COMING AND GOING

William M. Law, a merchant of Midway, was here Thursday.

A. C. Sutton, solicitor of Grand Forks, was here last Monday.

D. J. Darraugh, provincial constable at Midway, was in the city a few days ago.

James McGregor, provincial mining inspector, was here early in the week on a periodical visit.

Julius Mueller, formerly owner of the Phoenix brewery is building a brewery at Regina, Sask.

Dr. and Mrs. R. B. Boucher have been spending the week at Halcyon Hot Springs on Arrow lakes.

W. C. Martin, of Rossland, owner of the Martin block on Dominion avenue, was in the city Monday.

J. H. Fox, of Nelson, travelling freight agent for the C.P.R., made his periodical visit here this week.

J. S. Clute, of New Westminster, the veteran customs inspector, was checking up the local office on Monday and Tuesday.

P. H. Burnham, of Grand Forks, general agent for this section of the province for the Great Northern, was here Thursday.

W. C. Thomas, superintendent of the Dominion Copper Co.'s Boundary Falls smelter, was a visitor here Monday and Tuesday.

Manager A. Willey, of the Cascade Water, Power & Light Co., Ltd., at Cascade, visited Phoenix on official business this week.

W. T. Jackson, field man for the Vancouver Province, picked up a number of subscribers for that enterprising daily here this week.

Horace T. Pemberton, formerly manager of the Montreal & Boston Consolidated in the Boundary, is now said to be operating in Cobalt mines.

Mayor George R. Naden, of Greenwood, was here Tuesday. He will shortly take a trip into new British Columbia, in the Bulkley valley district.

George H. Collins, who recently put through the Big Copper deal with W. T. Smith, and who is operating the Washington and Idaho in the West Fork district, was here Thursday.

Manager Thomas R. Drummond, of the Dominion Copper Co., this week made a trip up the North Fork of Kettle river to Franklin camp, to look at some promising mining properties.

R. V. Chisholm, proprietor of the Hotel Alexander, is away on a six weeks' trip, to visit his old home at Alexandria, Glengary county, Ontario. He will also take in Montreal, Toronto, etc.

Charles J. Elliott, who has been connected with the Pioneer for the past year, left yesterday for Chicago, where he will take a course in the Inland Printer machine typesetting school.

Hon. R. F. Green, chief commissioner of lands and works, was visiting in the Boundary last week, attending the celebration at Midway. He was accompanied by Harry Wright, M. L. A., of Ymir.

T. H. Rea, of Grand Forks, manager of the Betts and Hesperus mines, was in the city Monday. In a few days he will start for Chicago, and visit Cobalt again before returning to the Boundary.

Richard C. Morgan, superintendent of the Spokane Falls and Northern, was here this week. He expects to see the rails going down on the extension west of Midway by or a little after the middle of June.

R. A. Elkins, a brother of G. L. Elkins, after spending a week visiting in Phoenix, left Thursday for Lebanon, Oregon, and will then go to assume a position in the military department of the Panama canal work.

Henry S. Turner and wife arrived from San Francisco on Wednesday, where he was in business at the time of the great earthquake and fire. Mr Turner has accepted a position on the staff of the Pioneer and is glad to get away from the land of the tremblers.

Roland Machin, of Victoria, the genial and much traveled general Canadian agent for Bennett's fuse and Cammell's steel, two high grade English products, was here this week on his annual tour of the province. Since his visit of a year ago, Mr. Machin has made a long trip through the mining districts of old Mexico, placing his well known goods.

Rossland Should Come.

Phoenix is to have a celebration on the 2d and 3d of July, and a purse of $500 has been put up for a hose team and $200 for the winner of the base ball tournament, says the Rossland Miner. Rossland should be able to send teams for both these events, and to bring home one, and perhaps two, of the prizes. Rossland in the old days used to send hose teams that brought home the money, and as for the baseball team, it has not yet been defeated this season.

GETS BANK OF ENGLAND

Granby Now Has 29 Claims In This Camp.

Pays About $12,000 for New Property.

This week the Granby Consolidated closed negotiations with the owners by which the big mining company of the Boundary will secure title to another promising mineral claim in this camp, known as the Bank of England. The purchase price of the Bank of England is not made public, but is understood to be in the neighborhood of $12,000, the deal being on a cash basis, the money now being in the bank awaiting the bill of sale or deed.

The Bank of England was owned by J. J. Caulfield, Walter Foster, E.T. Wickwire, A.W. Wilson, Robert Wood and Christopher Wood, nearly all of Greenwood, and W. M. Law, of Midway, and W. S. Macy, of Phoenix. It is not a full sized claim, being 29.57 acres in extent. It has always been regarded as a good property, however, having excellent surface showings, and having had some little development done on it. The claim adjoins the Monarch claim of the Granby group, the Monarch being one of the additional claims acquired by the Granby Consolidated last fall, costing with four other claims in that group $180,000. Development work has been steadily prosecuted on the Monarch for months in an open quarry and by shaft and drifting, and an immense body of ore common to this camp has been opened up there, from which a large tonnage can be had to augment the present large Granby output, whenever it may be desired or needed.

