New Summer Furnishings

Campbell's Clothing

We can supply every man in Phoenix with his furnishings for summer. This is the store where you can find anything you want provided it is a first class article.

If you want a suit we can show you all the latest styles and patterns in the best makes.

Fancy Summer Vests in Endless Variety

The Slater Shoe

needs no special mention with men who are in the know.

In Summer Underwear, Negligee Shirts, Fancy Hose, Neckwear, Hats, etc. we hav all that could be desired. An inspection of our stock will prove these statements to your satisfaction as well as our own.

$225,000 BOND FOR OVER TWENTY PHOENIX CAMP CLAIMS

J. L. Martin, of this city, has just closed negotiations for what promises to result in the largest single mining deal ever transacted in the Boundary country, so far as number of claims is concerned. While the consideration to be turned over is not stated, it is understood to be in the neighborhood of $225,000, the whole of which is to be paid within six months' time. The property is that included in what is known as the Marshall, the Monte and Forty groups of mineral claims, adjoining the Granby and Dominion groups of properties on the north side of the city.

Some twenty odd claims are included in the bond, making over 700 acres of mineralized territory. The deal was made with G. B. Dennis, of Spokane, on behalf of himself and a strong syndicate of New York capitalists who have been carefully noting the successful mining operations in this camp for some time past.

The statement is made that the combination is fully as strong as any concern now operating in the Boundary. Development work is to be started as soon as the necessary arrangements can be made, the first work to be done being thorough testing of the ore bodies on the various claims by means of the diamond drill. This, the Pioneer is informed, is expected to be undertaken in a few days, and prosecuted vigorously, for the purpose of locating ore and indicating where permanent work should be commenced.

Mr. Dennis informs Mr. Martin also that as soon as the development shall justify it, the purchasers will secure a suitable site for a smelter of large capacity, the plans and financial standing of the backers of the enterprise providing for this whenever it shall have been determined that the ore available will warrant such a step.

For some months past Mr. Martin has been quietly working on the securing of the necessary options for the claims included in this group, but as some of the owners are widely scattered, it has been a slow process. The papers, now, however, are all in escrow in the Eastern Townships Bank in Phoenix.

Mr. Dennis is one of the oldest and best known residents of the city of Spokane, and was one of the first men of that city to interest himself in mining north of that place. He is a man of large means himself, and he and his confreres think they see here an opportunity for the investment of large capital in the successful exploitation of some of the immense low grade copper lodes of the Boundary. This opinion is also shared by many other men of prominence in the world of mining.

Of the several groups included in this transaction, probably the best known is the Marshall group, named after James Marshall, the well known pioneer of this camp. This group has a tremendous showing of copper-gold ore, on which a good deal of surface prospecting has been done, besides some shaft work—all of which has tended to prove that the group has a gigantic ore body. It is owned by Dan and John Bresnahan, James McNulty and T. Clark. In the past repeated efforts have been made to secure control of this crown-granted group, which adjoins the New York claim, but this is the first time that the group has ever been taken by men who had the means to properly exploit its four claims.

The claims of this group are the Marshall, Marshall fraction, Little Brown and Little Annie.

In the Monte group are the Monte Reco, Big Monte, Monte Bravo, and Keystone, while the Forty group consists of a number of claims that, like those of the Monte group, are known to have great surface showings of ore, which competent judges think will make great mines, with adequate development. The Monte group and the Marshall group are located next to the Granby and Dominion property, while the Forty group adjoins the Marshall and Monte groups on the north.

Mr. Dennis expects to visit the property in the near future.

MAY TONNAGE OVER 100,000

From Shipping Properties of the Boundary.

Five Months of 1906 Gives 530,937 Tons.

Boundary's tonnage output for the month of May continued to run over the 100,000 ton mark, notwithstanding the fact that repairs and enlargements to a number of the Granby furnaces were still under way. These changes will be completed in the near future, when the increased output by the Granby Consolidated will largely make up in the total monthly Boundary output for the shortage now being occasioned by the entire stoppage of smelting operations at the reduction works of the British Columbia Copper Co. while the three giant furnaces are being installed. The output for May is, consequently, slightly smaller than it was for April. Comparing the out put of ore for the several months of this year thus far, we have the following figures:

January	104,378	tons
February	105,429	"
March	112,638	"
April	107,798	"
May	100,694	"
Total, 5 months	530,937	"

Granby's output for May, 66,817 tons, is nearly 2,000 tons less than for April, British Columbia's May output was some 500 tons less and Dominion Copper's output was about 1,400 tons smaller than for the previous month. The figures in detail from each of the properties, are approximately as follows:

Mine		Tons
Granby mines		66,817
B. C. Copper Co.:		
Mother Lode	13,568	
Emma	1,446	
		15,014
Dominion Copper Co.:		
Brooklyn-Stem	13,307	
Rawhide	1,771	
Sunset	3,485	
Mountain Rose	66	
		18,629
Providence		130
Skylark		50
Sally		25
Don Pedro		20
Butcher Boy		9
Total for May		100,694

It has not as yet been the custom of the large mining companies to give out the exact values recovered per ton of ore, but with the excellent price prevailing for the metals, it is believed to run well over $5 for each ton of ore. Estimating on this basis, Boundary mines produced ore worth $500,000 in May, and worth $2,500,000 for the first five months of this year, in gold, silver and copper.

