; Mr. and Mrs. George H. Mastick, are at the Hume.

Go to the West Kootenay Butcher company for your meats, veal, lamb and Lake Superior trout today. Every thing first class.

The fancy cake in the window of Lewis & Dervin on Baker street attracts much attention and is a thing of beauty.

A moonlight excursion has been arranged for the evening of August 5, to the Outlet hotel, Balfour, on the steamer Nelson.

E. H. Mills of Kuskonook, accountant for W. H. Armstrong, contractor on the Crow's Nest Pass railway construction, spent yesterday in the city.

In the future we intend issuing The Miner on Monday mornings instead of Sunday mornings, as the new arrangement has been found to be more satisfactory to our patrons and subscribers.

The New Gold Fields of British Columbia of which Sir Charles Tupper is president will shortly resume work on the Exchange group near Slocan City.

E. J. Brown, late of the Tecumseh house, London, Ont., arrived in the city on Wednesday and has accepted a position with P. F. Emerson in "The Office."

As will be seen by advertisement the social cantata, "Under the Palms," will by special request be repeated in the Presbyterian church Wednesday evening, July 29.

Miss Goodman, who has been visiting her uncle and aunt, Mr. and Mrs. E. R. Winnan, for the past few weeks, left for her home in Walla Walla, Wash., yesterday evening.

While on her visit to Nelson Lady Aberdeen noticed some snapshot photographs taken, and wishes to ask through the medium of The Miner that, should the photographs be successful, copies be sent to her.

We understand that the slight accident to Mr. J. Roderick Robertson, reported in yesterday morning's Miner, happened while he was engaged with other members of the reception committee in removing the tables, piano, etc., for the public luncheon at the hotel Hume. The accident has fortunately not interfered with Mr. Robertson's attending to business as usual and the doctor in attendance says that his arm will be all right in a few days.

A militia company is being organized at Kaslo, and already 38 members have signed the roll under Captain G. D. Reid, First Lieutenant W. J. Twiss and Second Lieutenant John P. Vroom.

A. W. Sheppard, Presbyterian missionary at Ymir, who has been under treatment in the Kootenay Lake General hospital for the past month suffering from rheumatism, returned home this week greatly improved in health.

On Monday evening next, the 25th inst., in the Presbyterian church, the Rev. A. A. McLeod, Baptist missionery, returning to his work in India, will give a missionary address to which the public are invited. There will be special appropriate singing.

A pleasant feature of the celebration of Thursday was the presentation of two handsome bouquets to Lady Aberdeen from the Nelson fire brigade. The presentation was made by Misses Beryl and Zella Emerson, the two charming young daughters of Mr. and Mrs. P. F. Emerson.

The present force at work on the Golden Wedge has been increased by 10 men. Operations have just begun on the construction of a 150-foot tunnel. It is the intention of the owners, the B. C. Gold Fields company, to tap the ledge at a considerable depth on the Bonanza, a claim adjoining the Golden Wedge.

The tables at the public luncheon given by the citizens of Nelson to their Excellencies the Governor General and Lady Aberdeen were very tastefully decorated with flowers, etc., by Mrs. Arthur, Mrs. Holt and Mrs. Goepel, who certainly deserve the thanks of the committee for the trouble to which they went to make the tables so attractive.

J. E. Annable has opened up a general insurance commission and real estate business in the office recently erected on Victoria street, opposite The Miner office. He is general agent for the Ontario Mutual Life Assurance Co., several fire insurance companies, the city agency of the Provincial Building and Loan association, and has a large list of real estate for rent and sale.

In the list of guests who attended the public luncheon given at the Hume on Thursday in honor of their Excellencies the Governor General and Lady Aberdeen, as published in yesterday's Miner, the following names were unfortunately omitted: Mrs. J. F. Hume, Miss Irvine, Mrs. Gilker, Mr. and Mrs. Lawrence, Mr. and Mrs. A. Beaton, Mrs. Rutherford, Mr. and Mrs. J. J. Malone, Mr. and Mrs. S. S. Taylor, Mr. and Mrs. J. E. Annable, Messrs. S. P. Shaw, Howard Chapman.

YMIR NOTES.

Development Work Being Pushed on Porcupine and Quartz Creek.

Load after load of air pipe can be seen daily going to the Dundee, Flossie R., Bullion and Tamarac mines. The indications are that every mine in the camp will soon be at work to its utmost capacity.

The balance of the machinery for the 40-stamp mill for the Ymir mine is expected to arrive any day. About 16 tons of machinery has already arrived, and there is but 60 tons to come.

A great deal of development work is being done at present on Porcupine and Wild Horse creeks. The prospectors have just begun to realize that a sufficient amount of work has to be done on their properties before they can get capital interested enough to invest money. All that the properties around Ymir need is enough development work to show them up, and then the owners of claims around Ymir will have no trouble in disposing of their properties.