The Bank of England also adjoins the Tamarack, owned by the Granby Co., and the Rawhide, which latter is being actively developed by the Dominion Copper Co. By the acquirement of the Bank of England the Granby Consolidated is able to get at the Monarch in good shape by tunnels from a considerable depth.

The area of the several Granby claims is as follows:

OLD CLAIMS.	Acres.	
Knob Hill	19.09	
Old Ironsides	20.18	
Victoria	46.60	
Myrtle fraction	.07	
Phoenix	29.94

Total Acreage		722.36

Celebration Committee Meeting.

Tuesday evening a meeting of the Dominion day celebration committee was held at the city hall, and it was decided to meet the request of the band to appropriate the sum of $150 for music for the two days of the celebration. Secretary McEacheran stated that about $125 would be required for printing and advertising, and the several committees reported the requirements of each branch of sports for prizes. The meeting was adjourned till next monday evening, at the same time and place, when decisions will be made, large posters ordered, and all matters put in shape for completing details for the celebration. A full attendance is requested at Monday's meeting.

Train Robbers Not Convicted.

The trial of Miner, Dunn and Colquhoun at Kamloops, for robbing the C. P. R. overland passenger train a few weeks ago, took place this week. Much legal talent was in evidence on both sides, but at 12.45 Thursday morning the jury returned to the court room, reporting that they could not agree, and were discharged. A new trial was begun the same day. For a long time the jury stood seven for conviction and five for acquittal. The case occupied three full days.

Boundary Mining Notes

The Don Pedro, in Skylark camp, is on the shipping list this week.

A steady demand for good miners still prevails nearly all over the Boundary.

The Butcher Boy, up the West Fork, is again making a small shipment.

Development has been resumed at the Bay mine, the boiler having been repaired.

Fred Whitwell has discontinued work on the Maori group in Providence camp, for the time being.

Four men are employed at the Sally up the West Fork, which mine sent out a carload of ore this week.

That open quarry at the Stemwinder mine is productive of much of the blasting music heard in Phoenix camp nowadays.

On the Brooklyn, Stemwinder and Idaho mines in this camp the Dominion Copper Co. now has over 200 men employed.

With the first five months of this year accounted for, Boundary's ore tonnage runs considerably over the half million mark.

It is understood that $100,000 will be spent in development on the B. C. Copper Co.'s Mother Lode mine in the next few months.

It is anticipated that when the new reduction plant is in running order at the Carmi, about eighty per cent. of values will be saved.

James Sutherland has resumed work on the Canadian in Skylark camp, on which something like $5,000 has been spent heretofore. It is expected to join the shipwing list.

Work is still under way in the adjustment of the automatic ore bin feeder, recently received for use in the Granby mines for the Great Northern terminal ore bunkers.

Last week's B. C. Gazette contains notice of the incorporation of the Boundary Mining and Exploration Co., Ltd., with a capital of $200,000, divided into shares of one dollar each.

At the Mountain Rose the Dominion Copper Co. is running a tunnel, from which a raise will connect with the shaft already sunk. Foreman Fraser has charge with six or eight men.

Reports from Franklin camp are that the diamond drill being operated there under contract by the Spokane Diamond Drill Contracting Co., is steadily at work on the McKinley group.

Custom ore is being received at the Granby smelter regularly from the Jumbo mine, Rossland, the First Thought mine, Orient, Wash., and from the Snowstorm mine, Larson, Idaho.

Next week Saturday will be the monthly pay day in this camp, when the total amount distributed should be equal to if not in excess of that for the previous month, when about $65,000 was paid out.

It is given out that the Dominion Copper Co. has taken an option or bond on the Newby group of four claims in Gloucester camp, up the North Fork. Work is to start in a short time, and while the figure of the bond is not named, the time runs for 18 months.

Supt. Thomas of the Dominion Copper Co.'s smelter, is smiling this week, over the arrival of the machinery for the company's new smelter machine shop. It arrived only about four months overdue. The work of erecting will proceed with the least possible delay.

This week's tonnage from the B. C. Copper Co.'s Mother Lode mine, as well as the amount treated at the smelter, is somewhat smaller than usual, owing to the preparations for blowing out the reduction works in two or three days, to permit of extensive enlargements.

For the month of May the tonnage of the Granby Consolidated will again be a trifle smaller than usual, owing to a continuation of the various changes and improvements being inaugurated. In a short time, however, these are expected to be practically completed, and the output will be crowding the 80,000 ton mark, making some 2,200,000 pounds of copper each 30 days.

The report has been current this week, and is said to have some foundation, that an option has been given on the B. C. mine in Summit camp, which is owned by the B. C. Chartered Co., Ltd. This property in the past has shipped about 100,000 tons of some of the best copper ore ever taken out of a Boundary mine, but after taking it out the Montreal capitalists owning the property did not care to spend any money in developing the mine, or in looking for more ore. A spur of the C. P. R. runs to the B.C., which has a full equipment of machinery, etc.

