TWELFTH YEAR — PHOENIX, B.C., SATURDAY, APRIL 15, 1911 — No. 21

HIDDEN CREEK MINE SHOWING UP GOOD

Jay P. Graves Will Inspect the Property This Month.

"It is my present intention to go to Northern British Columbia April 28 to inspect the Hidden Creek mine, 70 per cent of the capital stock being under bond to the Granby company," said Jay P. Graves, vice president and general manager of the Granby company, who returned to Spokane last Sunday after spending the winter in California.

"The property has developed tonnage much more rapidly than we expected or hoped for, and, what is still better, has revealed ore in the deeper levels of considerably higher grade than was known to exist at the time we bonded it. Everything indicates that it is the best property we are now developing, and that it is going to make a most important producer.

"At our Phoenix mines we are just holding our own as to tonnage. Though we are now producing at the rate of approximately 26,000 tons a week we are putting an equal tonnage into sight right along. The same is true of the Knob Hill and Gold Drop.

"Our development in the Cliff mine at Rossland has not yet reached a point under the ore body in the old workings, so that we have learned nothing definite about it yet. We just have started work on the properties in the Chesaw camp, which we also have under bond.

"I had intended going to Grand Forks and Phoenix in a day or two, but have arranged instead that O. B. Smith, our mine manager, and George Wooster, treasurer and one of the directors of the company, shall meet me here to discuss the situation. The only thing now bothering us is the coal miners' strike in the Crow's Nest Pass district. If this continues for any length of time it will entirely cut off our fuel supply and compel us to close down, which at the present low price of copper will be no particular hardship on the company, though it will be a serious matter for its employes.

"In any event we have to reduce our capacity at the smelter from eight stacks to six as soon as new supplies of fuel cease to arrive, because it is a matter of physical impossibility to keep eight furnaces running on fuel drawn from the stock supply."

ORE IS STUCK IN THE BIG GREENWOOD-PHOENIX BORE

Ledge Assays Substantial Values and Awakens New Interest In the Long Tunnel Mining Scheme.

What is considered to be one of the most important srrikes made in the Boundary district for years occurred in the Greenwood-Phoenix tunnel this week, when a ledge of highly mineralized ore was encountered.

The ore was struck at a distance of 1800 feet from the mouth of the tunnel, at a depth of about 800 feet, and is immediately under the surface workings of the Defiance claim, which was one of the properties taken over by the big tunnel company consolidation.

Values in the lead which has been located run about $100 to the ton, carrying ruby silver and resembles the ore in the Providence mine which shipped much valuable ore.

The success of the big tunnel lies in proving the existence of ore at depth, its course being intended to crosscut at depth ledges which have been developed on the surface, so that the strike this week greatly brightens the prospects of the tunnel company. It is also important to mining in the district generally.

The Greenwood-Phoenix tunnel is the beginning of deep mining in the Boundary, and its success will open up new possibilities to mines generally throughout the district.

Farewell At-Home

An enjoyable "at home" was given by the members of Gold Range L. O. L. No. 2043 in the K. P. hall Wednesday evening as a farewell to Mr. and Mrs. R. K. Morrison, who left Thursday for Novia Scotia, where they will make their home in the future.

A musical and literary program was rendered during the earlier part of the evening and was followed by progressive whist, Miss R. Matheson and G. W. Rogers carrying off the leading trophies, while Miss M. McKeown and C. McKay captured the consolation prizes.

A dainty luncheon was then served, after which Mr. and Mrs. Morrison were made the recipients of an L. O. L. past master's jewel to the former and a handsome silver fruit spoon to the latter, together with and address. The address was read by W. A. Pickard and expressed the regret of the members in the departure of Mr. Morrison, who had prominently identified himself with Gold Range Lodge as past master, and of Mrs. Morrison as well, the presentation being made by A. McKinnon.

Those present then indulged in merry dance for an hour and the evening concluded with all joining and singing "Auld Lang Syne."

