The Prospector.

Prov. Legislative Assembly
OCT 3 - 1905
VICTORIA, B.C.

Vol. 11. CRANBROOK, B. C., SATURDAY, SEPTEMBER 30, 1905. No. 40.

INCORPORATION

Persons Qualified to Serve As Mayor or Aldermen—Qualification of Electors.

As Cranbrook will soon receive "Letters Patent" as an incorporated city, to be followed by the election of a Mayor and six Aldermen, it will be of interest to many, to know who is qualified to serve as Mayor, and Aldermen.

FOR MAYOR

The persons qualified to be nominated for and elected Mayor of such city at the first election shall be such persons as are male British subjects of the full age of 21 years and are not disqualified under any law, and have been for the three months next preceding the day of nomination the assessed owners of land or real property in the city of the value of $1,000, and are qualified to vote at such election.

FOR ALDERMEN

The persons qualified to be nominated for and elected as Aldermen of such city at the first election shall be such persons as are male British subjects of the full age of 21 years, and are not disqualified under any law, and have been for the three months next preceding the day of nomination the assessed owners of land or property in the city of the value of $500, and are otherwise qualified to vote at such elections.

WHO ARE QUALIFIED VOTERS

The persons qualified to vote for Mayor and Aldermen at such first election shall be all such persons as are male British subjects of the full age of 21 years, who are free holders, homesteaders or pre-emptors within the boundaries of the municipality, who have resided within the boundaries of the municipality for one year immediately preceding the date of the Letters Patent, and who shall, before the day of such election, have applied to the Returning Officer, and have their names placed on the list of electors for such elections.

THE FIRST COUNCIL

The Council shall consist of a Mayor and six Aldermen, and the whole number present at each meeting thereof shall not be less than four. The first meeting of the Council shall be held on the first Saturday after the day of each election, at the Court House aforesaid at 12 noon.

CAN VOTE AT 2ND ELECTION

After the first municipal election the following persons shall be entitled to vote for any person who is duly nominated as a candidate for any election in municipalities:—In City municipalities any male or female, being a British subject of the full age of 21 years, who is the owner of real estate of the assessed value of not less than $100, or who is the representative, being a resident British subject duly authorized by the directors of an incorporated company, which is the assessed owners of lands, situated within the municipality, or who is the holder of a trade license the annual fee of which is not less than $5, or who is a householder, who has paid on or before the 31st day of December in the year immediately prior to the day of nomination, all municipal rates, taxes, assessments, rentals and license fees (which are chargeable on lands) payable by him or her to the municipality provided, however, that in the case of a holder of a trade license or in the case of a house holder, he or she shall, during the month of December, in each year, make and cause to be delivered to the Clerk of the municipality a statutory declaration, made and subscribed before a Supreme or County Court Judge Stipendiary or Police Magistrate commissioners for taking affidavits in the Supreme Court, Justice of the Peace or Notary Public.

A "householder" shall extend to and include every person who holds and occupies a dwelling, tenement, hotel or boarding house, or any part or portion of a dwelling, tenement hotel or boarding house within a municipality, who has paid directly to the municipality, rates, taxes, or fees of not less than $2 during the current year.

APPOINTMENT.

The Committee on Incorporation has appointed Mr. T. M. Roberts of the firm of Arnold & Roberts, as returning officer for the coming municipal election. The voting place will be the fire hall.

PUBLIC SCHOOLS.

Cranbrook Schools Report for Month of September

DIVISION I. Principal A. A. Macneil: Total attendance 570. Number on roll 36. Average 28.5. Perfect attendance made by Victoria Hillier, Della Drummond, Adelaide Richardson, Daisy McCallum.

DIVISION II. Mrs. Brock, teacher. Enrollment 47, boys 30 girls 17. Total attendance 857. Average attendance 42.85. Perfect attendance: Gertrude MacDonald, George Kerr, Joe Bourgoine, Joe Kennedy, James Doolan, Lionel Leask, Simeon Pringle, Winnie Deacon, Jessie McCowan, Ruth Harvey.

DIVISION III. Miss E. Lewis, teacher: Enrollment 42. Average attendance 33.22. Perfect attendance, Rachel Bardgett, Mildred Cline, Arthur Fowler, Edgar Handley, Lillian McCowan, Charles Morrison, Jessie Murgatroyd, Bertie Murgatroyd, Florence Wood.