MET DEATH AT SUNSET MINE

A. G. Inglis Killed by an Explosion.

Was Bending Over Hole When It Occurred.

About 9 o'clock Sunday morning Alphonso G. Inglis, at the Dominion Copper Co.'s Sunset mine in Deadwood camp, met instant death from an explosion. It appears that a hole had been loaded in the quarry and fired off. On going back the men discovered that the entire charge of giant powder had not exploded, and another charge was put in and fired. On returning a second time Inglis was bending directly over the hole, when a third explosion occurred, killing him instantly. The second charge evidently did not ignite the original charge left in the hole from the first explosion, till just as the unfortunate man got to the place.

Inglis was a single man of 24 years of age, and had been employed also in several high grade mines around Greenwood, and had two brothers, F. and S. Inglis, here. He was a native of Antigonish, Cape Breton, Nova Scotia. Funeral services were held Wednesday at the Presbyterian church in Greenwood, under the auspices of the Greenwood Knights of Pythias, a large number of members of the Miners' Union also attending, in both of which deceased was a member, and the remains were taken east to his old home that day by the brothers. The young man was universally liked and last summer had his mother here from Nova Scotia to visit him. He was engaged to be married in the fall to a Greenwood young lady.

The coroner's jury, impanelled to inquire into the cause of the fatality, returned a verdict of accidental death.

Celebration Committee Meeting.

Tuesday evening a meeting of the Dominion day celebration committee was held at the city hall, and it was decided to meet the request of the band to approwriate the sum of $150 for music for the two days of the celebration. Secretary McEachern stated that about $1.25 would be required for printing and advertising, and the several committees reported on the reported on the requirements of each branch of sports for prizes. The meeting was adjourned till next Monday evening, at the same time and place, when decisions will be made, large posters ordered, and all matters put in shape for completing details for the celebration. A full attendance is requested at Monday's meeting.

SAILED DOWN KETTLE RIVER

Phoenicians Are Successful Fishermen.

L. Y. Birnie, Ed. R. Birnie and Capt. George Smith returned Wednesday from a several days' fishing trip up the West Fork of Kettle river. They went up to Bull lake, a few miles back in the mountains, and had good luck, bringing back some 75 to 100 lbs. of rainbow trout. The new Acme canvas boat, recently purchased in Ohio, which can be knocked down and set up in a few minutes, was taken along and found to be just the thing and all that was claimed for it. When launched it was christened the Mad Woman, but belied its name. Capt. Smith, as usual, showed his old sea dog qualities.

On the return trip two of the party sailed down the Kettle river some 20 miles to Midway, making about as good time as the third man with the horses. On Sunday A. B. Hood and George McNichol went up to the camp, taking a fast team, and also enjoyed the excellent fishing. On the return a number of friends and acquaintances were able to testify to the quality of the fish. Doubtless other parties will try the fishing in that neighborhood in the near future.

POWER WORK AT BOUNDARY FALLS

To Light Greenwood and Also Midway.

A. M. Whiteside, solicitor, and E. G. Warren, of Greenwood, have recently been to Victoria to arrange for the acquisition and transfer of the charter held by the Greenwood Water Works Company, Limited, owning the water power at Boundary Falls, to the Greenwood Electric Company, Limited. The electric company is proceeding with the installation of a water power plant at Boundary Falls, for the purposes of supplying power for electric lighting and commercial purposes, to the city of Greenwood and the town of Midway. Boundary Falls, on the creek of the same name, is situated about midway between these two prosperous and growing towns.

These falls, when harnessed, will develop 150 horse-power at low water, which extends for a period of about two months. A minimum of 300 horse-power is obtainable for the balance of the year. Owing to the fact that 150 horse-power, the minimum output of the falls, will not supply the growing needs of both places, it is proposed to install a suitable plant, using a reserve steam unit and a storage dam of 1,000,000 cubic feet to carry over the peak of the load. As the load factor of the system will not exceed 50 per cent. of the total contracted load, it is not expected that steam will be needed except in cases of emergency.

Some people say tea is bad for the nerves, passibly some teas are, but

Blue Ribbon

never harmed the most delicate

DON'T BE A KNOCKER.

If you see a chance to help the town or district, don't let it go by, says a level-headed exchange. If the chance doesn't come your way, go out and look for it; it is lying around loose somewhere. "Don't be a knocker." Throw away your little hammer, quit grousing and don't mope around with a long face as if you had a pain in your stomach. Lift up your head, look pleasant and try to speak well of your neighbors, no matter how small you may really know yourself to be. When a stranger drops into town treat him right. Give him the glad hand and tell him this is the best place on earth, just what he has been looking for, and you'll not be lying. Don't discourage him by speaking ill of the district and the people who are living in it, but show him by your conduct and bearing that he has at last struck a white man's country. Don't knock—"It's a dirty bird that befouls its own nest."