The members of the lodge wish to express their thanks to all those who assisted with the program and helped to make the evening an enjoyable occasion.

Another contract for 50 feet of tunneling on the Myers Creek coal property at Bergen. The tunnel is now in 100 feet and has exposed substantial coal croppings.

Boundary Mining Notes

O. B. Smith, superintendent of Granby mines, went to Spokane on Tuesday to confer with Jay P. Graves, general manager.

The 5½ mile tramway from the Lone Star mine started operations this week and shipments to the British Columbia smelter from Boundary Falls will commence next week.

A substantial vein was struck in the tunnel being driven on the Tip-Top mine this week, and the owners, Tacoma gentlemen, are expected next week to make an examination.

George McDonald, who has the supervision of the Boyles diamond drill contract at the Granby camp on Copper mountain, near Chesaw, has landed his outfit safely on the Aztex. The machinery is now set up and practically ready for business.

A Creditable Show.

Brown & Miller's moving picture and vaudeville show played to an appreciative audience Monday and Tuesday nights at the Phoenix opera house. This company, while making a feature of "Bob" Miller, the minstrel man, they also produce moving pictures of a high class order, and which are superior to the ordinary pictures generally seen in shows of this character. This is the company's second engagement in Phoenix within the past two weeks, which speaks volumes for the performances, as at each night the house was well filled. The company expects to return for a third engagement in the near future.

ORE CARS GO DOWN 60-FOOT EMBANKMENT

Accident to the Great Northern Train Saturday

Four cars loaded with ore were derailed, two of them going down a sixty-foot embankment, at the Glenside end of the Great Northern railway bridge over Deadman's gulch, about five miles from Phoenix, early Saturday morning.

A broken rail was the cause of the accident which fortunately did not occur until the train had passed safely over the deep trestlework of the big bridge and the train crew had an opportunity to escape unhurt.

The wreck was not cleared till 4 p.m. and passengers to and from Grand Forks were transferred at the scene of the wreck. The two cars still remain at the bottom of the embankment and the steam wrecking outfit will be required to recover them.

March Ore Receipts.

During the month of March the ore receipts at Granby smelter totalled 111,457 tons, 109,026 from the Granby mines at Phoenix and 2,431 tons from foreign properties as follows:

Snowstorm, Idaho	485
Insurgent, Republic	382
Guilp, Republic	740
Black Tail, Republic	34
Arlington, Slocan	142
Knob Hill, Republic	236
J. G. Wallace, Republic	10
North San Poil, Republic	126
United Copper, Republic	74
California	19
Fife Mines, Boundary	29
Benne, Republic	26
Surprise, Republic	128
Total	111,457

Boundary Ore Tonnages

Following are the returns of the output of the mines and smelters of the Boundary district for the week ending April 8 and for year to date:

Granby	26,903	344,878
Mother Lode	6,216	94,437
Jack Pot	423	9,394
Rawhide	5,060	49,926
Snowshoe	2,100	40,900
Number Seven	..	1,350
Phoenix Amalgmt'd		1,950
Athelstan	..	152
Fife	..	60
Total	40,702	542,232

SMELTER TONNAGES

Granby	25,625	345,504
B. C. Copper Co.	13,025	164,978

It is stated that the Granby company will soon gain possession of the Gold Axe mine on Copper mountain, Manager W. Y. Williams and Engineer Campbell having recently examined the property.

PHOENIX PRIVATE SCHOOL

OPENS ON—

Monday

17th APRIL, at 10 a.m.

EVENING CLASSES will also begin in the evening for Young Men and Women.

A good attendance is earnestly requested.

An Exhibition of the Children's work will be held in the school on closing for the mid-summer holidays, and special prizes given.

NOTICE.