DIVISION IV. Miss Cartwright, teacher Enrollment 51. Average attendance 45.90. Those giving perfect attendance, Hazel Burkett, Marcus Derr, Robert Derr, Wilfred Dallas, Katharine Dumont, Francis Drummond, Wanda Fink, Gordon Fowler, Wilfred Hunter, Gladys Higginbotham.

DIVISION V. G. C. Williams, teacher. Enrollment 53. Average attendance 41. Perfect attendance, Wilfrid Brault, Norman Fowler, Gracie Higgins, Willie Moore, Edith McDonald, Sadie Nesbitt, Andy Patterson, Lissie Richardson, Mae Welch.

Expecting a Battle Royal.

Wilkes barre, Pa., Sept. 29.—The time, when the mine owners in the Anthracite region will have to give a definite answer to the demand of the miners, is rapidly approaching and the situation is becoming clearer defined every day. The statement that President Baer of the Reading has declared, the demand of the miners for an eight-hour day would not be granted, seems to have no impression upon the miners and their leaders. One of them said in an interview today. The miners in the soft coal region only worked eight hours and the work of the miners in the anthracite region is even more difficult and hazardous than that of the soft-coal miners. There was no reason why the demand for an eight-hour day should not be granted. The miners would insist upon that point. They considered it of far greater importance than even the recognition of the Union.

Fire at St. Eugene Mine.

The blacksmith shop at the St. Eugene mine, and a portion of the tramway buildings were destroyed by fire Tuesday morning. The loss is estimated at about $1,500.

LOCAL NEWS.

R. H. Bohart, Wardner was in the city Friday.

New Silk waists at Reids.

H. M. Burrow, Fort Steele, was in town Wednesday.

Don't forget Reid's Millinery opening next week.

Everybody who has used Tetley's Teas pronounce them to be the choicest cup of fragrance they ever tasted. Sold only by the Vancouver Tea and Coffee Co.

The annual fall millinery opening at Hill & Co., which takes place today, is an event of much importance to the Ladies of Cranbrook. Call and examine our goods and prices, which are sure to suit you.

In Basutoland.

A special cablegram from London says that it is stated that a flying force left Pretoria on Sept. 26 for the border of Basutoland, to suppress a Moly war. The trouble is between the Boers and Basutos. The Pondas are also restless.

Log Driving in the Kootenay

The Crow's Nest Lumber Company have cut some 2,000,000 feet of logs this summer on Skookum Chuck, which they are now sending down the Kootenay river to Wardner. This will make a cut of about 10,000,000 for the Crow's Nest Company this year.

Visited Fernie.

The following members of Cresent lodge of Knights of Pythias visited Fernie on Wednesday: A. C. Bowness, H. E. Bowness, V. A. Rollins, W. A. Rollins, W. H. Wilson, C. F. Nelson, J. A. Arnold, T. M. Roberts, C. R. Tate, P. Matheson, J. B. Henderson, H. Bex, W. Edwards, F. A. Small, G. H. Thompson, E. F. Johnson, C. E. Reid, J. H. Fink, A. Smith, G. Donahue, T. H. Wilson, R. E. Carr.

On their return the visitors were loud in their praise of their reception by the Fernie Knights, and were the recipients of a banquet at the Fernie hotel.

DISTRICT MINING NEWS.

Of Interest to Those Engaged in the Development of the Mining Industry.

One of the most important enterprises now under way is that of developing the Mystery mine, on Alki creek. Several tunnels and drifts have been run, and the breasts are in ore which carry high values in copper.

The Sullivan mine is now being prospected by means of a diamond drill. The company's holdings are extensive and contains considerable unprospected ground and some valuable discoveries will undoubtedly be made by drilling.

While not doubting the probable richness of some of the mining undertakings being carried on in other portions of British Columbia, we are still of opinion that there are ample opportunities for the profitable employment of all available capital in Southeast Kootenay.

An offer to take silver-lead ores, carrying zinc, and pay for the zinc in addition to the other metals is the offer of the Frank smelter. It is stated this will add from $10 to $14 a ton to the values of many ores of Kootenay which have hitherto been considered too refractory for profitable treatment.

