THE MINING INDUSTRIES

Manager Bruce White Arrives in the City.

WHY THE MINE SHUT DOWN

MOLLY GIBSON DIRECTORS WERE DILATORY.

Probabilities of an Early Resumption of Work---Matters in the Boundary Country---Other News.

Bruce White, manager of the Molly Gibson mine, which suspended all operations on Tuesday morning, arrived in the city from Sandon yesterday afternoon. When he was asked concerning the shutdown he stated that it was due to the directors of the company, who reside in the east, not advancing the operating expenses. On his arrival in the city he received a favorable telegram concerning the forwarding of the money. There is not the least doubt that the money will be here in a few days and the wages of the men paid. Mr. White did not feel in a position to make any further statements until other details had reached a more mature stage.

One of the miners who held a prominent position on the staff which was carrying on the development of the property said yesterday that the mine was at present looking as well as it ever did. The quantity of ore now in sight is much greater than it has been since the property was first opened up.

The men are not in the least uneasy about their pay, as they well know the true value of the mine. They say that if they are allowed to return to work they can obtain a far greater profit than their wages would amount to. From the last shipments made to the smelter the returns in silver amounted to over $3000, which is absolute proof that the property is a valuable one.

During the development of the mine two leads, known as the Aspen and Florence veins, have been uncovered. Last season the mine was giving large returns, due to the ore taken from the Aspen vein from No. 3 tunnel. The ore was of a high grade. Work was being conducted in No. 4 tunnel when the shut-down occurred, and ore was being taken from the Florence vein. This was of a lower grade and contained a little larger per centage of lead. The two veins are convergent and it is thought that at a lower depth they run into one big vein. The Aspen vein was in some places six feet in width and widening with depth. A No. 5 tunnel has been started to tap the ledge about 250 feet lower than the present workings. At this point, engineers who have examined the property think that the two veins intersect and that one large vein exists. The tunnel has been run 100 feet and the vein could be reached in a distance of another 300 feet.

If the necessary operating expenses were advanced to complete the tunnel it is thought that returns from the ore would defray all working expenses.

The new ore crusher had just been started, and greatly reduced the expenses, as it did the work of eight men.

One of the men stated that he had visited many of the best properties of the Kootenays and that he had failed to find one that had a surface showing equal to the Molly Gibson. It is quite probable that work will be resumed at an early date.

From the Boundary Country.

D. McMillan of Greenwood, who has been in Nelson in connection with the case of McMillan vs. Sandilands, left for his home yesterday morning. In speaking of the mining conditions of that section he said things had greatly improved and that a much better feeling prevailed in the business community. He stated that much active development work was being carried on in not only the camp of Greenwood, but also at Grand Forks and Phoenix. The force of miners has been increased on nearly every property in the Boundary that is undergoing extensive development. Everybody is looking for much better times during the coming season. As a matter of fact the Boundary country has been exceedingly quiet during the past year, but now everything looks encouraging. The increase in the mining industry is undoubtedly largely due to the erection of two smelters. The one that is being erected by the B. C. Copper Co. is expected to be in operation about the latter part of next week. There seems to be some delay in receiving a supply of coke and this may make the time of starting later than is anticipated.

Mr. McMillian also said that the proposed scheme of the Greenwood Electric Tramway Company to build a tramway from Greenwood to Phoenix was being watched with a great deal of interest.

All arrangements have been made, preliminary steps have been taken and everybody expects that work upon the new enterprise will be started in a day or two. When the new undertaking is completed it will be of great benefit to the mining industry. It is expected that ore will be hauled to the smelter over this road and will be a great factor in reducing the transportation rates. Mr. McMillan further said that the consolidation of the Granby smelter company and the company controlling the Knob Hill, Ironside and Gray Eagle at Grand Forks was an important step in the history of the country. The consolidation now has a capital of $15,000,000. With this large amount their properties will be made second to none in the camp.

A Bondholder Shipment.

R. C. Cambell-Johnston of this city, and one of the principal owners of the Bondholder group, situated on Springer creek in the Slocan mining division, received yesterday the official smelter returns from the last shipment of ore made from that property. The consignment was sixteen and a half tons. The returns per ton were 235 ounces in silver and 6¼ per cent lead. This is higher than any returns received from previous shipments. It is also said to be a higher percentage than has ever been obtained from any other shipment sent from that district.

No new strike has been made, but the ore was taken from the lead that has been under development for some time past. The reason for the ore giving such a high percentage is that it contains a large quantity of chloride of silver. The ore chute from which this was taken has been traced for over 200 feet, and at present the staff is drifting on it. It is situated near the Enterprise and the well known Arlington group. A large amount of ore is being taken out at a comparatively low cost, and in the course of a fortnight probably a larger shipment will be made.

Prospectors' Exchange.

Properties listed and samples of ore received at the Prospectors' Exchange, K.-W.-C. block, yesterday are as follows:

Copper gold ore from the Copper Plate claim, Nelson; Rainy Day Fraction group, Ymir; Wheel of Fortune, Wild Horse creek, Ymir; Dolocoth group, Ymir.

Silver-lead ore from High Grade group, Toby creek, Windermere.

Gold ore from Roseberry group, Big Bend country; Rocket claim, Revelstoke; Florence group, McCulloch creek, Big Bend country; Golden Hill group, Burns creek, Big Bend country; O. K. and Mayflower group, French creek, Big Bend country.

Free-milling ore from Williamson group, Arrow lake; Donnelly group, East Kootenay; free-milling ore from Slocan City.

Silver ore from Lemon creek, Slocan.

