VOL. VI. PHOENIX, BRITISH COLUMBIA, SATURDAY, JUNE 24, 1905. No. 33

The Best of Everything Is For the First Comer

We invite you to come at once and select your requirements from the following:

Ladies' Shirt Waists

We are showing much the finest line in the above we have ever had in stock ranging in price from 75c. to $4.00

New Wash Neckwear

Just received 10 dozen of the above in the very newest designs, selling rapidly at 25c. to $1.50 each.

The Hunter-Kendrick Co. Ltd.
THE BIG STORE

Silk Parasols

This season we are showing a much larger range of Parasols than hitherto, in the very latest creations --- plain colorings, Navy, Black, Brown, Green, also Persian designs. Price within reach of everybody from $2.00 to $6.00.

In our Gents' Furnishing Dept. the stock is complete and up-to-date.

See our Show Windows.

Grocery Dept.

Swift's Premium Bacon
Swift's Cooked Ashland Hams.
Swift's Summer Sausage
Swift's Pigs Feet
These are particularly appetizing.

Summer Drinks

Sovereign Brand Lime Juice | Hite's Root Beer

Regular shipments of Strawberries, Oranges, Bananas, Lemons and Lettuce, Spinach, Onions, Rhubarb, and Turnips direct from the growers.

Tetley's Teas

Everything in Hardware.

Fruit Jars all Sizes.

MORRIN, THOMPSON & CO.

BROOKLYN TO START AGAIN

D. D. Mann President of New Company.

Important Mines Will Soon Be in Operation.

It is now definitely known that the plan announced some time ago, and published in the Pioneer, by which the *Dominion Copper Co. takes over the* properties of the Montreal & Boston Consolidated, has materialized, that a meeting of those interested in the east has been held, and new officers have been chosen. D. D. Mann is president of the new company, and W. H. Moore is secretary. The names of the other officials have not yet been given out.

The meaning of this, which was received by wire here this week from the east, is that the Brooklyn group of mines in this camp, and Boundary Falls smelter will once more be operated to the fullest capacity, and in fac the capacity increased. The exact date for the reopening of the mines is not known, but it is confidently believed to be within a few weeks, and possibly sooner.

The following dispatch has been published regarding the new arrangements of Montreal & Boston:

New York, June 21.—The new management of the Montreal & Boston Consolidated Mining & Smelting Company has announced the sale of its mines and property to the Dominion Copper Company and that the latter is about to make an issue of bonds to amount of $1,500,000 to discharge the past debts of the Montreal & Boston and for further development and improvement.

GRANT MORE COUNTRY LICENSES.

Boundary Creek Commissioners Met Here on Wednesday.

Wednesday afternoon the board of license commissioners for the Boundary Creek license district met in Black's hotel, pursuant to adjournment at Grand Forks, there being present Chairman Ernest Miller, Arthur W. Lawder and M. D. White, all of Grand Forks, and the chief license inspector, D. J. Darraugh, of Eholt. The following were granted renewals of retail liquor licenses: J. A. McMaster for Union hotel, Eholt; J. A. Rendell, Northern hotel, Eholt; Norman H. Luce, Summit hotel, Eholt; Thomas Wake, Boundary Falls hotel, Boundary Falls; M. W. Ludlow, Windsor hotel, Denoro; Hans Peter Thompson, Vendome hotel, Anaconda. J. P. Black withdrew his application for a license for the Columbia hotel, Eholt, and C. H. Thomet withdrew his for the Oakland hotel, Midway. The board adjourned to meet again June 24th, at 11 a.m. at Grand Forks.

The most knotty question the board has had to deal with was whether two licenses should be given at Cascade, the inspector recommending but a single license there. Chas. H. Thomas, who has conducted the Cascade hotel there for seven or eight years, asked for one, and J. A. Bertois, who secured one last year for his B. C. hotel, also wished a license. Altogether the present payroll at Cascade runs from 40 to 50 men. In the early boom days there were 17 licenses.

So far in a week four meetings have been held of the commissioners, with another for today, when the Cascade business is to be settled. At Tuesday's meeting at Grand Forks, the Cascade matter brought out an array of legal talent. J. A. McDonald, of Rossland, leader of the provincial opposition, and H. C. Hannington, of Grand Forks, was there to look out for the interests of Mr. Bertois. while C. A. Sutton, of Grand Forks, represented Mr. Thomas.

L. B. Hodge, local manager of the B. C. Telephone Co., left last week with Mrs. Hodge on a three months' visit to Scotland.

Great Northern engineers were cross-sectioning on Dominion avenue yesterday, and Monday Contractor Fisher will commence the work of completing the grading that the railway left uncompleted last winter on Dominion avenue and School street.

COMING AND GOING

Mike Callahan returned this week from a visit to Spokane.

I. B. Morrison, starts Monday on a trip to the booming town of Hedley.

Neil McCallum, of Grand Forks, spent a day or two in the city this week.

Mrs. W. S. Doyle started Wednesday on a visit to friends at Sheboygan, Michigan.

William S. Torney, proprietor of the Union hotel at Eholt, was in the city last Wednesday.

A. B. W. Hodges, general superintendent of the Granby Co., went to Spokane yesterday.

Julius Ehrlich sent his wife and family to Colfax this week to spend the summer with relatives.

Mrs. S. A. Grierson and children, of Greenwood, left over the Gt. Northern Wednesday for Duluth.

J. G. Whitacre, of Nelson, who disposes of a carload of pianos now and then, was in camp Tuesday.

Mrs. John Y. Hill and family went over to Rossland last Monday, where they will make their home.

Hugh McGuire who is now conducting one of the lively hotels in Oroville, was here early this week.

Right of Way Agent Snapp, of the Great Northern, came in on Thursday's train, and proceeded west.

R. L. Botsford registered from the far distant clime of Sarawak, Borneo, at the Hotel Balmoral this week.

Smith Curtis, of Rossland, was a visitor in the city Monday, on one of his periodical business trips to the Boundary.

A. F. McMillan left Thursday on a trip to Lethbridge, and points further east, after spending nearly two weeks here.

E. W. Monk, representative for the Kootenays for the Hamilton Powder Co., was over from Nelson Thursday on one of his regular visits.

E. G. Warren, the manager of the Greenwood Electric Co., has returned from a trip to Quebec, having been accompanied by Mrs. Warren.

