Victoria Diamond Jubilee Hospital.

MR. EDITOR

Dear Sir:—

Since taking over the Matronship of the above named Hospital I have met with so many kind responses to appeals for assistance to help along my work that I wish through the medium of your paper to extend my most grateful thanks to all those who have so ably done so.

I have furnished two wards and renovated the whole building at a cost of $300, of which part was donated and part earnings. I also have been assisted by our Secretary, Mr. Smith, in securing a large donation of drugs from Henderson Bros. We have also received a most liberal grant from the government, which will enable me to put the hospital in good sanitary and comfortable conditions. It may seem to outsiders a great deal to have been given, but any who have had the expenses of sickness in their homes know something of what it costs for the comfort of those who are helpless, and when a number are at the mercy of those who can help by their loving care and attention, even that is not enough, so many little things often of the most expensive nature are required to help restore strength and life. To those also who have devoted their lives to wait on such is dueca cheering word and sympathy to help them in their good work. When a nurse dons the cap and apron that is not what makes a nurse, but a heart that can lend its love to its fellow creatures, a willingness to devote hours of weariness, to alleviate the distress of others as well as is possible to be done by the gentle hand of kindness. So they also should be remembered in cheering ways and helping hands outside the hospital walls.

All donations will be received with thanks, such as flowers, reading matter, old linen, etc. While I thank the public for all past favors, I still ask to be remembered.

Unfortunately, when I took charge of the hospital there were two patients upon whom death had already placed its mark, Mrs. Dinick and Mr. MacMillain, who in their last days have been given every comfort and attention it was possible to bestow, have passed from us. Other patients have been successfully treated, and have returned to their former places in life. Two weeks ago Mr. Chammings was brought at midnight with a compound commutated fracture of the ankle. We are pleased to report that, under the skilfull treatment of Dr. Watt, the fracture is uniting satisfactorily, and we hope that shortly you will learn of his complete recovery.

This week the hum of busy workmen pleasantly greets our ears, for we know that the carpenters are at work upon the much needed outbuildings. We are also to have a few alterations within the house, so as to provide a bath room, presses and nurses quarters. It is our hope that, before many days pass, we shall have a hospital in Fort Steele unsurpassed in accommodation and equipment by any other in the Kootenays.

Thanking you, Mr. Editor, for your valuable space, I remain yours sincerely.

MISS FOLSON.

Donations Received.

Mrs. Armstrong, fruit; Mrs. Miller, Vegetables; Mr. Miller, tea; Mrs. Binmore, tea; Mrs. Elton, honey, etc.; Mrs Levett, towels and fruit; Mrs. Fraser, vegetables; Mrs. Bargett, milk; Mrs. Galbraith, milk and eggs; Mr. Carlin, water barrel; Mr. Grassick, screen; Mr. Harvey $5; Mr. T. C. Armstrong, $1; Mrs. James Clark, reading matter; Henderson Bros. for their liberal donation of drugs.

MISS FOLSON.

August 20th, 1901.

James Carn MacMillain.

On Tuesday we laid at rest James Carn MacMillain one of the "old timers" of the west. After a lingering illness of four months, he passed away in the Diamond Jubileo Hospital on Sunday August 18th. Had he lived one day more, he would have celebrated his sixty-ninth birthday. He was born in Dumfries, Scotland, and came to America in the early fifties and settled for a time in California. He afterwards engaged in mining operations in Mexico; from there he came to British Columbia and located for several years in Cariboo. Arriving in this country with the first comers, where he has seen the rise and development of the towns and mining industries of the Kootenays, he has, during the past half dozen years, been engaged in tunneling on the Wild Horse creek with the hope of finding the old channel with large deposits of gold. It adds pathos to the memory of our departed friend to know that death overtook him ere his hope was realized.

Although no kindred were present to mourn the departed, yet the many comrades grieve in heart for a friend, who, in his life, was a true man, respected by all and esteemed by those who knew him best.

Mr. MacMillain had for many years been a master mason, and the funeral was under the auspices of North Star Lodge A. F. & A. M. Rev. Mr. Reid conducted the usual religious services, and the masons with impressive ceremonies laid the body away to rest. The floral offering was beautiful, a loving tribute of friends.

MOYIE NEWS.

From Our Own Correspondent.

SOCIETY GIRL.

