TELEPHONIC AND ELECTRIC

TROUBLE OVER STRINGING WIRES ON CITY POLES.

Busy Night With the Board of Aldermen and Some Important Work Accomplished.

There was a full attendance of members at the weekly meeting of the city council last evening, and as all the available seats were occupied several ratepayers who were present on business were obliged to stand throughout the proceedings. It was suggested by alderman Irving that a few chairs be purchased—a suggestion which met with general approval.

The finance committee recommended the payment of bills amounting to $2945, which was adopted.

The public works committee recommended that a 6-foot sidewalk be laid on the west side of Baker street, from Mill to Hoover street, instead of on the east side as previously proposed; that Hoover street be opened up from Josephine to Cedar street, and that a sidewalk be laid to Hendryx, on the east side of Hoover.

This item was discussed at length, and finally referred to the city engineer for an estimate of cost.

The next clauses were that a six-foot sidewalk be laid on the east side of Mines road, from Stanley to Hoover, and on the north side to the Tramway Company's barn; that the roadway at the intersection of Park and Front streets be graded so as to render it passable for teams; that the proposal of Quo Wong Chang to lay a crossing from Josephine street to Lake street at his own expense be approved; that a path be made on the east side of Hendryx street from Victoria to Silica street.

There was considerable discussion on this latter clause as to the difficulty of grade, and it was thrown out.

The committee further recommended that a 15-foot sidewalk be laid on the north side of Baker street from Cottonwood creek bridge to Fall street.

The mayor explained that Roderick Robertson consented to have the grade of his lot encroached upon so as to facilitate the laying of the sidewalk.

Under these circumstances it was decided to proceed with the work.

A petition was read from the residents in the neighborhood of Willow street and Water street asking that an offensive ditch there be filled up. Referred to the city engineer.

W. N. Rolff and others wrote asking that the alleyway at block B, East Baker street, be cleared. This was referred to the board of works.

McLaughlin Brothers wrote asking a share of the city's hardware business. Since opening business over a year ago the firm had only received $1 worth of patronage from the council.

There was a general expression of opinion that the patronage should be divided.

W. E. Cole wrote asking for a water service to his house in Hume Addition. The application was referred to the proper committee.

G. C. Hodge appeared on behalf of the Kootenay Lake Telephone Co. with reference to the recommendation of the fire, light and water committee that the company discontinue the use of the city's electric light poles. He explained that the agreement between the company and the city had unfortunately gone astray, either through the mail or in the office of the company's solicitors at Victoria, hence the delay in ratifying it. Mr. Hodge read correspondence with his principals bearing out this statement, and asked for a further postponement of action on the committee's report.

Alderman Selous pointed out that this was not a question of agreement—it was one as to whether or not the council should approve of the report of the fire, water and light committee recommending that the telephone company be denied the use of the poles upon which the city electric wires are strung.

Mr. Hodge contended that the stringing of the wires did not interfere with the city service, while it avoided the necessity of erecting a large number of poles on the public streets. His company, on the strength of an agreement with the city, which agreement unfortunately had been mislaid, had spent hundreds of dollars in putting in new wires and generally improving their service. He contended that it would be a great hardship on them, having invested so largely, to be called upon to pull the work down again. It was no injury to the city service.

Alderman Selous—But the superintendent says it is.

Superintendent McPhee said that the stringing of telephone wires was a decided [illegible] would give him and his [illegible] work, and 25 cents per post per [illegible] was nothing like compensation for the use of the city poles.

Mr. Hodge explained that 25 cents was the rate fixed by the council, not by his company, who were fully prepared to enter into any fair agreement with the city for the use of its poles. It should be remembered that his company charged the city nothing for the use of their poles.

Alderman Selous pointed out that while three or four wires were strung by the city there were 30 or more used by the telephone company.

After a good deal further discussion the subject was referred back to the fire, water and light committee.

The mayor reported that he had accepted the highest offer made for the city debentures, and arrangements were now being perfected for the payment of the money at Nelson.

Alderman Selous drew attention to the abominally filthy condition of the alleyway at the rear of the Chinese houses, near Sayward's and Riblet's. He could not understand why such an accumulation of filth could have been tolerated. There were nine inches deep of liquid filth of the most offensive nature in the alleyway.

The matter was referred to the sanitary officer.

