ELEVENTH YEAR. PHOENIX, B.C., SATURDAY, NOVEMBER 5, 1910 No. 50

OFFICIALS AND CREW FOR HIDDEN CREEK

Granby Will Inaugurate Vigorous Development Work

Granby officials and crews leave Vancouver tomorrow and Thursday for the Hidden Ceeek mine on the northern coast which the company recently bonded. The crew will number fifty. Those who do not leave on the regular boat tomorrow will go on a specially chartered boat Thursday.

O. B. Smith, superintendent of Granby mines, left this morning for Spokane, where he will be joined by Wm. Yolen Williams, consulting engineer, and will inaugurate operations at the Hidden Creek property. H. McDonald, engineer, and Page Boyles, diamond drill expert, are also en route.

Among others who have left here for the mine are: Wm. Brewer, Lewis Blaisdell, H. L. Mayberry, J. Hutchinson, Charles O. Swanson, John Swanson, Andrew Anderson, John Bengtsberg and Thos. Oxley.

Development work will be pushed vigorously with three diamond drills and two machines, and if satisfactory results are obtained a smelter will be built in the spring.

NEW MACHINE SHOP

The installation of machinery in Granby's new machine shop has been completed and the big wheels were set in motion on Tuesday last and represents the finest mine machinery plant in the country.

The building is an imposing fire proof structure, built of brick and stone foundation with corrugated iron covering. It is conveniently located and has many features in its interior design.

Only the finest and most up-to-date machinery has been installed, the equipment including a five-foot radial drill press, a huge planer, a lathe, pipe machines, large hydraulic press, metal shears and punch, together with other smaller detail machinery. Near the machine shops is the new car repair building and another of Granby's specially designed steel sharpeners is being made.

NEW SHIPPING OUTLET

A new tunnel is being driven by the Granby company for the purpose of supplying a new outlet to the big producer, and which will replace as a shipper the No. 3 tunnel, the shipping facilities of which were recently destroyed by fire.

About seventy feet of open work has already been done on the new tunnel, but it will be rushed with the intention of having it equipped as a shipping outlet by Jan. 1 next.

OPERATIONS ON THE BIG TUNNEL WILL RESUME

Air Drills Will Be In Action In A Few Days—Funds Ample to Drive Tunnel A Mile

Operations at the big Greenwood-Phoenix tunnel, which is being driven under the Phoenix hill from Greenwood will resume at once, according to Duncan McIntosh, the local manager, who was in Phoenix on Wednesday.

The directors of the tunnel company on Monday wired word to proceed with the bore, ample funds being now in the treasury to continue the tunnel for at least a mile.

The Greenwood-Phoenix Tramway company, composed largely of Chicago capitalists, is financing this gigantic undertaking which is intended to tap at depth valuable ledges of ore which have been demonstrated on the surface. There are a number of these ledges in the pathway of the bore and the striking of any one of them would make the scheme successful financially. Should the tunel demonstrate ore at depth it is proposed to run the bore a distance of three miles and reach a depth of 2,000 feet at Phoenix.

The company was incorporated early last year and in May, 1909, the city of Greenwood passed a by-law bonusing the company to the extent of $50,000. The money is to be paid in instalments, the first of which will not fall due until the bore reaches a point 1000 feet. The tunnel was commenced in July of last year and had reached a point about 265 feet from the portal when work was shut down on account of lack of money in the treasury.

Work will commence next week with a force of 15 men and two machines, will rush the drilling. The news of resumption is particularly welcome to residents of Greenwood, and is also another indication of renewed activity in Boundary mining. The success of the bore would be of inestimable value to mining throvghout the district.

The new tunnel will have many advantages over the No. 3 for getting ore out of the mine, and although the plans for shipping are not yet definitely settled, there will probably be a crusher, conveyor belt and tram line to connect with the Great Northern.

Since the fire ore from the 300-foot level has been dropped through a pocket and hoisted through the Victoria shaft. The three present outlets to the Granby have a capacity sufficient to meet the demands of the smelter, but the new tunnel will give the company a decided advantage in case of an accident at any one of the outlets.

Granby Shares

We do not care to make any definite prediction as to just when Granby stock will again sell at par, but we firmly believe the stock will sell as high as $100 and possibly much higher. In the meantime you will probably get occasional dividends which will amount to a fair interest return on the present selling price of the stock. We, therefore, advise you to hold your Granby, and in the event of any sharp decline buy more.—Boston Commercial.

Advertising is something like fishing; a person always imagines he would have caught more on the other side of the stream.

Boundary Mining Notes

Work has been suspended at the Sally mine until the new railway is built.