Charles Farrel has a small force at work on the Society Girl. The long cross-cut tunnel is in over 200 feet. It is said that this tunnel will have to be driven in the neighborhood of eight or nine hundred feet before the vein is struck.

ST. EUGENE.

There is practically no change in the situation at the St. Eugene The shaft in the Lake Shore tunnel is still going down. It is rumored that operations will commence on the St. Eugene about the middle of September. Some 70 to 80 men are still engaged in development work.

The Big Kootenay Fair.

The management of the East Kootenay Exhibition coming off in Cranbrook on September 25th to 27th are anxious to have a trade exhibit; free space will be allotted to any merchant or manufacturer who desires to exhibit and advertise his business.

This will be a good opportunity to exploit special lines of business. And enough sales should be effected on the ground to pay all expenses of the exhibitor.

Application for space and further information should be sent to

A. W. MCVITTIE, Manager.

MINERAL FLOAT

At no time in the history of South East Kootenay has there been better opportunities for acquiring good mining properties.

The lead question is simply one of supply and demand.

The extent to which the Kootenays is mineralized is a surprise to visiting mining men.

Outside mining men are visiting the mining camps in the vicinity of Fort Steele.

Some beautiful specimens of gold quartz from the Badger and Red Mountain claims, situate on Perry creek, has been received, it will make a handsome addition to THE PROSPECTOR cabinet.

Adam Wise has been working on a property situate near Isadore Canyon. It is said to be looking well.

The mountain range near the town of Fort Steele is highly mineralized and displays a large number of quartz veins.

The newspaper press is an eternal spring of good mining stories, and the fact shows the lively general interest in the mining industry.

The strike in the steel trades, both in coast cities and in the east, is dealing a very hard blow to the mining industry of the north-west.

The deep placers on Perry creek are about to receive deserved attention from eastern capital.

The copper industry of this district is comparatively in its infancy, but with adequate means of transportation it will grow rapidly.

In paying for lead ore the smelter makes a deduction of 10 per cent from the assay value of the lead, and pays at the market price.

Many mining enterprises worthy of the highest confidence of the public interested in mining, have been hampered or turned down by the parasitic kicker.

In this district there are many square miles where the foot of man has never trod.

When the Kootenay Central Railway is constructed; then the Fort Steele district will go to the front with a bound and continue to hold first place in the mineral production of the province.

Owing to the lack of transportation facilities the copper properties on the St. Mary's river are not being developed as rapidly as they should be.

The future of the mines on Boulder creek, a tributary of Wild Horse creek, are very promising.

It is reported that the plans for a smelter in the Kootenay valley are rapidly being completed.

The Estella mine presents a scene of great activity, the blocking out of quantities of ore and development work is progressing.

In the Sand creek and Elk river districts there is considerable mining activity.

E. C. Smith visited the Bull river iron mines last week. He says that it is the largest proposition of its kind in British Columbia.

Mineral veins span the country from the foothills to the crest of the Rocky Mountains offering unlimited opportunities to the prospector.

The reaction in the price of silver, which many deem inevitable, would of course, re-energize the mining industry.

The Star group, situate on the divide between Boulder creek and Bull river is being developed by Spokane parties.

Sullivan stock is now worth eleven cents. The boost was started on Monday, and since that time the stock has made a jump of three cents.

Late Telegraphic News

Special to THE PROSPECTOR.

SEWELL'S COMING.

Antwerp, Aug. 24.—United States Senator Sewell, of New Jersey, sailed today for his home in America.

MONMOUTH COUNTY HOUNDS.

Newport, R. I., Aug. 24.—The meet of the Monmouth County Hounds occurred here today and will continue three days of each week until October 1.

MEN OF THE AXE.

Tacoma, Wash., Aug. 24.—A convention of Woodmen of the World is being held in this city at which are present representatives from thirty camps in this part of the state. At least 4,000 members of the order are here. A big parade will occur this afternoon.

HOBOKEN REGATTA.

Hoboken, N. J., Aug 25.—The annual regatta of the Hoboken Amateur Rowing Association comes off today over the Gutenberg course. The events, including all that are customary, will be open to the members of any boat club. The representation is much above the average.