Attention was also called to the filthy condition of the ravine at Ward street opposite the opera house. It was stated that Jowett, the owner of the property, was away in England.

Alderman Gillett suggested that the attention of the agent should be called to the matter, and steps taken to compel him to have the nuisance abated.

Alderman Patterson remarked that the ravine south of the Hume Hotel was also in a bad way.

It was decided to have the complaints attended to.

Some routine business brought proceedings to a close.

Cuban Affairs.

WASHINGTON, April 1.—Senator Proctor of Vermont has just returned from Cuba, where he has been making observations concerning conditions in the island. The senator says there is a disposition among many leading Cubans to accept the terms of the Platte amendments. Others are trying to convince the Cubans that the United States intend to do them a great injustice. According to senator Proctor the latter class are not making much progress, especially, he says, as the delegates to the commission are now hearing from their constituents, the large proportion of whom are anxious for a settlement of all political relations with the United States, and urge the delegates to accept the offers of this government.

Salisbury Improving.

LONDON, April 1.—The private secretary of lord Salisbury, Schomberg McDowell, informs the Associated Press that the premier is making excellent progress and there is no truth in the statement that his physicians have discovered symptoms of Bright's disease or any other complication. He is still somewhat weak as the result of influenza, but expects to start for the Riviera at the end of the week.

Wages Increased.

POTTSTOWN, Pa., April 1.—The puddlers in the employ of the Glasgow Iron Co. have been notified that beginning next Saturday their rate of wages will be $3.25 instead of $3.00 as heretofore. The wages of other employees will also be increased. The 112 inch plate mill of the company's plant, which has long been idle, resumed operations today.

A strong will is firmness; a strong won't is obstinacy.

THE PUBLIC INSTITUTIONS

OF NELSON AND THEIR WORK DURING MARCH.

Public Schools---Custom House---Library---Fire Department--Police. Jail---General Hospital.

The month of March in the public institutions of Nelson was a fairly busy one. The old saying that March "comes in like a lion and goes out like a lamb," was somewhat reversed on the present occasion, as exceptionally good weather prevailed until the closing day, when Nelsonites were treated to a heavy snow fall, although they had bid adieu to the "beautiful" three weeks before.

The Public Schools.

The average attendance at the public schools during the month was 228.12, which is slightly below that of the corresponding period of last year. However, for several days during the excitement that prevailed over the presence of a couple of diphtheria cases in town, the attendance was not half what it ought to have been, and this fact goes to reduce the month's average. Then, again, the establishment of a branch of the high school, reduces the number usually attending the senior grades. Receiving the higher curriculum there are 20 pupils, who have been regular attendants since this branch was inaugurated in January last. There is a very general impression that the schoolhouse and grounds require a little more attention. Sanitary arrangements are not all that might be expected, while the approaches to the school are, in wet weather, far from satisfactory. The little ones are obliged to wade through mud and slush, there being but one planked walk to the front entrance.

The Custom House.

The returns for the month at the port of Nelson were as follows:

Dutiable import value	$67,315
Free import value	9 207
Total	$76,522
Duty collected	$16 403 71

Public Library.

During the month the average daily attendance at the public library and reading room was 95. This is a decrease as compared with the previous month, but the altered conditions explain the situation. In February there were more idle men in town, and this is the class which chiefly avail themselves of the advantages which the reading room and library afford. Yesterday, for instance, the rooms were crowded—many enjoying a whiff in the smoking room, the daily papers and magazines in the reading room, or a game of checkers—with men who were not working in consequence of the inclemency of the weather. This is always the case under similar conditions. The library was well patronized during the month, and in this connection it might be well to suggest that persons having books which they have read and not collecting same with the object of forming a library for themselves, might hand the literature over for the benefit of the public institution. Such gifts will at all times be thankfully received and gratefully acknowledged. The library quarters are very comfortable, and the free attractions which they afford are fully appreciated by all who avail themselves of them.

Fire Department.

The fire brigade had but five alarms rung in during March, excluding the practice calls. On March there was a call to the general hospital; no damage. Not till the 21st did the fire bell ring again summoning the brigade to a chimney blaze down, down. Then on the 22nd they were out again to a fire at Dr. Forin's residence, the damage in which case was trifling. They next responded to an alarm from the Nelson Saw & Planing Mills, and here also but little damage was done. The last call for the month was to a chimney fire in the Office saloon—damage nil.

