Some confliction...

Alderman queries cost plan for village use of cost plan

VILLAGE aldermen have expressed interest in conflicting comment attributed to Regional District planner Ed Cuylits. At last meeting of Sechelt Council Ald. Norm Watson pointed out that on one hand the planner has indicated the amount of work he can do for the village is limited for he already needs an assistant, yet, it seems would be able to carry out studies for the village for additional payment over and above what is already contributed by the village. "Would this be a form of moonlighting", he asked.

Mayor Ben Lang explained that the planner merely said he might need a helper before too long. He agreed that if the planner's assistance is provided within his forty hour working week, then the village is already paying its share and Cuylits is getting paid. He was not quite sure what sort of an arrangement would be involved regarding additional payment and suggested the matter be discussed further with the Board finance chairman, Mr. Frank West.

Council is presently considering a planning survey in order to provide a working plan for future development regarding zoning etc. Ald. Watson commented that he is more than delighted with the ground rules being laid down in regards to future planning.

AIRPORT

Reporting on the airport, Ald. Watson said he has been told verbally that it is possible the request for a federal grant, in order to pave the runway, will be rejected. It appears the application did not indicate sufficient use by aircraft to warrant the grant. "I assume they could not see spending $47,000 of public funds on our behalf", he said.

Mayor Lang added that the power plant is almost finished. He said he had heard from a DoT official that they did not wish to see the airport closed and were prepared to assist in obtaining another power plant as a temporary measure.

It was reported that apparently the Dept. has located a plant which it is prepared to loan to the Airport Committee. Ald. Watson added that it is somewhat poor return considering a grant involving $47,000 had been sought. He stressed the point that the answer lies in getting Hydro power to the airport. "If we put money into establishing power, then we would be in a position to submit a further application for a paving grant", he said. Watson also said he has discussed the matter with Mr. E. Hensch of B.C. Hydro and it seems there are possibilities of getting a hook-up at a feasible price.

Meanwhile, the Elphinstone Aero Club is working with the Committee and is presently preparing a brief which, it is hoped, will prove beneficial when making further application for the federal grant.

Mayor Lang expressed the view that it was back in July when DoT people provided the Committee with applications forms. He failed to understand why it took so long to complete and return them. "I understand they were only submitted a month ago", he said.

Pointing to the fact that cost of hydro power is about $14,000. Ald. Watson said it is possible some relief might be obtained by various means. However, he suggested the Regional Board be asked to contribute a one-shot grant of $1,500-$2,000 to be applied to power installation. Mayor Lang agreed to bring the matter up with the Board.

Times First Glance

CANADA PENSION

Representative from the Vancouver Branch of Canada Pension Plan will be in Sechelt October 3rd and will be available at the Social Welfare Office from 9 am to 12 noon. All interested may call in or phone 885-9422.

TIME CHANGE

Next regular meeting of Sechelt Council, October 4th, will be held at 7:30 pm instead of the usual 8 pm. If agreeable to all council members, future meetings will also be held at 7:30 pm. Gibsons Council meets commence at 7 pm every other Tuesday.

THRIFT SALE

Gibsons United Church women have arranged a thrift sale from 10 am to 11:30 am Friday October 6th. Items available will include children's, women's and men's winter clothing and a variety of white elephant and other items.

Additional Help

Senior public health inspector Peter Bell was more than happy to introduce the Peninsula's full-time inspector, Mr. Jack Somers (pictured on left) to members of the Union Board Health when they met in Sechelt last week. Mr. Somers who comes from Saskatchewan is getting caught up on the backlog of work which accumulated while the provincial government was being convinced that extra help was required.

Chamber celebrates 25th anniversary

SECHELT and District Chamber of Commerce has finalized plans for its annual Grand Banquet which this year marks the twenty-fifth anniversary of the Chamber. No talks or business is on the schedule, simply an excellent evening of entertainment for all.

The event will be held Saturday October 14th in the Sechelt Legion Hall with social hour 6:30 pm to 7:30 pm. Entertainment commences at 9 pm with the popular Vancouver based "Fred Bass Trio". Featured vocalist will be pretty blonde, Gillian Campbell, recently returned from a European concert tour. The trio will play music for dancing commencing at 10 pm and continuing to 1 am.

Tickets are now available in limited quantity and may be obtained at the following stores and business premises: Morgan's Men's Wear, Bank of Montreal, George Flay's Barber Shop, Peninsula Times and Coast Cable Vision.

Retarded Children's Assoc. resumes meets

REGULAR monthly meetings of the Sechelt and District Retarded Children's Association have resumed.

On September 20th at 7:30 p.m, ten members met at the "Sunshine School" and heard a very interesting summary given by the local public health nurse, Mrs. Pat Bawtinheimer on the Vulpe Assessment Battery. Although this is something very new, it will give hope and help to parents who have a retarded child.

A newcomer to the area, Miss Grace Jamieson was welcomed. Miss Jamieson who is now retired was senior psychologist with Vancouver School Board.

Following the business meeting, raffle tickets were drawn with the following results:

1st the wool rug made by one of the students at Sunshine School goes to Mrs. Sophie Brackett of Sechelt.

2nd the $50 food hamper donated by Sechelt Red & White Super Market goes to Mr. Clarence Joe of Sechelt.

3rd the mystery prize donated by Pender Harbour Senior Secondary School goes to Miss Kathy Berry of Sechelt.

Next meeting will be held on October 18th at 7:30 in the Sunshine School. Mr. Fabro from the B.C. Association Mentally Retarded, will be guest speaker. All interested persons are most welcome to attend.

Community Assoc. ready to complete hall

TWENTY-FIVE people attended the Roberts Creek Community Association meeting on Wednesday, Sept. 20. Mr. Ellingsen reported for the Hall Committee that the remainder of work on the hall renovations should be completed within six weeks, and that new drapes for the stage would also be installed.

A letter was read from Pender Harbour Ratepayers Association outlining a proposed Council of Ratepayers Associations. No decision was arrived at as to whether or not we should join this Council.

A request was presented by a local orchestra to sponsor a dance they had planned for Friday, 22. As this group has held well conducted dances in the past it was decided to co-operate and operate the affair jointly with them.

It is hoped to be able to get other activities operating for the winter months, and also it is hoped to be able to provide further information on the Opportunities for senior citizens program.

Not educations' bag...

Board of Health Chairman protests dental financing

EDUCATION should not be expected to finance public health programmes, said Chairman of the Union Board of Health, Mrs. Agnes Labonte at the meeting held on Wednesday, September 20th in the Village Restaurant in Sechelt.

In full agreement with Mrs. Labonte was Dr. T. W. Hicks, dental consultant for the Coast Garibaldi Health Unit.

The Sechelt School District already helps finance the dental hygiene programme. To help with operating expenses of the Union Board of Health, school districts are being asked to increase their allotment from 1c per student to 3c. It was suggested that the executive of the Associated Boards of Health approach the new Minister of Health Mr. Dennis Cocke requesting better support. Union Board of Health Director Dr. D. L. Gemmill commented on the need for better mental health service which is minimal at the present time.

Powell River now has a full time psychiatric social worker, Miss L. Bledsoe who has been very busy since commencement of her work in January this year. Dr. Gemmill said there is need for one in the Gibsons-Sechelt area. Reporting on the work load of staff, Dr. Gemmill said there were times this summer when he wondered how they could keep up with it. He also complimented the staff on their fine efforts.

INTRODUCTION

One thing that has been accomplished after much pressure brought to bear on the former Department of Health, is the establishment of a full-time public health inspector in Gibsons. Mr. Jack Somers comes here from North Saskatchewan where he has had several years' experience as P.H.I., and he was introduced at the Union Board of Health meeting. This means that there are three public health inspectors now serving Coast Garibaldi Health Unit, located at Powell River is Sr. P.H.I. Peter Bell and taking over from Mr. Hugh Bell in Squamish is Mr. Peter Lowden from Port Hardy.

Reporting at the meeting, Mr. Peter Bell said that subdivisions throughout the unit are developing and creating a lot of extra work. Problems in the area range from flooding to availability of water and run-off problems. He recommended that a consulting engineer from the Dept. of Environmental Control visit the area.

REGIONS

Whether Coast Garibaldi Health Unit should be included in the Vancouver Island Region or the Lower Mainland Region came under discussion. With either there is the problem of travel but most problems in this Unit are in common with those on Vancouver Island.

Chairman Agnes Labonte after listening to the discussion proposed that either this Unit be included in the Vancouver Island Region or the very large lower mainland region be split into smaller regions with Coast Garibaldi, North and West Vancouver becoming one of them.

Meeting planned...

Sewers revive speculation in Gibsons Harbour scheme

WITH Gibsons Sewage Disposal project nearing completion there appears to be renewed interest in the Gibsons Harbour Development Plan drawn up in 1968 by Dayton and Knight Ltd., Consulting Engineers and R. Alan DeBou, Consulting Engineer.

The Harbour Development Plan as presented by the engineers included a four acre island, Inner Harbour Pleasure Craft Basin; Inner Harbour Commercial Basin, Waterfront Promenade Walkway, Beach Improvement, Public Outdoor Swimming Pool, Waterfront Land Use, and Outer Harbour and Floating breakwater.

Some thirty-five to forty copies of the report were distributed in 1970, but the whole project was dependent upon completion of the sewage disposal system.

Projects Planning Associates Ltd. of Vancouver and Sceptre Dredging Ltd. are now interested in the report, and want to meet with Gibsons Village Council to clarify terms of reference in the 1968 Harbour Development Plan.

Council agreed at last week's meeting, with Mayor Wally Peterson's recommendation that a meeting should be arranged as soon as possible, Coast Chilcotin MP Paul St. Pierre will be invited to attend together with Mr. Ken Kerr, engineer with the firm of Dayton and Knight Ltd.

The report stated that the project would be eligible for Federal Government financial assistance.

Summary of the report also states: "The proposed highway by-pass around Gibsons is of major interest to the harbour development plan. A route for the new access to the highway is recommended in the report. It starts at the island causeway at the foot of Prowse Road and follows Charman Creek through presently undeveloped lands to a controlled intersection with the highway.

PARKING

Also approved by council last week, was a downtown parking study not to exceed $2,000. Alderman Ted Hume pointed out that this would be a part of a preliminary study of the whole lower townsite area, mainly for future development and how to handle existing problems.

SEWER PROJECT

Village clerk Dave Johnston said that the "green light" had been given by Victoria to continue with final stages of the sewer project as council is still within the $845,000 debenture issue. The treatment plant contract has been let and work is underway on excavation.

Before hold-back money is released on the stage which involved the collection line, an advertisement will be placed in local newspapers asking property owners with complaints to submit them to council so that they can be dealt with before settlement is made.

Indian Band accepts Reg. Board invitation

AN INVITATION extended July 10th to appoint a delegate, or delegates, to attend planning committee meetings of the Regional Board, was accepted this week by the Sechelt Indian Band.

At the June 29th meeting of the Sunshine Coast Regional Board it was agreed, after discussion, that the Band be asked to consider representation at Planning Committee meetings to discuss issues of mutual advantage. Further, that it would be pleased to meet with the Band Council whenever problems of mutual concern occur.

At the September 21st meeting of the Band it was decided to accept the invitation. A letter has been sent thanking the Board for recognizing the fact that matters of mutual concern exist and stating that such meetings will be attended by Chief Henry Paull.

Decision held over...

New concrete wharf plans studies by Sechelt Council

PLANS have been announced for construction of a concrete wharf at the site of the old Sechelt wharf on Boulevard and already panic calls have started from the ecologically minded. Fears are that it will be used for gravel loading but the Times has learned that this is definitely not the case.

Plans were submitted to Council last week by "Port O' Call" Enterprises, understood to be a subsidiary of Rivto Straits. Length of the facility will be 333 ft., concrete decked and built on concrete pilings. Use was listed as "for service and supplies".

Alderman Norm Watson asked what is meant by "service and supplies"? Mayor Lang said he too had wondered but understands the structure will be mainly to carry oil company pipes plus a walkway. Further, he said he has been given to understand that future plans will call for a breakwater adjacent to the dock in order to accommodate [illegible] complex. He added that he had asked an executive of the company to supply him with a copy of the original lease requirements. These will apply to the new dock.

Ald. Watson said he would like to see the lease before approving the proposal. It was therefore agreed the matter be held over pending study of the original lease.

ILLEGAL PARKING

Mayor Lang drew attention to the fact that cars are parking almost on top of the new fire hydrant near the bowling alley and he has received a number of complaints regarding the offence.

Ald. Watson, commenting on the illegality of the practice, said that if it continues he has no doubt the fire marshall will take the matter up with the police. Ald. Bernel Gordon broke silence to suggest they be charged. Ald. Watson replied "We know that will remedy the situation but I feel they should be warned first. I would agree that if they continue after being warned then they should be charged".

Mayor Lang stated he has been asked [illegible] down numbers of offending vehicles and phone them in to the detachment, they would then be taken care of.

It was moved warnings be posted first in hopes that charges, will not prove necessary.

DOCK SLEEPERS

Following announcement that action was being considered to remove sleepers from the Porpoise Bay wharf, Ald. Ted Osborne had reported the departure of many of the offenders. Last week he advised of some deterioration in the situation. "A bunch of them appear to have returned", he warned.

It was reported that a number of

Presentation

Obviously delighted with his task, Jeremy Young of Roberts Creek Advisory Farm presents two substantial cheques of $601.25 each, to Mrs. Madge Hansen on left, President of Branch 69 Sr. Citizens' Association and on right to Mrs. Mary Tinkley representing the Sr. Citizens' Housing Society. The money represents the profit from crops grown on the farm during the summer.

Health Unit meeting...

Dental care expenditure B.C. short changed claim

BRITISH Columbia is being short-changed on dental care expenditure, according to a report submitted by Coast Garibaldi dental health consultant, Dr. T. W. Hicks who attended last week's meeting of the Health Unit held in Sechelt.

According to a recent report submitted to the College of Dental Surgeons of B.C., six per cent of the nation's total expenditure on personal health care goes toward dental care costs. In B.C. the percentage is less than two per cent.

Figures given in the report show that total public health expenditure in B.C. for the year '72-'73 was $24,100,000; dental public health funding amounted to $437,000.

