## TEA TEA TEA

Try some of our Teas and we think you will use no other.

Ever since we began business we have made a specialty of good Tea, but we've never sold better Tea than we are selling just now. Our customers are not only satisfied with it, they're pleased with it and they simply won't go else when good Tea is needed.

Some of the blends we sell are: MONSOON in 1lb lead packets and 3lb tins. BLUE RIBBON, a pure Ceylon Tea, put up also in 1lb lead packets; considered by some a good family Tea. Special price on 5lb lots.

LIPTON'S, this is the Tea we recommend to those wanting specially good Tea; a little higher in price, but cheaper in the end. In half pound tins only.

Green Teas we handle GUNPOWDER and uncolored Japans.

**MacEachern AND Macdonald.**

## THE KASLO CONVENTION

### Important Resolutions Passed.

## CRONIN GOES TO OTTAWA

### Committee will Argue the Necessity of Raising the Import Duty on Lead Products

James Cronin and A. P. Macdonald, the delegates from the Moyie Board of Trade to the convention of the Associated Boards of Trade held at Kaslo, returned home last Saturday.

The arrangements and hospitality of the citizens of Kaslo, they say, were hard to excel, and the banquet tendered the visiting delegates was one of the most delightful that has marked the meetings of the associated boards. C. Scott Galloway of Greenwood was succeeded, as president, by G. O. Buchanan, of Kaslo, whose interest and efforts in behalf of measures furthering the public welfare, are without equal in the province. The delegates evidenced their appreciation of the efficiency of the secretary, H. W. C. Jackson, of Rossland, whose reelection was unanimous, and whose services as secretary for four years past, have attested the fact that he is the right man in the right place.

The matter of adjusting the tariff on lead products, in order to encourage the marketing of Canadian lead in Canada, was dealt with in detail, and a committee consisting of G. O. Buchanan, W. H. Aldridge and James Cronin were delegated to place the matter before the authorities at Ottawa. Mr. Aldridge is already in the east and Mr. Cronin and Mr. Buchanan will leave in a day or two for there. The government will be asked to put a heavier import duty on manufactured lead products entering Canada. It is now only about $2 per ton, while the same duty in the United States is $40 a ton. Mr. Cronin believes that the Canadian duty should be raised to a point level, or nearly so, with that of the United States.

Another matter which was productive of extended discussion was the Greenwood resolution urging a selection of the government reserve of 50,000 acres on the south side of Morrissey Creek, for the purpose of encouraging competition in the production of fuel in South East Kootenay. Against this resolution, the Fernie delegation took a most active stand. But the concensus of opinion in favor of the resolution was so general, that it passed unanimously, after being amended so as to provide for the government leasing the land with such safeguards as will absolutely preclude now and in the future, the possibility of their amalgamation with, or control by the Crow's Nest Coal company or any allied corporation, and that the maximum price to be charged for coke be $3.50 per ton f. o. b. and the maximum price for 3-4 inch screened coal be $1.75 per ton f. o. b.

Several other important resolutions were dealt with.

The selection of Fernie, for next meeting place, was unanimous.

#### Smelter will Be Built.

Spokane, March 6.—E. D. Sanders, of the board of control of the Sullivan company, tonight denied the rumor that expert McKenzie had closed down construction of the smelter at Marysville, B. C., on account of grave defects in the quality of the brick used. Mr. Sanders said: "We have thrown out a good many brick on account of softness, but that is not an uncommon thing with brick men. We are rushing the work, and expect to get the smelter running by June 1st."

## LOCAL NEWS.

Thos. Rader is back from Spokane.

Mrs. J. B. Rudd was down to Fernie this week.

James Cronin returned from Nelson and Kaslo Wednesday.

Miss Peterson has been on the sick list for the past week.

Paul Jensen is building a residence in the South end of town.

G. A. Leitch and S. Richards of Cranbrook were in town Thursday.

R. E. Beattie of Cranbrook was in town between trains last Sunday.

Look at Beale & Elwell's new ad.

Mrs. F. W. Frith returned yesterday morning from her visit to the Territories.

Robt. Robson was up from Cranbrook for a day or two this week.

Mrs. Whitehead and son James returned from a visit to England this week.

The strongest Insurance companies are the best. Insure with Beale & Elwell you insure with the best.

Chief Magistrate Armstrong was here on his regular visit Thursday, but there was not much business on the docket.

