WEDNESDAY, MAY 14, 1969

Five year plan . . .

Council to seek estimates for Boulevard wall project

PLANS for a sea-wall along Boulevard are slowly forging ahead and Sechelt Village council hopes to carry out the project on a five-year basis. It was announced at last meeting that one local contractor has submitted an estimate but had recommended that other prices be obtained also.

Acting chairman, due to absence of Mayor Swain, Morgan Thompson, said it would be advisable to obtain other quotes rather than have it said later that others had not been given a chance.

Alderman Norm Watson agreed but added that he doubted if there is anyone in the area likely to have the rock and equipment available for such a project.

It was agreed a run-down of requirements be drawn up and other contractors contacted.

Alderman Watson, reporting on last meeting of the Regional Board, explained plans of the Board for amendments in the Building By-law. This, he said, would permit mobile homes as residences in the area. He stated, "an acute housing shortage is becoming very much in evidence and while there have been prejudices regarding mobile homes, a mobile home residence is usually a minimum of 450 feet. They are in fact, actually factory built homes and are on wheels for transportation convenience," he said.

Proposing that council consider changes in the village bylaws, Ald. Watson drew attention to the fact that many people are unable to pay $20,000 to $30,000 for a home but many could purchase a mobile home which comes fully equipped and furnished for $7,500. "These are then put on proper concrete foundations and hooked to septic tanks or sewer systems and make very nice homes," he said.

Clerk Ted Rayner agreed with Watson that at present, mobile homes would not be permitted in the village as residences, and added that to change the bylaw would involve a public hearing.

Ald. Watson therefore made a motion that the matter be considered at a full meeting of council June 4 at which time Mayor Swain will be back from vacation.

GARBAGE COLLECTION

Commenting on Regional Board plans for a garbage collection system, Ald. Watson asked what were council's intentions in this regard.

Ald. Chuck Rodway expressed the view that the present village system leaves a great deal to be desired and that council should certainly look for a better arrangement.

Ald. Watson said he understands the present village collection is to be discontinued once the Regional Board contract comes into effect.

It was moved that Ald. Watson chair a committee to investigate the situation and to discuss possibilities of entering into an agreement with the Board contractor.

CHAMBER GRANT

Sechelt Chamber of Commerce made application for its annual grant from council and also explained that it has agreed to rent a section in the bus depot for use as a tourist booth. It is noted that the provincial government has increased the per capita grant by $3 which is partly for tourist promotion. It was suggested that perhaps the council would care to consider turning some or all of this over to the Chamber toward cost of its tourist activities.

Acting Mayor Thompson expressed surprise at the letter which, he said, failed to indicate specific uses for such grants from council.

Ald. Watson moved the letter be tabled until such time council knows exactly what it will do with the additional $3 per capita grant which is primarily for provision of free ambulance service.

First Glance

PARKING PROBLEMS

At last executive meeting of the Sechelt District Chamber of Commerce, concern regarding parking difficulties along the main street during summer months was expressed. It was suggested by entertainment chairman Neil Campbell that merchants and staff be made aware of the disadvantages of parking their auto along the street and at busy centres. Many of the businesses have parking areas which are not used, it was pointed out.

B.C. HYDRO FILM

An interesting film, "Canyon of Destiny," to be shown at next meeting of the Sechelt Chamber of Commerce, has been made available to schools in the area and will be shown from May 26 to May 29 at the following schools: Gibsons, Elphinstone, Langdale, Roberts Creek, Sechelt, Pender Harbour and Madeira Park.

ELPHINSTONE BAND

Official results were not known when the Elphinstone School Band left the Abbotsford International Band Festival last weekend but at that time the band had made a high showing and was tied for second place. A total of about twenty bands competed. The Times has suggested funds might be raised for uniforms for the musicians and so far the Sunshine Coast Lions have the matter under consideration, others have also indicated interest.

NEW CIRCULATION FIGURES

Audited circulation figures for The Times as of March 31, 1969 from the Audit Bureau of Circulations show the new Gross figure now at 2360, up 110, and the new Net figure now at 2081, up 139. The new figures represent an increase over the six months since September 30, 1968.

Wharf fishermen

It wasn't everyone who caught a fish in Pender's Fishing Derby and everyone who caught a fish won't get a prize but it is a sure thing everyone had fun. David Hyatt shows off his 2 perch and 2 bull-heads; Kelly Lawrence is mighty proud of her 4 rock-cod and Russel Cameron preferred more tasty fish netting 2 flounders.

Guilty verdict . . .

Confliction of evidence in impaired driving case

TRIBAL customs, alleged police brutality, inconsistencies in evidence and the impeccable character of the accused, were all part of the defence put forward on behalf of Clarence Joe, charged with impaired driving last January.

Appearing before Magistrate Charles Mittelsteadt last Wednesday, May 7, following a number of remands and change of defence lawyer, Joe entered a plea of not guilty and was represented by J. Poyner who took over the case when T. Berger bowed out.

RCMP officers told the court they were carrying out a check of the Wakefield Inn on the night of January 13 near closing time. Clarence Joe was seen to leave the premises with a group of people and enter an auto some distance away from the police car. Some moments later the car backed out and struck the front end of the police car. As it started to drive forward again, Constable T. Bryan left the police car and ran around to the other vehicle striking the side of the door and shouting for the driver to stop. The car finally came to a halt some distance away after the constable had flashed a red flashlight and shouted further requests to stop.

He opened the door and recognized Joe as the driver. He then asked Joe to get out but at that time he took his foot off the brake and started to move forward again, halting only when Bryan shouted at him to stop. Climbing from the car with some difficulty, Joe produced his driver's licence but said he had no registration certificate for the auto did not belong to him. At this time he was swaying and staggered when he walked. He also became antagonistic and referred to the police as a bunch of ----? He said he had been speaking to the Attorney-General and he too had said the Sechelt police were a bunch of ----? Further they had nothing on him so they might as well let him go.

Arrested and taken to the Sechelt police office, Joe said he had had a couple of beers after attending a funeral earlier in the day. Constable Bryan said that in his view, Joe was in an advanced state of impairment.

Constable George Humphrey substantiated Bryan's evidence with some slight inconsistencies regarding estimated distances. This was used as part of the defence by Poyner who brought in the bar manager and owner of the Wakefield Inn, Frank Woods, as a witness. Mr. Woods said that according to measurements he had since taken, the accused would have had difficulty in driving away from the scene without driving over a stump at the side of the parking lot. He also said that in his view Joe was quite sober.

Another witness, Mrs. Emelia Craigen, sister of the accused, said she had been at the Joe residence together with a group of friends who had come to attend the funeral. Her brother, according to tribal custom, had stayed up all night with the body of the deceased.

In answer to questions by Crown prosecutor E. Rose, she said she had had some liquor as did some of the other vis-

—see page A-4

Marijuana charge laid against Vancouver man

BAIL TOTALLING $1,500 was set against John Michael Kirkpatrick, aged 23, of Vancouver, arrested in the Pender Harbour area for offences involving canabis, marijuana. First charge of possession was laid August 28 and a second more serious charge, that of trafficking, was laid last Wednesday, May 7, when he appeared in court before Magistrate Charles Mittelsteadt in Sechelt.

No plea was entered and Kirkpatrick asked for a remand in order to obtain representation. Case was remanded for one week tentatively.

Teacher resignations reach seventeen mark

FIVE MORE teaching staff resignations brought the number of teacher resignations in the Sechelt School District this year to 17 which includes three supervisors.

Resignations accepted by the Board at last Thursday's meeting included that of Music Supervisor Mr. Frank Postlethwaite together with Miss Diane Weaver, Gibsons Elementary; Mr. Donald MacMath, Pender Harbour; Miss Joan Guido, Madeira Park and Mr. Geoffrey Cowell, Elphinstone.

Correction was made to the minutes of the April 10th meeting regarding the resignation of Mrs. Wallis who only resigned as Vice-principal of Sechelt Elementary School, and will still be teaching in the district.

NEW APPOINTMENTS

New appointments include: Miss Leslie Cave, Mrs. Gilbert Combs, Mr. Alan Crawford and Mrs. Maureen Crawford, all at Gibsons Elementary School. Mr. Vernon Wishlove as Vice-principal of Sechelt Elementary; Miss Patricia Edwards, Mr. John Burnside, Mr. Douglas Honeybunn and Mr. Terry Miller, all at Elphinstone Secondary School.

Mrs. Clara Lee of Madeira Park School has been granted leave of absence.

ADULT EDUCATION

District Superintendent Mr. R. R. Hanna reported that the Adult Education Program has come to an end for this season with only the Mathematics course operating at the moment.

New Health Director appointment announced

HON. Isabel Dawson, Minister without Portfolio, announced in Victoria on Friday, May 9 that Dr. D. L. Gemmill has been appointed to the position of Director of Coast Garibaldi Health Unit.

Dr. Gemmill's appointment effective June 1, 1969 is the result of negotiations conducted through the health branch of Department of Health Services and Hospital Insurance. Aged 44 years, Dr. Gemmill is completing a Department of Health Course at the University of Toronto and will receive his Diploma of Public Health this month. He has been employed as an assistant director trainee since September 1967 in the Health Unit at Kamloops.

Mrs. Dawson expressed her pleasure at Dr. Gimmell's appointment, describing him as a man "Eminently qualified to hold such a position."

Public concern . . .

Board hires consultants for office systems review

FIRM of managerial consultants will carry out a system review of School Bard administrative affairs and also conduct an audit for 1969-70. Trustees approved Finance Committee Chairman Dr. Walter Burtnick's recommendation that the firm of Clarkson, Gordon & Co. Ltd. of Vancouver be appointed.

This firm was chosen out of four possibilities because it will conduct a systems review in conjunction with the audit. Reports will be submitted to the Board before June 30th.

Dr. Burtnick stated that in view of public concern, such action is advisable and the cost to the Board will be no greater than $1,000.

PURCHASING

Commenting on the fact that monthly expenditure of the board is in the region of $192,402 and revenue for the month is $149,000, Secretary Jim Metzler stated that there will be a cut back on all but essential purchases until August when there will be no teacher payroll. This will avoid temporary borrowing and bank charges.

ELPHINSTONE

Tenders for the science addition at Elphinstone Secondary School were to be opened in the architect's office in Vancouver on Monday with School Board chairman Sheila Kitson and Mr. Metzler in attendance.

Mr. R. J. Rutter, Superintendent of Buildings & Grounds has been appointed Clerk of Works for the new addition.

PLANNING

Board approved Planning Committee Chairman Mrs. Kitson's recommendation that a 40' x 80' area at Madeira Park School be blacktopped using Referendum No. 8 funds. This will be done when a blacktop firm is in the area.

PUBLIC RELATIONS

Press release issued by the Board and published in this week's issue of the Times outlines main projects for Referendum No. 10 which will be presented in the Fall.

Trustees discussed Publicity Chairman Mrs. Agnes Labonte's proposals that public meetings be held to discuss the referendum on May 20, 22 and June 2 and it was decided to postpone the meeting until later dates when the board has

Quarterly event . . .

Associated Chamber meet proposed for Sechelt area

QUARTERLY meeting of the Associated Chambers of Commerce had been proposed for Sechelt July 7, 1969 and apart from representation from lower mainland Chamber, members from the Sunshine Coast and Powell River are expected to converge on the area.

Matter will be discussed further at the next regular meeting of the Sechelt Chamber at which time more details will be made known.

At last meeting of the executive, chaired by Vice President Joe Benner, it was reported that a number of local business men have been contacted regarding formation of a Retail Merchants Association, majority of those contacted have indicated interest in such an association. It had been prviously suggested at Chamber meetings that retail merchants of the area needed greater representation, a committee was therefore formed to investigate the situation with a view to operating within the framework of the Chamber.

Recommendation by Norm Watson that the Chamber take exception to the proposed method of collecting garbage fees on the mill rate by the Regional Board was carried with one dissenting vote. John Hayes moved a committee of three be formed to investigate the situation with a view to operating within the framework of the Chamber.

Recommendation by Norm Watson that the Chamber take exception to the propposed method of collecting garbage fees on the mill rate by the Regional Board was carried with one dissenting vote. John Heyes moved a committee of three be formed headed by Mr. Watson who would chose his own committee. This too was carried.

