THE BIG STORE

Special

Ladies' Shoes.

Women's Stylish Oxfords, smart styles in J. and T. Bell's popular make for summer and outing wear. They're cool and correct and it's a fact that they fulfil to the letter the exact requirements of the smart dresser. Bargain prices range from $2.00 to $4.50. Made of Vici kid with patent leather tips or patent throughout. The latest in military heels.

Ladies one, two and three strap slippers in Vici kid and patent, sizes 3 to 7, widths D and E, prices the lowest.

In Ladies' Shoes!

Your pick in heavy and light soles, sizes, widths prices always right when you select from J. and T. Bell's, Ames Holden and the McCready's latest designs. In Ladies' Summer Hosiery we handle the famous Black Cat Brand.

Fresh Vegetables for Saturday

String Beans, Green Peas,
California Tomatoes,
Radishes, Lettuce,
New Turnips and Spinnach.

Strawberries are at their best now. Reduced prices for today.

The Hunter-Kendrick Co., Ltd.

PHOENIX. GREENWOOD. GRAND FORKS.

Something To Eat!

Is a Perplexing Question This Weather.

Let us help you out. Its our business to cater to the wants of your appetite. Our stock of "Ready to Eat" Groceries never was larger or better in the history of this store. These are a few of the things that help you out in the eating question with a minimum cost:

HAM, TURKEY, DUCK, CHICKEN,
VEAL, PIGS' FEET, DRIED BEEF,
CRABS, LOBSTERS, SHRIMPS,
LIME JUICE, ROOT BEER,
LEMONADE, PINEAPPLE JUICE,
CATSUPS, SAUCES and PICKLES
of all kinds.

Oranges, Lemons. Peaches, Cherries, Etc.

We are making every effort to please you and give you value for your money. Will you encourage us by giving us a share of your trade?

Everything in Hardware.

MORRIN, THOMPSON & CO.

IS J. J. HILL IN THE SADDLE

And Beaten C P.R. on Its Own Ground.

BRIEF RLVIEW OF THE SITUATION

If Reports Are Correct, Great Northern Has a Large Tonnage Awaiting Its Completion to Phoenix.

Undoubtedly the most interesting question that has been discussed in the *Boundary* for the last week or more is whether the James J. Hill interests have secured a controling interest in the Granby Consolidated. In the absence of official statements the situation is briefly this:

Hon. F. C. Carter-Cotton, of the Vancouver News-Advertiser, last week printed a leading editorial making the direct statement that Mr. Hill has secured a control. Whether this statement was inspired from C.P.R. sources, financial sources, or otherwise is of little consequence. Mr. Graves, general manager of the Granby Co., says there is no truth in it. If Mr. Hill is not the owner of a registered majority of the shares, it is possible that his friends may own enough to swing a goodly share of the tonnage to the V. V. & E. branch of the Great Northern when it is completed to this camp, as it will be this fall.

The undercurrent of opinion, in and out of this camp, seems to be that Mr. Hill has stolen a march on the C.P.R. this time in getting his friends to secure a suffient amount of Granby shares to bring him his part of the ore tonnage and coke tonnage.

It is also believed in some quarters, in the absence of definite statements, that Mr. Hill will practically be in control of the new Montreal & Boston Consolidated, now about to secure control of the Brooklyn group in this camp. It is also further believed that the B. C. Copper Co. will be in the same category shortly, if it is not already taken by Hill's friends.

This would give the astute Great Northern magnate a large slice, if not actual control, of the entire tonnage of the big Boundary mines—mines the permanence of which has been proved beyond any doubt in the last five years.

If these things are so, what some people cannot understand is why the C.P.R. interests did not themselves secure the control now said to have been secured by Mr. Hill. The matter of a few millions is easily arranged by the C.P.R. if needed, especially when they would absolutely secure a profitable tonnage for years and years to come. Several years ago the C.P.R. lost a golden opportunity in not buying the Spokane Falls & Northern railway, when the purchase was recommended by no less man than W. F. Tye, now the chief engineer of the road, and by this mistake the C.P.R. has let the Great Northern into what is proving to be its most profitable territory. The question is, can the C. P. R. repair these serious mistakes?

C.P.R. officials aver that they have been spoon-feeding the Granby Co. in low freight rates granted, but when they have already taken a cool million dollars from the Granby Co. in freights alone, in four years, to say nothing of the revenue from other Beundary mines and business men, it has a different aspect. That amount would build and equip the road complete from the mines to the smelter.

It is a pretty fight between the railway corporations, and it looks as though it meant a greater tonnage than ever from the great mines of the Boundary.

Alderman McArdle Married.

Last week Thursday James McArdle, alderman of Phoenix, was married at Spokane to Miss Alice Anderson, sister of James Anderson, one of the owners of the Morrison-Anderson block in this city. They are now off on a honeymoon trip to their old home in Huntington, Quebec, and after visiting other eastern cities, and possibly the World's Fair at St. Louis, they will return and make their home in Phoenix. The Pioneer extends congratulations.

Boundary Mining Notes

John Buckley of Sandon is doing assessment work on his properties in Wellington camp.

Blister copper is now being shipped by the B. C. Copper Co. instead of matte, as formerly.

