## CHIEF OF POLICE FLOOD RESIGNS

### To Take Effect on 1st Day of July.

The quarterly statutory meeting of the city police and license commissioners was held last Wednesday evening, there being present Acting Mayor Marshall and Alex McDonald. The chief item of business was the acceptance of the resignation of C. H. Flood as chief of Police, to take effect at the end of June. It has been the intention of the commissioners for some time to reduce the police force to one man, who will be on duty largely at night, and after the last day of June W. H. Docksteader, night watchman, will be the only man left on the force.

The board adjourned to Wednesday, July 12th, when applications for renewals of retail liquor licenses, for new licenses and for transfers, will be considered. It is likely that there will be several applications for new licenses at that time.

### COUNCIL PAID BILLS AND ADJOURNED.

**Much Effort Put Forth to Secure a Quorum of Aldermen.**

With the mayor in Toronto, one alderman in the Similkameen, another at New Westminster and still another down on Fourth of July creek, it required some hustling last Wednesday to secure a meeting of the city fathers—a most necessary meeting just then. The license commissioners had to meet, according to statute, but with one commissioner 100 miles west of here and the mayor 2,500 miles east, it was not easy. So a team was sent for Alderman Carson. Then, when the council met, Alderman Marshall was appointed acting mayor, and with Commissioner McDonald it was possible to have a meeting of the licensing and police boards.

There were present at the council meeting Aldermen Birnie, Brown, Carson and Marshall, and besides appointing an acting mayor, the only business done was passing and ordering the payment of the following accounts:

| | |
|---|---|
| N. Lemieux | $ 24.08 |
| Yale-Columbia Lumber Co. | 82.53 |
| McIntyre & McDonald | 41.00 |
| B. C. Telephone Co | 25.20 |

| Total | $396 98 |

**New Bowling Alley Opens.**

R. H. Karatofsky has just opened his new bowling alleys in the McHale building. He has spared no expense in the installation of the latest and best Brunswick-Balke-Collender alleys, and they are already getting a most liberal patronage from those interested in the sport. Alterations were necessary to the building, costing about $1,000, while the alleys themselves represent an additional expense of between $1,200 and $1,500. The alleys are the regulation size, and are beautifully finished, and the best in the Boundary.

A good deal of interest has already been manifested here in bowling, and some clubs are likely to be formed, to enjoy the sport. It is also Mr. Karatofsky's intention to set apart one afternoon a week for ladies, if they desire it.

### "SWEET FAMILY" PROGRAMME.

God save the King.

Ice cream and other refreshments will be served at conclusion of programme.

## B. C. COPPER IS EXPANDING

### Company's Capital Stock Is to Be Doubled.

### J. J. Hill to Secure 40 Per Cent.

The following is from the Boston Commercial of June 10th, regarding the expansion of the British Columbia Copper Co., Limited, owning and operating the Mother Lode group of mines and smelter, near Greenwood:

"It is stated that it is the intention of the British Columbia Copper Company to double its capital and that interests affiliated with J. J. Hill have an option on 40 per cent of the stock of the company, as increased. It is also understood that these interests will exercise this option if they can get a sufficient amount of the stock in the market to give control.

"The capital stock of the company at present is $2,000,000 in shares, of a par value of $5, which are selling about 7¼ and have been as high recently as 7¾, which was an advance of about $3 per share or 60 per cent on the quotations of a month or so ago.

"It was only a few months ago that control of the Granby property passed to J. J. Hill connections. That gave a control of about 552,000 tons of ore production and 16,024,415 pounds of copper output. This latest acquisition of control of the British Columbia Copper Company will, if it is carried through, give control of a further amount of 210,434 tons of ore, and an output of copper of 5,081,743 pounds.

"James J. Hill is now building a line of 110 miles which will aid in developing new properties being opened up by the British Columbia Copper Company. This company, since the completion of its plant, has for the two months of March and April produced net approximately $50,000.

"The company has considerably in excess of $100,000 in cash on hand, while current liabilities fall considerably short of that sum."

## GRANTED SEVERAL HOTEL LICENSES

### Commissioners Will Hold Two More Meetings.

Thursday afternoon, pursuant to notice, the semi-annual meeting of the license commissioners of the Boundary Creek license district met at Grand Forks, to consider renewals and new and transferred liquor licenses outside of incorporated cities. The full board was present, consisting of A. Lauder, M. H. White, and E. Miller, together with the chief license inspector, D. J. Darraugh, of Eholt, when the following were granted:

J. J. Bassett, Hartford Junction hotel.

Sam Larson, Riverside hotel, Rock Creek.

Samuel Crowell, Crowell's hotel, Midway.

Lewis E. Salter, Spokane hotel, Midway.

S. Dahl, Central hotel, Midway.

C. M. Crouse, Lancashire hotel, Midway.

J. McPherson, Boundary Falls.

Lewis Bros., Boundary Falls.

A. Gustavson, Denoro.

Another meeting of the board was held yesterday at Grand Forks to consider Cascade applications, among others, and on Wednesday, the 21st inst., the board will meet in Phoenix to consider Eholt applications.

