VOL. VI. PHOENIX, BRITISH COLUMBIA, SATURDAY, JULY 15, 1905. No. 36

Legislative Library 11-09

Library, Legislative Assembly JUL 18 1905 VICTORIA, B. C.

The Best of Everything Is For the First Comer

We invite you to come at once and select your requirements from the following:

Ladies' Shirt Waists

We are showing much the finest line in the above we have ever had in stock ranging in price from 75c. to $4.00

New Wash Neckwear

Just received 10 dozen of the above in the very newest designs, selling rapidly at 25c. to $1.50 each.

The Hunter-Kendrick Co. Ltd.
THE BIG STORE

Silk Parasols

This season we are showing a much larger range of Parasols than hitherto, in the very latest creations — plain colorings, Navy, Black, Brown, Green, also Persian designs. Price within reach of everybody from $2.00 to $6.00.

In our Gents' Furnishing Dept. the stock is complete and up-to-date.

See our Show Windows.

Grocery Dept.

Swift's Premium Bacon
Swift's Cooked Ashland Hams.
Swift's Summer Sausage
Swift's Pigs Feet
These are particularly appetizing.

Summer Drinks

Sovereigu Brand Lime Juice | Hiie's Root Beer

Regular shipments of Strawberries, Oranges, Bananas, Lemons and Lettuce, Spinach, Onions, Rhubarb, and Turnips direct from the growers.

Tetley's Teas

Everything in Hardware.

Fruit Jars all Sizes.

MORRIN, THOMPSON & CO.

CONTRACT LET TO A PHOENIX FIRM

For Twelve Miles of New Pole Line.

Last Monday a firm of Phoenix contractors, Elliott, Woodard & Logue, was awarded the contract for the clearing of the balance of the right of way for the high tension pole line of the West Kootenay Power & Light Co., for its extension from Bonnington Falls into the Boundary. The contract calls for doing this work for a distance of over twelve miles, running from Hardy mountain, back of Grand Forks, to the town of Anaconda, adjoining the city of Greenwood. The firm is now advertising for 100 men to put to work at once on the contract, which must be completed inside of three months.

Elliott, Woodard & Logue have already established headquarters at Fourth of July Creek wagon road crossing, and will work both ways from that point on the surveyed right of way. The members of the firm are experienced contractors, and will let no grass grow under their feet, already having started a crew of men and half a dozen teams on the contract. They are offering from $2.75 to $3.25 per day for laborers and axemen.

The right of way is to be cleared 99 feet wide, this width figuring out about twelve acres to the mile, thus making about 150 acres all told that will have to be cleared on this contract, for the double pole line, carrying the heavy cables. This contract alone is expected to run into $10,000 or $12,000. The firm will also furnish some of the poles, which are to be 30 feet long, 16 inches in diameter at the base and nine inches in diameter at the top. The contracts are all with the British Columbia Contracting & Distributing Co., Ltd., which is erecting the entire line for the West Kootenay Power & Light Co., Ltd.

MAYOR RUMBERGER RETURNS.

Was Glad to Get Back to Phoenix From the East.

George W. Rumberger, mayor of Phoenix, returned early this week from a months' visit to the east, and while away, was in Toronto, Buffalo, Niagara Falls, New York, Philadelphia, Chicago, St. Paul and other cities. He also visited his brother, Amos H. Rumberger, formerly a resident of Phoenix, at Houtzdale, Penn.

Mr. Rumberger, as is well known, is a large shareholder in the Dominion Copper Co., which is taking over the holdings of the Montreal & Boston Consolidated. It is presumed his visit east was in that connection, but he did not care to say anything about the matter at present, preferring to let officers of the company make announcements. However, he is certain that operations will be resumed here on the company's Brooklyn group in an exceedingly short time.

The mayor spent a week in New York city, and it was so warm there that he wished many times he was back to enjoy the cool breezes of the mountains of the Boundary. He visited Coney Island, a famous watering place near New York, and says that there were 299,999 other persons there the same day that he happened to select. At least, the papers so reported. His worship evidently has no desire to live permanently in the east, and comes back better pleased with the prospects of Phoenix than ever.

New Opera House Matters.

The committee in charge of building the new oprea house and hall for the Miners' Union, has been steadily working on the project, and trying to get the street grade at the site of the new structure, corner Knob Hill avenue and School Street. Plans have been practically approved of, and secretary Berry thinks that the matter will take definite shape next week. The opera house will be in the basement, with a sloping floor, conforming somewhat with the slope of the lot, while the lodge room will be on the floor above. The building is to be 50x100 feet in size, practically covering the lot, and will have entrances on Knob Hill avenue, School street and Aetna avenue.

Latest Prices in Metals.

NEW YORK—Copper, electrolytic, $15.00@$15.25; lake, $15.00@ 15.25
Bar Silver, 59½c
Lead, $4.50 at $4.60.

458,000 TONS IN HALF YEAR

Boundary Mines Output Is Large

With Estimated Value of $2,290,965.

From the returns made of the ore shipments for the first half of 1905, it now seems certain that the prediction made at the first of the year, that the tonnage of Boundary mines for this year would exceed the million ton mark, will be verified by the end of December. The total up to the end of June has shown more than 450,000 tons, and during June and part of May one of the large shippers—the Brooklyn group in this camp—has been temporarily idle. The reorganization plans of the company owning this property provide for extensive work, and this will begin almost any day, according to those best informed. Added to this is the fact that the Granby Co., the largest shipping company in British Columbia, will have its two new furnaces in commission shortly after the first of August, which will give an additional output of those particular mines alone of some 20,000 monthly, or say 100,000 tons for the remaining five months of the year. All this is in addition to the average Granby output of about 50,000 tons monthly. Under ordinary conditions, this assures a Boundary tonnage of more than a million tons of copper-gold ore for 1905.