I. R. Greenfield, postoffice inspector, was in Moyie Thursday and Friday on official business.

Two fires in one week, disasters never come singly. Look out for the third fire. Protect yourself by insuring with Beale & Elwell.

Cecil Prest was here the first of the week auditing the books in G. H. Miner's store.

G. T. McGregor, wife and children left for the east yesterday. If Mr. McGregor improves in health they will return to Moyie in a few months.

The regular meeting of the Moyie Board of Trade was held last evening at the courthouse.

Don't you feel uneasy at night when you wake up and hear the fire alarm and know your home is not insured or only partially insured. Ease your mind at once by insuring with Beale & Elwell.

#### To Exclude Chinese.

Ottawa, March 7.—The report of the Royal Commission to enquire into Oriental Immigration, commonly spoken of as the Chinese Commission, has been made public so far as that part of it relating to Chinese is concerned. It is one of the most complete pieces of work ever arranged by a commission and it is questionable whether anything like it has ever before been compiled in Canada. The case is admirably presented, and step by step the only logical conclusion to which the evidence leads—no more Celestials wanted—is stated with all the irresistable force of absolute certainty and conviction.

The report is a voluminous typewritten document of over 800 pages divided into 27 chapters and appendix. The report affords prima facie evidence of the immense amount of painstaking labor exercised by the commissioners in sifting and classifying the enormous mass of material collected by them. Every particle of evidence has been arranged in its proper order, duly weighed and in arriving at their conclusions the Commissioners have been impelled solely by the sheer force of overwhelming testimony.

## CRANBROOK ITEMS.

Cranbrook Herald:

Sister Conrad and Sister Bertha left for Montreal last Monday and will be absent a month.

M. B. Billings of The Herald staff, expects to be able to leave the hospital in a few days.

The Fernie merchants have accepted the inevitable and now say they are satisfied with the new store idea that is to be put into effect by the Crow's Nest Coal company.

Owing to his appointment on the civil service, A. L. McDermot has resigned his position as secretary-treasurer of the Cranbrook Liberal association, and W. F. Gurd was elected to succeed him.

## TWO FIRES IN ONE WEEK

### Valuable Property Goes Up in Smoke.

## SURROUNDED BY MYSTRY

### Michael Nugent Lost House, Clothes and Money and Sam Grant's House Is Damaged.

One disastrous fire, and another which was extinguished before any great damage was done is the record for Moyie this week. The motive for one was undoubtedly robbery, but the motive for the other is yet, and may always be, a mystery.

Sunday evening Michael Nugent's two story residence in the south end of town was totally destroyed by fire and $370 in cash which was in the house at the time was either burned or stolen. The fire was discovered about 7:30 o'clock in the evening and the whole town turned out in response to the alarm. A bucket line was formed between the house and the lake, but the fire had too great a start and it was seen that it would be useless to try to save the building, so attention was turned to the adjoining house which is owned by Samuel Carlson. The fire had a good start on this house also and it was after a lot of good hard work that this was extinguished.

The cause of the fire is yet unknown. Mr. Nugent was on night shift at the mine and Mrs. Nugent was at church. Mrs. Nugent claims there was no fire in the stove or no light burning when she left the house. Of the money lost $230 was in gold. A thorough search of the debris has been made, but the missing coin could not be found. This leads to the belief that the house was first robbed and then set on fire. The person who did the work was evidently familiar with the surroundings and had a knowledge of the money being in the house and where it was kept. Mr. Nugent estimates his loss at at least $2,000, and was insured for $400. He will rebuild at once.

The second fire occurred Wednesday night about 12 o'clock at Sam Grant's town residence on south Victoria street. The fire was checked before it gained much headway and the total damage done will not exceed $200, which is fully insured. The house has been unoccupied for several months, and all indications point towards it being deliberately set on fire, but for what purpose no one seems able to explain.

Government Agent Armstrong intends making an investigation.

### METAL MARKET.

#### Work on the Doherty.

Frank Guindon has moved his outfit to his cabin across the lake and has taken over a supply of grub preparatory to commencing work on the Doherty mineral claim, which adjoins the Aurora group. J. A. Harvey of Fort Steele is interested with Mr. Guindon in this property.

#### C. P. R. Improvements.

In all probability the C. P. R. will make some extensive improvements at Moyie during the coming spring and summer. It is the intention of the company to build a freight shed on their grounds back of the station, and put in a siding to it.

## GENERAL NEWS NOTES.

The capacity of the new C. P. R. shops at Montreal will be 120 locomotives and 2,500 cars per annum.