Rev. R. B. Blyth Coming.

The citizens of Nelson will have an opportunity on Monday evening next of listening to a lecture on the Boer war by Rev. R. B. Blyth, who spent some months in active service in South Africa. Last winter when the call came for men to form the second contingent Mr. Blyth, then a student at the Congregational College of Montreal, enlisted as a gunner in E battery Royal Canadian Artillery. Upon arrival at Cape Town Mr. Blyth was gazetted corporal, and as such served with the contingent until he became the victim of enteric fever and was invalided to England. While at Cowes corporal Blyth was selected to prepare and delivor the address to queen Victoria—a duty which was discharged in such an able manner as to win the compliments of her late majesty.

A Mischievous Drunk.

A man who says his name is Gallon got drunk yesterday morning and did considerable damage in Fairview addition. He went to one of the houses and smashed in several windows. A citizen took upon himself the authority of a constable and brought him up town and turned him over to the city police. As Fairview is outside of the city limits the case comes under the provincial police department and the offender will be sent to the provincial jail as soon as arrangements can be made.

Doing a Land Office Business.

Colonel W. N. Brayton of Kaslo was in the city yesterday. Mr. Brayton is the agent for several townsites in this and other districts and is doing a big business in real estate these days. Yesterday he closed a deal with captain McMorris for a section of land consisting of 40 acres, situated near the town of Creston. He also sold the same amount to John Sherwood of this city. The land of that section for agricultural and fruit growing is equal to any in eastern British Columbia. A few days ago he sold 120 acres of land adjoining the town of Cranbrook to J. Attwood, the C. P. R. ticket agent of that place. He also disposed of 320 acres of good timber lands situated near Nakusp to the Yale Lumber Company. He has several other deals on tap which will probably be closed in a day or two.

The Hockey Players.

A hockey game between the members of the Nelson Electric Tramway Company and the Rocky Mountain Rangers was played at the rink last evening. When time was up the game had resulted in a tie, the score being 3 goals to 3. The game was continued in order to play off the tie and a few minutes later the tramway boys succeeded in scoring another goal. The ice was in good shape and all the players did good individual work, but the teams were lacking in combination. The line-up was as follows:

R. M. R.		Tramway
J. Wadds	goal	W. Campion
G. S. Beer	point	J. Ford
G. Wilson	cover point	A. V. Mason
M. Downey	Forwards	C. Dunn
J. Hunter		J. Hawkins

What Russia Wants.

ST. PETERSBURG, February 7.—A competent authority has authorized the Associated Press to publish Russia's denial of the story that the czar's government is demanding thirty million taels as the price for the restoration of Manchuria to China. This is altogether false. "Russia, like other powers," said the Associated Press correspondent's informant, "is asking compensation for damages sustained and expenses incurred, but I venture the prediction that the whole world will acknowledge when the facts can be properly divulged that Russia's demands are exceedingly moderate compared with those of the other powers."

Italy's Ministerial Crisis.

ROME, February 7.—King Victor Emmanuel is confronted with a task of great difficulty owing to the chaotic state of the parliamentary parties. The majority which defeated the government yesterday cousisted of a transitory coalition of the members of the right and of the left, only the Rudini group supporting the government, the Socialists opposing the cabinet because they considered it not sufficiently liberal, while the Righists accused it of lacking a coherent policy and yielding to the Socialists.

Eighty-Seven Killed.

DENVER, Colorado, February 7.—A special from Chihuahua says: Several hundred tons of dynamite stored in an underground chamber of the San Andras mine, situated in the Sierra Madras, in the western part of the state of Durange, exploded with terrific force, blowing off the whole top of the mountain and destroying a portion of the village of Myers. Eighty-seven men, women and children were killed and a great many others badly injured. None of the men in the mine were seriously hurt.

A GALA DAY AT THE HAGUE

An Old Fashioned Religious Service in the Kirk.

HOLLAND'S QUEEN MARRIED

CEREMONY ONE OF DEMOCRATIC SIMPLICITY.

Multitudes of Country People in Their Antique Dutch Costumes Cheered Themselves Hoarse.

THE HAGUE, February 7.—Wilhelmina, the first ruling queen of Holland, today married duke Henry of Mecklenberg-Schwerin, who becomes prince of the Netherlands by proclamation in the court gazette this evening. The marriage was a series of brilliantly colored pictures, but the severe simplicity of the Dutch form of marriage which was followed to the letter in the civil contract before the minister of justice (Dr. W. A. Cort van der Linden) and in the old-fashioned religious service in the Groote Kirk, gave it a democratic spirit. A happier surrounding no bride ever had.

The weather was crisp, sunny and inspiring. Multitudes of country people, all prosperous and happy looking, many of whom wore gala costumes which their ancestors for several generations employed for like holidays, cheered the big black horses of the state carriages, with red and white livery postillons, and the escort of 12 noblemen in maroon and black who were aligned on horseback six on each side at attention. The procession was a spectacle that was noteworthy. Fifty Dutch Hussars rode ahead, then came a handful of court officials with the grand master of ceremonies on horseback, then a coach with the queen and duke Henry. The queen's mother's coach followed and the chief military officials of the place, the governor of the city, two adjutants on horseback and lastly a group of five mounted artillerymen. Green and orange decorations, with thousands of Dutch flags hanging across the streets, gave the route a brilliant appearance. The costuming of the crowds was equally highly colored.