The output of the Boundary for the several months of 1905, thus far, has been figured to be as follows:

	Tons
January	68,074
February	72,671
March	90,047
April	80,102
May	80,044
June	67,255
Six months	458,193

Without having actual returns at hand for reference, estimated on a basis of $5 per ton in value, the value of the output of the Boundary for the first half of the year 1905 is $2,290,965, with every prospect of the second half of the year showing as good or even a better valuation.

The month of June, for the reason mentioned, shows slightly the smallest tonnage output of any month thus far this year, the figures from the individual mines being approximately as follows:

Mine	Tonnage
Granby mines	50,987
Mother Lode	14,017
Mountain Rose	853
Oro Denoro	482
Emma	698
Providence	30
Skylark	60
Last Chance	60
Miscellaneous	75
June total	67,255

Copper Handbook for 1905.

The Pioneer is in receipt of the Copper Handbook for 1905, edited and published by Horace J. Stevens, of Houghton, Michigan. If there is anything worth knowing about the industry of copper mining that is not set down in this book, it has not been brought to our attention. The bulky volume not only contains complete data about the copper mines of the United States up to the present, but those of Canada and the rest of the world, the stories of each being written in a business like, concise form. Mr. Stevens has published the volume annually for several years, and is probably one of the best informed men in the United States. His latest issue is well worthy of persual and preservation by any one having any interest in copper mining. In this issue several pages are devoted to the leading producers of the Boundary, including the Granby, B. C Copper and Montreal & Boston Consolidated.

V., V. & E. BILL.

Passed the Senate Committee Without Opposition.

Ottawa, July 12.—The Vancouver, Victoria & Eastern Railway bill was called in the senate committee today and Hal. B. McGivern explained its provisions.

The bill was passed without any opposition.

Senator Ferguson asked if the opposition to the bill was withdrawn and he got a reply that it was.

Senator Templeman had charge of the bill.

Boundary Mining Notes

Work on the Preston is showing up a fine lead of $100 ore.

Granby shares are now quoted at $6.00 flat on the Boston exchange.

The last two cars of ore from the Skylark, without sorting, gave values of about $70 per ton.

The shipment made this week from the Mountain Rose is the last for the present, work having been discontinued there for the time being.

On the Gold Bug the long tunnel is now in about 275 feet. The boiler is not being used now for power, and the balance of the work by Contractor McHale is being done by hand.

The long tunnel on the Golconda, in Deadwood camp, is now in 140 feet, and a new contract will probably be let shortly to continue it, about 200 feet being necessary to reach the ledge.

The Phoenix syndicate operating the Mavis, in the high grade belt, feels much encouraged at the appearance of the property after about three months' work. At present they have a foot of quartz carrying free gold.

An average of two cars of ore per day are being shipped from the new Granby mines workings on the Monarch claim. The company built a wagon road to the compressor building where the ore is being loaded temporarily.

Two men are working on the Rambler on the West Fork and are taking out and sacking two tons of high grade ore a week. The ore nets in the neighborhood of $70 a ton. A shipment will shortly be made to the smelter.

Nothing new in regard to the starting up of work at the Brooklyn group, recently transferred from the Montreal & Boston to the Dominion Copper Co., has transpired this week. The details of the deal are now being closed up, however, and there is every assurance that activity will prevail again at the mines shortly.

Next week Friday it will be exactly fourteen years since Matt Hotter and Henry White located the Old Ironsides and Knob Hill mines in this camp. The recording had to be done at Camp McKinney, some 45 miles away. Mr. Hotter has gone to his long reward but Mr. White is still interested here, being a shareholder in the Granby Co. and living in Spokane.

CASCADE WIPED OUT BY FLAMES

Some $30,000 Loss and No Insurance.

Little Now Left in Former "Gateway."

Thursday afternoon the little town of Cascade, formerly called the "Gateway of the Boundary" was, visited by fire, and most of the buildings left from the other two disastrous fires were burned to the ground.

The fire started in a barn near the Cascade hotel. It quickly communicated to the Cascade hotel, owned by Charles H. Thomas, and then to the livery stable of J. A. Bertois on the same side of the street. Then the flames went across the street and licked up the general store of William Wolverton and a number of small buildings to and including the old Commercial hotel, where it stopped for lack of fuel.

There is no water supply in the town, and no possible way of fighting the fire when it once got started. The loss is estimated at between $25,000 and $35,000, with no insurance. Mr. Thomas had the only licensed hotel in the place, and there is now but one standing, that of J. A. Bertois, who was refused a license a few weeks ago. But one store also, that of Mr. Ritchie, is left standing in Cascade.

Nearly six years ago Cascade had a fire that wiped out five hotels and destroyed $25,000 in property. A little later another fire cleaned up a goodly share of the buildings left. Consequently, it was difficult to secure insurance at any price. In the boom days of C.P.R. railway construction, 1898-1899, Cascade had 17 licensed hotels and other businesses in proportion William Wolverton and Chas. H. Thomas were the pioneer settlers there, and had been in Cascade for about ten years.

WILL BUILD A NEW CITY HALL

City Fathers So Decided Wednesday.

Cost of Building May Be $6,000.

At Wednesday's meeting of the city council the first steps were taken for the long needed new city hall, the council accepting an offer of the Dominion Copper Co. for the purchase of lots 20 and 21, block A, of the Dominion Copper Co.'s addition, for the nominal price of $500. This location is on the northwest corner of Montezuma St. and Dominion Avenue, at the skating rink. It is understood that it is the intention of the city to erect a commodious building at a cost of from $5,000 to $6,000 on the site, and a building committee, consisting of Mayor Rumberger and Aldermen Birnie, Carson and Marshall was appointed to have charge of the matter.

