## Gibsons Mayor flattens attack by new Director

NEW to the scene of local government, Director Harry Almond of Roberts Creek recently saw fit to launch an attack against Director Wally Peterson, seasoned Mayor of Gibsons Council. Almond, it appeared, did not approve of comments made in Council regarding the Regional Board. His attack was suppored by one or two individuals on the Board but Director Bill Swain, Sechelt Mayor, accused the protesters of acting "like a bunch of school kids".

At last meeting of the Board, Mayor Peterson replied to Almond's outburst and from a prepared report stated:

In response to the criticism by our new Director, Mr. Almond, of my attitude on the Board, I feel that this outburst was mostly due to his lack of knowledge, having had such a short term in office. I feel sure when he spends a little more time reading the Municipal Act he may learn how functions of the Regional Board are set out and just what functions Mayor Swain and myself have on the Board as representatives of our Village taxpayers.

The whole idea of the Regional Board was to organize unorganized areas to handle specific functions locally. The municipalities are already set up to handle their own functions, such as water, roads, street lighting, garbage collection, planning and others. The only place where the municipalities become involved with the regional district is where there is a common interest, such as rural fire protection, bulk supply of water to an organized area, overall planning, etc. This arrangement should work out well and to the advantage of everyone. If it doesn't then possibly it is our own fault.

Some members of the Board seem to hold it against me that the Village did not turn over its water system to the Board to help subsidize the regional water development in the unorganized area. This would have just about doubled the Village rates with no guarantee of any improvement to our supply. In fact, our present supply could have been depleted to the detriment of the Village.

Am I to feel happy about the fact that some members on the Board saw fit to fight our sewer project delaying our pollution control permit by one year thereby costing us some $200,000 extra due to rising prices.

If Driector Almond is going to show concern why does he not apply his concern and energies to something constructive, such as finding out how our administrative costs per capita compare with our neighboring districts, or urging the upgrading of our highways with a safety lane, etc.

At this time I get the impression that some members of our Board are not only fighting the Villages but also fighting the Department of Highways and Department of Municipal Affaris, as well as their own ratepayers. If this is to continue it will become harder to have co-operation or make any progress. I do not have to agree with the majority of the business being dealt with by a minority committee, of which we have no part, and then not being fully reported to the Board so that the Board as a whole is not fully aware of just what is going on.

I fully believe that the regional district concept has great possibilities, but without proper direction from our superiors and more co-operation among ourselves I cannot see that the general public has much to gain but a larger tax bill.

None of what I have said is new to what I have said in the past. I know and appreciate that there are members who work hard for their areas and for co-operation on the Board. I just wish to bring my views to the new Director who may not be clear on these points.

Thank you for your attention.

Mayor Peterson's comments were accepted with some silence by the Board.

**Don't Forget**

Mrs. Mel Raines, President of the Hospital Auxiliares Co-ordinating Council and Mrs. Robert Gill remind everyone of the vital need to donate life-saving blood at the Red Cross Clinics to be held at St. Mary's Hospital Sechelt next Tuesday and at the Health Centre in Gibsons on Friday Oct. 15th. Sechelt fell far short of the required goal at the last clinic. So please check details in this issue and then remember the time and the place, right after Thanksgiving—give a little drop more.

## New hats in ring for Mayoral seat

MAYOR Wally Peterson of Gibsons last week announced his intention of seeking re-election at the upcoming elections in December. Following up this week comes an announcement by Alderman Ken Goddard that he will resign his seat after serving one year of his two year term in order to contest the mayoral seat.

Mayor Peterson has served a total of seven years in Gibsons Council, four as Alderman and three as Mayor. His first year was the completion of a term when former Mayor Fred Feeney was transferred to Prince George.

Alderman Goddard has served a total of five years as Alderman and says he agreed to stand for office of Mayor following requests by various residents.

In Sechelt, Ald. Ben Lang has submitted his resignaion as Alderman in order to seek election as Mayor. He has served one year of his present term but previously was elected with a large majority for a two year term in 1964.

Current Sechelt Mayor, Bill Swain, has expressed doubt in the past as to whether he would seek re-election and to press time was still indecisive.

## Golf & Country Club elects officer slate

ANNUAL General Meeting of the Sunshine Coast Golf and Country Club was held at the clubhouse on September 27th with a good turn-out of members in attendance. Officers and directors elected are as followes:

Vice-president Minto Swan and treasurer Norman Burley for one year terms. Directors for 2-year terms are, Wolfgang Reiche, Lyman Meadows, Jim Bishop, Wilf Dorey, Lorne Mason, Allen Boyes.

Executive remaining in office for 1 more year, president Joe Horvath; secretary Audrey Jost; directors, Wilma Sim and Ray Witt.

Committee reports were most gratifying and gave an optimistic outlook for the coming year.

## NDP Club seeks aid on removal of wharf

CONCERN at the dilapidated and fire damaged Sechelt wharf is growing and already the Sechelt and District Chamber of Commerce, Sechelt Rod and Gun Club and many individuals have expressed a desire to have the structure removed. Council of Sechelt has made some overtures to various governmental departments. Ald. Ben Lang, not satisfied with results, has also sought action from Victoria and taken the matter up with the Hon. Dan Campbell during his recent visit to the area.

The Minister, at a public meeting stated he had every intention of taking the matter up on his return to Victoria.

Latest action taken is by the Sunshine Coast NDP Club which has sent a letter to Barry Mather, MP stating:

"The Sechelt wharf owned by Sechelt Marina & Resort Ltd. has burned. The wharf has long been an eyesore and a dangerous playground for children.

"A short while ago a little girl fell through the decking and drowned. Will you please ask in the House what can be done to remove the ruins which still are a danger to children and boat traffic." Letter was signed by John Petersen of Sechelt.

*Up $1½ million . . .*

## Home construction spirals in S.C. Regional District

CONSTRUCTION of single family dwellings on the Sunshine Coast is accelerating at a rapid pace and up to September 30th of 1971 the total value of new homes and alterations increased by more than double, from $1,352,050 to $2,804,950. An increase of $1,452,900.

Some ten family residences were constructed in September of this year to a total value of $189,000 compared to a total value for September 1970 of $85,200.

These figures were revealed in the report of the Sunshine Coast Regional District building inspector and were for the areas of the Regional District, they would not include the villages of Gibsons and Sechelt.

Secretary treasurer Charles Gooding, in his report, said preliminary votors lists have been prepared for all areas and closed as of September 30th. He expressed the view that the press has proved most co-operative in providing coverage in news items supporting advertisements by the Board advising tenant and resident electors of the lists. Result has been an addition of tenant and resident electors.

Court of revision appointed by the Board will sit November 1st and will consider additions, deletions and corrections to the list arising following publication. Copies of the Electoral Area lists for their area will be presented each director, full copies posted at this office and area copies posted in local post offices or stores where it is anticipated most people will have access to them.

**RELUCTANT**

Director Frank West reported that he has been asked to attend a meeting of the Sunshine Coast Regional Ratepayers Association in order to answer a few supplementary questions to those answered previously in a written submission. He said he had agreed to attend a meeting with them on November 3rd. However, he did not feel inclined to answer without pre-notice of what the questions would be.

Chairman Jim Tyner appeared reluctant to have West appear as a representative of the Board. He said questions have already been replied to and, it would seem, the Association did not appear prepared to believe the replies they received. Further, he did not think the director could officially answer questions on his own for he would, in effect, be speaking for the Board as a whole. This would not be right for other members might not be in agreement with answers that might be given.

Mayor Swain of Sechelt agreed that West could not be expected to answer questions without advance knowledge of what they might be. It was moved by director West that the questions be provided in advance. Chairman Tyner added "Mr. West would be appearing as a private individual not as a representative of the Board for any answers he gives would have to be approved by the Board first.

*Auspicious moment . . .*

## Regional Board Director highly praises Minister

INTRODUCING the Hon. Dan Campbell as the mentor of Regional Districts, Sunshine Coast Regional Board director Frank West was fervent in his praise of the Municipal Finance Authority, at a public meeting held last Wednesday in Gibsons Legion Hall.

Mr. West who is chairman of the Regional Board Finance Committee, said it was an auspicious moment for the Minister of Municipal Affairs to be amongst us. He described the formation of the Municipal Finance Authority as the biggest piece of legislation born. Referring to the sale on the New York money market of $20 million (U.S.) B.C. Municipal Finance Authority, eight and three eights per cent sinking fund debentures recently, Mr. West commented that this first issue offered by the M.F.A. was sold at a favorable rate considering the general money market. He thanked the Minister and the Finance Authority on behalf of all ratepayers for doing such a wonderful job.

**MUNICIPAL FINANCE**

Explaining the function of the Municipal Finance Authority, Hon Dan Campbell said that before its formation two years ago, small municipalities had no chance of selling debentures in the money market.

The M.F.A. offers protection to investors by pooling the credit of all 28 regional districts in British Columbia together with their member municipalities, which represents all the taxable land and improvements within the province.

The Authority issued its first paper last week and is now a fundamental part of the Regional District structure. Describing the recent bond issue as the best municipal piece of paper on the North American continent, Mr. Campbell said the interest rate obtained was less than that given the Province of Quebec, New Brunswick and major areas in Ontario.

The Hon. Dan Campbell commented, "When this great piece of legislation was placed in the House two years ago, the NDP and the Liberal party voted against it.

**HIGH RATING**

Questioned about the reason for selling the issue in the United States, Mr. Campbell said that the issue had been offered on the Canadian money market but the interest rate of 8.04 per cent over a 20-year period was rejected as being too high.

The U.S. market offered an interest rate of eight and three eights per cent over a 25 year period. Also the U.S. bond rating agencies have set a standard by giving the Municipal Finance Authority an A.A. rating, the same as the Government of British Columbia.

**BUSINESS SOLD**

Jay-Bee Furniture store in Gibsons has been sold to Mr. John Harvey who plans on establishing his present flower shop and jewelry business in the same building. His Flowerlane Florist business is presently located in the Seaside Plaza block.