The need in British Columbia is for preventive dentistry said Dr. Hicks who states that even minimal requirements, are one full-time dental hygienist and assistant in the Health Unit.

Dr. Hicks report concluded with the following paragraph:

The Toronto dental health statistics delineate clearly attainable goals for our province. Those levels have been achieved after years of effort by dedicated public health employees encouraged by adequate fiscal policies. There is, as yet, no foreseeable or effective panacea for good dental health. Fluoridation of communal water supplies in the province, far from being mandatory, actually confounds democratic principles by requiring a 60% favourable response at the polls. To a large extent, the resident of British Columbia are denied even this safe and effective measure. This means, we must concentrate our efforts to effect positive and valuable preventive dental program for the citizens of this province. When one considers the savinds in dollars and manpower (considering a 50% reduction in dental disease rate) the advantage accruing in terms of decreased private treatment costs and improved physical health and well being, far exceed the value of monies required for public health preventive programming.

Questioned about side-effects of fluoridation, Dr. Hicks said there are no adverse side-effects. A reward has been offered in the United States for anyone who can prove harmful side-effects of fluoridation, and no-one has yet been able to claim it. However, Dr. Hicks added that those opposed to fluoridation will never believe this.

Safe Motoring

BACK TO SCHOOL

THOUSANDS of young people returned to school this month and drivers should be especially careful in watching for them. Always remember children do unpredictable things. Drivers are reminded to pay particular attention to school zones and to obey all school zone speed signs (20 m.p.h.). The police will be closely watching school zones for speed violators.

Motorists should also be on the lookout for increased bicycle traffic, especially in the early mornings and late afternoons.

Forty-three pedestrians were killed in traffic accidents in the first six months of this year and 19 of them were children 16 years of age or younger.

The red flashing lamps on a school bus indicates that students are either entering or leaving the bus. Vehicle drivers are required by law to stop when the lamps are flashing if they are approaching the signalling school bus from the front or the rear. The requirement of the law is to remain stopped until the lamps stop flashing.

1972 AMENDMENTS

The following are recent changes made to the Motor-Vehicle Act Regulations:

1. The mounting of tail lamps and rear vehicle reflectors at heights of fifteen inches is now allowed rather than twenty inches minimum height previously required. Two auxiliary driving lamps are now legal on motor-vehicles, making possible the development of better headlamp systems. It has long been the concern that vehicles overdrive the visible range of headlights when travelling at high speeds and the change will provide greater safety through better visibility. These changes will bring British Columbia vehicle equipment requirements in line with the Canadian Motor Vehicle Safety standards.

2. The new amendments allow police departments to use blue flashing lamps on police vehicles as a distinctive indentification. The blue flashing light will not replace the red warning light on police vehicles but will supplement it and police vehicles will still have to show a flashing red light and sound a siren when making emergency runs.

3. The use of radial and bias ply tires has been modified. The regulation now requires that on four wheeled vehicles there cannot be a mixture of radial and bias plys tires but on vehicles with more than four wheels there can be a mixture provided all tires on an axle are of the same type.

4. Recreational vehicles and mobile homes manufactured after October 1st, 1972, and offered for sale in British Columbia must comply with the vehicular safety standard of the Canadian Standards Association. This regulation demands better braking, hitches, lights, tires and glazing on the vehicles in the interest of highway safety.

Loose cargo on trucks causes serious problems when a sudden stop is demanded. The cargo shifts forward and frequently slams into the cab of the vehicles. This is of particular concern when a cargo vehicle is in an accident. Devices are available to secure loads and owners of these vehicles are urged to use them. Your load that may shift could be a boat, a load of lumber, a snowmobile, or many other articles you transport. A secured load saves compounding a traffic accident—and may save serious injuries.

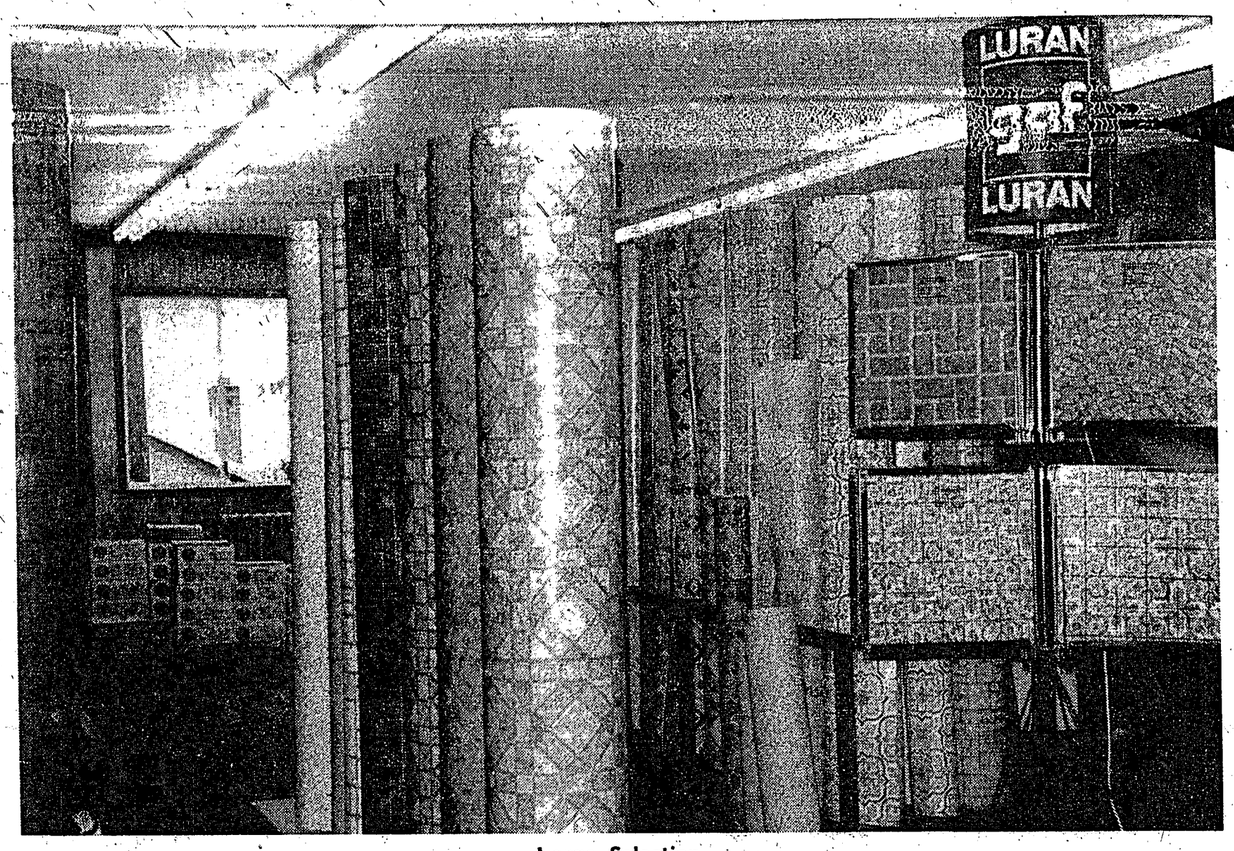
SERVICE CHARGES

The policy of assessing service charges on past-due accounts is becoming more acceptable. The sizable percentage of past-due accounts has led many credit executives to consider imposing such a service charge.

There are some 18.5 million adults in the U.S. who cannot read well enough to fill out "survival forms"—applications for drivers' licenses, Medicare, bank loans, and other necessary forms.

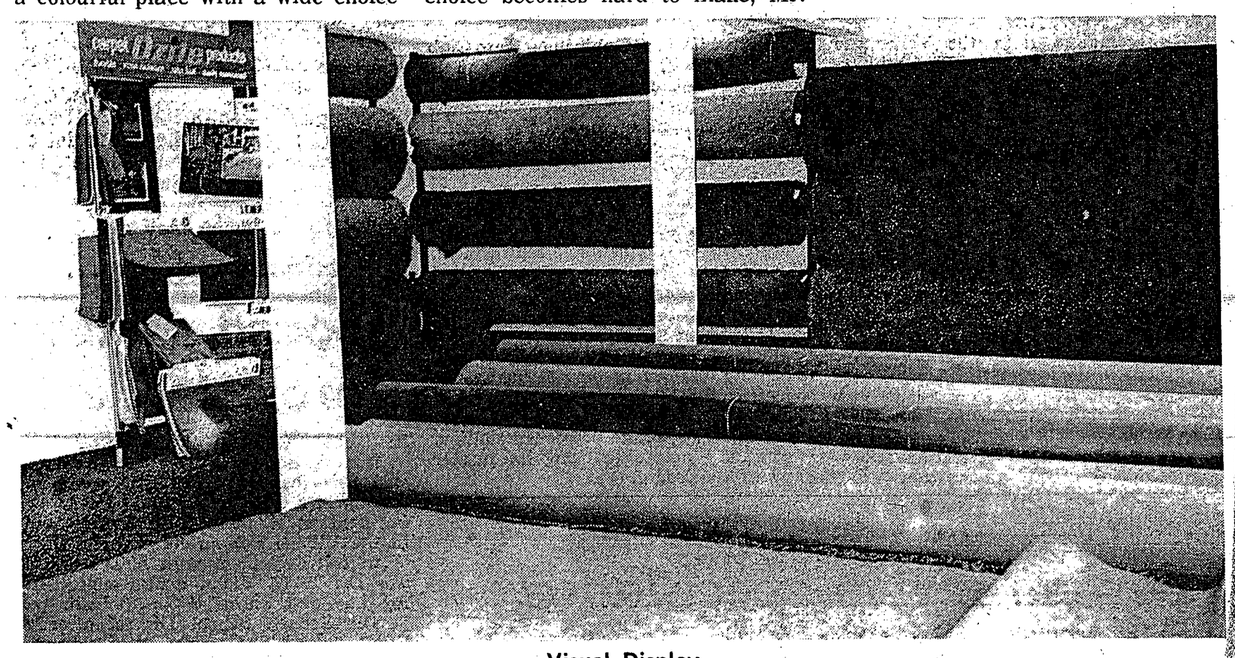
Celebration

Busy people on Saturday were Mr. and Mrs. Ken Devries who welcomed the community to the official opening of their expanded store which reflects the growth of this rapidly developing area.



Large Selection

With 2800 sq. feet of carpeted display area Ken Devries Floor Coverings is a colourful place with a wide choice of hard surface covering including cushion floor samples and when the choice becomes hard to make, Mr. Devries is always available with expert guidance.



Visual Display

Wall to wall beauty and comfort in green, gold, orange, plum and cherry red has to be seen to be really appreciated, and Ken Devries spacious new display area leaves little to the imagination when choosing the colour and style to fit in with even the most luxurious dreams at reasonable sale prices.

Success story...

Gibsons carpet showroom undergoes major expansion

NEW fibres, weaves and colours have revolutionized the carpet industry during the past five years, carpet even goes under water to line concrete swimming pools. This may seem like the ultimate in luxury, but a visit to Ken De Vries Floorcoverings Ltd., in Gibsons will prove that carpet can be as economical and far more beautiful than any other type of floorcoverings.

Ken De Vries brought the first showroom devoted exclusively to floorcoverings, to the Sunshine Coast in April 1970 and now, less than two and one half years later he has expanded into twenty-eight hundred square feet area which displays to advantage the huge rolls of carpet.

A visit to the lovely showroom is enough to brighten anyone's day and is almost equivalent to being in a beautiful garden which probably has something to do with the winding pathway of imitation tile linoleum nestling in the green shag carpeting and surrounded by a kaleidoscope of colour provided by the samples of carpeting.

At a guess almost eighty per cent of carpeting is now nylon, says Mr. De Vries, and surprisingly there are two carpet manufacturers in British Columbia, one in Kelowna, the other in North Vancouver.

Keeping pace with the new exquisite colours of carpets are equally beautiful drapes, and these are also on display so that carpeting and drapes can be selected at the same time. There is also a complete section devoted to hard-floor covering which now includes cushion linoleums ranging in price from $4 to $10.95 per square yard.

Mr. De Vries and his staff which includes his wife Freda, son Albert and his wife Mary-Ann; and two valued young men Al Lawson and Dana Murphy, are all experienced in the business which does not end at the sales counter but follows through with installation by highly qualified personnel.

The De Vries family came from Holland to Canada, twenty-one years ago and before coming to Gibsons owned a successful floorcovering business in Vancouver for fifteen years under the same company name. Despite the recent expansion, Mr. De Vries finds in more relaxing to be in business on the Sunshine Coast where already he is held in high esteem, and this piece of information was obtained from talking to more-than-satisfied clients.

The expansion sale lasts from September 23rd through to October 14th and the prices are really something to watch, and if you too are curious about such names as Algerian Orange, Indian Corn, Egyptian Gold and Ancient Green, drop in to the showroom and see for yourself what has been happening in the carpet industry.

DOOR PRIZES

Door prize winners at the store were: Mrs. Gary McDevitt, Gibsons, throw rug. Mrs. J. A. Morgan, Halfmoon Bay, carpet sweeper. Mrs. Sowerbuts, Gibsons, oval rug.

Doctors have helped to alert us to the role of cigarettes in lung cancer and in other diseases.

At Brushwood Farm...

Weather-man generous for riding club's show

RAIN threatened to wash-out Timber Trail Riding Club's recent fall show, but just in time the wet mist began to clear and as the day progressed, the weather improved.

Bruce and Trish Cramer had made Brushwood Farm on Pratt Road available for the event which commenced with the foal showing and ended with western games. Judge was Mrs. Dorothy Todhunter and Vancouver police inspector Bud Errington was ringmaster.

Stylish rider Lee White and her mount Yeller once again took the junior trophy with 19 points and was awarded the high point junior trophy donated by Sechelt Agencies Ltd.

Gordon McKee of Roalcogor Ranch at Pender Harbour, riding Kadluck Navoiyak gained 17 points to take the senior high point trophy donated by Mr. and Mrs. Fred Stenner.

It was a bad-luck day for Julie Gallup, an Elphinstone student who received a nasty kick from a fractious horse and was unable to enter the events.

