THE BIG STORE

An Important Time at The Big Store.

This is the season when the ladies worry over what they are going to wear for the summer months. If those who are in doubt will come in and look over our stock we are sure we will be able to help them decide.

Below we furnish a partial list of our new designs in light textures.

White Organdies, plain and fancy stripes.....25c to 60c
Black and white striped muslins 20c to 35c
Cotton Voiles in all shades 25c
Japanese Cup Cloth, fast colors.....25c
Striped and checked ginghams 15c to 20c
New arrivals of pretty waists in muslins and embroidered lines with elbow and long sleeves selling at..... $1.00 to $4.00
We are showing in ladies neck wear many new styles in turnovers and stocks at ..... 25c to $1.25
Our new dress skirts are stylish and made of the newest materilas, exceptionally low in price.

REMEMBER WE SELL THE CELEBRATED HAGAR SHOE FOR WOMEN.

Seasonable Goods

HARDWARE DEPT.

Ice Cream Freezers:

2 quart	$2.75
3 "	3.50
4 "	4.00
6 "	5.50
10 "	8.50

Screen Doors:

Plain	$2.00
Fancy	2.75

Fittings from 35c to 60c.

Window Screens:

(Adjustable) .50

Garden Tools:

Steel Rakes				$1.00
Hoes	.50	.75		1.00
Spades				1.25
Sprinkling Cans	.35	.50	.60	.75
Trowels				.35
Weeding Hooks				.25

Garden Hose:

Cotton, ½ inch, 50 feet Complete with Best Nozzle	$7.50
Cotton, ¾ inch, 50 feet Complete with Best Nozzle	8.50
3 Ply Rubber, ¾ inch, 50 feet Complete with Best Nozzle	6.25
3 Ply Rubber, ½ inch, 50 feet Complete with Best Nozzle	5.50

With Common Nozzle 50c less.

Window Shades:

15 dozen best quality at low prices.

Our stock of Paints, Oils, Varnishes and Brushes is larger than ever.

All the leading shades in Kalsomine and Alabastine. Also ground glue to mix with same. 70 different patterns of wall paper to select from.

Brass Extension Curtain Rods - .50

TRAIN ROBBER FROM PHOENIX

Louis Colquhoun Alleged C. P. R. Holdup.

In Jail at Kamloops-History of the Case.

Louis Colquhoun, who is in jail at Kamloops, charged with being one of the three men who held up the C. P. R. passenger train last week, came to Phoenix a year ago last fall from San Francisco, where he said he had been employed in the office of an express company. He is a man of about 25 years, and said to be a native of Harriston, Ontario, drifting west with his portion of an estate that was left him. When he first arrived in Phoenix he was employed on a timber gang on the V., V. & E., railway putting in cribbing but only worked for a week. Then he worked in the local office of P. Burns & Co., Ltd., and also in the warehouse of Hunter, Kendrick Co. He did not seem able to hold a position for any length of time, and was out of employment for a considerable period.

Finally he was made time keeper for Contractor Brown, on the V. V. & E. west of Midway, and came back from there, working for some time at the Dominion Copper Co.'s Brooklyn mine in this camp as mucker or car man. When he left here he owed a number of bills around town, but returned and worked long enough to settle all of his accounts.

His various employers universally gave him a good character, but say that he lacked ambition, and seemed to be lazy, which accounts for his not holding any position any length of time. He was an easy going young fellow, and no one thinks he would have been connected with a train robbery, as he seemed to lack the grit and get-up-and-get for such an undertaking.

Story of Robbery and Capture.

Tuesday night, May 8th, three train robbers held up the C. P. R. passenger train on the main line, 16 miles east of Kamloops. They climbed over the tender, covered the engineer and firemen with guns and made them cut the mail car from the train and run on for a mile. Here the masked men entered the mail car, but secured only a small amount of cash from the registered mail, something like $30,000 that was in the car escaping their attention. When done they bade the engineer good night and started over the hills.

When the alarm was given from Kamloops, as soon as the train could get back, all the machinery of the C. P. R., the provincial and Dominion governments was called into action to aprehend the bandits, a total of $11,500 in rewards being offered for their capture, dead or alive. Police Constables, Northwest mounted police and detectives from all parts swarmed into that country, and Indians, woods men and what not started in on the chase, two sets of bloodhounds also being brought there, one being the hounds from Spokane that recently ran down a murderer.

The country was scoured for miles and several men were taken in charge on suspicion. But Monday afternoon Constable Fernie, about a mile from Douglas lake, came upon three men in the bush whom he decided to be the men wanted. He called the mounted police not far away, and the men were arrested, one of them showing fight, and several shots being exchanged, one bandit receiving a bullet through the leg.

When arrested and taken to Kamloops the men geve their names as George Edwards, William Dunn, alias "Shorty," and Louis Colquhoun, the latter saying he was from Peoenix. Edwards is said to be the notorious Bill Miner, who has been mixed up in several hold-ups in the west, and is a much wanted individual by a number of sheriffs.

The robbery has excited much interest, as in 1904 the C. P. R. train was held up near Mission Junction and many thousands of dollars were secured by the robbers, one of whom is believed to be Bill Miner. Edwards, or Miner has been identified by the mail clerk, A. H. McQuarrie, whose car he entered.

It is now thought that the opening of the new Miners' Union opera house will take place about the first of July.

Customs Officer Delahay has received orders from Ottawa to confiscate any copies of the Appeal to Reason, the Girard, Kansas, Socialst weekly, lately ruled out by the Canadian post office departmen', which may come here by post, express or otherwise. Mr. Delahay states also that merely having these papers in one's possession subjects one to arrest and fine. A package was received in Phoenix by express this week, but was not delivered to the consignee.

COMING AND GOING

Martin Burrell, editor of the Grand Forks Gazette, was a visitor here last Sunday.