**Phoenix Second to Nine.**

R. R. Gilpin, customs officer at Grand Forks, makes the following detailed report of the customs receipts at the various sub-customs offices, as reported to the chief office for the month of May:

| | |
|---|---|
| Grand Forks | $3,199.31 |
| Phoenix | 1,290.04 |
| Greenwood | 1,126.67 |
| Cascade | 580.99 |
| Midway | 88.62 |
| Midway | 86.20 |
| Keremeos | 58.01 |
| Osoyoos | 18.07 |
| Carson | 6.88 |
| Total | $6,449.69 |

**Miss Wallace to Portland.**

Last Saturday those who had been taking an interest in sending Miss Leita Wallace, of Phoenix, to the Portland fair, through being one of the most popular in the Spokesman-Review voting contest, telephoned to Spokane to withdraw her name. It is claimed that credit was not given for ballots due for subscriptions sent, but which were acknowledged, hence the withdrawal. One who claims to know asserts that the Spokane paper will lose at least $350 by this, as 35 daily subscriptions were about to be forwarded. It is also stated that Miss Wallace will be sent anyway by those interested.

## COMING AND GOING

Blake Wilson, of Nelson, was a visitor here early in the week.

Mrs. Danny Deane is spending a few days in Grand Forks.

David Whiteside, solicitor of Grand Forks, came up on Tuesday.

Noble Binns, ex-mayor of Trail, came over from the smelter city this week.

Mayor Rumberger left Spokane last Sunday for a short trip to Toronto and the east.

Fred Bouchie started Wednesday for a month's drive through the Similkameen country.

C. E. Lane, head electrician for the Granby Co., came up from the smelter on Wednesday.

Mrs. Dan Martin and Mrs. Hugh Reed left Monday for a trip to Toronto and Montreal.

W. M. Walker, of Nelson, travelling auditor of the C.P.R., spent a day in the city this week.

George B. Paul, of the Greenwood smelter, was in the city Sunday, seeing his family off to Spokane.

Judge Spinks was a visitor in the city early in the week on his way to county court at Greenwood.

Mrs. W. J. Fraser started Monday for a two months' trip to her old home at New Glasgow, Nova Scotia.

Mrs. A. W. Haley started Wednesday on a six weeks' visit with her sister to St. Ann de Baupre, Quebec.

Mrs. C. E. Legg returned Saturday from a several weeks' visit with friends at Chewelah and Grand Forks.

George H. Collins returned Sunday from a trip to Nelson, where he saw the Marconi wireless exhibition.

J. M. McCloskey, of Phoenix, the blind entertainer, is now travelling through the Crows Nest country.

V. M. Sherbino went over to Oroville this week, where he will open a butcher shop on his own account.

Mrs. John Campbell has returned from Vancouver, where she went to accompany her sister, Mrs. H. Moore.

Andrew Willey, engineer for the Cascade Water, Power & Light Co., was in the city from Cascade last Sunday.

William Spier, manager of the Eastern Townships Bank at Grand Forks, spent two or three days in the city this week.

E. L. Vaughan, electrician at the Cascade sub station, returned early this week from a visit with his parents at Victoria.

Jay P. Graves, manager of the Granby Co., after spending a couple of days in camp, returned to Spokane last Saturday.

Miss Atterberry and Miss Cora Atterberry, teachers in the Franklin school at Spokane, are visiting Mrs. W. S. Macy for a few weeks.

James H. Leet, of Spokane, was in the city Tuesday, after attending the meeting of the directors of the Providence Mining Co., at Greenwood.

The wife and children of King J. Rees, bookkeeper for P. Burns & Co., at Greenwood, left for an extended trip to Boston on Wednesday last.

A. F. McMillan, one of the largest individual real estate owners in the city, came in last Saturday from the east and has been spending the week here.

Mrs. M. M. Stevens, wife of the Great Northern agent here, left Thursday with her children for an extended visit to her old home at Collingwood, Ont.

George W. Wooster, treasurer of the Granby Co., returned to his Grand Forks home last Sunday, after signing some 400 checks to pay off the men at the company's mines.

W. D. Boyce started yesterday on a visit to his parents in Markdale, Ont., and expects to see St. Paul, Chicago and Detroit before returning a couple of months hence.

Archie F. Berry, secretary of Phoenix Miners' Union, No. 8, returned Sunday from Salt Lake City, where he attended the annual convention of the Western Federation of Miners, having been gone some three weeks.

Ernest Mills, of Greenwood, came in yesterday from attending the convention of the Western Federation of Miners, recently held at Salt Lake City, where he was elected on the general executive committee of that organization.

The Misses Hodges, who have recently returned from Brunot hall, Spokane, came up from Grand Forks Thursday with their father, Supt. Hodges, and Miss Tait, art teacher at Brunot hall. That evening the ladies were taken through the Granby mines.

**Latest Prices in Metals.**

NEW YORK—Copper, electrolytic, $15.00@$15.25; lake, $15.00@15.25.
Bar Silver, 58½.
Lead, $4.50 at $4.60.

## TO INCREASE THE FORCE

### More Men at the Granby Mines.

### Company Has Bond on the Gold Drop.

Between preparing the mines for shipping 700 or 800 tons of ore more per day than at present, making a total daily output of between 2,500 and 3,000 tons, and in attending to the large amount of improving taking place at the company's smelter, incidental to the installing of two more blast furnaces, Supt. Hodges, of the Granby Co., is a pretty busy man. He found time, however, on his trip to Phoenix this week to tell the Pioneer man something of what has been done recently and may be done in the future.