Remember that you are not the only pebble. There are others; and they have brains and know something as well as you. There is a whole lot more fun in minding your own, than in attempting to run your neighbor's business, if you only knew it. Besides, it makes others think a great deal more of you.

Don't get mad because your neighbor seems to be doing a little better than yourself. Boost him some more and he may pull you along with him.

Take this little bit of advice and store it in the vacant part of your head; it will save you from making bad friends.

ALL banking business entrusted to our keeping receives the most careful attention.

Jupiter Pluvius has been exceeding kind of late, bnt it is time now for him to call a halt.

The city fathers of Greenwood are to be congratulated on being able to make the tax rate as reasonable as 17 mills, the figure for the current year.

Nearly every one is looking for a fingerboard to an easier street, but ninety-nine times out of a hundred it is the man who gets in and digs that finds it first.

James Dunsmuir was sworn in as lieutenant-governor last Saturday. British Columbia can now boast of having probably the wealthiest chief executive of any province in the Dominion.

The grafters are having a little light thrown on their doings at Ottawa, and, strange to say, they do not relish it a little bit. The very name of North Atlantic Trading Co. makes them shiver now.

Poor old Russia! What troubles upon troubles she has. Water and oil will not mix, even in the land of the frozen steppes, and anarchy and revolution seem close at hand for both prince and peasant.

There is a scarcity of laborers for railway work, and there are none too many men for the work in the mines that is offering in the Boundary. No man need go without work in this section where the best of wages are paid.

Some one is itching to start a daily paper in one of the East Kootenay towns. It will be good for typographical artists, anyway, for, no matter what politician has to put up for this kind of dancing, the ghost must walk regularly in the composing room.

A couple of professional rainmakers are leaving Vancouver for Dawson, where they are to receive ten thousand plunks if they succeed in getting water enough out of the heavens to help mining operations in the icy north. We certainly do not need their services in this section for a time, at least.

President Roosevelt has introduced the man with the muck rake to the world, and that individual seems to be getting on pretty well. Here in the Boundary the actual, not metaphorical, man with the muck stick is a decidedly important character, when it comes to mining and shipping some 4,000 tons of ore each 24 hours.

Some at Grand Forks seem to think, because the Great Northern is likely to build up the North Fork as far as the Pathfinder mine, at least, that the Forks will be made a divisional point. We trust this is so, but from the preparations being made at Oroville, it seems as if that place would get the divisional plum.

There is plenty of room for a few more captains of industry to operate in the Boundary, and if signs do not fail they will be doing business here in the not distant future. These copper zones, even though low grade, have a decided attraction since the Granby Consolidated began scattering dividends all over this continent.

Upenders of the elusive types in the printing palace of the Pioneer are becoming experts in dodging chunks of ore from the Stemwinder mine glory hole, a couple of hundred yards distant. We suppose some newspapers would be glad to have a working mine so handy, but occasionally it becomes a trifle strenuous under such circumstances.

Hon. Mr. Fielding stated last week in the House at Ottawa that the surplus for this year was $12,500,000. And he might have added with considerable truth that this surplus was partly made up by the extra penurious policy of the postoffice department, which is being conducted solely with a view to profit, rather than for the benefit of the people at large.

Socialists claim that shutting the Appeal to Reason from the Canadian mails has advertised the matter so much that it is a great boost for Socialism. Uncle Sam permits transmission of this paper in his mails, but the Ottawa postoffice authorities cannot see it that way. It is a safe bet that many copies of the publication will be read in Canada anyway.

A tenderfoot drummer—did you ever hear of one before?—dropped into the Pioneer office this week, and inquired whether it was safe to walk from here to Greenwood. He was assured that it is as safe to do it as it to wander among the bluenoses and fisheaters of the cent belted east. After a few more trips he will learn that this is Canada and not the United States.

It is understood that the Lord's Day Observance bill will become law, and that smelters will be excepted, but Sunday newspapers are barred, among other things. As we are still credited with being sane and do not anticipate publishing a daily or Sunday paper, it will not affect the Pioneer, but there are half a dozen Sunday papers in this province that will be forced to print a Monday edition instead of on Sunday.

We clip the following from an exchange:

"It is reported that the Snowshoe mine near Phoenix, B. C., has been sold to Sir Thomas Shaughnessy, of Ottawa, president of the Canadian Pacific railway. It is understood that the ore from the Snowshoe will hereafter be controlled by the Canadian Pacific."

Unfortunatly, the report does not state just what Sir Thomas proposes to do with the Snowshoe, whether he will ship the ore to Trail or elsewhere. The report is important if true, but on the face of it, lacks the earmarks of veracity.

Last week by a decision of the supreme court, about 500 individuals, who had staked coal and oil lands in East Kootenay, think that their claims are declared invalid. Claims were staked over and over again on the same ground, and when licenses were issued the holders were informed beforehand that the government did not undertake to settle disputes as to ownership—that was left to the courts. Notwithstanding that, the wildcat staking went on merrily, and now the stakers affect to think they are out and injured.