H A. Small, the veteran traveller of Vancouver, and who claims to be the first to sell a bill of goods in Phoenix, was a caller on local firms this week, after an extended seige of illness.

Gilbert McEachran, manager for the Cascade power concern in Phoenix, started Monday over the Great Northern for a two or three weeks' vacation to his old home at Mt. Forrest, Ont.

Sidney Rosenhaupt, one of the officials of the Spokane Boundary Mining Co., Ltd., which is operating the Last Chance mine, a short distance below the city, came in Monday on a visit of inspection.

W. J. Prendergast and Robert G. Mack returned Monday from a trip to Franklin camp, North Fork of Kettle river district, where they made some locations in the two weeks they were gone.

A party consisting of W. McNeil, S. Pendergast and J. S. Cooper, of Sauk Centre, Minn., and L. D. Brown, of Little Falls, Minn., spent a day in the city this wsek, on the way to Bolster, Wash., where they are interested in the Rainbow group of claims. While here they visited the Granby mines.

Court of Revision Held.

Thursday the annual court of revision, to hear objections, if any, to the tax rolls as made by Assessor Mathison, for the year 1905, was held at the city hall. Aldermen Birnie, Brown and Carson were present, the former being chosen as chairman. One or two objections to the assessment were made, but the court finally decided that the city assessor had placed equitable valuations and confirmed the entire roll.

The assessment of the city for 1905, according to sub-divisions, is as follows:

	Imp.	Land	Total
Rumberger...	$ 46,400	$50,875	$ 97,275
Old Ironsides.	65,100	89,050	154,150
Dominion Copper.....	4,700	21,250	25,950
Total....	$116,200	$161,175	$277,375

No Charge to Ladies on Opening Day.

Since the opening of the new bowling alleys late last week, R. H. Karatofsky reports that interest in the sport is increasing every day, the alleys being patronized almost all the time by the young, the old and the middle aged. Mr. Karatofsky says that he does not wish to deprive the ladies of a chance to enjoy this healthful exercise, and will set apart Tuesday afternoons for the exclusive use of the fair sex. Next Tuesday will be the first ladies' day, and there will be no charge of any kind on this opening day for the use of the alleys by the ladies, the hours being from two to six.

PAT DERMODY WAS IN JAIL

And Other Ex-Employees of Providence Co.

New Directors Insist on Running Things.

The ioneer was informed yesterday that Patrick J. Dermody, formerly foreman of the Granby mines, but latterly occupying a similar position at the Providence mine, was reposing behind the steel bars of the city jail at Greenwood. Not only that, but he declined to come forth, seemingly enjoying his surroundings to the utmost. In addition to this, John Beck, the new foreman for the Providence, was arrested for assault by one Angrignon, a former employee of the mine, and also put in jail, but was bailed out. All told, there were half a dozen or more miners accepting the hospitality of the Greenwood bastile for a time.

It all came about because of the sudden change in management last week, by which W. S. Macy was made managing director, in place of Mark F. Madden, of Chicago, and W. M. Law secretary, in place of W. T. Hunter, of Greenwood. When this was done Mr. Dermody was told that no special change in the operation of the mine was intended, but that he must take orders from Mr. Macy. When the latter asked for the paysheets to settle with the miners, Mr. Dermody refused to give them up, but he and Mr. Hunter certified to them, and the latter gave his personal checks for the amounts, taking an assignment from the men. Then something was doing without delay. Mr. Macy discharged Mr. Dermody, and appointed John Beck in his stead. Later Mr. Dermody insisted on staying on the company's ground, and was arrested for trespass. When no charge was made against him, he was told he could go, but after consulting with Solicitor Hallett, he decided that he enjoyed the atmosphere of the Greenwood strong room so much that he would stay there for a time.

The Greenwood directors and shareholders wish to see the rich Providence mine worked and pay dividends once more, as it did when they conducted it before, and as it has failed to do since the Chicago people took the management last fall. They also wish to be given a square deal all around, and assert they have not had it, by a good deal. Having allowed things to run in that unsatisfactory way for months, they are determined now to take hold themselves within the limits of the law, and force a square deal. The Madden end has not been heard from yet, but doubtless will be shortly, and more developments will come up.

PLANS FOR THE MINING ENGINEERS.

American Institute Here Next Thursday.

Next week Thursday the party of American Institute of Mining Engineers will visit the Boundary, on their way to Victoria, where the annual meeting will be held, followed by a trip to Alaska and the Klondike. Before coming to the Boundary the party of from 100 to 200 will visit Nelson and Rossland each for a day. In Nelson they will be given a trip on Kootenay lake, and in Rossland they will see some of the mines and perhaps visit the Trail smelter.

Arriving in Grand Forks early Thursday morning, the special solid train of Pullmans will be switched to the Granby smelter, and Supt. Hodges, of the Granby Co., will have charge of the party. They will be shown through the extensive reduction works, and be served with a lunch at the smelter, after which a special train is expected to bring the engineers and their wives to Phoenix, arriving here early in the afternoon. When the mines here have been seen, in the course of two or three hours, the party will return to the Granby smelter, and late that night go on to the coast. If possible, a banquet will be served in their honor at Grand Forks, and Mr. Hodges, a member of the institute, will go to Victoria with the party, and attend the sessions.

Boundary Mining Notes

G. W. Cornish has bonded the Capital Prize, adjoining the Helen.

The Providence mine is once more on the shipping list, and the Skylark is shipping again this week.

It has been decided not to make any more shipments from the Last Chance for a month or two, but to place all the men on development.

Frederic Keffer, manager of the British Columbia Copper Co., was in the city last Saturday on his way to New York, where he goes to meet the directors of the company.

Unwatering of the Jewel, in Long Lake camp, has been finished, and the property sampled by engineers for the LeRoi No. 2 at Rossland, with a view to taking a bond.

On the Crescent and Preston, adjoining, there is great activity, and systematic development is being prosecuted on both properties. Both mines will probably do some shipping before the summer is out.

A rumor was current last week that the Granby Co. had made an offer of $480,000 for the Brooklyn group in case the Montreal & Boston capitalists did not take up their past due bond. No confirmation of the report could be secured.

This week the Great Northern placed in use the first of the new and larger steel ore cars, for the run between Phoenix and the Granby smelter. They are built to hold 50 tons each, but will easily carry ten or fifteen tons more, and are labeled with the V., V. and E. title.