With the blowing in of the two new furnaces, some time about the end of July, somewhat of an increase of the force of men employed at the mines here will ensue. Just how many additional men will be required to get out the increased tonnage is not yet known, but probably between 50 and 100 will be needed.

The crosscut being driven at the bottom of the winze from the 300 to the 400 foot level of the Old Ironsides mine is now in 225 feet, every inch of it in ore—and ore of a grade that makes the officials of the mine smile broadly when it is referred to. If further drifting, sinking and crosscutting, as expected, proves this ore zone to be of a large size, it adds very largely to the value of the Granby mines. Besides this, the ore contains a goodly percentage of lime, a most desirable attribute. After a time it is the intention to sink further to the 500 foot level, and all of these workings will be connected with the new main three compartment shaft, soon to be started from the surface.

**BOND ON THE GOLD DROP.**

The Granby Co. has secured a bond on the Gold Drop group, adjoining, and surface and diamond drill prospecting are now being prosecuted on that property, in connection with the work being done on the Monarch, where a glory hole is being opened.

The Gold Drop consists of the Gold Drop, Nugget and Gold Drop fraction, and has had several thousand feet of work done, mostly in the shape of tunnels. It was owned by the Gold Drop Mining Co., Ltd., in which Thos. C. Brainerd, of Montreal, and others interested in the Hamilton Powder Co., hold a controlling interest. The matter of the bond has been under consideration for some time, but it is now in shape, and payments have been made. The price of the bond has not yet been made public.

August Jackson, who owns the Central hotel here, was over from Rossland this week, and proceeded Tuesday to Hedley, where he is building another hotel in anticipation of early railway construction into the Similkameen district.

C. W. Whittaker, formerly in the Klondike, and lately appointed as minister for the Methodist church in Phoenix, has not yet arrived from the north to take up his work in the chief mining town of the Boundary, but is expected at any time.

## Boundary Mining Notes

Six furnaces are in blast at the Granby smelter again.

On the Golconda, in Deadwood camp, the long tunnel is now in 550 feet.

An important ore body has lately been discovered on the Mother Lode, and is now being prospected.

Water is still being kept out of the Brooklyn and Stemwinder mines, pending the arrival of mining engineers for examination.

Returns from the last Skylark shipment were about $70 per ton from the second class ore to Nelson and some $38 from the third class ore to Granby.

Work on the new surface tramway to connect the No. 2 tunnel with the No. 1 ore crusher, at the Granby mines, is in an advanced condition. It will be ready by the time the new smelter furnaces are put in commission.

At a meeting of the Providence directors held this week at Greenwood, Managing Director Madden was replaced by W. S. Macy, Secretary W. T. Hunter was replaced by W. M. Law and Solicitor W. A. McDonald was replaced by David Whiteside. Mr. McDonald was also dropped from the directorate, and further developments are expected shortly.

### BROKE BASEBALL RECORDS.

**Phoenix and Greenwood Piled up an Awful Score.**

A game of base ball (?) was played last Sunday in Greenwood between the local nine and one from Phoenix. There was $100 to be played for, and each member of both teams seemed determined to make the total score as high as possible. They were quite successful, for together they accumulated 59 runs, of which Phoenix secured 39 and Greenwood 20. Of course the Phoenix boys brought back the $100 with them, to say nothing of hundreds of other good dollars that formerly belonged to Greenwood people, the result of side bets.

For the first few innings the game was not so one sided, but soon the miners began to pile up the score till it was evident that they would come out far in the lead. Then, of course, they grew careless, or they might have had a hundred or two runs to their credit at the end of the ninth inning. As it was, all previous records for large scores were distanced, and in order that the names of the players may be enrolled for all time we append the line up:

| Phoenix | | Greenwood |
|---|---|---|
| Atkinson | catcher | Thompson |
| Irwin | pitcher | Haynes |
| Strutzel, J. J. | 1st base | Madden |
| McClung | 2nd base | Thomas |
| Strutzel, H. B. | ss | Dill |
| Sherbino | 3rd base | Medill |
| McAstocker | left field | Clert |
| Clark | centre field | Coles |
| Cook | right field | Nelson |

**Mr. Rueger and the Skylark.**

C. E. Rueger, a mining engineer of Butte, spent several days in camp this week. Mr. Rueger's father originally owned the Skylark claim in Skylark camp, which was bonded to Phoenix people last fall for $30,000, when the Ruegers thought the mine had been gutted. Mr. Rugers visited the property to see where all the ore came from that had enabled the bonders to meet payments on the bond sometimes before they were due. He was not a little pleased at the manner in which the property had been opened up in the last eight months, and complimented the management on what had been accomplished.

If you cannot be a booster, do not be a knocker; or, if you must be a knocker, be sure and knock knockers first of all, and boost your own town and district.

Japan only asks for $650,000,000 and a few other things as an indemnity from Russia to stop the war. Looking at it from afar, it begins to appear that Japan will get all she is asking for, before she gets done with the downtrodden subjects of the might czar.

It seems pretty certain that as long as John Houston is mayor of that city, there will be things doing in Nelson. Just at present his forces are in a minority in the city council, and it makes warm times, while the rate payers cannot but wonder what will be the outcome.

Politicians over in the Kootenays have it all figured out that Premier McBride is preparing for another appeal to the country some time this fall. If this should prove to be the case, the Liberals will have a chance to prove their strength once more. As the present government, however, is stronger than when it went into power, it is more than likely to be a fruitless campaign on the part of the Grits.