Steve Swanson, who has for years been a shiftboss at the Granby mines, has been made underground foreman of the properties.

G. A. McLeod, of Grand Forks, is starting work on some claims on Monashee mountain, on the North Fork of Kettle river divide.

After a shutdown of a few days, the Granby smelter furnaces were again blown in Monday, and shipments from the company's mines were resumed Tuesday as usual.

Monday will be the monthly payday at the Granby mines, the amount being well up to the average of late, which is about $40,000 for the month for wages alone at the mines.

Work has been discontinued on the Brey Fogle claim in Summit camp, which has been shipping to the Granby smelter. Work is still going on at the No. 37, and there is talk of diamond drill testing.

A diamond drill is now being used at the 300 foot level of the Mother Lode mine. Some work on the Primrose claim, one of the Mother Lode group, recently opened up an excellent body of iron ore.

Patrick J. Dermody for more than six years foreman at the Granby mines, resigned on the first of the month. He will look after some good claims he has up the West Fork of Kettle river, notably the Highland Chief.

Up to the first of May there had been done a total of sinking and raising, 5,705 feet; drifting and crosscutting, 17,693 feet; diamond drilling, 1,493 feet at the Granby mines. Up to the same date shipments of ore were 1,194,008 tons.

F. C. Bailey recently returned from Spokane to resume development work on his Providence camp claims, the Excelsior, Frederick, etc. He was gratified to find that the Great Northern graders had done some excellent work on his claims, cutting through an ore body some 27 feet deep.

Last Friday the Providence Mining Co. paid its fourth dividend of ten cents per share, as previously announced, making about $11,000 so far paid. Manager McIntosh is now in the east, looking up the $7,000 worth of electrical machinery that it is intended to equip the mine with.

Phil McDonald, one of the owners of the rich Elkhorn mine, passed through the city yesterday on the way to Spokane. It is the intention of Mr. McDonald and Mr. Sutherland to install an electric equipment at the Elk horn for running the mine, just as soon as they decide upon the best system to be used there.

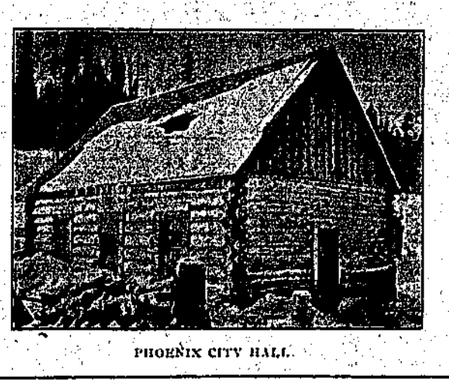
C. P. R Men Saw New Railway Line.

F. W. Peters, C. P. R. freight agent for all lines west of lake Superior, accompanied by H. E. Macdonell, general freight agent at Nelson, and a couple of friends, were in the city Wednesday, and took a look at the Granby mines. Their special car was left at Greenwood, and met them again at Grand Forks, the gentlemen taking the opportunity to drive through by way of Phoenix. In this way they were able to see for themselves the route of the new line of the Great Northern to Phoenix for much of the distance, and could note the large number of men employed in construction. Mr. Peters is an old friend of the Boundary, having previously occupied the position in Nelson that is now filled by Mr. Macdonell.

Suicide at Grand Forks.

Thos. McCormick, a bartender, died from a dose of opium, at Grand Forks last week Thursday, the drug being taken with suicidal intent. After taking the poison Tuesday, Dr. Kingston and Dr. Northrup were summoned, and worked over him till he died. The funeral was held the next day.

McCormick recently came from San Francisco to the Boundary, and was employed at the Phoenix hotel in this city for a few days, leaving for Grand Forks early last week. The charitably inclined in the smelter city passed a subscription paper to relieve the immediate wants of his widow.



PHOENIX CITY HALL.

CITY COUNCIL IN NEW HOME

Now Occupy Original Log School House.

MET THERE WEDNESDAY FIRST TIME

All Present But Ald. McArdle, Who Got Married, and Therefore He Could Not Come.

This week the city council met for the first time in the new quarters recently fitted up as a jail and council chamber, being the old log schoolhouse, now owned by the V.V. & E. Railway and Navigation Co., Ltd. The building is much more conveniently arranged both for the city clerk and chief of police, and has three strong cells for prisoners. Furthermore, it is as near the centre of the city as it is possible to get. It will answer the purpose admirably till the city builds a new city hall.

Mayor Rumberger and Aldermen Boyle, Delainy, Marshall and Porter were present at Wednesday's meeting of the city council, Alderman McArdle being absent on his wedding trip. The following accounts were ordered paid:

Vale-Columbia Lumber Co.	$ 39 55
George E. Breakenridge	3 00
Phoenix Electric Lighting Co.	81 35
A. Groulx	6 25
Hunter-Kendrick Co.	1 50
N. Lemieux	13 50
Morrin, Thompson & Co.	9 45
McIntyre & McDonald	18 00
Wm. Hunter Co.	2 00
V. & N. Telephone Co.	34 40
Total	$208 99

The city books were ordered audited for the six months ending June 30th by I. Crawford, and Jas H. Graham was allowed a rebate of $50 for the two months of his old unexpired liquor license.