At 11 o'clock the marriage party emerged from the palace to proceed to the Palace of Justice. Queen Wilhelmina passed down the steps on the arm of the duke with the train of her white wedding dress sweeping behind her, then the queen's mother in purple. The grand duchess Maria and half a dozen court ladies followed. The generals and admirals, fairly gleaming with gold lace and medals, made a truly regal picture. The gilded coach presented by the people of Amesterdam was drawn by eight horses bedecked with orange colors. In the white hall of the Palace of Justice six high officials waited as witnesses. They with the minister of justice, Dr. Van Der Linden, were the only persons besides the queen's mother and the grand duchess Maria and two or three clerks who saw the signing of the contract. The religious edifice in which the final ceremonies were held is a great bare structure of Gothic type with high vaulted arches. The body is filled with plain box pews, the scene when the wedding guests assembled, however, was most magnificent.

From the tremendous pipe organ, occasional strains of music floated out solemn hymns with nothing of the tradition of joyous wedding spirits in them.

A roar of cheers announced the arrival of the bridal party at half past twelve. They entered the main door in the vacant wing of the church, walking up the steps on a strip of red velvet under a red canopy bearing the arms of Holland and proceeded through a lane of palms to the aisle between the burgomasters and civilian guests, fifty feet long, which was draped with blue, displaying the orange lion.

The queen wore a heavy diamond tiara on her head, a rich necklace of diamonds on her neck, with a big diamond brooch on her bosom and white gloves to the elbows. In both hands she held a bouquet of lilies of the valley and green, red and long white satin ribbons.

While the court chaplain, Dr. Von der Vlien, rose in the regulation black gown behind the railing and offered a long prayer in earnest tones the choir sang the Dutch hymn "God Bless You," "Blessed Be Your Earthly and Eternal Portion," the queen bowed her head low and the chaplain addressed the bridal couple for ten minutes earnestly and solemnly.

The only sound which marred the impressive scene was the sharp cracking of photograph cameras in the press gallery facing the royal sextet, all of whom noticed the disturbance and looked anxious. The duke fidgeted nervously and blushed under the gaze of the congregation, hundreds of opera glasses being turned in his direction. The choir sang another hymn during which the congregation stood, according to Dutch custom, as those present did during all the hymns.

After this the queen and duke rose and the queen removed her right glove, disclosing an immense jeweled bracelet on her wrist. The minister stretched out his arms and the couple stepped forward a few paces directly in front of the altar railing. The queen had handed her bouquet to an aged lady in waiting, who laid it on a chair and arranged the folds of her mistress' gown, which trailed across the velvet rug. Duke Henry took the bride's right hand in his left hand and rested on the hilt of his sword, while the deep, impressive tones of the chaplain's voice rang throughout the church as he repeated the marriage service.

The queen stood very erect, blushing, while duke Henry shifted his feet nervously and played with his sword. The response from the bride or groom could not be heard. Finally the minister held out a gold plate from which the duke took a ring and placed it on the third finger of the queen's right hand. The queen took another ring, with a slight fumbling, and slipped it on the same finger of the duke's right hand; then as the chaplain's arms were in the attitude of blessing, the couple sank on their knees and there was a great rustle of relief after the tension of the long listening throughout the chuach.

Disastrous Blaze.

SCRANTON, Pennsylvania, February 7.—A fire which cost $400,000 damage broke out this evening and raged furiously for hours. The flames started in the motor room of the four-story building at 316 Lackawanna avenue occupied as a clothing store by P. J. Horan and on the upper floors by the Delaware, Lackawana & Western railroad and Chambers Photograph Company. The insurance carried amounts to nearly three-fourths of the loss.

YESTERDAY'S NEWS IN BRIEF.

TORONTO. — The Evening Telegram tonight says: "The steamship Erie, with Strathconas on board has reached Cape Verde island. Colonel Steel and men expect to arrive in London next Tuesday."

BERLIN.—The war office has received the following despatch from Count von Waldersee: "Pekin, February 7.—General von Trotha's column has arrived at Chang Ping Hu, reaching there today."

BUFFALO.—James Orlando, nineteen years old, was so seriously burned at a masked ball tonight that he will probably die. Orlando's mask, which was a large affair and securely fastened about his neck, caught fire from a gas jet.

VICTORIA.—The keeper of a cigar store near the outer wharf says a man resembling Waldon, the missing accountant of San Quentin penitentiary, California, was in his store immediately before the sailing of the Miowera for Australia on January 11. He was accompanied by a woman and two children.

TORONTO.—Ex-alderman John Shaw appeared before the city council yesterday and asked for an investigation into the charges made that R. J. Fleming, Frank Spence and himself had entered into a deal in relation to the mayoralty contest and attempted to traffic in civic offices. It was referred to the board of control.

The United States Senate.

WASHINGTON, February 7.—The senate today passed the pension appropriation bill, appropriating $144,000,000. The ship subsidy bill was then taken up and McLauren and Morin, both Democrats, made speeches upon it. Mr. McLauren announced his intention to support the bill and Mr. Morgan opposed it in vigorous language. He asked Mr. Allison for an estimate of the appropriations for the present session and the latter replied that he thought the aggregate would be about $760,000,000. Mr. Hale expressed the opinion that the figures would be nearly $800,000,000. Referring to the competition likely to arise between the United States and foreign nations when it should vote a subsidy to American ships, Mr. Morgan declared it would result in a commercial conflict between the United States and Great Britain in which the financial batteries of the two countries would be arrayed against each other. He was inclined to think the United States might be worsted in such a conflict because of the immensely superior sea power of Great Britain.

Profits of a Railroad Deal.