For three months regular passenger trains have been running into Phoenix over the Great Northern extension to this city. And yet mail from the south for Phoenix, Greenwood, etc., is still thrown off at Grand Forks and held there an entire day, so that it can be brought up the hill twenty-four hours later on the C.P.R. A subscriber asks the Pioneer when this will be changed, and we give it up; but if Premier Laurier or Postmaster-General Mulock had their homes in the Boundary, it would have been changed before this.

Some persons think, and justly, that when a mine once ceases operations, it is a bad sign, and no one can tell when it will resume. In the case of the Brooklyn group in this camp, however, conditions are such that it is far from likely that the property will remain closed for any length of time. The ore is desirable for smelting, the property is well developed and has an immense tonnage in sight, it is well equipped with machinery and trackage facilities, and has some of the best ore in the Boundary. If the present company does not do business soon, it is next to certain that the mine will be acquired by interests that will work it actively and for all that it is worth—and it is worth hundreds of thousands of dollars.

Munroe & Munroe may not have made much money out of their flotation of the Montreal & Boston Consolidated, but appearances indicate that they will be made independently wealthy from their promotion of the several Marconi wireless companies. Within the last week the firm has given practical exhibitions of the working of the invention in several Kootenay towns, and has received probably from $50,000 to $75,000 in subscriptions for shares from that section alone. They control the companies for Canada, United States, England and Australia.

## WHAT EDITORS SAY

WERE PREPARED TO GO.—It is a great comfort to us to reflect that some of those Russian cruisers were of the "converted" kind. Their end was so sudden.—Toronto Star.

ASK DUNCAN ROSS.—The Greenwood Times has been enlarged. It seems to be a good thing for a newspaper to have its editor a member of parliament.—Cranbrook Herald.

NOT CONVINCING.—The Globe never did, and does not now, approve of the policy of shutting American railways out of Canadian territory. The "patriotic" arguments of the railway interests are not convincing.—Toronto Globe.

"CZAR" OF NELSON.—We trust that the outside world will not get a wrong impression from the newspaper row that is going on in Nelson. John Houston has been frequently referred to as the "Czar of Nelson," a fact which probably accounts for his fear of assassination. It would be unfortunate, however, if the impression got abroad that a similar condition of affairs exists in the interior of British Columbia to that in Russia.—Victoria Colonist.

**Thousands Die of Constipation.**

No condition causes so many incurable diseases as constipation. It not only prevents the kidneys from eliminating the poisonous wastes, but causes anaemia, stomach trouble and indigestion. Why don't you use Dr. Hamilton's Pills and get cured? This excellent medicine restores normal bowel action in one night. Thousands say so. Your system will be pure and clean, you'll be free from headaches, no more sour stomach—in short you'll have jovial spirits and perfect good health. Dr. Hamilton's Pills are sold everywhere, 25c. a box. Get the genuine.

**B. C. at Portland Fair.**

The president of the Lewis & Clark Centennial Exposition of Portland has written to Sir H. G. Joly de Lotbiniere, Lieut.-Governor of B. C., saying that the management has decided to set apart the period commencing Monday, July 3 and ending Saturday, July 8, as British Columbia week. This is a great honor to the province of British Columbia, and should be taken advantage of by all who intend visiting Portland to honor the occasion and by their presence insure the success its importance deserves. It is hoped that parties will be made up from every city and town, and all are assured of a hearty welcome. A Dominion Day celebration has already been arranged for the First of July.

**Distinct Innovation.**

A distinct innovation will be inaugurated this season by the Northern Steamship Company, which operates the magnificent steamships the "Northwest" and "Northland" on the Great Lakes and which sail between Duluth, Chicago and Buffalo.

Heretofore the service on these boats has entirely been European plan but this year it has been arranged to place in effect an American plan service on both the "Northwest" and "Northland." The first sailing of the "Northwest" from Duluth will be June 27th and the "Northland" from Chicago June 24th.

**Beware of Ointments for Catarrh that Contain Mercury,**

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, Price 75c per bottle.

## B. C. MINING

Copper prices are ranging higher this year than for any year since the boom prices of 1901.

Rossland ore shipments last week were 5,225 tons, making a total of 151,734 tons for the year.

The Kingston, Horsefly and Pollock groups have been added to the list of working mines in Hedley camp.

The St. Eugene, Moyie's big silver-lead mine, will declare a dividend of $70,000, or two cents a share, on July 1st.

The Slocan Star mill is turning out from 30 to 40 tons of zinc per day. Over 750 tons were stackd up last month.

A ten drill compressor is being put in at the Silver Dollar, in the Lardeau. Mining operations are progressing favorably at the property.

From Windermere comes favorable reports of mineral developments. A large amount of rich ore is now being sent down the river by steamboat to Golden.

J. P. Swedburg, formerly the owner of the Granite mine, near Nelson, has sold his Eagle creek properties to W. H. Spencer and associates. The consideration is $40,000.

The Portland mine, Aspen Grove, will have an electric power plant to harness the Quilchena river. The plant will supply power for the Portland and adjacent properties.

The Alice mine, Creston, is working 30 men and shipping 40 tons of silver-lead ore to Nelson daily. The concentrator will be kept running as long as the water supply holds out.