Walter G. Perkins, formerly head assayer at the Granby smelter, and later assistant superintendent of the Northport smelter has accepted a position as superintendent of a new smelter to be built in Nevada by capitalists for whom John H. MacKenzie, formerly manager of the LeRoi, is acting.

MINERS' UNION BUYS OPERA HOUSE SITE

Selects Corner of Knob Knob Hill Avenue and School Street.

No small amount of interest has been shown locally over the location of the new opera house and hall, to be erected this summer by Phoenix Miners' Union. After several sites had been considered, the choice narrowed down to the northwest corner of Montezuma street and Dominion avenue, or the northeast corner of Knob Hill avenue and School street, each site having exactly 50x100 feet. The first named would have cut into the skating rink, and the latter is opposite the public school. The first site would have cost the union $300, and the latter $500, these figures being nominal.

In order to settle the matter so that every member of the union should have a voice, it was decided at last Saturday night's meeting of the union to have a ballot on the question. This was taken by the union on Tuesday, and resulted in 43 votes being cast in favor of the Dominion avenue site and 151 votes for the other location, which was owned by A. F. McMillan.

Thursday Mr. McMillan informed the Pioneer that the deed for the property had been made out and is in the bank, and part of the purchase price has been paid. The contract calls for the beginning of work on the new building within sixty days, and that the building shall cost not less than $6,000. It is more than likely that a building costing $8,000 will be erected. It will face on three streets, Knob Hill, School and Aetna avenue, and be within 100 feet of the Pioneer.

BUILD FROM MIDWAY WEST

Said to Be the Plan of the V., V. & E.

Steel Ordered Laid on Line From Curlew.

Whether anything is done at Ottawa or not regarding the V., V. & E. charter, it now seems certain that the link in the line from Midway to Oroville will be constructed without further delay. Porter Brothers have received orders to lay the steel on the 14 mile stretch from Curlew to Midway, as soon as possible. This piece was graded last summer, but the iron was not put down then. Recently the railway physician has been in Midway looking up a site for a construction hospital, contractors have been renting buildings there, and the long desired and long deferred work is, seemingly, about to begin.

The Pioneer is informed that the construction on this side of the line has been let to J. W. Stewart, and that the work will be in charge of Mr. Stewart's partner and brother-in-law, Patrick Welch, who had charge of the construction on the Phoenix extension last year.

As to the construction of the line from Midway to Greenwood and thence to a connection with the present Phoenix branch at Summit camp, nothing has been learned, but this is also believed to be part of the programme.

Will Visit Republic.

At a regular meeting of the Phoenix Athletic Association, held Wednesday evening, it was decided to accept the invitation to go to Republic on July 4th with a hose team and compete for the $50 and $25 prizes for hose reel racing. It is expected also that a team from Grand Forks, and possibly one from Greenwood, will be present, the Greenwood band also going. A special train will be run from Phoenix to accommodate those who wish to attend the celebration in Uncle Sam's country on that day. The team that will visit Republic is expected to be made up of the following: H. A. Munroe, W. X. McDonald, Percy Wilkinson, J. O. Church, Palmer Cook, Wm. Hower, Bert Samworth, Jas. Morgan, W. J. Prendergast and Frank Kester, with O. N. Galer as manager.

The association decided not to accept the invitation to go to Nelson on Dominion day and compete in the hose reel races, for the reason that it was thought that the rules had been drawn up in a manner that would specially favor the Nelson team.

Latest Prices in Metals.

NEW YORK—Copper, electrolytic, $15.00@$15.25; lake, $15 00@ 15.25
Bar Silver, 58⅞
Lead, $4.50 at $4 60.

BOUNDARY ORE TONNAGE.

The following table gives the ore shipments of Boundary mines for 1900, for 1901 to 1902 for 1903 for 1904, and 1905, as reported to the Phoenix Pioneer—

Mine.	Camp.	1900	1901	1902	1903	1904	1905	Past Week

Through the medium of its militant mayor, Nelson continues to add to the gaiety of the municipalities.

The white dove of pence is endeavoring to alight. If Russia has been sufficiently humiltated and Japan does not want too much, the bird is more than likely to find a perch pretty soon.

If there is any known impediment to railway legislation that has not been thrown in the way of the V. V. & E. bill at Ottawa, it must have been overlooked by the railway barons of Canada. Should the bill pass, it will have gone through a pretty severe gauntlet.

Our neighbor, the Greenwood Times, asserts that it has had goods on the way from Montreal, over the C.P.R. for 38 days and they are not in sight yet. This reminds us of the shipment of printing ink sent from Toronto to the Pioneer in November, 1903, over the C.P.R.—and it has not yet reached Phoenix.

Canada is a great country; it has great railways and a great postal system. But with all its greatness, it still requires two days to transmit mail matter between Phoenix and Spokane, places directly connected by rail, and with passenger trains operated 365 days in the year. What a comment on the postal system of the Dominion.

The efforts of the Nelson Tribune in opposition to the V., V. & E. are, of course, disinterested. Its publishers are just the people to play the subject up to the extent of a few dozen columns, more or less, and reprint the matter in thousands of pamphlets and scatter them broadcast—all for the love of the cause. How can this be other than pure patriotism; for surely no one else, not even the C.P.R., would foot the bills. Not at all.

Next Thursday Grand Forks and Phoenix will be visited by the American Institute of Mining Engineers, a body of men that stand head and shoulders above all others in metallurgical matters. These men have heard of the Boundary mines and smelters, where operations are carried on with such economy as to compare favorably with similar work anywhere on the globe, and they will have a chance to see for themselves how it is done. The visit will surely do no harm to the Boundary, but on the contrary will bring it to the notice of men at the head of their profession.

WHAT EDITORS SAY

ON WITH DINNER—Vancouver has a Mr. Fries, Seattle a Mr. Boil, Spokane a Mr. Roast. Now if some other town can dig up Mr. Coffee and Mr. Salad, on with the dinner, and let joy be unconfined.—Vancouver World.

NO MISTAKE—No man can make a mistake in helping a church. Whatever mistakes may be made by church members now and then, the church as a whole stands for good and the elevation of mankind.—Cranbrook Herald.

PRINCETON HEARD FROM—The last resort of the Province is the publication of a map which might have been sketched by a long-legged spider dipped in ink for all there is any truth in it.—Similkameen Star.