Police.

There were 15 arrests for drunkenness during the month, 3 for assault, 1 for vagrancy, 1 for damage to property, 3 for disorderly conduct, 8 for theft, 1 for breach of the fire bylaw. It will be observed that drunknness and disorderly conduct—the one arising out of the other—caused more trouble to the police than any other class of offence. Only one case of vagrancy in a month is a record of which Nelson may well be proud.

Provincial Jail.

During the month there were seven admitted to the provincial jail under various terms of sentence. In all 14 prisoners were discharged, leaving 23 now under lock and key.

Hospital.

There were 62 patients admitted to the hospital during the month, and but 22 now remain, the difference between the figures having been discharged, cured or improving, with the exception of a couple of deaths. Fully one-third of the patients were surgical cases.

Must Wake Up.

LONDON, April 1.—The Cape Town correspondent of the Daily Mail, after referring to the fact that the Cape government was compelled last year to have recourse to the United States and Germany for locomotives and trucks, says: British manufacturies must wake up, as further large orders for steel rails shortly will be given out to relay the permanent way after the heavy war traffic. There is also certain to be a big development in light railways in outlying portions of the colony.

WAS RULED OUT OF ORDER

THE NELSON MEMBER EXPLAINS HIS RESOLUTION.

Curtis' Want of Confidence Measure Sat Upon--Land for Volunteers. Legislative Notes.

VICTORIA, April 1.—[Special to The Tribune.]—Houston's resolution that in the opinion of the house the Crow's Nest Southern railway should be undertaken as a provincial public work was ruled out of order this afternoon. In moving the resolution, Houston said it was the plain duty of the government to build the road, seeing the metalliferous mining industry would be in jeopardy if there was a shortage of coke or coal at local smelters. If the government built the road there could be no question of its controlling its operation, so that even-handed justice should be done both the coal company and the smelter owners.

On a want of confidence resolution regarding the government's railway policy, Curtis of Rossland spoke for two hours. He claimed the people of Kootenay wanted a direct competing railway to the coast; that they preferred an independent railway that would be competitive, even if a bonus had to be given by the province to aid its construction, to a road built by the C. P. R. without a bonus. He was told by the member from Nelson that he had better resign his seat in the house in order to test the feeling of his constituents. He declined to make the test, however, saying he had not time to make a proper canvass. Curtis is cordially disliked because he interferes in other ridings than his own in matters that in no way concern him. His resolution was defeated 25 to 11.

The commissioner of lands and works has introduced a bill granting 160 acres of land to all volunteers who went from British Columbia to South Africa.

It is currently reported that the house will adjourn on Wednesday till Tuesday the 16th. The government will then be in a position to bring down the estimates and rush through the business of the session.

Today's Times gives currency to the rumor that Mr. Turner will resign his seat immediately after he delivers his budget speech and that he will then go to London as agent general and that R Gosnell will accompany him as chief clerk.

James F. Wardner is here. He is now engaged in mining on Prince of Wales island.

Dr. LaBau left for Nelson tonight.

COUNT TOLSTOI BANISHED

ESCORTED TO THE FRONTIER BY GENDARMES.

Slayer of Minister of Public Instruction Sentenced to Twenty Years in Siberia.

ST. PETERSBURG, April 1.—It was rumored several days ago, but generally disbelieved, that count Leo Tolstoi had been banished from Russia because of the attempted assassination of privy councillor Pobiedonostzoff, chief procurator of the Holy Synod (who was shot at early in the morning of March 22nd, while sitting in his study), the attempt being attributed to a desire for revenge, growing out of the excommunication of count Tolstoi. Owing to the indefiniteness of the rumor it was disregarded by the correspondent here of the Associated Press. Now, however, the correspondent has received a private letter from a usually trustworthy source, in Vilna, capital of the government of that name, saying that count Tolstoi was reported to have passed through Vilna, March 26th, being escorted to the frontier by two gendarmes.

Gets Twenty Years.