L. Reinecke has returned after completing a geological survey of the west fork of the Kettle river.

F. M. Sylvester, assistant manager of the Granby, went to Grand Forks on Sunday en route to Spokane.

The Number Seven tram line was out of commission for a couple of days this week but is again operating.

The Granby company has a force of twelve men working at the Cliff mine in Rossland, which was recently bonded.

Robert Walker of Trail arrived in town this week to take a position as accountant at the No. 7 mine for the Consolidated company.

The new tram line from the Lone Star mine to Boundary Falls is being rushed along and the supports are about ready for the cable. An ore bin has been built at the latter point and shipments over this line to the British Columbia Copper Co. smelter should commence by the end of this month.

Loses License

As a result of the standard of accommodation for the travelling public not satisfying the authorities, the Windsor hotel at Denoro has lost its license.

FIRST SPIKE ON THE KETTLE VALLEY RY.

Driven at Merritt End of Line Last Week

The first spike has been driven on the Kettle Valley railway. Without ceremony and without public recognition, R. J. Mancantelli, local secretary for the new railroad, on Tuesday drove the spike that held the first rail to the ties. Workmen are now engaged in laying track for a siding that will be utilized in storing the construction material as it arrives. The work of laying the rails on the main line will be undertaken some time next month, the steel now being en route from Sault Ste. Marie.

The standard 65 pound rail will be used and they will be shipped in 33 foot lengths. Macdonnell & Gzowski will bring in a big track laying machine capable of laying from two to three miles of track per day, and the rails will be laid just as quickly as they come from the east.

Grading operations are well under way on some parts of the construction. An army of men is now engaged from one end of the thirty mile section to the other. The crews will work all winter long.

Advices from the Midway end are to the effect that work is being rushed there and it is a foregone conclusion that the Kettle Valley railway will be in operation before the summer of 1912.—Merritt News.

Boundary Ore Tonnages

Following are the returns of the output of the mines and smelters of the Boundary district for the week ending Nov. 5 and for year to date:

Granby	18,546	945,937
Mother Lode	5,998	298,979
Rawhide	3,000	15,900
Snowshoe	2,320	127,035
Oro Denoro		9,339
Jackpot	808	12,283
Number Seven	60	670
Golden Eagle		120
Sally		32
	30,732	1,410,295
SMELTER TONNAGES.		
Granby	17,830	871,463
B.C. Copper Co.	12,949	311,936

Assistant General Manager

The appointment of F. N. Sylvester, a hydraulic and electrical engineer, as assistant general manager of the Granby company, which was announced in last week's Pioneer, has been confirmed by General Manager Jay P. Graves.

Eric Lundemo, who had been shiftboss at the Gold Drop, left on Tuesday for Spokane.

Reduced Prices for Cream

We are pleased to announce the following reduced prices for St. Charles and Jersey Cream:

Family Size, now 2 cans for	25c
Hotel Size, per can	25c
Family Size, per case of 48 cans	$5.75

DOMINION HOTEL

UNDER NEW MANAGEMENT

The Dominion Hotel is located in the heart of the City and has every accommodation for both tourist and resident boarders. It is the nearest Hotel to Granby mines and is the home for miners in Phoenix, everything being modern with Dining room in connection.

Having taken a lease on the Dominion the undersigned will endeavor to merit all patronage. Call and see us.

TURANO BROTHERS

HEAVY DRAYING

If you require any Heavy Teaming or Hauling done, let us do it for you. That is our business, and we have the equipment to execute all orders satisfactory.

First-Class Wood

We also have a supply of first-class Cordwood, short or long, and can deliver it on short notice. 'Phone your order to

McElroy Bros. PHONE 34 **Phoenix, B. C.**

Truant Officer Appointed

At a meeting of the Phoenix School Board last Wednesday H. Hartley was appointed truant officer and instructed to enforce the school act in the matter of children attending school. The school act sets forth that every child in cities from the age of seven to fourteen years inclusive shall attend school every school day, except in cases of sickness. Parents neglecting to send their children to school regularly may be summoned before a magistrate and a fine imposed. Parents should profit by this suggestion.

Turkey Shoot

Thanksgiving Day in Phoenix passed off quietly, the only special diversion being a shooting match for turkeys in the afternoon and the Odd Fellows dance at night. The mines all worked as usual.

Tenders Called For

Elsewhere in this issue tenders are being called for the construction of the new public school for Phoenix and will be received up to the 26th inst.

The plans of the new building were finally accepted by the board of school trustees on Wednesday, and if the stonework can be completed before snow comes the school will be built during the winter.