NEW YORK, February 7.—Justice Fitzgerald in the supreme court this afternoon reserved decision on an application of Richard P. Coffin to restrain the Erie railway from consummating the agreement to purchase the Pennsylvania Coal Company's property and two railroads in connection therewith for $37,000,000. It is alleged by the plaintiff that J. P. Morgan & Co. obtained the controlling interest in the properties for $27,000,000 and induced a majority of the directors of the Erie railway to purchase it for $37,000,000, leaving a profit of $9,4000,000. The allegations are denied. The defendants say that the profit will not exceed $2,300,000, which it is said is only a fair one.

Ask for a Bounty.

TORONTO, February 7.—A petition has been sent to the Ontario government, signed by iron and steel companies, asking the government to enforce the provisions of the Mines Act entitling it to levy an export tax on nickel ores of $10 per ton, or if partly reduced $80 per ton, and copper and nickel ores combined $7 a ton, or if partly treated or reduced $50 per ton, the revenue thus produced to be paid as bounty on pig iron or nickel steel manufactured in Ontario.

Notes From Vancouver.

VANCOUVER, February 7.—[Special to The Tribune].—The deal for the sale of the Van Anda mine to John Lowles, M. P., of England, at $400,000 is declared off, Lowles having cabled that owing to recent London failures he is unable to realize money.

D. G. MacDonnell has received a letter from D. D. Mann stating that the construction of the Victoria, Vancouver & Eastern railway will begin immediately the provincial government renews the subsidy. Nothing can be done till then, but when the provincial subsidy is again given both he and Mackenzie will come west and construction will begin simultaneously at both ends of the line.

Movements of the King.

LONDON, February 7.—King Edward, queen Alexandra and other members of the royal family arrived in London at 4 o'clock this afternoon. They drove in four open carriages over the same route emperor William of Germany traversed Tuesday. In their majesties' carriage was princess Victoria and prince Edward of York. The king was in civilian clothes and the ladies of the party were closely veiled. Little Edward was in a sailor's uniform and bareheaded. An escort of Horse Guards preceded the royal carriage, the progress of which was marked by considerable cheering from the spectators.

Rumor Denied.

CHICAGO, February 7.—President Warren G. Purvy of the Chicago, Rock Island & Pacific railway today made an absolute denial of a widely circulated report that the Rock Island system had acquired a controlling interest in the Mexican Central railway and added: "No such action is contemplated."

Borden's Lieutenant.

OTTAWA, February 7.—A caucus of Conservative members from Quebec chose F. D. Monk, M. P., as first lieutenant for Borden. Tupper resigned his seat in the house next to Borden to Monk.

KITCHENER DENIES IT

An Editor Charged With Criminal Libel.

MUST TAKE NO PRISONERS

IS WHAT IS ALLEGED TO HAVE BEEN ORDERED.

British Trying to Sweep the Enemy Towards Cape Colony—Activity All Along the Line.

CAPETOWN, February 7.—Proceedings were instituted today against Mr. Albert Cartwright, editor of the South African News, for criminal and seditious libel, contained in a letter under the nom de plume "British Officer," which said that general Kitchener had secretly instructed his troops to take no prisoners. Mr. Cartwright is under arrest.

Before the attorney-general instituted the proceedings he wired lord Kitchener the substance of the letter and asked if there was any foundation for it. Lord Kitchener replied that the statement was a base libel, devoid of foundation, adding: "Dewet was never surrounded in the position mentioned, but had his retreat to the north open. Instructions in the nature reported were never given or thought of. We treat enemies who have surrendered with every consideration."

The official report of the invasion says the anticipated invasion by Dewet has not yet occurred, but it may be only delayed. Although there is no considerable movement, small bodies of men continue to dribble across the Orange river. The largest of these, some 200 strong, crossed near Bangor station five days ago.

News four days old from the Doorn river country shows that the Boers have a base at Calvin. From that point they have sent patrols far and wide. Colonel Delisle is moving towards them. He lost lieutenant Clowes and one man killed in a skirmish with a Boer patrol. The country is wildly mountainous.

British horse buyers have secured 4000 good horses and 3000 mules in the colony. It was not suspected that there were so many animals available.

It is understood the British are trying to sweep the enemy towards Cape Colony along an extensive frontage with cavalry at each end, clearing everything in their advance, and it is said that general Kitchener is personally directing the operations. From the southern districts troops are moving northwards in the hope of catching the republicans between the two forces.

Conger's Report to Washington.

WASHINGTON, February 7.—The state department has received the following report dated February 6th from United States minister Conger at Pekin on the progress of negotiations there between the foreign ministers and the Chinese government: "The foreign ministers held a conference yesterday, the 5th, with the Chinese plenipotentiaries, who presented the difficulties in the way of the execution of three Chinese notables — prince Tuan, prince Lan and general Tung Fu Siang. They gave assurances of the execution of Chuang and Yu Hsien, but urged leniency for the others, begging that the court be not placed in a position too difficult. The foreign ministers have agreed to the demand of capital sentences for Tuan and Lan, but with the expectation that it will be commuted to exile. They demand the death penalty for the others also mentioned in the document—Yu Hsien, Chin Liu and Hsu Chang Yu—the last two being now prisoners to the Japanese at Pekin. Posthumous honors are also demanded for the four members of the tsung li yamen executed last summer."

EX-MAYOR GARDEN of Vancouver is spoken of as a possible candidate for Vancouver in the government interest. He was successful in the general elections, when the outcome throughout the province was somewhat in doubt, and when the Martin and Macpherson forces were united. He would have the advantage this time of being the candidate of the party in power and of the dissensions which now split the Martin and Macpherson forces.