The Greenwood Times thinks there is little sense in attempting to conduct a thousand-dollar daily paper in a hundred dollar town—and the Times is right. It should know, as it took a fall out of the daily paper business about six years ago, and was glad to quit after six strenuous months of that life Fortunately, Duncan Ross knew when he had enough. There is more sense, more money and more meal tickets in publishing a first-class weekly in a small town than in getting out a one-legged, dinkey daily sheet, that is foreordained to be a failure. But as long as the world lasts, there will be men who think they are divinely equipped to run daily papers in towns that do well to support weeklies decently.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Burroughs, an old and well known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency. For sale by all druggists.

WHAT EDITORS SAY

PROLONGING LIFE.—He who boosts today will live to boost another day.—Greenwood Ledge.

RIGHT IN STYLE.—We recently entertained stylish company over night. He wore a night shirt.—North Vancouver Express.

HARD ON C.P.R.—If Jim Hill can own the railroads of Canada, he cares not who owns the provincial bodies.—Chicago News.

SURE THING.—As soon as a man gets the notion that his employer can't get along without him, he is getting ready to lose his job.—North Vancouver Express.

TORONTO, THE WICKED.—Rev. L. E. Skey, rector of St. Anne's church, Toronto, last Sunday said that "bridge whist is the most abominable gambling game in the country" The Star is glad to say that this fierce gambling game is not indulged in in Golden. We only indulge in the innocent games of shooting craps, stud and a little draw.—Golden Star.

C. P. R. Summer Excursions East.

The Canadian Pacific Railway have placed on sale at all Kootenay points a series of low rate excursion tickets to various eastern points. The following rates apply from Rossland, Trail, Nelson and common points to New Haven, Conn., account meeting of Knights of Columbus, $83.60, selling dates May 24, 25, 26. Winnipeg, Pt. Arthur, Fort William, Duluth, St. Paul, Minneapolis, $52.50; Omaha, $55.65; Kansas City, $58.25; St. Louis, $60; Chicago, $64. On sale June 4, 6, 7, 23, 25, July 2, 3, August 7, 8, 9, September 8, 10.

On same dates through excursion fares will be quoted to all points in Ontario, Quebec, Maritime Provinces, New York and New England. Tickets are first class, bear 90 days limit for return, and are subject to usual variations of route; are also good in one or both directions via the Great Lakes, including meals and berths on lake steamers. Detailed information on application. J. S. Carter, D. P. A., Nelson, B. C.

How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

B. C. MINING

Rossland's ore shipments last week amounted to 5,950 tons, making 131,565 tons for the year.

Yale-Kootenay mines shipped 31,624 tons of ore last week, making 693,776 tons for the year.

Good quality asbestos has been discovered only four miles from Arrowhead, there being a number of veins running from one to six inches in width.

The Vancouver mine near Silverton, which has been idle for many years, has been leased and bonded by M. S. Davys and a large body of high grade ore is already in sight.

A number of Rossland properties have resumed operation during the past two weeks, among them being the Velvet-Portland, the Crown Point, the Jumbo and the White Bear. A considerable force of men will be employed in consequence.

DEVELOPMENT AT NAPOLEON

B. C. Copper Co. Steadily Developing Orient Mine.

At the Napoleon the main tunnel is in over 440 feet, and has been in heavy sulphides since it passed a point 385 feet in, says the Anaconda News. The The ore on the 60-foot level of the shaft has been crosscut for a distance of 120 feet, and has been drifted on some 170 feet, all of which work has been in ore.

The county surveyor has laid out a new road to the workings on an improved grade, on which work will begin soon. It is also expected that before next fall all the buildings for the employees will be moved higher up the hill along the route of the new road.

This will be done to get out of the cold canyon at present occupied, and will provide more healthful quarters for the men.

A line for an aerial tram from the Great Northern railway to the mine is being surveyed at present, and it is thought that by fall the mine will be in shape, both in regard to machinery and ore transportation, to supply all the flux necessary for the enlarged smelter works.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends to this remedy. They have have done much towards making it a household word by their personal recommendation to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

Might Contain More.

The Phoenix Pioneer refers with pride to the fact that the minister of mines' report for the past year contains the table of Boundary ore production as published in its columns. The report might contain a good deal more than it does of the mining information published in the columns of the Pioneer with very great advantage. There is no paper published in the interior of British Columbia that is more painstaking in its preparation of mining information than the Pioneer. This paper has a deservedly widespread reputation for accuracy and its mining news is copied into hundreds of newspapers all over the American continent.—Nelson Daily News.

OGILVIE'S ROYAL HOUSEHOLD

Most housewives judge the purity of a flour by its whiteness. White somehow signifies purity. But while pure flours are always white, white flours are not always pure.

Royal Household Flour is the whitest flour that is milled. It is also the purest. You may think the flour you are using is about as white as flour can be. Yet if you place it beside Royal Household Flour it will look yellow by comparison. Ask your grocer for Royal Household, and make sure that he understands that you mean it.

Ogilvie Flour Mills Co., Ltd.

