FIFTEENTH YEAR — PHOENIX, B. C., SATURDAY, JAN. 3, 1914 — NUMBER 25

SUPPLY OF COKE FOR GRANBY BAY

Steamship "Leelanaw" Arrives with Fuel for Smelter—Mines Idle Christmas Day.

(Special to Phoenix Pioneer)

Granby Bay, Jan. 1.—Granby Bay celebrated Christmas Day by a general holiday. No construction work was carried on, and for one day the mines were idle.

An entertainment and Christmas tree for the children was given in the Recreation hall on Christmas Eve, and a number of the children in fancy costume sang suitable songs and otherwise entertained the large audience. Santa Claus was there, too, with a Christmas gift for every child in Granby.

Mr. and Mrs. Wake Williams gave an enjoyable dance in the Recreation hall for their many friends at the Bay on the evening of Christmas Day. This was largely attended, and, needless to say with such excellent hosts, all had a good time.

The steamship "Leelanaw," flying the United States flag, arrived on the 23rd, with a cargo of fifteen hundred tons of coke from Tacoma. She is a first-class freighter, carrying wireless apparatus, and is an oil-burner. Although this is her first trip to Granby, it is expected that she will be he here regularly with coke in the future. She leaves here for Ketchikan.

About two more feet of snow has fallen within the last two days, but prior to that fine clear weather had been experienced here for some time.

Bishop Du Vernet, the Rev. J. A. Levin and Dr. Inman, eye specialist, were passengers from Prince Rupert today on the C.P.R. boat "Princess Royal." They are registered at the Granby Bay hotel.

[illegible] when we have a peck of trouble.

Remembered Their Employees

A pleasing feature of the New Year's Celebration was held at Deane's Hotel on New Year's Eve. The firms of Messrs Morrin-Thompson Co. and P. Burns & Co., Ltd., gave a supper to all their employees and incidentally, and substantially showed the appreciation of the services rendered during the past year.

Not the least interesting part of the evening's entertainment was the surprise sprung on Mr. and Mrs. Danny Deane during the last few seconds of the Old Year, when they were presented with two bank checks, each of a like amount, and pretty big at that, from the two principal firms in our city. There are numbers of men today in British Columbia who have to thank Mr. and Mrs. Deane for many acts of kindness and help given generously and without favor, and as the mouthpiece of the people, the Pioneer wishes to place on record the appreciation which is felt by anyone of such an act of courtesy and good will to two of our best citizens, Mr. and Mrs. Danny Deane.

At San Francisco, Cal., on Jan. 1, Gunboat Smith, the California heavyweight, scored a decisive victory when he knocked out Arthur Pelkey in fifteenth rounds.

STRUCK BY MOTOR TWO MEN KILLED

John Nelson and Angelo Catterine Lost Lives in Granby Mine Wednesday.

John Rudolph Nelson and Angelo Catterine were killed instantly at the Granby mine Wednesday afternoon by being struck by an electric motor. Nelson, who was shiftboss, was assisting Catterine in thawing out some air pipe in the No. 3 tunnel. They were on the track and evidently had no warning of the approaching motor, which struck them and ground their bodies under the wheels. The escaping air from the pipe made so much noise that the rumble of the motor was drowned.

The accident was a particularly sad one, happening as it did on the last day of the old year. The Ski Club dance which was billed for that evening was cancelled, and at midnight there was not the usual blowing of whistles and the ringing of bells to mark the incoming of the New Year. The moving picture show also closed out of respect for the departed. The irony of fate was certainly in evidence in the case of Catterine. He was working his last shift at the mine, and would have been through in another half hour. Three week ago he sent his wife and three children away to New York, there to remain until he joined them and they were all going back to Italy together. He intended leaving to join his family in a few days.

Nelson leaves a wife and one small child, and also a brother living here. He is about 30 years of age, and was a native of Sweden. Only last March another brother, Paul Nelson, was killed at the Gold Drop mine near here. Deceased was a member of the Masonic and Odd Fellows, and belonged to both lodges in Phoenix. Both were also members of the Phoenix Miners union.

The funeral will be held Sunday from the Miners' Union hall at 1:30 o'clock in the afternoon, and it will be conducted as a double funeral. The service will be conducted by the Rev. A. T. Bell, of the Methodist church.