Election Not Imminent.

William Davidson, of Sandon, independent labor member of the legislative assembly from the Slocan district, was a visitor in the city Saturday, shaking hands with the many old Slocan boys now residen here. Mr. Davidson, when asked about the probability of a provincial election this year, said that he did not expect to see an appeal to the people at present, and not before this legislature had run out its allotted time, which would bring it next year.

Chas. Peterson Killed at Strathmore.

Last Tuesday night Charles Peterson, a miner employed at the Strathmore mine, near Greenwood, was killed by falling rock. Deceased was well known in the Boundary, and was a member of the Odd Fellows and Greenwood Miners' Union No. 32. He left a wife and two children.

COMING AND GOING

F. H. Knight, the Grand Forks mining man, was a visitor here Saturday.

Noble Binns, of Trail, spent two or three days in the city this week in connection with his furniture business here.

James Dewar, of the dry goods department of the Hunter-Kendrick Co., Ltd., has gone on a two-months trip to his old home at Alexandria, Ont.

Sanford B. Snider, of Vancouver, traveling representative for the B. C. Permanent Loan and Savings Co., spent a few days in Phoenix this week.

W. R. Gates, known to many in town, left on Tuesday for the east to see his mother in Troy, N. Y., who is very ill, and is not expected to live.

A. E. Hogue, an Australian mining engineer, who spent some time in Phoenix, is now in charge of development on the M. S. group in Franklin camp.

Elmer D. Hall, formerly connected with the Pioneer, left Seattle this week for Fairbanks, Alaska, where he has accepted a position with the Fairbanks Times.

F. E. Starkey, of Nelson, who was here Wednesday, says the new daily in that city, the Nelson Canadian, is taking well with Conservatives throughout the Kootenays.

Walter Cook left Saturday to attend the Provincial Grand Lodge session of the Odd Fellows, held at Victoria this week, as representative of Snowshoe Lodge No. 46, of Phoenix.

George H. Mead, ore shipper at the Granby mines, left Tuesday on a two months' trip to San Francisco and other California points. G. E Cole will look after the ore loading in his absence.

E. W. Monk, of Nelson, representing the Hamilton Powder Co., and H. P. Dickinson, of Rossland, of the Giant Powder Co., were both in Phoenix this week, on regular business trips.

W. T. Choate, for several years the C. P. R. Eholt agent, has been transferred to Revelstoke to a position of more responsibility. Mr. Cobb will attend to Mr. Choate's former Eholt duties for the present.

Lake D. Wolford, of Spokane, visited the Wolford group of claims, on Fourth of July creek, last Saturday, where he expects to interest outside capital shortly. Last year the property was tested with a diamond drill.

D. J. Matheson, city clerk and postmaster, went over to Rossland this week, to transcribe the provincial assessments on lands and improvements in the new Phoenix school district, outside the city limits.

J. A. Miller, wife and child, left for Storm Lake, Iowa, on Tuesday, traveling by the Oriental Limited from Spokane. Mr. Miller was shift-boss at the Granby mines, having been a resident here for more than five years. The night before he left he was called into the office, and, in behalf of the men who were under him, he was presented with a fine gold watch, the speech being made by George E. Cole. Mr. Miller made a fitting response.

President of Granby Company Enthusiastic.

Two new vice-president's were created last week at the regular monthly meeting of the Granby Consolidated Minind, Smelting & Power Co., in the east. Directors George Martin Luther and George C. Clark, jr., were elected to the positions. Jay P. Graves has heretofore been the only vice-president.

Jacob Langeloth, president of the company and also president of the American Metal Co, reported on his recent trip to the Granby mines in British Columbia. He is very enthusiastic over the outlook for the property. With the close of the current month the fiscal year of the Granby Co. will end, and the annual report, to be issued in October, should make a favorable showing as the result of higher copper and silver prices and an increased output.

MAY PAYROLL WAS $150,000

In Boundary Mines and Smelters.

$60,000 Disbursed in Phoenix Alone.

During the past week the wageroll for the mines and smelters of the Boundary for the month of May was distributed, and while official figures are not available, it is known that the sum paid out was approximately a little larger than for April, or about $150,000 in these two branches of industry alone.

In Phoenix camp alone the payroll amounted to about $60,000, distributed among the 600 or more miners employed by the Granby Consolidated and Dominion Copper Co. With a somewhat increased force in the employ of the latter company, it had the largest payroll it has yet disbursed in Phoenix, about $23,000, while the Granby's roll here was around $40,000. At the Granby smelter it was about $30,000. Hereafter both of these companies will probably have an equal or slightly larger amount to pay out on the 10th of each month, with the heavy shipments and extensive improvements continually under way.

The British Columbia Copper Co.'s payroll is understood to be slightly larger than heretofore, with more men at the mines and new work at the smelter. It was abont $30,000 at both mines and smelter, and will likely be larger still next month, with the addition of 75 or 100 men, if they can be had, at the Mother Lode mine, in preparation for increased shipments when the company's enlarged smelter is blown in.