Operations continue at the Tiger-Poorman mine, a program of development will be maintained; a large amount of tunneling is being done and there is every reason to believe that the Tiger-Poorman will become a permanent producer.

Misplaced shafts and tunnels have caused the failure of many a mining company which had otherwise good prospects. As a rule this form of mismanagement has been found due not so much to a deficiency of technical knowledge as to a lack of common sense.

For several years, the St. Mary's district has been known to miners and prospectors as a region where some time a number of great copper claims would be opened. Locations have been made along the copper belt, and a good deal of development work done. These extensive copper deposits are said to be remarkably rich and extensive, and are considered as one of the great copper belts of the west.

Zinc products of British Columbia enters the United States free of duty, however, a duty of 1¼ per cent is collected on the lead contents of the ore.

Owners of crown-granted mineral claims are reminded that the acreage tax unpaid up to June 30th, 1905, should be paid within the present month in order to save additional advertising charges. A sale of Crown-granted mineral claims which the acreage tax has not been paid will be held the first week in November next.

Lady Grace and Canby Fraction.

T. T. McVittie, P. L. S., lately returned from Perry Creek where he has been engaged in surveying the Lady Grace mineral claim and Canby Fraction. These claims are located near the Roaring King claim and form a group of several claims owned by Mr. John Swenson of Canby, Minn.

A recent report of the survey of the Lady Grace and Canby Fraction, published in the Nelson Daily News, indicate that they were owned by H. W. Ross, we are informed that this is a mistake, Mr. Ross having no interest in the property, the entire group being the property of Mr. John Swenson.

The Post Card Craze.

London, September 29.—The post card craze which originated in Germany some years ago, seemed to have found fertile soil in Great Britain, judging from the enormous number of such illustrated post cards mailed every day in all parts of the United Kingdom. In this connection considerable comment has been caused by the fact reported to the local postal authorities, that after the recent visit of the British squadron, now in the Baltic to Holland, over 23,000 such view post cards were found in the mail boxes of Harlem, a small town near Amsterdam. Practically all those cards had been mailed by the officers and men of the British fleet.

INVESTIGATING CAUSE OF FIRES

Damaging Evidence Secured by Jury—Offered $100 to Fire Dwelling House.

During the past week a jury was appointed to investigate the cause of the recent fire which completely destroyed a whole block of Fernie.

From report received it would seem that a woman, who was in financial distress, and to receive the insurance placed on personal property, offered, to a man, who is now under arrest, the sum of $100 to set the house in which she resided on fire. $50 was to be paid before and $50 after the deed was accomplished. The man under arrest, refused to do the job, and subsequently made a statement of the above facts, but since his arrest denies making any such statement. It was ascertained that a number of persons who were empanelled on the jury were in position to give valuable evidence, and the jury was discharged. A new jury was empanelled who will fully investigate the cause of all the recent fires at Fernie.

Females Owning Property Can Vote.

From the reading of the proclamation re "Letters Patent" issued to the Cities of Fernie, Enderby and Kelowna, it would seem that the qualification of a voter at the first election "shall be a male British subject over the age of 21 years." The Statutes provide and state that "all persons, male or female British subjects over the age of 21 years".

From the above it will be seen that the proclamations differ from the Statutes in this matter, and is at present a subject of much discussion in Cranbrook. For the information of its readers, The Prospector wired the Fernie Ledger asking the question "Did female property owners vote at the first municipal election held in Fernie". Editor Mott wired in reply, "Yes", establishing the fact that females can vote at Cranbrook at its first municipal election.

Burglars at Moyie.

Special to The Prospector.

Moyie, Sept. 28.—Burglars entered the store of McEarchern & McDonald here last night and attempted to open the safe by nitroglycerine, but failed in the attempt. The knob on the safe was broken, and around the edge of the door soap was plastered with the exception of a small place on the top where a knife-blade was inserted, in this was poured a considerable amount of nitroglycerine. A fuse 8 inches in length was found, and two blankets covered the safe. The burglars obtained an entrance by prying open a window in the rear of the building. They were evidently frightened away suddenly. A small sum of money in the cash drawer escaped their notice.