Washington, D. C., Aug. 22.—His Majesty's Consul Vansittart at New Orleans, is again in trouble through too much talking. He charges that he has been mis-reported and says that he expects the State Department to accept this explanation of the situation and refrain from revoking his exequator. The matter, however, it is said, will not be allowed to rest. His outbreak grew directly out of the attempt of the Boer sympathizers to dynamite the steamship Mechanician, which was about to sail for South-Africa with a cargo of mules for the British Government. As another result of his injudicious talking, the Boer agent, General Pearson, has brought suit against him for $50,000 for libel. Mr. Vansittart publicly accused General Pearson of being instrumental in bringing about the explosion, without having a tittle of evidence to support him.

Phillipps Notes.

Phillipps, Aug. 21—Work on the construction of the Great Northern line from Jennings to the boundary is well under way, the right of way is cleared and grading has commenced at points along the line.

The line north of the boundary has been surveyed and construction will commence about September 20th.

The steamers North Star and J D Farrell are making regular trips as far north as Crow's Nest Landing.

The C. P. R. have laid out a townsite at the boundary near the Kootenay river.

Contractors are looking over the Crow's Nest line preparatory to estimating on contracts.

A large number of tents have been pitched in the neighborhood of Elko to accommodate the new arrivals.

In Tunnel and Stope

MASTODON.

Mr. J. Walsh has returned to Fort Steele, from Perry creek, where he has been engaged in doing the annual assessment work on the Mastodon mineral claim which is situated on the east side of Perry creek, about two miles above the old shaft.

Development work on the property consists of one tunnel some 35 feet in length, running through schist and slate, with stringers of quartz in the same. A shaft is down eight feet, an open cut has been run for a distance of some 16 feet. Two leads traverse the claim, one is about 20 feet west of the tunnel, the other just above the tunnel. It is expected that when the present tunnel is driven some ten or twenty feet further the vein will be encountered. The ore is a gold bearing quartz, "free milling", from which colors can be obtained by panning.

The owners will crown grant the property in the near future.

ST. MARY'S DISTRICT.

Wm. Forsyth and T. Ray, left on Wednesday with a large outfit, they were bound for the St. Mary's river district, and will work on a number of claims in that vicinity, owned by eastern capitalists.

KITCHENER IRON BEDS.

The closing of the deal for the large iron beds near Kitchener will play an important part in the development of this district. The final payment of $80,000 was made last week. The property includes a group of 15 claims. it is a bed of hematite averaging 60 to 65% iron, and runs through the group. The bed is from 50 to 200 feet in width, situated between granite walls.

SULLIVAN.

Reports received from Spokane are to the effect that the Sullivan mine will soon be in active operation. It is said that arrangements have been completed for the erection of a smelter to treat the ores of the Sullivan and North Star mines. The capital of the Sullivan will be increased from $2,500,000 to $3,000,000 in order to provide means for the construction of a smelter and improvements for the further and more rapid development of the mine.

SUNRISE AND SUNSET.

The assessment work on the above claims has been completed. A tunnel has been drove 31 feet. The claims are situated on Lewis creek.

MONTANA.

Messrs Bain and Shira have completed the assessment work on the Montana. The tunnel is now in 97 feet. The ore in the tunnel is a copper carrying galena.

IOWA.

Mr. Howell is still hammering away on the Iowa, the tunnel is in 15 feet. there is a good showing of galena ore.

Will Build a Smelter.

Frank Hogan who was in town on Wednesday says: "There is no doubt but that a smelter will be erected in the near future on Mark creek. The smelter will be constructed either at the lower falls in the vicinity of Marysville, or at a point near the upper falls in the neighborhood of the mines. A conference has been held with Mann & Mackenzie, the owners of the North Star mine, and the Directors of the Sullivan mine, and it is reported that a conclusion has been arrived at."

The whole mining industry of the district would be favorably affected by the construction of a smelter at this point.

PERRY CREEK.

The Thompson outfit will commence operations on their placer claim situated on Perry creek next week. The water wheel is now completed, the flume will be finished today; pump is placed in position, the hoist is in, in fact everything is in readiness for active operations. It is well worth a trip to Perry creek to see the large amount of development and improvements which have been done on this property.

RICH GOLD STRIKE.

The Follow Me Group Situated on Perry Creek Is Where the Discovery Was Made.

Hank Eller and Dan Munroe have made a rich strike of gold quartz on the Follow Me group situate on Perry creek.

Early last week Messrs Eller and Munroe returned to Steele from Perry creek and reported that they had a very promising property on Perry creek, they emphasized the statement by showing samples of quartz containing free gold. On Wednesday of last week, after securing supplies, they returned to Perry creek to further prospect and develop their claims.