J. H. Fox, of Nelson, travelling freight agent for the C.P.R., was here Monday.

Wm. Spier, manager of the Eastern Townships Bank, at Grand Forks, was here early this week.

Mrs. Charlotte Crawford, of Seattle, is visiting her daughter, Mrs. W. B. Willcox, for a couple of months.

S. S. Irwin, manager of the B. C. Telephone Co. at Rossland, was here Tuesday, looking after repairs in the Boundary.

R. A. Fraser, a former resident of this camp, but now employed at the LeRoi mine, Rossland, spent a couple of days here this week.

J. S. Clute, of New Westminster, the veteran inspector of customs, has been spending several days in the Boundary, on one of his regular rounds.

Sheriff H. C. Kerman, of Grand Forks, was in the city Sunday evening, on his way to attend county court at Greenwood the next morning.

Dr. Campbell, Dominion veterinary inspector at Midway, was a visitor here Thursday, to inspect some cows imported from the American side.

W. B. Bower, of Grand Forks, who has been here for the last three weeks nearly, with the Eastern Townships Bank, returned home last Saturday.

Frederic Keffer, M. E., engineer for the B. C. Copper Co., spent several days in Franklin camp last week, where his company may have substantial interests.

Col. Robert T. Lowery, the sage of Lowery's Claim and who has just launched the Ledge at Greenwood, was in the city last Saturday, and found many old friends.

Supt. A. B. W. Hodges, of the Granby Consolidated, visited the Pathfinder mine, on the North Fork, this week. The company has some 25 men at work there on development.

Fred W. Knight, the well known Grand Forks mining man, returned to the Boundary last week, from Salinas, Calif., where he was located when the earthquake struck the Golden Gate state.

John A. Morrin returned Thursday from the meeting of the grand lodge of the Knights of Pythias, which was held at Nanaimo. He reports a most successful gathering of the members of that order.

Wm. Dickman, the veteran prospector, who located the Providence mine, and returned to the Boundary recently from his old home at Rockville, Wis., is heading for the Similkameen, searching for more bonanzas.

M. H. McQuarrie came in Saturday from a visit to his townsite in McKinley camp, up the North Fork. He states that things look good to him in that locality, but he would like to know how many railways are to build to the camp out of those projected.

W. D. Lawson, ledgerkeeper of the Eastern Townships Bank, returned from his trip to Shelbourne, Ont., where he went recently, accompanying the remains of his sister, Mrs. Manning, and her child, who lost their lives in the earthquake at Santa Rosa, Calif.

Matron Howe, of the Phoenix General Hospital, left for Victoria Wednesday, where she will spend her annual vacation, expecting to be absent about six weeks. While Miss Howe is gone, Miss Murray, who returned last week, and Miss Boffey will be in charge of the institution.

Another Daily for Nelson.

Notwithstanding the fact that Nelson needs a second daily paper about as much as a cow needs two tails, a project is on foot, it is said, to establish another paper there, to be called Morning Canadian. The same report has it that the new paper will be published in the Conservative interests and be under the management of David Mark Carley, who is now publisher and proprietor of the weekly Economist.

Reliance Will Ship Ore.

The Rathmullen mines, in Summit camp, are steadily progressing and will have one of their group a shipper shortly. Considerable development work has been done the past two years on the crown granted claims of the company, but latterly work has been confined to the Reliance claim, which has been developed by a 100 foot shaft and drifts at the 50-foot and lower levels. Copper ore of a good grade has been encountered in the works, but the formation is badly cut by porphyry. In the past week, however, considerable ore of a shipping grade is coming in, and the face of the drift at the 100-foot level is well in ore.

L H. Moffatt, a director of the company, who visited the mine during the week, is much pleased with the showing, and said they expected to make the Reliance a shipping property this summer.

SAW MINES OF COMPANY

President Langeloth, of Granby Company.

Well Satisfied With Progress Made.

Last Saturday a special train on the Great Northern railway brought President Jacob Langeloth, of the Granby Consolidated, accompanied by Mrs. Langeloth, Jay P. Graves, the general manager, and Supt. A. B. W. Hodges. The train arrived about noon, and the visitors spent the rest of the day in inspecting the properties of the company, including the Monarch and Gold Drop mines, new acquisitions as regards development since Mr. Langloth's visit last year. The parties left Sunday morning for Spokane on the Great Northern regular passenger train.

Mr. Langeloth is also president of the American Metal Co., of New York, a concern that is the second largest of its kind on the American continent. The concern has branches in several parts of Europe, and its business is the marketing of the metallic output of mines and smelters all over North America. He had just come from a trip to Arizona, having visited, among other properties, the famous Copper Queen mine, at Douglas, Arizona, and the big properties at Cananea, Mexico.

As to Mr. Langeloth's impressions of the company's progress at its Phoenix mines, it may be said without question that he was not a little pleased at the evident advance in development, both here and at the company's Grand Forks smelting plant, since his visit of less than a year ago, and he so expressed himself. His trip was a somewhat hurried one, as he is desirious of getting back to his New York office as soon as possible, having been absent some weeks. It was Mrs. Langeloth's first visit to Phoenix. Mr. Langeloth is one of the New York capitalists who took a large interest in the Granby Consolidated two or three years ago, since which time the company's shares has appreciated two or three hundred per cent or more.

DOES NOT WISH SHAFT IN THE STREET.

Mr. Karatofsky Protests Against the Dominion Copper Co.