Curlers Have Busy Time

Mayor G. M. Fripp, H. A. Sheads, G. C. Brown and R. J. Gardner came up from Grand Forks on New Year's day to curl against a Phoenix rink. Result was in favor of Grand Forks, who won the one game played.

On the same day P. W. George, W. D. Gordon, K. C. B. Frith, H. McCutcheon, J. P. White and P. J. McCurrah came up from Greenwood and played three games. Greenwood won two games and lost one.

J. H. Mullen, Charles Knight, N. J. Carson, and Dr. Millar went down to Greenwood that day and won two games and lost two.

MISS KATHRYN CAMERON as "Mrs. Grubb" in "Missouri Girl" at Phoenix Opera House, Thurs. Jan. 8th.

Opera House Orchestra Dance

One of the biggest dances of the New Year will be given in the Miners' Union hall on the evening of Monday, January 12th, when the music will be furnished by the famous Opera House orchestra. This will include Albert Biner, Chas. McKay and Tim Silas, violins; Frank Ohman, cornet; Gus Biner, trombone; and Chas. E. King, piano. They will play old favorites and the new ones, and the people are invited to come and dance the "Tango." Those who attended the dance on December 16th last, and enjoyed the excellent music by this aggregation of musicians, will have another treat in store for them. These players have been assisting at the moving picture shows for some time past and this dance should be liberally patronized as an appreciation of their services. Admission one dollar.

Stabbing Case Postponed

The stabbing case, in which John Mirkovich is in jail on the charge of inflicting a serious knife wound on the person of Nick Usolack, came up for hearing before Magistrate John Mulligan Wednesday. Usolack is still in the hospital, and his condition remains anything but favorable. For a few days after the stabbing he seemed to show signs of making rapid recovery, but for the past day or two he has not been doing so well. The wound is in the small of his back, and was inflicted with an ordinary pocket knife. The affray took place on Wednesday evening of last week. Mirkovich has been remanded for another week, and his case will again be brought up for hearing on January 7th.

Bonspiel January 20

The annual bonspiel of the Boundary Curling association, which is to be held this year in Grand Forks, will begin on Tuesday, January 20. Rinks from Phoenix, Greenwood, the Mother Lode, as well as the local rinks will compete in the competitions, which consist of the Burns and Smith cups, won last year by Phoenix; the McLennan and McFeeley trophy, held by the Mother Lode; the Grand Forks challenge cup, won last year by Gardner's rink and the all-comers. The committee in charge of the bonspiel will call on local members of the club after the first of the year for subscriptions to meet the necessary expenses.—Grand Forks Sun.

Racers Getting in Trim

Barring accident, under the stress of strenuous training, the speed race between H. Hartley and Barney Cosgrove will positively take place at the Phoenix skating rink about the 12th of January. Both men are doing hard training and they can be seen at the rink mostly any evening trying themselves out. The articles of agreement call for 25 laps around the rink, and if either falls down or touches his opponent he loses the race. No unfair tactics will go. The distance covered will be two miles. Both men have plenty of backers, and the betting so far is about even. There is some difficulty in settling upon the judges, but there is plenty of time yet, and by the date of the race every detail will be arranged.

Fire at Greenwood Smelter

Last Saturday morning about 2 o'clock the slag mill and bins at the smelter of the British Columbia Copper company were burned. The furnaces were shut down for a few hours only. Great credit is given the employes and the city fire brigade for the able manner in which they prevented the fire from spreading to the other buildings.

PHOENIX LOSES GAME AT NELSON

Phoenix Boys Have No Complaint to Make at Treatment While in Nelson.

The tables were turned on the Phoenix hockey team in the match played at Nelson New Year's night, when Nelson won the victory in a score of 8 to 7. The Phoenix boys returned yesterday a little crestfallen, but they had no kick coming at the treatment they had received while away.

