SANTIAGO SURRENDERED

FURTHER DETAILS GIVEN BY THE COMMANDER OF THE U. S. ARMY.

General Toral had Been Temporizing for 10 Days.—The Delay was of Great Service to the Americans.—Tuesday's Interview Decisive.

Washington, July 15.—The following bulletin has been posted at the war department from General Shafter.

Headquarters, Santiago, Via Playa del Este, July 15.—To the Adjutant General, Washington, D. C. "Sent you several telegrams yesterday as did General Miles in regard to the surrender. General Toral agreed yesterday positively to surrender all the forces under his command in eastern Cuba upon a distinct understanding that they were to be sent to Spain by the United States. That surrender was authorized by General Blanco, and its postponement to tomorrow was merely formal. The commissioners to arrange details were appointed. Wheeler, Lawton and Smiley act for the United States. Several points were immediately raised by the Spanish commisssioners. The discussion lasted until 10 o'clock last night. My commissioners think the matter would be settled today, and next meet at 9:30 o'clock this morning. There are about 15,000 troops in the city and about as many more in the surrounding district, 25,000 in all will be transported. General Miles was present and said the surrender was as absolute and complete as possible. It cannot be possible that there will be a failure in completing arrangements.

"A water famine in the city is imminent, as their supply has been cut. This was told Lieutenant Smiley by the English commissioner. Will wire frequently while the negotiations are progressing (Signed) SHAFTER,

Major General Commanding.

YELLOW JACK IN THE ARMY.

Only a Few Fatal Cases—Additional Staff of Immune Doctors Sent.

Washington, July 15.—The reports which have reached the war department show that there have been some mortalities from yellow fever in Shafter's army. This, however, has been light as it is said up to the present time but five cases have resulted fatally. If any report of additional cases was received today, the officials declined to make it public. Meanwhile Surgeon Sternburg is making arrangements to supplement the working force of immune physicians and nurses at Santiago. He announced today that on Monday a vessel would leave New York, carrying an additional number of this class of workers and a large consignment of hospital supplies.

CORBETT AND KID M'COY.

Are Matched to Fight for $20,000 at Buffalo.

New York, July 15.—Articles of agreement for a fight between J. J. Corbett and Kid McCoy, the match to take place at the Hawthorne Athletic Club, at Buffalo on September 16, were signed in this city today.

McGray signed for the Hawthorne Athletic club, George E. Considine for Corbett and W. B. Gray for McCoy. The purse is to be $20,000, the winner to take all.

SPAIN SUES FOR PEACE.

Will Give Up Cuba and Discuss Any Reasonable Proposal.

London, July 16.—The Madrid correspondent of the Daily Telegraph says:

The government has definitely decided to open peace negotiations without delay, proposing as a basis the renunciation of all rights over Cuba, and the immediate discussion of any other reasonable proposals the United States may make.

SHATTERED HIS ARM.

Four Men Come to Nelson on a Hand Car for Professional Aid.

Yesterday a man camped near Ymir shattered his forearm while handling a shotgun. His cries were heard and Pete, the packer, and some others brought him about 10 miles into Ymir. The doctor desired professional aid and accordingly Pete, the packer, and three others took a hand car arriving in Nelson at 3:30 this morning. Dr. Forin goes out to Ymir on this morning's train. The injured man's name could not be learned.

STILL NEGOTIATING.

THE SPANISH COMMISSIONERS HAVE RAISED SEVERAL FRESH POINTS.

Shafter Expects Things Will Soon be Settled—Surrender was Absolute.—Santiago is in Danger of Water Famine.

General Shafter's Headquarters, Santiago, July 15.—General Shafter bears his honors modestly. To a correspondent of the Associated Press he said:

"The enemy has surrendered all territory and troops east of Santiago. The terms were dictated from Washington. It has been a hard campaign, one of the hardest I ever saw. The difficulties were great. The character of the country and the roads made it seem almost impossible to advance. The problem was hard but all difficulties have been satisfactorily surmounted. Our troops behaved gallantly. They fought like heroes and I am proud to have commanded them. During all the hardships they have suffered, they have shown great spirit. They deserve to conquer.