Mayor Rumberger and Councilmen Oxley, Kane, Brown and Carson were present at Wednesday's meeting of the city council, the following accounts, on recommendation of the finance committee, being ordered paid:

M. McIntyre.. .....$	74 50
B. C. Telephone Co.... ...	10 70
Phoenix Electric Lighting Co.	93 35
Pioneer Pub. Co....	13 00
Morrin, Thompson & Co ..	164 80
Gutta Percha & Rubber Mfg. Co.....	106 75
Granby Co.....	2 00
C. P. R Co	4 00

The following communication was read from J. R. Brown, solicitor, of Greenwood:

City Clerk, Phoenix, B.C.,

DEAR SIR,—I have been instructed by Robert H. Karatofsky, who owns a lot at the corner of Standard avenue and School street, to protest to the city council of Phoenix against the action of the Dominion Copper Co. in sinking a shaft and building a shafthouse on Standard avenue, Phoenix. If the highhanded action of the Dominion Copper Co. is allowed to go unchallenged, it will cut off the most convenient means of ingress and egress from Mr. Karatofsky's lot and seriously damage it. Unless the matter of which Mr. Karatofsky complains is remedied without delay, I shall take what legal steps are necessary to protect his interests. Will you kindly place this communication before the city council of Phoenix at its first meeting and oblige, Yours truly,

J. R. BROWN.

The city clerk was ordered to send a copy of the letter to the Dominion Copper Co., and ask if it is the intention of the company to block Standard avenue.

Chief Commissioner of Lands and Works R. F. Green, wrote from Victoria, replying to the mayor, to the effect that the cost of the examination and report made by F. C. Gamble, government engineer, regarding a sewerage system in Phoenix, would be borne by the government.

The purchase of a regular fire harness for the fire team was authorized. It is expected to cost about $170 in Kansas City, Mo. The board of works was asked to investigate the feasibility of making some improvements to Brooklyn avenue, and the council adjourned.

Latest Prices in Metals.

NEW YORK—Copper, electrolytic, $18.25 @$18.50; lake, $18.50@ $18.75
Bar Silver, 65⅝
Lead, $5.50 to $5.60.

Boundary Mining Notes

Two diamond drills are again being operated at the Granby mines.

Some Providence ore is being sent to the Hall Mines smelter at Nelson.

A diamond drill is being operated at the McKinley mine, McKinley camp.

More ore shipments from the Strathmore are expected to be sent out this month.

Another car of machinery for the headworks of the new Granby shaft has arrived.

The Skylark shipped another car of ore this week, the property continuing to look well.

A glory hole is being opened up on the Stemwinder, and the Idaho is likely to have another.

Work is to be resumed on the Prince Henry in a day or two, when the installation of the electric hoist is completed.

A 12-inch gold and silver vein has been opened up on the Starve Out claim, near the Helen, by Hostetter and Peone.

Smith & Co., of Grand Forks, are reported to have taken up the bond acquired by them on the M. S. group in Franklin camp.

Fred Whitwell is finding good ore now in the workings of the Maori group in Providence camp, where he is steadily pushing development.

In sinking to the 300-foot level of the Elkhorn, about eight inches of excellent silver ore were found a few days since at a depth of 260 feet in the shaft.

A crosscut is being run from the 100-foot level on the Washington and Idaho, West Fork, where Mike Callaghan has half a dozen men at work for Collins, Hunter and others.

Development work is to be resumed on the Bay mine in Skylark camp, which has produced such high values in gold in the past. The boiler is being repaired, and active work will be taken up again.

From the last car of Rambler ore net returns of $111 per ton were received, the property being located up the West Fork. It is reported that the owners refused a bond of $50,000 on the Rambler quite recently.

Last Tuesday was the date of the payment of the May dividend by the Granby Consolidated, amounting to $405,000 exactly. This is the third dividend paid by the company, one having been paid in January last and another in December, 1904. The total paid to date is $943,630.

Killed at Granby Smelter.

James Ritchie, an employee at the Granby smelter, was terribly scalded Thursday by molten metal, from an explosion caused by dropping a piece of pipe in a settling pot. He died that evening about eleven o'clock. Miles Barrett, the foreman, was also seriously burned, and will be laid up some weeks.

24th May Excursions.

The Great Northern will sell return tickets to local points in British Columbia at one and one-third fare. Selling dates May 22, 23 and 24 inclusive, final return limit May 29th. To Vancouver, $33.40; New Westminster, $32.90. Selling dates May 22, 23, 24; final return limit May 29.

JAP SAVANT WAS A VISITOR

Eminent Metallurgist From Land of Mikado.

Keijiro Nakamura Looks at Mines.

Thursday's train on the Great Northern brought to Phoenix one who is an important personage in mining and smelting circles in his own land—the land of the cherry blossom. This was Keijiro Nakamura, chief metallurgist of the Besshi copper mine, island of Shikoku, southwest of Kobe, Japan, who came to investigate the metallurgical processes in vogue at the Granby mines and smelter. He has already spent several days at the smelting works. Mr. Nakamura is engaged in making a tour of the world for the express purpose of investigating metallurgical processes. He is specially interested in copper, but will take occasion to examine into silver, lead and zinc processes on his travels. His employer, one of the wealthiest men in Japan, who operates the Besshi copper mine, which is one of the biggest in Japan, commissioned him to make the present trip.

After his investigations at the Boundary mines and smelters, Mr. Nakamura will proceed to Nelson and pay a visit to the Hall Mines smelter. From Nelson Mr. Nakamura goes south and will visit all smelting centres in the United States. Thence he goes to Mexico and then to Europe. If time will permit he will visit South Africa and Australia before returning to Japan. This is Mr. Nakamura's first visit to a foreign land and he is enjoying it immensely.

Speaking of the famine in Japan, Mr. Nakamura expressed keen appreciation of the generous contributions that have been sent to the starving people by Canada and other countries. He said that the worst was over and conditions were now rapidly improving in the famine districts. Japan is rapidly recovering from the effects of the war. Trade is in excellent condition and the country as a whole is enjoying wonderful prosperity. Mr. Nakamura remarked, with evident pride, that throughout the war operations at the Besshi copper mine were continued uninterruptedly.

Death of Earl Irwin.