Tuesday William Kidd returned from Perry creek bringing in a report that Messrs Eller and Munroe had struck the richest vein of gold ore ever found in South East Kootenay. On returning to the claim Eller and Munroe commenced sinking near the center of a big ledge that is from 40 to 50 feet in width. On Thursday the shaft had reached a depth of ten to twelve feet, the last shots fired exposed quartz containing a large amount of gold visible to the eye, as Mr. Kidd expressed it, "It is lousy with gold". The shaft is 5 by 6 feet, and in the bottom gold can be seen sparkling all through the quartz. Further development will determine as to whether the strike is a pocket or the quartz will carry high values across the vein. The big ledge is lying between walls of slate and syenite.

Matters of Interest.

It seems well settled that Nelson will be the site for the lead refinery to be built in the Kootenays under bonus from the Dominion Government.

The construction of the Crow's Nest Southern railway, with its branch lines to points in the Fort Steele district will be an important factor in the mining situation and conditions in this district.

The construction of a smelter and lead refinery is under consideration.

The Wild Horse and St. Mary's districts will be benefitted by these contemplated improvements, for there will be a strong demand for dry ores to mix with the wet ores from the Sullivan and North Star mines.

Business at Fort Steele.

Trade at Fort Steele is good, and our merchants are preparing for a busy fall. Carlin & Durick, during the past week have shipped a large amount of supplies to Perry creek, Kimberley, Tracy and Wild Horse creek Marysville and Elko. The Elko shipment included two wagons.

The Prospector.

ESTABLISHED 1895.

A. B. Grace,

PUBLISHER AND EDITOR.

THE PROSPECTOR, is published every Saturday, and has a guaranteed circulation larger than any other paper in East Kootenay. It is all home Printed and contains double the news of any other paper in the district.

As an advertising medium it is unexcelled.

Devoted to the upbuilding of Fort Steele, the development of the vast mineral resources of the East Kootenay mining district.

Subscriptions, ... $2.00 per year
Advertising rates made known on application.

Contributions are solicited from all parts of the district, but all matter intended for publication must have the writer's signature.

THIS PAPER Is kept on file at the advertising agency of Alexander &Co., Suite F., First National Bank Building, Spokane, Wash., where contracts can be made for it.

This Paper is kept on file at E. C. DAKE'S Advertising Agency, 64 and 65 Merchants Exchange, San Francisco, California, where contracts for advertising can be made for it.

This Paper Is kept on file at the A. McKim & Co. Newspaper Advertising Agency, Montreal, where contracts for advertising can be made for it.

This Paper Is on sale at J. W. Graham & Co's book store, Spokane, Wash.

The Prospector.

SATURDAY, AUGUST 24, 1901.

"No Enemies to Punish—No Special Friends to Serve."

LEAD ores in this district are in most cases of a high grade, 55 to 60% lead, and from 30 to 45 ounces in silver with a small percentage in gold. With the cost of transportation of coal, coke and ores brought to a minimum and with self-fluxing ores of a high value, the cost of treatment of lead ores should leave a good margin for the mine owner.

* * *

There is also every indication that there are a large amount of different grades of ore in the district that can be treated here in the Kootenay valley with less cost than any other district in British Columbia.

* * *

Do railways make money? There is little question about that, even though in this province where the population is small and sparce and the distances are long. It is the opinion of well informed parties that the Crow's Nest Branch is the best paying division of the C. P. R. system.

* * *

British Columbia will be the Ontario of the west when the energy of present and future population have developed the immense resources of her forest field and mine.

* * *

It is very doubtful if any district of British Columbia is attracting more attention than the Fort Steele district.

* * *

Everything seems to indicate that British Columbia is on the threshhold of a new era.

* * *

Mining men and prospectors of experience have found that the mineral resources of the Fort Steele district are all right.

Population of Canada.

The first official bulletin of the Dominion census has been issued The population of the Dominion is given at 5,337,885, an increase of 505,644 over the census of 1891. The population of the provinces is as follows:

British Columbia 190,300. Manitoba 266,464. New Brunswick 331,093. Nova Scotia 459,116. Ontario 2,167,957. Prince Edwards Island 103,258. Quebec 1,620,974. Territories 145,000. Unorganized territories 75,000.