There were presen at the meeting the Mayor and Alderman Marshall, Brown Carson, Roderick and Birnie, and the following accounts were ordered paid:

Morrin, Thompson & Co.	$ 2 90
Hunter-Kendrick Co.	4 10
Phoenix Electric Light Co.	69 75
Pioneer Pub. Co.	7 20
Gutta Percha and Rubber Mfg. Co	258 05
Yale-Columbia Lumber Co.	18 90
McRae Bros. & Smith	6 15
Phoenix Livery Stable	1 00
McIntyre & McDonald	10 50

Alderman Marshall gave notice of a street grade bylaw, to establish a new grade at the corner of Knob Hill avenue and School street, where the Miners' Union is now ready to build the new hall, and a committee was appointed to meet the Great Northern engineer and agree with him on the grade, the clerk to notify that official.

The clerk was ordered to notify the manager of the light and water company that hydrants were out of order, and that if a fire should occur while they were in that state, and losses take place on that account, the council would recommend a suit for damages.

The council fixed the tax rate for 1905 as follows: General, 15 mills; school, 2 mills; special, 5 mills; total, 22 mills. Municipal Rate Bylaw No. 54, to confirm this rate, was introduced and read the first time.

License Commissioners Meet.

The meeting of the city License commissioners was held last Wednesday, but adjourned till the 5th of August, as some of the applications and transfers had not been advertised the required length of time. Holders of old retail liquor licenses for hotels will merely pay over the sum of $150 to the cityclerk today the fee for the ensuing six months. All trades licenses are also due today to the city clerk.

All Over the Boundary

The city of Greenwood has a force of forty men at work on the new water works system.

Grand Forks aldermen are still wrestling with the liquor license problem, it being the intention to cut out the saloon licenses altogether, if possible.

Owing to the non-arrival of the new vehicles ordered, J. F. Royer did not start his branch stage line, to run from Curlew to Midway, this week, as expected.

The haul of the thieves who robbed the Kettle Valley Lines safe at Grand Forks recently, turns out to amount to $600, besides a lot of valuable papers. No clue to the robbers is reported.

Jamer H. Kennedy, chief engineer of the V., V. & E., who recently recently returned from Ottawa, was in the city early this week, on his way to the Similkameen, He has rented a house at Midway and moved his family to that point, which will be his headquarters for a year or two, probably, during construction westward.

Residents of Midway are feeling pretty good over the assurance that railway construction of the V., V. & E. is to commence there shortly. In addition to this, there are not a few who think that the Midway & Vernon railway will also be built, and that the C. P. R. will start work suddenly west from Midway one of these fine days.

The construction gang of the B. C. Telephone Co., which is rebuilding the line from Cascade to Greenwood, will arrive at Grand Forks tonight and be in Phoenix by the end of this month. There are about 20 men in the force, under District Manager Hodge and Foreman Irwin. About 14 miles of new line have so far been constructed.

A special meeting of the license commissioners for the Boundary Creek license district has been called for Monday, July 24th, to pass upon applications for new licenses by L. A. Manly for the Hotel Swanson at Midway, and by Martin Dufour for the Stockholm hotel at Meyers Creek. The meeting will be held at the government office at Grand Forks.

A rather bad fire occured at Grand Forks last Saturday night, occasioning a loss of about $12,000. It broke out in the second story of P. Burns & Co.'s building, corner of Bridge and First streets, and after a hard fight was extinguished by the local brigade. W. K. C. Manly, hardware merchant, lost from $8,000 to $10,000, covered by insurance. R. Moorehead's grocery store and W. C. Chalmers' fruit store also suffered some loss.

This week the work of laying the pipe line from Loon lake to Eholt was finished by the C.P.R., and connection made with the 50,000 gallon tank at that place. The pipe is four inches in diameter, and the C. P. R. will no longer be troubled by a shortage of water for locomotives, as in the past. The pipe line is about a mile and a half long. Last winter the C.P.R. was forced to haul water on tank cars from Greenwood, Midway and Phoenix, on account of the water shortage at Eholt.

A set of Chalmers' encyclopedia has been donated for raffling for the benefit of the hospital, the raffle to take place at the hospital benefit which will be given next Wednesday at Miners' Union hall. Tickets are 25 cents each, and the set can be seen at the bowling alleys.

BOUNDARY ORE TONNAGE.

The following table gives the ore shipments of Boundary mines for 1900, for 1901 to 1902 for 1903 for 1904, and 1905, as reported to the Phoenix Pioneer—

MINE.	CAMP.	1900	1901	1902	1903	1904	19 5	Past Week

Tom Lawson, of Frenzied Finance fame, has taken to the lecture platform out in "bleeding Kansas." The "System" might as well give up now.

Members of both houses of parliament have signed a round robin, to increase the sessional indemnity from $1150 to $1250. Probably they need the money.

The Nelson Tribune asserts that with subscriptions of $1,280 for the Dominion day celebration in that town, over $10,000 was brought in and spent by the visitors. This might be termed a good investment, and can be repeated in any other live place.

Few places in British Columbia today have a brighter outlook than Phoenix—the place where the mines are. With 400 men working in the mines of the camp now, the number should be increased from 50 to 75 per cent within 30 days.

The Japs have taken the island of Saghalien and are confidently expected to wallop the Russians unmercifully in the coming conflict in Manchuria, between Linevitch and Oyama. All of which means that the Japs will get pretty nearly all they ask for at the Washington peace conference in August.

The Hedley Gazette says that town is about to receive its third mail per week—which is an illustration of what can be accomplished by going right after it. Now, then, it is time Phoenix began to receive mail over the Great Northern, thus saving a day's time from Vancouver, Victoria and intermediate points.