B. Clendenning, Spokane was a Cranbrook visitor Friday.

ZINC ORES IN SOUTHEAST KOOTENAY

Principal Mines and Localities in Which This Metal Can Be Found.

Ever miner and mine owner in Southeast Kootenay, concerned in the zinc industry, as well as silver-lead mining, should be interested in getting together such information as regarding the occurrence of zinc ore in this district, and communicating the locality of its occurrence to the Zinc Commission, now engaged in the work of reporting upon the zinc resources of this province.

In Southeast Kootenay are situated a number of mines in which zinc occurs in commercial quantities. The St. Eugene, Aurora and Society Girl at Moyie, Sullivan and North Star, at Kimberley, Estella, Rams Horn and others on Tracy creek Kootenay King and Watson on Wild Horse creek, and several other properties on Lost creek and Bull river, might well receive the attention of the commission.

The Estella on Tracy creek is particularly worthy of attention, for it has been reported that this property has ore that will run 50% in zinc.

The Kootenay King ore that will run from 14 to 30% zinc.

It would be well for all concerned in mining in this district to place before the commission, as soon as possible, all necessary data of the occurrence of zinc, in large or small quantities, so that such information may be embodied in the report of the commission.

Foreshadowing a Happy Event.

Berlin, September 29.—Princess Caecilia, the wife of the Crown Prince, has crowned her popularity with the people by the news, long rumored in court circles, but only publicly announced now, that the "natural and happy event" is expected. The confinement of the Princess is expected to be due in April of next year.

Never has a young couple in such exalted position started out on the world's platform with such a fund of popularity as the Crown Prince and his young wife. Of her it can be said that she is the most popular member of the imperial family. Her cheeriness, and her happy looks alone act as a magnet upon the people. Her tact in the difficult and none too kindly centre known as "the Court", has already endeared her to that rather stiff and stilted set of mortals.

"Whatever she does is nice", said a lady of the court the other day, in speaking of the Princess. "She is dignified, but kind and simple in manner, and goes out of her way to be nice with the poor. And, what is a great thing, she has brought into the heavy German Court a note of lightness, brightness and Parisian "Chic" in her costumes which has affected the ladies of the Court like an invigorating tonic".

Dominion Fair Opened.

On Wednesday the great Dominion Fair at New Westminster was formally opened to the public by Sir Henry Joly de Lotbiniere, Lieutenant Governor of British Columbia. The opening took place promptly at 1 o'clock and after a brief address to the assembled crowds His Honor pressed the electric button that started the machinery of the big fair. Hon. Sidney Fisher, federal Minister of agriculture will open the live-stock portion of the show on Tuesday next.

LICENCES FOR SELLING NURSERY STOCK.

Attention is directed to the Provisions of Sec. 17 of the Horticultural Badge Act which reads as follows:

No person, firm or corporation shall engage or continue in the business of agent or principal, agent, solicitor or otherwise within the Province from trees, plants or nursery stock, or of importing for sale such trees, plants or nursery stock into the Province without first having obtained a licence to carry on such business in the Province under the Act provided.

All persons authorized to sell nursery stock in this Province are required by their principals, or by themselves if dealers, to produce their licences to the Department of Agriculture, Victoria, for the faithful performance of their obligations. The public is therefore warned not to purchase nursery stock except from duly licensed persons.

The Prospector.
ESTABLISHED 1896.
A. B. Grace,
PUBLISHER AND EDITOR.

The Prospector.
SATURDAY, SEPT. 30, 1905.

THE recent political developments in British Columbia, which have been marked by a somewhat sensational visit of a Tariff Commission, which is now followed by a Royal Commission to investigate transportation matters, all point to a want of confidence, by the Dominion government, in the electorate of the west, and the possibility of an appeal to the country. The object for which the commission has been appointed is to collect information on all matters that are conducive to keeping the Laurier government in power and just at the present time to keep as much possible on the west the attention of the electorate from results accruing from the passing of the Autonomy Bill, which is now regarded as a signal of danger to the government.

Free Traders, and advocates for a tariff for revenue only seem to err in thinking that the only object of a protective tariff is to enable manufacturers and producers to increase their prices. They cannot see how the importation of foreign goods, lead, etc., free of duty, or at a low rate of duty, can injure the mining, lumbering, or any industries of the Kootenays.