According to the insurance reports the fire losses in Canada in 1901 exceeded the receipts considerably.

The C. P. R. will build 200 miles of new line in Manitoba and the Territories the coming summer.

Guggenheim Bros., the big smelting men, are credited with a scheme to corral the silver output of Mexico and so shove up the price of the white metal.

The Slocan Star mine near Sandon has resumed operations and will soon commence to ship having made a satisfactory contract for the entire output with the Puget Sound Reduction works, of Everett, Wash.

The Dominion government thinks too much money is being paid the C. P. R. for carrying the mail, according to weight, so they have issued an order to have all mail sacks weighed. The innovation causess much delay in the distribution.

Robert Fitzsimmons has returned from Chicago and at once began regular training at Bath beach near New York for his fight with Jeffries. Fitzsimmons has engaged a pavillion as training quarters. The large room has been fitted up as a gymnasium, giving ample room for work. Gus Ruhlin is acting as his sparring partner in the training.

The Standard mine, owned by Messrs. Finch & Campbell of Spokane and Eastern associates, has declared a dividend of $20,000. The dividend was at the rate of 4 cents per share on a total capitalization of 500,000 shares. The Standard mine has paid in dividends to date the sum of $2,515,000. The property is located at Mace, Idaho, about six miles northeast of Wallace.

The redoubtable Geo. White went down to Gateway, Mont., last Saturday, to pull off a match with four ounce mitts with Ed Cuff. White says, he, like the apostles of old, fought the beasts of Ephesus, and could have won in a common walk, but the gate money did not go to the winner, so he had to lay down to Cuff. His bite out of the receipts was $35, and expenses were $45. The difference is charged to the profit and loss account. Verily the lot of a fighter is a hard one.—Fernie Free Press.

There is not a stray boom either of cedar or fir for sale on the coast today, and the orders at the mills are piling up in unprecedented numbers. The scarcity of logs can be accounted for in two ways, the principal one of which is that the mills have been running night and day to fill orders and naturally the supply is far less than unprecedented demand at this time of the year. Another reason for the shortage may be found in the fact that the rainy weather which has prevailed lately has prevented the men at the camps from working.

Master Mechanic Emerson of Spokane of the Great Northern has devised a smoke stack for the locomotives which run through the Cascade tunnel which will obviate all danger of suffocation. The new stack has an elbow in it and an arm runs back within two feet of the rear of the tender. The smoke will in this way be sent back far enough so as not to interfere with the engineer and fireman. If this experiment is a success it will be put in operation on all Cascade tunnel engines. The first engine was sent from the Hillyard shops this week.

#### Miners Union Elect Officers.

Moyie Miners Union held its regular semi-annual election last Tuesday, and the following officers were elected:

John Blackburn, President.
John O'Rourke, Vice-President.
P. T. Smyth, Financial Secretary.
Mark Brooke, Recording Secretary.
Mike Nugent, Treasurer.
Frank Nelson, Conductor.
Mike O'Herne, Warden.

The trustees are A. J. Chisholm, John Blackburn, Carl Eakin, Mike Nugent, Frank Nelson.

Finance committee: John O'Rourke, Mark Brooke and Patrick Bonner.

Lots on Victoria street on easy payments. See D. J. Elmer.

SATURDAY, MARCH 8, 1902.

It would seem that there is a firebug in our midst, but the trouble is to capture him.

If Pierpont Morgan and the rest of them like Prince Henry they will probably offer him the throne of the United States.—Toronto Star.

It has long been known that the two daily newspapers in Nelson were not self sustaining; therefore little surprise was evidenced when one went up the flume.

This is a world of careless change. You can tell our mining laws now, but in 60 days they may not be recognizable. Our legislature is now in session. Let us pray.—Denver Ledge.

In view of the fact that it requires a good scrapper to hold his own in the Provincial legislature at Victoria, wouldn't it be a good ideat to send Ed Cuff instead of Ed Smith down there next time.

One cannot help but sympathize with John Houston of the Nelson Tribune. Houston is the pioneer journalist of the Kootenays and ran the brightest daily newspaper published in British Columbia. When the Tribune suspended publication Nelson's loss was as great as that of John Houston.