Foals: 1st Yogis Sunrise (Lowell Pearl); 2nd Brushwood Peso (Debbie Marsh); 3rd Bar Black McCue (Linda Husby); 4th Brushwood Sabrina (C. Sandy).

Yearlings: 1st Cloudy's Smoke (Debbie Marsh); 2nd Sahara's Rapture (Don Gallup); 3rd Brushwood Kitty Hawk (S. Woods); 4th Blue Spotted Lady (L. Pearl).

Junior champion: Cloudy's Smoke owned by Brushwood Farm.

Stallions: The only stallion entered but a beautiful animal was Ken Fiedler's Al Husan.

Mares: 1st Bint Faharazim (C. Chamberlin); 2nd Honey Aga McCue (E. Vanichuck); 3rd Babe Taylor (Barbara Knudsen); 4th Tennessee (Lynn Blomgren).

Geldings: 1st Kadluck Navoiyak (Gordon McKee); 2nd Tiffaddi (Debbie Marsh); 3rd Sharab's Golden Sundance (Lynn Fiedler); 4th Cyrano (Don Gallup).

Senior champion: Mr. Cec. Chamberlin's lovely Arab mare Bint Faharazim took the senior champion award.

Horse and rider: Gordon McKee and Kadluck Navoiyak won the trophy donated by J. Harvey Department Store for the best turned-out horse and rider. 2nd Elaine Vanichuk (Honey Aga McCue); 3rd Barbara Knudsen (M. Rang); 4th Lee White (Yeller).

Pleasure: Senior Western Pleasure, 1st Gordon McKee (Kadluck Navoiyak); 2nd Barbara Knudsen (Babe Taylor); 3rd Cathy White (Shufly Boy).

Junior Western Pleasure, 1st Elaine Vanichuck (Honey Aga McCue); 2nd Lee White (Yeller); 3rd Susan Kleimeer (Red Raider).

Sr. Western Equestrian: 1st Cathy White (Shufly Boy); 2nd Barbara Knudsen (Babe Taylor); 3rd Gordon McKee (Kadluck Navoiyak); 4th Debbie Marsh (Tiffaddi).

Jr. Western Equestrian: Elaine Vnichuck (Honey Aga McCue); Lee White (Yeller); Susan Kleimeer (Red Raider).

Open jumping: Gordon McKee (Kadluck Navoiyak); Kevin Anderson (River Point Joe); Susan Kleimeer (Red Raider).

Barrel racing: Lee White (Yeller); Cathy White (Shufly Boy); Tom Stenner (Miss Snow Cat); Kevin Anderson (River Point Joe).

Pole bending: Kevin Anderson (River Point Joe); Cathy White (Shufly Boy); Tom Stenner (Miss Snow Cat); Dave Husby (Buddy).

Stake race: Lee White (Yeller); Kevin Anderson (River Point Joe); Dave Husby (Buddy); Nina Christmas (Kitty O'Doon).

Keyhole: Kevin Anderson (River Point Joe); Lee White (Yeller); Nina Christmas (Kitty O'Doone); Tom Stenner (Miss Snow Cat).

Business Development

Housing nine apartments and the home of Ken Devries Floor Coverings Ltd., this recently expanded building is an attractive addition to the Gibsons business community. The whole length of the ground floor is devoted to the display of all types of floor covering.

Every parent is at some time the father of the unreturned prodigal, with nothing to do but keep his house open to hope.

Politicians attending...

Cultural-Unity Conference set for Sechelt October 7

AT A Presidents' Council of the British Columbia Association of Non-Status Indians, held in Vancouver last August, Tony Belcourt, the National Metis and Non-Status Indian leader, said that a great communication gap existed between the non-status natives and the rest of the community. Not only has this gap existed between the non-status people and the white population, but also in the relation to registered Indians.

If this is the case, then the Sunshine Coast Local of the BCANSI, must be commended in its attempt to bridge that gap.

Ben Prest and Wayne Clark are now working day and night to ensure that the Cultural Unity Conference on October 7th, in Sechelt, will become a vehicle to break down this centuries old barrier.

They have already mailed out preliminary briefs, on cultural-unity, to various Indian, community, and political leaders. Now they are preparing policy statements, to be presented to the assembly on October 7th, on housing, recreation, education, economic development, and political involvement. It is their aim to have these statements ready for presentation to the general membership on Oct. 3.

"This is a democratic organization," says Ben Prest, president of the local. "Once we have the policy statements developed, we'll present them to the general membership and make amendments, deletions, additions, etc. In the end the policy of this local must truly reflect the views of the members, all the members. And we are doing everything possible to get all the non-status people on the Sechelt Peninsula involved."

Invitations to attend the conference have now been confirmed by Don Lockstead, newly elected NDP member of the legislature, and his opponent in the recent provincial election, Liberal candidate Mike Blaney. Federal politics will be equally well represented as both Paul St. Pierre and Harry Olaussen, the Liberal and NDP candidates, have promised to attend. Several other MLAs have also sent word that they will be attending the conference if their schedule permits.

"Although there will be political figures representing all levels of government in attendance," said Prest, "this is not a political forum. They will have an opportunity to address the assembly, but the conference will deal mainly with Indian culture, and the Indian position in modern society."

The Sunshine Coast local has already made arrangement for accommodation with three motels, and have booked the Peninsula Drive-In dining room for the dinner. Indications are that most of the people coming to the gathering will also be coming to the dance at Robert's Creek, later that evening. Provincial leader of the BCANSI, Fred House, has promised that he will bring his fiddle and intends to play it during intermissions at the dance.

"This promises to be one of the most constructive gatherings to be held on the sunshine Coast in a long time," says Wayne Clark, a Board member.

Clark, who has served on the provincial executive of the NDP in the past, also expressed pleasure that so many of the politicians are interested in the problems of the non-status people, and the problems faced by Indians generally.

Clark says, "It is of paramount importance that the new government in Victoria is made to realize right away, that they will not be the cure-all for native people. Rather, the answers and remedies must come from native people themselves. All Victoria can and should do, is make available, to the people, programs that are now in existence, and not be a stumbling block in any way with well intentioned, paternalistic, legislation.

"That is why I, as an individual, am very happy to see the new Premier, Dave Barrett, get off on the right foot with instructions to the Hon. Mr. Frank Calder and the Hon. Mr. Norm Levi, to form a policy to make available all areas of government that were formerly denied us.

"One of the greatest catalysts that we, as Indians, can use to attain economic stability, is control of our own financial destiny. And I see in my mind's eye, the $25,000,000 of the First Citizens' Fund, which is presently invested in Hydro and other bonds, should be redirected with the thought of being invested, in its entirety, in the only native Indian controlled financial house, the Coyote Credit Union."

Evelyn Prest and Imelda Schmidbauer went on an all day recruiting expedition to Pender Harbour, on Setpember 21st, and were pleased by the reception they received. Not only did they enjoy visiting with the ladies from the upper peninsula, but they returned with four new membership applications. They are now planning to return to the area, and arrange a meeting between potential members and the rest of the executive.

The Pender Harbour non-status first expressed interest in the BCANSI to Henry Paull, chief of the Sechelt Indian Band, and he directed them to the Sunshine Coast Local executive. This is another example of how the Sechelt band has co-operated with, indeed helped, the non-status group.

Mrs. Prest reports that she has been very cordially received whenever she has dealt with the business community on behalf of the Sunshine Coast Local, and that much interest has been expressed in the October 7th gathering.

"All kinds of people have asked questions about the conference," she says. "It's amazing how many people never realized before that there was such a thing as a non-status Indian. I guess one of the reasons for this is that very few of our people have ever spoken out before. Most of the people are sincerely interested in what we're trying to do, and are very helpful. It's been a lot of work and running around, but I'm sure October 7th will prove that all our efforts were worth it.

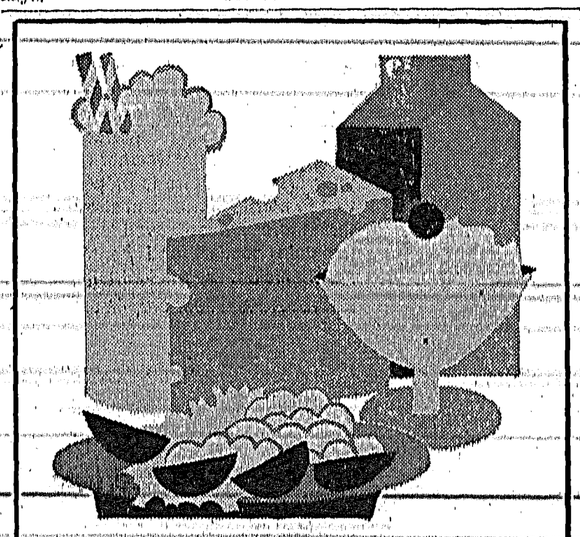
B.C. is a beautiful place

Don't mess it up



What's so special about B.C. MILK?

The lush pasturelands of the Fraser Valley . . . the green rolling meadows of Vancouver Island, the Okanagan and other interior regions. Add the finest dairy herds to these rich grazing lands and you have the reason why every part of British Columbia enjoys a continuous supply of farm-fresh milk and other dairy products. In the warm weather months, we have a tendency to consume a wider variety of artificially flavored drinks . . . but there really isn't any substitute for the nourishing goodness of real fresh milk. Make sure you and your family enjoy a cold glassful next mealtime. Also enjoy the delightful flavor of B.C.-produced cottage cheese, yoghurt and ice cream. They come to you fresh from some of the finest dairy regions in North America.

A collection of recipes using B.C. dairy products is yours for the asking. Just write:

Starting November...

Senior Citizens Branch 69 reactivate Sunday Socials

GOOD crowd of members assembled at the Sechelt Legion Hall last Thursday for a meeting of Branch 69 Senior Citizens' Association which was packed with interest and activity. When the President, Mrs. Madge Hansen called the meeting to order, members stood for a moment in silence in tribute to the memory of Mrs. Betty Williams and Mr. and Mrs. Harry Taylor. In the absence of the secretary, Miss Adele de Lange through sickness, Mrs. Dave Hayward recorded the meeting.

The President advised that approval having been received from the School Board and the Principal of Sechelt Elementary School, Sunday socials would recommence the first Sunday in November and the convenor would again be Mr. Dave Hayward.

Owing to the resignation of Mrs. Lilly Dunlop who had moved to Gibsons, a convenor was required for the fall bazaar planned for Saturday, October 28. Mr. Hugh Duff agreed to give the matter consideration. The bazaar would be opened by Mr. J. W. Ashwood, President of the Powell River Senior Citizens' Association.

There had been considerable correspondence, reported Mrs. Hansen, regarding the present ambulance service which was considered inequitable and a financial burden to many individuals. Both the Village Council and the Hon. Isabel Dawson had agreed that such service should come under the control of the Regional Board. A reply from the Regional Board indicated that the Board was obtaining costs of ambulance service and were giving the matter consideration.

Mrs. Hansen reported that Northshore and coastal branches of the Senior Citizens' Association had been formed into a Regional District. The Regional meeting planned for September 18 had been postponed to November 6 and would be hosted by the North Vancouver branch. Mrs. Hazel Evans had been appointed official delegate.

For the Transportation Committee, Mr. Hayward reported tentative plans for a November bus trip to Hope by the new highway and he hoped to make a definite announcement at the October meeting. He also advised that the colour photograph contest had been extended until October 15th. Entries could be left at the bus depot, Sechelt on October 14 or 15, judging taking place on the 16th.

Mr. Emory Scott, Senior Citizens' Counsellor, spoke about the various services available to senior citizens' and in particular, the senior citizens' cards issued by the B.C. government which entitled residents over 65 to reduced fares on B.C. Hydro buses. Application forms can be obtained from Mr. Scott. In answer to many enquiries, he explained that the $50 tenant grant was available to all those 65 and over who lived in rented houses or apartments and who had been paying rent for at least a year. Mr. Scott said he was available to all senior citizens' for information or counselling any time or any place. He also suggested sending in an application for a grant under the New Horizons' Programme for an old-time dance club. He needs ten senior citizens to sign the application form, so all senior swingers who would be interested in waltzes, square dancing, polkas and so on, get in touch with Mr. Scott at 886-2916 right away.

A guest at the meeting who received a warm welcome was Mr. L. D. MacLaren, President of Gibsons O.A.P.O. Regarding the seven-day charter trip which he had organized to Hawaii, he advised that the bus would leave Sechelt at 1:30 p.m. on October 6 and passengers living between Sechelt and Gibsons should phone Don at the bus depot and make arrangements where they would like to be picked up. He was sorry that on the return journey, the plane would arrive too late to connect with the last ferry and it would therefore be necessary for passengers to spend the night at the Airport Inn. He was making plans for more charter trips, probably one to England or Scotland in the spring, so anyone interested, telephone him at 886-9829.

Mr. MacLaren spoke of the enthusiasm created by carpet bowling at the Gibsons O.A.P.O. where, he said, the best bowler was 87 years old. He thought it might be possible to bring the equipment to Sechelt some time to demonstrate to the members of Branch 69. He expressed keen appreciation of the co-operation between his own branch and the Sechelt Senior Citizens' Association.

A happy event of the afternoon was the presentation of two cheques, each for $601.25 by Jeremy Young, representing the Agricultural Advisory Farm at Roberts Creek. One cheque was accepted by Mrs. M. Hansen on behalf of Branch 69 Senior Citizens' Association and one by Mrs. M. Tinkley on behalf of the Sunshine Coast Senior Citizens' Housing Society. Mr. Young explained that the farm project had been organized with the help of an "Opportunities for Youth" grant with the object of creating jobs for a group of ten young people. To qualify for the government grant, it had to be run as a non-profit making project and profits had to be given to local charities. The group had chosen the two senior citizens' organizations of Sechelt to benefit from their donations fund to indicate their interest in senior citizens' and in an endeavour to find a means of communication with them. They had hoped to accumulate a sum of $2,000 but their promising strawberry crop had been spoiled by rain. The raspberry crop, on the other hand, had been very good. Mrs. Hansen and Mrs. Tinkley thanked Mr. Young on behalf of their organizations and offered congratulations on a most worthwhile project successfully completed. The group who had operated the Agricultural Advisory Farm were Jeremy and Judith Young, Oscar and Doris Iuon, Robert and Randy Morgan, William and Dianna Boragno and Tracy Tame.