Stop that cough! Don't let it get the start of you, but stop it right away before it gets serious. Our cough remedy will do the work, price 50c. Love's Drug Store.

RHEUMATISM CURED

Zam-Buk will give relief!

When you have any deep-seated pain in the joints, the back the wrists or elsewhere, place a liberal supply of Zam-Buk on the fingers or on the palm of the hand and rub it in. The penetrationg power of this "embrocation-balm" is very great. It kills pain and removes stiffness. Mrs. Frances Wyatt, of 25 Guy Avenue, Montréal, says: "I have found Zam-Buk most soothing and valuable in a very bad case of rheumatism, and also for stiffness of joints and muscles. I suffered long and acutely from rheumutism, and tried one liniment after another in vain. I also took medicines internally, but it remained for Zam-Buk to effect a cure. I began applying this balm whenever I felt the aches and pains of rheumatism coming on, or felt any of the stiffness. The result was truly wonderful. Zam-Buk seemed to penetrate to the very seat of the pains, driving them completely out, and I am now quite cured."

So many of the ordinary embrocations and liniments are imperfectly prepared and not sufficiently refined to penetrate even the skin—much less the underlying muscles. Zam-Buk is totally different. Zam-Buk is so refined and its essences and juises are so concentrated that when rubbed into the muscles for rheumatism, sciatica, sprain, etc., its effect is very quickly felt.

If rubbed on the chest and between the shoulders in cases of bad cold on the chest, Zam-Buk will give relief. Apart from its use as an embrocation, Zam-Buk will be found a cure for all ordinary forms of skin disease and injury. It cures eczema, rashes, ringworm, cold sores, ulcers abscesses, chapped hands, piles, varicose veins, cuts, burns, bruises, etc. All druggists and stores at 50c., or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

T. Alfred Love, Publisher.

Saturday, November 5, 1910

The poorest policy and the worst economy is to keep the children out of school. Every day lost has its manifold effect; the knowledge gained on that day is missed, pupil is thrown behind, becomes discouraged, has a very bad effect on the classes and a very bad habit is to be avoided.

There is entirely too much laxity on the part of parents in this city in allowing their children to absent themselves from school. There have been boys and girls around us growing to be men and women with mill-stones round their necks through lack of education. A school education is essential in this progressive age, and there is no excuse for any boy or girl not gaining such; tuition is not only free but it is compulsory.

A parent or guardian who wilfully keeps a child out of school, or who through indifference permits such child to absent himself from tuition is not only committing a grave injustice on the child by handicapping him for the battles of life, but he is criminally negligent and punishable by law.

The local school board has appointed a truant officer to enforce the school act which provides that every boy or girl from the age of seven to fourteen years inclusive shall attend school during the regular school hours every school day, except in cases of sickness. It is fortunate for some children that there is a law to compel parents to keep them in school.

The Dominion census, which will be taken next summer, probably some time in June, will show that British Columbia has at least 300,000 people. The census of 1901 showed B.C.'s population to be 190,000. British Columbia is at present represented in the Dominion House of Commons by seven members and the census of next year, will, according to simple arithmetic and the less simple British North America Act, give B. C. twelve members in the Federal house.

The B.N.A. Act made Quebec the pivotal province and says:

1. Quebec shall always have 65 members.

2. There shall be assigned to each of the other Provinces such a number of members as will bear the same proportion to the number of its population (ascertained by census) as the number of sixty-five bears to the number of the population of Quebec.

3. The number of members in the House of Commons may be increased by parliament, provided the proportionate representation of the provinces is not disurbed thereby.

The population of Quebec in 1910 was 1,625,000. Quebec then has one member for each twenty-five thousand people. British Columbia has 300,000 people. Therefore British Columbia has twelve members.

DELIVERED TO ALL PARTS OF THE CITY

Local and General

Ernest Miller, M.P.P., was in the city Tuesday.

J. S. Birnie of Greenwood was in the city yesterday.

Suite of furnished rooms to rent; apply to J. McIntosh.

Mrs. F. E. Brine was a visitor in Grand Forks yesterday.

Dry wood in car lots for sale; apply to J. Trombley, Phoenix.

Next Thursday will be Granby pay day and will be the best for several months.

H. Hartley, city clerk, left yesterday on a land prospecting trip to the Shuswap district.

As good advertising is a vital part of store service, a good store must be advertised.

W. J. Rutherford returned to town on Saturday after a cruise on the northern coast.

Greenwood citizens have subscribed $3,000 to build a skating rink in that city.

For sale, best wood business in town; small capital required. Enquire P.O. Box 211.

