LARGEST CIRCULATION OF ANY PAPER ON THE SOUTHERN SUNSHINE COAST. Volume 7, No. 40 — WEDNESDAY, SEPTEMBER 2, 1970

*Trail Islands . . .*

## Prime waterfront property excluded from Zoning Bylaw

PRIME waterfront lots on Trail Islands do not come under Sunshine Coast Regional District Zoning Bylaw No. 35, although the islands are included in Electoral area B of the Sunshine Coast Regional District.

Explaining the proposed zoning to property owners at the Public Hearing held in Sechelt, last Thursday, Planning Officer Mr. Ed Cuylits said that prime waterfront lots had been zoned as Residential No. 1 to ensure aesthetic development along the densely populated waterfront.

When asked why Trail Islands had not been included, Mr. Cuylits said that the islands had not been zoned because they are difficult to control.

**DISCRIMINATORY**

The Sechelt meeting was attended by 31 property owners, and, as at the Gibsons meeting held earlier in the week, it was pointed out that the minimum floor area of 800 square feet in Residential 1, could creat a hardship.

Miss Adele De Lange who is a member of the advisory planning committee pointed out that the minimum floor area in Residential 1 is 800 sq. ft. compared with 480 sq. ft. minimum in Residential II, which is discriminatory.

Mr. Stan Anderson also voiced the opinion that many of the retired people who come to this area may not be able to afford an 800 sq. ft. home. It was stated that minimum floor area in the Village of Sechelt is 750 sq. ft.

Mr. Cuylits stated that this area was set, on the recommendation of the Provincial Government Planning Officer, who had actually set a higher footage but compromised under pressure.

**PUBLIC PARKS**

Lack of public parksite facilities was pointed out by Mrs. Chas. Murray who has been in charge of the Sechelt and District Chamber of Commerce Tourist booth for the past two summers.

Mr. Stan Anderson also pointed out the lack of public boat-launching facilities.

Chairman of the Regional Board, Mr. Cliff Gilker explained that the Board is reluctant to take on Parks and Recreation as a function of the Regional District, until Victoria has a clear cut policy. At the present time four Provincial Cabinet Ministers would have to be consulted on any matter relating to Parks and Recreation and the Board feels that there should be a more cohesive policy on the part of the Provincial Government.

Many areas on the Sunshine Coast had been reserved by Victoria for public use but only the picnic area at Roberts Creek and the campsite also at Roberts Creek had been developed. Work is scheduled to commence on the Porpoise Bay parksite and also at Smugglers Cove Marine parksite.

Roberts Creek residents had recommended that the area around the breakwater at Roberts Creek be reserved for public use that Mr. Cuylits said, that the Board could not zone for parksites until it has a budget to back it up.

**WATERFRONT**

Referring to the comment that all the waterfront seemed to be zoned for Residential 1, with no public boat launching facilities, Mr. Gilker said that it is all provately owned and the Regional District could only acquire property through purchase. However the Board is looking into the matter of expired crown grants which should revert back to public use.

**BRIEFS**

Mr. Gilker advised that briefs and letters of recommendation for zoning changes should be in the Board office by Wednesday, September 2nd.

Mr. Cuylits explained that it is easier to make any changes before the Zoning Bylaw is finally approved, for it is then necessary to go through the procedure of a Board Hearing and possibly a Board of Variance Hearing and a Public Hearing.

## Times First Glance

**ISLAND SOLD**

Demand for property in the area is on the increase despite rising prices and latest land deal is understood to be sale of the smaller Trail Islands to the grandson of old time movie star Walter Brennan.

**RING THEFT**

Gibsons RCMP are investigating theft of a diamond ring valued at $1,800 reported as missing from a summer cabin at Langdale, the property of Mr. Robert Lester of Surrey.

**CHAMBER BANQUET**

Sechelt and District Chamber of Commerce scheduled its annual Anniversary Banquet to October. Originally planned for September it has been learned that a number of members will be away at that time. Official date will be announced later.

## 40 piece art display depicts church origin

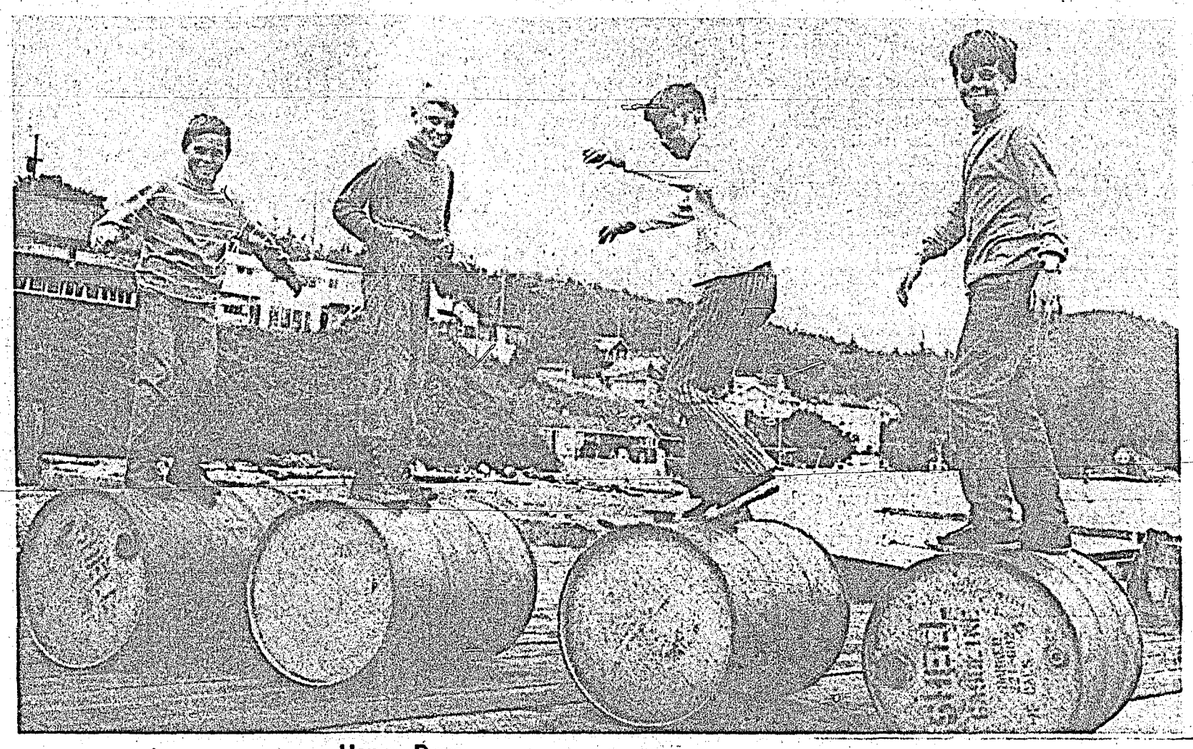
ON DISPLAY at Gibsons and also at Selma Park, this coming weekend will be a 40 piece collection of pictures by a famous religious artist, depicting the origin and historical background of The Church of Jesus Christ Latter Day Saints.

Ass well as the display of pictures which has been shown in British Columbia, The Yukon and Alaska, there will also be a film, "Man's Search for Happiness". This film was shown in the Mormon Pavilion at the New York World Fair and is currently being shown at Expo '70 in Osaka, Japan.

Two missionaries, Elders Richard Hartley and Ralph Beardon will be on hand to answer questions and talk about the display.

Lady Missionaries, Sisters Louann Crabtree and Joy Abbott are presently working on the Peninsula, calling on people to discuss their religion.

The display and film show will be held on Friday, September 4th at 7.30 p.m. in Elphinstone Auditorium and in Selma Park Community Hall on Saturday, September 5th at 6.30, 7.30 and 8.30 p.m. and on Sunday September 6th at 1.30, 2.30 and 3.30 p.m. also in Selma Park Hall.



**Happy Days**

The summer holiday is drawing to close and every day is precious for the youngsters who will be back at their school desks, next week. There is always something to do on Gibsons wharf and if they are not fishing under it or diving from it, John Nygren, Kyle Nygren, Wally Nygren and Bruce Lockhart are trying out a little barrel rolling for a change of pace.

## Labor Day event for September 7

WHAT should prove an excellent day of entertainment has been scheduled for Labour Day by a number of unions and members and will be held at the Sechelt Indian Reserve Monday September 7th.

Apart from all day bingo, carnival, games of chance and skill, there will be a series of competitions for various age groups up to sixteen years followed by competitions for the over sixteens. Water sports and games are also planned but this was not yet definate at press time.

There will be a free salmon barbeque at 12.30 p.m. but it is requested that patrons take along their own plates and utensils, salads etc. The barbeque will also contain free baked potatoes. Other foods and beverages will be available at nominal charge.

Sponsoring the 1970 Labour Day celebrations are: B.C. Government Employees Association, Canadian Union of Public Employees, Hospital Employees Union, International Brotherhood of Pulp, Sulphite and Paper Mill. Workers, International Woodworkers of America, Registered Nurses Association and the Sechelt Indian Band.

## Trafficking in narcotics three on trial this week

THREE transients were scheduled to appear in Gibsons police court earlier this week to face charges of trafficking in narcotics following their arrest in the Roberts Creek Gibsons area August 25th.

Peter James McKenna of Quebec, John Brien Caldwell of Vancouver and John David Parker, of Eastern Canada, appeared August 26th before Judge Charles Mittelsteadt in Sechelt and were remanded for trial without election, or plea to Sept. 1st.

McKenna is charged with trafficking in marijuana and LSD, Caldwell with trafficking in LSD and Parker with trafficking in marijuana.

William Black of Gibsons appeared in Gibsons before Judge Mittelsteadt to face a charge of assault following an incident in the Peninsula Hotel May 18th in which he was alleged to have caused a disturbance by fighting and using obscenity. He was fined $100.

Kelvin Craigen of Sechelt appeared August 14th in Sechelt to answer a charge of refusal to take the breathalyzer test. He was fined $350 and suspended from driving for three months.

Charge arose following an incident in which Craigen travelling on his wrong side of the highway, almost struck a police car as it drove over a hill at Mission Point. Craigen was stopped after a chase and found to have been drinking but refused to take the test.

Norman Angel of Vancouver, stopped for a routing check, was charged with having no auto insurance. He appeared in Sechelt court August 18th and was fined $250.

Vernon Warran of Delta was fined $130 following a check of his freight truck which proved to have an overweight when tested by Department of Transport scales.

Marilyn McDonald of Egmont was charged with failure to keep her vehicle in the right lane following a two car collision near Secret Cove in which she drove over the white line and struck another vehicle. Total damage is estimated at $500. Unless contested, the offence carries points in the demerit system.