Mrs. Dorothy Stockwell introduced a short programme of music and led the singing of "The Bells of St. Mary's and "White Cliffs of Dover". Aloha-Oe was sung especially for the people who were bound for Hawaii on October 6, with guitar accompaniment by Mrs. B. McCrady and piano accompaniment by Mrs. Ruby Hatcher. Mrs. Stockwell would be interested to hear from anybody interested in singing or able to play a musical instrument. Drummer or violin player would be particularly welcome but if you play any instrument and are willing to take part in a programme, telephone her at 885-2494.

Hampers were won by Mrs. Ruby Hatcher and Mr. Tommy Marstin. Mrs. Alice Batchelor was the winner of the raffle.

Store fresh mushrooms uncovered, in the refrigerator, preferably in the vegetable drawer.

Triple Honours

It takes a very special effort to win these Elphinstone trophies awarded for highest total points for scholarship; sportsmanship and citizenship. Pictured with their awards are from left, last year's grade 9 winner Kathy Marcroft (Trueman Trophy); Grade 8, Julie Gallup (John Wood Trophy) and grade 10, Debbie Willis (Sunnycrest Trophy). Presentations were made when the school re-assembled for this term.

Places and Houses

—by Dennis Shuttleworth

WHILE the previous articles have dealt with the general factors involved in finding a top flight retirement haven, this one will get down to the things which help in buying a good lot.

It is not an attempt to sell anything, so there will be no mention of specific areas. Instead it will discuss the fundamental principles, and leave the reader to decided whether to apply or reject them on the next lot-hunting trip.

Surprisingly, the first principle is the solidity on the ground itself. Well designed structures stay up, in part, because the ground beneath them is capable of taking their weight. The obvious case would be a lot in a swamp under five feet of water. The answers would be to drain the swamp, build a very large "mattress" foundation to spread the load or, do what the great Isambard Brunel did at London docks and design the building as a ship. All these solutions are very expensive and beyond the normal purse.

Another example of unsafe ground is often seen on steep slopes. All ground tends to lie at its own natural angle for its type, which engineers call the angle of repose. If this angle is increased by cutting away earth or by undercutting by tide or flood, there is an ever present risk of a slide with often fatal results. Such conditions have and do occur on the Sunshine Coast and your local planner, building inspector, surveyor, and some real estate agents have been approached with a view to a meeting to devise an incident map of such occurrences and make it available for inspection. Te response has been favourable and there may be more to say in a later article.

The next factor is accessibility. Often very choice lots lie near the top of a hill and lack only a road. If you like privacy to the point of building and then maintain your own mile long road, you may find your patience stretched when it comes time to pay for hydro and public water service installation. The tops of hills should also be checked for the tell-tale signs of lightning.

Natural heat and light have been dealt with briefly, earlier. For the scientific, our latitude here is 50 degrees north of the equator, the same as Falmouth in England. This means that June 21st noon angle of the sun is 63½ degrees above the horizon and the Dec. 22nd noon angle is 63½-47-16½. Not only does this difference in angle make our seasons and vary the lengths of our days, but also means that what light is going on Dec. 22nd is not about to shine in a lovely north facing picture window. The heat from such sunlight is of the order of 250 BTUs per sq. ft. of window per hour. This is enough to take a pint of water from tap temperature to boiling. On a large area, like a garden, the heat falling on a southern slope can advance the growth date by 2-3 weeks over an eastern slope and 4-5 weeks over a northern. This can be checked next spring, but a glance at snow pockets will serve.

A major aspect is view. Since this is an emotional subject, there are those who love a sea view and those who loathe it, just as some love trees and others see only an obstacle. The wisest course for me, is to steer to avoid. Other equally variable points are the size of the dream lot, whether neighbours are close or far, the location of the nearest hospital and stores, and the distance to work.

Noise is another common problem and one of growing research importance for its effect on mental and physical health. Road noise is the main offender here and is at its worst on hills, curves and speed limit change points. Hazardous corners invite their own special noise and nearby houses are often turned into emergency wards.

Smell is yet another factor. For the average male, Chanel #5 or its equivalent, is an odour to be as close to as possible, but the same cannot be said for tanneries, breweries, paper mills, sewage plants or fish processing factories.

The shape of the lot is of critical importance, as is the direction of its access. Lots come in all shapes and sizes from squares to rhomboids, and rectangles to promontorys. Almost invariably, the shape decides the direction of the approach and this, in turn affects the design of the house planned for the lot.

Corner lots are usually taxed more than single frontage lots, as the amount of frontage fixes the amount to be charged for services(for example a very long narrow Regional District against a circular one). Even lots of identical size can be taxed differently, as is apparent if you consider a lot of 290'x100'. If you place the 200' side to the road, just watch your neighbour, if his 100' side to the road is taxed at the same rate.

The survey and legal aspects are beyond the intent of this article. The best advice is to retain professionals in the field and do not substitute amateurs, regardless of their enthusiasm. This leaves you with only D.L.S. surveyors, solicitors and notaries public.

Not beyond you, is your right to insist upon a conditional clause being written into any agreement to purchase, that the offer is subject to the purchaser being able to obtain a permit to build a sewage system and/or a building permit, which will not be issued without the Health permit.

Do not accept real estate salesmen's "it has been percolation tested" as meaning a thing. A lot of people say, "I sat for my B.S's finals". In both cases the result is the crunch question, and in this instance the result is the health inspector's permit to proceed with construction of the sewage system. If the salesman has the permit (and it is valid for six months only), you should be safe without it, insist upon the additional clause if further information is required, it is available from the Health Unit at Gibsons (886-2228), where Mr. J. W. Somers is the health inspector, of from the Regional District office (885-2838) where Mr. Cuylits or Mr. Reyburn may also help you save yourself thousands of dollars if you will ask before you sign. In Sechelt, the gentleman is Mr. Gregory. Many things in government are pure red tape, but not this, though I may be biased. Perhaps the best solution to prevent well intentioned buyers from becoming stuck with useless lots would be for the Regional District to pass a by-law prohibiting the sale of lots without a health permit, and the only way to do that is to phone your councillor and ask if the authority exists to pass such a by-law. If it does, let us have it, for the common good.

So much for lots, and as you can see, they are not a dull dry subject. The next article will deal with simple science applied to house design.

MORE ABOUT....

• New wharf plans

—from page A-1

signs are being forwarded from the Department of Public Works warning "No Goods or Debris to be left on floats". It was also agreed that a careful watch be made of the situation regarding sleepers and pollution.

COWRIE STREET

Written report submitted by Ald. Harold Nelson, absent, advised that signs defining Cowrie Street have been ordered. It has been pointed out previously that there is little to indicate to visitors which is Cowrie.

Ditching is scheduled in the area of Inlet and Dolphin where recent heavy storms led to flooding.

West Porpoise Bay Road has been graded twice just recently and is in fairly good shape. Council plans on carrying out paving in that area next year.

DEPENDABLE

Medallion electric heat

If you have decided to install electric heating in your home, you're undoubtedly looking forward to enjoying the kind of comfort and dependability that comes with the most modern system available. The key factor, of course, is the installation. That's why we recommend that you ask your builder or heating contractor to install it to Medallion standards.

The electrical industry put years of experience and study into the developmentment of the Medallion standards – proven installation practices which are your assurance of the quality and performance you are expecting, and paying for, when you install electric heating.

The Medallion standards mean that the system has been sized correctly to insure comfort in any weather normal to your area; that there is proper insulation to conserve heat and save money; that there are approved controls to maintain comfort and contribute to more efficient use of electricity.

Baseboard and floor drop-in units, ceiling cable, wall units, forced warm air, hydronic – there's a wide choice of equipment to suit individual needs. Electric heating gives you the opportunity of having individual thermostats for room-by-room temperature control. It's clean, quiet and efficient – the most modern system available.

What about operating costs? B.C. Hydro will give you a written estimate of annual costs of heating with electricity and any other information you would like about electric heating. All for free. Call B.C. Hydro Customer Advisory Service. They'll give you a warm welcome.

Those long-distance rate proposals

Here's what they mean to you:

The B.C. Telephone Company has proposed a new long-distance rate structure designed to encourage customers to dial their own long-distance calls within the company's operating territory.

You would pay a lower rate if you dialed your own calls instead of placing calls through an operator.

The rate structure has been proposed in an application to the Canadian Transport Commission, which regulates the company.

Member companies of the Trans-Canada Telephone System plan to introduce a similar pricing formula for long-distance calls across Canada.

Within the B.C. Tel operating territory, the proposals would increase the cost of some long-distance calls and decrease the cost of others. It is expected that the increases would offset the decreases, so that no net increase in B.C. Tel's long-distance revenue would result.

Under the proposed rate structure, customers who dial their own calls would not pay a three-minute minimum charge. They would pay only for each minute they talked*

This would mean, in most cases, that calls of two minutes or less in duration would cost less than they do under the existing rates.

In some cases — particularly in the case of calls over short distances — a three-minute call at the proposed rates would cost more than the same call costs now.

You would pay for customer dialed calls by the minute — no three-minute minimum charge.

The three-minute minimum charge would remain in effect on calls placed through an operator.

Another major difference in the proposed rates is that customers who dial their own long-distance calls would pay a lower rate than customers who place their calls through an operator.

Most calls placed through an operator would cost more than they do under the existing schedule. The new rate structure also proposes changes in the special rates that apply for night and Sunday calls.

You would save from 25 to 50 per cent on night and Sunday calls you dialed yourself.

By dialing their own calls between 6 p.m. and 11 p.m. weekdays, and between 8 a.m. and 11 p.m. on Sunday, customers would get a 25 per cent discount on the total cost of each call.

Customers who chose to dial their calls between 11 p.m. and 8 a.m. any day would get a discount of 50 per cent on each call. During those hours you could call anywhere in the province at a maximum cost of 23 cents a minute. And this discount period would apply for three hours more than the late-night rate under the existing schedule.

Most calls placed through an operator would cost more.

The new rates would not provide any discount on the first three minutes of night and Sunday calls placed through an operator. A 25 per cent discount would be applied to the cost of additional minutes only. The discount would be in effect from 6 p.m. to 8 a.m. weekdays and all day Sunday.

The following tables illustrate the effect on charges for typical long-distance calls if the proposals are approved by the Canadian Transport Commission:

NOTE: In exchanges where Direct Distance Dialing equipment is not now installed, calls that could otherwise be dialed direct would be handled by the operator at the customer-dialed rates.

* The three-minute charge, and the existing rates, would be retained for customer-dialed calls between the following communities:

Bowen Island – West Vancouver, Haney – Port Coquitlam, North Vancouver – Whalley, Port Coquitlam – Whalley, Agassiz – Chilliwack, Bowen Island – Deep Cove, Whalley – Whytecliff, Bowen Island – North Vancouver, Bowen Island – Vancouver, Christina Lake – Grand Forks, Grand Forks – Greenwood, Whalley – West Vancouver, Castlegar – Trail.

All operator-handled calls between these points, including person-to-person calls, would be charged for at the rates proposed under the new schedule.

MISCELLANEOUS

Under the existing rate schedule for long-distance calls within the operating territory of B.C. Tel, a surcharge of 25 cents is charged for collect calls, calls charged to a third number, and calls where the operator is asked to report back with time and charges. Under the new rate schedule there would be no additional charge for these services, because the new operator-handled rate would reflect the cost of the operator time involved.

Under the proposed schedule, calls made from hotel telephones, coin telephones, radio-telephones and toll stations, calls made to Zenith numbers and calls charged to credit card numbers would be rated as operator-handled calls.

CALLS OUTSIDE B.C.

The Canadian Transport Commission has also been asked to approve a new rate structure for calls between British Columbia and most other points in Canada.

The new rate system would be similar to that planned within B.C. Tel's operating territory. The only differences:

A 30 per cent discount would be applied to the total cost of customer-dialed calls placed between 6 p.m. and midnight, Monday through Saturday, and from 8 a.m. to midnight on Sunday. From midnight to 8 a.m. every day, a 50 per cent discount would be applied to the cost of such calls.

A 30 per cent discount would be applied to the overtime portion only of operator-handled station-to-station calls placed from 6 p.m. to midnight, Monday through Saturday, and from 8 a.m. to midnight on Sunday. From midnight to 8 a.m. every day, a 50 per cent discount would be applied to the cost of overtime minutes.

Regular day rates would apply at all times for the first three minutes of operator-handled station-to-station calls. No discount would be applicable at any time on person-to-person calls.

NO CHANGE IS PROPOSED AT THIS TIME IN RATES FOR CALLS TO POINTS OUTSIDE CANADA.

IF YOU REQUIRE FURTHER INFORMATION, PLEASE CALL YOUR NEAREST B.C. TEL. OFFICE AND ASK FOR YOUR CUSTOMER SERVICE REPRESENTATIVE

B.C. TEL

Executive

Sunshine Coast Golf and Country Club's new ladies executive for the '72-73 season are from left: Priscilla Leith, publicity; Lucille Mueller, match committee; Belle Dube, captain; Jean McIlwaine, treasurer and Dorothy Morrow, secretary. Missing from picture are co-captain Norma Gaines and Doreen Matthews, match committee.

Trophy Winners

Keen golfers who captured trophies this season in the ladies' tournaments at S.C. Golf and Country Club are from left: Wilma Sim, 2nd flight; Kay Mittelsteadt, Sr., 3rd flight; Vera Munro, 3rd flight; Jean McIlwaine, Sr., 2nd flight; Glenna Salahub, 5th flight, and Jean Gray, Sr. 1st flight.

Keen Competition

Mighty close to being trophy winners in the Sunshine Coast Golf and Country Club's ladies tournaments are runners-up, Dorothy Morrow, Sr. ladies 3rd flight; Priscilla Leith, ladies 2nd flight, and Moira Clement, ladies 5th flight. Awards were made at last Wednesday's end-of-the-season luncheon held in the clubhouse.

Virginia Douglas...

Golf and Country Club's Ladies Tournament winner

SETTING a record which will be very hard to beat, Virginia Douglas is again Club champion in the Sunshine Coast Golf and Country Club Ladies Tournament.