Railway Situation.

There is not much new in the railway situation this week. The engineers have surveyed the road from the boundary to Elk river. It is reported that the line as proposed will have an easy grade for the entire distance. It is said that grading will not commence on this side of the line until about September 20th.

The growing importance of the coal industry of this district has sent a large number of prospectors into the mountains in search of this product.

When the Montana and Great Northern Railway is completed, a smelter will be erected at some point in the Kootenay valley.

MINERAL ACT, 1896.
(FORM F.)
CERTIFICATE OF IMPROVEMENTS.

NOTICE.

"MIDAS" MINERAL CLAIMS.

Situate in the Fort Steele Mining Division of East Kootenay District.

Where located: On Boulder Creek, a tributary of Wild Horse Creek.

Take notice that I, William R. Ross, Free Miner, Agent for P. C. Andrews Free Miner, R. J. McKenzie Free Miner and H. H. Browne Free Miner, intend sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 5th day of August, 1901.

32- W. R. ROSS.

Notice to Delinquent Co-owners.

To Stephen Young, or to any person or persons to whom he or they may have transferred his interest in the "Prospector's Dream" mineral claim, situate at Weaver creek, in the Fort Steele mining division of East Kootenay and recorded in the Recorder's office at Fort Steele.

You and each of you are hereby notified that I have expended since August 19th 1897, four hundred dollars in labor and improvements upon the above mentioned mineral claim under the provisions of the Mineral Act. And if within ninety days from the date of this notice, you fail, or refuse to contribute your portion of such expenditure together with all costs of advertising, your interest in said claim will become the property of the subscriber under Section 4 of an Act entitled "An Act to Amend the Mineral Act, 1900".

Said portion of expenditure to be paid to subscriber at Fort Steele.

J. S. PARKER.

Dated at Fort Steele, this 19th day of August, 1901.

RECOMMENDED BY PHYSICIANS.

The pair were arrested July 26 and taken before a justice. Piggott insists that he was divorced before his union with the woman now under arrest with him, and that the present prosecution is but a scheme to extort money from him.

GOES BACK HOME.

New York, Aug. 21.—Lorne Campbell Currie and party sailed for Liverpool today in the Oceanic. Mr. Currie expected to sail a yacht owned by the White Bear Club of St. Paul, but there was objection by United States authorities; hence his return.

PITTSBURG VS. WHEELING.

Youngstown, O., Aug. 21.—Jack McClelland of Pittsburg and Eddie Gardner of Wheeling will have a 20-round bout here this evening. The boys have met already in two well-contested fights, in both of which McClelland was victor.

BOAT LAUNCHED.

Detroit, Mich., Aug. 20.—The Collingwood Ship Building Co. today launched the steel steamer Huronic. The new ship is to run between Windsor and Duluth via Mackinac, Sault Ste. Marie, Port Arthur and Fort William. It is one of the finest ships on the lakes and among the largest ever built in Canada. The measurements are 325 feet over all, 43 feet beam and 27 feet molded depth.

C., ST. P., M. & O. DIVIDEND.

New York, Aug. 20.—Holders of the preferred stock of the Chicago, St. Paul, Minneapolis and Omaha railroad today received a dividend of three and one-half per cent.

Trusts continue to be formed in the United States, notwithstanding the opposition to them.

The Whole Story in a letter:

Pain-Killer

(PERRY DAVIS')

From Capt. F. Loye, Police Station No. 5, Montreal:—"We frequently use PERRY DAVIS' PAIN-KILLER for *pains in the stomach, rheumatism, stiffness, frost bites, chilblains, cramps*, and all afflictions which befall men in our position. I have no hesitation in saying that PAIN-KILLER *is the best remedy* I have near at hand."

Used Internally and Externally.

Two Sizes, 25c. and 50c. bottles.

Commencing at a post about three chains east of the Golden road between the 33 and 34 mile post, thence east 40 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 40 chains to place of commencement containing 640 acres more or less.

J. A. HARVEY.

31 Dated this 7th day of June 1901.

Notice to Delinquent Co-owners.

To Henry Rose and Walter Sully, or to any person or persons to whom he or they may have transferred his or their interests in the Ashland mineral claim, situate on the west fork of the St. Mary's river, in the Fort Steele mining division of East Kootenay and recorded in the Recorder's office at Fort Steele.