Robert McAllister of Alberta attempted to pass another vehicle on a portion of the highway carrying double solid white lines on a curve. His speed was too high and he lost control, bounced into a bank broadside on and back onto the highway. Damage to his auto is estimated at $400. He was charged with passing on a double solid line.

No charges were laid in another accident in which Isabel Wright of Vancouver was driving south near Madeira Park when she was temporarily blinded by a sudden squall causing her to cross the road striking a rock bluff. Damage to her auto is about $1,500. She was unhurt.

*No sanitation . . .*

## Director raises questions office lacking facilities

INDISCRIMINATE dumping of garbage continues despite the fact a number of dumps are open to the public and a pick up service covering a large part of the Regional District has been established.

Directors, at last meeting of the board, found themselves confronted with a number of problems resulting from ignorance on the part of a number of individuals who persist in depositing refuse adjacent to dumps. In another case, in the vicinity of the Selma Park breakwater, it was reported that people are arriving by boat and dumping their waste in the bush and surrounding area. Director H. Slade said he had inspected this area and found it to be a place to step carefully at night time. He said two trimarans were anchored in the breakwater with people living aboard but they had told him refuse was being dumped ashore from other visiting vessels.

Director Norm Watson reported that RCMP had already warned the occupants of the trimarans that the breakwater is not for permanent berthing and, he understands, instructed them to move on.

Further, he said, a company is presently preparing to provide floats which will be available to the public for awhile. Later a marina will probably be established and an element of control will then be exercised thus eliminating dumping problems. However, he added, it has been brought to his attention that the contractors who have an office above the breakwater have no sanitary facilities. He wondered whether the health department has jurisdiction over Indian lease property.

Administrator Charles Gooding replied that following an earlier enquiry, the health department had indicated it does have authority. However, the Department of Indian Affairs has denied this.

It was moved the health department be asked to look into the situation and a letter forwarded, also, to the Department of Indian Affairs.

A visitor present, L. Fraser, told the board that he is residing on Indian lease property and according to the terms of the lease it is necessary to provide sanitary facilities.

In his report, Mr. Gooding stated that the garbage collection contractor has complained about indiscriminate dumping which commenced immediately following a major clean-up of the West Howe Sound dump. A large proportion of this garbage is from the ferry terminal and therefore is dumped by a contractor. Mr. Gooding suggested banning of garbage dumping by contractors not equipped with compacting equipment and/or, closing of the dump by a gate and the supervision of its use during advertised times. He added that a similar situation exists at the Sechelt dump where access to the trenched area has been cut off from use by indiscriminate dumping.

Chairman Cliff Gilker said he had seen the dump which is a mess and is becoming a constant expense to the board.

Director Watson expressed the view that it all goes back to the question of a gate, something he has stated in the past.

Neither directors Wolverton, Rutherford or Peterson agreed with this suggestion and director Peterson asked "what happens when they dump outside the gate?" Director Watson replied "keep a lookout and when caught have them arrested," he explained that now official dumps are established together with a pick-up service, there is no excuse for the RCMP not enforcing the law.

Director Lorne Wolverton said he does not agree "I feel we must provide dumps for people and would rather see us have to get them cleaned up than have indiscriminate dumping," he added.

Director Archie Rutherford suggested it is a question of educating people and perhaps signs might solve the problem. Chairman Gilker, however, said signs get pulled down and destroyed.

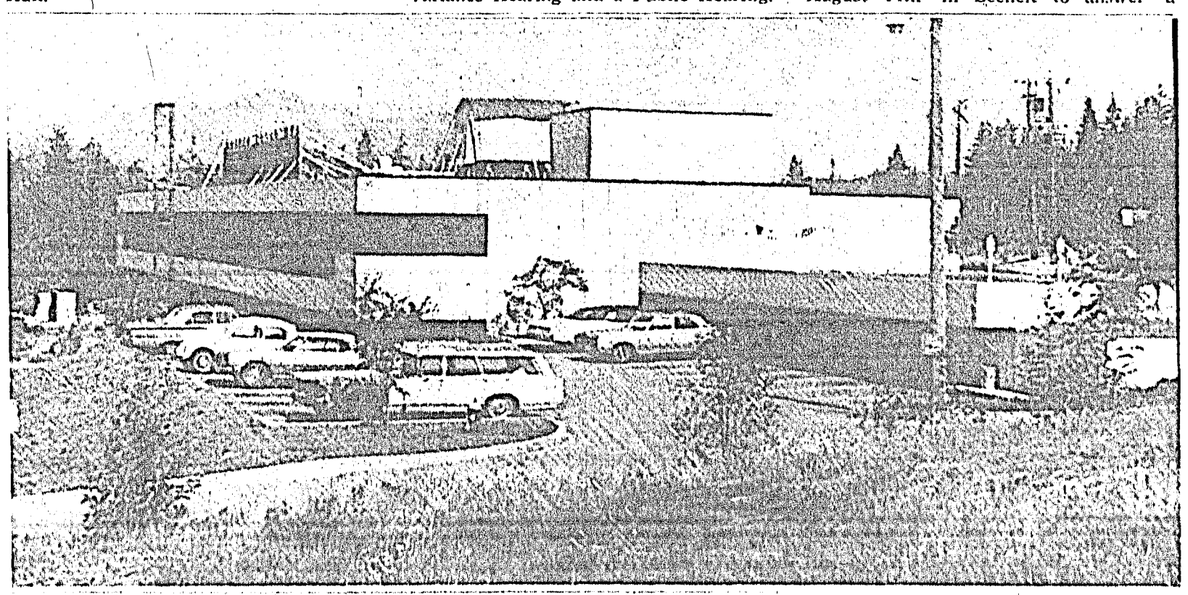
It was finally moved the matter be turned over to the garbage collection committee for investigation and recommendations.

## Senior citizens attend Golden Agers event

FORTY-six persons, members of the Sechelt Senior Citizens Association and the Gibsons Old Age Pensioners Organization, travelled by bus to the Pacific National Exhibition on August 25th, Golden Agers Day. Everyone reported an enjoyable time.

The next bus trip is scheduled for September 29th and 30th to the Interior, with overnight stop at Kamloops. This is the time of the year when the fall foliage is so vivid and spectacular.

Anyone interested may obtain further information by phoning 885-9772. Anyone planning to go should telephone as soon as possible so that all necessary arrangements can be made.



**Changing Scene**

Work has started on the $600,000 addition to St. Mary's Hospital and already new construction is changing the appearance of the old building completed in 1964. Extension will double the size and capacity.

*Wild guesstimate . . .*

## Regional Director refutes pipe line price variation

COMMENTING on a recent editorial in The Times, director Frank West, at last meeting of the Regional Board, told fellow members it had been stated that he had quoted a price of $40,000 for laying of water pipes for Pratt Road users while council of Gibsons were prepared to do the job for $25,000. This, he said, tended to make the board look like a bunch of incompetents.

Admitting that the figure he had quoted was just a wild guess, he explained that he had based his estimate on 8,000 feet. Normally this would have been at $6 per foot but due to the easy nature of Pratt Road he had figured at $5 per foot, thus making a total of $40,000. On the other hand, based on the distance the village planned on renewing, the figure of $25,000 worked out to about $9 per foot.

Mayor Wally Peterson laughingly suggested Director West take another look at the seat of his pants and check his figures. He said figures quoted by director West were for Pratt Road only, the same distance as the village, about one mile.

Director Norm Watson commented "that is still less than 8,000 feet". Mayor Peterson added that both quotes were for Pratt Road only.

Director West insisted that his quote was for 8,000 feet but director Archie Rutherford suggested it was pointless to continue the discussion "the press has always been quite fair and I am sure will correct any wrong impression," he added.

Director Lorne Wolverton, reporting for the Water Committee following a rundown of extension plans, said the committee has been made up of those in the areas involved. Unfortunately they have been sadly lacking in providing Gibsons council with information it should have had. Therefore, he said, he feels the village should be invited to have a representative on the committee. He made a motion to this affect and Mayor Peterson said he was pleased to agree.

Director Wolverton also reported that by purchasing pipe in quantity, a good price has been obtained. This will provide the board with spare pipe which will provide for any extra work that might come up "it is necessary to replace bad stretches in Sechelt," he said.

Halfmoon Bay previously approved water as a fuction and this is presently under further survey and investigation by the engineers, explained the director.

Director Jim Tyner advised the board that it might soon become necessary to put water as a function to the Pender Harbour voters. He said he has reason to believe the board might be approached by residents and at such time would like to see them given the opportunity to vote.

Director Bert Slade questioned possibility of B.C. Hydro carrying out spraying operations in the vicinity of the new reservoir. Director Rutherford agreed but suggested such concern should also include water sheds.

Director Watson suggested B.C. Hydro be contacted and asked for information regarding spraying plans.

Mayor Peterson said that from council's experience, any spraying that affected the village water supply was blamed upon the contractors.

Chairman Cliff Gilker therefore suggested the authority be informed that it will be held solely reponsible for any such action involving the Regional District Waterworks.

*Rezoning Bylaw . . . .*

## Record hearing attendance in Pender Harbour district

PENDER Harbour residents showed the greatest interest in the Sunshine Coast Regional District Zoning Bylaw, when 84 persons attended the last of a series of four public hearings, held throughout the District last week.

Electoral Area A Director, Mr. Jim Tyner explained at the meeting held last Saturday, in Madeira Park School, that a local planning commission had been established to discuss zoning.

Commercial areas in the Pender Harbour area are still in a state of flux with no fixed area yet established. At the present time it is limited to Madeira Park with the prospect of a commercial area at the head of the Francis Peninsula Road. There is a lack of service industries and also extreme diversification on the waterfront. Director Tyner said that these three problems had been considered when zoning was being planned.

Planning Consultant, Mr. Ed Cuylits who had been employed by the Regional Board for the summer, illustrated the need for zoning with a series of colored slides taken throughout the district, before outlining zoning proposed for Electoral Area A.

**FLEXIBLE**

In general, zoning in the Pender Harbour area is restricted to Residential III along the coastline, around the lakes and on Francis Peninsula, around Earle's Cove and at Egmont. The rest being Rural Holding area.

Residential III zoning is extremely flexible, allowing for almost all activities now being conducted in the area. It does however impose certain regulations on site sizes for single family dwellings, motels, auto courts and hotels, buildings for commercial use, gasoline service stations and restaurants.

There are also setback and height regulations plus minimum floor area of 480 square feet for a dwelling unit.

**NOW EFFECTIVE**

Mr. Cuylits explained that the Zoning Bylaw is in effect now but will not be official until October. A 90 day holding period comes into effect before the Bylaw becomes official to prevent any undue speculation.