The annual luncheon and trophy presentation was held last Wednesday in the Club House, but not all the trophy winners were able to attend the mid-day function, including Mrs. Douglas who teaches at Elphinstone Secondary School.

Improving every year the golf course looks particularly attractive from the Club-house which has been beautified with Bob and Grace Cumming's "Friendship Garden".

During the winter months, the ladies will be holding Wednesday card socials, every second Wednesday each month at 1 p.m., commencing October 11th.

LADIES' TOURNAMENT

Tournament winners receiving their trophies and prizes from Lucille Mueller, were as follows: 1st Flight Club champions, Virginia Douglas; runner-up, Eva Mollick. 2nd Flight, Wilma Sim; runner-up Priscilla Leith. 3rd Flight, Vera Munro; runner-up Betty Turnbull. 4th Flight, Doreen Matthews. 5th Flight, Glenna Salahub; runner-up Moira Clement.

Senior ladies' tournament: 1st Flight, ladies' senior champion, Jean Grey; runner-up Betty Turnbull. 2nd Flight, Jean McIlwaine; runner-up Lee Redman. 3rd Flight Kay Mittelsteadt; runner-up Dorothy Morrow.

Executive—Ladies' executive of the Sunshine Coast Golf and Country Club for 1972-73, is as follows: Captain, Belle Dube; Co-Captain, Norma Gaines; Secretary, Dorothy Morrow; Treasurer, Jean McIlwaine; Publicity, Priscilla Leith.

Match Committee—Doreen Matthews and Lucille Mueller.

Men may be divided almost any way we please, but I have found the most useful distinction to be made between those who devote their lives to conjugating the verb "to be," and those who spend their lives conjugating the verb "to have."

Dental Topics

IF YOU are 35 years old or over, tooth decay should cease to become a major problem for you, but don't relax, you're more likely to suffer gum diseases which can result in tooth loss.

The decline of tooth decay for those about 35 is not actually well understood or easily explainable. But the fact remains that decay falls off after this age. This ought to make you happy—fewer drilling and filling sessions with your friendly dentist.

However, after 35, more teeth are lost due to diseases of the gums than tooth decay. But do not despair, gum diseases can easily be cured. Better still, they can be prevented. So, even though your war against decay germs is largely over, do not allow yourself to relax in the fight to keep your natural teeth.

Pyorrhea and other gum diseases can always be cured, unless they have reached the terminal phase. The fact that you are suffering from gum trouble is a poor excuse to have all your teeth extracted. Such a radical operation will not cure the disease and can have serious consequences on your health and appearance. Never forget—your permanent teeth are meant to last your lifetime.

Gum diseases including pyorrhea can be prevented. Good dental habits at home, regular checkups and care from your dentist are more important than ever, now that you are past 35. By following these simple rules, you will keep your natural teeth all your life, even if you live to be 75 or 85 years old.

Doctor Arrives

Dr. Malcolm Brand opened up his practice last Thursday at Pender Harbour. Presently operating from the old clinic, he will practice two days a week until he has settled his former Vancouver committments. Onus for a new clinic rests with the Health Department which was committed by former Health Minister Ralph Loffmark.

October meeting...

Power Squadron hosting Pacific Mainland Dist.

AT 10 a.m. on Sunday Sept. 17, boats of the Sunshine Coast Power Squadron converged on a charted position to pick up instructions for the day-cruise arranged by cruisemaster Bob Jardine. Clues led the crew of the Bunty to retrieve the directives from the base of the light on Kunechin Island. These were planned by Gordon Hall and placed by junior member Bill Simpkins.

Courses were then set for Clowhom Falls, with navigational exercises en route. After lunch aboard the boats, tour of the power house provided an interesting experience, followed by a happy hour at the home of hospitable Clowhom hosts Jerry and Lynee Wellard. The boat turning in the winning log was the Bunty, skippered by Don and Hazel Hadden with John de Kleer and Len and Suzanne Van Egmond as crew.

First regular meeting of the Sunshine Coast Power Squadron was held at the Sechelt Rod and Gun Club on Friday, Sept. 22. With Commander Ray Chamberlin in the chair. A full slate of business was attended to, including plans for the training courses to be offered during the fall and winter months.

Past Commander Werner Richter officiated at the swearing in of four new members of the Squadron: Sara Gerring, David Gerring, John Kelly and John Mercer. Two members were welcomed into the Squadron having transferred from the Nootka Squadron at Tahsis. Len and Edy Ryerson of the Valley Ho Squadron attended as guests.

One of the items on the agenda was the disclosure that plans have been finalized to have the meeting of the Pacific Mainland District held here in October. This is the first time a district meeting has been hosted by a Squadron and the novel suggestion has been enthusiastically accepted. Visitors will be billeted at the homes of local members. A tea is being planned for the wives of the executives and a fishing trip is being organized for the entertainment of our guests.

Following the business meeting Jim Spilsbury delighted the group with a selection of varied slides and witty commentary.

Tunnel under channel set

A VISIONARY French mining engineer, Albert Mathieu-Favier, once intrigued Napoleon with a plan to bore a tunnel beneath the English Channel to link Europe's old rivals, France and Britain.

He envisaged two long undersea shafts from either coast meeting at an artificial island in mid-channel. Stagecoaches from Paris or London would change horses on the international island.

Take away the island and the stagecoaches, and the project which delighted Napoleon 170 years ago is now so close to fruition that it would be hard for either the British or French to pull out.

A start on boring the long-debated "chunnel" is now expected next summer.

This was disclosed recently by the French and British governments, which gave approval for a final study on the project and pledged to sign an agreement on how the tunnel would be built and financed.

Togetherness?

A COUPLE of aggressive bears have ruined hopes at the Detroit Zoo of creating a commune in which bears of all sizes and colors could live together in peace.

The four-year experiment came to an official end when the two offenders—shaggy-haired sloth bears from Southeast Asia—were removed from the bear shelter and taken to a separate compound.

"They were always brawling," explained Dr. Robert F. Wilson, zoo director and an avid bear fan, who conceived the togetherness program in 1967.

Lions Ladies prepare for Wine-Cheese party

FINAL preparations for Sunshine Coast Lions Ladies' Wine and Cheese Party, to be held this Saturday, were made when eleven members met for the first meeting of the fiscal year.

The meeting was held at the Peninsula Drive-In on September 13th with a guest, Shannon Stockwell, in attendance.

After dinner there was a surprise shower of gifts for Gary and Roberta Foxall's new daughter, Denise. Members had obviously enjoyed shopping for her.

The meeting was then called to order by President Roberta, minutes for June read, and Florence Tait gave her treasurer's report.

Under the direction of Chairman Rose Rodway, the ladies have been busy this past summer, collecting recipes and advertising for a cook-book to be published and for sale locally before Christmas.

Most of the discussion of the evening centred on final preparations for the Wine and Cheese Party to be held on Saturday, September 30th. Calona wines, the sponsor, has advised that there will be plenty of tasting for all. Tasty tidbits will be served with cheese. Chairman Florence Tait plans to decorate Sechelt Legion Hall in an Italian theme, and the music of Helen Sinclair will add to an enjoyable evening. A door prize is also offered. Tickets at $3 per individual are available at Campbell's Variety; Jorgensen's Barber Shop, the Family Mart and Benner's Furniture, also from all Lions ladies members, or by calling 885-9806.

Dorothy Rodway will be hostess at the October meeting.

Mr. and Mrs. Thomas F. Blain
—photo by Peninsula Photographers

United Church wedding unites Blain-Carey

WEDDING of Gloria Rose Carey and Thomas Frank Blain at Gibsons United Church was held on September 16th with Rev. J. Williamson officiating at the 2 o'clock double ring ceremony. The bride is the daughter of Mr. and Mrs. Bruce Carey of Gibsons, B.C. and the groom, son of Mr. and Mrs. Lorne Blain of Victoria, B.C.

The bride wore a floor length lace over satin gown with lily point sleeves. Flowers held the waist length veil. She carried pink roses and stephanotis. Esther Carey, sister of the bride was maid of honour. Norman Blain, brother of the groom, was best man and ushering were Peter James Carey and Rick Milligan.

At the reception held at the home of the bride's parents, the bridal toast was proposed by Malcolm Carey. The bride's going away outfit was a beige checked suit. The newlyweds left for a honeymoon to Mexico. Upon return they plan to reside in Gibsons.

From the pulpit

—by Pastor Gerry Foster, Gibsons Pentecostal Church

"HAPPY are those who hunger and thirst for righteousness, for they shall be satisfied." Jesus spoke these words long ago to a multitude of men and women who had great longings and yearnings. But they were no greater than the thirsting of people today. We all desire satisfaction. In many ways we attain it to a small extent. But, face the facts, our hearts will never be completely and permanently satisfied until they renew fellowship with the one who made us for Himself.

God created us in His own image. To think that anything this world has to offer will satisfy our spiritual hunger is absurd. The Psalmist said: "My soul thirsteth for thee in a dry and thirsty land, where no water is." Outside of Christ we live in a dry and thirsty land. But if we thirst and hunger for righteousness we will become a new creation in Christ Jesus. Satisfaction, deep and wonderful, occurs when we are filled with the blessing of God.

In other words happiness is achieved when we have a definite craving for God. If we seek after Him, we will be filled and satisfied. Be honest with yourself, you have a hunger which has not been met, (unless your heart is hardened); life for you remains very empty. Admit it and surrender to the God who made you and loves you.

Popular columnist lays down the pen

RESIGNATION was announced this week by Marion Charman, the correspondent in this area for the column "Around Gibsons". Mrs. Charman wishes to thank the many people for their cooperation and assistance in the past six years.

Taking over Mrs. Charman's column will be Mrs. Sylvia MacLean who may be contacted at the Times office, Gibsons, between the hours 9 to 5 Tuesday to Saturday. She will be pleased to hear from many of the people in the area concerning their social and news items. It is suggested that noon Saturday be the deadline for news so as to ensure publication.

NEW games for adults and children at Miss Bee's, Wharf Road, Sechelt.

Soccer season back; parents aid sought

SOCCER season is upon us once more and that means putting the Sunday roast in early and putting the tools away to spend the afternoon cheering your kids on whether it be to win or lose

It is just as important that parents participate on the sidelines as their sons do on the field with an air of good sportsmanship about them at all times. The kids appreciate your attendance so please come out for their games.

COACHES' CLINIC

There will be another coaches clinic from Friday September 29th to Sunday, October 1st at the Gibsons Elementary School Gym. Mr. Mike Brook an instructor from the B.C. Juvenile Soccer Association will be there again. All who attended in February felt it was well worth the effort. There will be lectures, discussions and demonstrations on and off the field and successful completion by participants will net them the B.C. Soccer Commission Coaching Award—Level "J". Lunch will also be served to participants.

BOOT POOL

There will be a used soccer boot pool again this year so anyone having old boots or wishing new ones, please call Mrs. Janet Webb at 886-7005 or Mrs. Gail Pedneault at 886-7606. The pool is badly in need of old boots, so please dig deep everyone!

Honolulu schedule for senior citizens

SENIOR citizens' bus (charter) will leave Sechelt at 12:30 p.m. Oct. 6. Travelling down the highway it will proceed to the Lower Road to Roberts Creek, picking up along the way then to Gibsons, Granthams the ferry and to the airport.

Due to late arrival in Vancouver at 9 p.m., it will not be possible to make connections for the last ferry. Arrangements will be made for overnite accommodations with bus pick-up the following morning for the return home. Should anyone wishing to make other arrangements or will not be going on the airport bus, please phone Mr. MacLaren at 886-9829. Also would anyone wishing to be picked up along the route, please phone Don at the bus depot to make arrangements as soon as possible.

Anavets Corner

—Gibsons Army, Navy and Air Force Unit 357

by Adam McBride

GREETINGS!

First, a "thank you" to all who came to "have a go" at our Anavets giant bingo on the 16th. Incidentally, the price of coffee at our bingo is to be dropped and the price of half time cards lowered also. To anyone who had a chunk of that tasty maternity cake, it was made by the old chef himself, Albert Crowhurst! The next happy giant Anavets $500 bingo is on the 14th of October so come on down and try your luck!

Yes! I am the winner of the coloured TV from the grand opening prize draw at Harvey's! This is what comes from good, clean living plus having a wife who has patiently filled out literally thousands of such prize tickets over the years.

Because of the summer "stand down", meetings for the past three months were cancelled, as you know, but now the year's end is drawing nigh, the monthly general meetings and monthly open meetings will again be held. The first general meeting will be held on Sunday, the 8th of October at the Robert's Creek Community Hall. The call to order will be at 7 pm sharp.

It is imperative that all active (voting) members be present at this meeting because the matter of a club building is to be discussed.

Remember, it is your club; to be run by the active members. Let's not make the mistake of saying "Aw, I guess there'll be enough other guys show up to get the business done." The power and security of a club is in its voting body! Time and time again, when an organization cannot get enough members out to hold a meeting, the onus and responsibility falls directly on the executive to conduct the club business and this can lead to the old story of a little clique of guys running a unit like a private club for their own benefit! Every active member has the right to get up and say exactly what he feels about any facet of a unit's workings! So how about seeing a solid turnout for that first fall general meeting!

The lapel pins, which are issued (free) to all active members, will be available at the general meeting. Also decals and bumper stickers. Also pop or something. Probably something.

Howie Lee, the pipe puffin' skipper of the famous Flyin' Flounder ferry of Gabriola was over to our house the other day. While showing us how he docks the weird craft (it seems it has a fore and aft engine arrangement and comes into the dockside sort of like a boomerang), Howie got carried away and after breaking a chair and putting his elbow thru the kitchen window he ran into the biffy door with his pipe and now has a large lump on the back of his neck. By golly, it sure was exciting! When we pulled his pipe out it made a pop like a champagne cork comin' out!

Did you hear about the two Irishmen up a pole with a tape measure, and this guy comes along and says "What are ya doin'?" One of the guys up the pole says, "What do ye think we're doin', We're measurin' the pole!" The guy says "Why don't you measure the pole that's layin' on the ground here?" The guy up the pole says "Are you crazy? We're trying to measure the height, not the length!!!"

Oh well, I guess it's all how you look at it, but I'm sure looking forward to seein' all yer smilin' faces at the Biggie Bingo on the 14th of October at Robert's Creek Community Hall!