In the neighborhood of 150 men or more are employed in the smaller and high grade mines of the Boundary, which adds at least $15,000 to the monthly wage account of this section.

Tabulated, the pay for the mines and smelters of the Boundary for May was approximately as follows:

Granby Consolidated	$ 72,000
B C. Copper Co	30,000
Dominion Copper Co	33,000
Smaller mines	15,000
Total	$150,000

The Boundary-Elkhorn Co.

Last week Tuesday the annual meeting of the Boundary Elkhorn Mining Co., Ltd., was held at Greenwood, and those present expressed satisfaction with the development now being carried on at the mine. The directors elected were President, Phil. McDonald; vice president, James Sutherland; secretary-treasurer, H. V. Fuller; managing director, Dr. J. E. Spankie; and Charles Kenney, H. C. Wilson and James McCreath. It was decided to continue the main shaft, now down to the 275-foot level, to 300 feet depth, and then drift and stope ore. The secretary stated that 132,350 shares of stock had been issued by the company.

C. J. McArthur, of Greenwood, has the contract for removing an 80-horse power boiler and other machinery from the Dominion Copper Co.'s Sunset mine in Deadwood camp, to the cars, to be transported to the Idaho mine in Phoenix camp. The plant is a good one, but there is more of it than is needed at the Sunset under the present plan of open quarry operation.

At the Dominion Copper Co.'s Mountain Rose claim in Summit camp, Foreman Fraser has driven the tunnel, to tap the lead, about 118 feet, with some 20 or 30 feet more to go. When this is done and the glory hole shaft connected by a raise, shipments can be considerably increased as desired.

Boundary Mining Notes

Dominion Copper shares are now quoted in Boston and New York on the $10 par value basis.

The long tunnel on the Gold Bug is in over 500 feet, and has reached ledge matter, which is encouraging to the management.

The 45-horse power locomotive boiler for the Skylark mine will be installed as soon as possible, and sinking resumed to the 250-foot level,

Some of the Providence shareholders have sold out their interests to the Chicago men who have control of that banner high grade property.

A second steel smokestack will be erected at the Dominion Copper Co.'s Boundary Falls smelter when the third furnace is installed, late this summer.

Some of the heavy castings for the new electric-drive air compressor for the Emma mine, Summit camp, have been received, and the masonry foundations are being prepared.

E. H. Thruston, one of the owners of the Carmi mine, on the West Fork, is at the property, with machinery and cyanide experts, looking after the installing of the treatment plant. It is expected that work on the mine will be resumed shortly.

Last week the first annual meeting of the Canada Western Oil Co., Ltd., was held at Greenwood, and the following directors elected: Dr. J. E. Spankie, Dr. G. S. Gordon, Hugh McCutcheon, E. R. Redpath, S. B. Yuill, James McCreath and Angus Cameron. The company enjoys the distinction of being the only holder of an oil lease in the province. An expert will be sent to the property, to examine with a view to drilling for oil, and the outlook for the company is promising.

MOVING DIRT ON NEW R. R.

Kettle Valley Line Building Up North Fork.

Phoenix Man to Clear Right of Way.

This week the active work of throwing dirt on the North Fork extension of the Kettle River Valley lines railway was started by W. P. Tierney & Co., who last week received the contract for the construction of this 50 miles of railway, from Grand Forks to the McKinley mine in Franklin camp. A camp was established just outside Grand Forks, Mr. Tierney and his son arrived on the scene, and now about 50 men are at work under Foreman McDonald.

It is understood that about 16 miles of the line will be built at first, to a point beyond the Pathfinder mine, or just below Lynch creek, the balance to be taken up as fast as possible. It is hoped to be able to secure at least 500 men at once, the force to be increased to 1,000 men, to rush the work.

E. L. Woodard, the Phoenix contractor, has been awarded the work for clearing the right of way for the first 16 miles, and will start in Monday, and have employment for 40 or 50 men. The right of way will be cleared for a width of 100 feet, as usual.

Boundary's monthly payroll, distributed for the most part this week, again runs over $100,000 for the past 30 days. This is doing very well for a district with about 10,000 population.

Recently the C. P. R. placed an order for one thousand box cars. Possibly the officials had in mind the box car specials which the company runs in the Boundary to carry passengers to celebrations, etc.

President Roosevelt says that he has some more tid bits to serve up about the chicago meat packers. He seems to have been using that muck rake to good purpose, and the canners are already beginning to squeal.

San Francisco is still experiencing an occasional shake. No wonder that former residents of that stricken city by the Golden Gate feel like shaking the dust of 'Frisco for once and all. The blasts from the mines in and around Boundary's mining centre are sufficient for us.

J. J. Hill asserts that British Columbia is the richest province in the Dominion of Canada, considering its natural resources. And Mr. Hill is proceeding diligently to secure a part of the railway tonnage of this province in a manner that makes the other railways sit up and take notice.