Earl Irwin died Tuesday morning at the Phoenix General hospital, and instructions were received to ship the remains to his old home at Olindo, Ontario, where his mother lives. Irwin came here just a year ago, and was employed in the Granby mines for a time. Latterly he has been troubled with abcess of the lungs, and last week Wednesday was taken to the hospital. It was decided that an operation was necessary in an effort to save his life, and it took place last Friday. He passed away, however, Tuesday. Irwin was a young man of 27 years, and a member of the Eagles and the Woodmen. He came here from the coast, where he had been a schoolteacher, and had been employed at Van Anda. The remains were accompanied to the C.P.R. Thursday by the local lodge of Eagles, about 60 members turning out.

BOUNDARY ORE TONNAGE.

MAY 19, 06

The following table gives the ore shipments of Boundary mines for 1900, for 1901, for 1902, for 1903, for 1904, for 1905, and 1906, as reported to the Phoenix Pioneer—

MINE.	CAMP.	1900	1901	1902	1903	1904	1905	1906	Past Week

Raising Their Own Indemnity.

About a year ago, just before the rising of the Dominion Parliament at Ottawa, a bill was introduced increasing the indemnity of the members from $1,500 to $2,500 each per year—with the usual mileage added. This session a measure was introduced reducing the indemnity to the old figure, but the dispatches tell us that it was overwhelmingly defeated. That, perhaps, is not to be wondered at, as few persons care to have their income reduced if they can legitimately hold on to it. That is but human nature, and then, think of the hard work most of the members do, also.

But there is another phase of the matter worth considering. The members of Parliament actually raised their own pay and the people have the pleasure of paying it. If they had increased the indemnity, to take effect when the next Parliament is elected, it would have been in much better taste, and the members could not have been accused of looking for the loaves and fishes, as has been the case. This principle was laid down in the Congress of the United States in connection with the salary of the president and that of the members, and it was quite fitting, and public opinion generally must condemn the plan followed at Ottawa.

We do not believe that $2,500 is too large an indemnity for members at Ottawa, not a bit of it. The country should pay its legislators a fair return for services rendered, but when they deliberately raise their own indemnity, it has an appearance of their being after the money first and foremost, however much this may be denied.

James J. Hill's Canadian Invasion.

If the press of the middle west in Canada correctly reports James J. Hill, president of the Great Northern railway, that gentleman fully intends to build practically a new line from Winnipeg to the Pacific coast. His son Louis has said it, and so has his father—so there must be something in it.

Mr Hill is not a man who asks for subsidies or bonuses of any kind, as history will show. Where there is sufficient tonnage there he goes with his steel bands, buying his right of way outright. He may not always bring a competition of rates in his wake, but he certainly does bring a competition of service, and that amounts to a great deal.

In some quarters there is a tendency to "jump" on the C. P. R., with the probable advent of Mr. Hill's lines in any particular locality. While the C. P. R. has undoubtedly taken all the traffic would bear—like all new railways—when it had the tonnage to itself, much credit is due that railway for being the pioneer in railway building in Western Canada, and in keeping up its standard. Today there is not a greater railway corporation in the world, perhaps, than the C.P.R., nor a more profitable one, by the same token. Never mind if the government did give the C.P.R. its right of way, a big land and often cash bonus and a big monopoly for years, few aggregations of capitalists would accept the proposition, at the time the C. P. R. accepted it—and risk chances of success.

It was a splendid thing for Canada that the C.P.R. did build its transcontinental line, and later its innumerable feeders to that line. It is a good thing that Mr. Hill is building extensively in Canada—good for the people and good for the country in general. Canada is growing and growing fast, and there will be business enough for all the railways that will be constructed. Right in the Boundary we can see the benefits from having two railways, and the story will be repeated wherever the conditions are analogous.

Sciatica Cured After Twenty Years of Torture.

For more that twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

B. C. MINING

A fifth copper furnace is being put in at the Trail smelter.

American Boy (Slocan) stock is now assessable up to two cents per share.

Improvements costing about $75,000 are being completed at the Nelson smelter.

Rossland mines last week shipped 6,060 tons of ore, or 120,175 tons for the year.

One furnace at the Pilot Bay smelter was blown in last week, with two more to follow.

The capacity of the Trail lead refinery is to be doubled, the new machinery costing about $20,000.

A new body of ore has been opened up in the Ymir mine, and the stamp mill will be running shortly.

Total ore shipments from Yale-Kootenay mines were 32,053 tons last week, making 628,945 tons for the year.

Eight thousand dollars worth of machinery, including an air compressor, have been ordered for the Ottawa mine, near Slocan City.

The Sandon Standard is conducting a campaign in favor of the leasing system, and so successful has it been that it now declares that every property it has advertised is now under lease. It pays to advertise.

An interim dividend of two shillings a share has been declared by the directors of the Le Roi No. 2 company. The total of the dividend is £12,600. The Le Roi No. 2, owing to the finding of valuable shoots of high grade ore, is in a position to make larger profits than in 1905, when it paid dividends to the extent of four shillings a share.

HAND GRANBY SHARES TO POSTERITY.

Boston Advice to an Investor of a Year Since.

The Boston News Bureau recently contained the following query from a subscriber, regarding Granby shares, with the paper's reply thereto:

Question—I bought about a year ago for investment some Granby Consolidated stock on your recommendation. I bought the stock outright, but borrowed from a bank the money to pay for it. At present prices my paper profit is large and tempting. I should like to know what you would do in like circumstances. I can hold the stock for an indefinite time if advisable.

Answer—A year ago Granby was selling at 5¾. It has since sold at 13⅝; it is now selling at about 12. We should suggest that you sell one-half of your holdings, or an amount sufficient to make the profits on the amount sold reduce the cost on the remaining stock to nothing. You can then afford to put your stock at the bottom of your tin box, draw your dividends and hand your Granby certificates down to posterity.

Granby is a big low-grade mine, and one which should show steady betterment in the matter of costs and in the amount of copper output.