The richest man in all the world today is an American miner, says the Black Hill Mining Review. He has made every dollar he is worth working mines. He is not yet much past the prime of life, and he was elected to the United States senate from Montana only a few months ago. His name is William A. Clark. He went to the Rocky Mountains about thirty-five years ago, with no other capital than good health and a pretty fair education, and today he is the richest man in the world—has more wealth than any other individual in all the world has ever possessed—has so much wealth that the Rothchilds, the Vanderbilts, and the Carnegies are poor men compared with him. He made his great wealth in Montana, but it is the United Verde mine in Arizona that constitutes the bulk of his fortune. It is claimed to represent a calculable gross value today exceeding five billions.

### Regarding Crow's Nest Coal.

It will be remembered that at the time J. J. Hill and the American Railroad Trust were endeavoring to obtain charters into the Crow's Nest coal fields, that a number of people best posted on the mining and smelting industries in Canada, urged upon the government of Canada and of British Columbia, to put in some protecting clause which would not only fix the price of coal and coke, but would absolutely compel J. J. Hill to fill their orders first and in preference to those south of the line. Through the efforts of a number of politicians and lobbyists, the people of British Columbia were led to believe that this was nothing more than a railway fight and that the prominent smelting and mining people in the country were only bluffing and helping the C. P. R. to prevent railway competition. It was predicted by certain people that, not only would the Crow's Nest Coal Co. or J. J. Hill control the price of coal and coke; but he would also put Butte and other ores first, and would likewise give them the good coal and coke, while British Columbia mines and smelters would have to be satisfied with the refuse. All those predictions are coming out only too truly and one has simply to watch the cars of coal and coke leaving Fernie, to discover that all of the best material is going to Great Falls, Butte and other United States smelting centres while the dirt and slack coal are being unloaded upon the British Columbia consumer.—Trail News.

NOTICE.

Take notice that I have applied to the chief commissioner of lands and works, Victoria, B. C., for a special licence to cut and carry away timber on the following described vacant Crown lands in the southern division of the East Kootenay district, B. C. Commencing at a post marked Vic Desaulnier planted on the east side of Irishman creek on the north side of the railroad track, running 80 chains west; thence following the creek 160 chains south; thence 40 chains east; thence 160 chains north to place of commencement, containing 640 acres, more or less.

Asthma Cure Free

Asthmalene Brings Instant Relief and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.
WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sores throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel.
New York, Jan. 3, 1901.

DR. TAFT BROS' MEDICINE CO.,
Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,
REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y., Feb. 1, 1901

DR. TAFT BROS. MEDICINE CO.
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene for the cure of asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901.
Gentlemen: I was troubled with asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full sized bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home addres, 235 Rivington street. S. RAPHAEL,
67 East 129th st., New York City.

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

**Department Store Repartee.**

"What are these things?" asked the [illegible] "Blackboard erasers," said the shop-[illegible] "I want anything that will [illegible] blackboard. I want a chalk [illegible]." "I know what I meant. These are [illegible] erasers. Anything else?" "[illegible] want some lead pencils." "We haven't any lead pencils. We have some wooden cylinders with [illegible] on the inside of them. Will [illegible] do?"

**Shaking Hands.**

At [illegible] the combatants discharged their pistols without effect, whereupon one of the seconds interfered and proposed that the duelists should shake hands. To this the other second objected as unnecessary. "Their hands," said he, "have been shaking this half hour."

Macedonia has a population of about 4,000,000. Three-fourths are Christian and one-fourth Turks. Nearly half are of Bulgarian ancestry.

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Address F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Karl's Clover Root Tea purifies the Blood

Men of virtue, though of different interests, ought to consider themselves as more nearly united with one another, than with the vicious part of mankind, who embark with them in the same evil concerns. In short, we should esteem virtue though in a foe, and abhor vice though in a friend.

Monkey Brand Soap is a cleaner and polisher combined, but won't wash clothes.

It's a waste of time to repeat hair-raising stories to a bald-headed man.

## RHEUMATIC PAINS

CAUSED BY AN IMPURE CONDITION OF THE BLOOD.

Liniments and Other Old Fashioned Remedies Will Not Cure—The Rheumatic Taint Must Be Removed From the Blood.

The lingering tortures of rheumatism are too well known to need description, but it is not so well known that medical science now recognizes that the primary cause of rheumatism is impure or impoverished blood. The result is that hundreds of sufferers apply external remedies which cannot possibly cure the trouble. The only thing that will really cure rheumatism is an internal medicine that will enrich the blood and free it from rheumatic taint. The surest, quickest and most effective way to do this is to take Dr. Williams' Pink Pills, which are proved to have cured thousands of cases of rheumatism, many of them after all other medicines had failed. The case of Mr. Philip Ferris, one of the pioneers of South Essex, Ont., is proof of this. Although Mr. Ferris is 76 years of age he is as smart as many men of 50. But he has not always enjoyed such good health. Mr. Ferris has the following to say about his illness and cure: "For fifteen years I suffered greatly from rheumatism. At times I would have severe pains in the knees, while at others the pain would spread to my hips and shoulders. I tried several remedies which were of no avail until I began using Dr. Williams' Pink Pills. I took eight or ten boxes and they completely cured the trouble and I am now as smart as many men much younger. I have a great deal of faith in the pills for I know of other cases where they have been equally as successful as in mine."