The Zoning Bylaw cannot be imposed on Indian Reserve Land or on Dominion Government land but such land does come under the Health Department.

All suggestions made at the hearing were recorded for consideration by the Regional Board.

One member of the public preferred to resort to profanity and abuse until it became evident that members of the public were prepared to support Chairman Jim Tyner in exercising Roberts Rule of Order.

A vote of thanks was extended to Mr. Tyner and Mr. Cuylits before the hearing closed after less than two hours deliberation.

## TOUCH UPS: FIRST AID FOR CARS
### PART I

It's almost inevitable that your car is going to get a few "scrapes" when it is constantly threatened with scratches from passing bumpers, nicks from flying gravel, or gouges from another car door in a crowded parking lot? With some quick attention, your car's painted finish can be easily repaired, preventing corrosion and devaluation of this costly investment.

A car's metal is safe as long as it is protected by one of today's excellent automotive finishes. Once bare metal is exposed, rust begins almost immediately. If allowed to continue, it spreads under the painted areas around the scratch causing the paint to flake away. More metal is then exposed, and the corrosion cycle continues.

Touch-up painting is an easy, effective way to stop corrosion, and special paint to match the color and chemical formula of your car's present finish is available from your car dealer or automotive shop.

Proper preparation is important. New paint adheres much better to metal or old paint if the surface is lightly sanded. Make sure rough edges around nicks are sanded smooth and all loose paint is removed.

# Provincial competition open to bands & choirs

PROVINCE-wide competition which will determine leading choirs and bands, both junior and senior, in all sections of British Columbia with finals at the University of British Columbia next spring was announced in Victoria this week by the Speaker of the Legislature, Hon. W. H. Murray of Prince Rupert. The musical competition is under the aegis of the British Columbia Cultural Fund.

Associated with Mr. Murray's bands and choirs committee are leading figures in educational and other fields, including Dr. J. F. K. English, former deputy minister of education; L. J. Wallace, deputy provincial secretary; and others. The committee is working very closely with Music Festivals in all areas of the province. All Festival competitions will be completed by May 4 next and band and choir championships are scheduled for the second week of that month in the U.B.C. auditorium.

Highly qualified adjudicators will select junior and senior choirs and bands and community choirs and bands as the winners in each of 12 different areas of the province. These zone finalists will then be transported to Vancouver for the provincial competitions. Close liaison with all school districts in British Columbia will be maintained by the committee.

Bands and choirs in six different categories will be welcomed in the competition. They will fall into the following classifications: Junior Bands (students up to and inclusive of Grade X); Junior Choirs (students up to and inclusive of Grade X); Senior Bands (students up to and inclusive of Grade XII) Senior choirs (students up to and inclusive of Grade XII); Community Bands and Community Choirs. It is felt that the widest spectrum of musical talent all over the province may be discovered in this manner.

Mr. Murray made it clear that the government-directed musical competitions will take place in the spring of every year. "We are confident that these provincial championships will encourage amateur musicians in every section of British Columbia, adding materially to the cultural wealth of this province," commented Mr. Murray.

Following are the 12 different zones in which annual competitions will be staged.

North Coast — Regional Finals to be held at Terrace. Including School districts 49, 50, 52, 54, 80, 88.

Northern Interior — Regional Finals to be held at Prince George. Including School Districts 28, 55, 56, 57, 58, 59, 60, 81, 83, 87.

East Kootenays — Regional Finals to be held at Cranbrook. Including School Districts 1, 2, 3, 4, 18, 86.

West Kootenays — Regional Finals to be held at Trail. Including School Districts 7, 8, 9, 10, 11, 12.

Okanagan — Regional Finals to be held at Vernon. Including School Districts 13, 14, 15, 16, 21, 22, 23, 77.

Mainline-Cariboo — Regional Finals to be held at Kamloops. Including School Districts 19, 24, 25, 26, 27, 29, 30, 31, 82, 89.

Fraser Valley — Regional Finals to be held at Chilliwack. Including School Districts 17, 32, 32, 34, 35, 42, 75, 76.

Metropolitan — Regional Finals to be held at Port Coquitlam. Including School Districts 36, 37, 38, 40, 41, 43.

Vancouver — Regional Finals to be held at Vancouver School District No. 39.

South Coast — Regional Finals to be held at either North of West Vancouver. Including School Districts 44, 45, 46, 47, 48.

Greater Vistoria — Regional Finals to be held at Victoria. Including School Districts 61, 62, 63, 64.

Vancouver Island — Regional Finals to be held at Nanaimo. Including School Districts 65, 66, 67, 68, 69, 70, 71, 72, 79, 84, 85.

# Safe Motoring

ALL set for your holidays? Well, if you're travelling by car, have your garage mechanic check it for any obvious trouble spots. A few minutes now could prevent a lot of inconvenience later, reminds the B.C. Automobile Association.

Don't forget to check your spare tire, too. Hidden away in the trunk it's often neglected and sometimes low on air. Let's hope you won't need it . . . but if you do it's a relief to know beforehand that the spare will do the job.

Take a few minutes out before the trip to check these few points.

If trouble develops with your car on a busy highway . . . don't panic. Your reaction to the sudden problem can often mean the difference between a minor inconvenience and a major mishap.

If the heat indicator in your car lights up, just ease over to the side of the road gradually and pull up on the shoulder well out of the line of traffic.

If the hose connections to and from the cooling system remain secure, then simply place your car in neutral and accelerate slightly to help the fan of your motor cool the engine. When the light goes off, proceed slowly to the next exit and have your car checked by a mechanic.

Enjoy your weekend outings with the family . . . drive carefully . . . and "Bring 'em Back Alive!"

# Screen spectacular returns to Gibsons

NO FILM in the history of motion pictures has ever received the awards, plaques, citations, accolades, governmental recognition and special honors which have been bestowed upon "Ben Hur." And this week Twilight Theatre in Gibsons is proud to announce a special four day engagement of this wide screen spectacular, starring Charlton Heston and Jack Hawkins.

With the spectacular chariot race, the sermon on the mount, and some of the most spectacular settings ever employed by a movie company. "Ben Hur" will, as it has in the past, prove to be high class entertainment for all ages. Due to the fact that this is the full 200 plus minute version of this film, it will be starting at 7:30 p.m.

SUNSHINE COAST REGIONAL DISTRICT

## 1970 VOTERS LIST

1. The Voter's Lists to be used in all Regional District, Hospital District and School District elections and plebiscites is being compiled this year by the Regional District under the provisions of the Municipal Act.
2. The lists will be complete for each electoral area of the District.
3. Those lists for Electoral Areas "A" and "B" and those for Electoral Areas "C", "D", "E" and "F" will, respectively, be the lists used by the School Board for the division of the School District into their areas "A" and "B".
4. Each list will be in three sections: Owners, Resident Electors, and Tenant Electors.
5. The owner-elector's roll will be compiled by the Regional District from records obtained from the Surveyor of Taxes. The Tenant and Resident Electors rolls will be compiled from applications received.
6. Applicants for inclusion on Tenant and Resident elector rolls may obtain the necessary forms from the Regional District Office.
7. The main requirements for inclusion are; Canadian or British citizenship, full age of nineteen years, property ownership or in the case of tenant or resident electors six months occupation/residence prior to submission of declaration Full information on eligibility may be obtained from the Regional District Office.
8. Corporations will only be entered on the roll if there is, on file with the Secretary, a written authorization naming some qualified person to vote on their behalf.
9. The list of electors will be closed on September 30th, rolls prepared for public information by October 20th and Courts of Revision held on November 1st following which the list as certified will be printed.

Great Starter

The versatile Evinrude 40. Perfect for all kinds of boating. Get Started.

The Evinrude 40 was the world's first luxury outboard. Over the years, no motor made has brought so much enjoyment to so many people and it still sets the luxury standard in its class. The Evinrude 40 has all the power you need for family cruising or water skiing.

There are 3 models to choose from: Lark, Big Twin—Electric or Manual start. The deluxe Lark has push button Selectric Shift with all controls included.

If you don't need the power of the 40, see the Ski Twin 33. It's the most motor for the money in middle-power boating. Electric or Manual starting. Or try the Sportster 25, weighs only 82 lbs., a happy combination of power and portability.

See your Evinrude dealer now and get started.

Lucky winner of the annual Kiwanis Boat Raffle, Noel Layfield of Surrey, called to collect his fine prize last week. Comprising boat, motor and trailer, his prize is valued at about $2,500. Turning the boat over to Mr. and Mrs. Layfield is Kiwanis president John Harvey. Overwhelmed with his good fortune, Mr. Layfield said he already has a line of friends waiting to take him out fishing.

*Annual event . . .*

# B.C. Festival of Sports submissions by Sept. 30

SECOND annual British Columbia Festival of Sports. May 20 through June 7, 1971, promises to be bigger and better.

Last year, in its initial staging, the Festival of Sports brought together 125,000 athletes from all parts of the world, competing in 247 events in 64 BC centres. Forty-seven individual sports were involved.

Already, 100 communities have signified intentions of staging events in 1971, British Columbia's Centennial Year. It is hoped that some 200,000 athletes will be involved.

Two sports not involved last year—basketball and football—have shown keen interest in the Festival and are planning events. Those sports that did participate are already making plans for an improved program.

Bowling, for instance plans a vast zone playdown. Rugby is talking of hosting Australian Cup champion New South Wales. Soccer is negotiating with Leeds United of the English First Division. Field Hockey plans international tournaments between Canada, the United States and possibly a team from Mexico, Japan or Europe. Boxing is looking at the Western Canada championships.

"There is more of an awareness of the Festival now," said Don Benson, who with Frank Bain is one of two special field representatives for the B.C. Sports Federation.

The Festival of Sports is sponsored by the B.C. Sports Federation in co-operation with the Government of British Columbia.

Benson said that a typical example of community interest comes from Golden. "Last year, they had two events. This time around they have six."

Said Bain:" 'It's really encouraging. Last year we had to go out after them. This year they're coming to us."

The two field reps said that communities are asked to make their initial submissions announcing names of chairmen and activities to the B.C. Sports Federation, 1200 West Broadway, by August 31. Community sports organizations, working through sports governing bodies, have until September 30 to make submissions.

---

Humans and warm blooded animals must keep their blood at a very constant alkalinity to maintain life, but cold blooded animals allow their pH (alkalinity or acidity) to vary as the temperature changes.

# Halfmoon Bay Happenings

—by Mary Tinkley

THERE was a happy reunion at the home of Dr. and Mrs. Don Rutherford last week with the arrival of Mr. and Mrs. Ed. Smith of Walnut Creek, California. Mr. and Mrs. Smith came for two days but were so charmed with out coastal scenery that at the time of going to press, they were still finding it hard to drag themselves away. They explored Smuggler's Cove and Frenchman's Creek and consider that our coast. with its coves and inlets, is even more beautiful than the fjords of Norway.