Tenders will be received by the undersigned up to the 22nd day of April, 1911, at 5 p. m. for the purchase of Block 27, Subdivision of Lot No. 541, Groupe 1, New Westminster district, situated in the city of Vancouver, and being the site of the old provincial court house. Each tender must be enclosed in a registered letter and must be addressed to the undersigned, and plainly marked "Tender for old Vancouver Courthouse Site," and must be accompanied by an accepted cheque for 10 per cent of payment of the purchase money. Payment for the property will be accepted in installments of one-quarter of the purchase money. The first of such installments to be paid within 30 days after the acceptance of the tender, and the other three annually thereafter, with interest at the rate of 6 per cent per annum. In the event of the person whose tender is accepted failing to complete the first installment within 30 days of the notice of such acceptance the sale to him will be cancelled and his 10 per cent deposit forfeited. The cheques of the successful tenderers will be returned. The highest or any tender will not necessarily be accepted. No commission of any kind will be allowed.

RICH STRIKE OF ORE AT REPUBLIC, WASH.

The Hope Mining Company Discover Ore That Assays as High as $115 to Ton

News of a big strike of rich ore by the Hope Mining company of Republic, Wash., on the property known as the Black Tail, reached here this week. The strike was made last Sunday, and the ledge is said to be 6½ feet wide, containing galena silver ore which assays from $80 to $115 per ton. The strike was made about 80 feet below the tunnel level, and the property is destined to prove as rich as the Surprise mine, which is the richest in the United States.

News of this rich strike is causing quite a rush of prospectors into Republic, and the town is crowded to its capacity, many being unable to secure accommodations. Nominally Republic is a town of about 1200 people, but at present there are 2500, half of this number being recent arrivals.

Eleven well established companies are now operating in the district, as well as a large number of prospects being developed.

The North Washington Power company now have a portion of their mill enclosed, about half of the machinery being on the ground ready to be installed.

F. E. Brown is now in Phoenix representing the Republic-Mother Lode Mining and Milling company, a property showing an exceptionally fine grade of ore, and of which he is placing on the market a limited amount of stock. Mr. Brown is a practical mining man of large experience, and while he is very conservative in his views, he predicts great things for the Republic camp as well as the Boundary district generally.

Calgary has raised the wages of city employes to $3 per day.

James Fuller, a surveyor at the Le Roi mine, Rossland, by mistake drank a cup of cyanide, thinking it water, and died in a few moments.

In advertising always say what you believe, if you wish people to believe what you say.

Public Notice

NOTICE IS HEREBY GIVEN that the co-partnership heretofore subsisting between the undersigned as City Scavengers and dealers in wood, under the firm of Johnson & Anderson at Phoenix, B. C., has this day been dissolved by mutual consent. All debts due to the said partnership are to be paid to Gust Johnson, and all partnership debts are to be paid by him. Gust Johnson will continue the business.

THE PIONEER

Marvelous Mental Company

The marvelous Mental company entertained large audiences in the opera house Wednesday and Thursday evening and gave a very clever program. Professor Mental gave wonderful tests in mind-reading and hypnotism. The feature of the second evening was the hypnotizing of W. Sullivan, who with Joe Ouellet on a side bet defied the hypnotist. "Sully," however, proved an adept subject for Prof. Mental. The same evening Alderman Rogers wielded the sledge-hammer in an attempt to break a 150-pound boulder placed on the chest of a rigid hyponotic subject whoses head rested on one chair and his feet on another.

Slight of hand, magic illustrations ventriloquism, lightning sketches, and vocal solos were all feateres of merit.

A return engagement will be played in the opera house next Monday and Tuesday evenings, when the proceeds over expenses will go to the Miners' Union. Entirely new programs will be given each evening.

NOTICE

PUBLIC NOTICE is hereby given that, under the authority contained in section 131 of the "Land Act," a regulation has been approved by the Lieutenant-Governor in council fixing the minimum sale prices of first and second-class lands at $10 and $5 per acre respectively.