The Marysville smelter is in active operation, about 60 to 70 tons of ore is being treated, and about 100 tons roasted daily. The daily product of the smelter is about 100 pounds of bullion, containing silver, lead and gold.

**What Causes Snoring.**

When asleep, people that snore breathe through their mouth instead of the nostrils which are choked with catarrh. Just use "Catarrhozone" before retiring and you'll quickly cure the snoring habit. By destroying the cause of catarrh and healing the membrane, Catarrhotone makes a complete cure in every case; it cleans the nostrils, stops the discharge and prevents dropping in the throat in a few minutes. Nothing so pleasant or certain to cure snoring, catarrh or colds as Catarrhozone—that's worth remembering.

## STRICTLY BUSINESS

How much do you buy that you do not first see advertised?

Don't be satisfied to "let well enough alone," but advertise and get more business.

Nowadays business is made to grow by using plenty of good advertising to cultivate new trade.

Any business will grow with steady strides under the influence of good advertising and good management.

**Sued by His Doctor.**

"A doctor here has sued me for $12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used, as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

**Coleman Coal, 600 Tons Daily.**

The International Coal & Coal Co., at Coleman, is making excellent progress these days. At the beginning of the week the company finished pumping out the slope, which filled up with water during the recent strike, and sinking is again in progress.

The company is now mining between 600 and 700 tons of coal daily, about 400 of which is taken by the C.P.R. and the remainder is consumed by the coke ovens, which are running to their capacity. The product is all shipped to the Granby people, in the Boundary.—Frank Paper.

**No Competition.**

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the relief and cure of bowel complaints both in children and adults has brought it into almost universal use, so that it is practically without a rival, and as everyone who has used it knows, is without an equal. For sale by all druggists.

## PROVINCIAL.

Vernon and Nakusp will celebrate Dominion day.

The Bank of Montreal is opening a branch at Nicola.

The people of Sandon will hold their usual grand celebration on Labor day, September 6.

Last week a $30,000 fire occurred at the sawmill at the Fernie Mfg. Co. Insurance was $13,000.

Vancouver's council and mayor are mixing up with the B.C. Telephone Co. over the ownership of the streets of that city.

The B. C. Pharmacentical Journal is about to be launched as a monthly by the British Columbia Pharmacentical Association.

It is stated that the Underwriters' Association of the mainland of British Columbia will reduce fire insurance rates from 15 to 25 per cent.

P. Burns & Co. has bought out the entire holdings of the Calgary Cattle Co., paying therefor $100,000. The latter concern had meat shops at Fernie, Cranbrook and Calgary.

Peter S. Lampman has been appointed county court judge for Victoria, and F. M. Young, of Nanaimo, county court judge for Atlin. Both will also act as local judges of the supreme court.

**Thrown From a Wagon.**

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. For sale by all druggists.

**Diamonds in Canada.**

A special from Winnipeg says: "Great diamond wealth lies hidden in Canada between the Great lakes and Hudson Bay. That, at least, is the opinion of Geo. R. Douglas, agent for the Rothchilds. In the Rainy River district and in the auriferous valley of the Seine many 'sparklers' have been obtained from Indians and French-Canadian voyagers, who picked them up without any idea of their character or of their value."

**Triumphs of Modern Surgery.**

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.

THE PHOENIX PIONEER

And Boundary Mining Journal

Is published in the heart of the greatest and most productive gold-copper camp in the Dominion of Canada.

In five years more than 2,500,000 tons of ore have been mined and smelted here, with a valuation of over $12,500,000. And the industry is only in its infancy.

The greatest mines of the Boundary are at Phoenix—not one or five miles distant, but in front of, behind and beneath the Pioneer office. Consequently, from our vantage point we believe the Pioneer can give you the best, latest and most reliable news of the mines and smelters of the Boundary.

The Pioneer is worth $10 per year—but it costs only $2, if the coin comes with the order. Make all orders payable to the

# COPPER

The new edition of the COPPER HANDBOOK lists and describes 3,311 copper mines and copper mining companies, in all parts of the world, covering the globe; these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most condensed and get-at-able form.

There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopædia of the subject of Copper and everything pertaining to the metal.

*It is the World's Standard Reference Book on Copper*

Every Miner, Prospector, Investor, Banker, and Broker needs the book. Price $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, fully prepaid, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. ## SPEND MILLION ON POWER LINE

### Electric Energy to Be Brought 83 Miles.

Lorne A. Campbell, general manager of the West Kootenay Power & Light company, is back to Rossland from a two months' business trip to the east. He states that carrying out the plans for increasing the quantity of power would necessitate the expenditure of a million dollars. One half of the million will be spent in purchasing the necessary plant and the remainder is to be expended for labor. At present the company is producing about 4000 horsepower, which is consumed in Rossland, Trail and Nelson.

The intention is to build a pole line via the Dewdney trail to Cascade and thence to Grand Forks and Greenwood, where the newly generated power will be sold to the Granby company at Grand Forks and Phoenix, and to the British Columbia Copper company at Greenwood. The distance over which the power is to be transmitted is 83 miles.

The present works of the company are at lower Bonnington falls, but the intention is to harness the upper Bonnington falls and to make them yield 24,000 hydraulic horsepower. There will be two 8000 horse power water wheels, two 300 horse power exciters, two 8000 horse power generators and two 300 horse power exciters. Ten thousand barrels of cement will be used in the construction of the dam.