By-law No. 46 was introduced, in amendment of the V. V. & E. by-law passed a year ago, vacating certain alleys. A telegram to J. H. Kennedy, chief engineer of the railway, was read, stating that the agreement between the V. V. & E., the Granby Co. and the city has been signed by Mr. Farrel, president of the railway company, and had been sent to the secretary at Seattle for signature, and that Mr. Kennedy was authorized to execute a temporary agreement to hold till the original agreement was properly executed.

Messrs. Crawford, Munroe, Church and McDonald waited on the council as a committee from the volunteer fire brigade, to ask for another hose cart and additional hose. The council was disposed to meet their wishes, and asked them to specifically put in writing just what was needed.

MR. MACHIN IS OPTIMISTIC.

Mining Section Looks Better Than Ever.

Rowland Machin, the Victoria merchant, who makes a trip through the province once a year, spent last Sunday in Phoenix. Mr. Machin has always had great faith in the mining potentialities of the province, especially in the Boundary, even when others were pessimistic. He is the British Columbia agent for the Bennett's fuse, Campbell's steel and Holman's drills, and says that his business is larger and better than ever before. He enjoys the distinction of being the first man who ever sold a carload of fuse in British Columbia, the Granby Co. using perhaps two cars each year. Next year Mr. Machin will take a trip to Arizona, New Mexico and old Mexico, to introduce his goods.

Regarding mining matters generally, after a visit to different parts of Kootenay and Yale, Mr. Machin told the Pioneer man that the outlook was most promising, and that matters in a mining way were steadily improving in every district that he had just visited. For the Boundary he predicted better times and greater things than we have yet realized.

Mr. Machin is a man who has many personal friends wherever he is known, to say nothing of the friends that he has made for his excellent goods.

B. C. Copper Co. Officials.

F. L. Underwood, of New York, president of the B. C. Copper Co., W. H. Thomas, New York, consulting engineer of the same company, and F. Keffer, of Greenwood, general manager of company's mine (Mother Lode) and smelter, have been in Kamloops several days looking over the Coal Hill camp, where there are some promising iron claims. While not committing themselves in any way, they appeared to be satisfied with what they have seen, and it is possible a mining deal of importance to that camp will be completed in the near future. The party was expected to arrive in the Boundary yesterday.

During the month of June the city treasury was enriched by $240 in fines.

Raised $150 For Colorado Miners.

Last week Friday's ball given by the Ladies' Auxiliary of the Miners' Union, in aid of the Colorado miners, was a prounounced success. The capacious hall would hardly accommodate the large number desiring to gain admittance, the ladies raising $150 by the event. The following was handed to the Pioneer for publication:

Whereas, the Dominion Day ball given by the Ladies' Auxiliary to the Miners' Union of Phoenix, B. C., in aid of our striking brothers and their dear ones in Colorado, who are now being outraged and ground down under the Russian methods of a corrupt State Government because they dared to vindicate the eight-hour law, which was passed by a majority vote of our [illegible] 40,000, was an unparalleled success from every standpoint, financially [illegible] otherwise; be it

Resolved, that the officers and members of Phoenix Miners' Union [illegible] W. F. of M., extend their best [illegible] and heartiest thanks to the [illegible] & Vernon Auxiliary for their unselfish [illegible] several days in [illegible] and kindly aid, and express again this week [illegible] miration for their splendid [illegible] assert that efficiency.

JOHN RIORDAN, [illegible] ction of this

BROTHERS OF THREE LINKS

Held Joint Installatation Grand Forks.

FOR THE THREE BOUNDARY LODGES

Delegation of 25 From Phoenix Lodge Attends, With 40 From Greenwood—They Held a Banquet.

In what is said to be the finest lodge room in British Columbia, with one or two exceptions, the joint semi-annual installation of the three lodges of Odd Fellows in the Boundary was held last Thursday night at Grand Forks. The installing officer was Fred B. Holmes, of Greenwood, the district deputy.

Snowshoe Lodge No. 36, of Phoenix, was represented by a delegation of about 25 of its members, while the Boundary Valley Lodge, of Greenwood, was represented by 40 of the three link brothers. After the induction of the three sets of officers, the visitors were entertained by their Grand Forks brethren in the lodge rooms, and a most flicitous time was enjoyed. The officers of Snowshoe Lodge that were installed were as follows:

Noble Grand, Alex Milkie; vice grand, Arthur S. Williamson; treasurer, Tom Johnson; recording secretary, George R. Mead; financial secretary, William Delahay.

AUGUST JACKSON WANTS A LICENSE

And the Provincial Board Will Meet.

August Jackson, owner of the large log building on the New York townsite, wants a license to sell liquor by retail, and the Boundary Creek license commissioners will hold a meeting at the Knob Hill hotel on July 16th to consider his application. The building has long been unused, but is now on the direct route to several of the Great Northern railway construction camps. In the early days, before the Rumberger townsite was put on the market, this hotel did considerable business. Mr. Jackson now proposes to call it the Warnimo.

The application for a license has been signed by the people living on the New York townsite, which immediately adjoins the city limits, but the hotel men of the city oppose the granting of the license, and the city council last week petitioned against it. It remains to be seen what [illegible] of the matter next [illegible] when the [illegible] The chief was also [illegible] motion by Mr. Punch, to run all "tin horns" and "boosters" out of town.