When the price of copper breaks to 12 cents, and it should be said that there is not the least indication of such a decline at present discernible, you might then add to your holdings at declining quotations and repeat later on the process above outlined.

Granby has possibilities of making one of the largest low-grade mines in the world. Your investment is well secured as to property and could a price of 18 cents for copper be guaranteed a very much higher price for the stock than is now ruling would be justified.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Faisonia, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by J. B. Boyle. Samples free.

FROM DOMINION MINES.

Engineer M. M. Johnson Tells of Plans and Accomplishments.

M. M. Johnson, chief of the New house staff and consulting engineer for the Dominion Copper Company, returned from his trip to the mines and smelter of the company at and near Boundary Falls, B. C., Friday night, says the Salt Lake Herald. He is much pleased with the manner in which everything is working out at the properties, and states that within six months the smelter, which is to be enlarged at once, will be handling from 1,200 to 1,500 tons of ore per day. Through the two furnaces with which the plant is equipped Superintendent W. C. Thomas handled 20,000 tons of ore in April, though the maximum capacity of the furnaces had been rated at 300 tons each per day.

Preparations for the addition of a single furnace that will treat more than 600 tons per day are already under way, and next fall, Mr. Johnson says, it will be placed in commission. At the mines preparations are being made for the installation of a great compressor plant that will be electrically driven by power supplied from a plant on the Kootenay river, 75 miles away. By the time his plans have all been rounded into shape Mr. Johnson expects that electricity will supply all the power used by the company, whether at the smelter or mines, and that present costs of supplying energy will have been whittled down to a minimum.

Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by J.B. Boyle.

Canada's Minerals.

Capital invested in Canadian mining, 104 millions.

Nickel was accidentally discovered at Sudbury in 1882.

Canada produced 40 millions worth of nickel in 1905.

Sudbury's nickel mines have reached a depth of 1200 feet.

Canada has the best and richest asbestos in the world.

Gold was accidentally discovered on Klondike creek, Yukon, in 1896.

Canada produced 14½ millions worth of coal in 1904.

Canada has 100,000 square miles of coal-bearing lands.

British Columbia produces over one million tons of coal a year.

British Columbia produces 200,000 tons of coke a year.

The Crow's Nest coal beds are estimated to hold enough coal to last for 5,000 years, if mined at a rate of four million tons a year.

Mineral bounties paid in 1904: Pig iron and steel ingots, $893,641, and lead, $182,229.

Canada produced six millions worth of copper in 1905.

Canada produced 85 per cent of the world's total product of corundum.

Canada produced nearly one million's worth of petroleum in 1905.

Canada's mining exhibit at St. Louis ranked among the best.

Piano Raffle May 19th.

M. H. Roy states that the raffle for the upright piano will be held at the Butte hotel on Saturday evening, May 19th.

PROVINCIAL.

Nicola and Keremeos will celebrate May 24.

Down on the coast lumber has gone up $2 per thousand.

The Home Bank of Canada will open a branch at Fernie.

The Golden Times, a new weekly, has made its appearance.

Forest fires in the Kootenays are breaking out much earlier this year than usual.

Last year's deficit in operating the Kaslo & Slocan railway is given as $28,124.94.

Kamloops is having a municipal squabble over an alleged attempt to reduce hotel licenses.

The other day the Dominion Express company shipped $30,000 of American silver out of Canada.

Work of grading the ten mile section south from Golden, on the Kootenay Central railway, has been completed.

Isaac Doran and Joseph Dumas were killed by a premature blast at the Nickel Plate mine, Hedley, last week.

The Vancouver Chinese have decided to again try to support a Chinese newspaper. This will be the third time the attempt has been made.

Thomas McGuigan, for eight years manager of the American Boy mine in the Slocan district, was killed in the mine Wednesday week by being buried under a slide of falling rock.

Blue & Deschamps secured a verdict of $18,000 against the Red Mountain railway at Rossland Saturday, for timber said to have been destroyed by sparks from a locomotive.

It is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

New E. T. Bank Building in Montreal.

The following is from a recent issue of the Montreal Gazette:

"The Eastern Townships Bank directors have decided that the new building will be ten storeys high, which means that the structure to be located at the corner of St. James street and Victoria Square will be one of the largest and most imposing of the many financial and business edifices which line St. James street from the court house to the Queen's monument. The last tenant has vacated the old building, which will in a few days be levelled to the ground. There is some talk of constructing the new bank of Stanstead granite, but this detail has not yet been decided upon. The officials expect to be in their new home a year from next fall. It is understood that the new edifice will contain about 150 offices, and that the lot and building complete will represent an outlay in the neighborhood of $500,000."

MAPLELEAF OUTING SHOES

There are running Shoes, and running shoes, but none to equal those with the Maple Leaf Brand on the sole. They come in both Tennis and Oxford styles for Ladies or Gentlemen, Girls or Boys, and the soles of all are made from pure para gum rubber.

Maple Leaf Lacrosse, Tennis or Running Shoes

Look well, fit well, wear well and are stylish, neat and durable.

For sale by all good shoe dealers. Ask for them.

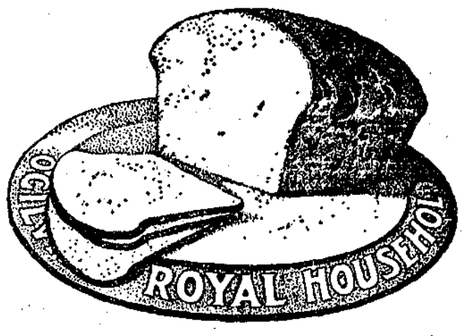
COLUMBIAN COLLEGE.

Founded 1892—Incorporated 1893.
NEW WESTMINSTER, B.C.