Ymir has the brightest future of any mining camp in British Columbia. There are at present eight or ten properties working, and a good number of them will put in machinery during the summer and fall. There are at present two concentrators and three stamp mills under construction, all of which will be completed within the next few months. From present indications the coming fall will see Ymir a very lively camp. Although we have experienced some dull times during the past few months, there is no reason why we will not see good times in Ymir yet. With several hundred men working, as there will be within the next sixty or ninety days, Ymir will have a pay roll second to no camp in British Columbia. There are at present 200 men at work on the different properties around Ymir, and placing the wages of these men at $3.50 per day, regular miners' wages, this would at present give Ymir a payroll of $21,000 per month.—Miner.

AMERICAN COMMISSIONERS

Meet at Washington to Arrange the Preliminaries.

Washington, July 22.—The American members of the Canadian-American high commission met at the state department at noon today to perfect an organization preliminary to meeting the British and Canadian commissioners at Quebec about August 10. All of the American commissioners were present, namely, Senators Gray and Fairbanks, Representative Dingley, ex-Secretary John W. Foster and Mr. John A. Kasson, reciprocity commissioners, and Mr. T. Jefferson Coolidge of Boston, who has recently been added to the commission.

HON. MACKINTOSH'S REGRETS.

The reception committee extended an invitation to Hon. C. H. Mackintosh of Rossland to be present at the reception to their Excellencies in Nelson, but owing to circumstances the honorable gentleman was unable to be present. The following telegram of regret was received:

"W. A. Jowett, Nelson: Regret that invitation was received too late. Made important engagement yesterday requiring my presence here until Thursday afternoon, otherwise nothing could have afforded me more pleasure than being present to do honor to their Excellencies.

"C. H. MACKINTOSH."

DISTINGUISHED MINING MEN.

Ex-Lieutenant Governor Dewdney arrived in the city yesterday afternoon and registered at the Phair. Accompanying Hon. Mr. Dewdney are Mr. E. Holt, of London, England, one of the directors of the Hastings, British Columbia Exploration Syndicate, of which Mr. Dewdney is managing director; and M. A. Bucke, of Kaslo, who is consulting engineer of the company. The party leaves for Ymir by this morning's train, and will return to the city this evening, where they will spend Sunday. They will leave on Monday for a trip through the Slocan.

QUEEN'S PRIZE.

CANADIAN CLUB IN LONDON PRESENTS THE TEAM WITH A TROPHY.

Initial Rounds of the Great Competition.—Scores of the Canadian Marksmen.—Lord Strathcona and Mount Royal Presents a Cup.

London, July 22.—There are 300 men whose scores in the first stage of the competition at Bisley for the Queen's prize entitled them to compete in the second stage, during which they will fire ten shots at 500 yards and fifteen shots at 600 yards. They shot off the 500 yards this morning. Simpson, the private of the Fourth Manchester regiment, who, after tieing yesterday with Sergeant Morrison of the Fifth Lancashire regiment, at 101 points for the Queen's bronze medal, won that trophy yesterday afternoon. With a total of 14 points in three rounds at 160 yards, both men breaking the records, he heads the list with 10 bulls eyes. The following are the scores of the Canadians:

Swain 49, Simpson 47, Davidson 47, Robertson 47, Lieutenant Smith 47, Gilchrist 46, Ross 46, Blair 46, Forbes 45, Hayhurst 44, Broadhurst 44, Armstrong 44.

In the "Gregory" competition seven shots at 200 yards, standing, the Canadian, Ross, won the prize with a score of 34. Other Canadian competitors scored as follows: Forbes 32, Robertson 32, Blair 31. They won £2 each in the competition for the Queen's prize, first stage. Hutcheson wins £2 in the competition for the Duke of Cambridge's prize. Broadhurst and Spencer also won £2 each. At the close of the second stage of the Queen's prize Lieutenant Fletcher of the Second Liverpool regiment and Sergeant Barrett of the Second Norfolk regiment had tied for the silver medal with an aggregate of 240 for the four distances. The Canadian aggregates were: Broadhurst 209, Simpson 209, Hayhurst 209, Ross 206, Blair 205, Swain 203, Lieutenant Smith 203, Davidson 200, Gilchrist 198, Forbes 198, Armstrong 196, Robertson 191.

The final stage of the Queen's prize will be decided on Saturday.

Lord Wolseley, the commander in chief of the forces, Lord Kingsburg, Sir Henry Fletcher and many distinguished Canadians attended the presentation today by the Canadian club of a competition cup to the Canadian Bisley team in camp. Lord Strathcona and Mount Royal, in presenting the cup said that the Canadian club desired to show its appreciation of what was being done by the soldiers and citizens of Canada in coming to England to compete with the Imperial forces. Lieutenant Colonel Cooke, the officer in charge of the Canadian team, in responding said that the kindly treatment the Canadian riflemen had received among strangers here would never be effaced from their hearts.

In the competition for the Daily Graphic cup seven shots at 600 yards, Sergeant Ross of Victoria won the trophy with a score of 15, against a score of 14 by Broadhurst, the Canadian.