The ice was in poor condition and was so black that the players could scarcely see the puck on it. However, this made it as bad for the one side as the other. Bob Bishop was the referee, and the puck was faced off by Mayor Keefe, who with C. McAstocker, filled the capacity of goal umpires. J. Evans, A. A. Perrier and E. A. Black were the timekeepers. Benson, who played cover point in the first period, scored two goals within fifteen minutes after the puck was faced off. However, on account of an injured ankle he was forced to quit and McIntosh took his place. The goals scored by Phoenix were: Benson, 2; McIntosh, 2; O'Connell, 1; Sayers, 1; and Howey 1.

According to the Nelson News, the Phoenix boys made a great showing, and their work in the earlier stages of the game brought vividly back to the minds of the fans the great games that were played in the past season series last season between the two teams for the interior championship. Their team work and stick handling was of the finest. There was one absentee from the Phoenix lineup who figured in last season's games that was sadly missed, and that was Morris, who played last [illegible] was hailed as one of the best players that ever stepped on local ice.

The Phoenix team as a whole played remarkably well, the outstanding performers were Davidson at point, whose cork screw rushes were at all times dangerous, and Mitchell in goal, who time and time again made many truly marvelous saves. During the greater part of the game Phoenix, too, played one of its substitutes in Howie, but while on the ice, Benson, for whom Howie was substituted, showed that he was very dangerous man with a world of speed and a bullet-like shot. Sayers, Bassett, McIntosh O'Connell all took a lot of watching and their team work was very pretty.

The game was very clean, there [illegible]ing even the slightest signs of dirty playing by either team. It was a case of thrill after thrill for the fans as the game wore on and every spectator was intensly interested.

When Greenwood comes up here next Monday night to play the first league game, the Phoenix septette have every confidence in themselves that they will win.

The following is the line-up:

PHOENIX		NELSON
Mitchell	Goal	Cadden
Davidson	Point	Atkins
Howey	Cover Point	Murphy
Bassett	Rover	Oliver
McIntosh	Center	Bishop
Sayers	Right Wing	Hacking
O'Connell	Left Wing	Taylor

SATURDAY, JAN. 3, 1914

Happy New Year!

On Christmas Eve. many stockings were filled with presents, but most of them were filled with feet.

No question about hard times in Missouri, when a farmer will complain that someone is stealing his skunks.

The hockey season begins in earnest next week. Then the "orange and black" colors will be in evidence proper.

The man who spends his life in "getting even" for real or supposed injuries is a torment to himself and generally a bore to his friends.

Wine, women and the speed mania is the latest excuse given by an Illinois man who killed another to get an automobile. It used to be "wine, women and song."

He who helps a child helps humanity with a distinctness, with an immediateness, which no other help given to human creatures in any stage of their human life can possibly give again.

An effort is being made to eliminate the "muffler cut out" in the newer automobiles. That will rob the joy riders of half the sport they now have in waking up peaceful neighbors.

A number of Los Angeles clubmen and women held a mass meeting, and after three hours, resolved that something must be done for the 20,000 unemployed in that city—then adjourned.

A kind worded man is a genial man; and geniality is power. Nothing sets wrong right so soon as geniality. There are a thousand things to be reformed, and no reformation succeeds unless it be genial. No one was ever corrected by sarcasm; crushed, perhaps, if the sarcasm was clever enough—but drawn nearer to God, never.—Ex.

It is easier to determine the value of a developed mine than correctly to "size up" a partially developed mine or prospect, which is necessarily a matter of judgment and experience in the main. The old saying that "one man cannot see any farther into the ground than another," in a practical sense is not true. The man who has spent a life time in working, developing and examining mines and prospects all over the world, can certainly surmise better what is under the surface than can a carpenter, a lawyer or an aviator. Most of the big mines of the world had the "ear marks" before they were prospected, and it surely requires judgment and experience to recognize the "ear marks."

The prospects for an abundance of prosperity for Phoenix during the year 1914 are favorable indeed. The past year was a steady one for the camp. The mines worked to their full capacity, and the average number of men were employed throughout the year. During the year there was a marked advance in the price of copper, thus adding materially to the profits of the companies operating here, and adding to the wages of the men employed. This increased wage in turn put more money in circulation, and added to the prosperity of the city. The wages earned by the working men here for 1913 amounted to over a million dollars; and there is no apparent reason why an equal if not greater amount should not be earned during 1914.