THIS evening Robert Macpherson of Vancouver will be given another opportunity to get down off the political fence and say whether he will support Joseph Martin or oppose him. At the present time Macpherson is standing as a labor candidate, and by the terms of a deal made during the recent federal campaign expects to catch the Liberal vote as well. This he doubtless regards as sufficient to elect, and he continues to fight shy of Martin. It is evident, however, that Macpherson's distrust for Martin is reciprocated by the chief, as he openly announces that he would rather vote for a candidate pledged against him than for Macpherson unpledged. This is the little difficulty which the politicians must settle among themselves this evening, failing which Martin announces he will run a candidate in opposition to Macpherson.

ALTHOUGH the present railway war which is being waged at Ottawa is one in which British Columbia as a province is vitally interested, the press of Eastern Canada appears to see in it nothing but the prospect for future entertainment. To the East it is merely a scramble by rival railway promoters for government subsidies, but to British Columbia it is a struggle in which its commercial and industrial interests are seriously threatened. In British Columbia it is not a question whether one set of promoters or another shall secure government assistance for their railway enterprises, but whether a few wealthy men of the East shall for their own benefit be permitted to deliver over to the tender mercies of alien railway manipulators the mining and smelting industry of the province. At the present time British Columbia, after overcoming endless obstacles, is just entering upon the enjoyment of the benefits of its mineral resources, and its ores, instead of being drawn out of the province to contribute to the wealth of United States smelting points, are being diverted to the Canadian smelters at Nelson, at Trail, at Grand Forks, at Greenwood and at Boundary Falls. True, little better than a start has been made at present, but already its effects are being felt in Nelson, in Trail, and throughout the Boundary district, and the entire province is stirred with the prospect which the new evolution has in store for it. This condition has in a very great measure been brought about by the Canadian Pacific Railway Company's enterprise. Its branch lines of railway have brought the Canadian ores and the Canadian fuels together, and given the present infant smelting industry its start, and its interests are inseparably wrapped up with it because as the smelting industry grows the railway company's business will grow. British Columbia is jealous of its smelting industry, and it is because it sees in the present railway fight at Ottawa a menace to this industry that it regards the outcome with uneasiness. To British Columbia the issue is whether British Columbia shall be permitted to enjoy the full fruits of its mineral development, or whether through the combination of the Crow's Nest Pass Coal Company and the United States railway interests led by Jim Hill, and the shutting off the fuel supply, a hobble shall be placed on British Columbia smelters so that the ores of the province shall be forced into the United States smelters which are controlled by the great American lead trust.

On St. Valentine's Day.

A really interesting feature in the way of entertainment during the Rossland winter carnival will be a masked ball on the evening of St. Valentine's day—next Thursday. This event will be given under the auspices of the Eagles. They have on past occasions scored successes in this manner of entertainment and the committee intend this masquerade shall be the event of the carnival by night. There will be awarded to ladies and gentlemen in comic and fancy costume, four prizes—a pair of gold links, a gold bracelet, a box of cigars and a comb and brush of silver mounted ebony. In addition a special prize of a $20 clock, has been donated by W. J. Spring for the best representation of an eagle.

Recruiting Office at Greenwood.

Lieutenant George S. Beer, after receiving the application forms for enlistment in Baden-Powell's constabulary of South Africa, sent information to the various points in the Boundary country that forms could be obtained from him. The replies that he received were so numerous that he could not answer them. In order to get over this difficulty a recruiting office has been established at Greenwood and the forms have been forwarded to the mayor of the town. Dr. Jakes of that place has been appointed examining physician. The number of applicants in connection with the Nelson office is rapidly increasing.

A Narrow Escape.

EASTON, Pennsylvania, February 7.—The Lehigh Valley milk and paper train from New York had a narrow escape today from total destruction at Green's bridge. While running sixty miles an hour an accident to the engine derailed the train, which went bumping across the bridge, 100 feet high, in danger of precipitation. One milk car fell and was smashed to splinters. Several cars telescoped, and one hangs over the bridge in such a manner that it probably will fall at the first effort to recover it. The engine and the other cars got safely across. No one was injured.

LORD'S DAY ALLIANCE.

Rev. J. G. Shearer of Toronto, secretary of the Lord's Day Alliance of Canada, will deliver addresses in Nelson on Sunday in connection with alliance work. Its officers say the alliance appeals particularly to all who labor to promote better social conditions. The working

masses especially need the rest of the Sabbath. Their physical, mental, moral and spiritual natures demand it, while the greed of gain and the love of pleasure would rob them of it. The alliance stands for the defence of their right to its priceless benefits.

The alliance aims to operate:

1. By informing the public mind concerning the dangers by which the Lord's day is threatened, and arousing the public conscience to a sense of the paramount importance of its preservation in the interests alike of the domestic, industrial, national and the religious life of the people.

2. By uniting in a strong and effective organization the friends of the Lord's Day throughout the province.

3. By endeavoring to secure the faithful and impartial enforcement of the laws intended for the preservation of the Day of Rest.

4. By endeavoring to secure such improved legislation as may be found necessary for the complete protection of the Lord's day as a day of rest and of opportunity for worship.

The alliance was only formed a couple of years ago as a national institution, and Mr. Shearer, then pastor of Erskine Presbyterian church, Hamilton, Ontario, proved such a successful and enthusiastic officer and was so frequently called for to deliver addresses, that he was pressed into permanent service about a year ago. He has accomplished good results in Ontario and the eastern provinces, and now makes his first trip to the west.