To many people this seems to be an unanswerable argument. But it is a very poor argument, and shows complete ignorance of the best laws of protection, also of the true status of the mining and lumbering industries of this district.

The "Free Trader" is no friend to Canadian labor when it plays into the hands of the "Lead Trust" of the United States, by tolerating the present tariff. This tariff enables alien miners and mine owners to reduce the selling price of Canadian lead, to close down Canadian mines, thereby preventing Canadian miners from securing steady employment in the silver-lead mines of the Kootenays.

Tariff rates enacted to carry the policy of protection into effect should be just, fair and impartial, equally opposed to foreign control and domestic monopoly, to sectional discrimination and individual favoritism and must from time to time be changed to meet the varying conditions incident to the progress of our industries and their changing relations in our foreign and domestic commerce. Duties that are too low should be increased, and duties too high should be reduced.

* * *

We reiterate our faith in the historic policy of protection. Under its influence Southeast Kootenay, foremost in the production of silver-lead, and lumbering, will enable labor to successfully do its share of work and capital to engage in production with a reasonable hope of a fair reward.

* * *

It is high time to ring down the curtain of legislative bonusing lead products, and revise the present grotesque tariff on lead.

* * *

The jug-handled pro American tariff that enables American workers to earn $25,000,000 per annum in the production of goods for the Canadian market is no friend to Canadian labor, organized or unorganized.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Where located: On the east side of north fork of the St. Mary's River about 8 miles from the bridge.

Take notice that I, John G. Cummings, F.M.C. No. B.43556, acting as agent for Joseph H. Wright Free Miner's Certificate No. B72653, and C. P. Coon, Free Miner's Certificate No. B.72654, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 25th day of August, A.D. 1905.

JOHN G. CUMMINGS.

NOTICE.

TAKE NOTICE that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in Southeast Kootenay.

Commencing at a post planted about twenty chains south of the northeast corner of Lot 276 Southeast Kootenay, thence east eighty chains, thence north eighty chains, thence west eighty chains, thence south eighty chains to place of beginning, known as Lot 6242.

W. J. TIMLICK.

Dated September 4th, 1905.

SATURDAY, SEPT. 30, 1905

LOCAL NEWS.

F. Davidson, Vancouver, was in the city Monday.

R. R. Dawson, Nelson, was a guest at the Cranbrook Monday.

F. W. Godsall, Pincher Creek, passed through Cranbrook Saturday on his way home. He was visiting Mr. and Mrs. E. C. Miller at Fort Steele for several days last week.

ATTENTION! Everybody that wants furniture repaired or upholstering done, or new work, would do well to come and see me. New samples on hand. My charges are moderate. A. GRENIER, Armstrong Ave.

Lead in B. C.

Lead, there is lots of it in B. C. and at no very distant date will it be eagerly sought after.

The Coeur d'Alene production is being pushed to the breaking point; the consumption in the United States is enormous; the production in Mexico is dwindling rapidly, owing to the ore gradually growing more zinciferous in depth. Treatment charges have been cut to an unheard of figure to stimulate production. Railroad construction is being pushed to tap new districts of supply. Smelters are being forced on a copper base because of lack of supply of lead. This stimulates the search for copper deposits, located near the districts having large amounts of dry or silicious ores, carrying gold or silver.

Australia's production of lead is lessening. The smelting of the ore at home has severely crippled the custom lead smelting industry in Europe, which depended thereon for a supply of flux.

All the European lead producing countries find a ready market for the raw product and for its finished form. The rising prices indicated stimulate consumption. The industry is recovering from its long depression and everything is shaping for the stimulation of production through high prices.

The older countries have not the resources as they once had in lead production. The new sources must come to the fore to supply the deficiency. In the United States very few producing districts are known; Mexico must depend on new railway construction while British Columbia has great undeveloped possibilities. —Sandon Mining Standard.

NOTICE.

NOTICE is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works, and to the Assistant Commissioner of Lands and Works for the District of East Kootenay for a license to prospect for Coal and Petroleum on the following described lands, situate at the forks of Kish-e-nen-na and Akamina creeks near the South Kootenay Pass Trail, Block 4593, Southeastern portion of British Columbia.