Provides a Christian home for students of both sexes at moderate rates. Has a preparatory class for junior students, doing grade public school work. Does high school work, confers all high school privileges, and prepares for teachers' examinations. Teaches all branches of a Practical Business Course and gives Diplomas. Gives a liberal education in its Collegiate Course and in the Ladies' Course for M.E.L. and M.L.A. In University work, can take students through the complete Arts Course, and the degree of B.A. can be obtained from Toronto University, which the college is in full affiliation.

For fuller information and terms write Rev. W. J. Sipperell, B.A., B.D., Principal; or Rev. J. P. Bowell, Bursar.

WANTED.—MEN AND WOMEN WITH common-school education, that are tired of working for small wages, to qualify as salaried ad writers or show-card writers through our instruction by mail. Prices low; terms easy; no books to buy. Send for circular, stating where you saw this ad and which position you want. INTERNATIONAL CORRESPONDENCE SCHOOLS, Scranton, Pa.



Absolutely white flour makes the most beautiful white bread—the kind we all like.

But white bread is not necessarily pure because it is white. To be pure it must be made from purified flour.

There is only one method of making flour absolutely pure, and that is by electricity. No impurity can withstand the searching, purifying work of this electrical process.

The electrical method is employed by every big mill in the United States.

In Canada the only flour purified by electricity is

Royal Household Flour

therefore it is the only flour that can be considered as absolutely pure.

Say "Ogilvie's Royal Household" to your grocer—he'll do the rest.

Ogilvie Flour Mills Co., Limited,
MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE. 2

THE COPPER HANDBOOK

A practical book of nearly a thousand pages, useful to all and necessary to most men engaged in any branch of the Copper Industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the every-day man.

It is a dozen books in one, covering the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper.

It gives the plain facts in plain English without fear or favor.

It lists and describes 3,849 copper mines and companies, in all parts of the world, descriptions running from two lines to 12 pages, according to importance of the property.

The COPPER HANDBOOK is conceded to be the
World's Standard Reference Book on Copper

The miner needs the book for the facts it gives him about mines, mining and metal.

The investor needs the book for the facts it gives him about Mining Investments and Copper Statistics. Hundreds of Swindling Companies are exposed in plain English.

Price is $5, in Buckram, with gilt top; $7.50 in full library morrocco. Will be sent fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

THE OBSERVATORY

THINGS TALKED OF AT HOME AND ELSEWHERE

Greenwood residents were treated to a lesson last Sunday on the advantages of reaching that place over the Great Northern from Phoenix rather than from Midway. Eight or ten people arrived in Phoenix by the train, destined for Greenwood. A stage was awaiting them, and at seven o'clock, or a trifle after that hour, they had reached Greenwood—just an hour ahead of other travellers who went by way of Midway. In other words, they could go down hill five miles in considerably less time than they could travel up hill from Midway, a distance of eight or nine miles from Greenwood. The travellers by way of Phoenix had finished their dinner long before the travellers via Midway had reached the Boundary creek city. The moral is obvious.

•••

A new union has been formed in Vancouver, that of Chinese laundry employees, and the members swear by the shade of Confucius that they must have an increase in wages. There is no chance of such a union being formed in Phoenix.

•••

Last week the first issue of the Ledge, Greenwood's new weekly, made its appearance. It is a seven column folio sheet, and full of local news, with a fair representation in its advertising columns. Appearances indicate that it has come to stay, with R. T. Lowery as chief push and James W. Grier in immediate charge. This is understood to be the twentieth weekly started by the genial colonel.

•••

Thanks are due to Postmaster Matheson, of the city, for working out a daily mail service between Phoenix and Greenwood, Boundary Falls and Midway—something that was cut off by the change in the time table on the C.P.R. on the 6th inst. Mr. Matheson, by permission of the postoffice department, is now making up a mail sack for Grand Forks to go out on the Great Northern train in the morning—something we have never had before. Mail from Phoenix for the places mentioned will be sent in this sack, and then by the C.P.R. in the afternoon to its destination. In the afternoon, a special sack will be received via Great Northern from Grand Forks, giving the same accommodation in the other direction. This is another direct benefit by the Great Northern.

•••

Editor Carley, of the Nelson Economist, thinks that the hold-up of the train near Kamloops the other night gives rise to the suspicion that some ambitious "journalist" may be contemplating the establishment of another daily paper in British Columbia.

•••

The Vancouver World asks, "Will the Seven Sutherland Sisters never die?" Not as long as there are long haired women in the world willing to pose at so much per.

•••

A knocker, according to the Golden Star, is a sour-faced vinegar-souled detriment to the human race. He is a gap in the building, a hole in the wall, a crevice in the foundation. Be a builder. Form one of the bond stones. Do something and be somebody. Don't knock.

•••

King Edward sent 21 warships to camp at the door of the Sick Man of Europe, and the Sultan immediately thought discretion the better part of valor about occupying British territory with his troops. Abdul Hamid is a pretty cunning, though bloody and grasping old Turk, who should have taken a trip to the happy hunting grounds long ago.

•••

An anti-cigarette league has been formed in Spokane and has thousands of members among the growing generation. This looks like hard lines for the coffin nails in the Falls city and also like a healthier lot of young people.

•••

For the second time in recent years a C.P.R. passenger train was held up last week, this time near Kamloops. There should be some means devised to make it so hot for such gentry that they would give Canada a wide berth. The first thing we know they will be tackling some multi-millionaire newspaper man.

•••

James Dunsmuir has been gazetted as lieutenant-governor of British Columbia. He is probably the wealthiest man in the province, and will be able to spend whatever is necessary to do the right thing as chief executive.

•••

Who are the really live merchants? Do you want to know? Then read the following from a comtemporary which tells with accuracy and point:

The live merchants, the merchants who do not complain of hard times, are the advertising merchants. They have realized the fact that, in this advanced day, for a man to hold his own in business without advertising is a poor policy by which to be governed. They have learned that every year they must spend a share of the profits in advertising. The time has come when the people look to the advertisements as their buying guide and trade with the men who advertise.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician cannot prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Look at His Condition.