You and each of you are hereby notified that I have expended since November, 1894, and to date (six hundred and seventeen dollars) in labor and improvements upon the above mentioned mineral claim in order to hold said mineral claim under the provisions of the Mineral Act. And if within ninety days from the date of this notice you fail, or refuse to contribute your portion of such expenditures together with all costs of advertising, your interests in said claim will become the property of the subscriber under section 4 of an Act entitled "An Act to Amend the Mineral Act, 1900."

J. H. WRIGHT.

Dated at Fort Steele this 18th day of July, 1901. 29-4t

Notice to Delinquent Co-owners.

To George Fisk, Robert Reid, Abner Bain and Peter Lutner.

Or to any person or persons to whom he or they may have transferred his or their interests in the "King Solomon" mineral claim, situate at Lewis creek on Tracy Mountain in the Fort Steele mining division of East Kootenay and recorded in the Recorder's office at Fort Steele, B. C.

You and each of you are hereby notified that I have expended since August 11th, 1899, two hundred dollars in labor and improvements upon the above mentioned mineral claim under the provisions of the Mineral Act. And if within ninety days from the date of this notice you fail, or refuse to contribute your portion of such expenditure together with all costs of advertising, your interest in said claim will become the property of the subscriber under Section 4 of an Act entitled "An Act to Amend the Mineral Act, 1900".

CHARLES BIELINBURG.

Dated at Fort Steele this 10th day of August, 1901. 32-4t

PROVINCIAL SECRETARY'S OFFICE.

HIS HONOUR the Lieutenant-Governor in Council has been pleased to make the following appointment:—

24th July, 1901.

WILLIAM RODERICK ROSS, of Fort Steele, Esquire, to be a "Stipendiary Magistrate" and to hold a Small Debts Court in and for the Fort Steele and Goat River Mining Divisions; such appointment to take effect on the 1st of August, 1901.

NOTICE.

Take notice that the first annual meeting of the shareholders of the Kootenay Central Railway Company will be held in the offices of Harvey & McCarter, Barristers, Fort Steele, B. C. on Monday the 2nd day of September A. D., 1901 at the hour of two (2) o'clock p.m. for the purpose of choosing Directors and for the transaction of general business.

Dated at Fort Steele, B. C. this 30th day of July, A. D., 1901.

SATURDAY, AUGUST 24, 1901.

LOCAL NEWS.

Bush fires along the base of the mountains near Cherry creek are still burning.

M. A. Beale was in town on Monday.

D. McNeish visited Fernie on Monday.

H. C. Killeen, superintendent of roads, returned from Nelson on Monday.

Robert Little, manager of the Kootenay Perry Creek mines, was at the Imperial on Monday.

Passenger traffic over the Crow's Nest branch is on the increase.

On Saturday last Carlin & Durick sent about three tons of supplies to Perry creek.

C. M. Edwards came up from Elko on Saturday last. He reports that a number of men are in that vicinity waiting for railway construction to commence.

Messrs. Hooker, Thompson, Banks, Theis and Parker returned to Perry creek on Saturday last.

J. Langley returned from Sand creek on Saturday last. Mr. Langley has been engaged in developing a mineral claim in that vicinity.

The patronage and prosperity of THE PROSPECTOR grows every week, and every month, because it serves its patrons to their satisfaction and profit.

W. R. Ross, S. M., went to Fernie on Monday.

Forest fires are raging in the mountains near the head of Tracy creek.

Dad Sprague came down from Tracy creek on Monday.

Work on the Wild Horse creek bridge under the management of D. Bale is steadily progressing.

An outing party visited Wild Horse creek on Saturday last.

E. Johnson and W. VanArsdalen returned from the Bull river iron mines on Saturday last.

Carlin & Durick filled a large order for supplies on Saturday for Kimberley.

Hundreds of Opinions agree upon the fact that Pain-Killer has alleviated more pain than any one medicine. Unequalled for diarrhœa and dysentery. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c

J. F. Adams of Kimberley, J. Carson of Calgary and M. Hanson, Moyie, were at the Imperial on Tuesday.

R. O. Jennings returned from the Windermere country on Wednesday.

Robert Little and M. Durick went to Perry creek on Thursday.

J. F. Armstrong, government agent, and H. C. Killeen, superintendent of roads, will visit Michel, Fernie and Moyie on a tour of inspection of roads, trails, etc.