This regulation further provides that the prices fixed therein shall apply to all lands with respect to which the application to purchase is given favorable consideration after this date, notwithstanding the date of such application or any delay that may have occurred in the consideration of the same.

Further notice is hereby given that all persons who have pending applications to purchase lands under the provisions of section 34 or 36 of the "Land Act" and who are not willing to complete such purchases under the prices fixed by the aforesaid regulation shall be at liberty to withdraw such applications and receive refund of the moneys deposited on account of such applications.

WILLIAM R. ROSS,
Minister of Lands.

Department of Lands,
Victoria, B. C. April 3rd, 1911.

Additional Local News

Mr. and Mrs. Jas. Dewar were in Grand Forks yesterday.

Ed. O'Brien departed Thursday morning for Vancouver.

It is stated that our bachelor alderman is seeking a partnership.

Miss Wilde arrived from Strathcona this week and has taken a position as nurse in the hospital.

Harold Wakefield returned this week from Alberta, where he has arranged to operate a picture theatre in Macleod.

Theo. Biner has been appointed building inspector of the new school. Mr. Biner is a thoroughly practical man and will look after the details of construction.

Even a slight prospect of the settlement of the coal strike causes everybody to smile just a little, with a bigger one coming later when it is a sure enough fact.

Gust Johnson has purchased the interests of John E. Anderson in the firm of Johnson & Anderson and will in future conduct the wood and scavenging business himself.

For Sale—At once, the Christena Lake property of Mr. A. B. W. Hodges, consisting of one acre of ground and bungalo; property has 200 feet water frontage. A bargain; terms reasonable. Apply to W. A. Williams, Granby Smelter, Grand Forks, B. C.

Miss. Emma C. Anderson, who recently resigned her position at the Phoenix general hospital is spending a few days at the Hotel Brooklyn, but will shortly take a position at the Sacred Heart hospital, Greenwood.

J. Harry Matthews, who bought the local tinsmithing business from L. Y. Birnie some months ago, has decided to go to Medicine Hat, Alberta, where he will become a partner with Mr. Birnie in a large hardware business. He will ship his hardware stock from Phoenix.

William Murray, who has been ailing for some time, left on Monday for Spokane to seek a lower altitude for his health, after being a resident of Phoenix for some years. On the eve of his departure he was presented with a substantial purse by members of Phoenix Miners' Union.

A special Easter service will be held in the Methodist Church on Sunday evening at 7.30 o'clock. "The Power of the Resurrection Hope." The special musical numbers are: Anthem—"The Resurrection," by the choir; duet—"Blessed Are They," Messrs. Cain and Knight; anthem—"Christ, the Lord is Risen," by the choir.

Attention is called to the page ad. of the Republic-Mother Lode Mining and Milling company of Republic, Wash., which appears on another page. Caie & Brown of Republic are placing a limited amount of stock on the market, and they can be reached by addressing them at Republic, or by seeing W. A. Pickard, Phoenix, for full information.

At the regular meeting of Snowshoe Lodge, No. 46, I.O.O.F., Monday evening, R. K. Morrison, who left for the east Thursday, was presented with a gold watch and an Odd Fellows' charm as an expression of the esteem in which he has been held by brother Odd Fellows. The presentation was made by D. Paterson, noble grand, who expressed the regret of the members in the departure of Mr. Morrison.

Jimmy Britt, the undefeated lightweight champion of the Boundary, left on the Great Northern Friday for Rossland, where he will do some light training, previous to his fight with Guise of Republic, for the light-weight honors. The bout is scheduled for 10 rounds, clean break, at catch weights, winner to take 75 per cent of the gate receipts, and loser 25 per cent. Both are in the pink of condition, and this should undoubtedly be one of the fastest mills pulled off in Rossland for some time. This event takes place on Tuesday, April 18th.

The King's Hotel

UNDER NEW MANAGEMENT

The undersigned begs to announce that he has purchased the business and goodwill of the King's Hotel from Messrs. Shea and Williams and hopes by careful attention to business and courteous consideration of patrons to receive a continuance of the generous patronage which the King's has enjoyed in the past.