THE COPPER HANDBOOK

A practical book of nearly a thousand pages, useful to all and necessary to most men engaged in any branch of the Copper Industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the every-day man.

It is a dozen books in one, covering the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper.

It gives the plain facts in plain English without fear or favor.

It lists and describes 3,840 copper mines and companies, in all parts of the world, descriptions running from two lines to 12 pages, according to importance of the property.

The COPPER HANDBOOK is conceded to be the

World's Standard Reference Book on Copper

The miner needs the book for the facts it gives him about mines, mining and metal.

The investor needs the book for the facts it gives him about Mining Investments and Copper Statistics. Hundreds of Swindling Companies are exposed in plain English.

Price is $5, in Buckram, with gilt top; $7.50 in full library morocco. Will be sent fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

PROVINCIAL.

South Vancouver's tax rate for 1906 is 16 mills.

Armstrong and Moyie will celebrate Dominion Day.

Vancouver is to have a sky scraper, a twelve story hotel.

Cranbrook has borrowed $20,000 for municipal improvements.

Grand Trunk Pacific engineers are laying out the Prince Rupert townsite.

Ten carloads of steel rails have arrived a Golden for the Kootenay Central.

Vancouver clerks have succeeded in securing the much-agitated Wednesday half holiday.

Capt. Mikkelson left Victoria last Saturday in search of the North Pole and a new continent.

Nelson's new morning paper, the Canadian, was scheduled to appear yesterday for the first time.

The provincial government has given a grant of $500 to the Nelson Agricultural and Industrial Society in aid of the fair of 1906.

The minister of customs, through Duncan Ross, M.P., has refused to establish subports at either Enderby, Armstrong or Kelowna.

The people of Nelson are contemplating setting their clocks an hour fast so as to give them an hour more daylight in the evenings. The idea emanated from the city council and has been endorsed by the 20,000 club of the Kootenay city.

Great activity now prevails in northern British Columbia. In the vicinity of Skeena river the various canneries are experiencing much difficulty in securing help, owing to the demand for men on the Grand Trunk surveys and other projected works.

More Than Willing.

The following is not original. It was clipped from a Sunday school paper. We do not know where the loving talk took place: A young lady received a proposal by telegraph, and a request to wire at once. Upon being told by the operator that she could get ten words for twenty-five cents, she wired: "Yes, yes, yes, yes, yes, yes, yes, yes, yes, yes." Another one was rung up on the telephone and asked the question, "Will you marry me?" With a promptness equal to the occasion, she replied, "Yes; who's speaking, please?"

GOOD ADVERTISING FOR THE WEST.

Two Parties of Washington Newspaper Men Are Coming

Again this summer a large party of the leading Washington newspaper correspondents will make a tour of Western Canada, the guests of the C. P. R. and the Western Canadian Immigration Society. Last year a party was taken from Montreal to the coast and back, the result being a flood of newspaper articles on Canada's great West, which did much to familiarize people all over the United States with the fact that there was a wonderfully fertile country to the north of them, which would make an admirable field for their surplus farming population to seek fortunes in. So satisfactory were the results that the experiment will again be tried, with the difference that so charmed were the Washingtonians with their trip that two excursions will have to be run this year to accommodate them.

The party this year includes men writing for groups of newspapers representing almost every state of the union, each man being head of a news bureau. Those who will come on the first trip are: Messrs. T. W. Strayer, Pittsburg Gazette; R. W. Dulahan, New York Sun; Angus McSween, Philadelphia North American; S. G. Blythe, New York World; G. H. McAdam, St. Louis Republican; Jos. L. Carmichael, Detroit Free Press; Ric. Lindsay, Kansas City Star and Times; Ira E. Bennett, Washington Post; E. E. Lowery, New York Evening Post; W. S. Couch, Cleveland Plaindealer; Richard Hooker, Springfield Republican; and Maurice Splain, Pittsburg Post.

Sick Headache Cured.

Sick headache is caused by derangement of the stomach and by indigestion. Chamberlain's Stomach and Liver Tablets correct these disorders and effect a cure. By taking these tablets as soon as the first indication of the disease appears, the attack may be warded off. Get a free sample and try them. For sale by J. B. Boyle.

CAPITAL AND LABOR NEEDED.

Newspaper Does its Part in the Attraction of Both.

A writer in the Victoria Week recently had the following about the support of a local newspaper and what such a publication can accomplish. It should be read by every business man, without exception:

"The need of the Kootenay is capital and labor. How does it expect to get it without a newspaper, and a good one? If the newspaper is poor, the outside people, who are to be attracted, think the community likewise. The gentleman in business who deems he has a lead-pipe cinch on the business in his line in his district, may be quite right. But if he helps his newspaper, he is helping himself far more, for he is attracting settler after settler, capitalist after capitalist, everyone of which is certain, if the uncharitable gentleman really has his lead-pipe cinch, to be his customer and increase his profits. During the past twelve months in mining alone there has been invested more than $1,000,000. There are two properties working where there was one before; there are three ranches where there was one; there are three sawmills where there were two; there are seven people where there were six. And this is due to what? All these potentialities were here before, but neither capital nor labor came in. Conditions are better, but it is the press that let the world know that those conditions were better."