Mesdames Mather, Muir, Armstrong and Estmere visited Kimberley on Thursday.

J. McBride was in town on Tuesday.

Constable Barnes has moved his family to Fernie.

Parties having mining properties for sale, and wishing to list them with The Prospectors Exchange, Nelson, can get the necessary blank forms at this office.

Fort Steele Flour and Feed Store can supply bran, shorts, oats and all kinds of flour and meal, hay baled or loose.

Forest fires occur with alarming frequency at this season of the year. Vegetation of all kinds is dry, the ground is heated and the atmosphere seems to quickly spread any little flame that may be ignited.

S. Jackson of Brockville was in town on Wednesday.

W. VanArsdalen and E. Johnson returned to the Bull river iron mines on Wednesday.

The business situation this week has been marked by continued activity in mining supplies.

F. Hogan, Spokane, was at the Imperial on Wednesday.

Hubert Haines, manager of the Bank of Commerce, was in town on Wednesday.

J. A. Harvey returned from Moyie on Thursday.

W. H. Macfarlane was down from Tracy creek on Thursday.

Some thirty or forty railway contractors are at Elko seeking grading contracts.

The distribution of mining supplies has proceeded this week on a steady and satisfactory scale during the past week.

The London Lead market was strong during the past week. A rise of one shilling three pence per ton is reported.

Sullivan stock is in demand. Buyers are anxious to get it, paying as high as 11¾ cents.

Mr. and Mrs. C. M. Edwards, with a number of friends are outing in the vicinity of Crow's Nest Landing.

G. H. Martin of Nelson, timber inspector for the district, was at the Imperial on Friday.

Wm. Meyers came down from the Watson claim on Friday.

A rich strike of gold quartz is reported on Perry creek.

Wm. Kidd came down from the Perry creek gold mines on Thursday.

Al Doyle has a large force cutting hay on the Scott ranch.

A large mineral development is now going on in the vicinity of Tracy creek.

St. John's Church of England.

Services will be held in the Church of St. John the Divine every Sunday morning at 11 a.m.

Holy Communion the third Sunday in each month at 8 and 11 a. m.

Strangers are welcome.

PRESBYTERIAN CHURCH.

Christian service will be conducted in the Presbyterian Church by the Pastor Rev. D. McK. Reid, B. A. every Sabbath evening at 7:30. Sunday School at 2 p.m.

All are welcome to our services

QUARANTINE SERVICE.

The Dominion Government is now maintaining a quarantine service to prevent the introduction of small pox from south of the Boundary at Tobacco Plains.

The quarantine guards there are M. PHILLIPPS and E. A. ELTON, and all persons desiring to cross into Canadian territory must report to them, giving satisfactory evidence of recent successful vaccination, or otherwise must submit to be vaccinated on crossing.

A heavy fine may be imposed on any persons neglecting or defying quarantine regulations.

HUGH WATT, M. D.
34- Dominion Quarantine Officer.

South East Kootenay Crops.

With harvesting in progress there is assurance of a large yield in grain and hay in the Kootenay valley. Oats are being cut and the production is satisfactory.

A. B. Fenwick has 110 acres in oats that will average 70 bushels to the acre. Mr. Fenwick besides his oats, has a large field of barley and another of wheat. Also a large acreage of vegetables and garden truck.

R. D. Mather will cut about 180 tons of hay, besides having a large acreage in potatoes, beans, etc.

At the Daisy ranch about 80 tons of hay will be harvested.

Thomas Fenwick has a large acreage in wheat, oats, spelt, barley and vegetables.

Fish Lake ranch will harvest the usual amount of hay.

At Tobacco Plains the grain and hay crops are very heavy, far above the average.

At the Henderson ranch the varicagated crops are in excellent condition.

At Parker's ranch the usual crop of hay will be harvested.

Cook's ranch on Lost creek it is said will cut a splendid crop of oats.

At Wasa, Hanson's ranch the hay crop is heavy. Fruit is in excellent condition.

Reports coming in from the boundary line, and as far north as the Windermere district are to the effect that the hay and grain production will be large.

Charlie Armstrong is riding a sulky-rake these days.

Gus Theis returned from Perry creek on Friday.

J. Y. Kesler came down from the Bull river mines on Friday.

The returned members of Strathcona's Horse, will give a ball on Tuesday, August 27 at Wentworth's Hall, Cranbrook.