During a discussion on tourism, Mr. Watson reported that former Burnaby Reeve, Allan Emmott, now President of the Greater Vancouver Tourist Association, would be prepared to visit a chamber meeting providing he be given reasonable notice.

Canon Minto Swan, chairman of the tourist committee, was given the go-ahead to rent space at the bus terminal for a tourist information centre and approval was also given his committee to operate on its own budget without specific reference to detail.

Roads and Highways chairman, Fred Jorgensen, stated he has been advised that paving of the Sechelt Inlet and Redroofs roads is to be completed this year. Davis Bay Road to be paved next year.

Special thanks were expressed to Al Campbell of Tyee Airways Ltd. for flying a Chamber deputation to Nanaimo last month.

John Heyes, past president, suggested the tourist committee consider making available to visitors, and potential visitors seeking information, a list of the better places to eat. He explained that many visitors will soon be arriving on bus trips and usualy they seek information in advance.

Suggestion that the Chamber establish a "Good Citizens" award gained general approval and will be discussed further at next general meeting scheduled for May 28.

Lunch-time

It is nesting time for the swans at Ruby Lake but when it's time for a snack they head for the Resort. This one makes full use of long neck to beg for tidbits while treading water with big feet. Darnelle Gerick doesn't disappoint the beautiful swan which was hatched on the lake and is now busy hatching a family of her own.

Express criticism . . .

Councils show concern at grant instructions

COUNCILS of both Gibsons and Sechelt have expressed dissatisfaction with a memorandum from the Department of Finance, Victoria, outlining uses to which a recent $3 increase in the per capita grant may be put.

Mayor Fred Feeney of Gibsons stated last week: "This money comes from taxation and is therefore ours anyway, now they turn around and try to tell us how we may spend it."

Council of Sechelt also expressed concern and wondered just what could be provided for the grand annual total of $1,500 it would receive. Ald. Norm Watson noted that while primarily the grant is for provision of a free ambulance service, anything left over is to go toward tourism and industrial development. He wondered if council should perhaps turn the money over to the Voluntary Fire Department with the suggestion that the present rescue wagon be renamed "ambulance."

Ald. Chuck Rodway pointed out that this would not be practical for the fire service has no qualified men available for operation of such a service.

Clerk Ted Rayner said he has written to the Finance Department for further information in light of the fact that at the moment there are too many intangibles involved.

The memorandum states: Your attention is drawn to the Act which outlines the three dollars per capita grant shall be first applied to ambulance services and then to encouragement of tourism and industrial development.

In this connection, the Provincial Government expects you to first provide from the additional three dollars per capita grant authorized at the 1969 Session of the Legislature, free ambulance service for any person in your municipality going to a hospital or home from a hospital who physically needs and requires such a service. The form of arrangement for supplying the ambulance will be left to each municipality and the advice of a doctor or the hospital could be utilized to confirm the need.

You are also reminded "The Municipal Aid Act" as amended in 1968 requires the amount of the grant received by Municipalities to be shown separately in the statements of revenue and its expenditure accordingly to the authorized objects to be separately accounted for in the statements of expenditure prepared under the Municipal Act.

Popular event . . .

Sechelt Annual May Day swings into 21st year

SECHELT May Day committees are working all-out in order to complete last minute details for what is expected to be the greatest celebration to date, particularly in light of the fact it is the 21st anniversary of the event.

Apart from many floats, clowns and marching bands, a series of entertainments are planned to provide lots of fun for all ages from popular Lions carousels to games of chance. Bingo, concessions, dancing, square dance group, musical selections by the Sechelt Residential Band and the Elphinstone High School Band together with ceremonies leading to crowning of the May Queen, all help provide a day to be remembered.

Proceedings commence rather earlier this year and the parade assembles at 9:30 a.m. at the Residential School grounds, Monday, May 19. Judging of floats is scheduled for 9:45 a.m. and parade to move off at 10:30 a.m. for Hackett Park. Parade Marshal is George Eberle, parade judges are Mr. Don Douglas, Mr. Rudy Crucil, Mrs. Ann Kurluk and Mrs. Audrey Benner.

May Day Chairman is Mr. Terry Rodway, Mrs. Jack Redman is in charge of the May Queen ceremony and entertainment, and Acting Village Mayor, Morgan Thompson, will give a welcoming address.

In event of rain, it is planned to hold the ceremonies in the Sechelt school activity room.

This year's May Queen, Cindy Steel, succeeds May Queen 1968 Jan Brophy who will be represented by Karen Spencer. Flower girls are Sharon Nelson, Bonnie Janiewick, Sharon Hall, Lori Ritter, Diane Kelly, Rosalind Egan, Gail Thomas and Kim Bryson. Gift Bearer is Kevin August and Master of Ceremonies—Mr. George Hopkins.

May Day message, printed in the programs distributed by the Sunshine Coast Lions Club, states: "On this our 21st Annual May Day, 1969, we of the Sechelt May Day committee extend a warm welcome to you all.

"How fortunate we are to be able to look back and be proud of our heritage. May our future be bright and may this annual celebration encourage greater understanding and goodwill within our community.

"To our gracious Queen of the May and all of the children, may this be a happy and memorable one."

Inaugural meeting . . .

Sunshine Coast District unites Boy Scout groups

ON THURSDAY, May 22, 1969, 8:00 p.m. at Camp Byng, the Vancouver - Coast Regional Campsite near Roberts Creek, a new era will be born for Scouting on the Sunshine Coast.

At this special meeting to be held in the main lobby at Scouting's beautiful 200-acre campsite, the Mt. Elphinstone and Sechelt District Councils, Boy Scouts of Canada, will unite to become one and will be known as the "Sunshine Coast District."

The nominating Committee are pleased to report a slate of officers is prepared and ready for approval at this inaugural meeting. Additional nominations from the floor will be in order and greatly appreciated.

This "new look" and consolidation of the administrative levels of Scouting in this area will assist everyone to meet the challenges that Scouting has to offer in this day and age.

The new Council is designed to pool resources and enable the volunteers to strengthen the present Scout groups in the area and expand by forming new ones.

Immediate objectives include the reorganization of a group in Port Mellon, Roberts Creek and Pender Harbour areas.

More and more boys are wanting to join and enjoy the fun of cubbing for boys 8-11 years, Scouts 11-14, the newest section—Venturing—14-17, and it is hoped the first Rover Crew on the Sunshine Coast will be formed in the near future. Rovers are for young men 16-23 years of age.

To meet this increased enthusiasm, new leaders will have to be recruited and trained.

Men and women wishing to assist with leadership for Cubs, and men for Scouts, Venturers and Rovers can offer their service to any of the following group chairmen—Richard Gaines, 886-7417 for 1st Gibsons group, Mrs. Phyllis Pearson, 885-9580 for 1st Wilson Creek, Rev. R. B. Jenks, 885-9793 for 1st Sechelt, District Commissioner David Wilson, Sechelt, B.C., at 885-2203 or by mail direct to Scout House, Vancouver - Coast Region, 664 West Broadway, Vancouver 9, B.C.

Everyone is welcome to attend this inaugural meeting on Thursday, May 22, at 8:00 p.m. at Camp Byng. Come out and meet your new Executive and see the Scout Camp.

Garden Tea party at Roberts Creek

LAST Thursday, May 8, Mrs. R. Cumming entertained members of St. Aidan's ACW, Roberts Creek, at a tea honoring Miss Ena C. Harrold who is leaving for a two-month holiday in England.

Brilliant sunshine flooded the beautiful Cumming garden bringing out the colors of the garden chairs in bright relief vying with the bright dresses of the ladies.

The tea table was centered with a large bowl of deep pink Japronica and Mrs. John W. H. Sear presided at the urns.

With a few appropriate words, the Rev. Dennis Morgan, Vicar of St. Aidan's, presented Miss Harrold with a fitted-out Flight Bag, a gift from the ACW members.

Mrs. R. Cumming presented a purse-size combined manicure and note case while Mrs. W. Oakley presented a beautiful miniature etching of St. Aidan's Church, the work of Mrs. Oakley's brother.

Mrs. A. M. Harper presented a corsage of pink rose-buds and blue cornflowers.

Among the guests were: The Rev. Dennis Morgan, Miss E. C. Harrold, Mesdames L. C. Bengough, R. Bernard, C. D. Clough, R. Cumming, F. Dawnes, N. Ewart, A. M. Harper, D. Marshall, J. Matthews, L. A. Matthews, G. Mould, W. Oakley, B. Roberts, and J. W. H. Sear.

Miss Harrold will be greatly missed at the Creek, but all wished her God Speed, a Smooth Flight, and Happy Landings.

Unemployment Insurance

Any Questions please?

Q. I have paid unemployment insurance contributions regularly from August 1941 to June 19, 1967. However, from the middle of July 1967 until recently I was working for the Quebec Lands and Forests Department, which does not participate in the Unemployment Insurance Plan.

I have been unemployed since the middle of February 1969, and I wonder if I am entitled to some compensation, in view of the contributions I paid previously?

A. Since you were employed for some time in employment that was not insurable, you may apply for an extension of the qualifying periods.

However, you must supply the UIC with a document certifying that your employment was not insurable.

The contributions paid for a period equal to the duration of your employment by the Lands and Forests Department but not exceeding the 208 weeks prior to the filing of your application for benefit could then be taken into account.

If you succeed in establishing a benefit period and are not otherwise liable to disqualification, you could then be paid benefit.

Questions should be referred to Information Services, Unemployment Insurance Commission, Vanier Building, 222 Nepean Street, Ottawa, Ontario — Tel. 996-2975.

Fire drills in the home

YOUR CHILD had a fire drill in school recently. How long has it been since you had a fire drill in your home? Children are more apt to escape fire injury in a school fire than in a fire at home. School fire drills are the reason. Children know what to do as soon as the alarm sounds. Their response becomes virtually automatic after a few drills. They know exactly where to go, how to go, and how to get out of the school building.

Would your children know what to do if a fire broke out in your home? Why not work out a home fire drill with the whole family and then emphasize the urgency of getting out as quickly as possible. Explain why smoke is so dangerous. Practice fire drills will reduce panic should the unexpected happen and will increase the chances of your family escaping.

A flurry of hurry precipitates people to obey whimpulses.

When turning corners, watch out for pedestrians.

Qualified teacher need for retarded children

FOLLOWING last week's meeting of the School Board, Sechelt and District Retarded Children's Association is now advertising for someone qualified to teach trainable retarded children.

District Superintendent R. R. Hanna outlined steps taken to date and trustees were informed that the cost to the Board for training 2 - 3 children would be a maximum of $783.68. The teacher is supplied by the Retarded Children's Association. As this extra financing was not considered when the budget was made up the matter was transferred to the finance committee for recommendation.

Elementary Supervisor W. J. Barton commented that establishment of such a special class would be a great step forward even if only two students benefit. Mr. Hanna explained that the idea is to keep the children within the school system where they can play with others and possibly benefit from music, art and PE in the general system. The only space available at present is the nurse's room at Gibsons Elementary which would take two students.

A primary special class will also be housed in Gibsons Elementary next September and Mrs. Alley will be transferred from Sechelt as the teacher.

Summer school classes will be conducted in the district again this year on the assumption that they will be self supporting.

Mr. and Mrs. Tom Paul

Our Lady of Lourdes . . .

Historic Sechelt Church for double ring ceremony

IN THE beautiful and historic church of Our Lady of Lourdes, Sechelt, on Saturday, May 3, Delores Mildred Edgar became the bride of Mr. Tom Paul. The bride is the daughter of Mrs. Mildred Edgar of Bella Coola and the groom is the son of Mr. and Mrs. Peter Paul of Sechelt, B.C.

Father Power officiated at the double ring ceremony which took place at 4 p.m.

Given in marriage by Mr. Cedric Billy, the radiant young bride wore a floor length gown of white satin and chiffon with Empire waistline and lace bodice. Her lace trimmed, tiered veil was held by a single white rose and she carried a cascading bouquet of ice pink and white carnations.