Torments of Tetter and Eczema Allayed.

The intense itching characteristic of eczema, tetter and like skin diseases is instantly allayed by applying Chamberlain's Salve and many severe cases have been permanently cured by its use. For sale by J. B. Boyle.

MONTREAL HOUSEWIFE CAN NOW PERFORM HER USUAL DUTIES—THANKS TO PE-RU-NA.

Josephine Lupien, Hotel Dieu, Montreal, Can., writes:

"*Four months ago I commenced to take your Peruna. I can tell you with entire truth that I do four times as much work this spring as I did before. I have done washing and house-cleaning without becoming much fatigued. I have received great benefit through your medicine and recommend it to every one.*

"I have not had a cold or bronchitis this winter. The constipation has entirely disappeared, also the rheumatic pains."

One such case as that of Josephine Lupien ought to be all the evidence any one needs to be convinced of the priceless benefit of Peruna.

This lady was changed from an invalid into a busy housewife. She asserts that through Peruna she is able to do four times as much work as before, that she does not take colds any more, and that the rheumatic pains and constipation which had troubled her have disappeared.

Any medicine that brings about these changes needs no further recommend.

ADMINISTRATOR'S NOTICE.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

NOTICE is hereby given that on the 22nd day of May, 1906, it was ordered by Mr. Justice Morrison, that A. C. Sutton, Official Administrator in and for the Grand Forks and Greenwood Electoral Districts, be administrator of all and singular the estate of Conrad Gustafson, formerly of Phoenix, B.C., deceased, intestate.

Every person indebted to said deceased is required to make payment forthwith to the undersigned, and every person having in possession effects belonging to deceased is required forthwith to deliver same over to the undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the deceased is required before the 1st day of July, 1906, to send by registered letter addressed to the undersigned, his name and address and full particulars of his claim or interest and a statement of his account and the nature of the security (if any) held by him, verified by Statutory Declaration.

After the said 1st day of July, 1906, the administrator will proceed with the distribution of the estate, having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, B. C., the 29th day of May, 1906.

Knob Hill Ave., Phoenix, B.C.

In and Around Phoenix

BRIEF TOPICS OF LOCAL AND GENERAL INTEREST TO PHOENICIANS.

Lowney's chocolates at Boyle's.

The old reliable, Boyle the Druggist.

Hannam's milk suffers no addition or subtraction.

New and second hand goods sold by R. J. Gardner.

Chief of Police Flood is out again after some ten days' illness.

Rugs and art squares from $1.75 up, at Binns' Furniture Store.

See Miss McDonald, milliner, for Singer sewing machines and supplies.

Miners, attention. If you want solid comfort, stay at Hotel Brooklyn.

John A. McMaster visited Eholt this week, looking after his vested interests there.

For Sale.—Old Miners' Union hall. Apply to John McInnis, chairman Board of Trustees.

The Laseball club announces a ball, to be given at Miners' Union hall next Wednesday evening, June 6th.

Only $1.25 for six months for the Pioneer, and your friends back east will know all about the Boundary.

The several new fire hydrants, ordered by the city council, were being installed this week by the water and light company.

A. S. Hood is manufacturers agent for "Pharo" and "Pebble" cigars. Mail orders promptly filled in any quantities at factory prices.

Monday evening a meeting of the Dominion Day celebration committee will be held at the city hall, and a full attendance is requested.

O. B. Smith, Jr., mine superintendent for the Granby Co, has been under the weather for several days, but is once more out again.

Buckless Brothers is a new firm recently formed here, for the purpose of carrying on a general drayage and express and transfer business.

Sarsaparilla, as every one knows, is the best spring tonic. Ask for Churchill's. One hundred doses for one dollar at Thomas Drug Co., Ltd.

This week Joshua E. Mills sold his residence and lot on the south side of Brooklyn avenue, to Donald J. Matheson, the price not being made public.

There are three reasons why our brushes are attracting attention. Quality of goods; lowness of price, and good assortment.—Thomas Drug Co., Ltd.

It is the intention of the band organization, to give a ball on Wednesday, June 20th, to raise the balance of the fund needed to pay for the instruments.

Considerable delay in the completion of the new Deane hotel has been experienced by the non-receipt of the lath necessary for the plastering, which is to be done by Medill & Co.

That Back Yard Assessment. Our Chloride of Lime, at 25c. a can, and Crude Carbolic Acid, at 25c. a pint, will do the work in twenty-four hours. —Thomas Drug Co., Ltd.

If you want deeds, mortgages, leases, bills of sale, agreements or documents of any kind promptly and carefully prepared, go to A. S. Hood, Notary Public, Bank Block.

As will be noticed from the advertising columns, the first solid carload of soap ever brought to Phoenix or the Boundary, arrived here this week for the Hunter-Kendrick Co., Ltd.