"The resistance of the enemy has been exceedingly stubborn, General Toral has proved himself a noble man worthy of any man's steel. The negotiations which culminated in the surrender have been dragging on for ten days with intermissions on Sunday and Monday, when our batteries and fleets bombarded the enemy's positions. Throughout these periods of truce General Toral has shrewdly played for time, always declining to surrender unconditionally and finally when hard pressed, fell back on the statement that he was merely a subordinate and could not surrender without the sanction of his superiors, except under penalty of being courtmartialed. At the same time he seemed to intimate that personally he thought it hopeless to hold out any longer."

It was at the personal interview held by General Shafter with General Toral yesterday that the American general made the Spanish commander understand that the temporizing must cease, and before noon today a categorical affirmation to his offer must be received or the bombardment of the city would begin in earnest. In the meantime all the plans had been perfected. The delay was utilized to good advantage. The American lines had been extended until Santiago was nearly surrounded and the light batteries had been so posted as to be able to do more effective work. In addiiton arrangements had been made to land troops at Cabanas, the western entrance of the harbor of Santiago.

The Spanish batteries opposite Morro Castle were to be bombarded and stormed. Their guns were then to be turned upon the city. General Lawson's division at the same time was to fall on the enemy's flank under cover of our artillery fire, we could then have invaded their lines, and have driven them into the city.

General Toral must have realized that he was trapped and that to hold out longer must mean a useless sacrifice of his men. Still he made one last effort to gain more time this morning. While nominally yielding to the terms General Shafter proposed before 8 o'clock he sent a communication to General Shafter enclosing a copy of a telegram from Captain-General Blanco explaining that the surrender of such an important position as Santiago, and the abandonment of eastern Cuba, would require the direct sanction of the Madrid government, and requesting that time to hear from Madrid be given. At the same time Blanco authorized General Toral, if it was agreeable to the American general to appoint commissioners on each side to arrange the terms of capitulation of the forces under the command on the conditions of their parole and transportation to Spain, pending the sanction of Madrid. He also communicated the names of the commissioners he had selected, namely Mr. Robert Mason, British vice consul; General Toral's staff, Colonel Fontaine and General Escarajao. This communication was so ambiguous that it might all be upset by the refusal of Madrid to sanction the terms agreed to by the commissioners, and General Shafter resolved to have all the ambiguity removed before proceeding further.

At 11 o'clock he mounted his horse and together with General Miles and his staff, he rode to the front. At General Wheeler's headquarters General Shafter, General Miles, Colonel Mans and an interpreter left their retinue and passed on over the American trenches with a flag of truce to the Mango tree under which the interview was held yesterday. They were soon joined by General Toral, his chief of staff and the two other commissioners appointed by him. General Miles took no part in the negotiations. He has been careful since his arrival here not to assume the direction of affairs, or to detract in the least from the glory of General Shafter's achievements. General Shafter insisted at the outset that the commissioners to be appointed should have permanent authority to make and conclude the terms of surrender in accordance with the general conditions of the American demands. After some parleying General Toral acceded to this, explaining that since his last communication he had received direct authority from Captain General Blanco to do so.. This being the main point the interview concluded.

Before parting General Shafter complimented General Toral highly on the skill and gallantry of his resistance. Upon the return to General Wheeler's headquarters the news of the complete victory was communicated to General Lawton and to General Kent and to the brigade commanders. A scene of general rejoicing followed. General Shafter held a regular levee before he dismounted, and was congratulated and complimented by all. He immediately appointed General Wheeler General Lawton and Captain Smiley to be the commissioners on his behalf to treat with those appointed by General Toral. He then issued orders to permit the Americans troops to retire from the trenches, but absolutely forbidding any soldiers and civilians going into the Spanish lines. The refugees are to be permitted to return to their homes, but neither the American troops nor Cuban authorities are to be permitted to enter the city at present. The order as to the Cubans is very specific. They have shown a disposition to loot everything and any place, but they are not to have the privilege of glutting their appetites for plunder in Santiago. A guard is to be maintained about the city, and the camps of the American soldiers are to be removed just to the front or to the rear of the lines as is most practicable in the various cases. The change of camp will undoubtedly improve the health of the troops.