Mrs. Smith who is a talented artist is preparing to put some of the finest scenes on canvas so that her friends in Walnut Creek will be able to see as well as hear about the glory of our B.C. coast.

Former residents who have returned to Halfmoon Bay after living in Squamish are Owen and Lois Edmunds with daughter Cindy. They are renting the McNeil house.

Canon Alan Greene, a chess enthusiast who has been the unofficial champion of the area for some time, beating everybody he can persuade to play with him, has at last met his match. The new champion is Ross Conquest.

The Halfmoon Bay Auxiliary to St. Mary's Hospital will hold its next meeting on Tuesday, September 8th at 8 p.m. at the Ed. Cook home at Eureka. New members will be welcome.

Mr. and Mrs. Dick Manton with Starr and Ross are home after an interesting holiday driving through B.C. They travelled to Prince George, then along the John Hart Highway, returning through Jasper, Banff and the Okanagan. They saw many wild animals, including elk, big-horn and bears and hope to have some good pictures.

Charlie Reese is resting comfortably in St. Mary's Hospital.

Guests of Mrs. Ruby Warne last week were her son and daughter-in-law, Frank and Norma Warne of Vancouver with Gerry and Cheryl.

At the Stan Moffat's have been Betty and Ed. Powers with daughter Kathleen.

Frank McCrady with his wife Edith and son David have been visiting his mother, Mrs. Blanche McCrady at Seacrest.

Mr. and Mrs. Emil Thorson and family have enjoyed a holiday in the Bay and finished up last weekend as guests of the Bill Sexton's at Redroofs, enjoying some good fishing in the June Bug.

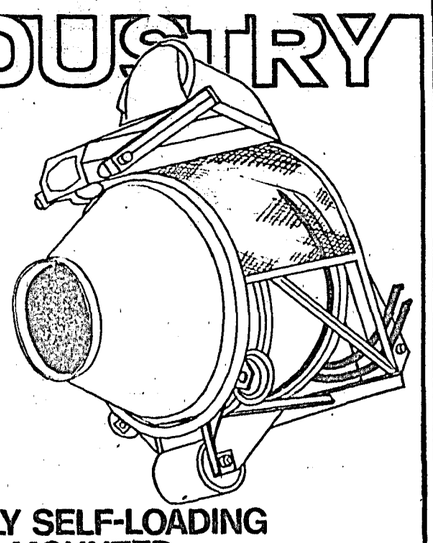
INDUSTRY NEWS



THE ONLY SELF-LOADING LOADER MOUNTED CONCRETE MIXER IN THE WORLD
DAKOTA MUDSLINGER
This Mixer has the utility of loading, mixing and pouring all in one compact unit. This advantage alone will eliminate 2 pieces of equipment and 2 operators at the construction site. The Dakota Mudslinger has the capability of pouring 3 to 6 cubic yards an hour continuously, eliminating delays in concrete delivery. It is mountable on all popular type Front End Loaders. The Mixer's applications include gravel washing, mixing of fertilizers, soils, feeds, aggregate, plus an unlimited variety of other uses.

*Gibsons Rural . . .*

## Mild opposition indicates general zoning acceptance

FIRST Public Hearing held to discuss Sunshine Coast Regional District Zoning Bylaw No. 35, attracted 36 persons from electoral areas E and F which include the whole of the rural Gibsons area, plus the area through to Langdale.

Director Frank West explained that the Bylaw is not meant solely to impose restrictions; the main aim is to preserve the environment and, "for our protection".

Main objection registered at the meeting was that the extent of Residential II zoning is too restrictive, as large blocks of land are included North of the Reed Road ara and also in the Pratt Road area.

Residential II restricts property to single family dwellings; mobile homes only in mobile home parks; comprehensive development; market gardening, fur farming, animal and stock raising according to acreage involved.

Planning consultant Mr. E. R. Cuylits explained that the boundary line which divides Residential II from the Rural Holding Zone roughly follows the boundary of the area which can be served by the Regional Waterworks.

Mrs. David Leslie who represented Delta Lands expressed the opinion that areas included in Residential II zoning could be used for light industrial or camping grounds. He also felt that it will be some time before much of this area is serviced with water, and that this type of zoning will force people into subdividing.

**GIBSONS HEIGHTS**

Mr. Jim Gurney, President of the Gibsons Heights Ratepayers, pointed out that at the March meeting with Regional Board representatives, it had been agreed that the area North of Reed Road would be a Rural Holding Area but it has now been included in the Residential II zone.

Director West felt there might have been a slip-up there and the Board would check into the matter.

**PRATT ROAD**

Many property holders in the Pratt Road area felt that mobile homes should be allowed for residential use in this area and requests were made regarding re-zoning as a Rural Holding area.

Both Director West and Chairman of the Board Cliff Gilker said that a new ruling is hoped for, from Victoria regarding mobile homes, which in some cases is a misnomer as these are really prefabricated houses. The matter had been brought up bfore the Union of BC Municipalities.

**SOAMES POINT**

Soames Point Property owners had prepared a brief and sent a delegation to the meeting. The brief commended the Regional Board on zoning the coastal area as Residential I which is strictly for single family dwellings.

Only two objections were registered; one dealt with a break in the continuity of the zoning and the other felt that the minimum floor area per dwelling unit, which is 800 sq. ft. is too large for what could be an occasional guest cabin. Two dwellings are allowed per parcel; provided site area requirements are met.

**NON CONFORMISTS**

Asked what would be the status of those presently living in accomodation not approved in the new zoning bylaw or conducting a business not allowed in the new zoning, the Municipal Act was quoted which reads as follows:

"A building of structure lawfully under construction at the time of coming into force of the zoning bylaw shall, for the purpose of that bylaw, be deemed to be a building or structure existing at that time.

A lawful use of premises existing at the time of the adoption of the zoning bylaw, although such use does not conform to the provisions of the bylaw may be continued; but if such non-conforming use is discontinued for a period of 30 days, any future use of those premises shall be in conformity with the provisions of the zoning bylaw."

The Act also states that the business may be extended throughout the building but no structural alterations shall be made unless allowed by the Board of Variance (which is an appeal board).

If the building is destroyed or damaged to the extent of 75 per cent of more of its value above its foundation, it shall not be repaired or reconstructed except for a conforming use.

A change of tenants or occupants shall not be deemed to effect the use of the premises.

**PUBLIC HEARING**

Planning Consultant, Mr. Cuylits advised that all objections registered at the public hearing and all briefs submitted would be given due consideration by the Board.

The Zoning Bylaw would not become law until it had been sent to Victoria, after the Public Hearings had been completed, for the Lieutenant Governor's approval and then finally adopted by the Regional Board.

Application for re-zoning can be made and if this fails to meet with the Board's approval, an appeal can be lodged with the Board of Variance which consists of one person chosen by the Regional Board; one chosen by the Lieutenant Governor and a third person chosen by the first two members. Members of the Board of Variance may serve for a three year term with no remuneration other than their expenses.

## Legion Ladies provide $507,602 for charity

LADIES Auxiliary to the Legion in British Columbia raised $507,602 for community and Legion projects, announced President Mrs. Agnes Keegan in th annual report.

The terrific efforts of the 10,903 members in 154 branches, running rummage sales, catering meals, bingo, bazaars, fashion shows and raffles amounted to hours of voluntary service.

Apart from $168,970 donated to branches for maintenance, building and welfare, $304, 022 was given to many other deserving cases.

No worthwhile request is ignored, be it unwed mothers, junior sports, Rest homes, retarded and sick, CNIB or Salvation Army all get consideration according to their needs although they are not in anyway connected with the Legion.

A further plus in the Ladies efforts of which no price can ever be assesed are visits to the sick at home or hospital—the cleaning of needles for Operation "doorstep" and getting Senior citizens out on tours or for shopping.

The volunteer hours washing dishes, and carrying out the multitude of chores required, show us the true meaning of charity by these wonderful Legion Ladies.

**Hot-line Detector**

Novel and expensive piece of eqiupment in the area recently was this Thermo-Vision camera valued at more than $30,000 and property of B.C. Hydro. Together with two electrical engineers, the equipment travels throughout the province checking Hydro lines and installations for faults and short circuits. The camera, used either on top of a truck or installed in a helicopter, moves beneath or above lines at speeds of 15 to 20 mph and records by closed circuit any hot spots in the system. Any heated point shows up on the picture as a white spot which can be easily traced later. From left: local Hydro manager Erich Hensch, engineer Jose Tuells, journeyman-linesman Harold Nelson and engineer Les Szentmiklossy.

**MOVES AHEAD**

Variety store operator Neil Campbell of Campbell's Variety moves a step ahead with announcement that he now offers credit cards, Gambles Canada Account Cards. The cards may be used as 30 days from date of invoice or as regular charge accounts with monthly payments.

Gambles Canada Account Cards are good across Canada at:

Stedman's Stores and Dealer Stores
Marshall Wells " "
MacLeods Stores " "
Gamble Discount Stores

Commenting on his new service, Mr. Campbell says he feels it will greatly facilitate shopping and suggests customers make arrangements to open an account TODAY.

*"I may be wrong, but I shall not be so wrong as to fail to say what I believe to be right."*
—JOHN ATKINS

DOUGLAS G. WHEELER, *Editor and Publisher*

## Time for re-examination?

THE GRISLY Tate-LaBianca murder trial in Los Angeles grinds on.

It is now in its 12th week.

There is a warning and a lesson to be gained from this highly publicized and dramatic case. It shows clearly what can happen when the ethics and practices of the legal profession are lowered or when the courts fail properly to carry out fundamental justice.

The Los Angeles trial, featuring the sinister and evil Charles Manson and his hippie family (followers), has become virtually a three-ring circus. It was months and months before this trial ever opened.

More and more Americans feel that justice would be better served and their society more soundly protected if the usual practices prevailing in Canada and Britain were adopted in the United States. Some Americans say that if they could export some of their 20th century plumbing to England in exchange for the British courts and legal procedures, it would be an excellent exchange with America receiving the biggest dividend of the transaction.

In too many instances judges in the United States are elected and the rankest kind of politics enters into these considerations. More and more lawyers are engaging in questionable and even nefarious practices. Upholding the law is not a prime consideration. Getting the client off regardless of his guilt or the immensity of his crime seems to be the sole objective of too many American lawyers.

Even in Canada there has been a tendency in recent years to overprotect the criminal at the cost of society generally. In some cases our judges have become oversentimental and maudlin.