Zoning confliction...

Council take firm stand rejects business licence

APPLICATION for a business licence by B.E. Electric of Wyngaert Road, was rejected by Gibsons Village Council last week because the location of this business is zoned only for apartments. "We have to start adhering to the zoning by-law", commented Alderman Ted Hume.

Village clerk Mr. Dave Johnston said that the owner of the building is aware that this area is not zoned for commercial enterprises, the non-conforming store already in the building was established before zoning was introduced.

Mayor Wally Peterson said it is unfortunate because many eletricians operate out of their homes and if they asked for a permit they would be refused. He felt that council should do everything to help B.E. Electric locate in another place.

NEW ENTERPRISE

Another application submitted by Mr. John Smith was tabled. This request asked for a licence for a new enterprise to operate out of the office of Hi-Baller Log Salvage. Clerk Dave Johnston explained the nature of the business which would be to sell commercial films, made to help promote sales, the example given would be filming the performance of a jet boat.

Alderman Winston Robinson felt that an additional business would also create a parking problem and he wondered if the log salvage operation had a licence. He felt that council should have more information on the operation.

EXEMPTION

Council passed a by-law authorizing the provincial assessor to exempt lot 25 from taxes for 1973. The property is owned by the Kinsmen Rehabilitation Foundation in Vancouver and occupied by Mr. R. J. Brackett's Shoe Repair. Council also authorized payment of a grant of $144.77 to cover 1972 taxes, as the by-law for that year had not been passed.

STANDARD

Council approved a six and one half cent raise in indemnities for its council members.

NOT IMPRESSED

Council as a whole was not too impressed with new rate structure proposed by B.C. Telephone Company. The new structure is designed to encourage people to direct-distance dial instead of using the operator. Person-to-person call charges have been raised and Mayor Wally Peterson felt that the customer would have to pay more despite the reduction in direct-distance dialing rates because it often takes three or more calls to get the person required. Mayor Peterson also felt it would put more people out of work and end up with poorer service.

Council will notify the Union of B.C. Municipalities of its views in the hope that other councils will also make comment giving stronger voice to objections.

SANITATION

Council will invite Gibsons based public health inspector Mr. Jack Somers to check sanitation facilities on boats moored at the wharf with a view to making recommendations to Council.

Discussing recent letters which appeared in newspapers about an outhouse on a gasoline float, Mayor Wally Peterson said that there is a holding tank on the float.

SEA CAVALCADE

Alderman Ted Hume reported that the Sea Cavalcade has an enthusiastic committee already working on improvements for next year. A permanent date has been recommended to allow for more advance publicity and it has been decided to capitalize on the tug boat races. Miss Sea Cavalcade, Shirley Hoehne had made some very valuable suggestions and the committee had been remiss in some of the preparations this year but will make recommendations to save embarrassment in the future.

FREIGHT RATES

Council will advise the Public Utilities Commission of rates charged on seven culverts weighing 1800 lbs. which cost the Village $115 in freight rates. Previously a different company charged only $45.90 for ten culverts. At this rate it would be cheaper for council to send its own truck to pick up freight but this is not always convenient.

Mayor Peterson said it would be good if other businesses also lodged complaints with P.U.C. if they considered their rates too high. Alderman Hume observed that we seem to have a monopoly now with only one outfit on the Coast.

CONVENTION

The Mayor and Aldermen who attended the UBCM convention were not very happy with its procedure and will make recommendations to the Union, one being that resolutions should be presented in order of priority. Also missing was the guidance of the Minister of Municipal Affairs.

Around Gibsons

—by Marion Charman, 886-9862

MURRAY and Joan Forbes, Andrew, Mark and Debbie are staying at the Missionary Cottage on Keats Island. Mr. and Mrs. Forbes who were caretakers at the Baptist Camp some years ago are now with Wycliffe Translators.

On Thursday, Sept. 28 at 7:30 p.m. in the Baptist Church, Park Road, Murray and Joan Forbes will be showing pictures of work of the Wycliffe Translators in New Guinea.

When the Forbes leave here, plans have been finalized for them to go to a camp in Southern Mexico.

Members of the Ed Kimball family, one-time Pratt Road residents, paid a visit to this community before returning to their home at Texada Island.

Fritz Boss has returned from a trip to the Okanagan.

Mrs. Grace Broughton visited here leaving Monday last week to return to Calgary.

Dissident, shouting to speaker on the rostrum: "You don't got it, man! Just because we ask the questions doesn't mean we want to hear the answers!"

Former Residents

One time caretakers of the Baptist Camp, Mr. and Mrs. Murray Forbes are presently staying at the Keats Island Missionary Cottage. Their next move will be to a camp in Mexico. They are seen with their three children: Andrew, Mark and Debbie.

'72 GRADUATES

Not all the eighty Elphinstone graduates took their places on the stage for 1972 graduation ceremonies, but even so this was the largest number of students to be featured in a graduation picture. Elphinstone's first graduation picture taken in 1952 and reproduced in this year's school annual, featured eleven young men and nice young ladies.

Award Winners

Some of the award winning Elphinstone students pictured, are from left, standing: Dale Peterson, Roland Kerbis, Kenneth Wing, Robert Solnik, Dianne Fisher, Ginny Alsager and David Bulger. Front: Eleanor Swan, Cathy de Kleer, Sheahan Bennie, Pamela Gross, Mary Muehlenkamp and Leslie Cryderman.

Many awards...

Large gatherings attends 1972 Graduation ceremony

GRADES eleven and twelve students were honoured at last Saturday's graduation when awards and presentations were made before a large gathering which occupied every available chair in Elphinstone's auditorium.

Reference was also made to the availability of the Sunshine Coast Bursary and Loan Society to students taking post secondary education, who require financial help. No interest is charged on the loan until one year after the student has completed study. Due to the generosity of many people there is a sum of $2,767.92 in this fund, but as the number of graduates increases, further donations are always appreciated.

Awards made during the evening were as follows.

STUDENT COUNCIL AWARDS

Scholarship—Honour Roll and Grade 11 - Cheryl Guelph, 1st star; Pomponia Martinez, 1st star; William Passmore, flash; Theresa Labonte, crest; Ellen Lehman, crest; Heather Harrison, crest; Lisa Pedrini, 1st star; Pat Goodwin, honourable mention.

Honor Roll and Grade 12—Margaret Gory, 3rd star; Cathy deKleer, 3rd star; Eleanor Swan, 2nd star; Mary Muelenkamp, 2nd star; Sheahan Bennie, 3rd star; Roland Kerbis, crest; Ciana Watson, 1st star; David Bulger, 3rd star; Ginny Alsager, flash.

Citizenship, Grade 12 - Eleanor Swan, crest; Cathy deKleer, crest. Honorable mention - Honor Roll only, Linda Guest, Mark English.

SCHOLARSHIPS AND BURSARIES.

Government of B.C. - 1st class, Sheahan Bennie, ¾ of fees paid; Pam Gross. 2nd class - Eleanor Swan, ½ of fees paid; Mark English.

Norman MacKenzie - Mark English ($350).

Sechelt Teachers' Assn. - ($400), Sheahan Bennie, Dale Peterson, Bob Solnik, Pam Gross.

Canadian Forest Products -($250 each) Mary Muehlenkamp, David Bulger.

Elphinstone Co-op ($50) each - Roland Kerbis, Bob Solnik.

Royal Canadian Legion Gibsons Br. No. 109 ($125 each), Sheahan Bennie, Cathy de Kleer, Leslie Cryderman, Mary Muehlenkamp, Eleanor Swan.

Royal Canadian Legion, Sechelt Br. No. 140 ($250) - Dan Scott.

Royal Canadian Legion, Sechelt Aux. Br. No. 140 ($150 each) - Linda Clayton, Diane Fisher.

Inglis Memorial Scholarship ($100) - Virginia Alsager.

Sunshine Coast Kiwanis Club ($200)—Roland Kerbis.

Sechelt Motor Transport ($150) - Cathy de Kleer.

David Hill Memorial Scholarship ($200)—Wendy Gurney.

Parents' Aux. to Roberts Creek School ($50) - David Bulger.

Mt. Elphinstone Chapter, O.E.S. ($100) - Leslie Cryderman.

St. Mary's Auxiliary, Sechelt Branch ($300)—Lesley Cryderman.

Board of Trade, Sechelt ($100) - Pam Gross.

TROPHIES

Cloke Trophy for outstanding contribution in Music, Roland Kerbis; Lorne Smith Trophy for excellence in Industrial Education, Ken Wing; Elphinstone Trophy - Top Academic Technical Prog. scholar Grade 12, Margaret Gory; Headlands Trophy - Top Academic student aggregate Grade 12, Eleanor Swan; Dave Rees Trophy - Top Academic student aggregate, Janice Mullen; Grade 11 (not awarded this year for lack of qualifying students, Coast News Shield, Bob Fretter.

PRIZES

French Consulate Book Prize, Sheahan Bennie; Gibsons and District Kinsmen's Club, Social Studies 11, book prize, Eleanor Swan; Doreen Stewart medal for best senior typist, Ciana Watson; Helen Bezdeck pin and trophy for best research essay, Eleanor Swan.

SOUTHEASTERN SQUALL

by Cheryle-Ann E. Jay

Night's black curtain had been drawn
on the Snshine Coast
As another dawn had fallen to darkness.
A solitary star shed it's tiny light upon
the strait
That lay between the Sechelt Peninsula
and Vancouver Island.
A beautiful pale harvest moon began
to rise from the southeast
Transpiring the ominous scene into
one of grandeur.
Faint city lights sparkled on the distant
shore.
Where lay the majestic city of Vancouver.
A thin curl of smoke could be seen
to the west in the pale moonlight.
Harmac was once again polluting
the already stagnant night air.
Silhouettes of mighty fir trees swayed
in the gentle breeze,
The rushing waters crashed against
the jagged cliffs
As a lonely boat made its way from
nowhere to somewhere.
Deep in the darkness of night a lonely
gull cried mournfully
As it winged its way to the moon's
blinding beam.
Yesterday faded away and tomorrow is
somewhere on the horizon.
Peace and tranquillity secluded
the Peninsula
From the night life of the distant city.
Billowing grey clouds began to swallow
the moon as the gentle breeze
Turned to a blowing southeastern squall.
Sheets of invisible rain lashed the coastal
cliffs.
The peace and tranquillity that once
was is gone.
Far away the distant lights of the
majestic city melted into the mist.
Vancouver Island disappeared, devoured
by the slashing strait.
And the lonely boat was hidden
beneath the waves wash.
Harmac vanished from the face of the
earth, enveloped
In some mysterious magical mist.
Night slipped into grey dawn and
the rains still came in torrents
Washing clean the stagnant night air
Mighty fir trees had been twisted and
tortured
Trying to bend to the wind's demands . . .
their beauty gone.
Pale shafts of sunlight sifted through
the awesome clouds
Straining to bring glory back to the
Sunshine Coast.
The great swirling southeastern squall
succumbed to a gentle breeze
Once again.
The slashing straight became as calm
as a forest pond
And the lonely boat that passed in
the night had disappeared
With the wind and the rain.
Vancouver Island rose to meet the
beaming blue sky.
The jagged cliffs shook hands with
the silent strait
The Peninsula was once again at peace
with the weather.

People often say that, in a democracy, decisions are made by a majority of the people. Of course, that is not true. Decisions are made by a majority of those who make themselves heard and who vote—a very different thing.

First fall meeting...

Branch 38 OAPO Gibsons membership exceeds 200

THERE was a good attendance for the first fall meeting of Branch 38, OAPO at the Health Centre, Gibsons. Mr. MacLaren, in the chair, heartily welcomed all present including new members and visitors. Secretary, Mrs. Rita Silverton, announced the membership is now over 200. The meeting opened with the singing of 'O Canada', with Mrs. Halstead at the piano, after which, one minute's silence was observed for Mr. Burt and Mr. Reg Adams. So that Branch 38 may have a record of its visitors Mrs. Louise Barnes has given a guest book.

It was suggested that the president ask Mr. Keith Wright if he would come to a meeting and let the members know how the Kiwanis senior citizens housing is progressing and what a single and double unit will be like.

Mrs. Telford suggested that other organizations and the authorities be contacted to see if it is possible for a senior citizens rest home to be erected on the peninsula, so that those of our seniors can be visited and alleviate, in part some of the loneliness of those who now go away to other places.

Carpet bowling has resumed with Mr. Tom Vincent in charge, Thursdays 1:30 p.m., United Church hall. Members wishing to participate in pin bowling meet at the Bowladmore Gibsons 1:30 p.m. Tuesday afternoons.

Mrs. Lena Kawjuk has consented to be tea convenor for the balance of the year. Monthly raffle of a lace tablecloth was won by Mr. Tom Vincent.

Members are reminded that nominations will take place at the Oct. meeting with election of officers in November.

Meeting adjourned with the singing of 'The Queen'. Mr. Alec Bourden, of Wardair, was a guest and showed a film of Hawaii. Members then breaking for tea after which, Mr. Bourden showed a film on Britain and Europe. The two films were much enjoyed by everyone, for those making the trip to Hawaii in October, and for others, a bit of nostalgia for Britain.

Social meeting to be held Oct. 2nd, and the regular Oct. 16, both at 2 p.m., Health Centre, Gibsons.

Recessional

The speeches have all been said, Cathy de Kleer has given the Valedictory address, and Elphinstone's trio, Cindy Myslicki, Ann Inglis and Jacqueline Inglis have sung a musical tribute, and now with diplomas in hand, Elphinstone's 1972 graduates walk into the future, may it be full of the friendship and harmony they so desire.

"I may be wrong, but I shall not be so wrong as to fail to say what I believe to be right."
—JOHN ATKINS

DOUGLAS G. WHEELER, Publisher

Beware the Con-Artist

WE ARE reaching the time of year, if there is a season for such things, when con-artists are due to make their rounds of the community. Name of the game is "Sign now—pay later" and, as usual, many misguided individuals will inevitably discover the bargain they signed for is not a particularly good deal after all.