Five hundred miles of copper wire, weighing 5000 pounds to the mile, or a total of 2,500,000 pounds of copper will be strung as rapidly as the pole line can be constructed. The system will be operated at a pressure of 6000 volts. From 600 to 800 men will be steadily employed on the work of putting in this plant and constructing the pole line for the next seven months.

#### Wedding Bells.

On Wednesday evening a very pretty wedding took place in Coleman at the residence of G. L. Fraser, master-mechanic for the International Coal & Coke Co. of that place, when his daughter, Miss Christina Cameron Fraser, was united in the bonds of matrimony to George Duncan Turner, of Phoenix, B.C. Rev. T. M. Murray, Presbyterian minister, performed the ceremony that bound for life the happy couple.

After the ceremony the company adjourned to the Coleman hotel where a sumptuous wedding feast was spread. Thursday morning the newly married pair left for the west on a short wedding trip before taking up their future home at Phoenix, B. C.—Blairmore, Alta, Times.

#### Woman as a Miner.

The Mining & Engineering Review pays this tribute to woman for the part she has played in mining. There are not many old time miners who cannot recall some notable example of a woman's assistance and encouragement in helping to make a dividend payer out of a prospect. These, at least, will be appreciate the compliment paid to her in these words:

"In mining, as in every other avenue of human advancement, woman has borne and is bearing her part. And why not? for the mineral industry, perhaps more than any other, is the epitome of clean and honest gains, and it is but suitable that woman, the best and most worthy portion of the race, should also take her part. Here's to woman in mining! God bless her!"

## SKYLARK IS A GOOD INSTANCE

### Of Combined Capital and a Little Effort.

The Skylark is an instance of what can be accomplished with a little capital and intelligent effort, says the Greenwood Times. For years it was the banner claim of the camp. It was located July, 1903, and bonded to the Spokane and Great Northern company, which went to work shortly afterwards and during the winter of 1893-4 shipped about 100 tons to the smelters across the line. The returns gave 150 to 300 ounces in silver and $15 to $20 in gold. For a time the mine was idle. Again in 1897 another shipment was sent to a Montana smelter. Then development was suspended.

Last fall a syndicate of Phoenix people secured a bond for $30,000. The owners would probably have accepted far less on a cash basis, and perhaps at the time, firmly believing that the mine was gutted of its rich ore, softly laughing up their sleeves. Work commenced October last. The owners subscribed less than $2,000 for a starter. In one month alone over $7,000 was received for ore shipped to the smelter. The terms of the bond, $1,000 a month, have been carried out, and the mine has already more than paid for itself and the cost of development. First class ore averages $140 and the second class $40 per ton in gold and silver.

#### MEETING OF HOTEL MEN.

##### Held Annual Convention at Grand Forks—New Officers.

The annual meeting of the Provincial Licensed Vintners' Association was held in Grand Forks last week, President A. W. Von Rhein, of Victoria, presiding. All the officers, including 17 members of the executive committee, were in attendance.

The election of officers resulted as follows: President, A. W. Von Rhein, Victoria; first vice-president, L. A. Manly, Grand Forks; second vice-president, Wm. Gosnel, Nelson; secretary treasurer, Henry F. W. Behnsen, Victoria.

The president was instructed to resume the work of organizing in the various license districts. The membership throughout the province is nearly 5,000. The objects of the association are set forth to be for the mutual protection of the members and the advancement of the legitimate interests of the liquor trade.

A committee to be intrusted with the task of watching provincial legislation affecting the trade was appointed. The next annual meeting will be held at Nelson in June, 1906.

#### Those Annoying Blackheads.

External applications will never remove pimples or blackheads. Only by stimulating circulation and purifying the blood can this be done. For quick, sure release from these pests use Ferrozone; it drives all humors from the blood, makes the skin healthy, tones up the system. With the pure nutritious blood made by Ferrozone it's impossible to suffer from any skin disease. You'll have a smooth delightfull skin, healthy color and beautiful complexion by using Ferrozone—and you'll feel immensely better as well. Fifty cents buys a box containing fifty chocolate coated tablets at any drug store.

#### How to Cure Toothache.

Any aching tooth can be relieved instantly with Nerviline. Fill the cavity with batting dipped in Nerviline and rub the gums with Nerviline also. If the face is swollen and sore bathe the painful parts with Nerviline and cover with a flannel. This can't fail because Nerviline kills the pain outright and prevents it from returning. Stronger, quicker, more satisfactory than any other liniment, Polson's Nerviline has been the largest seller for nearly fifty years; try it yourself.

#### MINERAL ACT.

##### Certificate of Improvements.

NOTICE.

'Little Chief' Mineral Claim, situate in the Greenwood Mining Division of Yale District. Where located: Skylark camp.

NOTICE IS HEREBY GIVEN that I, John P. McLeod, as agent for William M Hanna, Free Miners' Certificate No B91577, intend, sixty days from the date hereof to apply the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 5th day of June, A.D. 1905.

# TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

## Spring Fever is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

MISS ESTELLE CAMPBELL.

Miss Estelle Campbell, 140 N. High street, Nashville, Tenn., writes:

*"Peruna helped me when almost everything else failed. I was rundown from overwork, as I had not been able to take a vacation for three years and naturally my nerves were all unstrung and I was greatly in need of rest and a tonic.*

"I went away for two months, but did not seem to get my strength back, although I was taking a prescription which the doctor gave me before I went away.