*Recent*

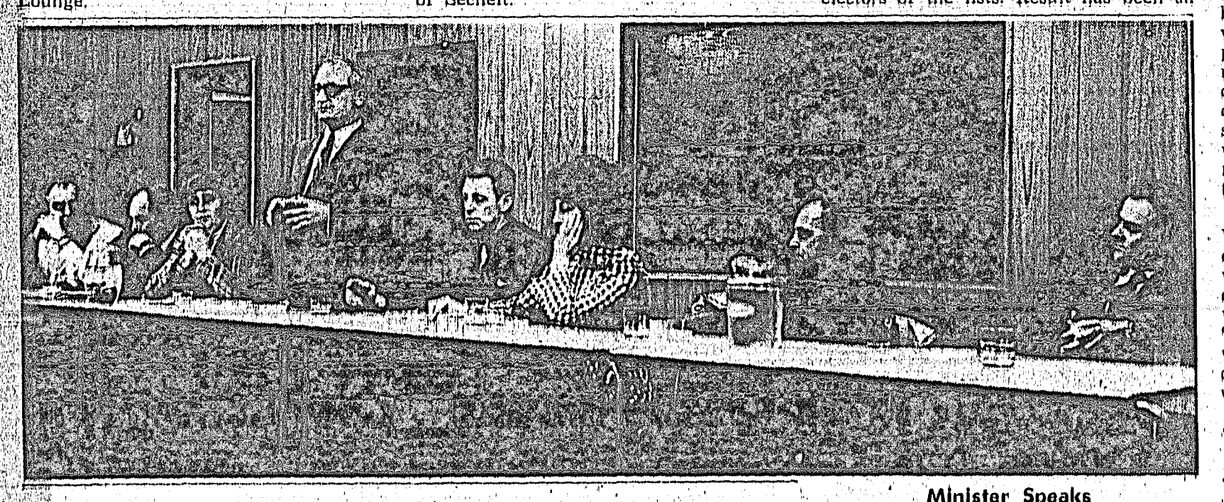
## First Glance

**MEET YOUR MLA**

Hon. Isabel Dawson announces she will be holding open house this week. At the Municipal Hall Gibsons this Wednesday October 6th from 9 am to 12 noon. In Sechelt the same day at the Court House from 2 pm to 5 pm.

**CHAMBER MEETS**

Sechelt and District Chamber of Commerce, growing with the times, has moved to hold more frequent meetings. In future regular meetings will be held the last Wednesday of each month and executive meetings the second Wednesday of each month. Each at the Peninsula Dining Lounge.



*Hon. Dan Campbell . . .*

## Municipal Affairs Minister promises action over wharf

PROMISING to immediately look into what can be done about the derelict wharf on the Sechelt waterfront, Minister of Municipal Affairs, Hon. Dan Campbell stated at a public meeting last week that he personally feels that the structure should be removed—period.

Questioned about the situation by Mrs. Vi Lynds at the meeting which was sponsored by the West Gibsons Heights Ratepayers Association, the Minister said that in his opinion the matter does not come under the Navigational Waters Act. He will personally recommend that the water lease be terminated as the wharf is no longer being used for the purpose for which the lease was originally granted.

Further questioned about who was responsible for any hazard which exists, Mr. Campbell said he is not a lawyer but he would think that who ever holds the lease is responsible.

**INDIAN MUNICIPALITY**

Commenting on a remark made at the meeting, that Sechelt has a population of approximately 500 people, Sechelt Indian Band Manager Mr. Clarence Joe asked the Hon. Dan Campbell, "Who are the 500 people in Sechelt, us or them?" His further comment that the Sechelts had occupied the village for centuries, was almost drowned in the applause which followed his nicely timed question.

Mr. Clarence Joe who was accompanied by Chief Henry Paull, questioned the Minister on the progress of Cape Mudge Indian Village which is considering becoming a municipality under Provincial jurisdiction.

Mr. Campbell said that an agreement has been reached between the Federal and Provincial Governments and Cape Mudge Council which is waiting for the fishing season to end before going to referendum on the matter in October. The Minister hopes that the Cape Mudge Band will accept responsibility of their own affairs.

Further questioned about who will collect the taxes levied on non-Indian lessees, Mr. Campbell said that hospital and school taxes will go to the Province but the general mill rate goes to the Cape Mudge Village. The village can choose to join the regional district or not.

Mr. Lloyd Fraser who leases Indian lands in Sechelt asked if lessees would have representation on the Indian Village Council. Mr. Clarence Joe replied, "You will become my ward!" After giving this idea due consideration, Mr. Fraser decided that could be better than being in the Regional District. Offering further advice on the subject, the Minister said that at Cape Mudge, lessees would have representation on the Village Council. He further commented that lesees don't own Indian land and he hopes they never do.

**TOASTMASTERS**

Tonight Wednesday, October 6, all interested in formation of a Toastmasters Club are invited to attend a meeting at 8 pm in the Cedars Inn, Gibsons.

**Minister Speaks**

Close to 150 people attended last week's public meeting in Gibsons where the Hon. Dan Campbell, Minister of Municipal Affairs outlined Regional District legislation and answered numerous questions. Pictured from left: Mr. Vic Anderson, secretary of the Regional Ratepayers Assn.; Mr. Bill Bryson, chairman of R. D. Ratepayers; Hon. Isabel Dawson, Hon. Dan Campbell, Mr. Dick Derby, president of the West Gibsons Heights Ratepayers; Mrs. B. Skellett, secretary of West Gibsons Heights Ratepayers; Director Frank West and Director Lorne Wolverton of the S.C. Regional District.

## One director opposes legalized pot protest

WITH the exception of one director, the Sunshine Coast Regional Board agreed to register its objection to a committee which has recommended legalization of marijuana and such soft drugs

Letter from New Westminster City Council outlined its motion of protest which has been forwarded to Prime Minister Trudeau. It sought support from the Board. Council of Gibsons has already supported the motion protesting marijuana legalization.

Sechelt Mayor Bill Swain told the Board he felt such drugs should be kept illegal. Director Frank West agreed and added that he feels very strongly that legalization of such drugs would prove fatal.

Motion that the New Westminster letter be supported was approved by all but Almond who said he wished to register a contrary vote.

*Write to Trudeau . . .*

## Council adds its support to legalized pot protest

COUNCIL of Gibsons at its regular meeting Tuesday, September 28 agreed to support a letter of protest regarding legalizing of marijuana forwarded to Prime Minister Trudeau by City Council of New Westminster.

Copy of the New Westminster Notice of Motion, submitted to Council of Gibsons, stated: "That this Council strongly register its protest to Prime Minister Trudeau against the recent Committee recommendation suggesting the legalization of marijuana and that we urge all B.C. Municipalities to also voice protest. Further, that all citizens be urged to do the same thing.

**HYDRANTS**

Letter from residents of Pratt Road asked for installation of fire hydrants and expressed concern at present lack of such facilities.

Alderman Gerry Dixon suggested the residents be informed that when the water line was put in, provision was made for later installation of three hydrants. At present, Council is proceeding with a program of hydrant installation where needed within the village, at such time Pratt Road comes within the village boundaries, then the necessary hydrants will be installed.

**WHARFAGE**

Ald. Dixon reported that a number of fishermen operating larger vessels have complained at shortage of wharfage. It has been suggested that a certain area be retained for boats over 36' in length. This, he stated, would be mainly for winter months.

Mayor Wally Peterson advised him that this was a situation to be dealt with by the wharfinger. He added that at Westview all incoming boats are directed to locations by the wharfinger.

It was agreed the wharfinger be instructed accordingly and any necessary signs be ordered.

**REFUSE DISPOSAL**

Previous request by Sunshine Coast Disposal Services for a business licence to operate within the village was rejected. Mayor Peterson explained that the application had been considered and unanimous opinion was that the existing service by Bob Kelly has proved quite satisfactory. Further, compulsory pick-up is under consideration and should it prove feasible it is hoped Mr. Kelly will continue as the official collector.

At the suggestion of Ald. Ken Goddard, it was moved figures be obtained in order to determine costs and feasibility of a compulsory service.

**EXPANSION**

Mayor Peterson brought up the proposed expansion of boundaries to take in the Pratt Road area. Residents of that area have already petitioned Council to be taken into the village and the matter had been tabled pending further study.

Mayor Peterson said that Council had promised to work of the proposal this fall, consequently he felt a start should be made at this time. Council therefore moved to proceed if feasible.

## So Blindly We Give

THERE remains little doubt the American economy is suffering as bad, if not worse, from the pangs of inflation as most other western countries and quite naturally stern measures will be necessary to remedy the situation. Whether we approve of such actions as import surcharge or not is of little consequence as far as that country is concerned for with its back to the wall it has every right to take whatever steps it considers appropriate. This applies to Canada or any other troubled country. For that matter it would apply to any individual who, when fighting for the welfare of his family, cannot be expected to devote too much time to caring for others' predicament to his own detriment.

What does concern us though, and indeed should concern us all, is the fact that while we have our own economic problems that also require aggressive remedy, countless millions of people both here and in other countries of the world are voluntarily pouring millions of dollars into the American economy for virtually nothing.

Many trade unions, as an example, have their headquarters in the United States to which a percentage of dues are destined. Reasons for this are undoubtedly multitudinous but the fact remains that Canadians living and earning their living in Canada have to contribute a portion of their hard earned pay envelope to American interests.

Then we have the service clubs and organizations which have Internationals based in the U.S. These too have to contribute toward the upkeep of large headquarters and paid staffs simply because the club or organization of their choice happens to be based across the line. Strangely enough, we know not of any reversal of this situation?

One of the exceptions is the Kinsmen Club which, we understand is Canadian. We would however, hazard a guess that there is no such thing as American membership in this organization sending funds up to Canada.

The Americans are not to be discredited in any way for this for they are not holding a gun to anyone's head. In fact, they are to be admired for their resourcefulness. It is we ourselves who fall down by being sufficiently gullible that we are prepared to continue donating funds to what is the wealthiest country in the world.

Just last week we were approached by a man seeking to establish yet another organization on the Sunshine Coast. This is a world-wide organization and, again, headquarters are in the United States. To start with, the club would have to submit the sum of $50 to the International in order to obtain its charter. From then on a small per capita amount is deducted from monthly dues and this too goes to International headquarters.

Most of the clubs falling into this category do a great deal of public service. They raise substantial sums of money for charitable causes and considerable time and endeavor is put into such projects by members. It is just too bad that headquarters for Canadian clubs are frowned upon by the American Internationals. On the other hand, it would seem strange that home grown-oraganizations of a comparable nature have failed to materialize.

One thing is certain, as long as we are prepared to send money unnecessarily and on a plate to the United States, our neighbours across the line are not going to reject it.

## An Odd Situation Indeed

LAST week we published a lengthy and somewhat complicated news release submitted by director Frank West as Finance Chairman of the Sunshine Coast Regional Board. We commented at that time that Mr. West has apparently assumed a duty one would normally have expected to have been that of one of the two secretary treasurers.

Last Saturday morning, following the last Board meetings Thursday and even before the minutes were released, we had presented to us an editorialized report of the meeting under the guise of another news release which, we were informed, was from Chairman J. Tyner.