Residents of Phoenix will have an opportunity to have the time of their lives on Dominion day, so far as celebrations in the Boundary go. There will be a large number of visitors here, and plenty of sport with good prizes will be provided. It should be the aim of every Phoenician to make every visitor have a good time.

Danger from forest fires at present seems to be entirely eliminated, thanks to Jupiter Pluvius, who has been with us more or less for the past several weeks. In fact we could stand it if the god of rain would take a vacation for awhile, as our chalcopyrite and orange crops are now in excellent condition.

Premier McBride was over in the Crow last week on official business, and while there made some addresses to the people by special request. As a result the Grit press has it all cut and dried that an election is imminent. As a matter of fact, we have heard the same song for some three years last past, and it seems no nearer today than it was three years ago. When the premier does not happen to take the Liberal papers into his confidence, they must get up some cock and bull story—and they do.

Desire Brothier, perjurer, procurer, vagrant and forger, spent two years in the New Westminster penitentiary, and was then pardoned by the minister of justice on condition that he leave the country for the country's good. Of course, Brothier was more than willing, and it is not surprising that the people of Vancouver should most emphatically protest against such a miscarriage of justice. The train robbers received their due, and Brothier should be in the same boat. At present he is in Seattle and defies the authorities on this side of the line.

C. P. R. Summer Excursions East.

The Canadian Pacific Railway have placed on sale at all Kootenay points a series of low rate excursion tickets to various eastern points. The following rates apply from Rossland, Trail, Nelson and common points to New Haven, Conn., account meeting of Knights of Columbus, $83.60, selling dates May 24, 25, 26. Winnipeg, Pt. Arthur, Fort William, Duluth, St. Paul, Minneapolis, $52.50; Omaha, $55.65; Kansas City, $58.25; St. Louis, $60; Chicago, $64. On sale June 4, 6, 7, 23, 25, July 2, 3, August 7, 8, 9, September 8, 10.

On same dates through excursion fares will be quoted to all points in Ontario, Quebec, Maritime Provinces, New York and New England. Tickets are first class, bear 90 days limit for return, and are subject to usual variations of route; are also good in one or both directions via the Great Lakes, including meals and berths on lake steamers. Detailed information on application. J. S. Carter, D. P. A., Nelson, B. C.

PROVINCIAL.

Kamloops sold $12,500 worth of debentures at 101.

British Columbia's Coat of Arms has finally been approved of by the Herald's College.

Odd Fellows of British Columbia raised $1981.40 for the relief of the San Francisco sufferers.

The Cranbrook Electric Light Co. is extending its telephone line from Moyie to Yahk, a distance of about 20 miles.

On June 26-8 the ninth annual meeting of the British Columbia Teacher's Association will be held in Victoria.

The W. F. of M. in session at Denver, has voted $2,000 for Sandon union in aid of its hospital and hall indebtedness.

Minnesota capitalists will erect one of the largest sawmills in B. C. at some point on the coast near the new G. T. R. terminus.

Eastern Excursion Rates via Gt. Northern

To St. Paul, Minneapolis, Duluth, Superior, Sioux City, Council Bluffs, Omaha, St. Joseph, Kansas City, Houston, Mineola, Tex., Fort William, Chicago and St. Louis at rates of one first-class fare, plus $10; returning via California, $37.15 higher. Phoenix Miners' Union No. 8 has subscribed $50 towards the Dominion Day celebration. The union will give a big ball on the evening of July 2d.

Sick Headache Cured.

Sick headache is caused by derangement of the stomach and by indigestion. Chamberlain's Stomach and Liver Tablets correct these disorders and effect a cure. By taking these tablets as soon as the first indication of the disease appears, the attack may be warded off. Get a free sample and try them. For sale by J. B. Boyle.

STEEL FOR THE MIDWAY & VERNON

14,000 Tons Ordered at Sydney, C. B.

A dispatch from Montreal states that 14,000 tons of steel rails for the Midway & Vernon railway have just been ordered, and the continuation of construction of this railway is to be started within a very short time, according to information secured in Montreal and New York, where the capital behind the road comes from.

The rails have been ordered from the Dominion Iron & Steel Co. of Sydney, Cape Breton, and the order will be rushed out as soon as the company can commence on it. It is understood that the rails will be shipped across the continent over the C. P. R. in preference to transportation around the Horn, because of the desirability of saving time.

Since the decision in favor of the Midway & Vernon as against the province of British Columbia on a reference as to the disputed subsidy claimed by the former, the backers of the railway company have been busily arranging to go ahead with the building of the road. Some ten or twelve miles of it has already been graded and made ready for the steel. This work was performed out of Midway.

Grading will probably be pushed ahead this summer and tracklaying will be commenced just as soon as the rails are on the ground, if present plans are carried out.

There is considerable speculation in railway circles as to where the control of the Midway & Vernon will go when it is completed, and as to what roads it will make connections with. The Midway terminal of the railway will be accessible both by the V., V. & E., and the C. P. R. lines, while at Vernon there is possible connection with the main lines of the C. P. R. by a provincial government-owned road running from Okanagan to Sicamous. This short government line is now operated by the C. P. R.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends to this remedy. They have have done much towards making it a household word by their personal recommendation to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

Perhaps you do not know it, but the Job Department of the Pioneer can and does turn out anything that is manufactured with paper and ink. Remember us on that next order.