At the meeting of the licensing board, Joseph Graham was granted a transfer of license from the Union hotel to the Mint hotel, and a license was granted to the Stemwinder Hotel.

It is to be hoped that the Dundonald incident is done for good and all.

Liberal Candidate Ross has been making hay while the sun shines in the Similkameen, and trying to make votes at the same time. But electionday still appears to be a long way off.

Things are quietest before a storm. If that is the case, then there should be great things doing shortly at the mines heretofore owned by the Dominion Copper Co., in this camp, for there seems to be little leaking out about the big deal that has been under way for some months.

The score w... Hill has secured a con-
Phoenicians. ...he has made a
Patsy Clark the well known ...are a
man, of Spokane, has been taking a look at some properties in Franklin camp, at the head waters of the North Fork of Kettle River.

It is said that Italians and others on the railway work are slaughtering game wholesale. If something is not done to stop it, the destruction of small game almost entirely will result.

The International Coal & Coke Co., of Coleman, Alberta, is reported to be doubling its output by shipping 6,000 tons of coal a month. The new coking ovens will soon be doing business also.

While residents of Grand Forks, Greenwood, Midway and other places hereabouts sweltered in the heat this week, Phoenicians found the climate congenial—one of the advantages of living in this salubierus altitude.

Saturday ...ing on putting in two more
raffled for ...aces at the smelter at an early
a disable...te, making a battery of eight, means
August ...that ore shipments from this camp are
and ...to be increased to nearly 3,000 tons
daily before the snow flies. Evidently the unconfirmed announcement at Vancouver that Mr. James J. Hill has control of the Granby does not mean less shipments of ore from this camp. The increase in smelting capacity without putting up more buildings, if successful, will be due to the ingenuity of A. B. W. Hodges, the Granby superintendent.

Hon. Francis Carter-Cotton, editor of the Vancouver News-Advertiser, says that Great Northern interests have secured control of the Granby mines and smelter. We do not know whether this is a fact or not, but if it such, it is evident that the C. P.R. has allowed the Great Northean to steal a march on it in its own territory, so to speak. It would also be exceedingly interesting to learn Mr. Cotton's authority for his statement. Who has been letting the cat out of the bag—if there is a cat? A couple of years ago the statement was made and reiterated, that J. J. Hill had secured a control in the mines of the Crow's Nest Pass Coal Co., but up to this writing there has been nothing to show the truth of the statement. It was given out, however, that Hill interests had secured 30 per cent. of Crow's Nest shares, and that was all.

WHAT EDITORS SAY

FAITHLESS WRETCH—The man who has not faith in the future of Cranbrook must surely be skeptical of his own salvation. — Cranbrook Herald.

SHARP BROKER—A sharp Kootenay broker cleared up $12,000 by selling Le Roi's short on the ground of faulty sampling before the famous cable.—Rossland World.

ARE LIBERAL—The people of the Kootenays are the mainstay of British Columbia. They contribute, directly and indirectly, two-thirds of the revenues of the province.—Fort Steele Prospector.

WIPING BUSINESS—Russia is a par. adoxical customer. While she declares there is no doubt about it that she will simply wipe the Japs off the big footstool, she fortifies St. Petersburg in dread of a Japanese visitation. —Victoria Progress.

MUNROE'S FEAR—Jack Munroe, the British Columbia miner who is anxious to meet Jim Jefferies in a contest for the championship of the pugilistic arena, is now struggling with the inward fear that the latter is putting off the meeting until death or old age precludes the possibility of a decision.—Nelson Economist.

Mr. Williams Retires.

William Yolen Williams has retired from the superintendency of the Granby mines on account of poor health. The company, by the retirement of this gentleman, loses a miner of great ability and one who took the properties of the company when they they were mere prospects and developed them to their present capacity of production,

11. ...purs...es.
Mr. Williams is succeeded by A. B. W. Hodges as general superintendent. Mr. Hodges, up to a short time since, was manager of the smelter, and is a gentleman of ripe experience in mining and smelting, and promises to make a worthy successor to Mr. Williams in conducting the most extensive mining enterprise in the Dominion. He will doubtless ably fill his position, but if he does it better than Mr. Williams has, he must indeed be a man of wonderful ability. — Nelson Daily News.

Trail has no bank, but expects to have two banks shortly—the Crown and the B. N. A.

Slocan merchants are organizing to fight the discrimination in rates recently given Nelson merchants against them.

Insurance companies are advising various B. C. towns to improve their fire fighting apparatus or they will retire from business.

After four months of somnolency, the Western Clarion, Vancouver, organ of the Socialists of British Columbia, is appearing once more.

An order in council has been passed by the Dominion government authorizing the payment of the labor time checks of Carlson & Porter, for the Lardo railway construction.

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all druggists.

O. R. & N. Summer Book.

The handsome 1904 summer book "Restful Recreation resorts," issued by the passenger department of the Oregon Railroad and Navagation Company is just out. It tells all about the summering places of the Columbia river Valley—a brief description of the trips up and down the Columbia river, to the mountains, beaches, inland resorts and fountains of healing where they are and how to reach them. The book has a special designed front cover, printed in two colors, and the inside pages are splendidly illustrated by costly and beautiful half-tones. A copy of this publication may be obtained by sending two cents in stamps to A. L. Craig, General Passenger Agent of the Oregon Railroad and Navigation Company, Portland.