Mr. Shearer will conduct services in the Baptist church Sunday morning, will address a mass meeting in the Congregational church Sunday afternoon, and hold services in St. Paul's church in the evening.

Good Smelter Work.

ROSSLAND, February 7.—The Granby smelter at Grand Forks commenced operations on August 21st last, and up to February 1st had treated 81,000 tons of ore, which produced 2700 tons of fifty per cent matte, valued at $500,000.

CORPORATION OF THE CITY OF NELSON

BY-LAW NO. 87.

A By-Law to raise $79,000.00 for the purpose of paying off advance made by Bank of Montreal on debentures hypothecated.

Whereas, By-Laws Nos. 68, 69, 70, 71 and 72 of the by-laws of the City of Nelson, being respectively a by-law to raise $15,000.00 to extend the water works system, a by-law to raise $15,000.00 to extend and improve the electric light system, a by-law to raise $20,000.00 to extend the sewerage system, a by-law to raise $2 00 to improve the streets within the city of Nelson, and a by-law to raise $6000.00 for purchasing a road-making plant, were duly passed, and debentures issued thereunder for the respective sums mentioned in said by-laws, in all the sum of $76,000.00, but said debentures so issued remain unsold.

And whereas, said debentures so issued and unsold were hypothecated to the Bank of Montreal as security for an advance thereon of $76,000.00 for the purposes in the said by-laws recited.

And whereas, A petition has been presented to the Municipal Council of the Corporation of the City of Nelson, signed by the owners of at least one-tenth of the value of the property in the said city, as shown by the last revised assessment roll, requesting the said council to introduce a by-law to raise the sum of seventy-nine thousand ($79,000.00) dollars for the purposes of paying off the indebtedness to the Bank of Montreal and interest thereon for which said debentures are so hypothecated.

And whereas, It is deemed expedient to borrow the sum of seventy-nine thousand ($79,000.00) dollars (which is the amount of the debt intended to be created by this by-law) for the purposes aforesaid.

And whereas, The amount of the whole rateable real property of the said city, according to the last revised assessment roll, is two million sixty-five thousand four hundred ($2,065,400) dollars.

And whereas, It will be necessary to raise annually by rate the sum of sixty-seven and ninety-four ($6794 00) dollars for paying the said debt and interest.

Now, therefore, the Municipal Council of the Corporation of the City of Nelson, in council assembled, enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow, upon the credit of the said corporation, by way of debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding on the whole the sum of seventy-nine thousand ($79,000.00) dollars, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said corporation, for the purpose and with the object hereinbefore recited.

2. It shall be lawful for the Mayor of the said corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of seventy-nine thousand ($79,000.00) dollars; each of the said debentures being of the denomination of one thousand ($1000.00) dollars, and all such debentures shall be sealed with the seal of the corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of April, A. D. 1901, and shall be made payable in 20 years from the said date in lawful money of Canada at the office of the Bank of Montreal in Nelson aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed or lithographed.

4. The said debentures shall bear interest at the rate of 5 per centum per annum from the date thereof, which interest shall be payable semi-annually at said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the 1st day of April and the 1st day of October respectively, in each year during the currency thereof, and shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of said corporation to negotiate and sell the said debentures or any of them for less than par; but in no case shall the said debentures or any of them be negotiated or sold for less than ninety-five per centum of their face value, including the cost of negotiating and sale, brokerage and other incidental expenses.

6. There shall be raised and levied in each year during the currency of said debentures the sum of thirty-nine hundred and fifty ($3950.00) dollars for the payment of interest, and the sum of twenty-eight hundred and forty-four ($2844.00) dollars for the payment of the debt due under the said debentures by a rate sufficient therefor on all the rateable land in the said municipality.

7. It shall be lawful for the said municipal council to re-purchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof, or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be canceled and destroyed, and no re-issue of debentures so repurchased shall be made in consequence of such re-purchase.

8. This By-law shall take effect on the date of the final passage thereof.

Done and passed in council at the City of Nelson, on the —— day of ——, A. D. 1901.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law upon which the vote of the electors of the Municipality will be taken: For the East Ward at the City Police Court, on the east side of Josephine street, between Baker and Victoria streets; for the West Ward at the office of Ward Brothers on the north side of Baker street, between Stanley and Kootenay streets, in the City of Nelson, on Tuesday, the nineteenth day of February, instant, between the hours of 8 o'clock a. m. and 4 o'clock p. m.

CORPORATION OF THE CITY OF NELSON

BY-LAW NO. 88.

A By-law to raise $21,000.00 to pay off overdraft due the Bank of Montreal and accumulated interest.

Whereas, a petition has been presented to the said Municipal Council of the Corporation of the City of Nelson, signed by the owners of at least one-tenth of the value of the real property in the said city, as shown by the last revised assessment roll, requesting the said council to introduce a by-law to raise the sum of twenty-one thousand ($21,000) dollars for the purpose of paying off the indebtedness due by the City of Nelson to the Bank of Montreal by way of overdraft and accumulated interest.

And Whereas, It is deemed expedient to borrow the said sum of twenty-one thousand ($21,000.00) dollars (which is the amount of the debt intended to be created by this by-law) for the purposes aforesaid.

And Whereas, The amount of the whole rateable real property of the said city, according to the last revised assessment roll, is two million sixty-five thousand four hundred ($2,065,400.00) dollars.

And Whereas, It will be necessary to raise annually by rate the sum of $1806 for paying the said debt and interest.