In other cases, thank goodness, some of our judges have taken a hard look at the situation and come up with sentences which should create some respect for the law. One such instance was the Vancouver Island judge who ordered a grubby young individual to wash and clean up before he would hear his case; and we remember with respect one of our local judges who cited a young smart-aleck for contempt when he deliberately slammed the door on leaving the courtroom.

It is natural to resist contamination. Perhaps now would be a good time, in the light of the Tate-LaBianca trial, for the Canadian legal profession to make a self-examination, and where indicated, to rededicate itself to the finest and truest tenets of the law. It would be a tragedy if we permitted our judicial and legal systems to follow the degeneracy of the American systems.

## One set of rules only

PERTINENT questions have been recently asked in council regarding the fact a group of American individuals have taken up residence on Trail Island and have built a number of shacks, apparently without building permits.

While this is strictly a matter for the Regional Board and more specifically the Regional Building Inspector, council as an elected public body has every right to express concern, in fact everyone has cause to express concern should it prove we have two sets of rules involving the building code.

It would, for instance, be extremely questionable should it be possible for a group of American hippy types to form a colony within the regional district and set themselves up in a cluster of sub standard shacks while long time taxpayers are forced to conform to every rule in the building code.

The situation would then seem a simple one, if the National Building Code has been adopted by the Sunshine Coast regional district, then there should be one set of rules only. Certainly a certain amount of flexibility should be incorporated within reasonable bounds but there is no room for two different sets of rules.

Board building inspector Fred Reyburn tells us that there is no such thing as two sets of rules but the area is so spread out that it is virtually impossible to be aware of every building going up. It is possible for people to build in an isolated area without his knowledge for unless they ask for a building permit he will naturally be unaware of their activities. In the case of Trail Island, the individuals concerned have sought a building permit. They submitted plans which were rejected and were told to bring them up to standard, but so far have not returned and no permit has been issued. Further, it was his understanding, although he has not visited the Island, that only a tent and a plastic covered shelter presently exists.

Mr. Reyburn has also brought to our attention the fact that in 1967 the board agreed that a policy should exist regarding areas where building codes should be enforced. At that time director Frank West is reported as stating he was more concerned with sub-standard sanitation rather than sub-standard building. It was recommended that full standards be enforced from an arterial road to the waterfront and for a distance of 1,500 feet on the opposite side of the arterial road. In the case of a secondary road it would be in force for 1,500 feet on either side of the road.

However, Mr. Reyburn says that this does not suggest the board has no control outside these limits, also that he plans on making a personal investigation of what has been constructed on Trail Island.

This is as it should be and we sincerely hope Mr. Reyburn follows through for if this type of nose thumbing at authority is permitted to continue, then the regional board will have a great deal to answer to by taxpayers of the district. It would encounter considerable difficulty in prosecuting local residents for building infractions should it turn a blind eye to an element from afar entering the area and breaking all the rules in the book.

Significantly, a spokesman for the Trail Island promotion told us last week that the buildings on the Island were up to standard. This sounds rather strange when it is considered no permit or official inspection has been given. He also asserted that when only outside toilet exists, then plumbing is not required inside. Regarding allegations of nudity in view of boats, he said he sees nothing wrong?

Well, good for him, that is a matter of opinion but when we have, over the years, set up a standard of acceptable rules and general behavior with laws to back it up, then we would suggest this is a type of American infiltration we do not need.

We see little wrong with U.S. investment which helps develop the country providing bulk of the proceeds are kept in the country. Rabble, we do not need, draft dodgers we need even less for these are a breed who will not fight for their own country, they seek refuge and a living here but would run like rats the moment Canada became involved in war.

## Crying over spilt milk

EVERY community has its back-room lawyers or aspirants to fame, and sometimes fortune, as defenders of the rights of those they fondly consider to be inadequately accomplished in the seemingly ceaseless battle against authority.

Some of these people are sincere upholders of the rights of the individual. They do not seek public office but rather act as spokesman for concerned groups the moment autocracy raises its ugly head. It is good to have persons such as this for otherwise, as we now know only too well, dictatorships are never far away.

On the other side of the fence we have the soap box type orators ready to raise cain at the drop of a hat without any attempt to assertain the facts first. Consequently, trouble invariably develops somewhere along the way, tempers become frayed and for a while hostility prevails.

Much of this could easily have been avoided had the vociferous individual responsible taken the trouble to keep abreast of the subject. As an example, by following news reports in the local newspaper.

Every editor goes through the same routine from time to time; phone call from an anguished resident demanding to know how come an elected body has the power to do this or that.

Carefully explain that it is because the people approved the function by Referendum which was given ample publicity by way of advertisement and news reports and the reply comes back "I didn't see anything about it and I take the paper". This is invariably followed with a lengthy attack against elected representatives and a multitude of suggestions as to what they should have done to publicize the apparent atrocity in question.

We do not for one moment suggest people should not register protest when they feel they have good cause, we do, however, suggest a little homework be carried out first. Far too many are prepared to casually glance through their newspaper and are extremely apathetic until such time they become personally involved. By which time it is usually too late to do anything.

Typically, a phone call recently by the chairman of a substantial group asked how did a certain individual become their representative on the Regional Board? Told he was elected by acclamation, he stated "we did not know he was representing us, how are we to know these things".

Now, this is an absurd situation. The Regional Board has been established for about four years. Directors and the areas they represent have been spelt out each year both by advertisements and news reports. Not once but many times up to the election period and there certainly is no simpler and more straightforward means of publicising the facts, yet months later such questions are asked.

Another person, and one who has long been actively interested in the Regional District, quite recently asked "how did the Board get into the garbage business?" . . .

Garbage as a function was one of the earliest projects and was discussed and reported for about two years, finally reaching the stage of Bylaw preparation followed by announcements, news reports, advertising and distribution of literature, and eventual Referendum. Apart from Pender Harbour, the Bylaw received overwhelming acceptance. Yet months later we are asked "How come we knew nothing about it?"

A simple situation exists, we now have a Regional District firmly established on the Sunshine Coast, its actions affect everybody living outside either one of the two villages. Consequently it is of the utmost importance that all residents of the District acquaint themselves with its existing and proposed functions.

It would also be wise policy to make good and sure who represents who and just how much and in what way each Director contributes. We would certainly not disagree with anyone who suggests changes are necessary, in fact we would heartily agree in some cases. The onus rests with the electorate and elections come round each year.

We would not, at this time, presume to indicate where those changes are needed but prior to the elections we will submit our humble opinion as to the areas in which change could prove advantageous. Meanwhile, we again urge readers to spend rather more time following reports, not only of the Regional Board but of School Board and Councils. Time speeds by only too quickly and now is a good time as ever to start seeking competent and eligible candidates for the various offices coming vacant.

## Disgusted

Editor, The Times.

Sir: Upon returning from vacation, I was disgusted and disappointed to see in an earlier edition of the paper, that someone else had been given credit for the first hole-in-one, at the local golf course.

My husband made the first LEGITIMATE hole-in-one on the eighth hole in June or July and he had a witness too, but the "powers that be" at the golf club don't consider a 10-year-old boy witness enough, plus we aren't members, and let's face it, unless are "somebody" in this world, you apparently don't count.

My husband was of the opinion that golf was a game of honour. There is no other way you can possibly play, because if you cheat it is against none but yourself.

I am of the opinion that apparently you should always play with "witnesses" and whenever you tee off, be sure to yell "watch" because if you get a hole-in-one you have to be a pretty important member, because they won't acknowledge it otherwise.

Mrs. HELEN PHILLIPS

## Open letter

Editor, The Times,

Dear Mr. Premier: May I make a few helpful suggestions for your benefit and "The best ferry sevice in the world."

I have been a resident in Great Britain and travelled widely all over Europe where of necessity Ferries are normal transport for the use of those who pay the taxes to support them.

Here in B.C., the tourist gets all the benefit of these magnificent ferries, but the local residents are forced to travel by Bus or as foot passengers during the months of July and August and on any public holiday because they cannot, being on business bent, afford to sit in a queue for anything up to six hours.

As you are well aware through the excellent services of your Minister without Portfolio, The Hon. Isabel Dawson, most of the residents on the Sunshine Coast are retired and on Pension, and these naturally go on foot as they cannot afford cars.

What facilities are there for these local taxpayers?

I would like to suggest:

1. At least six push carts for taking luggage from the ticket office to and on to the Ferry at each end of the line, i.e. Horseshoe Bay and Langdale. 6 labelled for each end exchangeable. If, at the end of one day, eleven were at the Horseshoe Bay, the extra five could be put on the last Ferry back to Langdale.

2. A luggage crate on wheels to be pushed aboard the Nanaimo Ferry from the Langdale one at Horseshoe Bay, Many of us choose Vancouver Island as a holiday place and thus keep our money in B.C.

3. That all full time and particularly part-time summer help on any ferry service be trained to be polite to the General public whom they serve as public servants.

A letter re local so-called 'Help' has been forwarded to Mr. Finlayson, Manager at Langdale, re unbelievable rudeness to a guest of mine, President of the New York Travel Association on his first visit to B.C.

As a local resident waiting for your long promised road from Port Mellon to Squamish, when or if it is ever built. I need no longer queue for the Biggest and Best Ferry Service.

P.S. When and where the Squamish-Port Mellon road is built, may I suggest that it be paid for by those who voluntarily choose to use it for vacation purposes to see some of the most spectacular scenery in the world. That is, that every car not bearing a BC Licence plate, be charged a fee of One Dollar, thus causing no loss on the Ferries.

Re Postal Services in B.C.

I personally would like all present personell sacked, and all Hippy Type Welfare cases be given the chance to be of the Establishment. The present service could not be worse so maybe this would be better.

I would like to know your views on this matter as Premier of British Columbia and Minister of Finance.

(Editor's Note: The above is a letter sent to Premier W. A. C. Bennett by a Redrooffs resident who has circulated her comments to the press, we assume for added publicity to her cause.

While we are all aware of the present inadequacy of the ferry system between Horsshoe Bay and Langdale, we have never before heard of rudeness by ferry employees even though the attitude of some passengers leaves much to be desired. They are certainly not employed as whipping boys for every would be potentate who comes along snapping his, or her, finger.

## Food for thought

Editor, The Times,

Sir: Your editorial of August 26th gives food for thought. Am I to understand that by using Pratt Road as an example our Regional Board water system will cost approximately a half million dollars more than was necessary?

I would suggest that either an explanation or a resignation would be in order.

L. A. FRASER

## Misunderstood?

Editor, The Times,

Sir: Some figures and editorial comments thereon printed in last week's paper require clarification to allow taxpayers and the general public a fairer appraisal of facts.