We bring the matter up from time to time in order to alert the public to the financial hazard it faces. Another reason we emphasize it now is that one particular operation tends to coincide with the worthy CNIB canvass. The Canadian National Institute of the Blind is one of our more commendable organizations but for some years another canvas has been known to take place simultaneously on behalf of a another blind organization. This one, however, sends its takings to some remote American State to purchase religious tracts in braille which are distributed to blind people. At least, that is the story as we understand it. The whole deal has an extremely unsavoury flavor and certainly is not one we would recommend.

The CNIB is about to carry out its annual canvass in this area. The canvassers, as usual, are well-known and responsible members of the community. We would suggest that if anyone approached has any doubts as to authenticity of the canvasser, then ask for credentials.

We have mentioned only one specific instance but there are very many more. The old gimmick of students selling magazines as a means of working their way through university, or competing for an elaborate award is so old that it is ludicrous. Yet! gullible people continue to fall victim. There is the old cheap insurance business whereby a glib talker calls on businessmen and presents a long list of local participants in the scheme. A phone call to some of the names he produces would prove more than interesting.

Appliances too provide an excellent subject for the racketeers. The old sewing machine swindle is very simple. You sign up for the attractive demonstrator but receive an inferior model when it arrives some weeks later. This is a simple operation which might well apply to any appliance.

There are many genuine travelling salesmen who represent reputable companies and provide a good service to their clientele. These people are normally well-known or are introduced by respected citizens. They in no way fall into the category of "con artist".

Unfortunately far too many fly-by-nights work on the very true adage that a sucker is born every minute. It is equally true that for every sucker lost there are two to take his place.

Warning the public of such frauds is virtually a lost and futile cause for in most cases the people who scream loudest when taken are the very first to sign up again next time. The dream of something for nothing will always persist. It has long been the cause of many downfalls and undoubtedly always will. For our part, all we can do is offer words of caution, hoping that at least some people will be saved financial losses.

Safest rule to follow is expect nothing for nothing but when the carrot is dangled—BEWARE.

From Small Acorns!

OVER the course of time an aggressive newspapers plays a large part in shaping the future of the community. An alert newsman is in a position to contribute in a variety of ways, pointing out shortcomings, weaknesses of elected representatives, dictatorial attitudes in local government, indications of corruption. He can also help in the promotion of the many worthy projects in the area, assist the police and launch battles for change where needed.

Naturally, in the process of carrying out his duties as he sees fit, enemies are made along the way. This, however, applies to anyone in any walk of life. Providing he slants his endeavours toward benefitting the community as a whole then he is at least on the right track.

This the Times has continued to do and although most of its successful contributions will never be recognized, many innovations have been brought about as the result of its outspoken comment.

There was a time when councils sought publication of only that which portrayed them in a favourable light. Today, even though a few elected representatives disapprove, a meeting is reported be it favourable or derogatory. We still have one or two individuals who sound off at the mouth but utter denials when they are reported. There are always those who lack the courage to stand and be counted but today the public gets the opportunity to assess its representatives.

For some years we kept up a campaign seeking council action to acquire for the village of Sechelt some 300 acres of Crown land at West Porpoise Bay. Various aldermen took up the cudgels but were invariably discouraged in one way and another and finally gave up. Election of Mayor Ben Lang turned the tide for he took the matter up and that valuable property is now virtually in the hands of the village.

In vain, and for many years, we harassed the school board over length of camera meetings and undue secrecy. In due course an enterprising Board took the matter up and now camera meetings are open to the press. We do not doubt that an even worse situation would have now existed with the Regional Board had we not continued to draw attention to much of what goes on. Indeed, in this particular case, an unsuccessful attempt was made to take the Times editor to court. This was at the expense of the taxpayers? It did not deter our policy of speaking out, much to the chagrin of a couple of individuals who consistenly create bad press relations for themselves.

We do not seek aclaim, we simply draw attention to the fact that a progressive publication does, despite constant criticism, provide a valuable public service. Seldom does it reap accolades.

Commendation when it does come is always gratifying. Such recognition came last week to Times editor Doug Wheeler, in his last week with the paper after eight and a half years. He was, in fact, credited with starting the ball rolling for the nation-wide organization "Pensioners for Action Now".

He was originally asked just what could pensioners do to further their cause for a better deal. They had proved to be wasting their time making representation to MPs and MLAs. His reply by way of an editorial was "unite and use your vote as a solid block".

This was taken up shortly afterwards with formation of Pensioners for Action Now and, under leadership of former Vancouver Mayor, Tom Alsbury, has become a national body which recently shower its strength at the provincial polls. It is now seeking better conditions at the federal level for pensioners throughout the country.

Letter last week to Mr. Wheeler from one of the organizations prominent executives stated: "Mr. Alsbury and Pensioners for Action Now know that you started this "thought" of action before they got rolling. Please report this in mentioning any publicity.

"The Times has been one of the leading B.C. papers to carry the good word of Pensioners Action".

READERS' RIGHT

Letters to the Editor are the opinions of readers, and not necessarily those of The Times. A nom-de-plume may be used for publication, but all originals must be signed by the writer.

Sincere report

Editor, The Times,

Sir: I have been directed by the Board of School Trustees to express their very sincere regret over the imminent loss of Mrs. Marcia Wheeler as the Times reporter.

Marcia Wheeler has faithfully attended School Board meetings and all educational events in the area for eight years. Her fair and unbiased reporting and her generous coverage of school activities have earned her the respect of students and administrators alike. In fact, the esteem in which Mrs. Wheeler is held prompted the School Board's publicity committee to have Marcia Wheeler proposed as "Newsman of the Year" at the next B.C. School Trustees annual meeting in May, 1973, an award we feel sure she would have captured without difficulty.

The Board of School Trustees wishes her all the best for the future and again, thanks for a job well done.

Board of School Trustees per
J. S. METZLER,
Secretary-Treasurer

Peppy players?

Editor, The Times,

Sir: I heard on the news this morning that after the Canada-Russia hockey game Friday the Moscow press stated that the Canadians must have used drugs to enable them to outplay the Russian team during the first two periods.

Makes one wonder what gave the Russians their sudden outburst in the third period—superb conditioning?

Gibsons, B.C. B. CHIASSON

Many errors

Editor, The Times,

Sir: Enclosed is a copy of the letter I sent to the Vancouver Sun pertaining to the article in the Sunday Sun Weekend Magazine of September 16th:

"As a log salvor of some eighteen years' experience, and a holder of both a log salvage and a B.C. log spill permit, I feel qualified to correct certain errors in your article on beachcombing in the Weekend Magazine.

"To start with, as it seems to concern me personally, there is the "big black jet boat" capable of 50 knots and piloted by an ex-logger. My boat is the only boat in the area capable of 50 knots (approx. 56 mph.) and I am an ex-logger. However, I do not steal logs. If I wished to do so, I could not do it by the method claimed. To reach such speeds, a jet boat must be light and shallow draft. It could not sink a boomstick. The statement of method is not only untrue, but could not possibly be true as it stands. The sort of boat required is a heavy deep boat. As for the rest of the article, let's start at the beginning.

"Item—The pictures are not of Sechelt Peninsula, but in the waters of Port Mellon in Howe Sound, thirty miles away.

"Item—The logs are not going to the receiving station. It would not take them. Those logs must be made into regular log booms, unless disposed of illegally at some sorting grounds. This is sometimes done by salvors lacking the experience or equipment to make a boom.

"Item—Mr. Chester Day's retirement money came from another source than log salvage. Shame he retired. He was an honest beachcomber.

"Item—There are no mills in the Sound making private deals. May be the odd one in the river.

"Item—The curfew applies only to certain restricted areas.

"Item—Here is a curious one! Quote This (branding) is to forestall poachers in illegal waters who could otherwise disclaim responsibility by casting their loot loose at the approach of a patrol boat'. Unquote. It seems to have escaped Mr. Keith's perception that, if you are going to cast your tow loose, there is no danger in having it unstamped!

"Item—Mr. White blames the 'pirates' for his misfortune. He had the same choice as the rest of us to obey or not obey regulations.

"Here's a point I missed. It is easy to do with so many. Some have grossed $100,000. I can think of one who may have. He runs a fleet of up to four boats from a 'mother ship', hires up to eight men and works on spills for B.C. Log Spill. There is only room for one of these! On the subject of money; I had a partner, until recently. A capable man who could out-perform most. He has gone back to logging. Not enough money in log salvage! The list of those who have tried and failed is a long one. It will grow. To the would-be pirates feverishly seeking a permit, let me advise not to bother. The 300 miles of coastline are not lined with log booms. The storage areas are not so large. Protection has been lax in the past due to lack of suitable equipment. This has been remedied. There are easier things to steal, I'm sure.

"In conclusion, I am amazed to see a reputable newspaper publish an article, which though trash, is an open invitation to steal logs.

"If the situation was as described, it is irresponsible journalism at its worst. If not, you find a word for it.

"Let's see now, you find a boom, run your boat up on it—now if I can only find out what a "pike" is."

LS 608, BCLS 7. DICK HAMMOND

Sechelt Lanes

—by Eve Moscrip

SOME leagues were off to a good start last week at the Sechelt Lanes but greater participation is always welcome.

High score went to Bruce Redman with a nice triple of 779. He was playing for the Ball and Chain. Other scores include:

Mixed 10 pins: Ena Armstrong 298, Helen Sinclair 265, Pelle Paulson 382, Gordy McCourt 296.

Tuesday night ladies: Sandi Cavalier 255.

Ball aind Chain: Bruce Redman 281, Gail Redman 251, Carl Kohuck, triple 663, Bruce Redman, triple 779, Gail Redman, triple 621, Terry Phillips, triple 604.

TOOTHPICKS IN WALL

The next time you wallpaper, insert a toothpick in the holes as you remove each picture hook from the wall. Toothpicks will protrude through the new paper, making hook replacement easy.

Halfmoon Bay Happenings

—by Mary Tinkley

THE DEATH is announced of Harold J. Merilees in Vancouver on September 19 at the age of 64. Mr. Merilees was a well-known figure in Vancouver municipal and political circles. He was head of the Vancouver Tourist Bureau and held a seat in the last Legislature. He will be sorely missed around Redrooffs where he had a summer home for many years, for he always had a friendly word and smile for all.

The cold, wet weather which has descended on us so prematurely seems to herald an early winter, though the dogwoods still make a brave attempt at a second blooming. The area seems to have settled already into a winter-like quietness marred only by the ferry traffic which still pours through the Redrooffs Road and by an occasional blast from the construction still proceeding on the main highway. The Highways Department still hopes that paving can be completed this fall.

ROAD WORK

Probably nowhere has life been more disrupted by the work on the road than at the Patio Gardens which has been almost cut off for many months, although the ambulance has always been able to get out for emergency calls. The restaurant is still open Friday, Saturday and Sunday evenings, but access is from the Halfmoon Bay end only by way of a short stretch of the new highway. Drivers are strongly urged not to attempt to travel the highway between the Patio Gardens and Nor'west Bay Hill even when the construction crews are not working. One foolhardy driver who did attempt this one night, found himself completely bogged down and had to spend the night in his car.

VISITOR

Mrs. Ina Cunningham, who has been making her home with the family of her son Bob for the past few months, is taking a trip to Ste Foy, Quebec to visit another son, Joe Cunningham. She travelled by train and had a most enjoyable time. It seems that Bingo is now organized for the travellers on these long cross-country runs. Mrs. Cunningham is enjoying a visit with two members of the family, for Joe's wife is Joan Cunningham's sister.

FILM SHOW

Film show scheduled at the Welcome Beach Hall for Thursday, October 5, will be on Canada and will include films on figure skating, dancing, Vancouver Island Magistrate Roderick Haig-Brown as a fisherman, and the life story of an Eskimo boy from birth to manhood.

WORK PARTY

The L.A. to the Welcome Beach Community Association will hold a work party at the Hall on Tuesday, October 10 at 1 p.m. This will be a "clean-up" party and will be followed by tea and a business meeting for the election of officers and the planning of the 25th birthday party of the Welcome Beach Community Association to be held at the Hall on October 14th.

Have you planned your fancy dress for the occasion yet? All ladies of the Association or those interested in the community will be welcome to join the work party on October 10.

Further movies booked by local film society

FOLLOWING the unusual opportunity to see two of the greatest names in cinema history, Charlie Chaplin and Buster Keaton, along with the superb contemporary mime artist, Marcel Marceau, all on the same programme, the famous John Huston production, "The African Queen", starring Humphrey Bogart will be shown on Tuesday October 3 at 8 p.m. at the Twilight Theatre, Gibsons. Succeeding Tuesdays will be given over to "Henry V", (Oct. 10); "Billy Liar", (Oct. 17); "Wild Strawberries", (Oct. 24) and "Orpheus" (Costeau—Oct. 31).

Subsequent bookings include "Beauty and the Beast" (Costeau), "Black Orpheus", "Les Belles de Nuit" and "Last Year in Marienbad". The Orson Welles production of Kafka's "The Trial" was not available, but it is hoped that it can be booked some time in the New Year.

With bookings confirmed for films from the United States, Great Britain, Sweden, France and Portugal, the international flavour of these festival films is already established. With additional films from most of these countries and enquiries underway about films from Germany, the USSR, Spain and Japan, it is hoped further to expand the scope of this one performance international festival of films.

Smart Move

"Keep it coming" chuckles Mr. Clarence Joe of Sechelt who won the big food hamper donated by Ron Johnstone and Louis Vignal of Sechelt Red & White Store, to Sechelt and District Retarded Children's Association raffle. To plug his brand name, Mr. Vignal threw in a generous package of coffee.

Mystery

Mystery prize winner in the Sechelt and District Retarded Children's Association raffle, Miss Cathy Berry is delighted with the tray made and donated by Pender Harbour Secondary School students. Association President Mr. Albert Lynn presented the prizes last Saturday. Winner of the lovely hooked wool rug, made by a Sunshine School student, was Mrs. Sophie Brackett.

Cancer facts

EXTENT of the cancer problem is suggested by the fact that it occurs not only in people and mammals but in birds, fish, lobsters, beetles, ants, bees and plants.

The speed and complexity of events inside a single living cell, where a million or two chemical units can be assembled within seconds, are staggering, even to scientifically-trained minds.