THE SAME—Is that Roosevelt who is unloosing the meek doves of peace, the same Roosevelt who stormed San Juan hill and who killed eight bears with his own lily white hands?—Montreal Herald.

AND THE NAVY—Non-combatants have been ordered to leave Vladivostock. In some quarters that order would be considered to include the Russian army.—Toronto Star.

Chills Prove Fatal.

If warmth and circulation are not promptly restored, chills result in fatal pneumonia. This necessitates keeping nerviline on hand. Taken in hot water it breaks up a chill in two minutes. By rubbing freely over throat and chest it prevents colds. No liniment so strong, so penetrating, so swift to kill pain and inflammation. Nearly fifty years' record has proved the value of Polson's Nerviline. You should get a bottle to-day.

PROVINCIAL.

Vancouver proposes to do away with all saloon licenses.

On the list for the Dominion day celebration are Vancouver, Nelson, Moyie, Nakusp, Princeton.

J. F. Bledsoe has been chosen by the Liberals of Alberni to contest the coming by-election.

It is definitely announced that the C.P.R. will build part of the Kootenay Central railway this summer.

The Vancouver World is now the property of L. D. Taylor and Victor Odlum, Mrs. S. A. McLagan having sold her interest and retired.

The C.P.R.'s crack steamer, Princess Victoria, on the 70 mile Victoria-Seattle run, is now making it inside of three hours and a half—beating all previous records.

Coughers, Hawkers, Spitters!

Public expectoration is against the common law, against the laws of health also. When the throat tickles, that's the time you need "Catarrhozone"; it soothes away the irritation, cuts out the phlegm and loosens the tight feeling. You'll quickly cure that catarrh and throat trouble with Catarrhozone. It positively prevents new attacks and cures catarrh forever and for all time to come. Don't take our word for it, try Catarrhozone yourself. Once used you'll be delighted with its pleasant and helpful influence.

Distinct Innovation.

A distinct innovation will be inaugurated this season by the Northern Steamship Company, which operates the magnificent steamships the "Northwest" and "Northland" on the Great Lakes and which sail between Duluth, Chicago and Buffalo.

Heretofore the service on these boats has entirely been European plan but this year it has been arranged to place in effect an American plan service on both the "Northwest" and "Northland." The first sailing of the "Northwest" from Duluth will be June 27th and the "Northland" from Chicago June 24th.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, Price 75c per bottle.
Take Hall's Family Pills for constipation.

B. C. MINING

Trouble at the Nanaimo coal mines still continue — the collieries being closed.

May's pay roll at the mines of the Crow's Nest Pass Coal Co. amounted to $123,053.

Rossland ore shipments last week were 5,420 tons, making 157,194 tons for the year to date.

A Toronto syndicate has closed a deal for the Windsor group, in the Lardeau, for $50,000. The ore is claimed to average $50 per ton in gold.

A nugget of gold weighing two ounces was found on the Greenhorn property near Nelson last week. Considerable local excitement was caused by the rich find.

The use of loose blasting powder is to be discontinued in the mines of the Crow's Nest Pass Coal Co. One of the permitted explosives sanctioned by the British government is to be substituted, probably "roburite."

STRICTLY BUSINESS

While there is life there is always hope for the firm that advertises judiciously.

In preparing newspaper ads it is well to remember that news is what readers desire.

The rule continues to hold that the most liberal advertising secures the lion's share of business.

Short stories and tell them frequently is an excellent motto for most advertisers.

Good advertising is the fuel that keeps the business fires burning mertily.

Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and buises. It will effect a cure in one-third the time required by any other treatment. For sale by all druggists.

OLLA PODRIDA

The most popular book at watering places this summer will be the—pocket book.

It is easy to breakfast in bed if you will be satisfied with a few rolls and a turnover.

Why they call a sensational report a canard is because one can-ardly believe it.

General Sevenyearich would be the man to bring the Rusians up to the scratch.

The Chicago papers call the tornado "she"—probably because it made a bustle in the outskirts.

Where there's a will there's apt to be a conscience. One touch of humor makes the whole world chin.

Twelve to One.

Poplar seems to be happy and has one hotel to every twelve inhabitants. The citizens meet all express trains, and many of them have gold nuggets concealed in their clothes. There seems to be plenty of hope and gold in the camp, but the gold has no legs. It cannot walk out to the railroad and load itself into the cars. If it could Poplar would soon be the greatest camp on earth.—Fernie Ledge.

In The Supreme Court of British Columbia.

IN THE MATTER of the Estate of John Rundquist deceased.

NOTICE IS HEREBY GIVEN that on the 17th day of May 1905 it was ordered by Mr. Justice Martin that A. C. Sutton be administrator of all and singular the estate of John Rundquist, late of Phoenix, B.C., deceased intestate.

Every person indebted to the deceased is required to make payment forthwith to the undersigned and every person having in possession effects belonging to the deceased is required forthwith to notify the undersigned. Every creditor or other person having any claim upon or interest in the distribution of the estate of the said deceased is required before the 26th day of June, 1905, to send by registered letter addressed to the undersigned his name and address and full particulars of his claim or interest and a statement of his account and the nature of the security (if any) held by him.

After the said 26th day of June the administrator will proceed with the distribution of the estate, having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, B.C., the 19th day, 1905.

A. C. SUTTON,
Official Administrator, Grand Forks, B.C.

What Causes Appendicitis.

The commonest cause of appendicitis is constipation. When you require physic don't use cheap drastic pills—get Dr. Hamilton's Pills which strengthen the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you'll feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, lift depression and drive away weariness. No medicine so successful as Dr. Hamilton's Pills, sold everywhere in 25 cent boxes with yellow cover; get the genuine.

The Illinois Central

Maintains unexcelled service from the west to the east and south, making close connections with trains of all transcontinental lines. Passengers are given their choice of routes to Chicago, Louisville, Memphis and New Orleans, and through these points to the far east.

Prospective travellers desiring information as to the lowest rates and best routes are invited to correspond with the following representatives: B. H. Trumbull, Commercial Agent, 142 Third St., Portland Ore.; J. C. Lindsley, Trav. Passenger Agent, 142 Third St., Portland, Ore.; Paul B. Thompson, Passenger Agent, Coleman Building, Seattle, Wash.

Sued by His Doctor.

"A doctor here has sued me for $12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used, as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

Canadian Pacific Railway Summer Excursion Rates East.