As a member of the Sunshine Coast Regional Board since its formation I deeply regret the constant attempts to discredit this rather young venture into local government and a board composed of men who strive to the best of their abilities to serve their fellow citizen and who —after all—have been elected to represent the vast majority of residents.

This presently prevalent sport of 'one-

BROUGHT TO YOU BY THESE PROGRESSIVE PLACES OF BUSINESS . . .

"COCKTAIL DIPS"

BASIC CHEESE DIP

What you need:
1 pound smooth cottage cheese
4 oz. blue cheese
11 oz. cream cheese
½ teaspoon garlic salt
½ teaspoon salt
¼ teaspoon Tabasco sauce
½ cup 7UP

How you do it:
Place cottage cheese in large bowl. Add 7UP. Blend with rotary beater. Crumble and add blue cheese. Break up and add cream cheese. Add seasonings. Blend till smooth. Refrigerate.
Yield—1 quart dip.

SHRIMP DIP

What you need:
1 cup Basic Cheese Dip
3 drops Tabasco sauce
1 tablespoon coarsely cut chives or green onion tops
½ teaspoon paprika
1/8 teaspoon white pepper
1—4½ oz. canned or fresh cooked shrimp (app. 2/3 cup)

How you do it:
Place first five ingredients in medium sized bowl.
Blend well with rotary beater.
Dice shrimp and add to mixture.
Blend well.
Refrigerate.
Yield—1 2/3 cups dip.

HAM DIP

What you need:
3/4 cup Basic Cheese Dip
¼ cup mayonnaise
4½ oz. deviled ham
1 teaspoon onion flakes
1 teaspoon Worcestershire sauce
1/8 teaspoon cloves
1/8 teaspoon nutmeg

How you do it:
Blend all ingredients with rotary beater in medium sized bowl.
Refrigerate.
Yield 1½ cups dip.

## Readers' Right

—from page B-2

upmanship' on the Region was once more evident in the comparison of the allegedly so unfavourable costs of $40,000 for a waterline in Pratt Road against the $25,000 for which the village could do the same job.

May I be allowed to make the following explanatory comments about this claim:

1. The sum of $40,000 was not a quotation of the Regional Board, but an 'ad-hoc' guess entirely of my own, which was made during a ratepayers' meeting, when representatives of the press were present. Everybody in the meeting was fully aware that I was not making any statements on behalf of the Regional Board, but that I had to make a quick calculation in answer to a ratepayer's question. Everybody including the press representatives knew the basis of that calculation, i.e. a line of ductile pipe throughout the length of Pratt Road of approximately 8000 lin. feet and laid to regional and fire underwriters' standard with 6 hydrants to the mile at $5 per lin. ft.

At the time I based my guess on past experience for laying 6" pipe in other sectors of the system, but without the benefit of exact engineering data or contractors' tenders. However as chairman of the finance committee I had a fair knowledge of these costs and fully realized the variances in contract costs in different sectors, depending on soil conditions, rock formation, fill requirements etc.

2. According to information available the village intends to lay about 2700 lin. ft. of asbestos concrete pipe, which is cheaper but inferior to ductile pipe. It was not said whether that line would be furnished with hydrants. But it was stated that the $25,000 was based on actual pipe costs and a contractor's bid. On the surface this would mean an unit cost of about $9.75 per lin. ft. against my estimate of $5 per ft. This differential appeared too high to me, especially in the light of the newspaper comments. So on checking back I was informed that the quote was not for the 2700 feet, but for the whole length of the existing village pipe system, or slightly over 5000 ft. This then would come to about $4.75-$4.80 per lin. ft. for the village proposal.

3. Engineering estimates of the Regional District for a line of similar length are not available, as the District had never any reason to work out the costs of such a short line. Such cost estimates might have been different. I cannot say. However my figure, based on a superior pipe including hydrants to underwriters' specification and with a guess at the cost of laying it and the figure put forward by the village based on actual quotes for an inferior pipe with an unknown number (if any) of hydrants and a bid from a contractor are so close in unit price, as to make no difference at all. There seems to me no cause whatsoever for all these allegations of District inefficiency and waste of taxpayers' money. The derisive remarks and more than doubtful conclusions drawn in respect of a completely uninvolved Regional District are unfair, unfounded and rather uninformed.

4. The Regional Board and a now quite famous 'small group', in which I do not hesitate to include myself, are also blamed for alleged increases in the cost of the proposed village sewer system. Mayor Peterson quoted a sum of $200,000 involved during the last Regional Board meeting. It is claimed that this increase was attributable to the delays caused by unwarranted objections, which held up the permit with prices going up continually in the meantime. Having some knowledge about the project costing and the impact of inflation on prices, I find the sum of $200,000 hard to believe. It cannot be the inflationary price increase alone, if the sum is correct and some further substantiation would be required. I am inclined to believe that the increased costs point to the fact that some of the objections against the original proposals were fully justified.

But again, the Regional Board is not the least involved in the matter and the famous 'small group' can hardly be blamed under the circumstances.

Would it not be timely now and in future to stick to the facts and stop bandying about slanted and misleading figures which nobody troubles to check out and analyse, but rather prefers to jump to unwarranted conclusions?

FRANK WEST

## Playboy P.M.

Editor, The Times,

Sir: When may we expect Mr. P.M. (Play-man) Trudeau and his 'trained seals' to do something about the postal strike?

Why not lay off Mr. Kierans for a start? And you might also tell the posties (in French, so that the union leaders get the picture) that their image has gone down the drain for all time, because of their stupid and heartless tactics.

E. W. ABRAHAM

## Appreciation

Editor, The Times,

Sir: Sechelt and District Retarded Children's Association wishes to thank the young members of the Gibsons 'Low C's' and their helpers for the recent membership blitz which brought in the sum of $182.32.

Youngsters who sold memberships and received donations were: John Sleep, Ted Hume, Robert Stevens, Wally Dempster, Camille Turynek, Heather White and Janet Hart, all members of Low C.

Outside helpers were: Kevin Honeybun, Sharon Woodward, Gwenda Havies, Gail Pybus, Rodney Smith, Steven Sleep and Billy Nygren.

A special thank-you goes to Mrs. Loise Hume for helping the young people.

Mr. ALBERT LYNN

## Lions campaign

Editor, The Times,

Sir: Again this year the Sunshine Coast Lions Club has undertaken to sponsor a mail campaign for us throughout the peninsula. Mr. Neil A. Campbell has been appointed Campaign Chairman.

May we, through your columns, thank the Lions Club for this further demonstration of their public spirit in undertaking this campaign. We feel sure the citizens of Sunshine Coast will want to support the Lions Club by responding generously when the appeal letter arrives in the mail. The entire proceeds from the campaign will be handed over to us and will be used in our province-wide services to the young and old alike who are victims of this painful and crippling disease.

Thank you for bringing this letter to the attention of your readers and for your willing co-operation.

J. F. DEWHURST,
Director, Public Information Dept.

Shiner Derby: Most shiners, Shelley Fyles 42. Foss Bown 25, Ann Marie Falk 23. Smallest Shiner, Jacqueline Johnstone. Largest shiner, Sheryl Douglas.

**7 YEARS & UNDER**

Paddle Board: Boys: Donald Sleep; Donald Brodie; Ross Bown. Girls: Phiona Brodie; Nadine Smethurst; Kathie Cook.

Free Style: Boys: Donald Brodie; George Hopkins; Ross Bown. Girls: Kathie Cook; Phiona Brodie; Sheila Twamley.

Back Stroke: Boys: Donald Brodie; George Hopkins; Justin Webb. Girls: Phiona Brodie; Nadine Smethurst; Kathie Cook.

Dinghy Race: Boys: Justin Webb; Ross Bown; Donald Brodie. Girls; Nadine Methurst; Phiona Brodie; Sheila Twamley.

**DRIFTWOOD CONTEST**

6 years & under: Ross Bown, thunderbird; Shiela Spain, Sea Lion; Kirsten Falk, beaver on a log.

7 to 9 years: Tonmmy Sleep; space helmet; Mike Fyles, nesting ruffled chicken; Allison Johnson, ogopogo.

**8 YEARS & UNDER**

Paddle Board: Boys: Michael Fyles; John Bell; Geoff Pedneault. Girls: Joan Avis; Sharon Twamley; Dallos Brodie.

Free Style: Boys: John Bell; Danny Cook; Gary Letham. Girls: Sharon Twamley; Dallas Brodie; Joan Avis.

Back Stroke: Boys: Bruce Neilson; John Bell; Danny Cook. Girls: Joan Avis; Sharon Twamley; Dallos Brodie.

Diving: Boys: Gary Letham; Bruce Neilson; John Bell. Girls: Dallas Brodie; Joan Avis; Sharon Twamley.

Dinghy Race:: Boys: John Bell; Mike Fyles; Scott Bown. Girls: Sharon Twamley; Joan Ovis; Dallos Brodie.

**10 & 11 YEARS**

Paddle Board: Boys: Ryan Matthews; Donnie Hope; Joey Pednault. Girls: Taryn Brodie; Geraldine Fyles; Bernie Bell.

Back Stroke: Boys: Ian Manning; Doug Avis; Shawn Twamley. Girls: Taryn Brodie; Stacey Johnson; Trica Brodie.

Free Style: Ryan Matthews; Doug Avis; Ian Manning. Girls: Taryn Brodie; Stacey Johnson; Bernie Bell.

Diving: boys: Ian Manning; Joey Pedneault; Doug Avis. Girls: Taryn Brodie; Bernie Bell; Geraldine Fyles.

Dinghy Race: Boys: Doug Avis; John Twamley; Ian Manning. Girls: Taryn Brodie; Judy Holme; Elizabeth Wade.

**12 & 13 YEARS**

Paddle Board: Boys: Mark Hopkins; Bill Letham; David Holmes. Girls: Robin Young; Kathy Hamilton; Gail Mardon.

Free Style: Boys: Bill Letham; David Holmes; Doug Kiloh. Girls: Robin Young; Heather Cole; Gail Mardon.

Backstroke: Boys: Steven Sleep; Mark Hopkins. Girls: Robin Young; Heather Cole; Andrea Johnson.

Diving: Boys: Mark Hopkins; Steven Sleep; Dave Holmes. Girls: Robin Young; Julie Manning; Gail Mardon.

Dinghy Race: Boys: Bill Letham; Mark Hopkins; John Sleep. Girls: Marion Bown Gail Mardon; Julie Manning.

**14 YEARS & OVER**

Paddle Board: Boys: John Rea; Scott Young; Don Avis. Girls: Allyson Bell; Nancy Wade; Debbie Owen.

Free Style: Boys: Ian Thomson; Gordon Letham; Don Avis. Girls: Allyson Bell; Debbie Owen; Lulie Marler.