Comparatively little is known about events in mammalian cells, despite considerable progress in recent years. One key step was taken in 1953 when Crick and Watson determined the structure of DNA—the nucleic acid coiled inside every living cell and carrying the code of heredity—which permits it to reproduce itself and make an identical cell in its own image.

The DNA contains the genes which are responsible for whether the individual has blue eyes or long legs, a capacity to compose music or become a murderer.

They probably also determine whether one can live to be 60 or 90, and they may decide whether one dies of a heart attack or of cancer.

Three per cent of all mail sent out by the average Canadian household consists of parcels.

Sechelt News Notes

—by Peggy Connor

WEDDING shower was held at the Hans Himmel home in West Sechelt for Miss Gloria Carey whose marriage to Mr. Tom Blain of Gibsons took place Sept. 16th at Gibsons United Church. Hostesses for the evening were Miss Karen Fearnley and Miss Teresa Himmel.

Guests from Gibsons were: Miss Esther Carey, Mrs. Carey, Mrs. Doreen Gregory, Misses Darcy Gregory and Vicky Gregory, Donna Solnik, Diana Watson, Mrs. Allanson, Mrs. Henderson.

Those attending from Sechelt: Miss Margaret Billingsley, Miss Diana McCourt, Miss Vicky Fearnley, Mrs. Shirley Fearnley, Mrs. Himmel.

The bride-to-be received many beautiful gifts and was wished much happiness in her marriage.

NEW HOME

Mr. and Mrs. Art and Mary Redman after many years of living at West Sechelt have moved to their new home in Sechelt on Ocean Avenue and Hackett St. Giving them a chance to get settled in the new abode. Mary's sister Priscilla and her husband Cec Wolfe-Jones, here on a visit from Tulare California, are staying at the Blue Sky Motel at Davis Bay, and will be here for three weeks.

IN BRIEF

Mr. and Mrs. Chas. Evans of Porpoise Bay enjoyed a visit from their son Evan Evans and his wife Rose who arrived via Prince George, from Brandon Manitoba, where they left the children going to school.

It is back to work for Mr. John Lewis and wife Faye, physiotherapist at St. Mary's Hospital. Spent a week at Canim Lake but had to return as they both caught a bug, the kind that makes you feel rather ill. When they more or less recovered the Lewis drove up to Alta Lake for a weak week's holiday. Unfortunately the weather wasn't exactly conducive to lying around in the sun but they enjoyed the relaxation from work.

Recently, Mrs. Margaret Slater of Davis Bay, had as her guest, for a few days, Mrs. Lois Stannard a former Sechelt kindergarten teacher. Mrs. Stannard will be visiting in Vancouver for a month before returning to Winnipeg.

A real fun night is in store Sept. 30th, a Saturday-night outing put on by the Sechelt ladies Lions. Wine and cheese party at the Sechelt Legion Hall starting at 80 p.m. Here is a chance to sample wines and cheeses relax and listen to the music of Mrs. Helen Sinclair on the piano.

Mrs. Charlotte Raines of Roberts Creek is hale and hearty! A rumour seemed to be on the rounds that she was sick and in hospital. Many friends sent cards and flowers only to find she was home and very well. Gratifying to know people care.

LEAVING

It has been a privilege and a pleasure to work with Doug and Marcia Wheeler. I have enjoyed writing Sechelt News Notes because of their help and encouragement, knowing if there are inaccuracies in my writing the editor will correct them. There were a few times realizing I had made a glaring error I phoned hoping to catch it before press time, only to discover Doug had caught and corrected it.

Marcia and her camera and information, Doug with his controversial editorials, their help to people and knowledge of pertinent affairst in the communities of this area will be sadly missed. Good luck in the success you will make wherever you are.

Doug you have never cut items out of my column, don't start now with this last one.

50 shivered...

Hospital Volunteers meet. cooled by power failure!

ALL the volunteers who work in St. Mary's Hospital were called to a meeting which was held in St. Hilda's Church Hall, Sechelt, Friday September 22nd.

A gratifying turnout of 50 ladies from up and down the Sunshine Coast shivered in the hall while the B.C. Hydro worked quickly to restore the power which was cut off due to something or other.

Volunteer director Mrs. Peggy Connor chaired the meeting with Miss Chris Ward acting as secretary in the absence of the assistant volunteer director Mrs. Faye Lewis.

Mrs. Connor spoke on the extended care program for the past few months particularly the involvement of the junior volunteers. There were 14 junior volunteers who worked a total of 302 hours. The girls enjoyed working in the hospital, especially in the extended care unit, the patients and staff were equally as happy to have them there.

Exchange of ideas from members who work once or twice a week on the extended care floor. Questions answered for the new members who are eager to start as volunteers. A regular evening of bingo is desired for patient participation. A solution was found for prizes.

Chairman of the gift shop, Mrs. Madeline Grose, explained the duties of gift shop volunteers. Questions and answers were discussed. Speaking for the hairdressing volunteers was Mrs. Muriel Eggins, chairman.

Mrs. Rosa Swan, in charge of baby photos, wished to remind the ladies making the rounds with the gift shop wagon to inform the mothers of this service.

Mrs. Ada Dawe had willing helpers ready to prepare the library books as soon as she has somewhere to keep them.

Pender Harbour members asked to be relieved of gift shop duties for the months November through to end of March. As the weather deteriates it is exceedingly hard for the long trip down from Pender Harbour and some of these ladies are from Egmont, making a round trip of more than 50 miles, which they do willingly. Their day was filled with Sechelt members who will carry on calling it "Pender's Day" until April.

The power came on in time to boil the kettle for tea but not in time to make the promised coffee. Members brought their own lunch. Mrs. Mollie Smith looked after the tea making.

A satisfying workshop much accomplished. Next meeting for the volunteers will be the annual one which will be held in January, 1973.

you can't help feeling smug
At a credit union, there's a lot of satisfaction in knowing you're getting the best available interest rates on your savings. Right now, credit unions are paying increased rates on a wide variety of savings plans— Term Deposit rates are especially high. Take a cue from the experts . . . they don't leave their money in one place indefinitely. They move it where it will do the most good.
Go ahead! Move your savings to higher earnings at a credit union and get that nice warm feeling when you see that monthly interest piling up.
It's only human.
keep your interest high at your CREDIT UNION

Around The Harbour

—by Diana Bomford—phone 883-2440

MR. AND MRS. Rodney Course of Francis Peninsula received congratulations and best wishes from England and all across Canada on the occasion of their golden wedding anniversary, September 12. Two special cards of congratulations received were from the Pender Harbour Hospital Auxiliary to St. Mary's Hospital of which Mrs. Course is a member and from the senior citizens.

Mr. and Mrs. Course were married in St. Martins in the Fields in Toronto, September 12, 1922. Mr. Course worked for the Hydro in Toronto until 1929 when they moved to Vancouver where Mr. Course worked with B.C. Telephone for twenty years. On his retirement in 1956, they moved to Pender Harbour.

To celebrate their 50th wedding anniversary, a tea was held in St. Helen's church hall, West Point Grey, where the couple met with many old friends. The Courses attended this church for 25 years. A two-layered wedding cake was made for the occasion. Mrs. Course received an orchid corsage.

Highlights of the tea were two solos "I'll Walk Beside You" and "Whither Thou Goest" sung by Mary Eckersley, accompanied by her mother Mrs. Christine Allen, a friend of Mrs. Course for forty years. Also a tape recording with greetings from cousins in England was brought to the tea by a friend who had just returned from there.

Attending a family dinner celebration in the Hotel Devonshire on September 12 were two of Mr. Course's sisters Mrs. W. Wildman of Streetsville, Ontario and Mrs. E. Johnson of Orillia, Ontario; Mr. and Mrs. Course's two sons, William and Kenneth, Kenneth's wife Josephine and four grandchildren, Linda, Gail, Julia and Diane. Mr. G. Watt of Orillia, Ontario who worked with Mr. Course from 1922 to 1929 in Toronto also attended the dinner. Mrs. Course received a corsage of rosebuds at the dinner.

DOCTOR ARRIVES

Dr. Malcolm Brand began his practice at the Pender Harbour medical clinic Tuesday, September 19. Dr. Brand is presently continuing with the previous clinic hours until he can close up his practice in Vancouver, after which time he will be here permanently.

COURT NEWS

In court last week Glen Harris appeared and was charged with carrying loaded firearms in a vehicle. He was fined $25 and had his hunting licence suspended until he takes the junior hunting course.

Leonard Iverson was fined $100 for carrying loaded firearms in a vehicle.

A juvenile was fined $25 for the same offence.

Ed Reid was fined $10 for fishing inside a closed area.

SEINER ABLAZE

Rebecca Lor, a big drum seiner, about 53 feet, caught fire off Middlepoint Wednesday, September 20. The rough seas caused difficulties in fighting the fire. A line was tied to the boat and it was towed to Buccaneer Bay. The vessel was almost a total loss. No injuries were sustained. Cause of the fire is unknown.

STORM DAMAGE

Fork lightening in a storm Monday afternoon September 18 did considerable damage to the McCann residence near Middlepoint. The fuse box was blown out, the bathroom window was broken and the toilet shifted so that the base cracked, a screen door against the house outside was completely destroyed and a small hole blown in the side of the house. On the veranda all metal objects were crumpled and all glass was shattered. A tree above the house was struck, the top knocked off and the tree was split right to the bottom as the lightening coiled around it. Mrs. McCann was at home alone during the harrowing experience, but received no injuries. She was in the living room waiting for her family to return home by bus.

Red Robinson, across the road from the McCanns also reports substantial damage was done to his place. The window beside his front door was broken, all the light bulbs in the house exploded and the sockets were burned out, wires were burned out to the highway, and the hydro transformer in front ticket buys you a souvenir stein and one was hurt.

OKTOBERFEST

Remember the Oktoberfest this Friday September 29, 8 p.m. at the Madeira Park community hall sponsored by the Pender Harbour Lions Club. Tickets are $4 per person and must be purchased in advance, either from Harbour Supplies, Garden Bay Hotel or a Lion member. Live music and a costume prize will add interest to the evening. The boat raffle draw will be made. Your ticket buys youa souvenir stein and one free fill up.

Corporate welfare scored by Olaussen

"THE FEDERAL election campaign is gradually taking shape," Harry Olaussen, federal New Democratic Party candidate for Coast-Chilcotin, said in a talk to the Malaspina NDP Club.

"All indications point to the impact that federal New Democratic Party leader David Lewis has made with his exposure of "corporate welfare bums" that cut deeply into corporate arteries," Olaussen said. "The reaction has been immediate. There has been no denial of the fact that corporations are taking advantage of government handouts in the form of grants and other incentives to the tune of hundreds of millions of dollars a year."

Olaussen added,. No matter what excuses the government may give for its generous handouts to industry, the fact remains that this government is more concerned with corporate welfare rather than with the welfare of old-age pensioners whose $2.88 increase in their pension is nothing but a pitiful gesture on the part of the government."

"A party, whose campaign expenses are largely financed by major corporations, will obviously favour such corporations when it comes to generous handouts," Olaussen said. "There is no reason to believe that the Conservatives will provide a viable alternative as far as taxes and corporate handouts are concerned. Which leaves Canada's third major party, the New Democratic Party, as the only viable alternative to fight on behalf of those who need help and on behalf of wage and salary workers of Canada who deserve a break."

Turning to British Columbia, Olaussen felt that the people in this province have arrived at a critical period in their history. "Tired, old ideas have crumbled when challenged by the vigour of the New Democratic Party," he said. "The same holds true on the federal scene, where we find another election campaign in progress and another round of questions being asked by young and old alike."

In conclusion, federal NDP candidate Olaussen said, "People are beginning to ask, to probe and to ponder. There [illegible] lot at stake regarding the [illegible] this country and people are getting more and more concerned. For some, the future may seem bright and prosperous. For others, the future will merely be a reflection of the past with its share of unemployment, high cost of living and an unfair tax system."

1972 Graduation...

Record number of Grade participate in Ceremony

WHILE the strains of "Land of Hope and Glory" brought the large audience to its feet, sixty-four members of Elphinstone's largest graduating class of eighty, took part in the graduation ceremony held on Saturday in the school's auditorium.

Looking very lovely in their formal gowns, the girls followed Principal Don Montgomery, and behind them looking unusually well-groomed, came the young men, walking with measured pace down the blue ribbon of carpet, to ascend the blue and white decorated stairs and take their places on the decorated stage.

Dignitaries gathered to wish them well, included Father Fitzgerald of the Sechelt Student Residence who gave the invocation; Alderman Charles Mandelkau, representing the Village of Gibsons; Mayor Ben Lang of Sechelt; Chairman of the Regional Board, Harry Almond and School Board Chairman Mrs. Anges Labonte.

Rev. Jim Williamson gave the address in the darkened auditorium but the speaker system maintained its record of poor achievement and most of the speeches were lost to the audience.

GREETINGS

Mrs. Labonte said she believes that education should be everyone's concern, and it was gratifying to see so many friends and relatives attend the ceremony. She expressed the hope that the school had been able to provide the basic skills so necessary for the students to achieve their goals in the future.

Commenting on the theme of the graduation, "Friendship and Harmony", Alderman Mandelkau said there would be less conflict in the world if people practiced this.

Mayor Lang recommended that grad[illegible] in world affairs [illegible] sense of humour.

Mr. Almond also advised involvement especially in local government because, "this is where it happens, don't say, it is not for me, because it is and you have a right to take part and make changes", he said.

Mr. Montgomery in commenting on the lengthy programme ahead, said this is due to the generosity of the community in making financial awards to the students.

ADDRESS

Also elaborating on the graduation theme, Rev. Williamson said there is much boredom in the world today because of the I—Its relationship which should be changed to the I—Thou relationship. Friendship is missing in the world, church, community, business and possibly school. People are becoming numbers rather than names, and being treated more as objects and things. "We are afraid to be ourselves; afraid to be human and afraid to be unique". He advised establishing ties with other people so that they become special. Many people feel it is important to their own thing, only if it doesn't concern others. "Whatever you do affects others and no-one is an Island unto himself".

Rev. Williamson advised graduates to start with themselves and take time to get to know one-another. Love is a gift, and friendship is the comfort of feeling safe with a person, he said.