Between 1500 and 2000 men are employed on the V., V. & E. grade directly west of Miday, and it is being rapidly finished. A start at laying the steel will be made shortly at Midway, and continued as far as grade is completed.

Torments of Tetter and Eczema Allayed.

The intense itching characteristic of eczema, tetter and like skin diseases is instantly allayed by applying Chamberlain's Salve and many severe cases have been permanently cured by its use. For sale by J. B. Boyle.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Burroughs, an old and well known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency. For sale by all druggists.

Church Services Tomorrow

Methodist—Sunday School at 2:30 p. m. evening service 7:30 p. m. Thursday evening, prayer meeting and choir practice. A cordial invitation to all these services. Rev. J. Wellesley Miller, supply.

Catholic—Church of Our Lady of the Good Counsel.—Divine Service every 2nd and 4th Sunday of each month. Holy Mass, 10 a.m. Sunday School, 2:30 p.m. Vespers and Benediction, 7:30 p.m. Father J. A. Bedard, O.M.I. Pastor.

Church of England—Services, 1st and 3d Sunday in each month, 3:30 p.m., by Rev. J. Leech-Porter of Greenwood.

How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

Every one should remember the date of the ball to be given by the Phoenix Fire Brigade band, the proceeds of which are to be devoted to paying for the new set of instruments received recently.

ADMINISTRATOR'S NOTICE.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the matter of the estate of J. W. Cascadden, late of Phoenix, British Columbia, deceased, intestate.

NOTICE is hereby given that on the 22nd day of May, 1906, it was ordered by Mr. Justice Morrison, that A. C. Sutton, Official Administrator in and for the Grand Forks and Greenwood Electoral Districts, be administrator of all and singular the estate of J. W. Cascadden, late of Phoenix, deceased, intestate.

Every person indebted to the deceased is required to make payment forthwith to the undersigned and every person having in possession effects belonging to deceased is required forthwith to deliver same over to undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the deceased is required before the 1st day of July, 1906, to send by registered letter addressed to the undersigned his name and address and full particulars of his claim or interest and a statement of his account and the nature of the security (if any) held by him, verified by Statutory Declaration.

After the said 1st day of July, 1906, the administrator will proceed with the distribution of the estate, having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, B. C., the 29th day of May, 1906.

A. C. SUTTON,
Official Administrator,

THE COPPER HANDBOOK

A practical book of nearly a thousand pages, useful to all and necessary to most men engaged in any branch of the Copper Industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the every-day man.

It is a dozen books in one, covering the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper.

It gives the plain facts in plain English without fear or favor.

It lists and describes 3,849 copper mines and companies, in all parts of the world, descriptions running from two lines to 12 pages, according to importance of the property.

The COPPER HANDBOOK is conceded to be the

World's Standard Reference Book on Copper

The miner needs the book for the facts it gives him about mines, mining and metal.

The investor needs the book for the facts it gives him about Mining Investments and Copper Statistics. Hundreds of Swindling Companies are exposed in plain English.

Price is $5, in Buckram, with gilt top; $7.50 in full library morocco. Will be sent fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

COLUMBIAN COLLEGE.

Founded 1892—Incorporated 1893.
NEW WESTMINSTER, B.C.

Provides a Christian home for students of both sexes at moderate rates. Has a preparatory class for junior students, doing grade public school work. Does high school work, confers all high school privileges, and prepares for teachers' examinations. Teaches all branches of a Practical Business Course and gives Diplomas. Gives a liberal education in its Collegiate Course and in the Ladies' Course for M.E.L. and M.L.A. In University work, can take students through the complete Arts Course, and the degree of B.A. can be obtained from Toronto University, which the college is in int affiliation.

For fuller information and terms write Rev. W. J. Sipperell, B.A., B.D., Principal; or Rev. J. P. Bowell, Bursar.

THE cost of living is an important thing in most homes. You may have to figure closely in these matters. A little extra on a barrel of flour may look big to you.

But there is a difference between spending money wisely and spending it foolishly.

Sometimes it is economy to spend instead of to save. It is in the case of Royal Household Flour.

Those few extra cents a week, that give you

Royal Household Flour

in preference to inferior flour, buy health.

Nothing contributes so much to the food you eat as flour, and therefore nothing should be more carefully bought. Ogilvie's Royal Household Flour is the whitest, cleanest and most nutritious flour that's milled. It is the only flour that is absolutely pure.

Ask your grocer.

Ogilvie Flour Mills Co., Ltd.
Montreal.

HIGHEST PRAISE FROM WINNIPEG

Of Nannie Strachan and Gavin Spence.

In everything that goes to make a high-class, instructive and enjoyable evening the programme furnished last night by Miss Nannie Strachan and Gavin Spence was certainly replete. Given under the auspices of North Star Lodge No. 2, I.O.O.F., the Y. M. C. hall was packed to overflowing by an appreciative audience, who demanded an encore after every item on the programme. For years Winnipeg has had the reputation of having a goodly share of Scottish entertainments, but none was quite up to the standard of last night. Miss Nannie Strachan, although a stranger to Winnipeg, was received with an enthusiasm rarely accorded an artist under similar conditions.