The representatives of thirty or forty American daily newspapers were in Nelson and Rossland this week, on a trip through the Dominion, and their pens are now busy telling of the surprises that were in store for them in Canada. They made one of the mistakes of their lives, however, by not including the Boundary in their itinerary.

James Dunsmuir is talked of as a possible successor to the lieutenant-governor of British Columbia, whose time expired July 1st. But it is hardly likely that James, the brother of John, will secure the plum for at least two reasons. First, he is understood a staunch Conservative, and the Grits are hardly likely to make such an appointment; secondly, it is unusual for millionaire coal barons to be elevated to such positions. It would not be surprising if Sir Henri Joly succeeded himself.

THE OBSERVATORY

THINGS TALKED OF AT HOME AND ELSEWHERE

Some one has figured out that the Spokane Spokesman-Review took in about $40,000 on its recent Portland fair popularity contest. This was certainly good business for the enterprising Spokane daily, but those who buttled for their favorite nominees collectively paid the piper pretty well. To send each of the young ladies who left British Columbia this week for the fair cost her friends from $500 to $750—enough to have given half a dozen the same privilege. But then there was the honor of being a popular successful candidate.

In this connection it is interesting to note that the scheme was proposed and carried through by the business manager of the Spokesman-Review, John F. Young, a brother of D. R. Young, well known as "Windy" Young when he was a publisher in Slocan, Rossland and Nelson a few years ago, and now in the land business at Vernon.

Just note the sincerity and truthfulness in the following prose rhyme from an exchange:

Breathes there a man with soul so dead who never to himself has said, "I'll pay before I go to bed, the debt I owe the printer." There are some, we know full well, who never such a tale can tell; but they we fear will go to—the place where there's no winter.

You can tell a successful farmer by looking at his wife's fruit on the cellar shelves. You can tell a slouchy woman by looking at her hair. You can tell a dry-goods-box statesman by the patches on the seat of his trousers. You can tell the poisonous serpent by the bluntness of his tail. But the easiest of all, you can tell the successful, enterprising merchant by a glance at the local newspaper.

Evidence accumulates of the wisdom of the establishment of a sub-port of entry in Phoenix. For instance, in the following table, giving receipts of Boundary custom houses last month, taken from the Grand Forks Sun, it will be noticed that Phoenix collected more cash than any of the other offices:

R. R. Gilpin, customs officer at this port, makes the following detailed report of the customs receipts at the sub-customs offices, as reported to the chief office in this city for the month of June:

Grand Forks	$1,921.43
Greenwood	1,101.79
Phoenix	1,985.93
Cascade	58.00
Midway	148.65
Sidley	279.40
Keremeos	16.89
Oro	14.12
Carson	75.21
Fairview	3.70
Total	$5,605.10

Popular and Picturesque.

The only thing necessary to make the Denver and Rio Grande the most popular, as it has ever been known the most pleasant and most picturesque way to cross the continent, has come about. This is the establishment of through sleeping car service.

In connection with the O.R. & N. a through Pullman Standard Sleeper is now run from Portland to Denver, leaving Portland at 8.15 p.m., arriving at Salt Lake at 8.40 a.m. the second morning, leaving Salt Lake at 3.50 p.m. and arriving at Denver 4.20 p.m. the following day. This schedule gives passengers seven hours stop over in Salt Lake, affording an opportunity to visit the Mormon capital as well as a daylight ride through the grandest scenery in the world.

For reservations in this car and for illustrated booklets picturing the scenery contiguous to the Denver & Rio Grande, proving it to be the "Scenic line of the World," write to W. C. McBride, General Agent, 124 Third street, Portland.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all Druggists

B. C. MINING

Rossland ore shipments last week were 7,630 tons, ore 175,528 tons for the year.

For the month ending June 30th the output at the St. Eugene mine was 2750 tons of concentrates.

The Hall Mining & Smelting Co. has leased the Hunter V. group, owned by the B.C. Standard Co., in the Ymir district.

The LeRoi experimental concentrating plant last week sent its first shipment on the concentrates to the smelter. It is to be kept in steady operation from now on and the management states that it is operating in a satisfactory manner.

An estimate made by G.O. Buchanan, commissioner of the lead bounty, places the amount paid for the year at about $325,000. The amount treated locally will be about 16,000 tons, at $15 a ton bounty, earning $240,000. The amount exported for treatment is 11,000 tons, which is bonused to the extent of a ton.

Minerals at Spokane Fair.

The Mineral Department has a prominent location in the new 1605 Spokane Interstate Fair premium list. Diplomas are offered for all displays meriting them, and a handsome silver cup will be given to the camp sending in the best general exhibit. Further particulars in regard to this department may be had from the secretary at Spokane.

Fruit growers will have a chance to win some large prizes at the Spokane Interstate Fair this fall. The new premium list shows a number of new classes in the fruit department. The class for district and individual displays has been revised, and $800 is now given in this one class alone. The complete premium list will be mailed to any one desiring it, on application to the secretary at Spokane.

LARGE ORDER FOR COPPER WIRE

Twenty-Five Cars For New Boundary Power Line.

The West Kootenay Power & Light Co. has placed an order for 25 carloads of copper wire cable, which will weigh 728,000 pounds and cost $131,000.

The cable is to be used to carry electric power from Bonnington Falls to Phoenix, Grand Forks, Greenwood and other points in the Boundary country. It is about half an inch in diameter and contains six wires wound around a jute centre. This wire will be stretched on a double pole line containing 6000 poles, and the construction of the line is making good progress. The poles are being delivered rapidly along the right of way from Rossland.