Attending the bride were Karen Edgar, Daphne Paul and Valerie Moody, their gowns were similarly styled, floor length with Empire waistlines; Karen chose coral, Valerie chose pink and Daphne chose blue. Two little flower girls were Michelle Billy and Cheryl Billy who wore matching dresses of pink satin and chiffon and carried nosegays of daisies. The bridesmaids carried bouquets of yellow roses.

Best man was Mr. Robert Williams assisted by Mr. Robert Baptiste and Mr. Alvin August. Usher was Mr. James Joe.

Reception followed in the Community Hall where Mr. Frank Boudreau proposed the toast to the bride.

Mr. Tommy Paul who graduated from Elphinstone has just completed a course in Bookkeeping and he and his young bride will live in Sechelt.

Out of town guests included Mrs. Mildred Edgar and Josie Edgar from Bella Coola, Mr. and Mrs. Cedric Billy from North Vancouver, Mr. and Mrs. Frank Boudreau from Prince Rupert and Mr. Alvin August from California.

actually finalized content of the referendum.

Dr. Burtnick expressed the opinion that a number of meetings had already been held and the public should be made aware of the board's thinking, the idea being not to present a referendum as such but, he said, "throw food out for thought and comment".

Mr. Hanna commented that staff and principals had already put a lot of thought into it. Trustee Barry Jenks also felt that the public point of view expressed when referendum No. 9 was presented had been taken into consideration. Trustee Bill Malcolm agreed, advising finalize plans first then present the referendum to the people. Rev. Jenks expressed concern over the press release which does not include plans for Pender Harbour School.

MORE ABOUT . . .

• Police court

—from page 1

itors, Joe however was too busy taking care of the guests and she had therefore not seen him drinking at that time. He had, however, accompanied them to the Wakefield later in the day and did have a couple of beers then.

This evidence was contradicted by Joe and Chief Billie Mitchell of Powell River who said during evidence that drinking is not permitted during such an occasion prior to the funeral and that had anyone done so they would have been turned out.

Poyner in questioning Constable Humphrey asked—was there not bad feeling between the police and the Indians at that time regarding police brutality? He was told, the incident involved occurred about six weeks before the brutality accusations were made. He then suggested that the arrest was made during the period brutality was later alleged to have been taking place.

Regarding a statement made later in which he told a police officer, "I wasn't all that drunk anyway," Joe told the prosecutor: "I do not understand the English language too well and these legal expressions confuse me."

Police claimed at the time of the incident it had been a little wet but the windows of the car driven by Joe were clear. This was denied by some witnesses who said the rear window was frosted up. Another said it was covered by rain and others said Joe had asked his passengers was the coast clear and they replied "yes."

Magistrate Mittelsteadt told Joe, I have no doubt as to your guilt and it is obvious there have been substantial discrepancies in defence testimony. Mrs. Craigen admits to having three drinks in your house, others say there was no drink. One said the rear car window was covered in rain, others say it was frosted up. I therefore fine you $200 and suspend your driving licence for three months.

Caught our teen-ager with her hair up in curlers and know what? She's got eyebrows!

Thomas-Wilson . . .

Kingdom Hall wedding honeymoon in Alberta

ON SATURDAY, May 3, in the Kingdom Hall of Jehovah's Witnesses, Davis Bay, B.C., a pretty spring wedding took place at 3 p.m. when Wendy L. Wilson became the bride of Mr. Ronald Thomas.

The bride is the daughter of Mrs. Frances Wilson of West Sechelt and the groom is the son of Mr. and Mrs. William Thomas of North Surrey, B.C.

Officiating at the ceremony was Mr. Grenville Drake of North Surrey and Mrs. Drake was the organist.

For the ceremony, the bride chose a white knee length shift with lace coat and carried a bouquet of red roses and white carnations. Bridesmaid was Miss Valerie Wilson, sister of the bride who wore a yellow shift with lace coat and carried white carnations.

Mr. Dick Buzza of North Surrey was best man and master of ceremonies at the reception which followed in the Roberts Creek Community Hall. Two hundred and twenty guests gathered to offer congratulations to the young couple who will take up residence in Gibsons.

The honeymoon was spent in Alberta.

Out of town guests included the bride's grandmother Mrs. Mary Kaiser and aunt Mrs. Peter Demler from Manitoba; the groom's parents Mr. and Mrs. Bill Thomas and brothers Gerry, Bill and David from North Surrey; the groom's grandmother Mrs. Ennis, Mr. and Mrs. Hopkins and family, Mr. and Mrs. Kelly, Mrs. Fik and daughter, Mrs. Kitty McKenzie, all from North Surrey.

Mr. and Mrs. Limpensel and family, Mr. and Mrs. Fred Cima and Sylvia, Mr. and Mrs. Stan Shreeve, Mrs. Vivian Reddikop, Mesdames Lois Smith, Elva Martin, Janice Teewen and Stephanie Kohaluck; Mr. and Mrs. Joe O'Connell, all from Vancouver, B.C.

Bev Caldwell and Ken Ardeal from Squamish, Florence Bateman and Della Segec from McBride, B.C., and the Lloyd family from Powell River. Former residents of Roberts Creek, the Hanson family arrived from Honduras in time for the wedding.

Nothing is as short as the public's memory . . . it is little more han week-minded.

Thermometer
($7.95 Retail value)

This precision instrument is yours to keep when you arrange to have a B.C. Hydro heating specialist make a heating survey of your home. He will give you an estimate of the cost involved to heat your home the modern way. With clean, economical electric heating. There is no charge for the survey or for the estimate. And whether or not you decide to have electric heating, the thermometer is yours to keep.

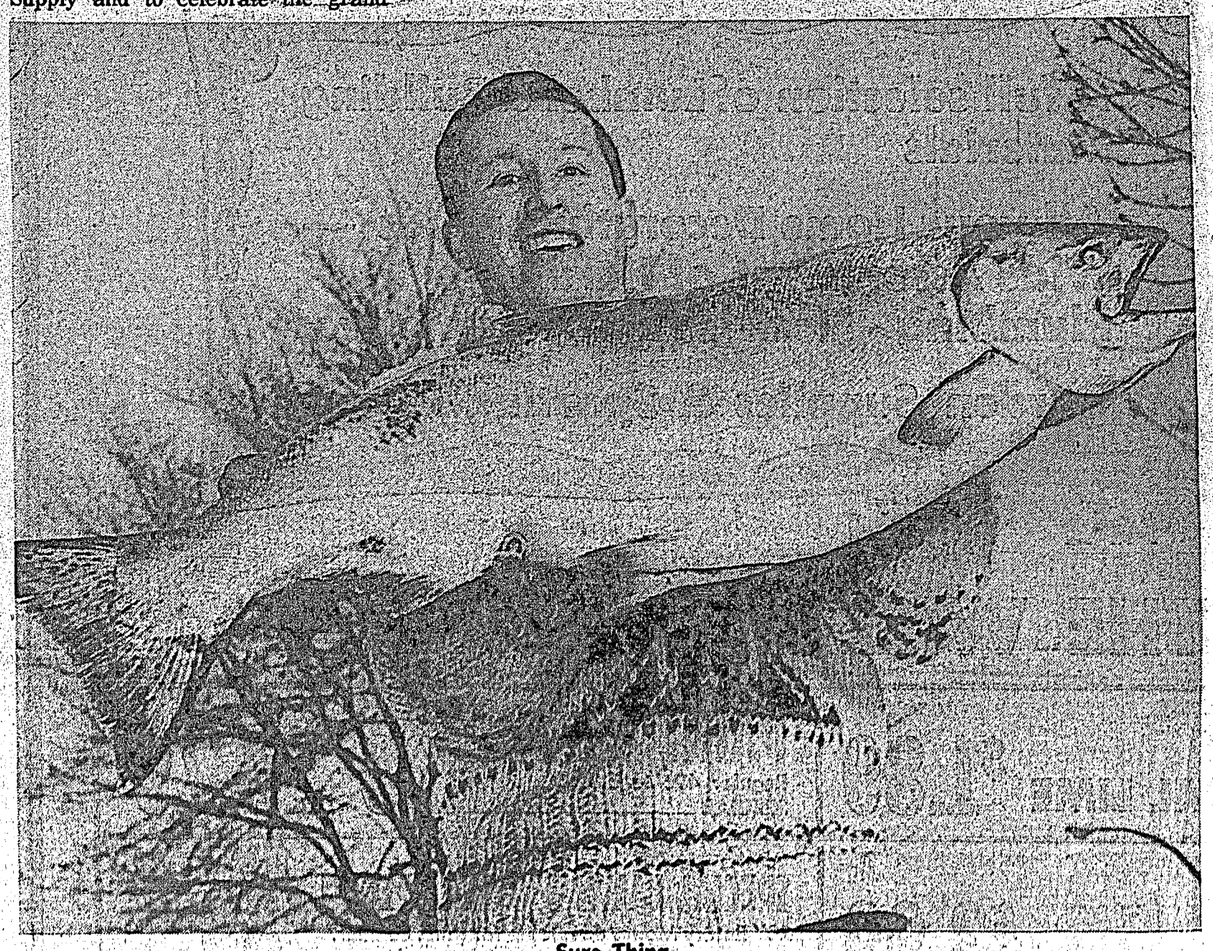
This easy-to-install thermometer tells you both indoor and outdoor temperatures at a glance. Just call B.C. Hydro to arrange an appointment and it's yours free of charge. This offer good for a limited time only.

B.C. HYDRO

Grand Opening this week launches new partnership

New line

Gardening equipment is a new line at Twin Creek Lumber & Building Supply and to celebrate the grand opening on Friday and Saturday, lawn mowers will be a special buy and Bud Norris will be the man to see for a demonstration.



Sure Thing

Now a partner in Twin Creek Lumber and Building Supply where he will be in charge of the sporting goods section, Terry "Sur-Katch" Raines knows just how to go about catching the "big ones." This 35-pounder was caught near Port Mellon in February. On Friday and Saturday, Terry and his partner Bud Norris will be celebrating the official opening of their new business venture.

TWIN CREEK Lumber and Building Supply Ltd., Gibsons, recently changed hands and on Friday and Saturday of this week, new owners Bud Norris and Terry Raines will celebrate with a grand opening.

Residents of the Sunshine Coast and visitors passing through have a cordial invitation to drop in and see the vast selection of items which have been arriving daily to meet customer demand in this growing community.

Bud and Terry are both young men but each has a vast and specialized knowledge which will ensure not only excellent service but sound advice for customers seeking purchase information.

Twelve years experience in retail hardware, sporting goods and building supplies gives Bud Norris extensive knowledge of the business. Employed formerly with T. Eaton Company, he was Divisional Buyer when he left to join partnership with Mr. Raines. Bud, his wife Pat and fourteen-month-old son Keith have taken up residence in the flat above the store. Mrs. Norris will be busy too with the bookkeeping and she also has some tremendous ideas which will please lady customers interested in interior decoration.

Terry "Sur-Katch" Raines is well known on the Sunshine Coast as his family has been connected with the area since the time his great grandfather owned the property where the Presbyterian Camp now stands at Roberts Creek. "Sur-Katch" is both Terry's nickname and the name of the fishing tackle which his former wholesale company sold throughout B.C. and across Canada. Sporting goods will of course be his main specialty and what better advice could any fisherman have than from a man whose name is synonymous with trophy-sized salmon.

Mr. Raines helped organize and promote the B.C. Salmon Derby which will be running again this year with a $25,000 cash prize.

It was Terry who first introduced Bud to the Sunshine Coast when they were fishing partners and their future plans as partners in Twin Creek Lumber and Building Supply Ltd. are to offer the best service possible and expand to meet community requirements.

Golf course officially opens Sunday June 1st

JUNE 1 has been scheduled for official opening of the Sunshine Coast Golf and Country Club and while all members and families will receive invitations to attend, any other interested members of the public are cordially invited.

At the present time, it is planned to invite a number of B.C. golf professionals both male and female, who will put on an exhibition game during the afternoon. There will also be representatives of other B.C. golfing associations present.

Fountain drinks, hot-dogs, coffee and sandwiches will be available. President of the Club, Keith Wright will give a welcoming speech and ribbon cutting at the first tee will be carried out by the club's only Honorary life member, Wilma Morrison.