The Canadian Pacific Railway announce low return rates to eastern points account following conventions: Imperial Council Mystic Shrine, Niagara Falls, N.Y., $76.25; International Sunday School Convention, Toronto, $76.65; International Turnerfest, Indianapolis, Ind., $67.65; National Educational Association, Asbury Park, N.J., $85.35; Christian Endeavor Convention, Baltimore, Maryland, $81.25; American Institute of Instruction, Portland, Me., $92.70; Annual Meeting B. P.O.E., Buffalo, N.Y., $76.25. All tickets good for 60 days. For dates of sale, particulars of routes, and berth reservations, apply to local agents, or write, J. S. Carter, D.P.A., Nelson B. C.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.

THE PHOENIX PIONEER

And Boundary Mining Journal

Is published in the heart of the greatest and most productive gold-copper camp in the Dominion of Canada.

In five years more than 2,500,000 tons of ore have been mined and smelted here, with a valuation of over $12,500,000. And the industry is only in its infancy.

The greatest mines of the Boundary are at Phoenix—not one or five miles distant, but in front of, behind and beneath the Pioneer office. Consequently, from our vantage point we believe the Pioneer can give you the best, latest and most reliable news of the mines and smelters of the Boundary.

The Pioneer is worth $10 per year—but it costs only $2, if the coin comes with the order. Make all orders payable to the

COPPER

The new edition of the COPPER HANDBOOK lists and describes 3,311 copper mines and copper mining companies, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most condensed and greatest-able form.

There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of Copper and everything pertaining to the metal.

It is the World's Standard Reference Book on Copper

Every Miner, Prospector, Investor, Banker, and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morrocco, and the book, in either binding, will be sent, fully prepaid, on approval, to any address in the world, to be paid for if found satisfactory, or may returned within a week of receipt and the charge cancelled. *Address the Author and Publisher,*

Do You Want A Copy?

There are a few copies left of the Minwinter-Number of the Pioneer. They were held for a special order, but were never claimed, and will be disposed of to the first comers.

The issue contains 32 large pages and cover with nearly 100 illustrations, thoroughly describing the large mines and smelters of the Boundary.

Just the thing to send to friends far away, telling them of the Boundary and of Phoenix.

The Pioneer spent a thousand dollars in publishing this number, but you can get them, while they last, at 25 cents each.

MINERAL ACT.

Certificate of Improvements.

NOTICE.

"Little Chief" Mineral Claim, situate in the Greenwood Mining Division of Yale District.

Where located: Skylark camp.

NOTICE IS HEREBY GIVEN that I, John P. McLeod, as agent for William M. Hanna, Free Miners' Certificate No B95577, intend, sixty days from the date hereof to apply the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 5th day of June, A.D. 1905.

J. P. McLEOD.

THE OBSERVATORY

Things Talked of at Home and Elsewhere

Fred Simpson, the "Old Man" of the Cranbrook Herald, has been taking a well merited vacation at the coast while visiting the annual meeting of the Odd Fellows of the province. While there the brothers of the three links honored Mr. Simpson by making him Deputy Grand Master of the province.

On his way to Ladysmith where the convention was held, Mr. Simpson stopped at Halcyon, which popular summer and winter resort has recently changed hands, Thos. McNaught retiring as manager in favor of a well known Rossland hotel man. Here is the way Simpson refers to the matter, and he speaks as though he knew all about it:

"Halcyon Hot Springs has changed management and Thomas McNaught retires and is succeeded by the debonar Harry McIntosh, of Rossland, the most successful hot air artist in the hotel business in western Canada. McIntosh will make a success at Halcyon. He 'saveys' and the public will soon discover the fact. We look to see Halcyon one of the most popular resorts in the west within twelve months time, both for the sick and the well."

Speaking of East Kootenay editors, they must be a flourshing lot, for no sooner does Simpson start on a trip through the province than Lowery, he of the Fernie Ledge—who is throwing the hot shot into Mayor Stork 52 times a year because the latter attempts to boycott the Ledge—also takes a run pretty well all over the Kootenays. Then Fred Smyth, of the Moyie Leader which has recently enlarged and thereby proved the prosperity of the place, has hied himself to the Portland Exposition to see what is going on in the Trail. All this is fairly good evidence that things are running smooth with the scribes of East Kootenay—and may it run even smoother, is our wish.

The Vancouver Province is a great paper—perhaps. A short time since, in its extreme desire to oppose the cause of the V. V. & E., and if possible prevent that Hill railway from going into the Similkameen district, it unloaded itself of the following, which is surely ample proof of the broad-minded and public spirited style of its utterances:

"We have seen a great city grow up in the United States through Canadian-made gold. We have seen Seattle merchants, gasping for breath one day, waxing fat and insolent the next, when the golden millions of the Yukon were poured into their waiting laps. Are we going to sit idly by while they wax fatter and more insolent through the riches of the Similkameen being diverted to them, through the influence of traitorous newspapers, struggling to get out of the pawnshop, and purchaseable politicians? Surely not. The Province would rather see the Similkameen remain undeveloped for another generation than that its wealth should go to prop up the fortunes of people on the other side of the line. Let us not forget the bulldog of the British flag and the grand old motto that ought to come home with peculiar force to every business man in Vancouver to day:

"'What we have we'll hold.'"

The Source of Neuralgia.

It runs hand in hand with poor blood and weak nerves. Health runs down, nerves get irritable, neuralgia trouble follows. For the moment applications may relieve—but to thoroughly cure, the system must be strengthened with nutritious blood.

What can equal Ferrozone? It increases the appetite, forms abundance of rich life-giving blood, supplies nutriment and building material for worn-out nerves. Ferrozone completely cures neuralgia. Every root and branch of the disease it kills. Absolute success in every case. Stop suffering—fifty cents buys Ferrozone. Fifty chocolate coated tablets in a box at any drug store.

An Elegant Summer Book.

"Restful Recreation Resorts," the 1905 summer book issued by the passenger department of the Oregon Railroad & Navigation Company, contains 48 pages and cover. The book is printed on heavy white paper, 58 cuts being used to illustrate the trips up and down the Columbia river, to the mountains, beaches, inland resorts and fountains of healing. The cover is in three colors, adding materially to the beauty and effectiveness of the publication, which may be had by sending two cents in stamps to A. L. Craig, Portland, Ore. It is a good thing to send to your friends in the East who expect to visit the Lewis & Clark Exposition.