IF YOU AND I

If you would smile a little more,
And I would kinder be;
If you would stop to think before
You speak of faults you see;
If I would show more patience, too,
With all with whom I'm hurled,
Then I would help, and so would you,
To make a better world.

If you cheered your neighbor more,
And I'd encourage mine;
If you would linger at his door
To say his work is fine;
And I would stop to help him when
His lips in frowns are curled;
Both you and I'd be helping then
To make a better world.

But just as long as you keep still
And plod your selfish way,
And I rush on and, heedless, kill
The kind words I could say;
While you and I refuse to smile,
And keep our gay flags furled,
Some one will grumble all the while
That it's a gloomy world.

Smiling Faces

Some Suggestions

The Greenwood Ledge offers the following suggestions for the New Year:

Do not drink any booze until you are 80 years old.

Never praise another woman before your sweetheart.

Do not drink out of a bottle in the dark.

Never ride on a snowslide or a cross-eyed mule.

Look not upon the wine when it is red. Stick to rye.

Never set the pace by falling off a building.

Do not expect a pearl with every oyster, especially in hotel soup.

Never have two sweethearts in the same town.

Remember that all mines have holes, but all holes are not mines.

Always sip your drinks, chew your food, and pay the printer.

Remember that rolling logs pays better than rolling cigarettes.

Never wake up a sleeping dog, nor tickle the hind leg of mule.

It does not pay to lose everything in order to make money.

Love your enemies when you cannot subdue them.

Remember that life is too short to harbor evil thoughts against anything or anybody.

Remember that there are a few other things in this world besides hockey, high balls and tailor made cigs.

Wonderful, Isn't It?

There was a young fellow from Perth,
Who was born on the day of his birth.
He was married, they say,
On his bride's wedding day,
And he died on his last day on earth.

Burns' Manuscripts

John Gribell of Philadelphia, who recently purchased the Glendriddel manuscripts and copies of the works of Robert Burns for the purpose of restoring them to Scotland received a letter from Lord Roseberry, former premier of England, saying that the prospect of a restoration of the manuscripts has put every Burns centre in a ferment. Mr. Gribell wrote to Lord Rosebery asking him to select a place in Scotland where the Burns treasures may be permanently placed. In his reply Lord Roseberry said:

"I am sure that all Scotland shares with me the joy with which we have learned of your noble act, and princely benefaction.

"You have repaired the effects of the scandalous sale and you are restoring to my country one of her most precious title deeds."

Lord Rosebery added that the disposition of the manuscripts will require some consideration.

Some Consolation

Mrs. Hen was in tears; one of her little ones had been sacrificed to make a repast for a visiting clergyman. "Cheer up, madam," said the rooster comfortingly. "You should rejoice that your son is entering the ministry. He was very poorly qualified for a lay member anyhow."

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Concentrates

During the past five months the Ben Hur mine at Republic has shipped $20,000 worth of ore.

The Vancouver postoffice for several days before Christmas handled an average of 125,000 letters and 100,000 packages.

At Montreal just before Christmas over a million and a half letters were received from Great Britain. The letters filled 839 sacks, and weighed 50,340 pounds.

Judge Ben B. Lindsay, founder of the juvenile court at Denver, Colorado, and Miss Brevoort of Detroit were married recently.

The Doukhobor colony at Nelson the past season made into jam 199,817 pounds of strawberries, 12,579 pounds of raspberries, and other fruit in all totaling 226,026 pounds.

At a recent meeting of the officers of the Grand Porks Canning company it was decided to place orders for the necessary machinery to completely equip the plant at once.

Eight thousand dollars for 18 silver fox pelts was the price paid last week by Ramelson and Levieson, fur buyers, Edmonton, to two men who came down from the north.

Work on the construction of the new British Columbia offices in London has been begun. The work of tearing down the old Continental hotel, which has stood for years on the site to be occupied by the new offices, is practically finished. The new building will cost approximately $300,000 when completed.

A few nights ago Mayor Hindley of Spokane visited the home where the city's "down and outers," are cared for. He found 192 inmates, most of whom were husky young fellows under middle age. The mayor was shocked at the lack of ventilation, 90 of the poor fellows being huddled in three small rooms.