Chairman of the arrangements committee is Bernel Gordon.

Slogans strive to make action . . . mottomatic.

June Flower Show plans underway for big event

REGULAR meeting of the Sechelt Garden Club was held Wednesday, May 7, with twenty-four members present. Plans are well underway for the June Flower Show to be held Saturday, June 28, from 2 - 8 p.m.

Colored slides were shown of the Butchart Gardens in Victoria, with a commentary by Mrs. Janet Allen. These slides were very much enjoyed by everyone.

Amateur's guide . . .

Paint Manufacturers Assn. offers valuable paint tips

ARE YOU planning to repaint? Then remember these color reminders from the Canadian Paint Manufacturers Association.

Light colors make a room seem larger; dark tones cause it to appear smaller. Painting a high ceiling darker than the wills will visually "lower" it. Covering end walls of a narrow room in a warmer or deeper color than the other walls will help shorten the length.

Study colors during the day, and at night. It may change in different lights. Don't use too many colors in one room, and avoid selecting only neutral tones. Cheer up those rooms without windows by decorating them in reds or yellows.

VARNISH HINTS

Always use a minimum of three coats of varnish on bare wood. Each coat must be allowed to dry thoroughly before applying an additional one. Varnish should be "flowed on" working from an unfinished to a finished area. Do not brush back and forth. This makes varnish stringy and may cause small bubbles to form.

MIXING STORED PAINT

If you plan to use oil paint which you've had for a while, follow this procedure to assure the proper mixture for even coverage and best durability. First open the can and pour the surface oil into a clean container. Then thoroughly stir up the pigment from the bottom of the original can, and begin gradually pouring back the oil while stirring. After blending all of the oil back into the can, pour the paint back and forth from can to can until it is thoroughly mixed.

PATCH BEFORE PAINTING

Carefully fill all cracks in ceiling and walls before repainting. Be sure to smooth patches level with the surface. Small hairline cracks can be filled with spackling material. It sets very rapidly, so smooth the surface before the filling material is quite dry. Apply the filler with a putty knife, an old kitchen knife, or even your finger or thumb.

SPECIAL WALL EFFECTS WITH PAINT

Add a dramatic finish to your walls while covering small defects, weld marks, or pin holes. Textured paints give dimension and a rugged, handsome finish which blends beautifully with many decors. Random patterns are created by brush or spray and a little imagination.

Squaringly Yours

—by Maurice Hemstreet

WELL, here I sit, broken hearted, don't know where or how to get started. Square dancing has come to a complete stop to end a season that is still on top for fun and friendship. Of course we know there will be lots more square dancing this fall, so get on the phone and give me a call, at 885-9941. Try something new, like a carefree square thru, I'm sure you will have fun like I do.

I guess as a poet, I probably will come in last but getting back to square dancing which has topped off another season and ended in great splendour, one does not need to just set back and let the world go round, it's going to do that anyway.

Now there are several ways of putting in the summer and keeping active: First off, lets take May 19th, better known as May Day, why don't you come up with an idea for an entry to make this one of the biggest May Day's ever. A float does not have to be spectacular or take first prize, it's the thought behind the project of helping out that counts and comedy floats still take the most applause. They also tend to give a gay, up-raise feeling to the people watching and once again a better day will be had.

Next week, after I do a little research to find the right words, we will delve into another great hobby called "Rock Hounding" which has it's thrills and spills and the odd dunk in a cold creek. We have found some very interesting rock formations locally, it just takes a relaxed attitude to look at and turn over a rock which may be different on all sides. So till next week, lets take to the great outdoors, it's a healthy environment.

Water skiing safety tips necessary for good fun

WHEN water skiing there must be two people in the tow boat. One to drive the boat and one to relay the skier's signals to the driver. Failure to comply with this rule is punishable under the Criminal Code. Skiing between one hour after sunset and one hour before sunrise is also illegal.

The Canadian Water Ski Association advises all skiers to wear life jackets. A jacket of special design for skiers will provide the greatest protection. Government-approved life jackets are not designed for skiing. Ski belts are not recommended but they may help to keep an unconscious skier on the surface until help arrives.

Avoid areas where a skin diver's flag is flying. It is a red flag with a diagonal white stripe.

Also avoid areas where swimmers are, confined waters, shore installations and areas where other boats are operating.

Put a poke into those vehbal spokes.

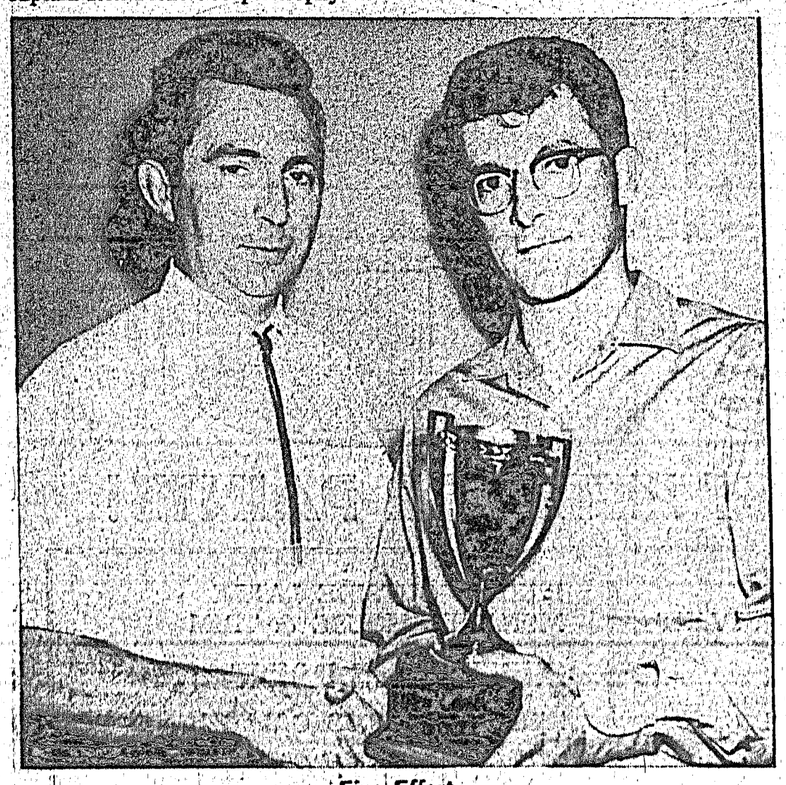
Soccer Awards

With over 200 boys playing soccer this past season, Elphinstone Gym was packed for trophy presentation night last Friday. From left, Scott Rodway, captain of Sechelt Timbermen, Divn. 7, accepts team trophy; Eugene Baker, captain of Divn. 5 Residential Braves, proudly holds his team trophy and Andy Hartle of Roberts Creek Thunderbirds won the special honor of being declared the most valuable player.

Divn. 2 Award

Residential Totems are League Champions of Divn. 2 this season and captain Ron Pielle accepts trophy on behalf of his team from Mr. Pete Mouzakis of Gibsons Athletic Club.



Fine Effort

Division 5, Gibsons Chargers was declared the most sportsmanlike team and coach Ron West, on right, accepts trophy from Sunshine Coast Juvenile Soccer President Terry Connor. Chargers played 13 games winning only 2 but every week they made a tremendous effort and never lost heart.

Business change-over for Madeira Park area

NEWCOMERS to Madeira Park are Larry and Marilyn Clayton and their three children, four-and-a-half-year-old twin girls Teresa and Tracy and 18-month-old son Troy.

Formerly from Vancouver, Mr. Larry Clayton has taken over Duncan Repairs from Mr. Malcolm Duncan.

A certified welder who worked for Dominion Bridge, Mr. Clayton will operate a marine ways, specializing in machine shop and welding.

Biggest problem for the young family right now is finding a house but L. Clayton Welding and Marine at Madeira Park is ready and open for business.

The most dangerous ages of child accidents are at two and three and the worst times of the day are the late afternoon and the evening hours.

Juvenile soccer . . .

Trophy award presentation culminated a lively season

OVER two hundred boys played soccer last season and most of them turned out to watch the 1968 World Cup Soccer film presented last Friday at Elphinstone Auditorium prior to trophy awards presentation.

President of the Sunshine Coast Juvenile Soccer Association, Mr. Terry Connor announced that he would step down from the presidency which he has held for two years but will continue to help in every way possible. He appealed for more parents to turn out and help, explaining that Soccer is a team game and so also is the organization a team game which requires more players.

Last season there were 14 teams on the field and to keep the boys playing, coaches devoted long hours to training. Mr. Connor thanked coaches, parents and referees for their time. Transportation is one of the main problems and this is where parents can help make things easy for the organizers.

AWARDS

Sechelt Timbermen won the Divn. 7 League championship and captain Scott Rodway accepted the trophy donated by Sechelt Coin Laundry.

Residential Braves won Divn. 5 League Championship with captain Eugene Baker accepting the Dennis Gray Studio trophy.

Residential Totems topped Divn. 2 winning the league trophy donated by J. H. G. Drummond Insurance. Captain Ron Pielle accepted the trophy on behalf of his team.

Divn. 5 Gibsons Chargers who never lost heart despite overwhelming odds won the honor of being the most sportsmanlike team and Coach Ron West accepted the Coast News Cup on behalf of the captain who was not present.

Andy Hartle of Divn. 7 Roberts Creek Thunderbirds was declared the most valuable player winning the Peninsula Times trophy.

Anxious Parent
Canada Goose blends in with the carefully chosen surroundings for her downy nest on Ruby Lake at Pender Harbour. She is busy trying to hatch eggs which Mr. Nick Gerick of Ruby Lake Resort believes are not fertile. The beautiful lake is a sanctuary for water-fowl and swans are also nesting nearby.

Sechelt Band . . .

Education committee formed plan Indian nursery school

SECHELT Indian Band has formed a Special Education Committee comprised of Mrs. Sadie Johnson, Mrs. Sarah Paul and Mrs. Teddy Joe, who will work with representatives of the School Board, Sechelt Teachers Association and BCTF on the pilot project being conducted in this district on integration.

Reporting on a recent meeting held in the Sechelt Indian Hall, Sechelt School Principal Mr. Sam Reid stated that unfortunately Mr. Canty of the Dept. of Education and Dr. Johnson of Indian Affairs Dept. were unable to be present. Main topic was the formation of a nursery school for some 23 youngsters at the Sechelt Indian Village. Plans for the school will be handled completely by the Band Education Committee and Department of Indian Affairs.

Trustees approved Education Committee Chairman Barry Jenks recommendation that close liaison between Sechelt Kindergarten teachers and the Nursery School teacher be encouraged. Also that an invitation be extended to the chairman of the Indian Band Education Committee to attend board meetings and share in discussion.

Rev. Jenks also recommended that the needs of Sechelt Indian Band be considered when planning future Adult Education Work in the district. He also drew the Board's attention to the urgency of having a Counsellor and Field Worker under the terms suggested by the Department of Indian Affairs to the District Superintendent.

The education committee report also advised that principals should be encouraged to establish volunteer parent groups to assist with various tasks in the schools and in Sechelt Elementary School to have these responsibilities extended to meet the special needs there.

The Board was also asked to consider the possibility of hiring at least one teacher's aide for the Sechelt School.

May Auxiliary meeting shows memberships grow

MRS. Phyllis Parker chaired the May regular meeting of the Sechelt Hospital Auxiliary. Lovely spring weather helped encourage an excellent turnout of members.

Mrs. Ada Dawe gave full report on the annual Regional meeting held at white Rock which she and other members of the auxiliary attended recently.

Mrs. Marg Morgan represented the auxiliary at the co-ordinating council meeting and gave an interesting report.

Reno trip tickets are going well reports Sylvia Jones.

Mrs. Eve Moscrip reporting from the Sechelt Hospital Board of Trustees gave a total of 410 members now registered in the St. Mary's Hospital Society. Due to excellent canvassing there are 251 new memberships.

Appreciation was shown by the Red Cross regarding interest in canvassing for such a worthy cause.

Mrs. Peggy Conner, convenor of the June Luncheon, has plans well under way with a delicious menu on the agenda.