The whole purpose of the American commander now is to protect the health of the army, and especially from the dread contagion. It is claimed there is no fever in Santiago, but the city is full of filth and stench, and if the United States troops are allowed to go in, it will undoubtedly become a pest hole.

Washington, July 15.—There was a long and anxious wait today to hear further news from the commissioner. For 18 hours no word came from either General Shafter or General Miles. When the cabinet met at 11 o'clock there was positively nothing from the front which would serve as a guide for the deliberations. It was thought the cable had been interrupted but on inquiring of General Greeley he gave assurance that the cable was not cut. There upon Secretary Alger sent a despatch inquiring as to how far the surrender had proceeded. No answer came while the cabinet was in session. Meanwhile General Greely cabled to Santiago and an answer was received at 2:23 p. m., and indicated that the negotiations were yet in progress, but as the despatch was submitted to the president no details were given out. Toward the middle of the afternoon despatches from General Miles and General Shafter began to arrrive.

Such portions as were made public showed that the Spanish had raised some rather unexpected questions. The most important of these was an

KLONDYKE GOLD.

SUCCESSFUL MINERS RETURN WITH LARGE AMOUNTS OF MONEY.

Immense Amounts of Gold Brought Down.—Half a Million Collected in Royalty.—Soapy Smith Shot While Resisting the Law.

Victoria, July 15.—The steamer Cottage City, which arrived here tonight, brought the first of this season's gold from Klondyke, having on board men who left Dawson as late as June 28. They came up the Yukon on the steamers Ora and Goddard which made the run from Dawson to White Horse in five and a half days. Included in the party were Dick Butler and three brothers who cleared up $400,000, and others who did nearly as well. The clean up cannot be estimated as the men gave incorrect figures to escape the royalty. The Dominion government, they say, must have collected half a million dollars in royalty.

Soapy Smith, the notorious confidence man, was killed at Skagway last week by Frank Reid, the city surveyor. A returned Dawsonite robbed a sack of gold and Smith defied the authorities to arrest one of his gang. He whipped out a Winchester with which he shot Reid through the hip, Reid replied with a revolver, killing Smith instandy.

ARRANGING THE RECEPTION.

Committees Appointed to Arrange for Lord and Lady Aberdeen.

A public meeting of the citizens of Nelson was held last night in the Fire hall for the purpose of making arrangements for the reception of their Excellencies, the Governor General and Lady Aberdeen on their visit to Nelson next week.

Mayor Houston was on motion appointed chairman of the meeting and W. A. Jowett secretary.

The mayor exclained the object of the meeting and asked for suggestions. An informal discussion followed as to the best course to be taken.

The following committee was appointed and was given full power to make all necessary arrangements for a suitable reception:

Mayor Houston, Judge Forin, Dr. Symonds, Dr. Arthur, Messrs. Dennis, Crease, Croasdaile, Buchanan, Holt, J. A. Turner, J. Roderick Robertson, W. A. Macdonald, W. A. Jowett, J. F. Hume, M. P. P., F. Fletcher, Aldermen Teetzel, Gilker, Madden, Whalley, Malone, and Hillyer.

The committee met at the close of the meeting when Mayor Houston was appointed chairman of the committee and W. A. Jowett secretary.

The following sub-committees were on motion appointed by the chairman:

Committee on Address—W. A. Macdonald, Q. C., E. A. Crease, O. G. Dennis, W. F. Teetzel, J. A. Gilker.

Reception Committee—Judge Forin, Dr. Arthur, Messrs. Croasdaile, Holt, Hume, Fletcher, Robertson, Turner, Madden and Whalley.

Decoration Committee—Messrs. Buchanan, Hillyer, Malone, Dr. Symonds.

The mayor was requested to send a telegram to Lord Aberdeen, asking the date and time of the arrival of the vice regal party in Nelson and the full committee were requested to meet at the board of trade rooms today, Saturday, at 4 o'clock, to decide upon the form the reception shall take.

INTERNATIONAL CHESS.