Commencing at a post planted near the South Kootenay Pass trail, north of and adjoining John Gloyn's coal and petroleum claim, being the initial post of Nathan Whealdon's claim and marked Nathan Whealdon's southwest corner post; thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to the place of beginning, containing 640 acres more or less.

Located Sept. 5th, 1905.

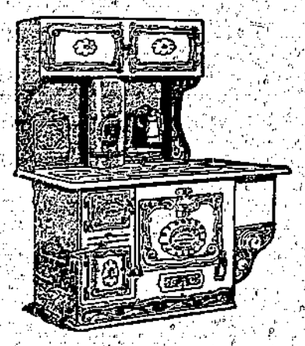
Kootenay Steel Range

A GOOD BAKER

The oven in the Kootenay Range is scientifically proportioned to the size of the fire-box, so that no more fuel can be burned than is absolutely necessary to heat the oven.

The oven is lined with heavy sheet steel, which is a great radiator of heat and insures a uniform heat throughout the oven—no danger of a loaf of bread being half done on one side and burned on the other.



The Kootenay Range is built on scientific principles throughout, and should be carefully examined before buying any other.

Sold by all enterprising dealers.

Booklet free.

NOW $5.00 SOON $5.50

CANADIAN MARCONI

Shares in the Marconi Wireless Telegraph Co. of Canada can be had for a few days longer at $5 each. $5 shares are nearly all sold. They will be gone on or before Sept. 27 and after that date none will be sold less than $5.50.

If you want to buy, NOW is the time to do so. To delay means to pay 50 cents per share more, perhaps $1.00, as the number to be sold at $5.50 is very small. The next block will be put on sale at $6.00. We expect the price to reach $7.00 before January 1st. Stockholders will be given preference in the purchase of shares at $5.00. Send checks made payable to

SATURDAY, SEPT. 30, 1905

LOCAL NEWS.

J. E. Stockton, Nelson, was in the city Thursday.

A. J. Cooksley, Victoria, was in the city Thursday.

M. Parry of Nelson was a guest at the Cranbrook Tuesday.

Chas Reddich of Montreal was in the city Tuesday.

A. J. Mott, Fernie, was doing business at Cranbrook Tuesday.

J. A. Holden, "Pincher" Creek was in town Tuesday.

Chas Dure, Hatback, Minn, was in town Monday.

C. F. Pownall of Fish Lakes was at Cranbrook Tuesday on business.

Mr. and Mrs. T. J. McVittie were Cranbrook visitors on Tuesday.

Francis McConnell was taking in the Nelson Fair on Saturday last.

H. S. Clark, custom officer, at Fort Steele, was in the city Saturday on business.

Constable Cory Dow of Wardner was in town Saturday last on official business.

All persons interested in tree reading are requested to meet at the Reading Rooms, on Tuesday October 2nd.

Rev. W. G. W. Fortune was at Calgary this week attending a Synod meeting of the Home Mission Committee.

Dr. H. Watt of Fort Steele was in town Saturday last. Dr. Watt interviewed Sir Thomas Shaughnessy in matters pertaining to the building of the Kootenay Central Railway.

A receptory of Knight Templars will be instituted in Cranbrook during the coming month. We learn that the necessary paraphernalia has arrived, and that a convocation of Knight Templars will be called next week, of which due notice will be given.

The Prest Photo Co. are the first photographers in British Columbia to install an ARC LAMP for taking pictures at night. From now on it will be in operation every Saturday evening to accommodate the busy man who cannot come through the day. Prest Photo Co.

Robt. Dempsey, an old timer in Southeast Kootenay, returned to Cranbrook Tuesday. Mr. Dempsey was accompanied on his return by Mr. H. Richards, and Mr. D. Kingsborough of Quebec, who will look over the district, and will probably settle in this vicinity.

Rev. John McDougall, D.D. of Calgary, who was one of the first missionaries to enter the Great West, spent Sunday and Monday last in town. While here he preached in the Methodist Church and also lectured in the same place. A large audience greeted him on each occasion. He delighted the people with his story of his western work, showing the influence of the Gospel upon the original settlers of the land and depicting the difficulties that must be overcome in pioneer work. The Dr. is still full of enthusiasm and throws himself with great earnestness into his work. He left a good impression in town.