Who the amateur journalistic enthusiast is responsible for the release we can but aim a simple guess. Sufficient be it to say the document was interspersed with the vernacular of underground press publications, quote—"The show was a bust". All very strange when it is considered a Regional District is, after all, considered to be a responsible form of local government. Certainly a little dignity would be expected to emerge.

Perhaps the strangest aspect is the fact that at the last regular meeting, Tyner appeared reluctant to allow Director Frank West to attend a meeting of the Sunshine Coast Regional Ratepayers Association. He expressed the view that West could hardly be expected to answer questions as a representative of the Board without the Board as a whole approving the answers he might give. It is quite strange that not one director objected to such an absurd statement? It has been stated by a Roberts Creek ratepayer that their meetings are invariably attended by their Board representative who, is always ready to answer questions. It would now seem that such a practice is unethical, in fact, the same would apply to any director who might be asked to attend meetings with other groups. At no time would he be acting in his official capacity unless he has had his questions in advance and prepared answers approved by the Board.

What nonsense? But—this is precisely what Tyner ruled when it was suggested the Ratepeyers would like to ask a few questions of Director West. Such a stand is even more ludicrous when it is recalled that Tyner delegated West, in the first place, to deal with a number of questions posed by the ratepayers.

Of course, we also recall a somewhat derogatory letter opposing the Regional Ratepayers from the Pender Harbour Ratepayers, signed by J. Tyner, secretary. Since that time a further letter from the Pender Harbour and District Ratepayers Assn. has been circulated to members. This continues the attack against the Regional body and is signed by Chairman William White.

With his statement that Director West cannot officially answer questions regarding Board affairs without his replies having approval of the Board, Chairman Tyner is saying, in effect, directors cannot be relied on to such an extent. Yet, presuming the latest news release was actually submitted by himself, then it seemingly did not have to be approved by the Board as a whole. We took the trouble to check with some of the directors and they were quite unaware of the release and its content.

To be fair it must be admitted that much of it was reasonably factual, however, it was editorialized, it contained some vernacular hardly in accord with a public body and it also made reference to comments made after the meeting.

On the whole, an extrmely questionable situation and one that quite clearly will not be remedied until the public wakes up and uses its voting privileges at the first opportunity.

One thing we must emphasis, the release was headed "Regional Board Press Release". It was unsigned and submitted in a plain envelope also headed in the same manner. The young lady who handed it in simply stated it was from Mr. Tyner.

Charles Augustus Semlin

Charles Augustus Semlin, a Cache Creek rancher, was premier of British Columbia from August 15, 1898 to February 27, 1900. He represented Yale in the provincial legislature from October of 1871—the first parliament of the province—to September of 1875, and again from July, 1882 to June, 1900. He won in a by-election for West Yale riding on February 26, 1903, and retired when the 1903 session ended. Born in Barrie, Upper Canada, in 1836, he arrived in British Columbia in 1862, and operated a ranch near Cache Creek, which he considered his permanent home. He died at Ashcroft on November 3, 1927.

## Paul St. Pierre M.P. wins new appointment

OTTAWA—Paul St. Pierre, MP, (Lib. Coast-Chilcotin) has been appointed Parliamentary Secretary to Mitchell Sharp, Deputy Prime Minister and Secretary of State for External Affairs.

St. Pierre is one of two Parliamentary Secretaries to the Foreign Affairs Ministry. The other is Dr. Gaston Isabelle, Member of Parliament for Hull.

International affairs occupied much of St. Pierre's attention during the 28th Parliament. As a private member, he was active in the promotion of Canada's Arctic Pollution Control Zone legislation, having first been sharply critical of the Government for inaction in the field of protecting Canadian Arctic sovereignty.

He has been Delegate and Special Rapporteur on Ocean Pollution to the Scientific and Technical Committee of Nato Parliamentary Assembly. The day before his appointment, he was successful in gaining the Assembly's support for a resolution supporting a new Law of the Sea Conference.

Since being elected, he has served as Vice Chairman of the Standing Committee on Indian Affairs and Northern Development, and at various times as a member of the standing committees on Procedure and Organization, Justice, National Defence and External Affairs, Fisheries and Forestry and Finance. In 1970 he was Chairman of the British Columbia Liberal Caucus and last June was elected Secretary of the National Liberal Caucus. He gained a reputation for expressing strongly independent views, sometimes in opposition to his own party's.

St. Pierre, former newspaperman and author of numerous television and of three books, was elected in 1968 for the huge Coast-Chilcotin riding of B.C., which is one of the largest in area in the nation. He is married and has three children.

## Former publisher and local resident passes

RALPH Bremer was born in Bergen, Norway in 1906. From there his family moved to Balestrand which has been the family homesite for generations. After attending Oslo University, he immigrated to Canada in 1930, taking whatever jobs offered themselves. He rode the rods to the West Coast where he worked in the fishing industry.

In those years he wrote articles for Norwegian newspapers about his new homeland. Eventually he started his own publication "The Commercial Fisherman," which he edited until 1955. He was instrumental in the formation of the F.U.O.A. whose secretary he was for some time.

The pressures of a publishing business and two stationary stores finally prompted Ralph to look for a more serene way of life in rural surroundings. This he found on the Sunshine Coast, where he has been oyster farming for the past 16 years.

Ralph leaves his wife Inge, two daughters Ingrid Gradnge and Solveigh, grandchildren Ramona and Brett, one brother in New Hampshire and one in Norway.

From the Key West, Fla., Citizen: "A tarpon tournament would greatly increase the potential of our tourist run at a time that normally marks the swinding of the winter visitors."

David Carritt of Christie's: London's famous auction rooms, reports his secretary typed this error: "Hell hath no fury like a woman's corns."

# READERS' RIGHT

*Letters to the Editor are the opinions of readers, and not necessarily those of The Times. A nom-de-plume may be used for publication, but all originals must be signed by the writer.*

### Appreciation

Editor, The Times,

Sir: I wish to thank you for the fine coverage that you gave to the graduates of Elphinstone Secondary School. We always appreciate the interest shown by you and your staff in the functions of the school.

D. L. MONTGOMERY, Principal

### Many Thanks

Editor, The Times

Sir: To our friends and neighbors who worked and brought the fine home cooking, and to the many for donations given, which made this a very successful tea, we would like to thank you all very much.

MRS. W. F. CLARK
Roberts Creek United Church

### "Charisma"

Editor, The Times,

Sir: Your editorial of September 15, 1971, on Prime Minister Trudeau's continuing continent hopping and financial fiascos expressed my feelings exactly. Unfortunately, many of my friends (mostly females) are still ga-ga about so-called "charisma"—our balding swinger has perpetuated by the Liberal left press. Personally, I want character before charisma. Those who once thought pragmatism more important than policy and cheese cake a substitute for jobs and housing are now reaping the whirlwind of their idiocy. Between the fiasco of the 58 million dollar Opportunities for Youth handouts, the Benson Report, C.Y.C. farce, the Le Dain Commission interim report, and the Status of Women findings, we find ourselves in a Nation fast becoming a cross between the Welfare State, a Chinese circus and an insane asylum.

Thank you for a sane and thoughtful editorial,

EILEEN DONNELLY.

### Fine support

Editor, The Times,

Sir: I would like to express my personal appreciation for the bursary awarded at our presentation last Saturday by Mr. Wheeler.

It is very encouraging to know that we have such fine support from our community organizations.

ELECTRIC HEATING
*more living space*

Homes are for living. Take this home for example. From basement to attic every bit of space is being used for living. That's because it's heated electrically. Compact units take up little or no space. There are no ducts or pipes, no furnace room. Every inch of space is being used . . . and that's important, with today's construction costs.

Most important, every room is comfortable — just the way each individual wants it. That's not always possible with other heating systems because one thermostat must satisfy the demands of all rooms. With electric heating you can have room-by-room temperature control — a thermostat in every room. Simply dial the comfort setting needed to suit each room's activity.

More living space. More comfort. Makes a lot of sense, doesn't it? You'll find that the cost of heating electrically is sensible too.

Give us a call. Our Customer Advisory Service will be happy to discuss your new home plans. Qualified personnel will recommend equipment sizes, amount of insulation required, and give you a written estimate of annual electricity costs for heating. Customer Advisory Service is free — available at all B.C. Hydro offices.

# Halfmoon Bay Happenings

—by Peggy Connor

FIRST film show of the winter series will be on Thursday Oct. 7, starting at 7:30, price 35c, at the Welcome Beach Hall, Redrooffs Road, Halfmoon Bay. Everybody welcome.

There will be 5 short films, "Expressive Canada" in the series showing various aspects of Canadian life. Emily Carr, a scene from MacBeth, Ballet Scene, Peoples of Canada, Winter Carnival in Quebec.

These films are put on by the Welcome Beach Community Association, the president Mr. Keith Comyn and fellow members have been busy enlarging the hall. Previously there was room for only 60 people; now it will nicely hold 90.

**SOCIAL**

The first social evening of the season at the Welcome Beach Hall will be Saturday, Oct. 16, and will be a Do As You Please Party. Cards, darts, shuffleboard, etc. Starts at 7:30, price 50c, again everybody welcome. These are very socialable evenings so venture out and make new friends.

**CNIB**

At the films and social evening Mrs. Mary Tinkley will accept donations for the Canadian National Institute for the Blind. Canvassing for the Halfmoon Bay area will be Mrs. Pat Murphy. Mrs. Mary Tinkley would appreciate a volunteer to canvass the Redrooffs Road area and anyone interested could call her at 885-9479. She will be back home by the time this is in print.

**HERE AND THERE**

Visiting Mr. Tag Nygard this last weekend was daughter Judy and her husband D. Zimmerman and their young son.

Wednesday night a meeting was held at the home of Mrs. Jean Mercer, Secret Cove, for the Halfmoon Bay Recreation committee to plan children's fun and games. The first being a film show at the Welcome Beach hall held Friday, Oct. 1.

23 children saw the four films Run For Your Life, Catuor, Cinderella and Beaver Dam. In charge of the films is Mrs. Barbara Laakso. Looking after refreshments were Mrs. Lynn Jorgensen, Mrs. Jean Trousdell ,Mrs. Anne Hansen. Mr. Keith Comyn was the projectionist who willingly gives his time to do this.

Mrs. Blanche McCrady is home after visiting her son Frank in Coquitlam.

Mrs. Mary Tinkley arrived home Sunday. She has been a guest at the home of Tip Corson's in Vancouver. While there she did some shopping and was thrilled to see Dr. Zhivago. Although she didn't find any kids to take, she went to the circus anyway. A pleasant visit was spent at the Morrice Hanley's Blueberry Farm at Cloverdale.