Look at the condition of the workingman today; where is he? The tinners are continually going up the spout; the plumbers are always in the gutter; the paper hangers are up against the wall; bakers are compelled to raise the dough; the policeman has to be on the beat to live; the shoemakers have to work on the uppers and get waxed in the end; the clock makers run on tick and are never on time; the washerwoman is always in soak and she is the one you see hanging out on a line.

A PRETTY CANADIAN GIRL

Regained Health and Beauty by Use of Pe-ru-na.

Miss Louise Moore, 36 McGill St., Toronto, Can., writes:

"I wish to express my gratitude to you for giving to suffering humanity your wonderful medicine, Peruna. I was an invalid from catarrh of the liver. I was despondent, my skin was sallow, I had a bad taste in my mouth in the morning, my tongue was coated a dark brown and my breath was very bad at times. I was subject to sick headaches and vomiting. My bowels were irregular and I was wretched. I doctored for some time without becoming much better and finally, at the suggestion of friends I tried Peruna. The result was magical and within four months I was completely cured."—Miss Louise Moore.

THOUSANDS of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach.

Then begins a series of experiments with medicine. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good, because they do not reach the cause of the complaint.

Peruna at once mitigates all these symptoms by removing the cause.

Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Peruna will do. Good health is the basis of beauty. Clean skin, clean mucous membranes, these are the true source of beauty and symmetry.

Peruna cures catarrh wherever located. Female catarrh is the most beauty-destroying disease in existence. Peruna cures by removing the cause. Peruna strikes at the source of all these hateful disfigurements.

Never Looked So Well As Since Taking Pe-ru-na.

Mrs. Mary A. Brown, 48 Wells Ave., Dorchester, Mass., writes:

"Every one that looks at me says, 'I never saw you look so well as you do now.' I then told them I have been taking your medicine. I thank you for the kind letters I have received from you. I will always praise Peruna and Manalin."—Mrs. Mary A. Brown.

Dr. S. B. Hartman, President of The Hartman Sanitarium, of Columbus, O., gives advice to women free during the summer months.

All correspondence held strict confidential.

In and Around Phoenix

BRIEF TOPICS OF LOCAL AND GENERAL INTEREST TO PHOENICIANS.

Lowney's chocolates at Boyle's.

The old reliable, Boyle the Druggist.

Hannam's milk suffers no addition or subtraction.

New and second hand goods sold by R. J. Gardner.

Rugs and art squares from $1.75 up, at Binns' Furniture Store.

Take your watch to Dey, the Jeweler. He guarantees all repairs.

See Miss McDonald, milliner, for Singer sewing machines and supplies.

Miners, attention. If you want solid comfort, stay at Hotel Brooklyn.

Mrs. R. G. Gordon and Mrs. K. R. McKenzie were visiting in Greenwood this week.

For Sale.—Old Miners' Union hall. Apply to John McInnis, chairman Board of Trustees.

When feeling like having just a wee drappe Scotch, call at the Brooklyn and have a wee taste McCallum's Perfection.

Have you seen the newest in printed stationery, linenette? It is the best yet. Stock just received by the Pioneer job department.

Work is being pushed as fast as possible on the new Deane hotel, being erected near the corner of Knob Hill avenue and First street.

Services will be held tomorrow afternoon at 3:30 in St. John's mission of the Church of England by Rev. J. Leech-Porter of Greenwood.

Chief of Police Flood went to Nelson last Saturday, taking William Fleming, who had been sentenced to 60 days on a vagrancy charge.

King Edward Lodge No. 36, through its members, is considering the matter of erecting a Masonic temple in Phoenix some time in the near future.

Murdock McIntyre proprietor of the Palace Livery Stable, now has 30 head of horses in service. He recently added another driving team to his equipment.

There are three reasons why our brushes are attracting attention. Quality of goods; lowness of price, and good assortment.—Thomas Drug Co., Ltd.

One good advertisement will sell more goods than a dozen salesmen. Printers' ink always talks loud and long and creates a mighty big impression.

Charles C. Tilley, of Oroville, Wash., was here Thursday, on his way to Colman, Alberta. He expects to be in business in Princeton in a short time.

The wife and family of Foreman Sampson, of the Dominion Copper Co., arrived last week Friday from Salt Lake City, and are making their home in Phoenix.

The Dominion day celebration committee meeting, which was to have been held this week, has been set for next week Thursday, when a full attendance is desired.

That Back Yard Assessment. Our Chloride of Lime, at 25c. a can, and Crude Carbolic Acid, at 25c. a pint, will do the work in twenty-four hours. —Thomas Drug Co., Ltd.

If you want deeds, mortgages, leases, bills of sale, agreements or documents of any kind promptly and carefully prepared, go to A. S. Hood, Notary Public, Bank Block.

McRae Bros. & Smith have ordered some souvenir postals of Phoenix and the mines here, to be printed in nine colors. The views were taken by John McRae in his best style.

The C. P. R. special train will leave Phoenix for the Midway celebration at 8 a. m. next Thursday and leave Midway on the return trip at 7.30 p. m. Round trip $1.50; children 75 cents.

Account Victoria Day, May 24, the C.P.R. will sell to and from all stations, including Kootenay Steamers, round trip tickets at fare and one-third for the round trip, on sale May 22, 23 and 24, good to return till May 29.

Subscribers to the Phoenix Pioneer can renew their subscriptions by sending $2 to this office at any time. Those already behind, of which there are a few, will confer a favor by attending to the matter without delay, as typographical artists must eat, like other people.

The flag pole has at last been erected in front of the school house, and now the Union Jack floats to the breeze daily. The pole is 60 feet in height, was supplied by F. C. Buckless and the flag was purchased by public subscription made to Principal Thornber for the purpose.