There are about seven camps on the Rossland end with an average of 185 men employed on the construction of the pole line, and 70 more at Bonnington engaged in building the plant. The force is being increased continually.

Old Friends.

The editor stood in spacious hall,
In a swallowtail coat, starched shirt and all.
The crowd filed past him, in close array,
And every man had a word to say.
"Hello, old man!" said the first to pass
"Don't you know your old friend Veritas?"
"Shake hands with Justicia." "Glad to know——"
"Put 'er there! I'm Pro Bono Publico.'
"I'm Constant Reader. Oh, by the bye——"
"You remember me—I'm Vox Populi."
"Hurry up, there! Don't stand in the way,
Your flipper, old chap! I'm your friend Fair Play."
Then Old Subscriber and One Who Knows
And Pax Vobiscum trod on his toes.
Inquirer and Vindex wrung his hand,
And buzzed in his ear to beat the band
Then came Well Wisher, One Who Was There,
Amicus, Candor, Truthful, Beware,
Fides Achates, A Grateful Guest,
Nil Desperandum and all the rest.
Then many voters came trooping along
And gathered about him a hundred strong.
They seized him. In tones of thunder they spoke.
And then the editor shrieked — and awoke!

An Atlas for $1.00.

The Great Northern Railway has issued an Atlas of 56 pages containing up-to-date maps of Iowa, Wisconsin, Minnesota, North and South Dakota, Montana, Idaho, Washington, British Columbia, Oregon, Kansas, Missouri, Nebraska, Wyoming, Colorado, Alaska, Hawaii, Japan, Philippine Islands, China, the United States and of the World.

In addition to this the Atlas contains valuable statistical information relative to the states named above, is printed on the very best quality of paper, shows the lines of the Great Northern Railway, and is in every way a commendable work.

This Atlas will be distributed at the actual cost of production and will be sent to any address upon receipt of $1.00. Address, F. I. Whitney, Passenger Traffic Manager, Great Northern Railway, St. Paul, Minn.

The Illinois Central

Maintains unexcelled service from the west to the east and south, making close connections with trains of all transcontinental lines. Passengers are given their choice of routes to Chicago, Louisville, Memphis and New Orleans, and through these points to the far east.

Prospective travellers desiring information as to the lowest rates and best routes are invited to correspond with the following representatives: B. H. Trumbull, Commercial Agent, 142 Third St., Portland Ore.; J. C. Lindsley, Trav. Passenger Agent, 142 Third St., Portland, Ore.; Paul B. Thompson, Passenger Agent, Coleman Building, Seattle, Wash.

C P.R. Rates to Portland Fair.

The C.P.R. have placed on sale at Nelson, Rossland, and all stations on Boundary section return tickets to Portland at $23.75, good for 30 days. Corresponding rates are made from all Kootenay points. Tickets are good via either Columbia river or Slocan routes. Also good via Vancouver and the superb new steamship, Princess Victoria, to Seattle. For berth reservations and further particulars apply to local agent or write to J. S. Carter, D. P.A., Nelson.

Canadian Pacific Railway Summer Excursion Rates East.

The Canadian Pacific Railway announce low return rates to eastern points account following conventions: Imperial Council Mystic Shrine, Niagara Falls, N.Y., $76.25; International Sunday School Convention, Toronto, $76.65; International Turnerfest, Indianopolis, Ind., $67.65; National Educational Association, Asbury Park, N.J., $85.35; Christian Endeavor Convention, Baltimore, Maryland, $81.25; American Institute of Instruction, Portland, Me., $92.70; Annual Meeting B.P.O.E., Buffalo, N.Y., $76.25. All tickets good for 60 days. For dates of sale, particulars of routes, and berth reservations, apply to local agents, or write, J. S. Carter, D.P.A., Nelson B.C.

Distinct Innovation.

A distinct innovation will be inaugurated this season by the Northern Steamship Company, which operates the magnificent steamships the "Northwest" and "Northland" on the Great Lakes and which sail between Duluth, Chicago and Buffalo.

Heretofore the service on these boats has entirely been European plan but this year it has been arranged to place in effect an American plan service on both the "Northwest" and "Northland." The first sailing of the "Northwest" from Duluth will be June 27th and the "Northland" from Chicago June 24th.

THE PHOENIX PIONEER

And Boundary Mining Journal

Is published in the heart of the greatest and most productive gold-copper camp in the Dominion of Canada.

In five years more than 2,500,000 tons of ore have been mined and smelted here, with a valuation of over $12,500,000. And the industry is only in its infancy.

The greatest mines of the Boundary are at Phoenix—not one or five miles distant, but in front of, behind and beneath the Pioneer office. Consequently, from our vantage point we believe the Pioneer can give you the best, latest and most reliable news of the mines and smelters of the Boundary.

The Pioneer is worth $10 per year—but it costs only $2, if the coin comes with the order. Make all orders payable to the

Pioneer Publishing Co.,

Royal Household Flour Yields Most Nutriment.

Only when flour is absolutely pure do you get highest nutriment and least waste.

Purity in flour is secured only by the highest development of the science of milling, and the makers of Royal Household Flour have developed milling to the highest point of perfection in this country.

The Royal Household Electrical Purifying and Sterilizing Process is the most thorough in the world—it is controlled exclusively in Canada by the Royal Household Mills—and that is why Royal Household quality cannot be duplicated in Canada.

That's why Royal Household Flour is the richest in nutriment, greatest in purity—That's why it is the flour every family should use—the kind that gives the sweetest, best flavored bread and most toothsome pastry.

If you want that kind of flour see that you get Royal Household, then **send for the recipes** so that you may use it in the Royal Household way.

Do You Want A Copy?

There are a few copies left of the Midwinter-Number of the Pioneer. They were held for a special order, but were never claimed, and will be disposed of to the first comers.