A contribution of $100 has been made by the Granby Consolidated to the Dominion Day celebration here. The Cascade Water, Power & Light Co. has subscribed $25 for the same purpose.

About a dozen members of the local lodge of the Knights of Pythias attended the funeral of A. G Inglis Tuesday at Greenwood, deceased being a member of the order, who was killed last Sunday at the Sunset mine.

Sunday week Phoenix Lodge No. 28, Knights of Pythias, will hold its annual church parade to the Presbyterian church, where an appropriate sermon will be preached by the pastor, Rev. Samuel Lundie.

Word was received by the Buckless family this week that Frank Buckless' mother, living at Chateaugay, New York, was near death's door, and Mr. Buckless, who has been spending a short season at Halcyon Hot Springs, was at once notified.

Duncan McDougall this week started work on a double cottage on his lots on lower Dominion avenue. Each will have four rooms, and will be completed in about six weeks. He could doubtless rent a couple of dozen such houses if he had them.

Recently the Pioneer stated in referring to the new flag pole erected at the school house, that it was supplied by Frank Buckless. This we are informed was an error, as the pole was furnished by Murdock McIntyre, proprietor of the Palace livery stable.

Beginning tomorrow the Sunday School sessions of St. Andrews Presbyterian church will be held at 10 a. m. The morning services will be held at 11 a. m., and the evening services at 7.30 p. m., the latter as heretofore. Those interested will please take notice.

Boyle, the Druggist.

J. L. Martin will buy International Coal shares.

Purity first consideration by Boyle the Druggist.

Dr. Mathison, dentist, at his office, Bank block, June 10th to 14th.

Special attention given to Miners' Dinner Buckets at Hotel Brooklyn.

Prescriptions a specialty at Boyle's.

Sewing machines to rent, $3 per month. See Miss McDonald, milliner.

Marsh hotel building for rent after May 1st. Apply R. J. Gardner, Hardy Block.

See our Early English dining room suite. The latest finish. Binns' Furniture Store.

At present there are but four patients in the hospital, the smallest record for many months.

When feeling like having just a wee drappe Scotch, call at the Brooklyn and have a wee taste McCallum's Perfection.

The Great Northern Railway will sell through return tickets to London, Ont., May 28th to June 1st, inclusive, account of Canadian Presbyterian Assembly, good to return until July 31st, at rate of $72.85; to Ottawa, selling dates June 4th and 5th, good for sixty days, first class at rate $79 85.

As showing the importance of the local sub-port of customs to Phoenix, as well as its value as a revenue producer to swell the financial surplus of the Dominion government, it may be mentioned that considerably more than a thousand dollars per month has been taken in since its establishment here

A farewell social was given last evening by the Ladies' Aid of the Presbyterian church to Mr. and Mrs. J. E. Mills, who expect to leave in a few days for Winnipeg, Mrs. Mills having been one of the most energetic workers in the church for the last six and a half years. A pleasant time was enjoyed by those who were present last night, and a present of some sterling silver was made.

Boundary Side Lights

The Greenwood band is giving a benefit ball next Monday at Masonic hall, to purchase new instruments.

This week lumber was being hauled on wagons from Grand Forks to Franklin City, for the erection of the first hotel for that new townsite, to be built by B. Lequime.

A postoffice is expected to be established shortly at Franklin City. The Dominion Express Co. has already made arrangements to have goods delivered there over the new stage line from Grand Forks.

James Hunter, of Hunter Brothers, Rossland, and Chas S. Slawson, both heavily interested in the Hunter-Kendrick Co., Ltd., are reported to have purchased some 8,000 acres of land adjoining the R. G. Sidley ranch on Anarchist mountain, for a price approximating $50,000. The tract is a few miles northwest of Molson, Wash., on the British Columbia side, and is said to include one of the finest pieces of timber land in this entire section, the route of the V., V. & E. running through it, and the C.P.R. survey west of Midway also traversing the property.

Knew How to Take the Hint.

A subscriber in Toronto sent the Pioneer two plunks this week, and enclosed the following item clipped from this great family journal recently:

"Subscribers to the Phoenix Pioneer can renew their subscriptions by sending $2 to this office at any time. Those already behind, of which there are a few, will confer a favor by attending to the matter without delay, as typographical artists must eat, like other people."

If there are others—of which each one should know—in the same box, in Toronto or Timbucktoo, we shall be pleased to hear from them along the same lines. The label tells the story.

School Report for May.

The following is the public school report for May, as furnished by C. L. Thornber, the principal:

Total daily attendance, 1285.
Total actual attendance, 1249.
Average daily attendance, 58.40.
Average actual attendance, 56.77.

Pupils neither absent nor tardy:

Division 1—Ada Pierce, Etta Murray, Robt. Draisey, Alvin Hendrickson, William Johns, Eddie Murray, Harry Swanson.

Division 2—Riched Elmgreen, Albert Elmgreen, Arthur Walters, Mariana Mussatti, Umberto Mussatti, Elma Swanson.