With their horns interlocked so that is has been impossible to extricate them, huuters at Priest Lake, in northern Idaho, last week found the bodies of two big deer which had battled for supremacy in the forest. One of the bucks had already expired but the other was still alive when found by hunters. One buck had 14 points on its antlers and the other ten. The hunters attempted to force the antlers apart but have been unsuccessful. The heads will be mounted in their deadly embrace.

John Marker, employed as a lumber piler in the Stack-Gibbs yard, 30 miles east of Spokane, for the last seven years, probably has handled as much lumber in his life as any man in the United States. Marker is about 45 years of age. For 22 years he has been piling lumber, on an average of 300 days each year. A day's works means the handling of an average of 30,000 feet of lumber, and at this rate Marker has piled 9,000,000 feet every year, or a total of 198,000,000 feet since he started to work in Rhinelander, Wisconsin, at the age of about 23. Figuring this quantity in weight it represents 297,000 tons. To ship this quantity of lumber would require a train of 8,000 cars.

Something entirely new and unique in the automobile line has arrived in Spokane. It is called the Imp cycle car, and the little novelty has an attractive finish of bright red. It is as dainty a machine as has ever been seen in that city. The car is not quite four feet wide and has a 100-inch wheel base. The twin cylinders are enclosed, the carburator is of the high mounted type, and it has a friction transmitter and a belt drive. The body of the car is a type by itself, having tandem seats. The drive wheel and control are set in the center of the car. It is said to have power enough to go anywhere that a full sized automobile is able to travel, and in addition to this it will pull through deep sands where a heavier car would stall. The wheels are steel rimmed and have wire spokes.

Some Funny Breaks

A newspaper man has made the following collection of freaks in advertising, and shows what the misplacing or omission of a word or a comma does for a sentence:

Wanted—A room by a young gentleman with double doors.

Wanted—A man to take care of horses who can speak German.

Wanted—Ladies to sew buttons on the second story of Smith and Brow building.

Wanted—A dog by a little boy with pointed ears.

Wanted—A boy who can open oysters with a reference.

Wanted—An organist and a boy to blow the same.

Wanted—A boy to be inside and partly outside the counter.

Wanted—A room for two young gentlemen about 30 feet long and 20 feet broad.

Wanted—A furnished room by a lady about 16 feet square.

Wanted—A cow by an old lady with crumpled horns.

For Sale—A nice large dog, will eat anything, very fond of children.

Lost—A green lady's pocketbook.

Injured Playing Hockey

As evidence that hockey in the Pacific Coast Hockey League is a fast and furious pastime and that the players are in dead earnest and playing hard, the list of casualties up to date shows three men out of the game for periods ranging from three weeks to one month and a half.

While all three clubs will feel the loss of their stars, the accident to Nighbor will be felt keenly for it looked as though the Millionares had finally hit upon a winning combination.

As a result of the serious injuries to the players, Frank Patrick, president of the Pacific Coast Hockey Association, announced that hereafter every effort will be made to suppress rough play.

Some Slang

A man got an invitation to the annual ball of the Pretzel Benders' Union. On enquiring whether he should wear full evening dress, he received this information:

"Sure, kid, put on your soup-and fish, your sundown rags, your O, Gussie harness. Every guy what gets in to the blow-out has got to doll up in a hard-boiled chest protector, sheet iron shoes and a two-winged shroud. This is a swell affair and any gink what tries to yegg in the drum in his time-clock trotters will get the rude rouse. Truss up in your Tessie-killers. Get me, Steve?"

Happy New Year

Same old whistles, same old bells,
Same old parties, same old yells.
Same old dinners, same old calls,
Same old music, same old balls.

Same old flowers, same old frills,
Same old hopes and same old bills.
Same old greetings, same old dread,
Same temptation—same old head.

Same old pledges, same old brags,
Same old promise—same old jags.
Same old noses, same bright lights,
Same old crowds and same old fights.

Same old brightness, same old cheer,
Same old happy, glad New Year.

—Puck.

Local and General

Harry Swanson went to Curlew Wednesday.

Fresh eggs at P. Burns & Co., 60 cents per dozen.

James McArdle came up from Grand Forks Monday.

The Phoenix public school will reopen next Monday.