Hurried and Worried All Day.

And the worst of it is you are a little run down and have mighty little chance to catch up. Everything seems like a grindstone wearing down your nerves. You are irritable and get less sleep than is absolutely necessary. Better stop before things get worse. Your best plan is to use Ferrozone for a while and give your nerves and brain a chance to pick up. Ferrozone is the finest tonic a busy man can take. It makes new blood, nourishes the body, strengthens the nerves, improves the appetite and rehabilitates the whole system. Try Ferrozone. Price 50c.

A Great Family Remedy.

And one well known in most Canadian homes is Nerviline, a perfect panacea for all internal and external pain Mrs. M. E. Cartwright of Morris says: "I couldn't think of being without Nerviline. When I get toothach Nerviline stops it. If I get a sick headache, have a trouble with my stomach or bowels I can rely on Nerviline to cure me promptly. To break up a cold or rub on for rheumatism or neuralgia, Nerviline has no equal. It's priceless in any family." Nerviline is king over all pain and costs 25c.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitibly inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is probably not one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mrs. Frank Riggs, of Frankville, N.Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by all druggists.

For sale, at half price, full set of Encyclopedia Britannica. Inquire at the Pioneer office.

B. C. MINING

Slocan mines have this year shipped upwards of 75,000 tons of ore.

Slocan mining men are expecting silver to rise to the 60 cent figure.

Net receipts of ore shipments from the LeRoi No. 2 amounted to $44,990 in May.

The LeRoi smelter, at Northport, will not be blown out August 1st as reported.

A new company is in process of formation to operate the Dundee mine, near Ymir.

Mike Kerlin has bonded the Mascot claim, at Sandon, to a local syndicate for $25,000

Rossland mines shipped 4,390 tons of ore last week, making 181,885 tons for the year.

It is said that Fernie has been definitely decided on as the location for a zinc smelter.

The Cliff mine, at Rossland, has resumed with ten men, after being idle four years.

Kaslo has a new excitement. Gold and galena have been found on True Blue mountain.

Returns from the mill at the Wilcox mine, Ymir, this month will probably be the largest on record.

Dr. Otto Sussman has been sampling Slocan mines and is now talking about a new smelter in that district.

A judgment of $8,500 has been recovered by the Last Chance against the American Boy in the Slocan, for value of 84 tons of ore.

The plaintiffs in the damage suits against the Crow's Nest Pass Coal Co., the claims aggregating over $800,000, lost the suit.

There are now seven mines steadily producing in Ymir district. They are the Ymir, Wilcox, Hunter V., Fern, Queen, Arlington and Second Relief.

The St. Eugene mine at Moyie is producing metallic lead at the rate of 1500 tons per month, and the Kootenays at the rate of 30,000 tons per annum.

R. G. Drinnan succeeds Thos. R. Stockett as general manager of the Crow's Nest Pass Coal Co.'s mines. The latter goes with the Western Fuel Co at Naniamo.

At the annual meeting of the North Star Mining Co., recently held in Montreal, it was decided to place the company in liquidation and distribute the assets among the shareholders.

RUSSIA — JAPAN

MATTERS OF INTEREST ABOUT THESE BELLIGERENT NATIONS.

JAPAN IS A SURPRISE.

Before the present war in the far east began, it was predicted that the Japanese might win a few early skirmishes, but that this young nation unaccustomed to modern methods of fighting, would in the end do little against the expert officers and soldiers of the Russian empire. It was maintained that a small nation which a few years ago had a standing army of but two thousand men, would, in the nature of things, have to yield before the arms of a great power that has been studying war for 200 years and supports a standing army of more than a million with the best officers in the world.

Recent events have compelled observers to modify some of these predictions. In directing operations against the Russians, the Japanese have displayed a knowledge of military strategy that has amazed the foreign experts. In modern methods the Japanese are, apparently, ahead of their opponents. A London Times correspondent in the field recently wrote that the recent defeat on the Yalu was due primarily to the old fashioned, perfunctory methods of the Russians and that the Japanese success must be attributed to their perfect acquaintance with modern conditions and to their skill and intelligence in meeting military developments on the field.

It would appear therefore, that this nation of so-called imitators is to give instruction to professional instructors, and, in this instance, to those whose chief aim in life for many years has been to prepare for war.

A Satisfactory Pile Remedy.

Greenwood, B. C.

THE OBSERVATORY

THINGS TALKED OF AT HOME AND ELSEWHERE

Next week Thursday, July 14th, the Socialists of Yale-Cariboo will hold a convention at Greenwood to nominate a candidate to oppose Duncan Ross, Liberal, and Martin Burrell, Conservative, in the Dominion election in this constituency. The members of the committee having the convention in charge are W. H. Creitz and J. H. Harris, of Grand Forks, W. H. Bambury, and O. Grumbach of Phoenix, and J. J. Caulfield and A. S. Embree of Greenwood.