Farmers, Mechanics, Sportsman!

To heal and soften the skin and remove grease oil and rust stains, paint and and earth, etc., use the "Master Mechanic's" Tar Soap. Albert Toilet Soap Co. *Mfrs*

THE MINES OF FRANKLIN CAMP

Rank Higher Than Many in the Boundary.

Opinion of Member of Fourth Estate.

W. L. Hull was connected with the press of the Boundary several years ago and was well known in this section; but he reformed, got married and went to Chicago to live. In the Windy City he organized a mining company, and recently, Mr. Hull has been visiting in the Boundary again. Here is what he says about the claims of Franklin camp, a section now rapidly coming to the notice of the investing public.

"I was five weeks in the camp and visited all the properties of any prominence. I have had assays made which convince me that Franklin will rank considerably higher than any camp of the Boundary for surface showings. At present the McKinley is the leading claim of the camp. They have an enormous amount of ore in sight in their surface cuts, and there is nothing in the formation to indicate that this ore will not go down. The crosscut tunnel is now on the verge of reaching the ore in place; in fact they have gone through a stringer of good ore two and one half feet in thickness, which is evidently an off-shoot from the main vein. I have no hesitation in predicting that this will be a wonderful property.

"On the same mountain are other promising claims which only need development to prove their worth. Among these I might name the Ajax, Jumbo, I. X. L., Bryan, Pay Ore and Gold King.

"On Banner mountain the Banner claim has had the most development work. It shows 32 feet of ore of an average value of $8 per ton in a tunnel 220 feet in length, and in one of the surface cuts in a high grade shoot of ore smelter returns gave values of $66. The Bullion, adjoining the Banner, is a crown granted claim that has the same lead and shows values. The Aldie, Homestake, Deadwood, May, Big Three and Annex all need development work, but have good surface showings. North of the Banner the Alpha has been opened up this spring to a certain extent. The lead shows 92 feet in width and over 800 feet in length, with plenty of copper in sight and good values in the quartz. Below this the Verde and Hennikin both have nice surface showings.

"Some of the highest grade ore of the camp comes from the Gloucester claim, on Gloucester creek slope of Banner mountain. A tunnel is now in 140 feet and will probably reach the vein within between 20 and 30 feet more of work. A shaft is down 50 feet in the vein and the bottom is high grade copper ore. Three men have been working steadily on this claim since last September and are steadily pushing the tunnel ahead. In the vicinity of the Gloucester are the G. H., Golden Age, Mountain Lion, Tiger and Montezuma claims, all of which have surface showings to warrant extensive development work.

"As to the camp in general, there is plenty of timber for mining purposes, water in abundance for both domestic use and the development of electrical power, and in general exceptionally advantageous circumstances for economical mining by means of tunneling."

Church Services Tomorrow.

St. Andrews' Presbyterian Church, Service tomorrow at 11 a. m. and 7:30 p. m. Sunday school and Bible class at 2:30 p. m. Rev. E. C. W. MacColl, B. A., pastor. A cordial welcome to all.

Methodist—Services at 11 a.m. and 7.30 p. m. at the new church, the pastor preaching at both services. Sunday School at 2.30 p. m. A hearty invitation is extended to all. C. W. Whittaker, B. A., pastor.

Catholic—Church of Our Lady of the Good Counsel.—Divine Service every 2nd and 4th Sunday of each month. Holy Mass, 10 a.m. Sunday School, 2:30 p.m. Vespers and Benediction, 7:30 p.m. Father J. A. Bedard, O-M.I., Pastor.

No Competition.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the relief and cure of bowel complaints both in children and adults has brought it into almost universal use, so that it is practically without a rival, and as everyone who has used it knows, is without an equal. For sale by all druggists.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, the First Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

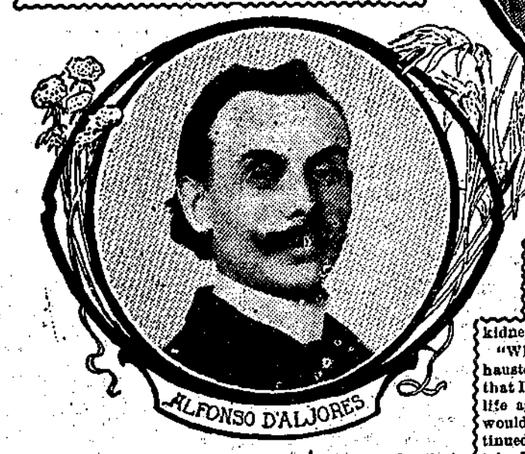
Prominent Persons Who Have Been Cured.

Daniel D. Bidwell, Supervisor, Notary Public and a member of I. O. O. F., 160 Pearl street, Buffalo, N. Y., writes:

"Having used Peruna for a short time, I desire to write you as to my present condition.

"When I obtained Peruna I was suffering from chronic indigestion and kidney and bladder trouble. It seemed to help the circulation at once. My digestion is now perfect and my kidneys and bladder do not trouble me in any way. In fact, I give Peruna the entire credit.

"Hoping that your remedy will reach all sufferers in a similar case, and thanking you, I remain,"—Daniel D. Bidwell, N. P.



A South American Cured by Pe-ru-na.

Count Alfonso d' Aljores, of 287 Plaza del Torro, Buenos Ayres, South America, while visiting in Chicago, wrote from 247 Cleveland avenue, that city, as follows:

"I used Peruna a short time ago to build up my system, which was all run down from overwork, worry and a cold which had settled in my back and kidneys, causing me serious annoyance and trouble.

"When I returned home from work at night, I was so exhausted and worn out, together with the pain in my back, that I felt I would never be able to take up the burden of life again in the morning, but when morning came I would get out somehow. This dragging through life continued for a couple of months, when I decided I would take Peruna.

"I am glad to state that I found it just the medicine for me. In a couple of months I was restored to perfect health and strength, and my work was no longer a burden. I therefore endorse your medicine as worthy of the confidence of the sick."—Alfonso d' Aljores.

Dangerous Kidney Diseases Cured.

At the appearance of the first symptom of kidney trouble, Peruna should be taken.

This remedy strikes at once the very root of the disease.

It at once relieves the catarrhal kidneys of the stagnant blood, and prevents the escape of serum from the blood.

Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain.

It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

A remedy that cures all the catarrhal derangements of the kidneys should certainly be considered a household necessity. Peruna is such a remedy.

A Prominent Merchant Restored to Health By Pe-ru-na.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city, and also a member of the Masonic Order, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results.

"Peruna is the only remedy which was really of any benefit to me. It seemed to act in perfect harmony with the system, eliminating the poisons, stopping the ravages of the disease and gradually restoring me to health and strength.

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

All correspondence held strictly confidential.

J. A. McMASTER Proprietor.

In and Around Phoenix

BRIEF TOPICS OF LOCAL AND GENERAL INTEREST TO PHOENICIANS.

The old reliable, Boyle, the druggist.

Dey, the Jeweler, guarantees all repairs.

Quality first, price next; Boyle, the druggist.

J. L. Martin will buy International Coal shares.

Prescriptions our specialty, Boyle, the druggist.

Dr. Simmons, dentist, Balmoral hotel July 9 to 12.

The Phoenix baseball team beat a picked nine last Sunday by a score of 5 to 4.

Dr. Matheson will be at his dental parlors, Bank block, as usual, from July 10th to 14th.

W. D. Parker returned this week from spending a couple of weeks at Chewelah, Wash.

Wadds Bros., photographers of Nelson and Vancouver, are about to start business in Greenwood.

Just received, Enamelled Souvenir Brooches, Hat Pins, Sash Pins, and others. Geo. E. Dey, the jeweler.

Wedding invitations and announcements promptly executed in the latest styles in the Pioneer Job Department.

For the first two weeks of June the collections at the Phoenix custom house were more than for the entire month of May.

Phoenix Socialist League meets Tuesdays, 7.30 p.m., Miners' Hall. Readings from Socialist authors given. Discussion invited.

Jay Cramer has been added to the force of the postoffice, Miss Noble, who has been there for a couple of years, retiring on the first of July.

William Yolen Williams, formerly of Phoenix, but now of Spokane, was in Rossland recently, and told the Miner of his interesting trip to the old world.

Mrs. S. A. McCormack and her daughter, Miss Maud DeSpain, left for the south Sunday, and expect to visit the Portland Exposition before they return.

John Ericson, a Finn, died of typhoid pneumonia in the Greenwood hospital last week Wednesday. He was employed in Phoenix mines last winter.

Did you get a copy of the Midwinter Number of the Pioneer for that friend in the east? If not we have a few left that can be had at two bits each, ready wrapped for mailing.

As the Pioneer was being printed last evening, the members of Phoenix Aerie No. 158 were giving a Ladies' night at Miners' Union hall, with a programme and a dance.

Hans Gustave, of Rossland, has leased the Central hotel from August Jackson, and has taken possession. Frank Anderson, the former lessee, will take a trip west of here.

Monday, July 3rd, there will be a joint installation of the new officials of the Odd Fellows of the lodges from Grand Forks, Greenwood and Phoenix. It will occur in Phoenix.

A. L. White, formerly secretary of the Granby Co., and now located in Spokane as vice-president of the Spokane Traction Co., will probably accomyany the party of the American Institute of Mining Engineers next week on its trip to the Kootenays and Boundary.

M. H. Roy has purchased the Butte hotel property from James McCreath, and expects to take posession about the middle of July, on which date the present Miners' Exchange hotel will be given up. Robert Barr, at present in the Butte, is anticipating taking hold of something attractive in the hotel line at Copperfield in the Similkameen country, and directly on the route of the new railway.

Boyle is the druggist.

Souvenir Jewelry at Dey's.

Dey, the Jeweler for Enamelled Souvenirs.

The city fathers failed to hold the the usual weekly gathering last Wednesday.

The public school closed yesterday for the summer holidays. It will reopen in August.

Born—In Grand Forks, Saturday, June 10, 1905, to Mr. and Mrs. Hugh Crosby, a daughter.

R. H. Karatofsky announces that he has been appointed the official agent for Hazelwood ice cream in Phoenix for the year 1905.

The new 20,000 gallon tank built by the light and water company in the ravine near the large Granby compressor, has been completed and placed in use.

City water mains are being extended a block on the New York townsite to accommodate the residences of G. W. McAuliffe and T. H. Richards and others.

The highest score so far obtained on the new bowling alleys is said to be 228, secured by Ronald MacColl—which is said to exceed any score yet secured on the Greenwood alleys.

The topics in the Presbyterian church tomorrow will be in the morning: "The Strength of Weakness"; and in the evening: "Behold the Man." The choir will sing an anthem at the evening service.

Alex Greig has dissolved partnership with Hugh McDonald in the conduct of the Bellevue hotel, having sold out to Mr McDonald. Mr. Greig has not yet announced what he will do. Greig & McDonald have been in the business here for about four years.

Alderman James Marshall looks happy this week, for the long delayed heavy timbers for the lower floors of his new $20,000 hotel have begun to arrive, and from now on the work of construction is expected to be pushed with all possible despatch. A force of about a dozen men is employed.

Capt. George Smith, Dr. Boucher, A. B. Hood, O B. Smith, Jr., L. Y. Birnie and W. S. Macy spent last Saturday in endeavoring to entice the finny denizens of the North Fork of Kettle river. They went up as far as five miles above the Volcanic mine, but did not require a wagon to bring home their catch.

Last Saturday afternoon the Granby mine whistle gave the fire alarm for the Granby works—five long blasts, repeated. The old office building, now used by three or four men as sleeping quarters, was all ablaze, which was extinguished by two streams of water directed on it by many willing hands. This log house is one of the landmarks of this camp, having been the first office of the Old Ironsides Mining Co., the Knob Hill Gold Mining Co., Ltd., the Grey Eagle Gold Mining Co., Ltd., and the Granby Con. Mining and Smelting Co., Ltd., before the four were consolidated into the present Granby Co.

Spencer-DeVoine Wedding.

Last Saturday Louis Devoine, an employee of the Granby mines, and bride, formerly Miss Alice Spencer, arrived back from Walla Walla, Wash., where they were married, and have settled down in rooms in the Graves-Williams building. Of course, they were given an enthusiastic welcome. The wedding occurred at the residence of the bride's mother last week Thursday, the bride being a half sister of W. S. Macy, and having visited here for some time.

All Over the Boundary

Gus Strom and Wm. J. Reed were declared British subjects in county court at Greenwood last week.