Mr. and Mrs. Jack and Dorothy Hall of Welcome Beach have returned from a relaxing circle trip heading up to Prince George, onto Burns Lake, a side trip down to Ootsa Lake, back to main highway, then a trip to Lakelse where some British interests have purchased the hot springs, so some big changes will be seen there soon.

Then onto Prince Rupert where they took the ferry trip down the coast for a leisurely voyage to Kelsey Bay stopping at Miracle Beach to see Dorothy's brother Captain Douglas Marshall. Then to Nanaimo ariving at Horseshoe Bay in time to miss the Langdale ferry necessitating a two hour wait for the next one. At Prince George they visited daughter Margurite and her husband J. R. McKenzie and Qwyneth, for three days.

Sunday, Mary Connor celebrated her ninth birthday with her friends Sandra Jorgensen, Brenda Douglas, Elsie Kingston, Louise Murphy and sister Margaret Connor.

Mrs. Glenys Radcliffe of Secret Cove enjoyed a visit from her mother and father, Mr. and Mrs. Arthur Jones, who travelled out on the same plane as the Welsh Choir from Angles in Wales. Their son-in-law took them fishing in the Charter Boat "Clegmar" along with Jack Mercer and they caught five spring salmon. Mr. Jones 'lost' the ones he was lucky enough to get hooked, but never-the-less he announced he had never had so much fun in his life and is coming back next year, just to go fishing. The Jones brought movie pictures with them including the wedding pictures of Glenys sister for her to see.

# Awards and trophies presented to students

AT AN assembly of the total student body of Elphinstone Secondary School on Wednesday morning, Sept. 29, the Student Council Awards for scholarship and the Aggregate trophies won by students of last year's Grade 8, 9 and 10 classes were presented. As chairman of the assembly, vice-principal Mr. L. Grant called upon Mrs. Underwood to present the Scholarship awards as follows:

Last year's Grade 8's—Honor Roll and flash to Dean Goddard, Kim Gregory, Debbie Hill, Cindy Kurucz, Kerry Mahlmann; Honor Roll, Glen Beaudry, Patty Wing.

Last years' Grade 9's—Honor Roll and crest, Leslie Dixon, Randy Kampmann, Eileen Sallis; Honour Rool and flash, Jo-Anne Jorgenson, Lori Montgomery, Betty Topham, Elin Vedoy, Dennise Dombroski; Honour Roll, Debbie Willis, Cindy Pendergast and Lynn Oike.

Last year's Grade 10's—Honour Roll and star, Eleanor Swan; Honor Roll and crest, Wendy Allnutt, Cheryl Guelph, Heather Harrison, Pomponia Martinez, Lisa Pedrini; Bill Sneddon; Honour Roll and flash, Theresa Labonte; Honour Roll, Debra Baba, Joan Blomgren, Susanne Jorgenson.

Mr Peterson was called upon to present the trophies to the students who has received the highest aggregate points for scholarship, citizenship and sportsmanship. The winners were:: Grade 8, Kerry Mahlmann; Grade 9, Leslie Dixon and Jo-Anne Jorgenson; Grade 10, Bill Sneddon.

From a TV preview listing: "Provocative new weekly discussion series featuring three distinctive personalities with desperate views."

# Guests from Holland attend colourful wedding ceremony

TRAVELLING to Canada from their home in Enschede, Holland, Mr. and Mrs. H. Bovenius attended the very beautiful wedding ceremony which united in marriage their granddaughter, Trudy Elaine Swanson and Mr. Ronald Kiyome Baba, on September 18th, 1971 in St. Bartholomew's Anglican Church, Gibsons, B.C.

The bride is the eldest daughter of Mr. and Mrs. Len H. Swanson of Gibsons, and the groom is the son of Mr. and Mrs. Kohei Baba of Roberts Creek, B.C.

Decorated by the Altar Guild, the church made a lovely setting for the afternoon wedding, with beautiful arrangements of red and white dahlias and gladiolus and white pompom chrysanthemums. Reverend D. Brown officiated at the double ring ceremony. Organist Mr. Wm Haley played "Laura" the love theme from Dr. Zhivago and also the love theme from Romeo and Juliet.

Given in marriage by her father the bride was enchanting in her Empire styled gown of silk velvet with sprays of guipere lace applique and matching, hooded, long sleeveless coat also with lace applique. Her waist length veil of silk net with guipure lace trim was held in place by a rose spray and she carried a cascading bouquet of red velvet roses and white carnations fastened to a prayer book.

Maid of honor was Miss Fran Volen, long time school friend of the bride and bridesmaid was the bride's sister Jannette Swanson. Both wore long soft green Empire styled dresses of peau de soie with white nylon ribbon trim and matching white bands in their hair and carried crescent bouquets of white daisy mums and white carnations. Flower girl, Kathy Baba, niece of the groom was dressed in a long Empire style gown of red velvet with daisy lace trim, white velvet ribbon in her hair, and carried a basket of white daisy mums with red velvet trim.

Mr. Ken Baba, brother of the groom was best man. Ushers were Wayne Swanson, brother of the bride and Robert Baba, brother of the groom.

Reception was held at Casa Martinez where a delicious smorgasbord dinner was served. Silver inlay, crystal candleholders belonging to the bride's late grandmother graced the head table together with arrangements of white daisies and pompom mums. The wedding cake baked by the mother of the bride and decorated by Mrs. L. Hughes, friends of the groom's family was placed on a separate table on lace cloth belonging to the bride's late grandmother. White roses and red carnations formed table decorations for the guests.

Master of ceremonies was Mr. J. Nordin, great uncle of the bride. Uncle of the bride, Mr. Alf Shephard proposed the toast to the bride.

The wedding cake was served by the bride and the groom, the bride wearing a very lovely Japanese kimono, belonging to the groom's mother and made in Japan by the groom's aunt.

For the very happy occasion, Mrs. Swanson chose a light blue coat and dress ensemble of shantung with matching hat, black patent leather accessories and corsage of sweetheart roses and pink carnations.

Mrs. Baba chose a pink and white dress and coat ensemble of shantung with silver accessories and corsage of gardenias and pink carnations.

The bride gave part of her bouquet to her grandmother to take back to Holland. Jannette Swanson caught the other part of the bouquet. The bride's youngest sister, Peggy Swanson looked after the guest book.

For the honeymoon which was spent at Whistler Mountain in Garibaldi Park, the bride changed into navy blue slacks and cape ensemble with red patent leather accessories and a red velvet rose and white carnation corsage. The young couple will reside at Gower Point in Gibsons.

Out-of-town guests included the bride's maternal grandparents Mr. and Mrs. H. Bovenius from Holland; Mr. E. Gustavson, Mr. D. Nordin from Vancouver; Mr. A. Swanson, Mr. and Mrs. A. Shephard, Doug and Patti, Mrs. M. Shephard, Mr. and Mrs. B. Maruyama, Mr. S. Maruyama from Surrey; Mr. and Mrs. M. Kagawa, Mrs. K. Kagawa, Mr. I. Yamanito from Aldergrove; Mrs. N. Yamauchi, Mrs. N. Nagano, Mr. and Mrs. B. Maikawa from Burnaby; Mr. and Mrs. G. Ono, Miss J. Baba, Coquitlam and Mr. and Mrs. O. Ottmanns from Peachland.

# Blood must be matched

IT takes all types of blood donors to provide the various types of blood required.

Out of any 100 donors 46 have O blood; 42 have A blood; 9 have B; 3 have AB; 85 have RH positive and 15 have RH negative.

A number of tests must be completed in the hospital laboratory before blood can be found that is safe for the patient. First, the cells of both the donor and the patient must be tested to be sure that they are the same group. Secondly, the donor's blood and the patient's blood must be cross-matched to see if they are compatible. This is done by mixing in a test-tube some red cells from the donor with serum from the patient if the cells do not clump, the donor blood is said to be compatible and transfusion of this blood will be safe for the patient. If they clump, it is incompatible and transfusion will be dangerous.

A WARM WELCOME AWAITS YOU.

GO AHEAD!

BUY CANADA SAVINGS BONDS

If you're looking beyond today, plan ahead with Canada Savings Bonds. They're the go-ahead way to save for the future – without worry.

**Easy to Buy:** You can buy them three different ways; for cash where you work, bank or invest; on instalments through the Payroll Savings Plan where you work; or on instalments through the Monthly Savings Plan where you bank or invest.

**Simple to Cash:** Canada Savings Bonds are cold, hard cash – instantly. They can be redeemed any time at their full face value plus earned interest.

**Good to Keep:** Canada Savings Bonds are safe. They're backed by all the resources of Canada and they pay good interest – year after year. New Canada Savings Bonds yield an average of 7.19% a year when held to maturity. They're available in amounts from $50 up to a limit of $50,000.

Each $100 Bond begins with $5.75 interest for the first year, pays $6.75 interest for the second year, pays $7.50 interest for each of the next five years, and then pays $7.75 interest for each of the last two years.

On top of this you can earn interest on your interest and make each $100.00 grow to $187.00 in just 9 years.

Canada Savings Bonds are good today, better tomorrow. They're Canada's most popular personal investment. Look ahead! Go ahead! Buy Canada Savings Bonds.

# Students submit brief during public meeting

ELPHINSTONE Secondary School's grade 12 general business class presented a brief at last week's public meeting sponsored by the West Gibsons Heights Ratepayers' Association and attended by the Hon. Dan Campbell and the Hon. Isabel Dawson.

Introducing spokesman for the group, chairman of the West Gibsons Heights Ratepayers, Mr. Dick Derby observed that it is generally older people who attend ratepayers meetings. In an attempt to involve younger people, Mr. Derby approached the secondary school and although the students were given short notice, they had drawn up a brief.

Grade 12 students Bill Skellett and Stanley Owen read the brief and presented copies to both ministers. Contents are as follows:

This topic is not solely directed to the Honourable Mr. Campbelll, but rather to the Honourable Mr. Campbell, the Honourable Mrs. Dawson, and all the people of our community.

I am here on behalf of Elphinstone's General Business 12 class to discuss the public's poor communication with our government. The topics we feel that need to be approached are the inadequate and inefficient ferry services, the transient purchase of our land, the position of the police in our community, and the non-existent recreational centre.

**FERRIES**

We would like to start off with the B.C. Ferries; it being the only means of transportation to the mainland.

The present system with the larger ferry has slowed down the transportation considerably. On the old system the ferries were small, but with the two running and a stop every half hour, it was a more efficient run for all concerned.

The price remained the same even though the service got worse. We feel that special rates should be made for commuters, as they find it very expensive to make the daily or weekly trips back and forth. Passes would be an advantage for the hurried passenger, who would just present the pass when boarding. In this way, too, the ticket agent could push through more cars and thus avoid some of the unnecessary line-ups that often cause people to miss the ferries and wait two hours for another one.