From this it would seem that the Socialists have determined to contest this constituency for the commons, even though they would probably acknowledge that they had no show of winning out. It is said that J. J. Caulfield, the Greenwood merchant, if he cares for it, can have the nomination, and sacrifice himself for the cause of a principle. The politicians all seem to think, also, that the placing of a Socialist candidate in the field means a less number of votes for the Liberals when the ballots are counted.

John F. Hemenway, who first came to Phoenix in July, 1897, to take charge of the preliminary work on the Old Ironsides mine for Jay P. Graves, left here in November, 1902, to take a position with the Copper Cobre Mining Co., at Phoenix, Arizona. Quite recently a new company was formed to take in these properties called the Bradshaw Mountain Mining and Smelting Co., of which Mr. Hemenway was mande assistant treasurer. Mr. Hemenway has recently removed to Val Verde, Arizona, a little town where the company's smelter is located, where he is also the local postmaster. Several old Phoenicians are said to have secured position with the same company, including Jimmy Stevens Thos. Hogan and Chas. A. McClung.

Recently the press has been chronicling the death of Howard C. Walters, the man who shipped the first ore out of the Boundary, the ore coming from the now famous Providence mine. The writer well remembers Mr. Walters when he organized the Spokane and Great Northern Mining Co., with a modest capital of $5,000,000, to exploit high grade mines in the Boundary. But when silver went down out of sight in 1893, it put a stop to Boundary high grade shipping. Mr. Walters afterwards made money in the Snowshoe mine at Libby, Montana, in the Britannia, on the coast, and lost it all in some Mexican mining ventures.

THE MASTER MECHANIC'S PURE TAR SOAP heals and softens the skin, while promptly cleansing it of grease, oil, rust, etc. Invaluable for mechanics, farmers, sportsmen Free Sample on receipt of 2c for postage. Albert Toilet Soap Co. Mfrs Montreal.

$12,000 in Prizes.

The best running races ever seen on the Spokane Interstate Fair track are expected at the racing session this fall which covers a period of six days, Oct. 3rd to 9th, inclusive.

Twelve thousand dollars will be divided as purses during the meet and from present indications a greater number of horses will be entered this year than ever before in the history of the Interstate Fair Association. Most of the 500 running horses now in Seattle at the Midsummer Race Meet are expected to follow the North Pacific Circuit to Spokane, and the liberal purses hung up by the fair management has already called in a large number of entries for the early closing stake races.

For the Interstate Fair Stake Race, purse $1,200, there are 23 entries, a record breaker for any Spokane track. For the Bolster Stake Race, purse $700, there are 16 entries.

It's What It Leads to

That makes Catarrh such a dreaded disease. If you have Catarrh taint, dropping in your throat, if you hawk and spit and have a stuffed up feeling in your nostrils you should use fragrant healing Catarrhozone at once and get cured. Thousands have been saved from Consumption and completely cured by Catarrhozone, so there is no reason why you shouldn't stamp out your Catarrh also. Catarrhozone will really cure you and prevent the disease from returning. It's very pleasant, just balsamic medicated vapor,—no nauseous drugs. Absolute cure guaranteed to users of Catarrhozone; it can't fail, try it. Complete outfit $1.00; sample size 25c.

HOSPITAL SECRETS.

A Nurse Says: "Pe-ru-na is a Tonic of Efficiency."

MRS. KATE TAYLOR.

Mrs. Kate Taylor, a graduated nurse of prominence, gives her experience with Peruna in an open letter. Her position in society and professional standing combine to give special prominence to her utterances.

CHICAGO, ILL., 427 Monroe Street.—"As far as I have observed, Peruna is the finest tonic any man or woman can use who is worn from the after effects of any serious illness.

"Peruna seems to restore vitality, increase bodily vigor and renew health and strength in a wonderfully short time."—MRS. KATE TAYLOR.

Address The Peruna Medicine Co., Columbus, Ohio, if you desire free literature on catarrh.

Special Excursion to World's Fair.

The Denver & Rio Grande, in connection with the Missouri Pacific, will run a series of Personally Conducted Excursions to the World's Fair during June. These excursions will run through to St. Louis without change of cars, making short stops at principal points enroute. The first of these Excursions leaves Portland June 7th, and the second June 17. The rate from Spokane will be $60.00 to St. Louis and return. Excursionists going via the Denver & Rio Grande have the privilege of returning via a different route This is the most pleasant way, as well as the most delightful route to cross the continent. The stops arranged give an opportunity of visiting the various points of interest in and about Salt Lake City, Denver and Kansas City. If you wish to accompany one of these excursions write at once to W. C. McBride, 124 Third street, Portland, for sleeping car reservations.

NOTICE.

Respecting Coal and Petroleum Lands in South-East Kootenay.

NOTICE is hereby given that licenses to prospect for coal and petroleum upon and under lands situated within Block 4,593, South-East Kootenay will be issued forthwith to all persons who have made proper application, in pursuance of the provisions of the "Coal Mines Act" and amendments.

The fee for each license will be $100, and all applicants who have not deposited accepted bank cheques to cover that amount are hereby required to do so without further notice.

Licenses will be issued in the following form, viz.:—

MINING LICENSE ISSUED UNDER THE COAL MINES ACT AND AMENDMENTS.