ST. PETERSBURG, April 1.—The trial of Peter Karrovich, the assassin of M. Bogoliroff, the Russian minister of public instruction (who, as cabled to the Associated Press last night, has been sentenced to 20 years' penel servitude with a loss of civil rights) was strictly secret. Admittance was only by card. Among those present were the ministers of justice, of the interior, and of finance. Only 50 cards were distributed. Karrovich spoke for an hour, regarding the student's trouble under Bogoliroff and the disorganization of the university. The prisoner characterized Bogoliroff, whom he knew as the curator at Moscow in 1896, as the "baneful spirit of reaction."

Karrovich declared he was indifferent when shooting whether Bogoliroff would be killed, desiring in any case to inflict a dangerous wound. He refused to say where he lodged or whom he saw after his arrival from Berlin. The prosecuting attorney described Bogoliroff as a noble officer and demanded the infliction of the most severe penalty. Counsel for the defendant pleaded for a milder punishment, declaring that severity was unable to affect anything in struggling with ideas and idealists who joyfully sought martyrdom for their principles. The court deliberated for 25 minutes and condemned Karrovich to 20 years of hard labor in Siberia and the loss of all civil rights. The police are continuing to inquire into Karrovich's connection with the revolutionary movement in Russia.

Boxers Getting Troublesome.

BERLIN, April 1.—A despatch to the Cologne Gazette from St. Petersburg, dated April 1st, says: Robber bands of Boxers and Chinese soldiers have been causing fresh disturbances in Manchuria in the neighborhood of Chang Tu Fu. General Kaulbars is strengthening the railroad military posts between Karbin and Chang Tu Fu. General Kaulbars has asked the governor general, Grodokoff, to send reinforcements, as a general revival of the Boxer movement is expected in the spring. The Russian garrison at Tsi Tsi Bad has been compelled to camp outside the town, owing to the presence of the decomposing bodies of those who were killed during the cold weather or who perished of hunger.

Decision Upheld.

LONDON, April 1.—The appeal court has upheld the decision of the divisional court declaring the school board unjustified in providing science and art classes out of the school board rates and that the author was justified in disallowing payments therefor.

Brutally Treated by Burglars.

PITTSBURG, April 1.—Mrs. Anna Ward, aged 60, is lying in a critical condition from the effects of brutal treatment by masked burglars at her home yesterday morning. Mrs. Ward and her daughter were awakened by the presence of burglars at their bedside, each woman finding a revolver pointed directly at their head. Mrs. Ward undertook to resist, and while the daughter was held in subjection by one of the men, another knocked the elder woman into unconsciousness, literally crushing her skull. The husband and son of Mrs. Ward were sleeping on the third floor, having in their possession about $1200, the booty the burglars were evidently after.

Russia Weakens Somewhat.

LONDON, April 1.—Dr. Morrison, wiring to the Times from Pekin, March 28th says: The Yang Tse viceroys have carried the day. Li Hung Chang, who wired urging emperor Kwang Su to reconsider his decision, despite the unanimous advice of the chief provincial officials, was informed that the decision was irrevocable and that the Manchuria convention could not be signed under any circumstances. In spite of her threats, Russia seems disinclined to slam the door. Negotiations between Li Hung Chang and M. De Giers were certainly proceeding yesterday when De Giers agreed to several formal amendments of the text. Russia's cynical and bold diplomacy appears for once to have overreached itself.

Boer Movements.

LONDON, April 2.—Despatches from Cape Town and Brussels tell of general Botha and general Dewet joining a gathering of 13,000 men for operations against general French in the Transvaal.

Two hundred Boers have re-appeared near Richmond, Cape Colony, and the town guard has been called out to defend the place.

DUNDEE, April 1.—It is reported that as a result of general French's operations the Boers are retiring eastward, hard pressed by Col. Dartnell of the Natal police and Colonel Alderson. Some of them endeavored to break away to the north, but were headed off by Colonel Alderson, who captured a 15 pounder and two pom poms.

Spaniards on Aguinaldo.

MADRID, April 1.—The capture of Aguinaldo caused much interest here. The press is divided on the subject. Some of the newspapers are delighted with his capture and describe him as a black traitor to Spain. Others consider him a traitor to his own race and declare he was bought with American dollars. Interviews are published with the director of the Filipino organ here and also with the president of the so-called Filipino junta. They are both quoted as emphatically declaring that the capture of Aguinaldo will have no permanent effect on the war; that he will be replaced and that the Filipinos, aided by the climate, will never be subdued.