Vienna, July 15.—The international chess tournament advanced another step today when the thirty-first round was played with the following results: Maroczy beat Trenchard. Burn and Steinitz drew. Wahlbrodt lost to Marco and Schlechter beat Alapin. Baird and Halprin drew and Tarrasch beat Schowalter. Schiffers and Blackburne drew, Janowski defeated Pillsbury and Lipke lost to Tschigorin. Yesterday the three adjourned games left unfinished in the previous rounds of the contest were concluded, when Janowski beat Steinitz, Burn beat Halprin, Wahlbrodt and Maroczy drawing their game.

THE TRUTH DAWNING.

It is just a week since election day, and it is now for the first time beginning to dawn on the Colonist and other government papers that the Turner government has suffered defeat at the polls. Not that they have the courage to acknowledge the fact, but they are basing their pertended hopes of a fresh lease of office for the present government, not on incorrect election results, but on the anticipated results of futile election petitions which it is asserted will be brought forward.

The Colonist asserts that protests have or will be entered in North Yale, East Yale, Revelstoke and Nelson by Messrs,. Martin, Graham, White and Farwell respectively. It also seems to think that the substitution of a government representative is the necessary corollary of a protest against an opposition man. We have no personal knowledge of how the other elections were conducted against which protests are filed, but we can assure the Colonist that to enter a protest against Mr. Hume's election would be throwing good money after bad.

Whether the Colonist is right or not with regard to the institution of these proceedings, it may be of interest to remark that the government will not have all the fun on their side in such matters. The opposition have, after carefully examining the evidence before them, decided to file protests against the election of several of the successful government candidates. Three important instances in point are the election of Booth in North Victoria, Eberts in South Victoria and Pooley and Bullen in Esquimault, and the evidence obtained seems on the face of it to be sufficient to unseat those gentlemen.

It has long been felt that Kootenay, considering her size, resources and the special industry of which she is the center, is entitled to cabinet representation. Hitherto Kootenay, having a due regard for her own interests, has been perforce represented by opposition men and cabinet representation was thus out of the question. Now, however, things have changed. What was once the opposition will soon be the government, and Kootenay's claims in this respect should be, and no doubt will be, heard. The member for this riding, Mr. J. Fred Hume, has strong claims to a seat in the cabinet about to be formed. He has had experience in the legislature, and while not aspiring to oratorical gifts, his strong common sense and administrative ability would enable him to successfully promote the best interests of the distict where he has lived so long, and with whose needs he is perfectly familiar. When the time comes for the distribution of portfolios the claims of Mr. Hume can hardly be overlooked.

The fact that the extensive reforms introduced in Great Britain during the last decade have temporarily taken away almost all excuse for internal agitation, and the recent predatory excursions indulged in by some of the great powers have caused popular attention in England to be rivetted upon questions of foreign policy much more closely than is generally the case. So much is this so, indeed, that no less an authority than Mr. John Morley recently stated that the next general election over there will turn on Lord Salisbury's foreign policy. The chief questions now agitating the public mind are Russia's advance in China and the Anglo American entente, which was recently advocated by Mr. Joseph Chamberlain in his now historical Birmingham speech. This speech was bitterly attacked the other day at Leeds by Mr. John Morley, who compared Chamberlain's action to that of a business man, who being in difficulties, went round to various remote relations asking them on the ground of comomn ancestry to put their money into his business, without hope of return, to save him from bankruptcy. Though Mr. Morley stated that he would welcome closer relations with the United States, yet from the whole tenor of his speech attacking Mr Chamberlain's advocacy of that alliance, it would seem that the liberal leaders in Great Britain are thinking of making the Anglo-American alliance a party question at the next general election.

It will be seen in another column that preparations are being made to ensure a fitting reception to the Governor General and the Countess of Aberdeen on their approaching visit to Nelson. While exact details have not yet been decided upon, an influential and representative committee have been elected to receive the distinguished visitors and to superintend the preparations. This is the second visit that Lord Aberden has paid to the city, and on the former occasion he expressed himself as much gratified at the hospitality accorded him. In the interval that has elapsed Nelson has more than doubled in size, wealth and general attractiveness, and there is every reason to believe that the arrangements for the reception of the vice regal party will be on a corresponding scale.