"At the request of my relatives, with whom I was visiting, I began to use Peruna, and you cannot realize how glad I was when within a week I found I was feeling so much better. Inside of a month I was feeling splendidly, ready and able to take up my work again."—Estelle Campbell.

### Pe-ru-na is the Finest Tonic For a Weary Woman.

Miss B. Inez Silvera, 189 W. 136th street, New York City, Grand Recorder Daughters of American Independence, writes:

"Nine years of work, without a vacation, wore out my nervous system. I lost my appetite and felt weak and exhausted nearly all the time.

*"Peruna restored me to perfect health in five weeks. It is the finest tonic for a weary woman that I know of. I gladly endorse it."—B. Inez Silvera.*

Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

MISS B. INEZ SILVERA.

#### A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question.

We have on file thousands of letters which testify to the curative and preventive value of Peruna in cases of nervous depression and run down conditions of the system. We quote a typical case:

Mr. Frank Williams, 3935 34th street, New York City, member First Presbyterian Church and Captain Capitol Golf Club, writes:

"Last spring I suffered with malaria and a run down condition which seemed very difficult to overcome.

"I tried several different tonics but did not seem to get much better until I began using Peruna. My recovery was slow, but I was improving and I was glad to continue using it.

"At the end of two months my health was restored and I looked and felt much better than I had for years. Your remedy is well worthy of a recommend and I am pleased to give it mine."—Frank Williams.

*Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.*

#### Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature. All correspondence held strictly confidential.

The recent improvements to the First street bridge cost the city about $1,200.

Dr. Matheson will be at his dental parlors, Bank block, as usual, from July 10th to 14th.

Just received, Enamelled Souvenir Brooches, Hat Pins, Sash Pins, and others. Geo. E. Dey, the jeweler.

Wedding invitations and announcements promptly executed in the latest styles in the Pioneer Job Department.

The Pioneer is informed that if certain local license holders do not mend their ways, they are likely to lose their license.

Next Tuesday at 2 p. m. the annual court of revision will meet at the city hall, to consider objections to the tax roll for 1905.

Phoenix Socialist League meets Tuesdays, 7.30 p.m., Miners' Hall. Readings from Socialist authors given. Discussion invited.

Did you get a copy of the Midwinter Number of the Pioneer for that friend in the east? If not we have a few left that can be had at two bits each, ready wrapped for mailing.

In the case of R.S. Fraser vs. James McRae, for the value of a horse, some evidence was heard in the county court at Greenwood last Wednesday, and the case continued till the next term.

James Marshall has been delayed in getting his new Brooklyn hotel well under way by the sawmills sending the lumber wanted last on the first cars shipped. Three or four cars have been received thus far.

Last Sunday Mrs. Joseph H. Graham was taken to the Phoenix General Hospital, suffering from appendicitis. An operation was performed the same evening by Dr. Gordon, assisted by Drs. Boucher and Spankie, and this week the patient has been gradually getting better.

Secretary Berry has called for a full meeting of the Miners' Union for this evening. It is expected that a definite settlement of the site for the new union hall and opera house will be made at this meeting, and a selection made from two or three sites that are under consideration.

The town of Oroville, the seat of railway construction in the American Okanogan, is being blessed with two newspapers, two banks, nineteen saloons and other adjuncts of the time immediately preceding the arrival of the iron horse. From the accounts of travellers this place, which was scarcely on the map a few weeks ago, is far from being a cold place.

"The Hottest Coon in Dixie" company, some thirty people as black as the ace of spades, drew the fullest kind of a house Wednesday evening at Miners' Union hall. The show was better than the average, having good choruses, drills and novelty work. It travels in two special cars, and next week will be in Spokane and then in Seattle, returning here in about two months with a change of programme.

Boyle is the druggist.

Souvenir Jewelry at Dey's.

Dey, the Jeweler for Enamelled Souvenirs.

Wanted at the Pioneer office, clean cotton rags. Bring them along and get your money.

John B. Boyle, the druggist, put large plate glass windows in his store this week, greatly improving it.

Quite a number of Phoenicians are figuring on visiting the Lewis and Clarke fair at Portland in the near future.

William Cranston, of Winnipeg, has an opera company of 30 people headed this way, due to reach here in about a month.

If you like a good laugh, you can have it when you see "The Sweet Family" on June 21st at the Presbyterian church.

Last Sunday the Great Northern sold 37 tickets at the local office, and on Monday the C.P.R. sold over $400 worth of tickets in Phoenix.

Thomas Brown has leased the store recently erected on Knob Hill avenue by Alderman L. Y. Birnie, and will take possession about the 1st of July.

John K. Fraser started Thursday for Compton, California, where he may spend a few months. In Spokane Mrs. Fraser and children will join him.

A rate of $22 50 is being made by the Great Northern from Phoenix to the Portland fair and return, good for 30 days, via the O.R. & N. from Spokane.

Conductor Mooney is now taking the run on the C.P.R. passenger train to Phoenix, while Conductor Foot is taking in the sights of the Portland exposition.

Down at the coast it is rumored that Timothy Eaton, of Toronto, who has so many friends in the Boundary, is about to start a branch in Vancouver.