Now Therefore the Municipal Council of the Corporation of the City of Nelson in Council assembled, enacts as follows:

1. It shall and may be lawful for the Mayor of the Corporation of the City of Nelson to borrow, upon the credit of the said Corporation, by way of debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding the whole, the sum of twenty-one thousand ($21,000.00) dollars, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation, for the purpose and with the object hereinbefore recited.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid, not exceeding, however, the sum of twenty-one thousand ($21,000.00) dollars; each of the said debentures being of the denomination of one thousand ($1000.00) dollars, and all such debentures shall be sealed with the seal of the corporation and signed by the Mayor thereof.

3. The said debentures shall bear date the first day of April, A. 4. The said debentures shall bear interest at the rate of 5 per centum per annum from the date thereof, which interest shall be payable semi-annually at said office of the Bank of Montreal in Nelson aforesaid, in lawful money of Canada, on the 1st day of April and the 1st day of October respectively, in each year during the currency thereof, and shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of said corporation to negotiate and sell the said debentures or any of them for less than par; but in no case shall the said debentures or any of them be negotiated or sold for less than ninety-five per centum of their face value, including the cost of negotiating and sale, brokerage and other incidental expenses.

6. There shall be raised and levied in each year during the currency of said debentures the sum of thirty-nine hundred and fifty ($3950.00) dollars for the payment of interest, and the sum of twenty-eight hundred and forty-four ($2844.00) dollars for the payment of the debt due under the said debentures by a rate sufficient therefor on all the rateable land in the said municipality.

7. It shall be lawful for the said municipal council to re-purchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof, or any part thereof, either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be canceled and destroyed, and no re-issue of debentures so repurchased shall be made in consequence of such re-purchase.

CORPORATION OF THE CITY OF NELSON

BY-LAW NO. 89.

A By-law for stopping up and closing certain streets and alleys in the City of Nelson and empowering the Council to convey such streets and alleys so stopped up and closed to the Canadian Pacific Railway Company.

Whereas, It is deemed advisable to close up certain portions of the streets and alleys hereinafter described, within the limits of the City of Nelson and to convey the same to the Canadian Pacific Railway Company.

And Whereas, In the opinion of the council such portions of streets and alleys are not required for corporate purposes.

Therefore, The Municipal Council of the Corporation of the City of Nelson in council assembled enacts as follows:

1. That the following portions of streets and alleys within the limits of the City of Nelson, namely: Kootenay street from its northern intersection with Vernon street to the Columbia & Kootenay right of way. That triangular portion of a street having no name, being bounded on the east by the westerly limit of Stanley street, on the north by the Columbia & Kootenay right of way and on the south by the northerly limit of Block 64 and the lane or alley in block 64 from its intersection with the westerly limit of Stanley street to its intersection with the Columbia & Kootenay right of way, be and the same are hereby declared stopped and closed.

2. The said City of Nelson be and they are hereby empowered to sell to the Canadian Pacific Railway the said portions of streets and alleys in the next preceding paragraph described and the Mayor and City Clerk are hereby authorized to sign and seal a proper conveyance of the same to said Canadian Pacific Railway and the said council may accept as payment therefor either money or real property.

This by-law shall take effect on the date of the final passage thereof.

Done and passed in Council at the City of Nelson this day of 1901.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law upon which the vote of the electors of the Municipality will be taken: For the East Ward at the City Police Court, on the east side of Josephine street, between Baker and Victoria streets; for the West Ward at the office of Ward Brothers, on the north side of Baker street, between Stanley and Kootenay streets, in the City of Nelson, on Tuesday, the nineteenth day of February, instant, between the hours of 8 o'clock a. m. and 4 o'clock p. m.

[L. S.] MINTO
CANADA
A PROCLAMATION.

EDWARD VII., by the Grace of God, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, &c., &c.

To all to whom these presents shall come or whom the same may in anywise concern.—GREETING:

DAVID MILLS, Attorney-General, Canada. } WHEREAS, Saturday, the second day of February, has been fixed for the obsequies of Her late Maiesty, Our Royal Mother of blessed and glorious memory:

And whereas, well knowing that Our deep grief is shared by Our loving subjects in Canada, We are desirous to afford them an opportunity of testifying their sorrow and their sympathy with us in the grievous affliction which has befallen us and them:

Now, therefore, We have thought fit, by and with the advice of Our Privy Council for Canada, to appoint and set apart, and We do hereby appoint and set apart, Saturday, the second day of February next, as a day of general mourning, to be observed by all persons throughout Our Dominion of Canada.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made patent, and the Great Seal of Canada to be hereunto affixed:

WITNESS, Our Right Trusty and Right Well-beloved Cousin, the Right Honorable Sir Gilbert John Elliot, Earl of Minto and Viscount Melgund, of Melgund, County of Forfar, in the Peerage of the United Kingdom; Baron Minto, of Minto, County of Roxburgh, in the Peerage of Great Britain; Baronet of Nova Scotia; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and St. George, &c., &c., Governor-General of Canada.

CITY LOCAL NEWS

The funeral of Willie Morgan, a colored woman who died at the general hospital on Tuesday afternoon, took place yesterday from D. McArthur's undertaking parlors.

The following new publications were added to the public library yesterday: An English Woman's Love Letters; Eleanore, by Mrs. Humphrey Ward; and Geoffry Hamlyn, by Harry Kingsley.

The date for the fancy dress carnival in aid of the general hospital has been changed to Wednesday evening, February 13th. The twining of the May-pole will be one of the carnival's features.