Canada May Have a Prince.

LONDON, April 1.—It is understood that a suggestion that the duke of Cornwall and York should be created prince of Austraila has been considered by king Edward and the cabinet, but rejected on the ground that Canada and the other colonies had an equal right to be honored in this fashion. An alternative suggestion to create the two eldest son of the duke of Cornwall and York, the prince of Canada and the prince of Australia respectively is now under consideration.

Germany Makes a Demonstration.

BERLIN, April 1.—The Berliner Tageblatt publishes the following despatch from Shanghai: The German first class battleship Weissenburg has started from Shanghai toward Nankin and the north, her purpose being to impress the Chinese and the allies that Germany means to preserve and heighten her prestige and interests in the Yang Tse valley. The German gunboat Tiger has relieved the Iltis at Bankau where the Iltis stayed five months because of the shallowness of the Yang Tse at that point.

Many Miners Idle.

LONDON, April 1—Reports received at a meeting of the Lanarkshire colliery engine handlers at Hamilton showed that 30,000 miners were idle in Scotland owing to the strike for an eight-hour day.

Navigation Opened.

DETROIT, April 1. — Navigation between Detroit and Cleveland was opened today, when the City of Detroit left here for Cleveland with 100 passengers on board.

PROVINCE AND DOMINION

WESTMINSTER ASYLUM ATTENDANTS RESIGN.

Manager Oliver Given a Hearty Send-off at Rossland---News From Eastern Canada.

VANCOUVER, April 1.—[Special to The Tribune.]—Thirteen attendants have resigned their positions in the provincial asylum at Westminster. A memorial has been sent to the provincial secretary, giving details of the "great wrong put upon us," as the attendants say. They have grievances regarding food and dislike the manner generally in which they are treated by the medical superintendent, Dr. Manchester.

The Vancouver Grocers' Association has prepared a black list of 742 persons to whom all credit in future will be refused. This number is one-tenth of all the heads of families in Vancouver.

The Nelson Macpherson-Sutherland Drug Co. has been formed with three large stores in Vancouver.

C. T. Tripps, steward of the Vancouver Club, died yesterday.

W. T. Oliver Banqueted.

ROSSLAND, April 1.—A citizens' banquet, which was tendered last evening to W. T. Oliver, who for the past five years has been manager of the Bank of British North America in Rossland, and who is leaving here to take the managership of the bank in London, Ontario, was one of the most successful affairs of the kind that was ever held in Rossland. All the leading citizens of the town were present, the chair being occupied by mayor Lalonde and the vice chair by J. B Johnson, president of the board of trade. During the course of the evening an extremely handsome silver service was presented to Mr. Oliver by the citizens, Hon. T. Mayne Daly, ex-minister of the interior, reading the address which accompanied it and making a speech appropriate to the occasion, in which he proposed a toast to the guest of the evening. Mr. Oliver's response elicited from the gathering an applause which manifested the high esteem in which he is held in the city. Addresses were delivered by the managers of the various banks and other leading citizens, all highly eulogistic of Mr. Oliver and of the good work he had done in Rossland during the five years he had been a resident of the town. Mr. Oliver leaves Rossland amid the regrets of the citizens at large and bears with him the highest regard and best wishes of the citizens.

EASTERN CANADA TELEGRAMS.

TORONTO.—Application was made today to wind up the affairs of the Sawmill Mining Company. The order was granted.

HALIFAX.—Premier Murray places the provincial revenue for the coming year at $1,034,000 and expenditures at $1,026,000. Mine royalties are expected to yield $460,000.

OTTAWA.—The reduction in the Yukon gold royalty from 10 to 5 per cent on the gross output takes effect on the 17th instant. It will apply to all claims from that date, no matter how leases may be made out.

OTTAWA.—The number of enumerators who this morning entered upon the duty of taking the census of Canada is close on 8000. Anticosti will be included in the census on this occasion for the first time.

OTTAWA.—Hon. M. E. Bernier has consented to become honorary president of the Metrical Association, which has for its object instruction of the public in the advantages of the metric system of weights and measures.

FREDERICKTON, N. B.—One of the best known legal firms in New Brunswick—Black, Bliss & Neil—is in financial difficulty. Liabilities $40,000 or $50,000. The firm was thought to have been strong and prosperous and handled large sums of money for investors.