With the tea-table decorated with purple lilacs the serving of refreshments followed business reports.

A thank you goes out to the refreshment committee comprising Mrs. Parsons, Mrs. Ruby Breeze and Mrs. Fitzgerald.

Recommendations made . . .

School Trustees prepare for Referendum this fall

BOARD of School Trustees of School District No. 46 (Sechelt) is presently preparing a new referendum (No. 10). If this referendum is approved by the Department of Education it will be presented to the taxpayers of this district in the fall of 1969.

Decision to prepare the new referendum came as a result of the educational problems the School Board faced following the defeat of Referendum No. 9 in December, 1968. One of these problems is the unavoidable shift arrangement which will be in effect at Elphinstone Secondary School until some building is done.

Principals of the school district have made student enrolment projections up to 1973 for each of their schools. They have also drawn up educational plans for any additional development which could be supported by this projected school population.

The Board of School Trustees, district staff and principals have worked together to thoroughly study and evaluate the facts and information prepared by the principals. After careful consideration the Board has adopted, in principle, the following recommendations:

1. Jr.-Sr. Secondary School for Sechelt.
2. Upgrading of Elphinstone Secondary School.
3. 1-room addition at Langdale Elementary School.
4. Addition to Sechelt Elementary.
5. Madeira Park: Covered play area; storage; possiblle library extension.
6. Gibsons Elementary School: Mechanical ventilation in open area; possible acquisition of a school site pending a further survey.

The architects are at present working on sketch drawings of the specifications for the above recommendations. In some cases it will be possible to use the drawings prepared for Referendum No. 9. Cost estimates will not be available until the architects have delivered their reports.

Projects listed do not make up the entire referendum, other plans are under consideration and not yet finalized.

The Board is aware and concerned about the cost of the additional accommodation for our pupils. It is especially concerned about the increased cost of building which is being encountered. They are making every effort to present a plan to the district which will be of benefit educationally and at the same time be within the provincial Department of Education building guidelines.

Eskimo art on display at Sechelt Art Gallery

"CHARLIE" the mannequin from Marine Men's Wear in Gibsons is going on a two week vacation to Sechelt where he will be modelling an authentic Eskimo outfit at the Sunshine Coast Arts Council Gallery Shop. Charlie will be part of the Eskimo Art display loaned to the Gallery by Mr. and Mrs. Ross Gibsons who spent 7½ years in the Eastern Artic while on duty with the Royal Canadian Mounted Police.

The exhibit will include soapstone and ivory carvings, photographs and models of tools and equipment used by the Eskimo which were made for Mr. Gibson before he left Port Harrison. It is only quite recently that the Eskimo has used his skill in carving to make objects d'art.

Previously, the things he made with the exception of toys and games, were purely utilitarian, the necessities he needed in his daily life. Jim Houston, an artist from Ontario was one of those instrumental in helping the Eskimo realise his potential in making soapstone carvings. He also went to Japan to learn about printmaking methods which he later showed to the Eskimos at Cape Dorset, Baffin Island. Included in the display will be an Eskimo print made by this method, each is an original, no two alike and an etchng by Jim Houston.

The Gallery will be open Tuesday through Saturdays for the summer and Mrs. Gibson will be at the Gallery Tuesday May 20 willing to give explanations and answer questions. The Eskimo Art will be on display until Saturday May 24.

Donald Lockstead . . .

Mackenzie NDP candidate attacks dogfish policies

DONALD Lockstead, NDP candidate for Mackenzie says:

The recently announced federal policy, inviting the Japanese fishermen into Canadian waters to fish dogfish, has shown a lack of foresight and utter disregard for the welfare of those in our B.C. fishing industry.

By inviting the Japanese fishing fleet to fish dogfish, the federal government is setting a dangerous precedent, whereby, should the Russian and Portuguese fishing fleet demand the same invitation, it would be obliged to grant them the same concession.

It is highly unlikely that foreign fishing fleets would confine their fishing to dogfish alone. We would probably be astounded at the number of salmon that is taken aboard these foreign trawlers every year.

We have a very capable B.C. fishing fleet that is eminently qualified to contain the dogfish population explosion.

If the Liberal government concentrated on increasing all species of salmon fingerlings and spent more money on salmon spawning grounds, rather than advocating the restriction of licences, we would not be confronted with poor fishing seasons, and the accompanying social and economic problems, which affect all B.C. residents in varying degrees.

All logging operations should be restricted within a quarter mile of spawning rivers and more fish guardians should be employed to assist the local fisheries officers, thus enabling them to perform their duties more effectively.

I believe that in areas where the fishing industry has declined (which are many and ever increasing) the dogfish catch should be processed in B.C. for shipment to foreign markets. This would also provide employment for many of our people who are at present unemployed because of the decline and technological change in the fishing industry.

We have the people and the facilities for a potential dogfish processing industry in British Columbia. It is imperative that we have effective planning and research on the federal level.

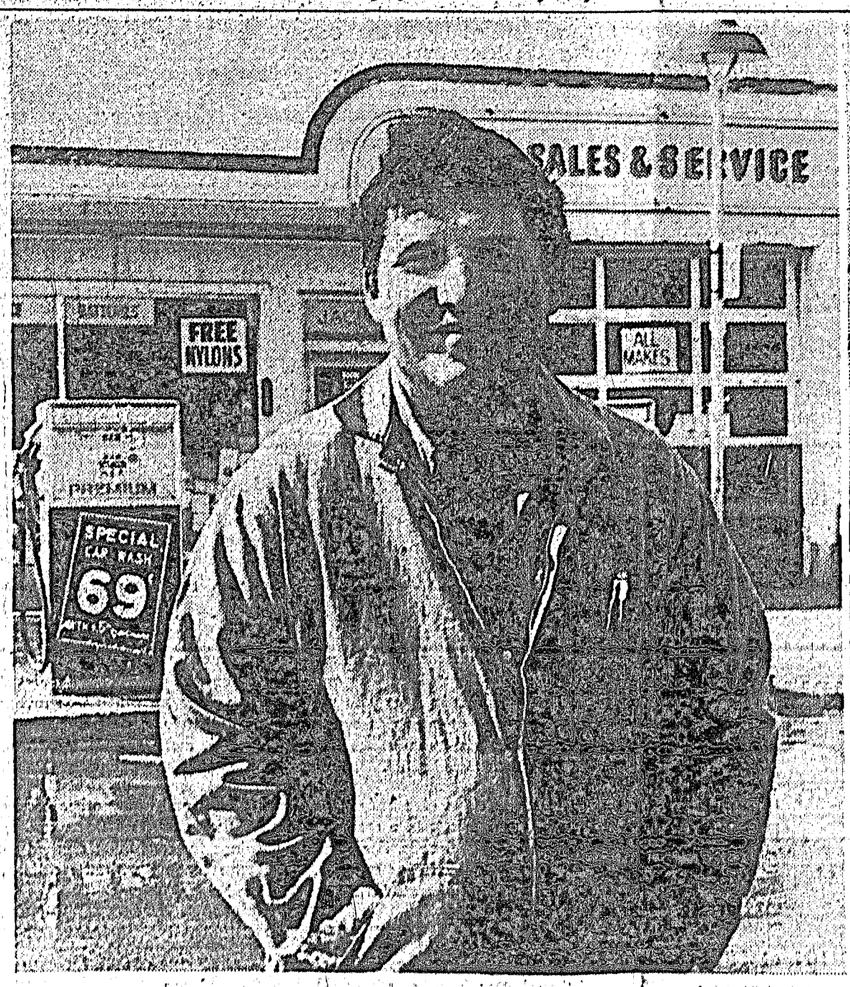
B.C. Telephone Trans-Canada Telephone System

Here's one way to save money on phone calls

Sleep in your car at the friendly freeway gas station. It's our guess, however, that you and your family would prefer comfortable beds. It's smart to make reservations in advance. When you hit the road each day, remember the most important thing of all: phone ahead to make sure of your bed.

B.C.TEL
BRITISH COLUMBIA TELEPHONE COMPANY



Jack of all trades. Master of one.

You probably know Jack.

When he's not fixing cars ("All Makes—All Models") or pumping gas into them, he's selling one or two foreign makes on the side.

And Jack's a pretty good salesman. (So good, he usually sells more cars than he can service.)

But if Jack were to come to work for us, we could teach him a few things.

First, we'd send him to a VW training school.

There he'd learn Volkswagens inside and out. By taking apart every part and putting it back together again, time after time.

Then we'd teach him about our dealerships.

He'd learn that he'd have to tear down his grimy old garage and put up a shiny new building.

With five times more space in the back (for service) than up front (for show).

With enough service bays and hoists to properly service every single car he sold.

And with a Parts Department large enough to store a 3 months supply of parts.

Now, while all of this might make Jack a master at selling and servicing VW's, just selling and servicing only VW's might not make Jack happy.

But that would explain one very important thing: Why Jack isn't with us in the first place.

There are over 250 VW dealers across Canada. The one nearest you is in the Yellow Pages.

Mobile homes a solution

HOWEVER large, luxurious and expensive, a mobile home remains a house trailer and as such sticks out like the proverbial sore thumb when located among permanent residential houses. Consequence is that prejudice to varying degrees is still very much in existence even though, in some cases, the mobile home might happen to be far superior to the adjacent houses.

Suggestion by Alderman Norm Watson that village Bylaws be changed to permit establishment of mobile homes in the village as residences could well result in heated controversy, regardless of the suggestion they are simply low cost homes. In actual fact, some of the larger fully equipped trailers of today are by no means low cost homes, often they cost up to $15,000 or more. This still does not alter the fact they are mobile homes which look somewhat out of place among permanent houses. Among a group of shacks, such trailers would assume the dignity of a palace, in a residential area of good class homes they are also out of place. Not from the point of view of value but for the same reason that a limousine would look out of place on a race track.

There is no doubt a modern mobile home offers a great deal and provides the comfort and luxury of many high priced residences, often with fewer inconveniences than a traditional house. As a means of combatting the present housing shortage they are excellent and there is certainly no reason why they should not take their place in any community where the right kind of conditions exist. Most small communities, and indeed, larger towns and cities, have areas ideally suited to establishment of mobile home sites. Providing they are expertly laid out with a little pre-thought to landscaping, with roads, services and come under control of the existing Bylaws, they could prove an asset rather than a detriment. However, nothing looks more unsightly than a haphazard group of trailers with have additions of weird lean-to structures attached to them.

In bringing about Bylaw changes in this regard, council will be well advised to take a long hard study of the situation for such an innovation calls for extremely clearly defined and stringent regulations. It would be the height of folly to hand out an open invitation to anything that might be described as a mobile home. It would be equally absurd to permit such homes on individual lots in residential streets, whether the quality of existing homes be good or bad.

These and numerous other questions will no doubt be considered in due course and we have no doubt Mr. Watson has already considered most of them. Such being the case then it might be safe to assume he has suitable locations in mind.

Prejudices die hard but we live in rapidly changing times, and in order to keep up with progress, outlooks have to be tempered with reason. It is good to see new ideas brightening up the council scene, changes are long overdue but indications are that we are about to start catching up.

Bring 'em back alive

BEFORE the holiday week-end actually arrives, statisticians are able to forecast, well in advance and with a reasonable dgree of accuracy, just how many Canadians will be killed as the result of highway accidents.

The same carnage continues daily but shows drastic increase during holiday periods. The untold misery and hardship left in its wake is only felt when those we know are involved. Until that time, few of us give more than a passing thought to the heartbreak behind the news story. Perhaps the most significant fact so often ignored is that the same tragedy faces any driver or motor vehicle passenger for however careful one might be, there is always the unpredictable other driver. Who knows the circumstances under which an approaching vehicle is being driven. The person behind the wheel could well be an irresponsible road hog, an even more irresponsible drunk, a sigh-seer with eyes for everything but the highway or it could be a malfunction throwing either vehicle out of control,

In the latter case there is usually little to be done in order to avert an accident but this is an extremely rare reason for a mishap, the majority are as a direct result of human error.

With the approach of the Victoria Day weekend the B.C. Automobile Association has announced a campaign which, it is hoped, will bring about safer driving, not only for this holiday but in the future at all times.