SATURDAY, APRIL 15, 1911

The mining situation in the Boundary district never looked better than at the present. New prospects are being opened up and old workings are showing up better as development proceeds. Hardly a day passes but what there is news of some new strike or better ore being encountered in the more developed mines. Not only is this true in respect to the Boundary, but it applies to every portion of the mining localities in British Columbia and the adjacent territory to the boundary line. It is generally conceded that, barring any industrial troubles, that the district is destined to pass through a year of unprecedented prosperity. With the expected advance in the price of copper even greater things will be realized than is now showing on the surface, and the wave of prosperity that is hovering near seems certain to materialize beyond our most sanguine expectations.

Pull together, brethren. We are all here for the same purpose. Then live and let live. The best way to build up a town is for each and every man to pull together and not strive to rend and tear down. All the residents of a town are partners' not opponents. In all likelihood the more business done by your rival the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united effort, the better it will be for all.

The indications are that the government will take a hand in the coal strike whether the miners or operators demand it or not. The very fact that a request for a board of arbitration would be a sign of weakness on the part of either party is poor consolation to the stagnated business interests of the country.

A man never realizes the superiority of woman so much as when he is sewing on a button without a thimble, pushing the needle against the wall to get it half way through and pulling the other half by hanging on to it with the teeth.

A Delightful Voyage.

By far the most delightful way to cross to Europe is by the charming St. Lawrence river route, enhanced by the safety, speed, splendor and service unexcelled of the Canadian Pacific Railway company's Atlantic steamships. The voyage down the famous river combines the pleasure of both a fresh water and a salt water trip, for in two days on the sheltered waters of the majestic river and gulf, passengers become accustomed to the ship, and the ocean voyage is shortened to less than four days at sea, especially a boon to those who are poor sailors.

The C. P. R. has issued a very handsome booklet describing the coronation ceremonies and the trip across in their magnificent floating palaces. It is illustrated with picturesque scenes in England and Scotland and is a souvenir well worthy of possession. The company has a number of these booklets on hand and will mail them free to any person who is interested by addressing F. S. Carter, general agent C. P. R. Royal Mail Steamship, Winnipeg Mann.

Successful Social.

The social held by the ladies of the methodist church at the home of Mrs. Geddes last Tuesday evening was a highly successful affair as well as a most enjoyable one. Quite a number attended, and games and other amusements were indulged in. Something over $25 was realized, which goes toward paying the salary of the minister.

He Sent His "Best" Remedy

The young daughter of Mrs. T. S. Dougall, 523 Flora Avenue, Winnipeg, was arranging some of her doll's washing on a clothes rack, beside the stove, when she fell, and her hand came in contact with the hot stove. She sustained a serions burn, and her screams brought her mother quickly to the spot.

"I sent to the druggist for the best remedy he had for burns," she says, "and he sent back a box of Zam-Buk. He said that there was nothing to equal it. I applied this, and it soothed the pain so quickly that the child laughed through her tears. I bound up the hand in Zam-Buk, and each day applied Zam-Buk frequently and liberally, until the burn was quite cured.

"The little one was soon able to go on with her play, and we had no trouble with her during the time the burn was being healed."

Zam-Buk Soap should also be used by all mothers for baby's bath and for skin troubles, rashes, pimples, etc.

All druggist and stores sell Zam-Buk at fifty cents box; and soap at 25c. tablet. Post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

POINTED PARAGRAPHS

The dairymen of Vernon now deliver milk in automobiles.

The C.P.R. eastern excursions will commence this year on May 16.

The Grand Trunk Pacific will build a hotel at Edmonton to cost $1,500,000.

Eggs in Kamloops are selling for 17½ cents per dozen, lower than at any period of 1910.