Petite, modest, fascinating, in her natty Highland costume, she disarmed criticism the moment she appeared on the rostrum. But when she started the "Scottish Blue Bells," her audience awoke to the fact that no ordinary concert singer was before it. For tone, quality, flexibility and vocalization, she stands unequaled in the realm of Scottish song. Her "Comin' Thro' the Rye" was a revelation, and the "Caller Herrin" sent the audience into ecstacies The duet, "The Crookit Bawbee" gave her the necessary opportunity to display her dramatic ability, and this number was probably the most popular of the whole programme, although, with such a variety, it is a difficult thing to pick the most popular. We predict a magnificent future for this sweet little vocalist.

Mr. Gavin Spence must be seen and heard to be appreciated. Full of a dry humor, he kept his hearers in fits of laughter, when telling stories and jokes which had the merit of originality. His rendering of "Tessie's Dream," and the "Hundred Pipers," was par excellence, and the many lucid explanations he gave of the origin of the songs sung were welcomed alike by all. "Heiland Rory," and "Hooch Aye" fairly brought down the house. The entertainment closed with the audience singing the Scottish Doxology, "Auld Lang Syne," and then "God Save the King."—Manitoba Free Press report of March 27th on the Strachan-Spence entertainment in Winnipeg, March 26th, 1906.

THE OBSERVATORY

THINGS TALKED OF AT HOME AND ELSEWHERE

Newspaper publishers sometimes receive some odd correspondence. A short time since we received a card from an individual who was ashamed to sign his name, asking why the bank here did not pay off on paydays in one and two dollar bills, so that the money would be more likely to be spent and circulated. The chances are that if the writer is a mucker, and puts in eight whole hours each and every day, he does not work as hard as the bank people do on paydays, and that with using $5 and $10 bills to cash checks with. It is no picnic to pay out from $60,000 to $70,000 in small bills in a few hours' time. The bankers, doubtless have nothing to do with the other phase of the question.

This week a New Yorker writes the Pioneer, in part as follows, after receiving a copy of our last holiday number:

"In regard to your newspaper, would say that one of my friends, Mr.———, is a subscriber, and I take the———," (mentioning another Boundary paper). "We exchange papers as we receive them, and I must say that I get the best of the trade. The——— rarely has anything of interest to me, while the Pioneer is bubbling over with news of the mines, which is what we want to know. I inclose herewith my check for a year's subscription to the Pioneer, so that I may receive it direct."

If there are any others who wish to join this growing list of readers of the Pioneer, now is the accepted time.

Buster Brown gets off some great resolutions occasionally. Here is one that is characteristic:

"Resolved, There are just as good fish in the sea as ever were caught, which means, don't worry over the past but get busy and try again. Failure is experience, and experience is the best teacher. I'd rather begin with an honest failure than an undeserved success. One thing I *did* do, I went fishing and came back with fish. Don't belong to the excuse makers, boys—if you can't return with the goods, don't say anything, but make up your mind to try again. Don't make excuses."

Col. Robert Tecumseh Lowery, who has started and conducted weekly papers in Three Forks, Kaslo, Sandon, New Denver, Nelson, Poplar, Vancouver, Fernie, Greenwood and a few other places in this province—not to mention other provinces—was a caller at the Pioneer's printing palace this week, on one of his perigrinating trips. He was just about to seat himself in the morocco, plush-covered, easy office chair of the establishment, when he observed a copy of the Fernie Ledger there. Rising, he remarked, "No, thank you; I do not care to catch cold."

A man is indeed great when the world calls him by his front name. Jim Hill, for instance.—Greenwood Ledge.

How about Duncan Ross?

Mr. Justice Irving has pronounced the Kamloops court house as unfit to sit in, stigmatizing it as "smelling to Heaven." He must have had the American beef packing trust in mind.

He must have been a philosopher who remarked that "The man who fears that he will do more than his salary calls for, will never have much of a salary to call for."

For some time past the Anaconda (B.C.) News, published by Robert Keffer, has held the palm for being the smallest paper in the province. It will have to surrender that proud position now, however, as the Golden Times, with four pages, each 5½x6½, has entered the troubled sea of journalism, in opposition to Peck McSwain. Perhaps like the Grand Forks Evening Sun, when first started several years ago, it is taken as a joke, but it may turn out to be an important feature of its community, as the Sun has.

A five pound bass is the largest fish ever taken from Lake Chargoggagmauchagogungamaug, near Winsted, Conn. Out in British Columbia we get much larger fish, but so far none with so large a name.

Last week's issue of the Pioneer had the largest circulation ever printed for a regular issue of this publication—and probably of any publication in the Boundary. A few short of 1,000 copies were printed, the demand being due to the exhaustive description of Franklin camp, now coming to the front so rapidly.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever Is Spring Catarrh=Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

Pe-ru-na Is a Fine Tonic For a Weary Woman.

A Letter of Praise.

Miss Nellie Condon, 4507th Avenue, Brooklyn, N. Y., writes:

"I consider Peruna the ideal spring tonic.