With the slogan "Bring 'em back alive" the Association advices;

The BCAA says that six frequent kinds of driver irresponsibility which generate crashes are:

Refusal to yield right of way.

Tailgating (following too closely).

Violating maximum speed limits.

Driving too fast for road and weather conditions.

Driving on the wrong side of the road.

Ignoring a stop sign or signal.

To ensure surviving the holiday weekend the BCAA has this additional advice for motorists:

Don't exhaust yourself on long trips. The tired driver is a dangerous driver. Plan your trips to include stops. Use highway rest areas.

Always wear safety belts, and made sure all members of the family do—including the children. A study of more than 28,000 highway crashes show that not one of 9,345 occupants wearing combination shoulder-lap safety belts was fatally injured in serious accidents at speeds up to 60 miles an hour. Non-belted occupants were killed at speeds as low as 12 miles per hour.

Don't drive when you have been drinking. Recent studies find that drinking, especially heavy drinking, plays a major role in half of all fatal crashes, and in two-thirds of fatal crashes in which only one car is involved.

Share the driving. Even brief relief from the constant decision-making of driving will help revitalize reflexes, which must remain sharp to drive safely.

Avoid drowsiness by taking preventive measures. Keep the car well-ventilated and play the radio or encourage lively conversation. Light meals and comfortable clothing help too—but nothing works so well as adequate sleep the night before.

Maintain your car in good shape. Keep your tires properly inflated, and replace damaged or badly worn tires promptly.

If you need glasses for driving, wear them.

Keep yourself in safe driving condition with regular health checkups. Ask your physician if your physical or mental condition or the medicines you use will impair your driving. Follow his advice, and if you have doubts about your ability to drive safely—don't drive.

Readers' Right

Strange attitude

Editor, The Times,

Sir: That your correspondant Mr. Browning is a man of sensitivity is evident since he has taken the trouble to look into the matter of cruelty to animals very thoroughly. He cites the killing of baby seals—trapping—hunting for so-called sport—what a fur coat entails etc. etc.

Very many of us (and I am certain the previous writers Miss McIntyre and Mrs. McGavin) go right along with him in acknowledging that all these cruelties exist—although the text of his letter gives one the impression that he doubts this. There are numerous organizations working for the betterment of animals and many consistant members of such—well aware of the agonies involved—wouldn't dream of wearing a fur coat and indeed some of us are nutty enough to prefer not to eat the flesh of our animal friends.

It is difficult to understand Mr. Browning's attitude regarding rodeos unless he is thinking in terms of years given by amateurs and different to those past-performances then more likely to be of today.

I haven't been to a rodeo either but then does one have to jump into the fire in order to learn that it burns? Do we completely discount reports of modern rodeos as presented by people of integrity who look into these matters and publish facts together with actual pictures? Today's barbaric spectacles are completely commercialized and when money and animals are tied in together then look out. Surely in this sophisticated age we can do without this sort of stuff. Why be primitive if we don't have to?

(Mrs.) G. E. WEBB

Open letter

TEXT of Mr. Norm Hough's letter of resignation was not read at last meeting of the Board of School Trustees, his resignation was, however, accepted. Mr. Hough feels that as he was elected by the public his reasons should be made known. He has therefore asked the press to make known his comments:

Sirs—You have my letter of resignation before you and I feel that I have a duty to explain to you and the taxpayers, who elected me, the reasons for my resignation before my term of office has ended.

Firstly: I have submitted my resignation with letter of April 3rd, 1969, which the secretary treasurer refused to accept, allegedly for not being correctly addressed to him. I take exception to the arrogant and patronizing letter he wrote me in this connection. My letter of resignation was put on his desk to be placed before the board. That I addressed the letter to the chairman of the board appears to me not more than common courtesy, and as it was given to the secretary-treasurer, strictly according to the Act, there was no call whatsoever for the secretary-treasurer to lecture me on the School Act, with which I am fully familiar, having served as a trustee for many years.

For many months now have I seriously considered, how to persuade the board to take a more serious view about our administration. As chairman of the finance committee I found most of my recommendations voted down by a narrow majority. All my efforts to live up to the trust placed in me by the people, who elected me, have persistently been frustrated. In vain did I try to convince the board of the necessity of proper up-keep of our buildings and equipment and the waste of taxpayers money caused by unwarranted changes in maintenance and other policies, which previously proved sound and successful.

I consider it absolutely wrong for the secretary-treasurer to take over the duties of the maintenance supervisor with the support of a small majority of board members. I do not wish to become a party to the removal of an excellent maintenance supervisor by underhand policy changes and so forcing him to resign. This especially, as his predecessor had to leave under rather unusual circumstances and the present supervisor is doing an excellent job.

I maintain that the secretary-treasurer's method of bulk buying is wrong in the way he is doing it, costly in handling, storage and financing and will not be a saving to the taxpayers, when all expenses are properly added up.

I strongly disagree with the board's and secretary-treasurer's handling of complaints by taxpayers about alleged shortcomings in our school administration and financing. I feel that it is the board's responsibility to provide satisfactory explanations to those expressing concern.

Therefore, the only honourable way out of this impasse is for me to resign forthwith from the board and let those, who elected me, know the reasons why I cannot serve them any longer in the manner they should be served, if I wish to live up to the trust they put into me. I regret that I have to take this step, but fear that there is no other choice left to me.

Gibsons, B.C., NORMAN H. HOUGH,
May 5th, 1969.

Successful campaign

Editor, The Times,

Sir—It is my privilege on behalf of the Board of Directors of the B.C. Tuberculosis - Christmas Seal Society to thank you most sincerely for the assistance you have given the annual Christmas Seal campaign and to report on results at the provincial level. By now you no doubt have heard from our campaign chairman with results in the area served by you.

I am very proud to tell you that $415,-936 was donated by British Columbians during the last campaign to assist the Society in not only continuing the fight against TB, but expanding more concretely into the whole field of respiratory disease, such as emphysema, chronic bronchitis and asthma. As you may also know, the Society is now co-operating with the B.C. Cancer Institute in providing facilities and province-wide organization through Christmas Seal Operation Doorstep for a Lung Cancer Cell Test, which seeks out early lung cancer among male smokers.

An interim report on the provincial financial picture was released to news media at the end of February, which indicated then that $410 thousand had been donated.

Since that time the additional five thousand has been contributed, which makes us indeed grateful to residents of this province for their support and awareness of our needs.

Last year the final provincial total was $367 thousand. This year the Society recorded its best campaign ever, showing the greatest increase of any Christmas Seal campaign in Canada.

As always there is no way our story can be told without the co-operation and support of public-spirited news media around B.C. for which the Society is indeed most grateful and again sends its sincere thanks to you and your associates.

Vancouver. K. S. VAUGHAN-BIRCH, President.

Fletcher's Philosophy

—Harry W. Fletcher

DESUETUDE

When autumn comes, as come it must
in season, then dead leaves will fall
Which once were green, now sere with rust,
disperse like dreams beyond recall.

We, too, had thoughts borne brave and bright,
unspoken words of love now gone:
Well-meant intentions lost to sight
with nothing left to build upon.

Intended kindness left undone
may cause a lonely heart to yearn.
A word of praise for merit won
is worthier than unconcern.

An empty promise fails the need,
and hopes that might have soared fall dead
Because for want of words or deeds
some hungry soul finds tears instead.

Suffocation fatalities among infants, generally due to regurgitation of food or smothering in beds or cradles, accounted for 64.1 per cent of all suffocation deaths.

POTATO CHIPS STAR "EN CASSEROLE"

Although summer has become synonymous with barbeques and outdoor living, many occasions still call for make-ahead casseroles. Chicken and Chips au Mornay is an elegant and yet easy to prepare party casserole which won raves when served to a large group at a garden supper. Chicken, ham and cheese are layered with potato chips in a rich cream sauce and topped with more chips. Serve it with fresh green beans and a tossed salad.

Potato chips give body and crunch to this and many other casseroles. Remember to decrease the salt in a recipe when substituting the fine flavor and texture of potato chips for bread crumbs. For casserole toppings try combining crushed potato chips with a little curry powder or oregano. A favorite topping with the children is made with equal quantities of grated cheese and crushed chips.

CHICKEN AND CHIPS AU MORNAY

Three whole chicken breasts (6 halves)
4 tbsp. butter
2 tbsp. finely chopped onion
4 tsp. flour
¾ tsp. poultry seasoning
1 tsp. salt
1/8 tsp. pepper
2 cups of milk
1 egg
¼ cup of light cream
6 thin slices cooked ham
6 slices Canadian processed Swiss Cheese
1 cup crushed potato chips

Simmer chicken breasts, covered in a small amount of water until tender. Remove skins, bone and slice each breast into three pieces. Melt butter in heavy saucepan. Saute onion until tender. Blend in flour, poultry seasoning, salt and pepper. Gradually stirring milk and cook over medium heat, stirring constantly until thickened. Remove from heat. Beat egg with cream. Add a small amount of hot sauce to egg mixture. Stir back into sauce slowly.

In a broad shallow buttered baking dish layer alternately chicken, ham, chips and cheese. Cover with sauce, Sprinkle crushed chips on top. Bake at 350° 20-25 minutes. Serves 6 to 8.

Memorial Chapel honors Scout team

CAMP BYNG, the 200-acre Regional Campsite near Roberts Creek, Vancouver - Coast Region, Boy Scouts of Canada, has a new chapel.

This impressive structure, built in the shape of an "A" frame with cedar shakes, nestled in between the tall trees, was built by volunteer labor with financial assistance from the Retallack Memorial Fund.

On Sunday, June 1, 1969, at 4:00 p.m., this very attractive chapel will be officially dedicated as the Retallack Memorial Chapel by Rev. Peter Collins of Haney United Church.

It will be dedicated in memory of the late Mr. and Mrs. Rex Retallack, two of Vancouver - Coast Region's dedicated Scouters.

Mrs. Retallack passed away December 25, 1967 and her husband on March 8, 1968.

Rex began his Scout leadership as assistant scoutmaster, 26th St. Saviour's troop in East Vancouver in 1928. Myf became cubmaster of 3rd New Westminster pack in September 1930. Both fulfilled a very active Scouting career up to the time of their death.

Hundreds of leaders throughout British Columbia will remember this famous husband and wife team for their hours of devoted service on numerous adult training courses. Both were recipients of one of Canada's highest Scouting awards—the Silver Acorn.

This lovely chapel will be a fitting memorial to the memory of these two wonderful Scouters for their contribution of service to the youth of their community and country.

Golden Bars awarded Wilson Creek Brownies

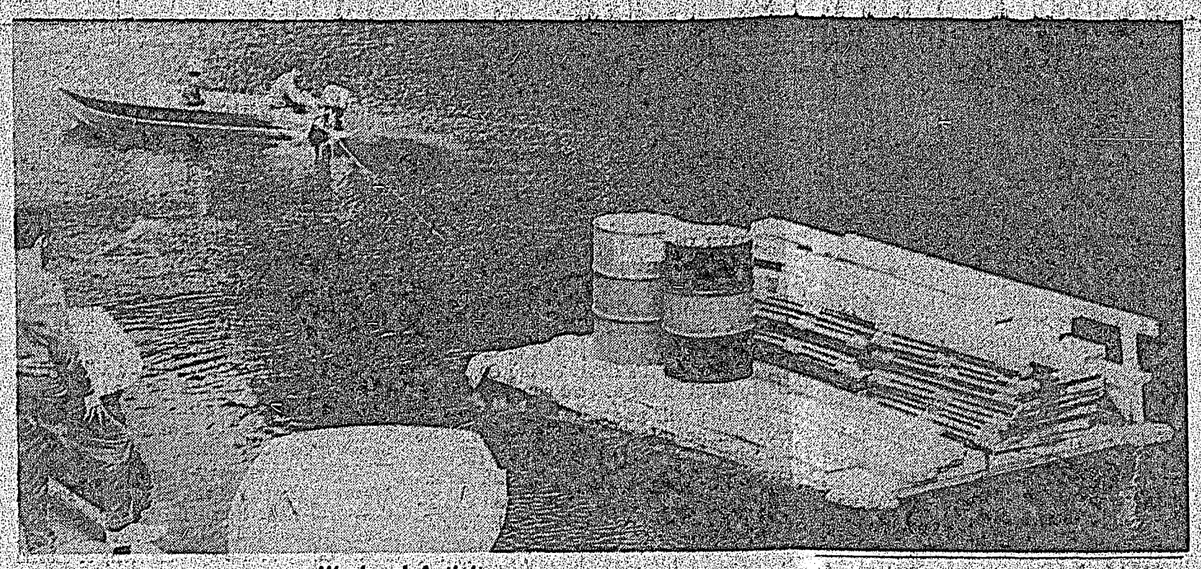
WILSON Creek Brownies and leaders welcomed mothers for a very special occasion on April 26.