The cafeteria service doesn't need to be questioned. The hamburgers made at 11 a.m. are still being sold at 2 p.m. The cafeteria closes 15 minutes after it opens; some of the women staff members dispose of the dishes and trot down to the crew rooms for the remaining 40 minutes. And with the stale doughnuts and petrified pies, it's a wonder how the passengers make it off the ship.

On holiday weekends the ferries are loaded until the cars are packed so tightly that the people are boxed in their vehicles. This alone, is against the law, and if an emergency arose the passengers would panic and such complications could cause a disaster.

The Gibsons to Langdale line-ups are also a potential hazard. Discussions by the Chamber of Commerce have brought out the possible dangers in the event of a fire or bad accident in the Langdale-Hopkins area. These line-ups also prevent residents from having access to their drive-ways.

We have seen from these last few holidays that things haven't improved or have we seen any effort to have these conditions rectified.

A smaller boat such as the Langdale Queen with a minimal crew should be put on a weekend late night run between Langdale and Horseshoe Bay. This would enable people to attend rock concerts and hockey games and still get home.

Although we realize that about 5 years ago, an extra run was tried without success, it must be remembered the people must have time to become accustomed to this extra run and a trial period of one or two runs certainly isn't sufficient to establish its merits.

More people now reside on the Sunshine Coast and the inconvenience of the present ferry schedule is now even more acute. If it is impossible for an economic solution on the part of the B.C. Ferries, perhaps some serious thought should be given to completion of the road from Port Mellon to Squamish, in order to give our residents fair access to Vancouver.

While this road may constitute a more lengthy journey it would still be very nice not to have to rely on the ferries inadequate service and be put in the extremely uncomfortable position of isolation due to aggravating strikes, whether well founded or not.

**TRANSIENTS**

The topic we wish to discuss secondly is the transient population of our community.

During the summer and especially on long weekends the ferry is always running full. The people leaving the Peninsula are fewer than ones coming to Langdale. Watching the ferry traffic, you'd wonder where they'll all reside. Very few stop in Gibsons, most drive towards and pass Sechelt to their summer cottages. Most of these cottages are located at Gower Point, Sandy hook, Halfmoon Bay, etc.

They occupy these cottages at the most, 3 or 4 months out of a year. Driving past in the winter, you'll hardly see one house occupied, except for the few that manage to afford one, and they are usually retired people. These transients come up, relax, and try to forget about their problems of the city. They like this community as it is quiet, with no activity at all.

They vote down any improvements planned, especiallly ones concerning schools. They don't care about our schools because their children attend very modern ones in town. And the last thing they want is higher taxes. These people are of very little help to the community as a whole. They buy up the best properties, making it quite impossible for resdents to afford them. They contribute no service and are holding back the advancements of the community. Instead of having business thrive for 2 summer months, permanent people could be living on those lots that are interested in boosting the economy of our community.

**POLICE**

The third topic we wish to discuss is the RCMP:

There are a number of people in every community who criticize and put down the police. This goes for young and old alike, and we are sure they all know what a mess we would be in if there wasn't a police force. However, there are good and bad people in every walk of life, including the RCMP.

The RCMP are demanding our respect as citizens, but, this has got to work both ways. Police wonder why they are called such names as "pigs", when they are constantly giving innocent people dirty, suspecting, glances and coming into a dance and destroying a happy atmopshere with their blinding flash-lights and rude attitudes.

We feel they should show more concern for people instead of using their authority in minor incidents such as;

1) hassling hitch-hikers and the people who pick them up.
2) telling people which side of the street to walk on and if it's late at night, asking them what they're doing, where they're going and why.

There seems to be prejudice against the youth of the area which makes it awfully unpleasant seeing we both have as much right as the other in our community. We feel if they were a bit more human and a lot less suspecting and demanding, everyone would get along much better.

**RECREATION**

Finally, we would like to discuss the recreation facilities of the Sunshine Coast.

For the past four years, the Recreation Commission has been in the process of "saying" they were going to build a Recreation Center at Roberts Creek consisting of:

1. an ice arena
2. a mezzanine auditorium
3. senior citizens facilities
4. arts and crafts
5. a picnic area
6. and a riding club

The completion date of this center was set for this September 30. So you can see that there is only one day left and as yet nothing has been done.

Another district was granted a large loan from the Federal and Provincial Government at a low interest rate. Would it be possible for the Recreation Commission on the Sunshine Coast to get such a loan. If so, what procedure do we need to go through to receive it.

9,000 people would benefit from this center.

Along with the incomplete Recreation Center there are several other areas that need improvement and questioning. For example:

1. The tennis court in Lower Gibsons is in very poor condition and needs immediate repair. If the money was spent to build such a court surely it could be kept in repair so it was usable.

We planned for a swimming pool for our Centennial Project, but all we got was a shuffle board and wading pool. The shuffle board is usually locked up and the swimming pool is used quite frequently by dogs, birds and some children.

Tell me, how many people are about to offer their time and energy on the Recreation Center, when they worked hard for a swimming pool and were let down.

We hope that our time in making this report has been worthwhile. We hope that you will consider the points we have made and that something may come of them. We feel that by bringing these points to your attention, we have done our part in letting you know how the students of Elphinstone feel. Only with your help, can anything be done about these faults.

*Annual campaign . . .*

# Many from all walks donate to blood bank

BLOOD Donor Clinics will be held this year in Sechelt Tuesday October 12th and Gibsons, Friday October 15th. Number of donors has diminished in recent years but this year the Hospital Auxiliaries have launched a combined drive in order to revitalize interest in this important project.

It is noted that no-one over 65 years is allowed to give blood, neither are girls under the age of 18.

Every day of the year thousands of Canadians come forward voluntarily and give their blood at Red Cross donor clinics.

In a brief half hour they give the gift of life. They make this anonymous gesture without thought of recompense. Their one intention is to help their fellow man.

Blood donors of Canada come from every walk of life. They are men, women and young people of many races, many creeds and varied political opinions.

Their generosity and willingness to share their good health has been the key factor in the success of the Canadian Red Cross Blood Transfusion Service over so many years.

The number of patients who have benefitted by this unique Red Cross service now runs into the millions. The number of lives saved cannot be estimated. Countless others have had their health restored. Thousands of newborn babies have been given the chance for a normal, healthy life.

The collection of blood is a big job. The vehicles travel more than a million miles over the highways and byways of every province every year to collect approximately 900,000 bottles of blood.

The Canadian Red Cross Blood Transfusion Service assures the patient that ample supplies of whole blood and blood products are always available. There is no charge for the blood needed for transfusion therapy and there is no demand for replacement. The gift of blood one gives at the Red Cross donor clinic is distributed at no cost to the patient.

In the years to come there will be more uses for blood. Every donation will be a gift of life.

# Ferry commuter tickets available soon says MLA

COMMUTER tickets on the B.C. Ferries will be available to permanent full time residents of the Sunshine Coast and full details are expected shortly on this, said MLA Hon. Isabel Dawson when she attended last week's public meeting in Gibsons.

Approximately 150 people attended the meeting sponsored by the West Gibsons Heights Ratepayers Association and chaired by president Mr. Dick Derby.

Mrs. Dawson in reply to questions concerning reconstruction of highway 101 between Earl's Cove and Langdale, said that a six lane highway had never been mentioned. She said the existing highway will be widened and greatly improved and that work will commence within the next 2-3 weeks on the section between Sechelt and Earl's Cove.

In reply to numerous questions concerning the proposed Gibsons by-pass, she said that she has received no word on it. She promised to look into the condition of the road at Twin Creeks and numerous other little by-roads.

**GRAVEL**

Questioned on the proposed gravel mining operation which was rejected by the Regional Board after more than 700 people and organizations petitioned against it. The Hon. Dan Campbell reaffirmed previous statements that there are no municipal or provincial laws which apply to Indian lands and Victoria has no control over gravel on Indian lands. The Provincial Government does have jurisdiction over water in British Columbia.

Secretary of the Regional District Ratepayers Association, Mr. Vic Anderson asked if the gravel mining proposals are now closed. Mr. Campbell said he is not sure but the Department of Lands won't change its decision unless the Regional Board does.

**PLANNING**

Planning Committee member Mr. Cliff Gilker expressed the need for more co-operation. He said the planning commission needs assistance, service and information especially from the Department of Highways which seems to be a power unto themselves and the Regional District is no concern of theirs unless there is a confrontation. Also the planning commission had been promised but never yet received a copy of land use inventory information.

Mr. Campbell observed that the land use inventory information is not a land use map or a zoning map and does not mean as much as had been imported to him. He said this information is available to regional districts on request.

Regarding land use and controlled access half a mile either side of an intersection and designated or stated highway, regulation may be the responsibility of Dept. of Highways but legislation is designed that there will be consultation at the technical level.

There are instances where a department has the statutory power to move in and usurp any existing regulation. For example the Minister of Health or the Medical Health officer when he finds a problem injurious to health has such power.

**Found abandoned**

Will you be my friend? The lonesome eyes of Maggie a young harbour seal at the Vancouver Aquarium appeal to soft-hearted aquarium visitors. Actually Maggie has lots of company including other seals and her human caretakers. The young seal was found as an abandoned pup by a fisherman at Deep Cove near Vancouver a year ago.

*Symbol of thrift . . .*

# Canada Savings Bonds available October 4th

THE 27th SERIES of Canada Savings Bonds has been launched.

Twenty seven years have passed since, following the last war, Canada's favorite savings vehicle was first introduced. The bonds helped with Canada's rehabilitation after the war and are now a symbol of thrift for Canadians.

The new bond, on sale from October 4, will return a favorable annual yield of 7.19 per cent when held for the nine years to maturity.

Interest rates for annual coupons are 5¾ per cent for the first year, 6¾ for the second, 7½ for the next five and 7¾ for the last two years.

A compound interest feature will provide for three bonus certificates when bond and all coupons are retained to maturity. If this option is exercised, a purchaser of a $100 bond would receive $187 on November 1, 1980.

This most widely sold security in Canada, and important source of borrowed funds for the federal government, will retain the old features: they can be cashed any time for face value plus interest, can be easily bought for cash or by installments through banks, and from investment dealers and trust and loan companies.

Again, more than 5,000 companies will make the payroll savings plan available to employees. Last year $632,000 workers purchased $283 million this way.

In B.C. a team of nine investment dealers, on loan from their firms and headed by Regional Director George Sherwood of Vancouver, will set up the plan throughout the province and the Yukon.