The Greenwood Liquor Co. received a carload of whisky from Toronto this week.

Just received a large shipment of Parisian Sage, the popular hair tonic; 50c. per bottle at Love's.

Mrs. Watford Reed of Grand Forks was the guest of Mrs. J. F. McDougall for a few days this week.

Grand Forks has exempted from payment of road tax all registered members of the Volunteer Fire Brigade.

Guests of the Brooklyn hotel have been feasting on venison this week as the result of the good fortune of local hunters.

A number of local youths employed themselves in the old-fashioned way Hallowe'en, but nothing serious was done.

For sale, house and lot, on New York townsite; well adapted for chicken ranch or cattle; clear title; apply to T. H. Richards.

Harry Birnie, brother of L. Y. Birnie, has recently passed his final examination as a land surveyor and is locating at Vernon.

A slight skift of snow—the first of the season—fell early Thursday morning but rapidly disappeared with the rising of the sun.

Morris Jewel, an old-timber of Phoenix, came in from Vancouver on Saturday, having spent the summer at the Britannia mine.

Rev. S. Lundie, A. B. Calhoun and Wm. Lindsay left Monday on a week's hunting expedition up the west fork of the Kettle river.

All lovers of high-class comedy will be delighted with the great Hoyt theatre success "A Bachelor's Honeymoon," which will be presented at the local opera house next Tuesday.

Mr. and Mrs. W. Dawson returned Monday after spending a few days in camp on the West Fork. They brought home two fine deer.

For rent, nice suite of rooms for housekeeping, at the Biner block, centre upper town; best location, good water. Inquire on premises.

Principal E. E. Barnes returned Monday from Vancouver, accompanied by Mrs. Barnes. They have taken up residence near the school.

Bert Laing, the clever goal-keeper of the Grand Forks hockey team, has taken a position in Phoenix and will be on the local line-up this winter.

Col. Wadmore, D.O.C., gave the Grand Forks Rifle association the credit of being the most enthusiastic and best organized association in the province.

John McGrath, who had been employed on local C.P.R. section work, and believed to be mentally unbalanced, was taken to Greenwood Friday.

Bob Forshaw and Will Baker have arranged for a ten-round bout in the Phoenix opera house on Nov. 12. Bob Pritchard and Tom Parkinson will put on a preliminary.

An unimportant meeting of the city council was held on Wednesday evening. A number of bills were passed and H. Hartley, city clerk, was granted a two weeks' leave of absence.

G. W. Rumberger returned Tuesday after spending a couple of weeks at Peachland. He reports the Okanagan having had a good fruit season and business generally looking good.

The annual Odd Fellows' dance on Thanksgiving evening passed off very successfully. There were about 75 couples in attendance and all appeared to enjoy themselves thoroughly. Werner's five-piece orchestra rendered splendid music and an excellent Thanksgiving supper was served by Danny Deane.

NOTICE

Liquor Act, 1910

Notice is hereby given that on the first day of December next, application will be made to the superintendent of provincial palice for renewal of the hotel license to sell liquor by retail in the hotel known as the Hartford Hotel, situate at Hartford Junction, B.C.

Dated this 8th day of October, 1910.

A Bachelor's Honeymoon

An enjoyable evening is assured in the coming of "A Bachelor's Honeymoon" to Phoenix opera house next Tuesday evening, Nov. 8. The Edmonton Bulletin has the following to say of the show:

Another well-filled house greeted "A Bachelor's Honeymoon" at the Empire Theatre last night. Miss Rose Ainsworth, the leading lady, was back in the caste after being out for nearly a week on account of illness. No one in front would ever have known that she was ill in view of the excellent way in which she handled her lines. She has a very long part and worked with snap and vim at all times. She is one of the cleverest actresses that has been seen at the Empire for sometime.

While the leading characters of the company are exceptionally strong, the remainder of the caste is well balanced, interest thus centreing on every individual member. "A Bachelor's Honeymoon" is one of the strongest attractions that has visited the Empire this season, particularly from the standpoint of those who like good clean comedy and lots of it.

Carney Copper

J. L. Martin, president and manager of the Carney copper property near Mullan, Idaho, is back from his first visit to the mine since the big forest fire last August, which destroyed all of the mine buildings. He has suspended work until next spring, but states that an ore shoot has been opened up for 200 feet in the No. 1 tunnel, and that he hopes to have the property on a shipping basis in a year from now.—Spokane Review.

Wireless from McQueen

Word comes Ab. McQueen, who is now skirmishing round with his old pals at Harriston, Ont., that he has signed a half dozen of Harriston's greatest hockey athletes and will have them in Phoenix for the puck-chasing season. It is proposed to cinch the Boundary cup first and then go after the Stanley mug.