L. Y. Birnie has received a canvas boat from the manufacturer in the east, and with Capt. George Smith as the doughty skipper, can now sail any of the rivers or lakes of the interior, carrying the boat in a compact parcel in a wagon. The boat will easily hold three or four passengers.

Miners' Union dancing hall was well filled Wednesday evening, when the benefit ball for Chas. W. Shaw, the blind miner, was given. Dancing was kept up till early the next morning and about $150 was realized for Mr. Shaw. Danny Deane furnished the supper and Biner and James the music.

Boyle, the Druggist.

J. L. Martin will buy International Coal shares.

Purity first consideration by Boyle the Druggist.

For millinery go to Mrs. Gardner, Hardy building.

Dr. Mathison, dentist, at his office, Bank block, June 10th to 14th.

Get a South Bend watch. They keep perfect time.—Dey, the Jeweler.

Special attention given to Miners' Dinner Buckets at Hotel Brooklyn.

Prescriptions a specialty at Boyle's.

Sewing machines to rent, $3 per month. See Miss McDonald, milliner.

Geo. E. Dey, the Jeweler, guarantees all his South Bend and Elgin watches.

Marsh hotel building for rent after May 1st. Apply R. J. Gardner, Hardy Block.

See our Early English dining room suite. The latest finish. Binns' Furniture Store.

Why do you shun real publicity? Failure to use the ads sometimes really amounts to that.

Only $1.25 for six months for the Pioneer, and your friends back east will know all about the Boundary.

"Everything new is beautiful" the Italians say. And in this city everything new is advertised—so that you will know where to find it.

Sarsaparilla, as every one knows, is the best spring tonic. Ask for Churchill's. One hundred doses for one dollar at Thomas Drug Co., Ltd.

Ticket No. 38 won the house that was raffled by Mrs. August Mueller last Wednesday evening. Mrs. Mueller expects to leave about the 28th for the old country.

Little Doris Birnie, daughter of Mr. and Mrs. L. Y. Birnie, had the misfortune to fall from the porch of her father's house last Saturday and break her left arm.

The windows of heaven opened the force part of this week, and left some much needed moisture. A little snow was mixed with the rain, which did not improve the orange crop in this locality.

Thursday evening a meeting of the directors of the hospital was held, and it was decided to arrange for the grading of a wagon road to the front of the building—something that has long been needed.

The Great Northern Railway will sell through return tickets to London, Ont., May 28th to June 1st, inclusive, account of Canadian Presbyterian Assembly, good to return until July 31st, at rate of $72.85; to Ottawa, selling dates June 4th and 5th, good for sixty days, first class at rate $79.85.

Mrs. Ida Pelton, whose husband, Peter Pelton, deserted her and three children here, went to Spokane a week or two ago. According to the Spokane papers, she attempted to commit suicide by taking carbolic acid a few days ago, being now at the police station. Her husband's whereabouts are not known, although the police have tried to locate him.

Boundary Side Lights

Greenwood has a new grocery store, conducted by Anderson Brothers.

B. Lequime is applying for a liquor license for a hotel to be erected at Franklin camp.

The city councilmen of Grand Forks are discussing taking over the scavenger business of the city.

John H. Dean, a piano player, recently victimized a number of citizens of Greenwood with worthless cheques. He, of course, made himself scarce.

The Greenwood hospital has recently added an x-ray machine to its equipment, similar to that in use in the Phoenix hospital for several years.

Several cars of steel for the extension of the V., V & E. west of Midway have arrived at that point, and putting down the iron is now on the programme.

The Greenwood Ledge thinks that when R. B. Kerr, formerly of Phoenix, moves to Fernie, from Oakland, Calif., it will be like going from heaven to Dante's inferno.

Several men are at work at the power site at Boundary Falls for Contractor Alex Robinson, where the power will be improved by the Greenwood Electric Co. for local uses.

It is understood that matters in connection with the continuation of construction on the Midway & Vernon railway are rapidly getting into shape, and that work will be resumed at no distant date.

At Wednesday's entertainment given at the Greenwood auditorium by the Greenwood Dramatic Co. for the benefit of the Church of England, the house was well filled and about $100 was the net result.

A party of surveyors under Engineer Milliken, of the Great Northern, has started running lines for the railway up the North Fork, to be built under the charter of the Boundary, Kamloops and Cariboo railway.

About the first of June a twice-a-week stage is to be put on between Grand Forks and Franklin camp, a distance of some 35 miles. The government wagon road is now within three miles of the camp, and will soon be completed under Foreman Spraggett, who has 25 men at work.

At the supreme court sitting in Greenwood this week, Mr. Justice Aulay Morrison presiding, the most important case was that of the water dispute between W. H. Covert, or assigns, and the Vaughan & McInnis estate. Decision was reserved. The case involves the right of water for irrigation purposes, and affects quite a number of persons.

C. P. R. Summer Excursions East.

The Canadian Pacific Railway have placed on sale at all Kootenay points a series of low rate excursion tickets to various eastern points. The following rates apply from Rossland, Trail, Nelson and common points to New Haven, Conn., account meeting of Knights of Columbus, $83.60, selling dates May 24, 25, 26. Winnipeg, Pt. Arthur, Fort William, Duluth, St. Paul, Minneapolis, $52.50; Omaha, $55.65; Kansas City, $58.25; St. Louis, $60; Chicago, $64. On sale June 4, 6, 7, 23, 25, July 2, 3, August 7, 8, 9, September 8, 10.

On same dates through excursion fares will be quoted to all points in Ontario, Quebec, Maritime Provinces, New York and New England. Tickets are first class, bear 90 days limit for return, and are subject to usual variations of route; are also good in one or both directions via the Great Lakes, including meals and berths on lake steamers. Detailed information on application. J. S. Carter, D. P. A., Nelson, B. C.