J. S. Barnes, Okonook, Idaho; K. K. Perser, Victoria; G. M. Booker, Grand Forks; Arthur Poole, Toronto, registered at the Hume yesterday.

There will be a cricket practice this afternoon at 2:45, on the Recreation grounds, at which all members of the club are requested to be present.

On the first of next month the Le Roi mine at Rossland will increase its shipments to 300 tons per day, which will mean the employment of 275 men.

The Ymir Miner says that there has not been an arrest in that town for the past six weeks. This is certainly a very creditable record for a mining camp.

The Ladies Guild of the English church are arranging to hold their annual sale of work on Wednesday, July 27, in the public school, Stanley street. Fuller announcements wil be made later.

A meeting of the Nelson Bar Association was held recently for the purpose of requesting the government to grant a court vacation during August and September for the Kootenays, on similar conditions to the other portions of the province. A resolution was passed to secure the co-operation of the Rossland association and a meeting of the latter will be held shortly for the same object.

A case, adjourned from the last county court, was tried before Judge Forin yesterday. J. A. and W. B. Honeyman of this city sued Louis Blue, who carries on lumber manufacturing at Rossland and Ymir, to recover $65 for work done for the Ymir mill. Judgment was given for the plaintiffs for their claim and costs. E. A. Crease appeared for the plaintiffs and F. C. Senkler for the defendants.

BUSY YMIR CAMP.

A Great Deal of Development Work Being Done on Properties.

There are ten men at present working on the Porcupine trail. The trail has been built up about eight miles from the railroad and will be continued to the Big Patch basin. A substantial bridge has been built over the South Fork of Porcupine creek. The work is being done under the supervision of D. A. Cameron, of the Ymir Development company.

Ten men are at present working on the Tamarac mine. On account of surface water work was shut down on this property early in the spring. The Tamarac is considered to rank with the best properties around Ymir, and it is thought this mine will be a shipper before a great while.

There are at present about 30 men employed at the Porto Rico mine repairing the road and clearing the site for the 10 stamp mill which will be placed at an early date. Sufficient ore is in sight to keep this mill busy for a long time. The number of men employed after the mill is erected will probably be 60 or 75. Work on the 2500 foot ariel tramway will commence probably the latter part of this week or the first of next. The contract for the building of the tramway has already been let.

The Duncan Mines Co., limited, will do considerable development work during the summer on the Little George, situate on Wild Horse creek. This same company own the Wren mine, from which quite a large sample shipment of ore was made to London recently. The Wren has had several hundred feet of development work done on it, and the company is well pleased at the way the property is showing up at the present. The Duncan syndicate also own some valuable property in the Slocan country.

Richard Diamond reports the sale of a half interest in the Midnight to Vancouver parties. This claim is situate on Round mountain close to the Flossie R., and was located by Mr. Diamond in January last. The price was not stated to us. We are informed that the Vancouver parties will put a force of men to work on the Midnight at an early date.—Miner.

LASH-HAMILTON CONCERT.

The concert given yesterday evening in the Hume hall by the Lash-Hamilton Concert Co., was fairly well attended and was a very pleasing entertainment, Miss Lash has a rich, sweet contralto voice, which was heard to good effect, and her singing is perfectly natural and free from mannerism.

Miss Beatrice Hamilton possesses a flexible and well regulated voice and her interpretation of the pieces she recited was admirable. Miss Winlow was especially pleasing in her selections on the 'cello and may be ranked as the most eminent lady solo 'cellist in Canada. These talented young ladies will give another concert tonight in the Hume hall and their efforts of last night should ensure a large audience. The ladies are artists in their particular departments and the lovers of high class entertainment will enjoy a rare treat tonight.

BISLEY RESULTS

CANADA GETS FOURTH PLACE IN THE KOLAPOOR CUP.

They Lost First Place by Hard Luck.—Very Fine Individual Scores.—Scores of Canadian Marksmen in Other Events.