Golden Bars were awarded Kim Wilson, Kim Benner, Flossie Woods, Carla Paetkau, Debra Carby, Brenda Clarke and Lisa Johnston.

Golden Ladders were awarded Mary Pearson, Colleen Casey, Lee Eberle, Lynn Eberle, Karin Paetkau and Lee Ann Nestman.

Edith Vesely was enrolled as a new Brownie. A sing-song followed the ceremonies with Mrs. Dorothy Stockwell leading the singing.

Did you know that May 22 is Pickle week?—Indianapolis (Ind.) Star.



Weekend Activity

Beautiful Ruby Lake is the scene of increasing activity as more and more summer homes appear on its shores. Weekend visitors finding a leisurely way to transport supplies to their lakeside cottage are Mrs. Kit Milne and son David from North Vancouver.

Halfmoon Bay Happenings

—by Mary Tinkley

FLYING back to Quebec after a family reunion are Lt Commander Joseph Cunningham, his wife Marilyn and two children. They have been the guests of Joe's brother, Bob Cunningham, Marilyn's sister, Joan Cunningham and Marilyn and Joan's parents, Mr. and Mrs. Art Armstrong.

Last week the Cunninghams also received a surprise visit from Mr. and Mrs. Ed Antypovitch of Prince George. Lynn Antypovitch is the former Lynn Hunter whose parents were drowned in Garden Bay some years ago and who subsequently became the foster child of Bob and Joan Cunningham.

LUNCHEON SHOWER

On May 3, Mrs. Stan Moffat was hostess at a luncheon shower to honor Shirley Helmer who is to become the bride of Harold Wray, son of Mr. and Mrs. Len Wray, on May 24.

Shirley, seated on a throne decorated with pink and white roses, received many useful gifts from the 18 people present. Guests included her mother, Mrs. Edna Helmer and Mrs. Len Wray.

The hostess, assisted by her daughters, Elaine and Kit, served a delicious cold plate lunch. The table centerpiece was a cake decorated in pink and white with the message "Showers of Happiness."

Shirley spent most of her childhood in Halfmoon Bay but accompanied her mother to Gibsons after the death of her father, the late James Helmer, in 1967.

BACK HOME

Mrs. Janet Allen is home after a few days spent in West Vancouver as the guest of Mrs. Lorne Burrows. She accompanied Mrs. Burrows on a bus trip with the West Vancouver Garden Club. They visited the Chuckanut Bulb Garden, north of Mt. Vernon, Washington, where daffodils and tulips were at their loveliest and continued on to LaConner to enjoy the magnificent display of tulips and orchids.

COMMUNITY ASSN.

All members of the Welcome Beach Community Association are earnestly requested to attend the special meeting at the Welcome Beach Hall on Saturday, May 17 at 8 p.m. for the purpose of amending the Constitution.

Raffle tickets are still available for the handcrafted garden bench now on display at the B. & J. Store, and can be obtained from Mrs. Grace Rutherford or any member of the Halfmoon Bay Auxiliary.

HERE AND THERE

Home after a stay in St. Mary's Hospital are Mrs. Mary Kingston and Rhonda Doyle who has undergone a tonsillectomy.

Still confined to St. Mary's are two of the Bay's old-timers, 92-year-old Milford McAllister and 87-year-old Charles Tinkley.

Mrs. Bruno Dombroski who had a short stay in hospital following a car accident, was sufficiently recovered last weekend to accompany her family to Vancouver.

Guests of Mrs. Frank Lyons last weekend were her granddaughter Carol and husband Edwin Dash of Tsawwassen.

At the John Reston cottage are the Restons' daughter, Janet, with her husband Ken Dare and baby boy.

Visiting the Stan Moffats are their daughter, Lorraine, with husband Lorne Wilson of North Vancouver.

Guests of Mrs. John Hall at Welcome Beach have been her brother and sister-in-law, Captain and Mrs. Douglas Marshall of Miracle Beach.

Mr. and Mrs. Francis Stone, returned from their year's tour of the world, made a short visit to the Peninsula but are visiting friends in Victoria before settling down temporarily at Secret Cove. Their Welcome Beach home is at present occupied by the Dombroski family.

Mrs. Dave Stephenson with Suzanne and Sean are enjoying a few days in Vancouver. Mr. Stephenson accompanied them there, but has returned to his post at the Merry Island lighthouse.

Raffle proceeds help Citizens Homes needs

AT A meeting of Green Court Ladies Committee on May 9 at the home of Committee Chairman, Mrs. Sam Dawe, arrangements were made for this year's raffle. First prize is the mahogany framed needlepoint picture made and donated by Mrs. L. P. Hansen. Other prizes are a 400 day clock and a folding garden lounge. Tickets, 50 cents each, three for $1 are at present available from Mrs. Sam Dawe, Mrs. Wm. McGregor, Mrs. Charles Tinkley and Mr. L. P. Hansen.

Proceeds of the raffle will be used for the comfort and welfare of the tenants of Greene Court senior citizens' homes, at Sechelt.

Interesting wild life movie for Elphinstone

SPECTACULAR outdoor film "British Columbia Coast Safari" which has recently finished a tour of Vancouver Island communities showing to capacity audiences is coming to Elphinstone Auditorium on Thursday, May 22. The two-hour color film records some of the adventures of David Hancock and his wife Lyn on expeditions along the B.C. coast. Besides being an excellent photographer David Hancock is a biologist and conservationist and his interest in wildlife has led him into strange and beautiful places, islands only inhabited by vast colonies of seabirds, and also into breathtaking and exciting adventures.

David, who comes from Victoria, met his Australian born wife Lyn while he was at UBC.

While living in Vancouver David and Lyn adopted a dying orphan fur seal which they nursed successfully back to health. Sammy has featured in several escapades including getting lost and being returned from the Columbia river in Oregon.

David and Lyn now live in Saanichton where they operate the Wildlife Research Centre. Sammy is still with them, a beautiful four-year-old with a growing tendency to herd all other animals and people with whom he comes in contact.

Sub-titled "the Wild, Lonely Coast," its purpose is to make available to the people of this province the beauty and majesty of the sea shores and islands and the wildlife which inhabit them from the outercoast of Vancouver Island to the Queen Charlottes. The Hancocks feel privileged to have been able to visit and film so much of the coast and in sharing their adventures they hope to arouse feelings of responsibility to protect an environment which we have been so fortunate to inherit. Coast Safari is being sponsored by a Gibsons group interested in education and will be presented by the Student Council of Elphinstone Secondary School.

Honour Society visits Vancouver Planetarium

UNDER the supervision of Mrs. Rankin and the sponsor, Miss Robertson, the Honors Society of Elphinstone enjoyed a trip to town last Thursday, April 24. On the agenda for the day was, first, the Planetarium. The students had 30 minutes to wander about the lobby of this modern building.

Ushered to the dust-free theatre of the Planetarium, the students were given a lecture on the methods used to project the show. The show that was shown was called "The Mansions of the Sun," which dealt with the zodiac signs and the relationships of the stars to the planets.

After a quick lunch in the buffet-styled restaurant of the Planetarium, the Honors Society boarded the bus and headed towards the Pacific Press Building. The guides, taking 10 students each, proceeded to lead the way through the great maze of offices and machine-filled rooms. The students watched the making of the daily newspapers of Vancouver. The tour took about an hour to cover and at the end the students each were given a souvenir cardboard matt, from which the lead plates are made.

Thanks to the Honors Society, Elphinstone has been well represented at the Planetarium. Mr. J. R. Pollock, Educational Director of the Planetarium, wrote a letter to Mr. Potter commending our students for their thoughtfulness and good manners.

Chevrolet Pacesetter Values

This year's cars at less than last year's prices.

You already know where most prices are going. Up. So you'd naturally expect the brand-new '69 cars shown here to cost a lot more than last year. Fact is, many cars in this year's line-up from Chevrolet cost less, much less, than last year's models. For instance, the 2-door Impala, equipped with power disc brakes, Turbo Hydra-matic transmission, whitewalls, wheel covers and head restraints, plus a bigger motor than last year, is yours for $120.50* less than last year's figure. And comparable savings are waiting for you on many Nova, Chevelle and Camaro models. In other words, you can buy many of this year's cars at less than last year's prices. Which is what putting you first is all about. From the top, Chevy Nova, Chevelle Malibu, Camaro and Impala.

GM Every Chevrolet has to make it before we mark it.
MARK OF EXCELLENCE

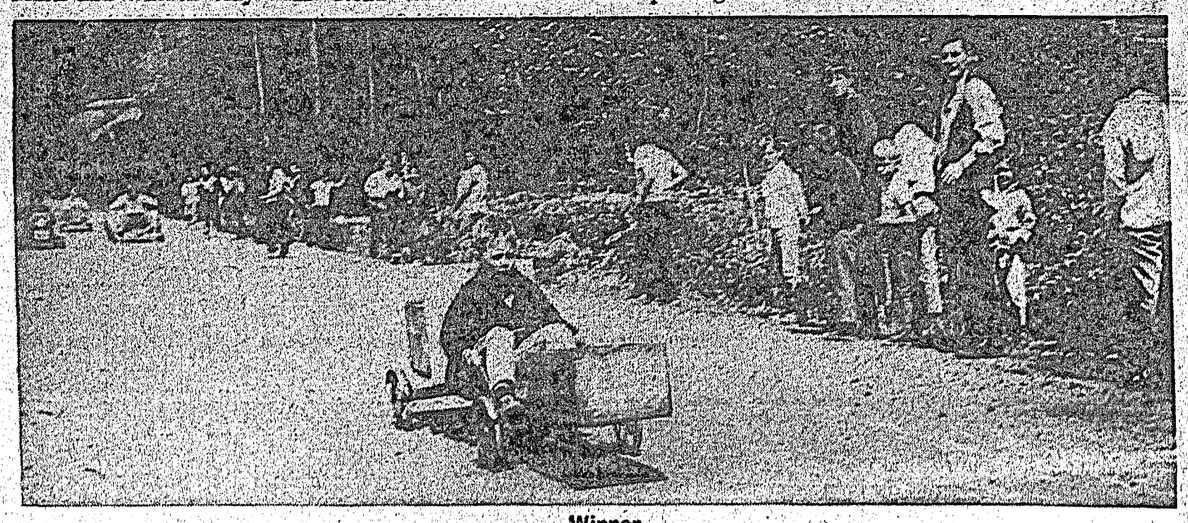
Trophy fish

The boys tried hard but it was a girl who caught the heaviest fish in Pender Harbour Children's Fishing Derby. Valerie Reid caught 2 nice rock-cod and she also landed a giant sunfish winning the award for the most unusual fish. It's one thing to catch a squirmy sunfish but another matter, holding it and it took young Daryl Scoular to show just how strange looking it is.

Soap Box Derby

Early arrivals for Pender Harbour Soap Box Derby line up for starters orders. From left are Bruce Gerick, Mark and Warren Clay with "Road Runner," Gordon Newick, Lorne Reid, Doug Crosby, Lorne Blakey and Mark Sladey. More than twice this number entered proving that Pender Harbour youngsters have plenty of mechanical ability and even more imagination.



Winner

Speeding across the finishing line young Kerry Ward outdistanced more sophisticated vehicles in Pender Soap Box Derby. Coming second was Lorne Reid in "Scruffy" with Andy Peters third. Kerry was up at the crack of dawn making last minute adjustments for the big race. Grand finals are at 9:30 a.m. next Saturday.