Backstroke: Boys: Gordon Letham; Stewart Manning; Don Avis.

Diving: Boys: Ian Thomson; Jimmy Laird.

Dinghy Race: Boys John Rea; Ian Thomson; Stewart Manning: Girls: Nancy Wade; Lulie Marler; Alyson Bell.

Mothers Free Style: Mrs. Twamley; Mrs. J. Young; Mrs. J. Crosby.

Dads Free Style: Mr. T. Wade; Mr. R. Brodie; Mr. D. Bown.

**SWIMMING RELAYS**

12 years and under, won by the South: Taryn Brodie; Ryan Matthews; Bernie Bell; Heatherd Cole; Donald Holmes and Shawm Twamley.

13 years and over won by the North: Gordon Letham; Stewart Manning; Peter Kvist; Fabiola Ruys; Anne Letham; Marilyn Hopkins.

Adults Relay won by the South: Mrs. J. Young; Mrs. Twamley; Mrs. D. Smethurst; Mr. T. Wade; Mr. R. Brodie; Mr. Twamley.

Ladies Nail Driving Contest: Mrs. L. Letham; Mrs. M. Brodie.

Mens Tug-O-War: Tie between North & South.

Sabot Race: Scott Young won the Florence Carson Trophy. Ian Thomson; Bill Letham.

**Near Completion**

Concreting of the Selma Park million gallon reservoir has now been completed but will not be filled until the fence has been constructed. Contractors are expected to start work almost immediately.

## *Hardware store expands with growth of village*

CELEBRATING the official opening of a new showroom this week, Parker's Hardware (1969) Ltd. has expanded the premises by an additional 1,000 square feet of very pleasantly decorated display area.

The new department which features a complete line of gas and electric household appliances: television sets and a stereo section is under the management of Mr. George S. Black who is an experienced technician as well as sales manager.

Decorated in contemporary style, the Spanish Elm panelling and blue and gold wallpaper make a pleasing setting for the new music centre, record bar and audio section which carries all the latest stereo equipment. Television sets range from the small portable to the most expensive color set on the market and all can be fully serviced right on the premises.

The choice in household appliances is outstanding with ranges, fridges, freezers and washing machines all displayed for easy viewing.

Mr. William S. Nielsen who became owner and president of Parker's Hardware in July 1969, extends a cordial invitation to the official opening on Thursday.

Dawson Creek Dave sent in the following:

Honeymoon: morning after the knot before.

Cannibal: one who gets fed up with people.

# *In Your Garden*

—by The Old Rake

ONE of the worst enemies of roses is, without doubt, black spot. This is the fungus which appears on the leaves in round blackspots. Soon the leaves turn yellow and drop off. There are many ways in which this inciduous disease can get started. Sometimes a hedge or wall will encourage black spot by preventing a free circulation of air and increasing the humidity.

Quite often it is the gardener himself who contributes to the spread of the diseases by overhead sprinkling late in the day. The spores of the fungus that cause this disease are spread by splashed water and germinate within six hours of continuous dampness. Roses should always be watered in the morning using the open hose or a soaker, the drier you can keep the foliage the less chance there is of getting black spot. Once you have black spot it is practically impossible to stop it short of picking off the affected leaves. The answer lies in instituting a spraying and dusting program and staying with it. Powdery mildew often gets started on roses about this time due to much the same reasons as black spot and can be kept under control by dusting with sulphur. Pansies and violas will be past their best by now but can be brought into bloom again with some help from the gardener.

First cut them back within two inches of the ground. Mix some screened compost with some bone meal and some wood soot if obtainable and work a handful into the middle of the crown with the fingers, water well, and in a few weeks the plants should be blooming again.

There is a variety of pansy known as the wintering flowering, it is sown in late summer and can be used in window boxes or planter or planted in a sheltered place near the house. Watering and cutting are the ever present lawn chores, keep the blades set at two inches, this will keep the necessity for watering down to a minimum and also will discourage crabgrass from starting. If it should make its appearance, do anything to keep it from going to seed. This is a good mont to get after the weeds in the lawn with 2-4D. This is a selective weed killer and won't hurt the grass if used as directed but care must be taken to avoid any drifting on to other plants in the garden. Some plants merely suffer a set back but the tender annuals will not stand even a whif of it so do your spraying on a hot dry windless day. Some weeds such as buttercup and bugloss may require subsequent spraying to eliminate them.

Community and Sports Organization Applications For the Second Annual

BRITISH COLUMBIA FESTIVAL OF SPORTS

MAY 20 - JUNE 7, 1971

YOU CAN MAKE IT BIGGER IN CENTENNIAL YEAR!

1. Written submissions have been requested from community Festival of Sports Committees in draft form with a deadline of September 11, 1970. Committees must be sanctioned by the mayor or chief municipal officer in each community.
2. Initial submissions from sports organizations have been requested with a deadline of September 30th. During the next three months B.C. Sports Federation field directors Don Benson and Frank Bain will be contacting community committees and sports governing bodies to assist with the organization and sanctioning of events.

All submissions and enquiries should be directed to the British Columbia Festival of Sports, c/o B.C. Sports Federation, 1200 West Broadway, Vancouver, B.C.

The 1970 British Columbia Festival of Sports was an immense success with nearly 125,000 participants competing in 246 events in 64 centres.

Much of this success has been attributed to the organization of Festival programs at the local level. Municipal leaders, Chambers of Commerce, service clubs, business and labour, sport and recreation bodies, interested citizens and organizations have all made substantial contributions this year.

The Festival of Sports belongs to every citizen of British Columbia. Now is the time to give it your support.

SUNSHINE COAST REGIONAL DISTRICT

BYLAW No. 46

**A bylaw to authorize the merging of two specified areas.**

WHEREAS Bylaw No. 19 The Davis Bay-Wilson Creek Street Lighting Service Area Bylaw provides for the establishments of street lighting.

AND WHEREAS the Lieutenant Governor-in-Council was pleased to amend the Sunshine Coast Regional District Letters Patent on November the 14th, 1969 to provide for the transfer of Selma Park Improvement District to the Regional District;

AND WHEREAS the services provided by each area are similar;

AND WHEREAS the boundaries of these areas are contiguous;

And WHEREAS the cost of the services supplied by the B.C. Hydro are the same to each area The Regional Board is empowered under Part XVI of the "Municipal Act" to merge;

And WHEREAS Section 619(b) the Municipal Act provides for the merging of specified areas;

NOW THEREFORE the Board of the Sunshine Coast Regional District in open meeting assembled ENACTS as follows:—

1. That the area defined in the Amendment to the Sunshine Coast Regional District Letters Patent dated November 14th, 1969 and that area defined in the Sunshine Coast Regional District Davis Bay-Wilson Creek Street Lighting Special Service Area Bylaw be merged into one area.

2. That this area be named the Selma Park-Davis Bay-Wilson Creek Street Lighting Special Service Area.

3. The area so established by this Bylaw may be merged with other specified area or areas for the same purpose whether contiguous or not in the manner provided for in Section 619 (3) of the Municipal Act.

4. The effective date of the merging be January 1st, 1971.

5. This Bylaw may be cited as the "Sunshine Coast Regional District Selma Park and Davis Bay-Wilson Creek Street Lighting Special Service Areas Merging Bylaw No. 46, 1970.

TAKE NOTICE THAT THE ABOVE IS A TRUE COPY OF A PROPOSED BYLAW AUTHORIZING THE MERGING OF TWO CONTIGUOUS STREET LIGHTING AREAS WHICH CAN BE MORE EFFICIENTLY AND ECONOMICALLY ADMINISTERED AS ONE AREA. OBJECTIONS TO THE MERGER SHOULD BE SUBMITTED IN WRITING TO THE SECRETARY-TREASURER, TO BE RECEIVED BY HIM, BEFORE 12 NOON, 21st SEPTEMBER, 1970.

# Around Gibsons

—by Marion Charman

AT THE home of Mrs. F. A. Jones on Wednesday afternoon, Aug. 26th, the Gibsons Auxiliary to St. Mary's Hospital held a farewell tea in honor of Mrs. Donald McVicar who, with her husband will be leaving to reside at Agassiz in the Fraser Valley.

Twenty ladies were present to express their good wishes and a small gift was presented to Mrs. McVicar.

Mrs. A. Vanderhorn was also recipient of a gift, she expects to be away for 6 months, Mrs. Delong and Mrs. Baxter poured tea.

September meeting of the auxiliary has been called for the 2nd Wednesday in September.

On Monday of last week, a luncheon and bridge party at the home of Mrs. Walter McGown with Mrs. William Davis and Mrs. R. St. Denis as co-hostesses also honored Mrs. Donald McVicar, who will be greatly missed by a host of friends who regret her moving from the community. Four tables were in play. A gift was presented to the guest of honor.

**VISITORS**

Mr. and Mrs. George Flack and son were happy to have cousins from Northern Ireland, whom they had never met before, visit them here for ten days. The visitors, Mr. and Mrs. Harry Flack enjoyed the beautiful Sunshine Coast.

Guests at the home of Mr. and Mrs. George Ruggles were former Gibsons residents, Mrs. Bunch from Portland, Oregon and Mrs. Hanson from Vancouver, who was accompanied by a friend, Mrs. Duffy.

Guests at the home of Mr. and Mrs. William Davis for a week were the latter's cousins from London, England, Mrs. F. Cox and Mrs. L. Lambeth, who are visiting Canada for 3 weeks. Also spending a few days at the Davis home was Mrs. W. H. Faulkes from West Vancouver.

Mr. and Mrs. John Wood had Mrs. F. Norfield from Chilliwack and Miss D. Norfield from North Vancouver visiting. A happy family reunion took place at the Wood home when holidaying here were Mr. and Mrs. Barry Wood and family from Whitecourt, Alberta, and Mr. and Mrs. H. Walters (nee Patricia Wood) Vancouver, also Mr. and Mrs. D. Johnson from Simi, California. Mrs. Wood and Mrs. Johnson were school chums and had not seen each other for 30 years.

Guests of Mr. and Mrs. Sidney R. Wilson were Mr. and Mrs. Charles Taylor and family from Calgary.

Mr. and Mrs. Felix Comeau and family were visitors to Cranbrook for a few days when they took Mrs. Comeau's sister's three children home following a summer holiday here.

Mr. and Mrs. Raymond Lineker and family spent a week at Powell River.

Mr. and Mrs. Stephen Read and family have returned from a motor trip in the Interior when they visited relatives and friends around 100 Mile House.

Visiting at the home of Norm & Evelyn Berdahl were the latter's nephew Eugene Boudreau and friend from Cloverdale.

When former Gibsons residents Bob and Jackie Burnett of Ladner visited here on their boat, they were accompanied by nephew jeffrey Lovestrom from Creston.