## Pender Hi-lites

—by Cindy Harris

**GAMES**

ON THURSDAY September 30th, our junior and senior girls teams travelled to Elphinstone to play volleyball. Junior teams were successful winning two out of three games, 15-1, 15-2, 8-15. Seniors did not do so well, they lost two out of three 12-15, 5-15, 15-6.

A return match to be played at Pender Harbour Secondary School on October 7th after school.

**BADMINTON**

Badminton started Monday October 4th. Juniors 6-8 p.m. Adults 8-10 p.m. There will also be a Thursday evening session for Juniors 6-7.30 p.m.

# Sechelt Notes

—by Peggy Connor

A REAL heartwarming house warming shower for the Steve MacDonald's was held at Mr. and Mrs. Ben Lang's last week. The June fire in the house the MacDonald's were living in at Wilson Creek, wiped out all their household goods. Now they will be moving into a new mobile home on the same site.

Mrs. Louise Lang with the able assistance of Mrs. Mary Gordon, Mrs. Phyllis Parker, Mrs. Billie Steele and other friends hosted the shower with 17 women present and gifts from others unable to attend. With the many beautiful gifts received by Mrs. Connie MacDonald there was no duplication.

Winners of contents were Mrs. Peggy Thompson, Mrs. Lee Redman and Mrs. Phyllis Parker.

Tuesday a bus load of 39 ladies journeyed to Mission to tour the Abbey, Seminary of "Christ the Right". Mrs. Kay Nelson with other St. Hilda's parish members organized the trip and ladies came from all over the Peninsula and the rest of the Sunshine Coast.

The Abbey has been on top of the hill at Mission for eight years. Time enough for the ivy to cover a great deal of the walls and at this time of the year a beautiful sight as it turns color. The view from here up the valley was glorious, with a low mist to give added enchantment, the artistic murals on the walls as well as other works done by the young priests were most impressive.

Mr. and Mrs. Ken and Paula Griffiths took Paula's folks, Mr. and Mrs. Dave McNutt on a week's trip to the Peace River dam and Edmonton. At Mara Lake they visited Mrs. McNutt's sister, Mr. and Mrs. Plunkett and at Grand Forks a cousin Mr. and Mrs. John and Shirley Clark and children.

Mr. and Mrs. Harry Sawyer are back after a trip to the Okanagan, visiting many old friends from this area. At Vernon, it was former Halfmoon Bay friends Mr. and Mrs. Oscar and Ethel Niemi. Kelowna it was Mr. and Mrs. Wm. Wright formerly from Davis Bay; Mrs. Wright had suffered a bad fall and broke her hip but was beginning to get back on her feet with the aid of a walker.

They managed to track down the daughter of friends from Powell River, Mr. and Mrs. Bill and Madge McGillveray, to find that these worthy friends were also visiting in Kelowna at the same time with their daughter whose husband is Dean of the College, Mr. and Mrs. Mcleod.

The Sechelt Brownie LA meeting will be at the home of Mrs. Diane Benner, Wednesday, Oct. 6 at 8 p.m. All members old and new are welcome.

Sechelt Hospital Auxiliary members are reminded that tickets for the Nov. 13 Carribean Smorgasbord are on sale at the Oct. 14 meeting.

The Sechelt Chiefs soccer team tied the New Westminster Spurs 0-0 on their home grounds Sat., Oct. 2. Next week they will play the GVI's (Greater Vancouver Italians) team at Templeton Park in Vancouver, which should be a good match.

The Renegades beat the Tigers 3-0 in the game in Vancouver and this last Sunday they played Carlings on The Sechelt grounds. This game they lost, score 4-2 for Carlings.

The Royal Canadian Legion Branch No. 140 LA sent two delegates to the Zone Meeting at Vananda, Texada Island, Mrs. Ted Surtees and Mrs. Louie Hansen. Also along were Mrs. Alice Batchelor and Mrs. Elsie Foster.

## Pretty evening wedding unites Service-Procknow

RADIANT in a crinoline style gown of Chantilly lace, Carol Lynn Procknow became the bride of Mr. John Ronald Service on August 14 in Gibsons United Church.

The bride is the only daughter of Mr. and Mrs. Norman I. Procknow of Selma Park, B.C. and the groom is the son of Mrs. Olivia Porter of North Vancouver, B.C.

Rev. James Williamson officiated at the evening ceremony, organist was Mrs. Mae Freer.

Given in marriage by her father, the bride looked enchanting in her wedding gown of Chantilly lace with fitted waist, high collar and sheer lily point sleeves, the crinoline skirt featured four layers of lace and swept into a train at the back. Her bouffant veil was held by a coronet of flowers and she carried a spray of yellow roses with trailing yellow ribbons and love knots, on a bible.

The bridal attendants were, Mary Quarry, Matron of Honor; Miss Linda Wowk, Maid of Honor and Miss Beverley Service, bridesmaid. They wore pant dresses featuring floral print pants with sashes and satin crepe tops of yellow, green and white. Headdresses were wide brimmed floppy hats of sheerest white mohair and their bouquets were nosegays of yellow chrysanthemums with ribbons.

Mr. Sandy Gibb was best man and ushers were Doug Sutherland and Barry Procknow. The male attire featured white dinner jackets with black pin stripe and yellow chrysanthemum boutonnieres.

More than one hundred and fifty guests attended the reception held in Roberts Creek Community Hall which was gaily decorated with yellow, green and white streamers. Table centers were white daisies surrounded with laurel and cedar boughs and the bridal table was centred with the exquisite three tiered cake decorated with yellow roses and green leaves and flanked by yellow candles in crystal candelabra.

Mr. Keith Wright was Master of Ceremonies and also proposed the toast to the bride.

Mrs. Procknow was charmingly attired in a pink fortrel A-line sleeveless dress with mauve orchid corsage. The mother of the groom was attractively gowned in aqua marine cotton eyelet lace, sleeveless dress with matching jacket and pink rose corsage.

For the honeymoon spent in the Interior regions of British Columbia, the bride wore a purple fitted hot-pants suit.

The young couple have made their home at 4960 Sanders, Burnaby 1, B.C. and Carol who graduated in February of this year is continuing with her duties as psychiatric nurse at Essondale.

The many relatives and friends who attended the wedding travelled from various points including Edmonton, Regina, Vancouver Island and Vancouver, B.C.

### *Surprise bridal shower honours Margrit Himmel*

BRIDAL shower surprise was held at the home of Mrs. Margaret Dellart for Miss Margrit Himmel whose marriage to Mr. Gary Billingsley takes place on Saturday, October 9th.

The bride-to-be was led to a decorated chair and presented with a corsage by the hostess, Mrs. Hannele Himmel was presented with a corsage by her daughter Theresa Himmel, and Mrs. Alice Billingsley was presented with a corsage by her daughter Dayle Siebert.

A laundry basket decorated in pink and white theme was overflowing with many useful gifts. Games were played, the winners being Mesdames Jean Wood, Doris Wing, Eileen Evans, Ev Chappell and Miss Theresa Himmel.

Others present were: Mesdames Wendy Steel, Cay Nelson, Norma Branca, Nancy Read, Dori Housley, Ben Swanson, Faye Hansen, Margaret Lamb, Barbara Walters, Betty Laidlaw, Phyllis Handford, and Miss Ursula Himmel. Unable to attend but sending gifts were Mesdames Marie Montgomery, Vivien Reeves and Helen Christianson.

Refreshments were served by the hostess, assisted by Theresa and Ursula Himmel and Dayle Siebert.

Margrit thanked everyone for their gifts and all present wished her much happiness in the future.

*October 1st to 16th . . .*

## Local C.N.I.B. canvassers launch two week fund drive

CANVASSERS for the Canadian National Institute for the Blind are presently engaged in a canvass of the area and will continue to October 16th. CNIB is one of the more worthy causes to which the public is asked to donate each year and your support is urgently needed.

Mrs. Margaret Lamb of Sechelt is again chairman of the campaign and submits the following example of the type of service provided by CNIB.

Sally was a cute one-year-old with blond hair and large blue eyes. Like most one-year-olds she was climbing over furniture and snooping into cupboards and drawers. What was different about Sally was that her big blue eyes did not see objects very clearly.

Her parents often noticed her blinking excessively and rubbing her eyes so they wisely took Sally to their family doctor who referred her to an eye specialist in Vancouver for extensive tests. They would take four days which would mean hotel bills and other expenses for Sally's father whose income as a janitor only met the family's day to day needs. As the Doctor was aware of the family's financial position he contacted The Canadian National Institute for the Blind for assistance. A CNIB worker arranged transportation for Sally and her mother to come to Vancouver for the four days and stay at Queen Elizabeth Hall, the CNIB residence for the blind.

While Sally underwent extensive eye examinations and tests her mother was discussing with a CNIB worker the problems which might arise in raising her daughter. The development of a blind child is the same as any sighted child. The difference is that a blind child must be stimulated with sounds. He must be encouraged to explore the things around him as the child must use his hands to gain knowledge of the shapes and sizes of objects. The blind child cannot copy parents or older brothers and sisters in tying shoelaces, putting on a sweater or using a knife and fork.

While in Vancouver, Sally's mother attended a meeting of parents of blind children where these and other problems were discussed. A trip that began with fear and apprehension ended with hope for the future.

Blindness could be black for Sally and her parents but for the encouragement given by the CNIB worker. Let's make it light by supporting the CNIB local campaign for funds in this community.

---

Nothing ever built arose to touch the skies unless some man dreamed that it should, some man believed that it could, and some man willed that it must.

"Call 681-7395."

Phil Gaglardi has been asked by the Premier to help you find a job.

If you call the above number you will get the Provincial Alliance of Businessmen's office. You will be surprised to find people who really want to help you find a job, no matter what your age.

They will take your name, address and other particulars. If you can't reach the above number, call your nearest Social Assistance office.

Top priority will be given to unemployed young people under 19 years of age.

It may require re-training you in a trade of your choice.

It will require a genuine desire on your part to get off public assistance and on a job.

We're asking all government departments, industry, business and labor organizations to give us complete cooperation in helping you to help yourselves.

We know you don't like unemployment. So take advantage of this positive start and let's dig in and get rolling.

Who knows . . .

You could get off public assistance and on a job.

Regional Director — E. N. Delmonico

Phil Gaglardi
Your Minister of Rehabilitation.

# Around Gibsons

—by Marion Charman

PASTOR Reg. Layzell, presently ministering at Glad Tidings Tabernacle, Gower Point Road, Gibsons, is a man of rich experience and burning vision in the Lord's work over 25 years.