"In consideration of one hundred dollars now paid under the said Acts, and subject to the provisions thereof, I, W. S. Gore, Deputy Commissioner, acting for the Chief Commissioner of Lands and Works, license to enter, prospect, search and work for coal and petroleum (but no other metal or mineral) upon, in and under all that piece or parcel of mineral land situate in and forming part of Block 4,593, East Kootenay District, and described as follows:—

and not exceeding in the whole six hundred and forty statute acres.

"Owing to the number of applicants for licenses to prospect for coal and petroleum, and the peculiar circumstances surrounding the application for the issuance of these licenses, and the well known fact that the issuance has been unavoidably suspended for so many months, the government of British Columbia finds it impossible to determine the equitable rights of the numerous applicants. Therefore for the purpose of enabling all persons to go before the proper tribunal for the determination of their respective rights and priorities, this license is issued and accepted subject to such prior rights of other persons as may exist by law, and the date of this license is not to be taken or held as in any sense determining such priority, and further it shall not be taken or held to waive enquiry by the Courts into the proper performance of all conditions precedent as between adverse claimants; and further, on the understanding that the government shall not be held responsible for, or in connection with, any conflict which may arise with other claimants, of the same ground, and that under no circumstances will license fees be refunded.

"And the holder hereby waives any claim or demand against the Government, and expressly agrees not to take any steps or proceedings, or present any petition, to enforce any alleged claim or demand against the Government of the Province of British Columbia arising out of the issuance of this license or of any other matter or thing appertaining thereto.

"The land being under reserve from pre-emption and sale this license does not include any right other than the right to prospect for coal and petroleum.

"The duration of this license is for one year from the , 190 .

Liquor and trades licenses will be due next week for the ensuing half year.

For large returns and good dividends buy International Coal stock of J. L. Martin, Phoenix, B. C.

H. T. Pemberton, manager of the Montreal and Boston Copper Co., was in the city during the week.

Ed. H. Mortimer spent last Sunday with his wife, who is visiting her father on a ranch near Northport.

City sidewalks have been undergoing an overhauling this week, making a decided improvement in many places.

J. E. Bell started Monday to ride W. Y. Williams' coal black charger to Spokane, a distance of about 180 miles.

Work on the new Methodist church on Knob Hill avenue is not proceeding very fast, owing to delay in arrival of material.

Gangs of Italian railway laborers continue to arrive by every C. P. R. train, and are absorbed in Great Northern contracting work.

Thomas J. Hardy, formerly in business in Phoenix, but now of Coleman, was shaking hands with friends here early this week.

The new ten room residence being built by George Hewson on Old Ironsides avenue, is in the last stage of completion, and has been rented.

H.G. Hankinson, of Chief Engineer Kennedy's office in Grand Forks, was in the city Saturday, distributing checks in connection with the V. V. & E. surveying corps.

Miss McGill, one of the public school teachers at Grand Forks, has resigned, and will be succeeded by one of the male persuasion, if one can be had for $75 per month.

W. G. Gaunce, secretary of the Greenwood Board of Trade, who was one of the week's visitors, has prepared some fine ore samples and sent them to the St. Louis exposition.

Dr. E.R. Northrup, of Grand Forks, in charge of the railway construction hospital, was a visitor in the city last Sunday and also on Wednesday. The hospital now has 15 patients.

William Hall, the miner who had his leg amputated at the Phoenix General Hospital three weeks ago, is getting along nicely now. He was the only patient in the hospital this week.

The strawberry season is now on the wane. This week W. S. Macy had 15 or 20 people picking on his ranch on Fourth of July creek, the crop being a large one and of fine quality.

Allan B. Morkill, ledgerkeeper in the Eastern Townships Bank, left Saturday for a two weeks' vacation in Rossland and Grand Forks, his place being taken here by J. H. Rome, of the Grand Forks branch.

George S. Waterlow, of London, England, who is largely interested in the Snowshoe mine, and who has made a practice of visiting the property every summer, is likely to do the same this year as usual.

George E. Cole, who has been employed at the Granby mines for a year or two, left for Clarence, Ont., Tuesday. After a few months in the field surveying, he will return to McGill and complete his course in civil engineering.

[illegible] has been taking a look at some properties in Franklin camp, at the head waters of the North Fork of Kettle River.

It is said that Italians and others on the railway work are slaughtering game wholesale. If something is not done to stop it, the destruction of small game almost entirely will result.

The International Coal & Coke Co., of Coleman, Alberta, is reported to be doubling its output by shipping 6,000 tons of coal a month. The new coking ovens will soon be doing business also.

While residents of Grand Forks, Greenwood, Midway and other places hereabouts sweltered in the heat this week, Phoenicians found the climate congenial—one of the advantages of living in this salubierus altitude.

J. M. McCloskey, the blind miner who lost his sight in an explosion in the Knob Hill mine two years ago, has admirers having considerable success in the Dominion of his Columbian Comedy company, where they are touring the Kootenays, according to all accounts good time, even business being done on Sundays. They hope to succeed in landing a raffled for aces at the Nelson team over here August 2[illegible] a disabled miner.

A. C. Miner, president of the Granby Co., reached Coleman, Alberta, Monday, and is expected in the Boundary this week, to spend three or four weeks. He was met at Medicine Hat by A. C. Flumerfelt and H. N. Galer, who are also largely interested in both the Coleman and Granby properties.