Andrea Forsell, a member of the Mill and Smeltermen's union died at Trail on the 4th inst.

Revelstoke is in need of more houses, the demand for rentable houses being greater than the supply.

Between 200 and 300 settlers a month are going into the Fraser valley, most of whom have money to buy farms.

More than 200,000 farmers from Iowa, Minnesota, Illinois, the Dakotas and Wisconsin have come into Canada during the past twelve months.

A powder magazine at Nanaimo exploded one night last week, killing an employe named Jones. The explosion was felt at Vancouver, 80 miles distant.

Miss Mary Collins has been chosen manager of the Lucky Gus mine in Colorado, which has been leased by six girl graduates of Emerson college, Boston.

The price of crown lands have recently been doubled in price. Second-class land has been increased from $2.50 to $5 per acre, and first-class from $5 to $10 per acre.

It is said that there are 50 firms in Greenwood who do not advertise in the local paper. If this is true, the advertised fact is worthy the attention of prospective investors.

The Paystreak of Republic, Wash., advocates the placing of a wood pile and buck saw at the disposal of school children who are late for school, claiming this remedy will soon eradicate the tardiners disease.

One of the best newspapers that comes to this office is the District Ledger of Fernie. The gentleman who conducts that paper is certainly on the job, both from a news, editorial and general mechanical make-up.

The officers of the International Typographical Union announce the end of the war with the Butterick Publishing Co. The Butterick, the largest pattern house on the continent, has fought the eighth-hour day for years, but finally consented to employ only union labor. In this connection it may be stated that the Werner Company of Akron, Ohio, the largest individual printing concern in the world went under sheriffs sale at about a quarter of a million dollars. A three million dollar investment was ruined in an indeavor to fight the union and oppose the eight hour day.

DR. PRICE'S CREAM BAKING POWDER

A Cream of Tartar Powder Made from Grapes

NO ALUM

Chas. H. Gibson, a former resident of Edmonton, has been arrested in San Francisco for obtaining money under false pretenses.

The provincial government has paid $400,000 to the members of the Songee tribe of Indians for their reservation which has been their home since its allotment in the days of Sir James Douglass. This will give each family about $10,500.

Harry Howard, an Englishman, and Victor Shore, a Fin, were blasted last Wednesday night and their bodies fearfully mutilated at the Cliff mine, Rossland. How the accident happened will never be known, as the men were alone at the time the blast was set off.

"Some people in Washington have said that British Columbia in return for the same tariff reductions will permit her pulp to go across the line free. Gentlemen, let me emphasize strongly the determination of the government not to relax one hair's breadth from our present attitude. If they want our pulp they must come here and establish their factories." — Premier McBride at Vancouver.

Wall Paper Bargains

¶ To make room for the Season's new stock of Wall Paper all last season's lines, many attractive and pretty, will be disposed of at rock bottom prices to clear. They are of neat and pretty patterns and decidedly cheap.

We are also making a big cut in Leather Goods, Glass, China, Earthenware and Novelties. Call and see them.

YOUR OPPORTUNITY!

Buy Stock in the Republic-Mother Lode Mining and Milling Company

REPUBLIC, WASH.

This property is located in Republic camp, Wash., where rich strikes in ore are being made almost daily. Republic camp has the distinction of having the richest ore shoot on the continent, the Surprise mine having netted a million dollars from a single shoot.

There is only one Surprise mine in the camp, but there are a number of properties with ore assaying many hundreds of dollars and are proving great money-makers to the investors.

The Republic-Mother Lode Mining & Smelting Co.'s property, known as the Eva B, formerly the Racket, is in the midst of the rich-ore bearing mines and it is confidently believed by those familiar with the camp that it is bound to give handsome returns, so much so that some of the best business men of Republic City have purchased stock in it.

Stock is being sold to further develop the Eva B and make it a shipper. Only a limited number of shares have been placed on the market. Now is the time to invest in stock and make your money work for you. For further particulars call or write