Toronto, Ont., July 15.—The following is a despatch special cable to the Evening Telegram, dated Bisley Camp, July 15:

Six teams competed for the Kolapoor cup today, namely, England, Canada, Guernsey, Victoria, India and Jersey.

Though the Canadians were defeated they did some excellent shooting, their marksmanship being superior to that exhibited in last year's competition for the cup. At the 200 yards range, Staff Sergeant Hayhurst led off with a bull's eye and in this as well as the 400 yard and 500 yard ranges, his shooting was decidedly good. Lieutenant Ross who came rather low in the 200 yards distance, recovered himself at 400 yards, making six consecutive bull's eyes, the seventh shot being an inner. Some fine targets were made by the Canadians at 600 yards. Sergeant Broadhurst topping the list with six bull's eyes and an inner. Ill luck followed Lieutenant Smith at this range, his score being 21 out of a possible 35. The match is named after the rajah of Kolapoor with whom the event originated in 1871.

The competition is limited to efficient volunteers in teams of eight. One team from the mother country, one team from the militia or volunteers of any British colony or dependency, and one team from the members home on leave of the India staff corps or of the covenanted or uncovenanted service of Indian volunteers or all four. Last year the cup was carried off by the Australians from Victoria, a team brought to Bisley by reason of the jubilee celebration. Although ten teams were entered, the largest number taking part in this competition.

Last year the Canadian team ranked fourth with 721 points. Today the cup was won by the Guernsey team with 744 points, England and Victoria tieing for second place with 741 points to the credit of each, Canada following with a score of 735, while Jersey and India got 718 and 700 respectively.

The individual scores of the Canadians at the three ranges were as follows:

Hayhurst 96, McVittie, 89, Blair 89, Forbes 95,. Ross 96, Broadhurst 98, Hutcheson 90, Smith 82.

In the Centaur unsquadded competition, seven shots at 500 yards open, Miller, McVittie, Blair, Hutcheson and Smith each today made possibles. Sergeant Simpson in the Golden Penny, seven short at 200 yards, made a score of 34.

For the Association cup, seven shots at 600 yards, Private Davidson, 68th battalion, made a score of 33.

The weather today was very favorable to good scoring, although the heat was excessive. There is much disappointment among the members of the Canadian team over losing the Kolapoor cup. Captain Hutcheson at the 600 yards range shot at the wrong target, thereby destroying what otherwise would have been a most excellent score. Sergeant Broadhurst, with a total of 98, made the best score of any competition in the match. In the Wantage rapid firing competition eight shots, 200 yards, open to all comers, Private Swaine made a score of 21.

For the Gregory, seven shots at 200 yards, Lieutenant Forbes made 32.

STILL NEGOTIATING.

Continued from First Page.

insistance that the Spanish troops should retain their arms when they returned to Spain. Toral was willing to give up the arms to Shafter, provided they were returned when on reaching Spain. This was attributed merely to Spanish sensitiveness at the humiliation involved in laying down their arms, at the same time it was a point which neither side appeared ready to yield, but General Shafter was confident a settlement would be reached by the end of the day.

General Greely received another despatch at 5 p. m. saying that Colonel Allan had landed the shore end of the signal corps. The cable steamer Adrias was coming from an infected district. All were well on board but no one was allowed ashore. Colonel Allan returned this evening to Balquiri to repair the French cable at that point, and establish regular communication between Playa and Santiago, so that the army will be in telegraphic communication with Washington as soon as the city is entered.

The perplexing problem is how to carry out the pledge made by General Shafter. It would have been no easy undertaking to remove 20,000 men across the Atlantic under the best conditions, but the reports that indicated the existence of yellow fever among the Spaniards threatened all kinds of difficulties. After all it was decided to be only a matter of money, and if the price offered is large enough, steamship lines can doubtlessly be found to undertake the transportation. In the interval a large force will have to be kept at Santiago, but no trouble is anticipated in making the troops comparatively comfortable. An epidemic of yellow fever is not feared.

Secretary Alger said after the conference that the Spaniards will not be returned their arms, and that they must surrender at once on the terms offered, or an immediate attack on Santiago will be made.