Previous to full-time service, he ministered as a layman (while a successful business man) in the Pentecostal churches in Ontario. In 1946 he came to the West Coast and after a very real spiritual conflict he accepted a full-time pastorate in Mission City and later in Vancouver at Glad Tidings Temple where he knew continuous revival.

After 22 years of tireless efforts and leaving a living example for the younger ministers to follow in his steps, he retired October 1970 from actively pastoring the Temple. The work had grown tremendously both here at home and in Missionary endeavour on the Foreign Fields, namely Uganda, Africa, Taiwan, the Arctic and other places. Layzell is well known for his radio voice constantly heard.

Since his retirement he has travelled and preached in many places in Canada, the States and in foreign lands. Not content with retirement as such and with Missionary vision still aflame, he and his faithful wife (now senior citizens) plan to leave these shores later this month for Africa where they will travel through many remote areas with a trailer, taking the glad news of the Gospel to many. They will be away a few years and may God's Blessings be theirs. "Hats off" to such as these!

**TRAVELLERS**

Mr. and Mrs. Fred Holland have returned from a month's holiday. They visited former local residents the R. Swabeys in the Penticton area. The Hollands went to Fernie, Cranbrook, 100 Mile House etc. At Williams Lake they spent some time with their son-in-law and daughter, Gill and Cathy Yochlowitz and children, who on the 18th of this month will be moving to Sparwood a new town 12 miles north of Fernie. At Prince George the Hollands were guests of Fred and Pearl Feeney for 3 days. Mr. Holland attended the PWA Convention.

**CHAPTER MEETING**

When Mrs. Doris Drummond motored to Merritt to attend a Eastern Star Chapter Meeting, she was accompanied by Mrs. Zoe Eades, Mrs. Swan and Mrs. Parker. The ladies enjoyed a trip through the Okanagan Valley before returning home. The weather was pleasant and the colorful trees resplendent in their Autumn beauty.

**INTERIOR TRIP**

Mr. Frank Solnik accompanied Mr. and Mrs. Carl Gust on a camping and fishing trip to Chilcotin Lake where they spent 4 days. Mr. Solnik stopped off at Kamloops to visit his daughter.

Mr. and Mrs. Gust, taking back roads to better enjoy the beautiful countryside, visited Williams Lake, Lytton, Lillooet, Lone Bute and then travelled to Arrow Lakes. At Keremeos they saw Norm Burton a former Pratt Road resident. He is very well. Mr. and Mrs. Gust visited Hope where they had formerly lived and were guests of Mr. Gust's relatives at Rosedale and Sardis.

**WESTMINSTER ABBEY**

Five ladies from the Catholic Church in Gibsons and two Gibsons Anglicans along with ladies from the Catholic and Anglican Churches in Sechelt enjoyed a trip arranged by the Anglican women of Sechelt who chartered a bus to the Benedictine Abbey at Mission on Tuesday of last week.

This self supporting institution is modern and although the day be dreary outside, the interior is bright. Up to date religious paintings seem to come to life. The landscaping around Westminster Abbey is beautiful and the view magnificent. All is plain and simple but very impressive and there is a high bell-tower.

The 40 ladies from the Sunshine Coast who were taken on a conducted tour, found it most interesting. Priests are trained there and studies were in session so the classrooms were not shown, however the ladies viewed the dormitories. Retreads are held there at different times.

The party had dinner in Mission and the journey home passed quickly with all participating in a happy sing-song.

**HERE AND THERE**

Mr. and Mrs. Mickey Parsey spent a few days at Harrison Hot Springs.

Welcome to Gibsons, Mr. and Mrs. J. Griffin who moved here from Mission.

Mrs. A. Logan from North Vancouver was guest of her sister Mrs. J. L. Myers Needlands Road.

After visiting relatives here, Clarence Cook has returned to Merritt where he works.

Celebrating their wedding anniversary on October 3, were Stanley and Penny Lynne (nee Caldwell) Stubbs.

The Mennonite Youth Choir from Burnaby visiting at the Baptist Church, Park Road for a Sunday afternoon was well received and much appreciated. Their bright music and sincere testimony proved a blessing to a good attendance. They have been invited to return in the future.

Youth Choir

Thirty voice choir under leadership of Ken Dyck, pictured left front, Youth Pastor of Willingdon Youth Group attached to Willingdon Mennonite Brethren Church visited Bethel Baptist Church Sechelt and Calvary Church Gibsons recently. All attending college or university these young people pay their own way raising money through car washes and fund raising activities, so that they can travel throughout the Province spreading the happiness that they have found in Faith.

Singing Group

With their faith to help them through an age of unrest, these young college students take time out from their studies on the weekend to visit churches in the Province, where their singing and playing bring happiness and hope for a new generation. Their "Sesame Street Ensemble" is pictured at Bethel Church Sechelt, giving a special performance for the children.

*Sechelt-Gibsons . . .*

# Bethel Baptist Church hosts musical visitors

SINGING with a lift in their voices, a smile on their faces and happiness in their hearts, thirty young people from the Willingdon Youth Group brought with them that wonderful youthful confidence which seems to have been missing for some time.

Accompanied by guitars and piano, the young group sang at Bethel Baptist Church in Sechelt on a recent Sunday morning and at Calvary Church Gibsons in the afternoon.

Leading the group which is attached to Willingdon Mennonite Brethren Church, was Simon Fraser Theology student Ken Dyck who is youth pastor at the Church in Burnaby.

All the young people are students at college or university and wishing to spread the happiness that they have found in a strong faith, they raise money through car washes to help pay their way on journeys throughout the province, when they can spare the time.

Such people don't make headline news and are rarely, if ever interviewed on the television network but they don't need to be, they find fulfillment in their faith and in helping others find happiness and hope for the future.

Accompanying the singers were Dave Balzer, choir master; George Thielman on the 12 string guitar; Al Friesen, guitar and Ron Jantzen pianist. Especially for the younger members of their audience, they brought out a wash-tub, jam jars and a cuckoo board which is their "Sesame Street Ensemble" and proceeded to play melodies which delighted everyone including themselves. Pastor Dyck gave a brief talk and the youngsters who wished gave testimony to their faith.

A hearty lunch served by the Ladies Group at Bethel Church, helped fortify the group before leaving for Gibsons where they were also well received.

# Sechelt Lanes

SECHELT BOWLING Alley scores for the past week are as follows:

# Madeira Park Highlights

—by Sheila Harris

SCHOOL started off with a burst on Tuesday, September 7. This was the first time many old friends and chums had seen each other since before the summer holidays. It was difficult to get back into the swing of things and luckily we had to attend school in the morning and the rest of the day was for buying school supplies and leisure time.

On Thursday, September 16, we picked House Teams in the Activity Room. There are four Houses: Cobras, Road Runners, Panthers and Cyclones. The captains and sponsors are: Cobras—sponsor is Mrs. Silvey with captains Glen Cook and Sheila Harris; Panthers—sponsor is Mrs. Cameron with captains Andy Peters and Tammy Brown; Cyclones—sponsor Miss McKee with captains Henry Sundquist and Bobby Reid. All the boys and girls in Madeira Park School from Grades I to VII are part of the House system. Games are held Monday through Thursday during the noon hour.

On Friday, September 17, we had an assembly where we saw a film and had several sports awards presented. Awards of excellence from the Canadian Fitness Association went to: Sheila Harris, Tammy Brown, Geraldine Bilcik, Kelly Lawrence and Yvonne Campbell. Congratulations girls!

On Fridays at our school we will be having Clubs' Day. Anyone and everyone can join such activities as Chess, Band, guitar, choir an gymnastics. Please turn out.

The school canteens have been in operation for several weeks. The money that we make will be used to buy extra school equipment.

Mr. Wishlove, our principal, has been practising the boys soccer team during the past weeks. Our first game is with Sechelt in early October. The boys' team looks sharp!

That's all the news for this week. Watch for Madeira Park Highlights next week.

## English-Jorgensen married in Vancouver

PASTOR Im. Rasmusssen officiated at the marriage on August 28, between Kirsten Jorgensen and Barry English in an enchanting candlelight ceremony in the Danish Lutheran Church, E. 19 Vancouver.

The bride, daughter of Mr. and Mrs. Frode C. Jorgensen was given in marriage by her father. She chose a gown of white peau de soie, with touches of venetian lace. The flowing train was a real accent to her chapel length veil. She carried a cascade of yellow roses with white stephanatis.

Her attendants, in light green voile gowns with white picture hats and carrying white baskets of yellow and white daisies, were Mrs. Kathleen Bates, Mrs. Jackie Bennette and Miss Susanne Jorgensen.

Dennis Bates was best man, and ushers were John Gornall and Brian Bennette.

In the Chez Paree Room at the Gae Parie, Mr. Bill Rankin proposed the bridal toast.

The mother of the bride chose a lovely navy and white jersey ensemble with navy accessories to accent her outfit. The groom's mother also chose a stunning outfit in green peau de soie, with silver accessories.

The couple left for their honeymoon in Harrison Hot Springs. They will reside in Vancouver.

Out-of-town guests were: Mr. and Mrs. Borge Hansen and Mr. Helmer Neilsen from Copenhagen, Denmark, Gail Braun from London, England, Mr. and Mrs. Per Jorgensen from Thompson, Man. and Mr. and Mrs. Gilbert Vigil from Eugene, Oregon.

Heard during a news report on the radio: "Efforts are being made to avert a threatened strike of stewardesses and pursuers."

*Gibsons area . . .*

# Swimming programme report recommends more facilities

SOME 222 children participated in the 1971 Gibsons Swimming Programme, operated under the auspices of the Gibsons Athletic Association. 122 were from the Gibsons area and the balance divided between Hopkins and Roberts Creek.

In his report to Council on behalf of the programme, Mr. Terry Connor suggested that next year Council should consider budgetting for hiring of two life guards during the months of July and August. He expressed the view that possibility of obtaining a Federal Government grant might be investigated and added "during the past year they appeared to be giving grants for much less essential programmes."

Swim instructor Pat Barter, in her report, also warned of the need for lifeguards. She said that during the peak period there were always at least eighty youngsters on the beach, plus swim classes, plus mothers on the floats. This is too many for safety. There were three incidents which could have proved fatal but for the vigilance of herself and her assistant. There were also a number of injuries resulting from glass and tin covering much of the bottom of the swimming enclosure.

Miss Barter pointed out that any instructor hired by the G.A.A. is certified by the Red Cross and also by the Royal Life Saving Society. As such they are trained lifeguards as swimming instructors. Therefore, what happened to her during the session and seemingly to past instructors she has spoken to is that they were trying to do two jobs at once on the Gigsons beach. There is time only to do one job efficiently and as a result she developed very nervous and paranoid reactions, lost ten pounds and often fell frustrated and anxious, particularly when dealing with children.