Dr. Williams' Pink Pills make new, rich, red blood and strengthen the nerves with every dose. It is in this way that they cure such troubles as rheumatism, sciatica, neuralgia, kidney and liver troubles, partial paralysis, St. Vitus' dance and erysipelas. Through their action on the blood they restore the color to pale and sallow cheeks and cure the ailments that make the lives of so many women miserable. The genuine always have the full name "Dr. Williams' Pink Pills for Pale People" on every box. Sold by all dealers or sent post paid at 50 cents a box or six boxes for $2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Every heart has its secret which the world knows not; and oftimes we call a man cold when he is only sad.—Longfellow.

**Minard's Liniment Cures Diphtheria.**

Thomas Hood, the prince of punsters, on being shown a portrait of himself that but faintly resembled him, declared that the artist had perpetrated a false-Hood.

The greatest pleasure of life is love; the greatest treasure, contentment; the greatest possession health; the greatest ease, sleep; and the best medicine, a true friend.

**Something.**

The Millionaire—After all, my money hasn't brought us happiness.

His Wife—But it has made us objects of envy.—Life.

**Candies.**

Such candies as peanut brittle are far less injurious than fancy mixtures, as they are made by simply melting sugar and are without acids. Acid in the presence of heat splits ordinary sugar into two forms, dextrose and levulose. These are both deadly sweets and much more prone to fermentation than real sugar. This is the reason why so many housewives cannot make good cranberry or other jelly.

## A STORY OF LINCOLN.

**The Letter That Was Stolen and the Rascal Who Stole It.**

Benajat G. Jayne during most of the civil war was the personal assistant of Edwin M. Stanton, the famous war secretary. One day Lincoln sent for Jayne to come to the White House. "My boy," said he, "there is a letter I would like to have you look at."

Jayne picked up the letter and found it was from General Dix. It conveyed the information that several Federal prisoners had escaped from Libby prison with the aid of Abbie Green, a woman famous during the war. The letter also said that, as the fact of Abbie's assistance was well known, she had been obliged to flee from Richmond and even then was on her way to Washington on the flag of truce boat.

"Now, my boy," said the president, "I don't know what I should say to any rascal who would steal that letter and have a bill passed through congress to grant $10,000 to the relief of Abbie Green." Mr. Jayne "stole the letter," and the next day both branches of congress passed the bill to grant $10,000 to Abbie Green. The following morning "Honest Abe" sent for Jayne again.

"I told you I didn't know what I should say," he said, with a twinkle in his eye, "to the rascal who would steal that letter and have congress act on it. Now, I've made up my mind what to say. You go down to No. — — street, get Abbie Green, take her down to Chase at the treasury, and don't you let her go until she gets that money."

**Cruelty to Lobsters.**

It is singular how the cruel practice of boiling lobsters alive continues. Our forefathers—and indeed our parents—let calves bleed slowly to death, on the theory that in no other way could white meat be secured, and later on calves were bled one day and killed the next. Now, every one knows that a calf can be killed in a humane manner and the veal made just as good, and, generally speaking, animals killed for food have been put out of the way in a much more humane manner than formerly. But lobsters are still tortured out of existence, the only difference being that, while formerly they were exclusively boiled to death, now some are boiled and some are broiled. Which process causes the most agony no one can say.—Exchange.

**Monotonous Tones.**

If voices were cultivated toward expression in speaking as well as in singing, the variety of tone would be very agreeable to the listener. Many people find the monotonous tone used in everyday conversation very irritating and would hail with delight any method which would tend toward breaking this tiresome sameness. Even beauty of tone does not save this monotony from condemnation. It is like striking one key of a musical instrument over and over again. The teaching of elocution should be of aid in this direction or the practice of reading aloud, striving to give proper expression to each sentence.

**Eligible.**

Cholly—I'm such I'd like to marry you if I felt quite pawsitive of your social standing.