"For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer."

Peruna affords the most prompt and permanent relief in all cases of nervous prostration, caused by systemic catarrh, as verified by many cures on our records.

Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes:

"I have taken two bottles of Peruna and commenced on the third.

"I did not really need the third one, but thought it best to take another bottle.

"I have always weighed 102 pounds, but since I began taking Peruna I weigh 120 pounds for the first time in all my life, and I am now 33 years old.

"Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it.

"My mother, who is 76 years old, had grown so weak she could scarcely walk.

"She took two bottles of Peruna and is fleshier and is looking well."

Mrs. Hattie Hamilton.

A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna possesses such qualities is beyond all question.

We have on file thousands of letters which testify to the curative value of Peruna in cases of nervous depression and run down conditions of the system.

A Typical Letter.

Mrs. Rhoda Stufflebeam, Bunch, Iowa, writes:

"For years I suffered with catarrh of the throat and bronchial tubes.

"I doctored with different physicians, but kept getting worse all the time.

"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption.

"A friend advised me to try Peruna. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial.

"I followed your directions as closely as possible, and thanks to you and Peruna, I am a well woman to-day."

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless, if taken according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a harmful nature.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

In and Around Phoenix

BRIEF TOPICS OF LOCAL AND GENERAL INTEREST TO PHOENICIANS.

Lowney's chocolates at Boyle's.

The old reliable, Boyle the Druggist.

Hannam's milk suffers no addition or subtraction.

New and second hand goods sold by R. J. Gardner.

See Miss McDonald, milliner, for Singer sewing machines and supplies.

Miners, attention. If you want solid comfort, stay at Hotel Brooklyn.

Sewing machines to rent, $3 per month. See Miss McDonald, milliner.

For Sale.—Old Miners' Union hall. Apply to John McInnis, chairman Board of Trustees.

David Oxley is putting in two small stores on Knob Hill avenue, adjoining the Summit hotel.

Business with the C. P. R. at Phoenix has increased to such an extent that Agent Haley has been given another clerk.

A. S. Hood is manufacturers agent for "Pharaoh" and "Pebble" cigars. Mail orders promptly filled in any quantities at factory prices.

Sarsaparilla, as every one knows, is the best spring tonic. Ask for Churchill's. One hundred doses for one dollar at Thomas Drug Co., Ltd.

Many are looking forward to the Strachan-Spence entertainment, to be given at the Presbyterian church Wednesday evening, June 27th.

Wet weather this week bothered the crew putting in the side pole line for the Cascade Water, Power & Light Co., around the Rawhide mine glory hole.

The arrival of a little daughter gladdened the hearts of Mr. and Mrs. J. E. W. Thompson Sunday, the event taking place at the Phoenix General hospital.

Plans have been drawn for the new postoffice and custom house in Phoenix, which is expected to be located opposite Miners' Union hall on Aetna avenue, almost adjoining the Pioneer block. It will be a one-story structure.

The staff of the Phoenix General hospital gave an impromptu dance at Miners' Union hall Wednesday evening, which was much enjoyed by the goodly number present. It was intended to give it in the main ward of the hospital, but the arrival of a couple of patients necessitated a change of plans.

Next Monday evening a meeting of the celebration committee will be held at the city hall. More subscriptions to the fund have been made almost daily, and on Monday the committee will call on all subcribers to cash up. Everything is working out satisfactorily for a big time on the 2d and 3d of July here.

Mrs. Silas Smith of Phoenix and Mrs. Roland Goose of Rossland, received on Friday last the sad news of the death of their father, Dr. R. M. Nelson, of Newfoundland. Dr. Nelson also leaves a widow and a son in Newfoundland. Mrs. G. O. Buchanan and Miss Sarah Nelson, residing in Kaslo, B. C., are sisters of the late Dr. Nelson.

Members of the Phoenix Fire Brigade Band are hoping for a large attendance at the ball to be given by the organization next Wednesday at Miners' Union hall. No subscriptions have been asked of the public to pay the balance on the new set of instruments recently purchased, and the boys trust that every one in Phoenix will purchase a ticket and attend.

Next week Friday the junior division of the public school will close for the summer vacation, one week ahead of the usual time. Miss Wall, the teacher, takes that week to attend the teachers' institute at Victoria, afterwards going to her home in Vancouver. Special exercises will be held Friday afternoon in Miss Wall's room, but Principal Thornber's pupils will not be dismissed till the following week.

City Council.

The followiug notes of last week's meeting of the city council were crowded out of our last issue:

The city assessor was directed to begin the work of preparing the assessment rolls for the year 1906 by the 7th of June, and to report the same to the council by July 4th. He is also to prepare the assessment roll for the enlarged Phoenix school district, and was authorized to go to Rossland to procure a transcript of the provincial assessment roll for the purpose of making up his new school district assessment roll.

On a petition from residents and ratepayers from the west end of Brooklyn avenue, the board of works was authorized to have the city team and two men work on that street for 20 days, in making improvements.

The city clerk was directed to charge the cost of the damage to Banner street, resulting from a broken water main, to the Phoenix Electric Lighting Co., the amount being $15.