Her suggestion is that a number of capable young people be employed for lifeguard duties on a rotor basis with at least one on duty at all times.

Miss Barter submitted names of young people from 14 to 15 years of age who she has trained and considers capable of lifeguard duties. She suggested a pay scale for them of $2.50 an hour. For the instructor, she suggests a pay raise bringing salary up to $400 per month, explaining that her duties include: typist, secretary, treasurer, diplomat, first aid officer, personnel officer as well as instructor.

Another recommendation by the instructor was that an outdoor swim pool be considered. These are concrete basins filled and changed by the tides, this type of pool is found at Stanley Park. Some of the advantages include: No junk in the water, no glass or other dangerous items to cut small feet, it can be chlorinated and many other facilities incorporated.

## Silver Anniversary celebrated at Gibsons

MR. AND Mrs. Harry Mylroie of Gibsons celebrated their Silver Anniversary which was on September 26th by going out to a dinner on Saturday night with members of their family. When they returned to their home, they were surprised to find friends had gathered to celebrate with them.

They were invited to the home of Bert and Wilma Sim in Langdale where party arrangements had been made.

A toast was given to the couple by Mr. Stan Trueman who related interesting factors of their life since coming to the community. They were presented with a silver rose bowl filled with fresh garden rosebuds.

Refreshments were served, finalized with a double-ring cake appropriately decorated.

Those present were: Mr. V. Dunne of Surrey, Mr. and Mrs. W. Bryson, Mr. and Mrs. S. Trueman, Mrs. Margaret Swan, Mr. and Mrs. R. Cumming, Mrs. Edna Fisher, Mr. and Mrs. R. Quigley, Mrs. Gladys Booker, Mr. and Mrs. Chris Wood, Mrs. Chris Anderson, Mr. and Mrs. Bert Sim.

Unable to attend but included in the gift presentation were: Mr. and Mrs. John Harrison, Mrs. Doris Drummond, Mrs. Zoe Eades, Mr. Jack Fisher, Mrs. Phyllis Parker, Mr. and Mrs. V. Franske, Mr. and Mrs. J. Donnelly, Mr. and Mrs. W. Rankin, Mr. and Mrs. D. Jay.

## Art, Apes & Dracula this week at Twilight

FEMALE Animal and The Man from O.R.G.Y. are the two restricted features showing right now at the Twilight Theatre in Gibsons. The B.C. Director's warning of "Much nudity and sexually suggestive scenes" gives you an indication of what to expect from this colorful double feature.

Bring the whole family with you when you go and see Beneath the Planet of the Apes, starting Friday. Taking up where Planet of the Apes ended, a nuclear attack levels New York and leaves an underground city of human mutants who can project their thoughts and use sophisticated weapons of psychological warfare. The tension builds when armed gorilla forces seek to overthrow the mutated humans in a bizare cinematic confrontation.

And of Sunday, another one of those double feature horror shows. "Werewolf in a Girls' Dormitory is the first feature; followed by one of the best Dracula films made by Hammer, Dracula Has Risen From the Grave, starring the ultimate Dracula Christopher Lee.

By public demand, next Tuesday, Twilight Theatre presents the farthest out musical - horror - sex comedy ever released, Beyond the Valley of the Dolls. Restricted with a B.C. Director's warning of "Some coarse language, much nudity and sexual realism."

*Regular meeting . . .*

# Branch 38 OAPO Gibsons back from summer recess

FIRST regular meeting, after the summer recess, of Branch 38, OAPO was held Monday, September 27 at the Health Centre, Gibsons. After "O Canada", one minute's silence was observed in memory of all senior citizens who had passed away during the summer. The president, Mr. L. MacLaren, welcomed all present, including eight new members.

The president has made arangements with radio station CKNW to broadcast any special announcements pertaining to Branch 38.

An interesting piece of information from the Hon. Isabel Dawson, advising a "Drop-In Centre" being set up at 414 Dunsmuir, and hopes our members will make use of it. This is only about a couple of blocks from the bus depot, where members may rest while waiting for the bus, or during the day.

A motion was introduced that the secretary write to the Premier, the Hon. W. A. C. Bennet, sequesting a reduction in car fares on the ferry for senior citizens.

The election of 1972 officers will take place in November, and members are asked to think over those who they would like to have serve them during the year, and deposit names in the Suggestion Box. Officers are, president, 1st and 2nd vice, secretary, treasurer and two directors.

It was decided that there be no films shown at the Christmas dinner, so, write out your thoughts on what entertainment you would like and put them into the Suggestion Box. A "Swap-Board" is now in use for those who have anything to sell, trade or give.

Gibsons Athletic Assoc. is providing equipment for carpet bowling and, if there is room, shuffleboard in the United Church Hall for the use of senior citizens. There will be more information on this later.

The monthly raffle was won by Mrs. Grace Chamberlin.

October meetings will be: social, Monday the 4th; and the regular, Monday the 18th, both at 2 p.m. at the Health Centre, Gibsons. A warm welcome is given to all senior citizens to come and join in our activities.

# Bureaucratic structure unnecessary for Centre

NO FAT bureaucratic structure is necessary to run a community recreation centre and there are no big fat recreational bureaucracies running existing ones, stressed the Hon. Dan Campbell at last week's well attended public meeting at Gibsons. Mr. Campbell advised that local people run such centres.

Questioned by Mr. Larry Labonte, Mr. Campbell said that six regional districts in the province are in the Regional Park business, mostly holding land for recreational purposes. He advised that the best way of getting a recreation centre would be to go to referendum on the question, through the Regional District. He also advised that the $37 million Federal Fund had all been used.

**BY-PASS**

Expressing concern that the planned Gibsons by-pass route will be forced on ratepayers, chairman of the Gibsons Heights Ratepayers, Mr. Jim Gurney, presented the Minister of Municipal Affairs with a letter seeking support for a more comprehensive survey before a final decision is reached.

Mr. Gurney pointed out that the latest proposed route would isolate many properties and the ratepayers feel that a comprehensive study should be made of a new highway between Langdale and Earl's Cove, instead of piece-meal by-passes.

Mr. Gilker, a former Regional Board director and member of the planning committee, was told by the Hon. Isabel Dawson that a study is being made of an alternate route along the power line but she has had no report as yet. Asked how long it would be before residents know what is going to happen, Mrs. Dawson said she didn't know how long it would take, as surveys are not easily done.

Further concern over the proposed by-pass was expressed by a resident who said many people are sitting tense and cannot do anything with their property until a decision is reached.

**IMPROVEMENTS**

Claiming that there is no-one at the local level to approach regarding road improvements, Mr. Gurney said there is a problem getting through to the right people. We only get polite replies to letters sent to Victoria, and the resident engineer states, "If you can do better, the job is open".

Hon. Dan Campbell pointed out that improvements come about by paying for them, that it why general mill rate is higher in a municipality than in an unorganized area. He suggested that if residents in a built-up area adjoining a village want a municipal level of service they should seek amalgamation with the village. It is strictly a matter of dollars and cents, said the minister.

Advising on the correct channel of approach for road improvements in unorganized districts, Mr. Campbell said approach the District Engineer and if no satisfaction is given, then go to the MLA.

## *Sechelt TOPS Club welcomes new members*

SECHELT TOPS Club held its weekly meeting in Sechelt Legion Hall on Wednesday, Sept. 29th. Several new members have joined the club and are very enthusiastic about losing weight.

There are more people who would like to come, but they have small children at home and just can't find a baby sitter. It was decided to see if someone can be found within the vicinity of the Legion Hall on Mermaid St., who would look after all the children for approximately 2-2½ hours from 12.15-2 p.m. If anyone is interested they could contact Mrs. Evelyn McKinnon at Tillicum Marina 885-2100.

A local doctor came to talk to the group on Wednesday, about problems of being overweight and how it affects health in general also a person's mental outlook. He said there isn't one thing about being overweight that is good. Not even the old saying about being "fat and jolly".

There was a question and answer period and everyone left the meeting knowing there is only one thing to do about it—and that is eat less, of course, and a proper balanced diet.

There are still openings for new members, anyone interested should attend meetings held at the Legion Hall, Mermaid St., Sechelt at 12.30 p.m. Wednesday, October 6th. It's fun to lose weight at the TOPS Club.

## Coast Chilcotin MP speaks to NATO body

OTTAWA—Oil tanker groups' offers of compensation for oil spills are "trivial", NATO Parliamentary Assembly was told here by Paul St. Pierre (M.P., Coast-Chilcotin).

The West Coast Liberal MP, who is Special Rapporteur to the Scientific and Cultural Committee of the Assembly, spoke at the Plenary Session in the Senate Chamber of the Parliament Buildings to delegates from all the member nations of NATO except Greece, which is excluded from the Parliamentary Assembly because of the suppression of the Greek Parliament.

IMCO, the United Nations body dealing with safety at sea, has proven ineffective, St. Pierre said, and actions of a few of the world's tanker fleets were almost criminally careless.

A resolution proposed by St. Pierre was adopted by the Assembly, with two Netherlands delegates abstaining from the the vote on the basis that NATO's concerns should be military and political only and should not concern environmental protection or similar concerns.

The resolution urged support by member nations for a new international Law of the Sea Conference and support for oceanic pollution control studies now being carried out by NATO's Committee for the Challenges to the Modern Society.

Both St. Pierre and Lord Wynn-Jones of Britain strongly opposed the Netherlands' delegation view that NATOs concerns should be only those of defence. "If pollution becomes too extensive, there will be nothing to defend," said Lord Wynn-Jones.

## *Safe Motoring*

CAR owners can wage private war on pollution, says the B.C. Automobile Association, with these defensive measures:

—If the engine is burning oil, have it fixed.
—Operate only with clean spark plugs.
—Don't let the engine idle for long periods.
—Make sure the thermostat and cooling system are in top condition.
—Check the gasket on the fuel tank cap to make certain it is not leaking gas vapors.
—Avoid jerky stops and starts.
—Have a good mechanic make periodic checks on the carburetor, fuel line connections, distributor and spark advance mechanism.

**bob and anne buy their first home**

No family yet, But maybe. Someday. How big a house to buy today — for tomorrow? How much is a realistic down payment? Bob's salary is modest, But his ambitions are high. Anne works too. How much can they afford to pay each month?

**Can they get a first mortgage?** And how big should it be? What if they need a second mortgage?

At your local credit union we have the answers to all those questions and some that Bob and Anne haven't even thought up yet.

Not only will we answer their questions, we'll arrange a first or second mortgage for them at one of the best interest rates in town.

If you need a mortgage drop in to your local credit union. You won't regret it. We lend a helping hand.