Miss Mermaid—Why, you stupid, can't you see I'm in the swim?

## RESTLESS LITTLE ONES.

Peevishness and Sleeplessness a Sure Sign That Baby is Unwell.

When babies are restless, cross, or peevish it is the surest possible sign of illness. Well babies sleep soundly and are cheerful and playful when awake. When baby is cross too many mothers give so-called "soothing" medicines, which contain opiates that deaden but do not remove the trouble. What is wanted is a medicine that will go right to the root of the trouble and make baby sleep well, eat well and be cheerful in a natural way. Such a medicine is Baby's Own Tablets, which are sold under an absolute guarantee that they contain neither opiates nor other harmful drugs. All mothers who have used them for their little ones speak of them in terms of warmest praise. Mrs. Albert Young, Stratford, says: "My baby, who is now five months old, has always been very cross and peevish. She was very constipated and sleepless. She was a thin, delicate looking child, and cried nearly all the time. I did not know what to do with her. I tried several medicines, but they did her no good. A friend who had used Baby's Own Tablets advised me to try them. I did so, and since using them baby has been quite well, her bowels are regular, and she has grown plump and good natured. I am delighted with the Tablets and keep them on hand all the time, and whenever baby gets cross and feverish I give her a tablet and she is all right."

These Tablets are the best medicine in the world for simple fevers, colic, diarrhoea, all stomach troubles, constipation and other minor ailments of little ones. They are for children of all ages, and dissolved in water, or crushed to a powder may be given with absolute safety to the youngest infant. Mothers who once try them will never afterwards use any other medicine for their little ones. Sold by all dealers in medicine or sent post paid at 25 cents a box by addressing the Dr. Williams Medicine Co., Brockville, Ont.

If the average man isn't born great or is unable to achieve greatness he tries to thrust himself upon it.

**Minard's Liniment Cures Colds, Etc.**

Courtship is a game in which a girl plays her heart against a man's diamond.

## COULDN'T WALK FOR YEARS.

AN ARNPRIOR MAN IS THANKFUL THAT NOW HE IS ABLE TO WORK.

Often Found Himself Unable to Lie Down Without the Greatest Pain—Cured by Dodd's Kidney Pills.

Arnprior, Ont., Feb. 3.—(Special)—A very remarkable cure of Backache and Kidney Trouble has just been brought to notice at Basin Depot, near here.

Mr. J. H. Martin suffered for over eighteen years with Lame Back so that he actually couldn't walk or lie down without enduring the most dreadful pain. He tried many medicines without getting relief, and was very much discouraged.

Dodd's Kidney Pills were recommended to him and he commenced a treatment, and improved very fast from the first. As the treatment continued the improvement increased until he was able to go about his work as well as ever.

The theory so often advanced that the kidneys are the most important organs of the body and that a large percentage of the sickness and pain which humanity suffers is due to imperfect kidney action seems to be amply proven in this particular case, for as soon as Dodd's Kidney Pills regulated and restored the natural action of the kidneys all Mr. Martin's troubles left him at once.

Many remarkable cures by Dodd's Kidney Pills have been published, but certainly none as wonderful as that of Mr. Martin.

He has written a long letter giving the facts of his case, and his announcement that he was able to work comfortably once more after such a prolonged period of suffering, has started people wondering if there is any case of Lame Back, Rheumatism or other Kidney Trouble that Dodd's Kidney Pills will not cure.

When a man tells a woman that he loves her the chances are that he has an axe to grind and wants her to turn the grindstone.

Very many persons die annually from cholera and kindred summer complaints, who might have been saved if proper remedies had been used. If attacked, do not delay in getting a bottle of Dr. J. D. Kellogg's Dysentery Cordial, the medicine that never fails to effect a cure. Those who have used it say it acts promptly and thoroughly subdues the pain and disease.

Wrinkles tell the story of age to those who are able to read between the lines.

**Minard's Liniment Cures Garget in Cows.**

An ignorant man is a merciless critic.

If some men went as far as they pay they wouldn't get far.

It is an easy matter for a police justice to get a fine reputation.

It takes a woman's dearest friend to tell her the things she doesn't want to hear.

The secret of success is constancy of purpose.—Disraeli.

The chains of habit are generally too small to be felt till they are too strong to be broken.—Dr. Johnson.

Man has within him capacities of growth which deserve and will reward intense, unrelaxing toil.—Channing.

There is this difference between happiness and wisdom; he that thinks himself the happiest man really is so; but he who thinks himself the wisest man, is generally the greatest fool.