TO CONTRACTORS

Sealed tenders addressed to the undersigned and marked "Tender for Phoenix School" will be received until 12 o'clock noon on November 26, 1910, for the building of a four-roomed school in the city of Phoenix, B.C.

Plans and specifications may be seen at the city hall, Phoenix; at the office of the superintendent of Education, Victoria; or will be sent by the undersigned on request.

Each tender must be accompanied by an accepted check on a chartered bank, payable to the order of the Phoenix School Board, equal to ten per cent of the amount of the tender, which will be forfeited if the person tendering decline to enter in a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the check will be returned.

No tender necessarily accepted.

T. A. Love,
Secretary School Board,
Phoenix, B.C.

Look at this Real Fire Box

It is wide, long, and deep. It has the coal capacity that makes cooking easy *all over* the top—and for heating the oven so that a large joint roasts perfectly at the same time. More, it *saves* fuel and reduces coal bills. You'll never have to sacrifice your baking for your cooking on top with this reliable fire box. The best results are always certain.

KOOTENAY Steel Range

There are a great many more exclusive points of merit in a Kootenay that you must *see* to thoroughly understand. The nearest McClary agent will gladly go over them with you, one by one. Before you decide on *any* range, write the nearest McClary branch for full particulars. It will cost only a cent for information that means money in your pocket. 50

Church Dedication

The dedication of the new Methodist church will take place on Sunday, Nov. 13th. Services will be held in the morning at 11 o'clock, and in the evening at 7.30, the former being the dedicatory service. Rev. James Calvert, B.D., of Grand Forks, ex-president of the Methodist conference, will be the speaker on both occasions, and special music will be rendered by the choir.

On Monday evening, Oct. 14th, the Ladies' Aid will give a dinner in the banquet room of the Miners' Union hall. The Ladies' Aid have a reputation in this line and intend serving a first-class dinner. Keep these dates open for these occasions.

Bachelor in Trouble

The man who married an actress and introduces her to his spinster sister as the governess, gets into all sorts of trouble especially when his wife finds he is the fond parent of twin daughters aged seventeen years. A maid servant with detective proclivities and a clue in her head, a German frien' who nurses a secret sorrow and is looking for someone to put sweet flowers on her grave, and many other characters make "A Bachelor's Honeymoon" the funniest play seen in years. It will be presented here Nov. 8.

Parsons Sidetracked

John Harninen and Miss Lizzie Turja, both of Phoenix, will be married at the Courthouse, upon Nov. 14, by the registrar, W. G. McMynn. The government charges double the fee the parsons do for performing the marriage ceremony and does not make the matrimonial knot a whit tighter.—Greenwood Ledge.

Delegates Elected

At a recent meeting of Phoenix Conservative association the following delegates were appointed to attend the convention at Nelson on Nov. 16th: A. S. Hood, W. R. Williams, G. T. Mattocks, J. T. Hawthorn, James Marshall, G. W. Rumberger, J. A. Robinson and W. X. McDonald.

The weekly newspaper has the steady producing qualities. It gets closer to the people than any other kind of publicity.

Timothy Head on Lung

Gordon, a son of Dan McLaren, at Deadwood, while playing with some other boys four years ago, got a head of timothy three inches long into one of his lungs. This boy, now nine years old, has been sinking ever since, and Dr. Oppenheimer was sure he had consumption. The other day after a violent fit of coughing, Gordon succeeded in expelling the timothy that had caused him to droop for four long years. The timothy is just as fresh as it was upon the day that Gordon breathed it into his lung. While still weak, it will not be long before he recovers his health and becomes a joy to his parents.—Ledge.

Missing Man Returns

John Leckiej, who had been acting as nightwatchman at the Granby for a couple of weeks, aroused considerable anxiety this week by his unceremonious disappearance on Monday. Diligent search of the mine and the city was made without locating him. Yesterday at noon, however, he re-appeared and gave evidence of being mentally deranged. He was scaling the hill towards the lake about 1.30 yesterday when taken in charge by the police.

Curlers Incorporate

The Grand Forks Curling Association has decided to incorporate as a joint stock company, with a capital of $5,000, divided into 200 shares of $25 each. The Association will affiliate with the Kootenay Curling Association and will endeavor to bring the annual bonspiel of the latter to Grand Forks this winter.

Vancouver Apple Show

At the first Canadian National Apple show in Vancouver this week a carload of Jonathan apples from Kelowna won two prizes amounting to $1500. Grand Forks took second place in the district display.