The issue contains 32 large pages and cover with nearly 100 illustrations, thoroughly describing the large mines and smelters of the Boundary.

Just the thing to send to friends far away, telling them of the Boundary and of Phoenix.

The Pioneer spent a thousand dollars in publishing this number, but you can get them, while they last, at 25 cents each.

THE CRESCENT LOOMS UP

Five Cars of Ore On The Dump.

Skylark Camp Mine Coming to the Front.

Well up in the list of promising high grade mines of the Boundary may be placed the Crescent in Skylark camp—and its history is no less interesting than the mine itself is promising. Located eight or ten years ago, the Crescent, which is situated about two miles below Phoenix, near the Great Northern Railway track, was not developed to any extent up to the time that H. H. Shallenberger formed the Greenwood Crescent Mining Co. among Spokane men. This was about 1899, and with Charles Sweeney, the Spokane millionaire mining operator, as one of the moving spirits, it was thought that there would be little trouble in raising funds for developing the property into a paying mine—for the ore was shown to be there in goodly quantity and quality, running in values from $100 to nearly $1,000 per ton.

After spending some money on the property, for some reason or other the Spokane men became tired, and took little interest. Then the property stood idle for several years, except for the occasional work done by Mr. Shallenberger, who has never ceased to have faith in the Crescent. About two months ago Mr. Shallenberger secured an option on all the outstanding shares of the company, and disposed of an undivided half interest in the Crescent to Col. C. L. Dickason, of Chicago, a gentleman who is independently wealthy, and who came into the Boundary at that time to see some of the good things for himself.

Under the arrangements made Col. Dickason provides the necessary funds for development, and so far the results have been most encouraging both to him and to Mr Shallenberger. When the Pioneer man visited the mine a few days ago, he found that Mr. Shallenberger, who is the manager, had about 30 men altogether on the payroll, and the vicinity of the mine had the appearance of a miniature tented city. It has good water and plenty of timber and commodious bunk houses will soon be erected.

The main shaft of the property had been sunk a distance of 55 feet, was well timbered, and was still being sunk with three shifts. Crosscutting had also been done and the amount of ore shown up for this small amount of work was remarkable. The vein averages a foot in width and is well defined. In the course of development alone about five cars of ore have been taken out and are expected to yield upwards from $100 per ton, largely silver. The old workings also have good ore in them, and work is being done on a large iron dyke that is expected to run well with depth.

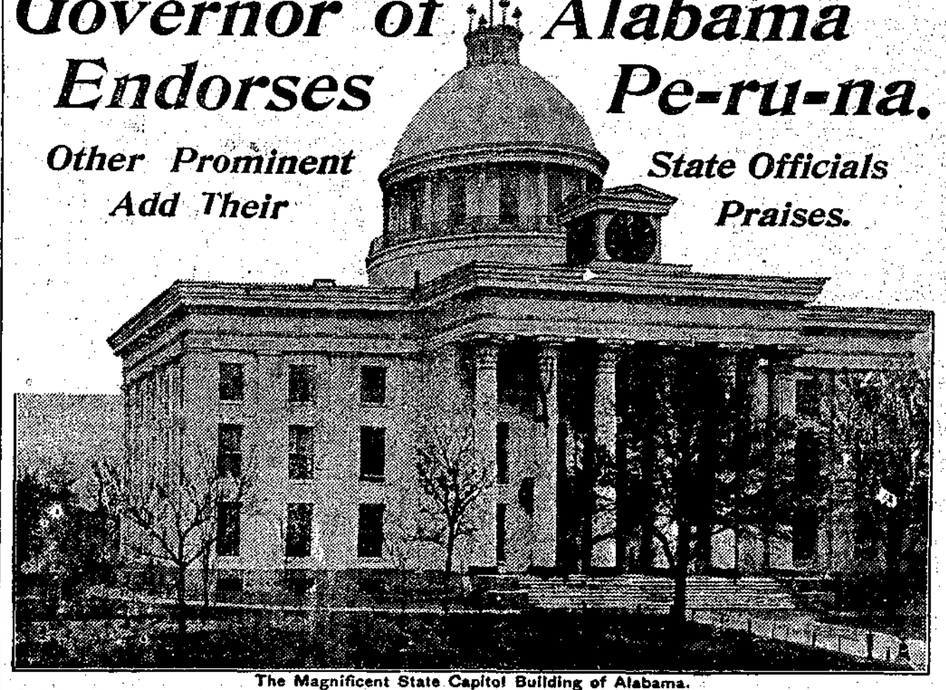
A force of men was at work on the branch wagon road, connecting with the Phoenix-Greenwood wagon road, the new road being about completed, and having a length of 6,000 feet. A road will also be built to the Great Northern tracks, about a quarter of a mile distant. These roads will give the mine good shipping facilities. The several cars of ore now in the ore house will be sent to the smelter shortly, and there seems no doubt whatever that this output will give encouraging values, for as one man put it "the ore looks almost good enough to eat." Col. Dickason is expected in the Boundary again next week.

Mr. Shallenberger is also working a small force on the Don Pedro, adjoining, which is owned by the Chicago British Columbia Mining Co., and from the results being obtained there, it is surprising that the company does not prosecute work more vigorously. To the layman, at least, there is every appearance of there being something remarkably good in this part of Skylark camp, and no one will begrudge Mr. Shallenberger what he seems destined to realize from his extensive holdings, as a reward for staying with the camp for so many years, when most of those who should have done the same, had lost interest.

The Granby Co., recently sent the Laborers' Cooperative Gold, Silver and Copper Mining Company, Limited Liability, Non-Personal Liability, of Golden, a check for $770.44, being the returns from a small shipment of matte received from the company's smelter at Golden. The officers of the company with the lengthy name were so tickled to get so much money all at once from their own mines and smelter, that they had a photo-engraving made of the check and printed on the first page of the Golden Star.