Two part event . . .

Pender Harbour May Day final phase Sat. May 17

PENDER Harbour May celebrations commenced last Saturday with the childrens Fish Derby held on the dock at Madeira Park and the Soap Box Derby held at Sladey's subdivision.

Celebrations will continue on Saturday May 17, with finals of the Soap Box Derby being held at 9:30 a.m.

Parade will line up on Sladey's Road and commence at 11 a.m. proceeding to Madeira Park School grounds for the crowning of the May Queen at 12 noon.

This year's May Queen is Ann Crichton who will reign over the celebrations which include sports and tentertainment followed by the May Queen's Ball at the Community Hall from 7-9 p.m. Adult Dance with live music will commence at 9:30 p.m.

FISH DERBY

Everything from tiny shiners to giant sunfish were dragged unwillingly from the Madeira Park dock area last Saturday when over 50 youngsters gathered for the Annual Children's Fishing Derby.

Weigh-in took place promptly at 12 noon and after much weighing, measuring, consultation and advice from young fishermen the winners were declared.

Doug Kammerle caught the smallest shiner. Valerie Reid caught the heaviest fish—a rock cod and also caught the most unusual fish which was a giant sunfish. Mark Sladey caught the most fish—2 tom cods; 1 perch and 3 bull-heads. There were some envious glances cast over the water where weekend sports-fishermen were weighing in some nice salmon and a blushing red-snapper.

SOAP BOX DERBY

A new event this year was the soap box derby and there was plenty of enthusiasm with about 20 weird and very ingenious vehicles entered. There were thrills, spills and one very near "arrest", a few things were dented including young Steve Laakso's leg but nothing serious and this week will be filled with excitement and anticipation as the nine finalists tune up their hot-rods for the grand finals at 9:30 a.m. next Saturday at Sladey's subdivision.

Winners grades 1-4 entries: 1 Kerry Ward; 2 Lorne Reid. 3 Andy Peters. Grades 5-7: 1. Steve Laakso; 2. Warren Clay; 3. Doug Crosby. Grades 8-12: 1. Mark Clay; 2. Philip Crichton; 3. Lorne Blakey.

When forest fire danger is high or extreme fires start readily from glowing embers or cigarette butts.

Elphinstone Secondary Honour Roll students

ELPHINSTONE Secondary School students whose names will be recorded on the Honor Roll for the third term of 1969 are as follows:

Divn I—Sandra Hanson.

Divn II—Judy McKean, Juanita Wray, Nancy LeWarne, Elliott Trueman.

Divn III—Dorian Gregory, Donna Nelson, Dennis Macey.

Divn VI — Frances Finlayson, Bob Barnes, Joan Gory.

Divn XI—Sheahan Bennie, Margaret Gory, Lygie Martinez, Mary Muehlenkamp.

Divn XVII—Kathy Potter, Pomponia Martinez.

DEPARTMENT OF TRAVEL INDUSTRY
Hon. W. K. Kiernan, Minister
R. B. Worley, Deputy Minister

Weigh-In

Measuring and weighing fish is a serious matter in a children's fishing derby and young fishermen crowd around Mr. Alf Harper busy weighing tommy-cod on Madeira Park Wharf on Saturday morning. Over 50 youngsters dangled lines from atop fishboats, along the floats or between the pilings.

Pipelines may be hazardous, too, says Ralph Nader. We look forward to his next book, Unsafe in Any Joint.

Once a boy dreamed of filling his father's shoes, not his seat belt.

DONALD PYE, SECRET COVE - 885-9602

CLARKE SIMPKINS LIMITED

Happy fisherman

The fish just weren't biting last Saturday for the pre-May Day Salmon Derby but Mark Sladey managed to coax six onto his rod, winning the prize for the most fish. Presentations will be made following the crowning of the May Queen, next Saturday at Madeira Park.

Hot Rod

Gaily painted and well constructed entry came first in one of the Pender Harbour Soap Box Derby events. Behind the wheel was Steve Laakso who made a spectacular finish in race for Grades 6 - 7. Giving Steve a helping hand back to the starting line are Tom and Jerry Mercer.

Guides Cookie Week hailed big success

MAY 7 meeting of the Sechelt L.A. to Guides and Brownies was held at the home of Mrs. Mary Flay.

It was reported that Cookie Week was extremely successful and the May 6 Spring Tea held in the Legion Hall was again a popular and successful event. Door prizes were as follows: the adult prize of a cup, saucer and plate donated by L&J Jewellers was won by Mrs. Irma Laycock; boys door prize, a football—Barry Muldowan; girls prize, doll with wardrobe—Linda Rodway; baby's prize, a stuffed toy—Teresa Robilliard.

Members were pleased to learn that Mrs. Dorothy Stockwell has taken over the job of District Commissioner.

The 1st Sechelt Brownie Pack will spend a weekend at Camp Olave May 31-June 1 with approximately twelve Golden Hand girls taking part in the camp-out.

Guide and Brownie leaders are urgently needed this coming September for Wilson Creek. Any interested ladies can contact Mr. Charlotte Jackson or any member of the L.A., Guide or Brownie leader for further information.

Let us help you build a new home

$5000 SECOND MORTGAGE LOAN
FULLY INSURED WITHOUT EXTRA CHARGE

A Second Mortgage Loan to a maximum of $5000 with interest *lower* than Federal N.H.A. first mortgage loans, is now available for construction of a new home.

TO QUALIFY:

1. You must be the first occupant of the home.
2. You must have lived in British Columbia for 12 months immediately preceding the date of purchase or the date of completion of construction of the home.

Providing payments are made promptly as required, 10% (up to a yearly maximum of $50.00) will be refunded to you thus reducing the effective interest rate. For e.g. this would mean on a $5000, 25-year loan, the effective interest now would be 7½%.

...OR AN OUTRIGHT HOME ACQUISITION GRANT OF $1000

A $1000 Home Acquisition Grant is available as an alternative to the Second Mortgage Loan and may be used for building or purchase of a new home started on or after February 9, 1968.

1. You must be the first occupant of the home for which application is made.
2. You must have lived in British Columbia for 12 months immediately preceding the date of purchase or the date of completion of construction of your new home.
3. Previously received Home-owner Grants will be deducted from the $1000 grant

Complete and send the following coupon if you wish further information.

Provincial Administrator, Home-owner Assistance,
Room 126, Parliament Buildings,
Victoria, British Columbia

Please send me full information with regard to the
☐ SECOND MORTGAGE
☐ HOME ACQUISITION GRANT
as I have indicated.

G. S. BRYSON, Deputy Minister of Finance

Around Gibsons

FORMER local residents Mr. and Mrs. C. W. Lock have arrived from Oceanside, California, where they have "wintered" for the past 15 years. They are visiting their daughters in Gibsons, Mrs. Edwin Husby and Mrs. A. M. Davidson before gong to Davis Bay for the summer.

Mrs. N. Skogmo entertained on Monday morning last week for her daughter Sigrid on her 5th birthday. Twelve children were present to enjoy the happy party.

Mrs. N. Berdahl spent 8 days at the Island Hall in Parksville where she was joined by her sister-in-law Mrs. Fred Boudreau of Campbell River.

Visiting Mr. and Mrs. Stan Youdell were the latter's parents Mr. and Mrs. Pete Sotow from Merritt.

Five ladies and 14 children helped Kolaura Schroers celebrate her 5th birthday on Tuesday morning last week. After a jolly play time (with hats, balloons and favours for all) a very delicious luncheon was served by Mrs. Karl Schroers.

Mrs. A. Richard Blakemen returned last Wednesday evening after having enjoyed a visit in Seattle.

Congratulations to Robin and Dianne Bracewell an the birth of a baby daughter at St. Mary's Hospital, April 27, Candy Louise, 7 lbs. 7½ oz.

Mrs. Martha Weal, who was in hospital while in England visiting her son Donald, is now feeling better and recently went to Germany to visit relatives there. She will possibly return from overseas next month.

Mr. and Mrs. Hagelund of Abbs Road entertained at a delightful dinner party on the occasion of their wedding anniversary; among guest were Mr. and Mrs. Victor Dickson, Abbs Road who were also observing their wedding anniversary.

Mrs. Terry Thompson was a visitor to Vancouver Island for a few days recently.

A family party at the home of Mr. and Mrs. Arnold Blomgren was in honor of the birthday of 15 year-old Glenn.

Welcome to Gibsons Mr. and Mrs. B. C. Alderson of Vancouver who have taken up residence at 1689 Marine Drive.

Mr. and Mrs. Oscar Swanson visited friends at Whalley last week.

Mrs. S. Basey was hostess Thursday afternoon, the occasion being the birthday of her daughter Yvette.

Mrs. Phillips Sr. of Harrison Mills is visiting at the home of her son Reg. Phillips, Marine Drive.

Mr. and Mrs. Wayne Swanson are being congratulated on the birth of a son, Bradley Dean, 7lbs. 1oz. at St. Mary's Hospital, April 29th.

Mrs. George Boser, Mrs. T. D. Bulger and Mrs. Edmund H. Gill attended the 47th Annual Catholic Women's League, Vancouver Archdiocesan Council Conference which was held this year at Hotel Vancouver on Thursday, May 8th.

Registration was at 3 p.m. when delegates received ribbons with their name and home parish; these were worn for identification. It was noted that 42 parishes were represented, many from the Lower Mainland. There were 214 ladies present. The Archbishop and 14 priests were in attendance. Two visitors were there from Boston Bar.

It was a worthwhile, rewarding day. Interspersing the business meetings were two 15 minute coffee breaks, a delightful luncheon and a dinner. All enjoyed a time of inspiration and fellowship.

Mrs. F. J. Wyngaert attended a 4 day Pentecostal Assembly of Canada Conference in Kelowna last week, travelling with Mrs. Raynor and Mr. and Mrs. Thieson of Powell River.

Mrs. Ruth Macdonald of Gibsons accompanied them as far as Penticton.

While in Kelowna Mrs. Wyngaert was given a surprise birthday party by her sister Mrs. Black who had the cake beautifully decorated and complete with candles. Relatives and friends were present, among them Rev. and Mrs. Kaiser from Creston.

Unique Fence

Wire baskets gave Mr. Albert Weal of the Gibsons area an idea for an unusual fence and after much work and 1200 baskets he is seen checking his finished handiwork for size with the aid of a couple of friends.

Horse high bull strong fence meets regulation

A FENCE is a structure or other barrier set to fend or ward off trespassing upon lands enclosed. A common saying among farmers is that a fence must be "horse high, bull strong, and pig tight." However, to Mr. Albert Weal on Oldershaw Road and Sunshine Coast Highway a fence is made of over 1200 wire trays discarded from Jersey Farms, Vancouver, where Mr. Weal was employed.

These baskets were formerly used to contain stacked cartons of Ice Cream while stored in freezers. Albert Weal has been retired for three years now and is very busy on weekends gardening, landscaping and generally fixing up his property. Mr. Weal settled in this area about 40 years ago.

Pender High-Lights

—by Karen Dombroski

THE school cleared $359 from the carnival! The Grade Eights made lunch using different recipes for wieners. Deserts were made, and some of them were! Banada splits with sherbet, milk shakes and floats. This luncheon was quite a success.

Student teachers arrived, Miss Churchfield and Miss Ball. Miss Churchfield is specializing in English and French.

The Grads '69 have been selling milkshakes on and off all week in the gym kitchen. The money is going toward the Grad dance.

Report Cards came out. There won't be any recommendations at Pender this year.

Baseball has started for both boys and girls. Every noon hour and after school there are always students playing.

The Junior Boys played a most exciting game of soccer against the Seniors. The Juniors won 1-0.

Most of the school has taken part in a water fight in the latter part of their P.E. period. The water fight has taken place in the creek running beside the school. Many students have come to class almost sopped.

The school board visited the school and enjoyed a salmon lunch which the Grade Nines made. Dessert was made by the Grade Eights.

A saying for the week: It's not how much we have, but how much we enjoy that brings happiness.

Smile

Very good. Now call for a 'Blue' Labatt's: the true-blue beer.