Monday night's ball, by the members of Phoenix Miners' Union, No. 8, for the benefit of William Howard, brought out a large number, and about $150 was realized.

Did you ever see "The Sweet Family," mother and seven charming daughters? If not, do not fail to see them at the Presbyterian church on Wednesday, June 21st.

A. E. Ashcroft, P. L. S., of Greenwood, has started on the survey of the Columbia & Western land grant, west of that city. It is the intention to survey the land into townships.

McIntyre & McDonald, of the Palace stable, have been doing quite a business west of here lately. Last week they sent two four horse teams to Osoyoos, and this week they sent a loaded team to Hedley.

J. E. W. Thompson and bride arrived last Saturday evening from Oxbow, Assa., the home of the bride's parents, where the wedding ceremony was performed on the 7th inst. They were given a rousing reception at their new home on the New York townsite.

Ed. Morrell and wife had a packed house at Miners' Union hall last Saturday night, as they did the Thursday previous, to witness their moving picture and vaudeville show. The popular prices were a great attraction, and they put up a show that seemed to please many.

The case of Rex vs. J. L. Graham was thrown out of court before Judge Spinks at Greenwood last Wednesday, the court saying that police magistrates should read up the law better before sending up such cases. This was the case where Graham stopped payment of a check because the proceeds of the check were intended to settle a gambling debt.

## All Over the Boundary

The Johnson ranch, near Grand Forks, is being subdivided into ten acre plats.

Dr. G. W. Averill, of Grand Forks, is taking a several months' trip to California.

Martin Burrell, editor of the Grand Forks Gazette, and wife, are spending a short vacation at the coast.

Grand Forks hotel and saloon keepers are protesting against the wholesalers selling by retail.

Dr. Taylor, of Chicago, has taken over the dental practice of Dr. K. C. McDonald, of Grand Forks.

The corporation of the city of Grand Forks will shortly have a sale of city property for non-payment of taxes.

George Taylor has the contract for the C.P.R. spur to the B. Lequime mill near Grand Forks, and has started work.

W. S. Torney, proprietor of the Union hotel, Eholt, now has the only eating establishment in that railway centre.

Thursday a nine from the "Hottest Coon in Dixie" company played the Greenwood base ball team, and after ten innings beat them by one run.

Henry White, of Spokane, one of the original locaters of the Old Ironsides and Knob Hill claims in this camp, has been spending a few days in Grand Forks.

W. A Williams, superintendent of the Granby smelter, who was recently operated upon at Spokane for appendicitis, returned to Grand Forks last week, almost entirely recovered from the effects of the operation.

J. B. Harkin, of Ottawa, brother of William A. Harkin, the well known Boundary correspondent, arrived in Grand Forks last week to visit his brother. He is private secretary to Hon. Frank Oliver, minister of the interior.

Wednesday evening's concert at Greenwood, to raise a fund for the Presbyterian church of Midway, recently destroyed by fire, was attended by a number of the residents of Phoenix, the church being crowded and a goodly sum realized.

Frank and George Hutton are having a 160 acre townsite surveyed in Franklin camp by Forbes M. Kerby, P. L. S. It is located on the north bank of Gloster creek, and between the Gloster and McKinley mining claims. Lots are to be placed on the market at once.

The largest log jam ever seen in the Kettle river, occurred last week at the First street bridge, Grand Forks. The jam was, however, successfully broken by the expert log drivers of the Yale Columbia Lumber Co., who rode down the river on the logs after the jam was broken.

Harmony Lodge, A. F. & A. M., of Grand Forks, will be represented at the grand lodge meeting, to be held at New Westminster on June 22nd, by Past Master W. J. Cook. Mr. Cook was recently presented with a past master's jewel by the brethren of his home lodge.

In the case of James Madden vs. Granby Co. for damages for personal injuries sustained at the smelter on November 16th last, W. H. P. Clement, the arbitrator, last Monday gave the plaintiff $10 per week during the time of disability. The plaintiff is said to be a nephew of Mark Madden, president of the Providence Mining Co.

George C. Hodge, of Nelson, district superintendent of the B. C. Telephone Co., who was in the city early this week, states that he now has a force of fifteen men at work rebuilding the line from Cascade to Greenwood, via Phoenix. The men are now working this side of Cascade. Heavy cedar poles are replacing those that have been in use for six or seven years, Joe Trombley, of this city, having the contract for getting out the poles.

### LADIES' NIGHT BY EAGLES.

**Concert and Dance to be Given on Friday, June 23rd.**

In accordance with the promise made some time ago, the members of the Fraternal Order of Eagles here are arranging to give a Ladies' night, and have selected June 23rd as the date. It will take the form of a concert and dance, and the music will be furnished by Reynolds and James. Ladies are expected to invite their escorts on this occasion, and are assured of a good time. A programme will be given during the first part of the evening, followed by a dance till the wee small hours. Refreshments will be served, and as is usual on such occasions, there will be no charge of any kind. Following is a portion of the program: Mock Trial, Breach of Promise case; Burlesque on Sousa's Brass Band; Sketch by Lewis and James; Sword and Highland Dance in full costume, by Percy Wilkinson; Vocal Solo by Robt. Horrell; Ea le Quartette: Sparring Exhibition by Danny Deane and Percy Wilkinson; Vocal Solo by Charles H. Flood. Ladies will take part in the programme.