Governor of Alabama Endorses Pe-ru-na.

Other Prominent State Officials Add Their Praises.



The Magnificent State Capitol Building of Alabama.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy.

Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment.

The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Governor of Alabama Commends Pe-ru-na.

In a letter dated July 26, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston, says:

"I join Congressman Brewer in commending Peruna."—Joseph J. Johnston.

Redeemer of Public Moneys.

Hon. John C. Leftwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Leftwich.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port.

Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile.

Hon. P. D. Barker, Postmaster of Mobile, in a recent letter from Mobile, Ala., says:

"Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District.

Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama, writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it.

"I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District.

Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama, writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

MR. PEET HAD SPECIAL ENGINE

And Attended Providence Directors' Meeting.

It would seem that the directors of the Providence mine, near Greenwood, believe in having all kinds of fun while they are attempting to straighten out their legal troubles, in the struggle for the control of this rich property.

Next Monday the cases will come up for hearing in court at Nelson, and it is hoped that matters will be definitely settled at that time. Last week the Chicago directors arrived in Greenwood in force and quickly called a meeting of the board, expecting that John H. Peet, of Spokane, would be unable to arrive there in time, and that they would practically have matters all their own way. But man proposes and some one else disposes. The meeting was to be held Thursday evening at five o'clock, and according to railway schedules Mr. Peet could not arrive till about six thirty via the Great Northern to Phoenix.

However, the Greenwood men hired a locomotive from the C.P.R. at Grand Forks, that line agreeing to meet the Great Northern train there on its arrival from Spokane and deliver Mr. Peet safe and sound in Greenwood at ten minutes to five. Although handicapped by the Great Northern being twenty minutes late, the C.P.R. engine dropped Mr. Peet in Greenwood, after enjoying the fastest railway ride of his life, at nine minutes to five, and he walked into that directors' meeting, taking some of those present completely by surprise.

It may be imagined that that C.P.R. engineer did not let any grass grow under his feet. Although he had to climb a two per cent grade for 16 miles of the 26, he made the distance in just 39 minutes, establishing a new record for Boundary trains. The engine was merely a cloud of dust when it flew by Eholt, the line having been cleared of all traffic for the time being.

While the directors' meeting was in progress, telegrams were received from Vancouver, stating that the injunction cases to be heard that day in Vancouver had been postponed till the 17th at Nelson, when the several cases in this connection will come up for hearing.

Meanwhile, the mine is working steadily under Supt. Dermody, and some of the richest ore in its history is being sent to the Trail smelter, it being estimated that the two cars sent out last week will alone bring in from $10,000 to $15,000.

COPPER

The new edition of the COPPER HANDBOOK lists and describes 3,311 copper mines and copper mining companies, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most condensed and get-at-able form.

There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of Copper and everything pertaining to the metal.

It is the World's Standard Reference Book on Copper

Every Miner, Prospector, Investor, Banker, and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, fully prepaid, on approval, to any address in the world, to be paid for if found satisfactory, or may returned within a week of receipt and the charge cancelled. Address the Author and Publisher,

HORACE J. STEVENS, 36 Post Office Block, Houghton, Mich., U. S. A.

In and Around Phoenix

BRIEF TOPICS OF LOCAL AND GENERAL INTEREST TO PHOENICIANS.

The old reliable, Boyle, the druggist.

Dey, the Jeweler, guarantees all repairs.

Quality first, price next; Boyle, the druggist.

Dey, the Jeweler for Enamelled Souvenirs.

J. L. Martin will buy International Coal shares.

Prescriptions our specialty, Boyle, the druggist.

Dr. Simmons, dentist, Balmoral hotel August 9 to 12.

For prescriptions put up as the doctor orders, take them to the Thomas Drug Co.

Just received, Enamelled Souvenir Brooches, Hat Pins, Sash Pins, and others. G. E. Dey, the jeweler.

Wedding invitations and announcements promptly executed in the latest styles in the Pioneer Job Department.

This week Hunter-Kendrick Co. received a car load of some of the finest spuds ever brought into the Boundary.

Water in Marshall lake, the chief domestic supply for the town, is three feet higher than it was at this time last year.

Business conditions are somewhat quiet all through the Boundary, but a decided improvement is looked for very shortly.

Phoenix Socialist League meets Tuesdays, 7.30 p.m., Miners' Hall. Readings from Socialist authors given. Discussion invited.

Don't overlook the fact that the Phoenix Pioneer makes a specialty of fine job work—the kind that you, mayhap, have been looking for.

Did you get a copy of the Midwinter Number of the Pioneer for that friend in the east? If not we have a few left that can be had at two bits each, ready wrapped for mailing.

If you wish your friends in the east to know what is going on in the Boundary, just send them the Pioneer for a year, and you will completely cover the ground.

James Doran secured a verdict of $98.50 damages against the Granby Co., before Judge Forin at Greenwood last Wednesday, for injuries received at the mines.

The topics in St. Andrew's Presbyterian church tomorrow will be, in the morning: "Does it Work Well?" and in the evening: "The Letter of Good Cheer." Services at 11 a.m. and 7.30 p.m.

H. Fife who was injured last December in the Granby mines, was given damages of $10 per week in court this week at Greenwood, under the Employers Liability Act. He is still unable to work.

The favorite haunts for Phoenix fishermen are the North Fork, Christina lake and the West Fork of Kettle river. Some good catches are reported this season, parties going out almost every Saturday or Sunday.