Several Phoenicians while attending the celebration at Nelson, went out on Kootenay lake, and being attracted by the gesticulations of a Chinaman, rowed ashore. They found a man who proved to be Ole Nelson, 64 years of age, had hanged himself, the body being still warm. The coroner was notified, and it was found the old man took his life in a fit of despondency.

Dr. Mathison, dentist.

Granby Exchange, Housefurnishings.

For International Coal stock see J. L. Martin.

Dr. Simmons, dentist, McMillan block, July 13 to 16.

The family of Ed. Burns, the contractor, arrived in the city yesterday.

Judge Leamy has been holding County Court in Rossland this week.

Born—In Grand Forks, July 4, 1904, to Mrs. and Mr. W. J. Shannon, a son.

Born—In Grand Forks, June 29, 1904, to Mr. and Mrs. Geo. Taylor, a daughter.

Lloyd A. Manley is reported to have purchased Tom Hardy's hotel interests at Coleman.

Mrs. Duncan McDonald, sister in law of Alex McDonald, of Nelson, is spending a week here.

David Oxley and son Thomas returned Thursday night from a ten days trip to Wauconda, near Republic, Wash.

J. H. Graham reopened the Mint hotel, on Dominion avenue, last Saturday, after fixing up the house from top to bottom.

It is reported that Geo. A. Fraser, M. P. P., of Grand Forks, has a townsite surveyed in the upper part of the Flathead valley.

James Turner was brought before the beak this week for getting into a mix up, but was allowed to go on suspended sentence.

J. C. Haas, M. E., who recently made a trip to Tonapah, Nevada, to examine mining properties, has arrived back in the Boundary.

Noble Binns, of Trail, spent a day or two in the city this week, looking over his local branch. He says times are greatly improved at Trail.

Grand Forks aldermen propose to remunerate the mayor with $300 and each member of the council with $225 for the year's services.

William John Porter, alderman, was gazetted as police and licensing commissioner of Phoenix, on the 5th inst., vice James Marshall, resigned.

Curlew won from Grand Forks last Monday at baseball by a score of 21 to 17, at Curlew, where a 4th of July celebration was being held.

In the Presbyterian church to-morrow the topic in the morning will be: "Leaders and Led," p. m., "Taking a Stand." Anthem by the Choir.

Mike Callahan's case of threatened dynamiting came up before Gold Commissioner McMynn at Greenwood last Wednesday, and decision was reserved.

Miss Struve, from Spokane and Butte, arrived on Friday's train and will open a dressmaking parlor. See small bills for location and date of opening.

New Livery Stable

Matheson & Matheson came in early Sunday morning from Spokane with a new complete livery stable outfit, including half a dozen horses, with single and double seated conveyances, saddles, harness, etc. The entire outfit was purchased in Spokane, and was driven up by the owners. Both horses and equipment are the best that could be had in the capital of the Inland Empire. The Adolph Circu stable, on Dominion avenue, corner Banner street, has been rented for the use of the new firm, both members of which are well known in Phoenix, having resided here a number of years. The new livery stable will be known as the Phoenix Livery and Feed Stable.

Smelter Number.

Nearly every smelter in the west is described and pictured in excellent style, not excepting the Granby and Mother Lode smelters in the Boundary. The number is a credit to the publishers.

For Queen of Street Carnival.

Secretary Donaldson, of the Grand Forks Street Carnival, to be held there August 24th to 27th, states that candidates from surrounding towns are solicited to compete for the honor of being queen of the carnival, who will be chosen by popular vote. Candidates' names should be sent to Secretary Donaldson at once, endorsed by the secretary of some lodge, society or club, who will be considered the candidate of the endorsing organization.

NOTICE.

A special meeting of the board of License Commissioners, for the Boundary Creek License district, will be held at the Knob Hill Hotel, Phoenix, B. C., on Saturday, July the 16th, at the hour of three o'clock, in the afternoon, to consider the application of August Jackson, of Phoenix, for a liquor license under the License Act, 1900, for the Waterloo Hotel, situated in the Brooklyn Additions to the town of Phoenix, and adjoining the town of Phoenix.

I. A. DINSMORE,
Chief License Inspector.

Grand Forks, B. C., July 5th, 1904.

In the County Court of Yale Holden at Grand Forks.

IN PROBATE.

NOTICE is hereby given that on the 27th day of June, 1904 it was ordered by His Honor Andrew Leamy, Judge of the County Court of Yale that Arthur Clayton Sutton, Official Administrator in and for the Grand Forks and Greenwood electoral districts, be administrator of all and singular the estate of Herman Lenker, formerly of Phoenix, deceased intestate.

Every person indebted to the said deceased is required to make payment forthwith to the undersigned and every person having in possession effects belonging to the deceased is required forthwith to notify the undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the said deceased is required before the 3rd day of August, 1904, to send by registered letter, addressed to the undersigned, his name and address and full particulars of his claim or interest and a statement of his account and the nature of the security (if any) held by him.

After the said 3rd day of August the Administrator will proceed with the distribution of the estate having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, B. C., the 27th day of June, 1904.

A. C. SUTTON,
Official Administrator, Grand Forks, B.C.