SALZER'S SEEDS

Beardless Barley is prodigally prolific, yielding in 1901 for Mr. Wells, Orleans Co., New York, 109 bushels per acre. Does well everywhere. That pays.

20th Century Oats. The oat marvel, producing from 200 to 300 bus. per acre. Salzer's Oats are warranted to produce great yields. The U. S. Ag. Dept. calls them the very best! That pays.

Three Eared Corn. 200 to 250 bus. per acre, is extremely productive at present prices of corn. Salzer's seeds produce everywhere.

Marvel Wheat yielded in 30 States last year over 40 bus. per acre. We also have the celebrated Macaroni Wheat, which yielded on our farms 53 bus. per acre. That pays.

Speltz Greatest cereal food on earth—80 bus. grain and 4 tons magnificent hay per acre. That pays.

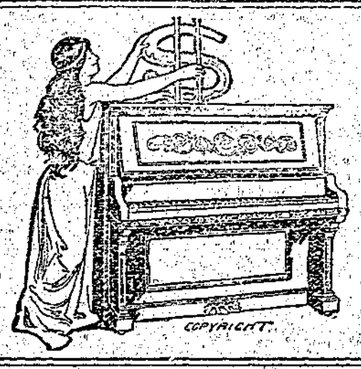
Victoria Rape makes it possible to grow hogs, sheep and cattle at a cost of but 1c a lb. Marvelously prolific, does well everywhere. That pays.

Bromus Inermis. Most wonderful grass of the century. Produces 6 tons of hay and lots and lots of pasturage besides per acre. Grows wherever soil is found. Salzer's seed is warranted. That pays.

$10.00 for 15c. We wish you to try our great farm seeds, hence offer to send 10 farm seed samples, containing Thousand Headed Kale, Teosinte, Rape, Alfalfa, Speltz, etc. (fully worth $10.00 to get a start) together with our great catalog, for 15c postage.

John A. Salzer Seed Co. LA CROSSE, WIS.

EVERYBODY who plants seeds of any kind, either in the home or market garden, will secure the best results from using SEEDS from J. M. PERKINS, Seedsman, 220 Market St., WINNIPEG. 1902 Seed Annual free.



HARPING

again on our old subject of price. We do not ask you to pay cash for pianos or organs. We have several methods of payment to make it easy for you to own one of the celebrated WILLIAMS' PIANOS—tone, action, and finish the best. We have several kinds of organs. We usually have some bargains in slightly used instruments.

Forrester & Hatcher,

Y. M. C. A. BLOCK, . . . . . WINNIPEG

Some people want quality, others price. Sensible people try to get both and do so when they buy Blue Ribbon Ceylon Tea.

Eddy's Parlor Matches

For Sale Everywhere

Try our Parlor Matches. They produce a quick LIGHT without any objectionable fumes.

THE E. B. EDDY CO., LIMITED, HULL, CANADA.

Difficulty is a severe instructor set over us by the supreme ordinance of a parental guardian and legislator, who knows us better than we know ourselves, as he loves us better, too. He that wrestles with us strengthens our nerves and sharpens our skill; our antagonist is our keeper.

COLIC AND KIDNEY DIFFICULTY—Mr. J. W. Wilder, J. P., Lafargville, N. Y., writes: "I am subject to severe attacks of Colic and Kidney Difficulty, and find Parmelee's Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used." In fact so great is the power of this medicine to cleanse and purify that diseases of almost every name and nature are driven from the body.

Words that burn should be insured. This suggestion is gratuitously handed to spring poets.

Parents buy Mother Graves' Worm Exterminator because they know it is a safe medicine for their children and an effectual expeller of Worms.

It is not till after a man has married a woman that he hears her express any fears of "losing her individuality."

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends. So writes Mr. J. W. Brown, Chicago.

Nothing is more simple than greatness. Indeed, to be simple is to be great.—Emerson.

Reading is one of the greatest consolations of life. It is the nurse of virtue; the upholder in adversity; the prop of independence; the support of a just pride; the strengthener of elevated opinions; it is a shield against the tyranny of all the petty passions; it is the repeller of the fool's scoff and the knave's poison.

Six Oils.—The most conclusive testimony repeatedly laid before the public in the columns of the daily press, proves that Dr. Thomas' Eclectric Oil—an absolutely pure combination of six of the finest remedial oils in existence—remedies rheumatic pain, eradicates affections of the throat and lungs, and cures piles, wounds, sores, lameness, sores, tumors, burns, and injuries of horses and cattle.