The Eholt Trading Company is opening a branch store at Midway, to be in charge of E. Burting, for some time in the Denoro store.

Walter S. Keith, formerly of the Boundary Falls smelter, has accepted the position of superintendent for the Takilwa smelter at Waldo, Oregon.

James R. Brown, of Fairview, has been gazetted as assessor and collector for the Kettle River Assessment district, in place of Chas. A. R. Lambly.

A wedding is announced for L. M. Hale, of the Great Northern, and Miss Ethel Hay, daughter of Mr. and Mrs. Charles Hay, for June 28, at Grand Forks.

W. G. McMynn, gold commissioner at Greenwood, will leave Scotland on the 24th inst. for Canada, and will be in Ontario for some time before returning to British Columbia.

The police commissioners of Grand Forks have decided to retain the services of only one police official, the services of Constable Savage being dispensed with at the close of the present month.

At the Greenwood record office during the month of May there were issued 466 free miners licenses, and four company licenses; 32 locations, 95 certificates of work, and 19 transfers were recorded.

The city council of Grand Forks wishes to reduce expenses, and seems to have one man too many in the employ of the city. But the aldermen cannot agree on who shall be the man to be let out.

Arthur H. Lawder, of the city of Grand Forks, has been gazetted as a member of the Board of Licensing Commissioners of the Boundary Creek License District, in place of Edward A. Rainey, resigned.

Arthur Wheeler has been spending a week or two up the West Fork of Kettle river, gathering material for the special West Fork edition of the Greenwood Times, which will be published in book form some time next month.

Inspector David Wilson of the public schools, was in Greenwood last week and held an entrance examination. Nine candidates wrote, representing four schools. Entrance examinations began last Monday in Nelson, Rossland and Grand Forks.

The survey party for the pole line for the West Kootenay Power and Light Co., which will bring Bonnington Falls water power into the Boundary, reached Cascade this week, L. A. Campbell, the manager of the company, also visiting Cascade this week.

If the boys don't put up better ball than they have been playing the police should stop the Sunday games. The ball being played is a greater crime in the eyes of baseball enthusiasts than Sunday playing can possibly be to the Sabbath observance people.—Greenwood Times.

Pat Burns, the British Columbia cattle king, has been working a first class mine called the First Thought, a few miles below the Boundary line, not far from Cascade, and the property is shipping regularly. Now Mr. Burns and associates are operating another property called the Napoleon, in the same vicinity, and report has it that it is the intention to output 4,000 or 5,000 tons monthly from this mine by the end of the year.

The C.P.R. will at once commence the work of surveying its lands in this district. The work will consist of running 60 miles of blocks, outlines to define blocks to which crown grants were issued to that corporation in September, 1901. It is thought that it will take at least three months to complete the work. The survey will commence at a point 18 miles east of Eholt, and will be carried north another 18 miles, the party then working south until the work is finished.

GOOD WORK BY "SWEET FAMILY."

Presbyterian Ladies Give an Excellent Entertainment.

Last Wednesday evening the Ladies' Aid of the Presbyterian church gave an entertainment at the church, consisting of a short programme, followed by a farce, the "Sweet Family," together with refreshments. There was an excellent audience present, and the entertainment was thoroughly enjoyed. Mrs. Crawford was particularly good as the mother of the Sweet family, and in fact every one of the seven daughters took their parts well, including Mrs. Cramer, Mrs. Mills, Miss Noble, Miss McKenzie, Miss Moffatt, Miss Clark and Mrs. Morrin.

In the preliminary programme Mrs. Boucher and Mr. Cramer gave an instrumental piece; Mrs. Knott and Mr. McCurrach a duet; Jay Cramer a recitation; the Bell girls a pleasing exhibition of club swinging, and the male quartette rendered a number, each of which was well received and appreciated.

Rev. E. C. W. MacColl presided by invitation, but when he came to announce the farce, he spent some minutes publicly registering his objections—for the first time—to its taking place in the church, and then left the building. Those who witnessed the farce assert that there was no objection whatever to it.

Jas. McRae, who has been spending a month at Hedley, doing some of the best photographing ever seen in the Similkameen, was joined by his brother Duncan, and left for Princeton, Nicola and Spences Bridge. From the latter place he expects to take the C. P. R. to the coast and view the sights at the Portland Exposition before returning to Phoenix.

Dissolution of Partnership.

NOTICE is hereby given that the copartnership heretofore existing between Alexander Greig and Hugh McDonald, under the style and title of Greig & McDonald, as proprietors of the Bellevue Hotel, at Phoenix, B.C., is this day dissolved by mutual consent.

All bills owing the said firm must be paid to the said Hugh McDonald and all accounts due by the said firm will be settled by said Hugh McDonald.

All bills owing the said firm must be paid on or before the 15th day of July, 1905.

(Signed)
ALEX. GREIG.
HUGH McDONALD.

Dated at Phoenix, B.C., this 17th day of June, 1905.

Application for Transfer of Liquor License.

NOTICE is hereby given that I intend to apply at the next meeting of the Board of License Commissioners for the Corporation of the City of Phoenix for the transfer of the license now held by me to sell liquors by retail on the premises known as the Central hotel, corner Old Ironsides avenue and Second street, Phoenix, B.C., to August Jackson.

(Signed)
FRANK ANDERSON.

Dated at Phoenix, B.C., this 19th day of June, 1905.

Application for Liquor License.

NOTICE is hereby given that I intend to apply to the Board of License Commissioners of the Corporation of the City of Phoenix, at its next meeting, for the granting of a license for permission to sell liquors at retail on the premises known as the New Brooklyn Hotel, southwest corner of Dominion avenue and Phoenix st., known as Lots 10 and 9 Block 1, Rumbergers sub-division, in the City of Phoenix, B. C.

(Signed)
JAMES MARSHALL.

Dated at Phoenix, B. C., this 15th day of June, 1905.

Application for Transfer of Liquor License.

Notice is hereby given that I intend to apply at the next meeting of the board of License Commissioners of the Corporation of the City of Phoenix, for the transfer of the license to sell liquor by retail on the premises known as Black's Hotel, situate on lots 11 and 12, block 5, of Rumberger's subdivision of Phoenix, from myself to R. V. Chisholm.

(Signed)
J. B. MACAULAY.

Dated at Phoenix, B. C., this 16th of June, 1905.