Mrs. Loster, whose husband was killed in the Granby mines a couple of weeks ago, was taken to the hospital this week, and her four little children are being looked after by kind friends. A subscription for her benefit was taken up this week among the miners and a about $400 realized.

A wedding which proved somewhat of a surprise to the community took place last Monday evening at the Methodist church when Mrs. Huldah Smith became Mrs. Thos. Moore, Rev. C. Wellesley Whittaker, paster of the church, officiating. At the conclusion of the ceremony, a supper was served at the residence of Mrs. Silas Smith to the radiantly happy bride and groom.

To accommodate the present heavy travel from the Kootenays to Vancouver, Victoria, Seattle, Portland, etc., the C.P.R. have established sleeping car service on the Imperial Limited between Arrowhead and Vancouver, leaving Arrowhead on Wednesdays, Fridays and Sundays, and leaving Vancouver on Tuesdays, Thursdays and Saturdays. For birth reservations apply to local agents.

Prof. Buell gave his entertainment Tuesday evening at Miners' Union hall to a good audience, it being under the auspices of the Ladies' Aid of the Church of Our Lady of Good Counsel. The professor has traveled from one end of the Dominion to the other, and is commissioned by the C. P. R. as one of the official photographers. As a result he had a choice collection, the display of which was much appreciated.

Boyle is the druggist.

Souvenir Jewelry at Dey's.

Old newspapers for sale at the Pioneer office.

The city treasury was enriched this week by $210 from the police department.

The best is the cheapest—especially in drugs of all kinds. See the Thomas Drug Co.

Patrick H. Cosgrove was taken to the hospital this week suffering from blood poisoning.

The Pioneer is now printing more copies of this paper weekly than ever before in its history.

The Canadian Bank of Commerce has opened a branch at Princeton in the Similkameen.

Prescriptions quickly and carefully compounded from freshest drugs by Thomas Drug Co.

Monday was payday for June at the Granby mines, when between $30,000 and $40,000 was distributed in wages.

Campbell's comedians, who were billed to appear at Miners' Union hall last Wednesday, did not put in an appearance.

A grand ball will be given at Miners' Union hall Wednesday, July 26, the music to be furnished by Reynolds and James.

The new bowling alley continues to be attractive to a large number. Louis DeVoin now holds the record for the largest score made here, being 233.

The light and water company has about finished laying the new extension of the main on Old Ironsides avenue, it now reaching as far as the C. P. R. station.

Alterations are being made to the annex to the old Wynkopp-Stevens Trading Co. building on Old Ironsides avenue, with a view to making it habitable.

McIntyre & McDonald this week sent out another team, heavily loaded, to the Dividend group of claims on Kruger mountain, which are being developed by the Granby interests.

The new flag, ordered for the public school, has arrived, and a flag pole will be erected at the school house for it. The flag is six by twelve feet in size, and was manufactured at Southampton England, being paid for, through the efforts of Principal Thornber, by public subscription.

COMING AND GOING

David Whiteside, of Grand Forks, was in the city last Wednesday.

Edward McGrade left this week for a visit to his old home at Markdale, Ont.

Mrs. R. B. Boucher went down to Vancouver Wednesday to visit with her mother.

Wm. Yolen Williams came in Thursday from Osoyoos to spend two or three days in camp.

G. A. Evans, editor and proprietor of the Grand Forks Sun, was a visitor in the city yesterday.

J. G. McKeown, who has been absent several weeks on a trip to the east, returned last Sunday.

Mrs. A. W. Haley returned Sunday from a several weeks' visit to St. Anne de Beaupre, Quebec.

Leonard Vaughan, the successful Kettle valley rancher, was calling on friends here last Wednesday.

J.C. Haas, M.E. returned Thursday from a trip to Spokane, having visited Huckelberry mountain, near Cascade, while away.

Thomas Finnigan, with P. Burns & Co. here for several years, expects to be transferred to another point in the near future.

Supt. J. E. McAllister, of the B. C. Copper smelter, visited some iron properties near Boyd, on the Spokane & Northern, this week.

Alderman Jas. Marshall left Thursday over the C. P. R. to take in the Portland fair, expecting to be absent about a week or ten days.

The Greenwood lacrosse team will go over to Rossland tomorrow and play there Monday and at Nelson Tuesday. C. L. Thornber, of Phoenix, will be one of the party.

W. S. Macy will start for Nelson today, to be present at the trial of the Providence mine case there next Monday, when it is expected the several disputes will be threshed out,

Engineer T. W. Smith, who operates the Great Northern passenger on the Marcus-Phoenix run, returned Monday from a ten days' vacation spent with his family in Spokane.

D. G. Stafford, for some years a machinist in the Granby shops here, has accepted a position with the Boundary Iron Works at Grand Forks, and moved there with his family last Tuesday.

W. C. Stone, who has a contract for furnishing a couple of thousand poles for the high tension pole line into the Boundary from Bonnington, was in the city Wednesday. His men are now getting out the sticks in the woods.

Hospital Benefit Dance.

On Wednesday evening, July 19th, at Miners' Union hall, there will be given an entertainment and dance for the benefit of the Phoenix General Hospital The programme is as follows:

1. Musicial Selection—Reynolds and James.
2. Comic Duet—Messrs. Whiteside and McCurragh.
3. The Sweet Family (a farce)—By prominent ladies of Phoenix.

Dancing and refreshments. "The Sweet Family" is repeated by special request of the people of Phoenix, who so thoroughly enjoyed its first performance. Entertainment begins at 8:30 sharp. Tickets 50 cents.

Taken up For Trespass.

One sorrel horse, white face, 3 white feet, branded 15 on left shoulder. Will be sold 30 days from date if not taken away and expenses paid.

A. D. McLENNAN
Rock Creek, B. C., July 4 1905.