Of the soldiers in the American Civil war 48 per cent. were farmers.

The average woman speaks her mind; but she changes her mind so often that it keeps her tongue working overtime.

No family living in a bilious country should be without Parmelee's Vegetable Pills. A few doses taken now and then will keep the liver active, cleanse the stomach and bowels from all bilious matter and prevent Ague. Mr. J. L. Price, Shoals, Martin Co., Ind., writes: "I have tried a box of Parmelee's Pills and find them the best medicine for fever and ague I have ever used."

Under a law passed two years ago the Hungarian government may subsidize almost any kind of manufactury.

SUNLIGHT SOAP

One ounce of Sunlight Soap is worth more than Two ounces of impure soap.

REDUCES EXPENSE

Ask for the Octagon Bar. If your grocer cannot supply, write to LEVER BROTHERS, LIMITED, Toronto, sending his name and address, and a trial sample of Sunlight Soap will be sent you free of cost.

For a Lame Back!

A lame back means that dull, aching pain over the small of the back, or the "catch" which takes you as you arise from stooping. That and all the symptoms of general debility and lost vitality which usually go with it I cure with my new appliance. Lumbago, Sciatica, Rheumatism—I conquer them all in a few days.

Dr. McLaughlin—Sir: In regard to your Belt for lame back, I can say this:—I have found it just as you represented it to be, and a little better. Its weight in gold would not buy it if I could not get another like it. I have been troubled with my back since I was 17 years of age, and am now 38. Yours very truly,

D. H. MARACLE, Shannonville, Ont.

Any man or woman who will secure me can have my appliance and pay when cured I ask no pay in advance.

Dr. McLaughlin's Electric Belt

You have heard of my Belt; your neighbors are being cured by it. It has taken me twenty years to learn how to employ electricity right, and I give you the results of my experience in my modern appliance. It gives a glowing heat—no burning, no shock. Cures while you sleep.

FREE TEST. FREE BOOK. I want every sufferer from Lame Back and its allied troubles to call and test my Belt free. Or send for my free books. Inclose this ad.

DR. M. McLAUGHLIN, 130 Yonge St., Toronto.

OFFICE HOURS—9 a.m. to 8.30 p.m.

### Coronation Cost.

London, March. 7.—The cost of the coronation as represented in the civil service estimates is £1,000,000. This may include the expenses of two processions and the alterations in the Abbey, but obviously does not cover the entertainment of the guests by the crown and the special embassies of the colonists and various others. The street decorations will be managed by committees of property owners, the borough councils having shown little energy in making arrangements of a comprehensive scope. Clumbland has already come to the front with a unique decorative scheme of St. James street. Sir Wilfrid Laurier's presence becomes espscially important, since the Australian premiers are begging off on one pretext or another.

Sir Wilfrid and Mr. Barton will be the chief colonial representatives and will have the places of honor in the Abbey and probably at both conventions. Lord Strathcona will occupy a seat amongst the peers. The minor colonial officials are not more likely than the secretaries of the diplomatic embassies to obtain enterance to the Abbey. The secretaries of the American embassy here rankly admit that they will be unable to obtain seats in the Abbey or special privileges for the American visitors. The facilities for seeking the processions outside will be ample and tourists need not make arrangements until the last moment.

### Income of Daniel Webster.

The legal profession of the present day will be surprised to learn that Mr. Webster, the greatest American lawyer of his time, made but $15,000 a year by his practice. But the fees of counsel between 1840 and 1850 were not what they have been since, says the Cincinnati Commercial Gazette.

In 1848 I accompanied a client to Mr. Webster's office in Boston and asked him to name a retaining fee in an important patent case. He said he thought a couple of hundred dollars would do. When the case was tried his fee was only $1000." On another occasion I paid him a retaining fee of $2900 for the proprietors of the Goodyear india rubber patent.

His fee for arguing the great equity case of Goodyear vs. Day in the circuit court of the United States for the district of New Jersey; by which he established the validity of the Goodyear patent, was $5000. This was in the spring of 1852; and was the last case he ever argued.

---

Lots on Victoria street on easy payments. See D. J. Elmer.

### TO THE DEAF.

A rich lady cured of her deafness and noises in the head by Dr. Nicholson's Artificial Ear Drums, gave $10,000 to his Institute, so that deaf people unable to procure the Ear Drums may have them free. Address No, 14522 The Nicholson Institute, 780, Eighth Avenue, New York, U. S. A.