Mr. and Mrs. D. Lynch returned Monday from Montana.

Mr. and Mrs. James Pierce returned last Saturday from Rossland.

Mr. and Mrs. James McEwen returned Thursday from their trip to Spokane.

Mrs. Ivan G. Mitchell left last Saturday for Victoria on a visit with her parents.

Eddie Murray and his sister Etta attended the dance at Greenwood New Year's night.

Mark Rukin arrived last Friday from Lancashire, England, and will make his home in Phoenix.

Mrs. Frank Ackerman is leaving today for her old home in Germany, and will be away for about three months.

"The Lord loveth the cheerful giver"—start the new year by paying your subscription to the Pioneer up to date.

Gillespie and Ramsay, hockey players, went to Trail this week. It is rumored that they will have a tryout with the Trail team.

Chas. McKay was down to Grand Forks Wednesday evening to play at the New Year's Eve. dance with Prof. Werner's orchestra.

Mrs. G. P. Tennetti left for Spokane today with her two sons to place them in college. Mrs. Tennetti will remain in Spokane for the winter.

The Ski Club dance, which was cancelled last Wednesday night on account of the accident at the Granby mine, will be held at a later date.

Wanted—Position as housekeeper or light housekeeping or chamber work, by middle aged lady. Apply Mrs. Crohn, at Mr. Biner's residence.

Thos. A. Harris of Toronto, government customs inspector, was here this week making an inspection of the local office, which is in charge of Wm. Delahay.

Yesterday Geo. Rogers, who already is an extensive property holder in Phoenix, added to his holdings by purchasing the residence of Mrs. P. G. Tennetti on Ironsides avenue.

W. M. Blackstock, teller in the Canadian Bank of Commerce here, is taking his holidays and is spending the time with his brother at Medicine Hat. He will be back here about January 15th.

Morrin-Thompson & Co., have one of the windows in their store artistically and appropriately dressed for the hockey season. There is an immitation sheet of ice with the seven hockey players in position, and the background is nicely decorated with orange and black, and with 1914 pennants.

The films showing the ski jumping events, as shown at the Miners Union Opera house last Monday night, were full of thrills and intense interest. These films were brought direct from New York, and were just shown the one night, and were returned immediately. This is an instance of the efforts put forth by the management of the Opera house to give its patrons something out of the ordinary every short while.

The Missouri Girl

The Missouri Girl which will be the offering at the Phoenix Opera House Thursday, January the 8th, has been on the road continuously for fifteen years and for the past six years two companies have been presenting this ever popular play. The popularity of the play is not limited to any particular section. Wherever it goes it is the same story, crowded houses and delighted audiences.

Fred Raymond has always kept his companies up to standard and that is probably the reason for his remarkable success with this sterling comedy.

Year after year the companies visit the various cities fortunate enough to be on their routes and invariably the companies are equal to those of previous years and from time to time improvements are being made that strengthen the organization.

This season the vaudeville portion of the show has received Mr. Raymond's careful attention. Five first-class vaudeville numbers add great strength to the performance.

Finger Scratched in Operation

Dr. J. L. Chabot, M.P., one of Ottawa's representatives in the commons, is confined to an Ottawa hospital, suffering from blood poisoning. The trouble commenced about four weeks ago, when performing an operation on a patient which involved the opening of the skull. The doctor tore open his rubber glove and very slightly scratched the tip of the index finger of the left hand. Dr. Chabot has now been confined to his bed for the past ten days, suffering great pain, and it is feared it will be some considerable time before he is out of the institution.

Intermediate Hockey Schedule

The first intermediate hockey match of the season takes place at Greenwood on Tuesday, Jan. 6. Phoenix has a line-up who will give a good account of themselves.

Jan. 6—Phoenix at Greenwood
12—Grand Forks at Phoenix
16—Greenwood at Grand Forks
20—Phoenix at Grand Forks
22—Grand Forks at Greenwood
29—Greenwood at Phoenix
Feb 3—Phoenix at Greenwood
5—Grand Forks at Phoenix
10—Greenwood at Grand Forks
16—Phoenix at Grand Forks
19—Grand Forks at Greenwood
24—Greenwood at Phoenix.