It is expected that Rusco & Holland's Georgia minstrels will appear at the Nelson opera house on Tuesday, February 26th. The company consists of 50 people and it is said that their productions are well received. They are at present playing in Seattle.

The Vancouver World has revived the story that captain J. W. Troup is to be appointed commodore of the Canadian Pacific fleet of Coast steamers. This rumor has been started so often that no credence will be attached to the story until some official announcement is made from Montreal.

Owing to the continued illness of magistrate Crease, his worship mayor Fletcher presided at the police court yesterday morning. Two prisoners, Thomas Hogan and T. Eaumester, were brought up and charged with being drunk and causing a disturbance on the street. They were each fined $5 and costs.

A drunk fell through a window of Mr. Frank's second hand store on Baker street about 11 o'clock last evening. He sustained several bad cuts about the face from the broken glass. He was immediately arrested by constable Hardy and locked up. Two other drunks who became rather noisy were also arrested. All will come before the magistrate this morning.

Death of a Prominent Lawyer.

B. B. Osler, K. C., who is known as the greatest criminal lawyers in the Dominion of Canada, died at Toronto on Tuesday, February 5th. His brother, F. W. Osler, a real estate agent of this city, received word to this effect on Wednesday. Mr. Osler was about to leave Toronto for London, England, when he was taken suddenly ill and passed away in a few hours. He was nearing the age of 60 years and had followed the legal profession for over thirty years. He was born in England and received his advanced training in law in the best universities of both France and his native land. He has figured in some of the most famous criminal cases ever held in the courts of the Dominion. Mr. Osler pleaded for the crown in the famous Riel case held at Regina in 1885, and also in the well known Birchall murder trial held at Woodstock several years ago. He leaves several brothers who hold high positions in the various professions of life.

Masquerade Ball.

The masquerade ball to be given by the Waverley Social Club at the opera house on Monday evening is the first of its kind to be held in the city, and so complete are the arrangements that a grand success is assured. Over 300 invitations have been sent out and a large attendance is looked for. A lengthy program containing a variety of the most popular dances has been arranged, and the lover of the merry whirl will find no lack of pleasure on the occasion. Many beautiful and varied costumes are being made, and these, with the elaborate decorations of the hall, will, without doubt, present a most striking picture to the onlooker. Wambold's orchestra, consisting of eight pieces, has been engaged, and it is believed that the special music rendered by it on the occasion will be equal to any ever heard in the city. The balcony will be open for spectators, with a small admission fee.

MONTREAL.—Rev. James Callaghan, chaplain of the Hotel Dieu hospital and a well-known Irish clergyman, died this afternoon.

TWO SESSIONS OF COURT

Cases Heard Yesterday.

The supreme court now being held in Nelson conducted two long sessions yesterday. The case being heard was Brackman & Ker vs. Oppenheimer, and when the afternoon session closed at 4:30, only the evidence had been taken.

This is one of the special jury cases and in selecting the eight juror from the sixteen that had been summoned there was a strong protest made against some of them. At first only six were obtained and afterwards two that were objected to were allowed to sit on the case. Something that seldom happens in connection with any jury occurred just after they had taken their seats. T. M. Ward, who was one of the jurors, was examined and cross-questioned in order to ascertain whether he was partial to either side. He stated that he thoroughly understood the case, but he said after taking the oath he was sure that he could arrive at an honest verdict The case is one that has been to the court of appeals and has been sent back for a new trial. It is alleged that the defendant failed to carry out a contract in which he was to have supplied the plaintiff with 37 cars of hay. The contract is said to have been made in October, 1899. It is alleged that the plaintiffs by not receiving the shipment of hay sustained heavy losses and are now suing for damages.

Frank Gibbs, the local manager of the firm, was the first witness to take the box. It was about 3 o'clock in the afternoon before all of his evidence had been taken. His evidence brought out the facts in connection with the contract that is said to have been made. Several documents and letters were produced and laid before the court.

The other witnesses in the case were Blake Wilson, G. F. Motion, H. T. Steeper, W. R. McBride and F. D. Fortin, the manager of the Rossland branch of the firm. The evidence centered around one point and went to show what was meant by the phrase "bought on board of cars." This statement appears in the alleged contract.

At the close of the case of the plaintiff, Charles Wilson, K. C. of Vancouver, who is acting for the defendant, presented a strong argument in favor of discontinuance. The application was not granted. The case was adjourned until 11 o'clock this morning, when the evidence of the defendants will be taken. There will be about six witnesses.

The jury consists of N. T. McLeod, foreman; F. Irvine, John Cholditch, J. Dover, T. J. Sims, P. Chapman, A. H. Gracey and T. M. Ward.

Court will be called at 10:30 this morning and from then until 11 o'clock several chamber matters will be considered.

NELSON, B. C.

To

Builders and Contractors

Having taken over the business of the West Kootenay Brick & Lime Company, Limited, of Nelson, I beg to ask for a continuance of the patronage which you have heretofore extended them. My aim will be at all times to supply you with our products at lowest possible prices. Being in a position to manufacture goods in larger quantities than before, we shall be able to supply the trade at a lower figure.

It is our intention to install machinery to manufacture our marble products, and next season we shall be in a position to supply these products at reasonable rates.

We shall also keep on hand a stock of Fire Brick, Fire Clay, Tiles and Cement.

Our Bricks and Lime Rock have taken the First Prizes at the Spokane Industrial Exposition in 1899 and also this year. We also secured prizes last year and this year for Ornamental and Building Stone.

We are prepared to offer special rates to Contractors and Builders.

ERNEST MANSFIELD,
for The Mansfield Manufacturing Company.