A road scraper was ordered purchased, a sidewalk ordered laid in front of the new Oxley building on First street, and D. L. McIntominey was appointed city scavenger, with a bond of $200, to be subject to the same rules and regulations as his predecessor, J. B. Macaulay.

Boyle, the Druggist.

J. L. Martin will buy International Coal shares.

Purity first consideration by Boyle the Druggist.

Dr. Mathison, dentist, at his office, Bank block, June 10th to 14th.

Special attention given to Miners' Dinner Buckets at Hotel Brooklyn.

Prescriptions a specialty at Boyle's.

Palmer Cook has purchased the residence of John A. Miller, on upper Old Ironsides avenue.

R. V. Chisholm, of the Hotel Alexander, has taken a lease on the Delahay apartment house.

When feeling like having just a wee drappe Scotch, call at the Brooklyn and have a wee taste McCallum's Perfection.

L. Liljenberg has leased the Victoria house on Old Ironsides avenue, from George Huston, and expects to be ready for business next week.

A. Galloway, from Grand Forks, was in town this week, with the first of his home-grown strawberries, and will hereafter make trips to Phoenix twice weekly with his fruit.

That Back Yard Assessment. Our Chloride of Lime, at 25c. a can, and Crude Carbolic Acid, at 25c. a pint, will do the work in twenty-four hours. —Thomas Drug Co., Ltd.

If you want deeds, mortgages, leases, bills of sale, agreements or documents of any kind promptly and carefully prepared, go to A. S. Hood, Notary Public, Bank Block.

Rev. J. Wesley Miller, B. A, is now installed as supply at the Methodist church, in the absence of Rev. J. Wellesley Whittaker, B. A., who is taking a vacation, visiting his old home in England, till September.

Charles Anderson, a miner, formerly employed in Phoenix, after working two days at the St. Eugene mine at Moyie, was killed there last week Thursday by an explosion. He was 26 years of age, and leaves a wife in Sweden.

Boundary Side Lights

Greenwood's band cleared $100 at the benefit dance last week.

Born, in Grand Forks, Monday, June 11, to the wife of Jeffery Hammar, a daughter.

J. W. Ellis, of the staff of the Greenwood Times, was presented with a son by his wife, a few days ago.

The Franklin camp stage now leaves Grand Forks thrice weekly. Last Saturday the stage had ten passengers.

Alderman D. J. Sullivan, of Greenwood, was married last week in that city to Miss Violet Holmes, of Chesaw.

Land sale for unpaid taxes will be held by the city of Greenwood on July 23d, the list occupying six columns in the Times of that city.

The Yale-Columbia Lumber Co. has cruisers in the field securing the best of the timber limits up the North Fork of the Kettle river. It is understood that this company is taking over the Boulais sawmill at Danville.

OPENING MINERS' UNION OPERA HOUSE

Large Audience Was Present Last Night.

As the Pioneer was being printed last evening, the formal opening of the new Miners' Union Opera house was being held, and a large audience was present in the spacious auditorium. The programme was arranged by local talent entirely, and nearly everybody turned out to help the cause along. Following is the programme prepared for the occasion:

1. Chorus, "Sailing," with song and dance, "Here Comes a Sailor."
2. Piano Solo, Miss Targett.
3. Solo, "The Lighthouse Bell," George D. Turner.
4. Scotch Character Dance in costume, Percy Wilkinson.
5. Solo, "Adrift," Robt. Horrell.
6. Recitation and Dance, "The Minuet,' Jean Crawford.
7. Quartette, "Stars of the Summer Night," Messrs. Horrell, Crawford Jackson and Turner.
8. Farce Comedy, "Gertrude Mason, M. D.,"—Gertrude Mason, M. D., Mrs. W. J. Cramer; Bertha Lawrence and Ella Grey (her friends) Miss L. Moser, Mrs. J. N. Campbell; Miss Jane Tompkins, aged spinster, Miss Leita Wallace; Mrs. Van Style, Miss K. Clark; Nora, Mrs. I. Crawford; Marie, Mrs. J. A. Morrin.
9. Solo, Mrs. Knott.
10. Comic Song, Leslie Walter.
11. Quartette, "A Soldier's Farewell," Messrs. Horrell, Crawford, Jackson and Turner.
12. Solo, "Down Among the Dead Men," Robt. Thompson.
13. Comic Song, Chinese character, Alfred Baglow.
14. Baton Swinging, Claude McAstocker.
15. Comic Song "What Did I Do," Harry Jackson.
16. Chorus, "Auld Lang Syne."

God Save the King

Austin Lewis, the San Francisco Socialist lawyer, lectured in Miners' Union hall last Saturday evening to a large audience. The lecture was almost entirely about the recent earthquake in Frisco, and was interspersed with many anecdotes of that terrible occasion.

L. Y. Birnie has received word from Vernon that some copper claims on Okanagan lake, about ten miles from Vernon, in which he has an interest, have been bonded to Louis Pratt, manager of the Last Chance mine, and N. J. Cavanaugh, of the Slocan Star, Sandon, who will arrange for an early start on development work.