Guests at the home of Mr. and Mrs. Harvey Davis were their daughter from Vancouver and friends from California.

Mr. and Mrs. H. H. Wood and son from Portland Oregon were visitors to "Craigowan" Gower Point.

A weekend visitor with Mrs. E. L. Scott was Miss Florence Chillingworth from Burnaby. Mrs. Mary Harder from West Vancouver spent 10 days at the Scott home.

Guests of Mr. and Mrs. J. A. Wicklund were the latter's 2 cousins from California, a cousin from Washington and Mrs. Wicklund's sister from Seattle.

Mr. and Mrs. S. R. Strachan of Soames Pt. had their daughter Mrs. Perkunder and 3 children from California visiting for 3 weeks.

Former Port Mellon resident, Graeme Strayhorn now of Kitimat, visited Gibsons for 2 weeks, a guest of his aunt Mrs. G. Legh.

**HERE AND THERE**

Gibsons Fire Chief Dick Ranniger and Roberts Creek Fire Chief Stan Rowland, attended the 39th Annual College of B.C. Fire Chiefs at Revelstoke, where they found the 5 days of sessions helpful and worthwhile. Mrs. Ranniger and Mrs. Rowland accompanied their husbands on the trip to Revelstoke.

Mr. and Mrs. Michael Kitson, Margaret and John have returned from a pleasant vacation on Vancouver Island. They travelled by way of Gold River and Nimpkish Valley to Port Alice where they visited friends for a week. Returning to the South of Vancouver Island, the family spent 2 weeks with Mr. Kitson's parents.

Mr. and Mrs. Dennis Carroll enjoyed a week's holiday at Powell River with Mrs. Carroll's sister and brother-in-law Laura and Gordon Wright and family who are now guests at the Carroll home, Shaw Road.

Leaving for Europe, August 22nd, Mrs. George Kerbis of Langdale while at Vancouver Airport wrote a note to her husband in Gibsons. Upon reaching Frankfurt, Mrs. Kerbis posted a letter. Mr. Kerbis reports that the airmail from Germany arrived here before the card from Vancouver. While overseas, Mrs. Kerbis will be present at the Golden Wedding anniversary of her parents. Friends here attended a delightful bon-voyage tea, prior to Mrs. Kerbis departure.

A group of willing friends and neighbors are having success in their efforts to assist Kiwanis Senior Citizens Homes project, by selling flowers at Super Valu store on the weekend. The blooms are donated by local residents, arranged in generous bouquets and left on display. No-one is in attendance but an honor system is in effect with a suggested minimum of 50c.

Among those ministering at the Pentecostal Tabernacle in the absence of pastor B. J. With was R. Durman from New Westminster, who on his visit to Gibsons was accompanied by his wife and daughter, also his mother Mrs. R. Durman Sr. from Port Moody.

Pastor and Mrs. With and sons enjoyed a vacation at Point Roberts. They also attended the Pentecostal Assembly Conference in Victoria.

Mrs. G. Legh was a gracious hostess at her home recently when she entertained at a bridge party in honor of Mrs. McVicar. Other guests present were: Gladys Davis, Lucille Holden; Ira Reid, Ivy St. Denis; Annabelle McGown and Vi Harris.

Mrs. K. Robinson of Selton, California is very much enjoying the Sunshine Coast whilst visiting here with her sister Mrs. Winnie Keen, Sea View Rd.

**Not Permitted**

When the Sunshine Coast Regional District Zoning Bylaw comes into effect in October, this type of garden landscaping will not be permitted in electoral areas. The bylaw states "No parcel shall be used for the wrecking or storage of derelict automobiles or as a junkyard and any vehicle which has not been licensed for a period of one year and which is not housed in a garage or carport, shall be deemed a derelict vehicle and junk."

*Company acts . . .*

## Marijuana users considered automobile insurance risks

ONE major life insurance company is destroying 150,000 insurance applications and medical forms and replacing them with new ones in an attempt to weed out life insurance applicants who use drugs, including marijuana.

Occidental Life, a North American life insurance company, is adding two questions pertaining to drug use to their new forms. One question will ask applicants whether or not they use marijuana.

Individuals engaged in drug research agree that the use of such drugs as LSD, speed, heroin, etc. can result in premature death among their users.

However, there has been substantial controversy regarding the harmful effects of marijuana. Nevertheless, Occidental is fully satisfied that marijuana too can constitute a hazard to life, directly as a result of its usage and in addition indirectly through progression to the "deadly" drugs such as heroin.

Occidental said today "One effect of using marijuana is that space is broadened and near objects seem distant. If a person drives an automobile while experiencing this, the chances of accidental death are greatly increased. Also, we are informed that narcotics officers have observed definite physical and mental deterioration of individuals who have used marijuana over protracted periods of time. For obvious reasons, such persons would not be good risks for life insurance".

The company also stated that " . . . people who become seriously involved with any drug tend to become involved with many drugs. This has been true with marijuana in the past, and the progression has been towards LSD, the amphetamines, and the opiates. Users of LSD, users of amphetamines for 'kicks', and users of narcotics such as heroin, certainly are not good insurance risks."

## Present of a brick recalls old school

OLD times were renewed at the home of Mrs. R. Reid, West Sechelt, when two old friends visited her last weekend, bringing an unusual gift.

Visiting were Mrs. E. Williams of Vancouver; Mrs. Belle Hughes of Tusuo, California and Mrs. L. Wilson of Vancouver.

The gift which Mrs. Williams brought was a brick from the old North Ward School, built in 1894 in Victoria. The school which Mrs. Williams; Mrs. Hughes and Mrs. Reid attended 60 years ago, was torn down just a year ago.

Walter Safety says, "Keep air-inflated toys out of the water. Play with them on the beach where they belong."

**NOTE:** Adjustments may be made in scheduling for both elementary and secondary students, but it is anticipated the busses will operate on the same schedule that was in effect in June with the exception of the bus that travelled down the North Road. This route will not be in operation this year.

All Grade VII students living in the Langdale attendance area will attend the Langdale Elementary School.

Halfmoon Bay Elementary: This school will operate as a primary school this year and bus transportation will be provided to transport Grades 3 to 7, or 4 to 7 to Sechelt. On September 8th, all elementary students are asked to register at the Halfmoon Bay Elementary School until it can be established how many students will have to be transported. No bus will operate on the first day of school with the exception of the one travelling to Madeira Park and Pender Harbour.

# Prison based movie for Sechelt theatre

"RIOT" based on a novel by Frank Elli, written while he was serving time in prison, appears on the screen this week at Sechelt Theatre on the waterfront.

A half dozen convicts incite a prison riot as a cover for their escape through a forgotten tunnel. Time for its clearance is secured by bargaining over a list of grievances with the authorities while holding a deputy warden and some guards as hostages.

As the drunken, violet rioting gets wilder, Cully, (Jim Brown), though reluctant to participate in the outbreak at the start, becomes the leader, enforcing some degree of order and a return to the original escape plan. Filmed in Arizona State Penitentiary with a number of inmates in the supporting cast, the picture carries a strong feeling of authenticity.

SECHELT THEATRE
— PRESENTS —
RIOT
(ADULT)
Starring Jim Brown and Gene Hackman
COLOR - CARTOON - FEATURETTE
Starts 8 p.m. Out 10 p.m.
FRIDAY, SATURDAY, MONDAY, SEPTEMBER 4th, 5th and 7th
SUNDAY MIDNIGHT, SEPT. 6th
THE REPTILE
(ADULT)
Starring Noel Willman
IN COLOR
Next Week:
THE UNDEFEATED
Coming Soon:
The Prime of Miss Jean Brodie
Oliver
The Reivers
Norwood

**Camper Trend**

Typical of tourist traffic this year, lined up outside the Sechelt and District Chamber of Commerce Tourist Booth are these trailers from Saskatchewan and visitors from Oregon. There is a dire need for more camper accommodation on the Sunshine Coast to accommodate the ever increasing number of visitors who are choosing this type of travelling vacation.

# Roberts Creek residents question Zoning Bylaw 35

FORTY-four property owners in the Roberts Creek electoral area D attended the Public Hearing to discuss Zoning Bylaw No. 35 which has been given three readings by the Sunshine Coast Regional Board.

Area Director and Chairman of the Board, Mr. Cliff Gilker explained that Zoning and Planning is an essential function of the Board under the provisions of the Municipal Act.

Main objections registered at the meeting concerned the exclusion of mobile homes as dwelling units in Residential I Zone and also in Residential II Zone except in a mobile home park.

Planning Consultant Ed Cuylits stated that Residential I is considered to be a better class development and inclusion of mobile homes would set a standard problem and also a taxation problem.

The Union of B.C. Municipalities had been trying to get a ruling from Victoria regarding mobile homes for some years.

Director Gilker added that until the Board gets a ruling from Victoria, the Regional Board's hands are tied.

In respect to Residential II, Mr. Cuylits stated that it had been a recommendation from the Gibsons meeting to consider parcels, and the Board would reconsider the matter.

**ZONING**

In general, Residential I zoning is restricted to the coastal area with Residential 2 in the next zone with the hinterland held for Rural Holding purposes.

Minimum lot size in the Rural Holding area is 5 acres. Mobile home residences on single parcels are allowed in this area together with a variety of other uses including extraction of raw materials from the land.

**RECOMMENDATIONS**

Recommendations included protection of creeks and consideration of mobile homes as dwelling units in Residential Zones. It was pointed out that this is a retirement area and mobile homes are quite attracive and easier for older people to maintain.

Mrs. Schachte drew attention to the fact that she keeps chickens for her own use in a Residential I area and wondered if she would be allowed to restock with a new batch when the old ones died. She was told that the Board would have to seek legal advice on view at the public hearings and copies of Zoning Bylaw No. 35 were available for perusal or could be purchased for $5.25 per copy.

## *Legion Poppy Workshop revatilization project*

AN ATTEMPT to determine public support and knowledge of the need for the Annual Poppy Campaign will be discussed by Legion branches across Canada.

The need to revitalize Poppy Campaigns was decided at a recent Legion Dominion Convention and the weekend September 12-13 will see Legion members gathering from fourteen areas in the Province from Peace River down to the Peace Arch.

The workshop will be based on material supplied by Dominion Command and will endeavour to improve the administration and public approach by Legion members.

Increased costs both in manufacture of Poppy wreaths and shipping have shown a marked decline in funds, even though NO expenses are incurred othewise.

Each area will have a local chairman and a senior zone or command officer as workshop leader. It is expected several hundred members will be in attendance.

A thoughtful wife is a gal who has the pork chops ready when her husband comes home from a fishing trip.