Politeness is a coin that passes current in every land.

Tell your pipe stories to the plumber. He enjoys them.

The Tribune.

IN Vancouver the mayor receives an indemnity of $2000 per annum and the members of the city council divide $3000 among themselves under the same head.

THE people of Victoria are practically unanimous in their verdict that the Dunsmuir government should vote that round million dollars to the promoters of the Victoria, Vancouver & Eastern, and that the people of West Kootenay should pay it.

THE Victoria Saturday Post says the action of the Canadian Pacific Railway Company in moving the C. P. N. offices from Victoria to Vancouver makes it absolutely necessary for the Dunsmuir government to vote one million dollars to the promoters of the Victoria, Vancouver & Eastern in order to save Victoria's trade.

COPPER cent pieces have been introduced in Vancouver by the manager of the Hudson's Bay Company's stores. From the circumstance that all the opposition appears to come from rival storekeepers it may be assumed that the innovation will not hurt the purchaser very much. The general opinion appears to be that the coppers will force close prices in the dry goods and grocery trade.

VANCOUVER'S city council has passed its estimates for the current year. It shows an estimated revenue of $635,761.57 for the year, or something more than one-third of the revenue of the provincial government. Of this sum licenses and water rates contribute but $117,310, while government grants to hospitals total $50,000. Provision is made for the expenditure of the entire sum, the charge for interest and sinking fund being placed at $118,917.36.

THE events of the past week at Victoria go to show that there is not much hope for the promoters of the V., V. & E. doing business with the Dunsmuir government. So far they have done nothing but fish after the provincial subsidy and there is nothing to warrant the government, or the people of the province, in placing them in any different category from other charter mongers who in the past have waxed fat off the beneficence of paternal governments. For months past the press of British Columbia, of all shades of opinion, has been crying out against the charter mongering practice which has grown up in connection with railway development, and it is a hopeful sign that the provincial government have at last shown their disapproval of the practice, even when the charter mongers happen to be pretty big fish.

THERE appears to be no limit to the concessions or consideration which the officers of the Crow's Nest Pass Coal Company will give to the British Columbia smelting industry in exchange for a charter for the Crow's Nest Southern railway. This being so it will doubtless be good policy on the part of the provincial legislature to keep the Toronto men bidding for some time yet.

CHIEF LILLIE of the fire department is expected to return from Spokane this evening. Should he return no time should be lost in having such repairs made to the Nelson opera house as will make it less dangerous to patrons in event of fire.

SOME measures should be taken by the city council to protect real estate owners, who desire to improve their property, from mistakes in the fixing of grades which appear to be made in the city engineer's department.

THE Fernie Free Press, in commenting upon the Nelson Miner's flop in the East Kootenay railway question, asks the very pertinent question: "Have the funds run out?"

POLITICAL rumor has it that premier Ross of Ontario will succeed Hon. David Mills as minister of justice upon the latter's going upon the supreme court bench.

LIBERALS of the old school now compromise with their consciences by talking against protection in parliament and voting in favor of it.

A Peerage Romance.

A case of the most sensational character will, says the London Sun, shortly come on for hearing in the high court of justice, should no settlement be arrived at between the parties, which bids well to rival the famous Tichborne claim. Some 25 or 26 years ago a well known sporting member of the aristocracy divorced his wife, who two years later married an Irish peer. The second marriage was a happy one and ten months later a child was born, but the lady died in childbirth. The infant, a boy, was put out to nurse, and later the peer again married, the issue being the birth of a son and two daughters. When the peer died the son of the last marriage at once assumed the title and took possession of the estates, but upon this coming to the knowledge of the son of the other marriage he began proceedings without delay with a view to lodging his claim to both title and estates. Efforts were made to arrive at a settlement but notwithstanding the fact that all along the young man had been kept supplied with an abundance of money he persisted in his claim. He approached distinguished relatives of his alleged father, but was advised not to enter into costly litigation which might prove unsuccessful. The young man has, however, consulted a prominent firm of solicitors, and has made an offer to waive all claims to the title and estates provided a certain lump sum is paid down. Failing this the case will be thrashed out in open court.

To Rescue the Emperor.

LONDON, April 1.—The correspondent of the Globe at Shanghai, in a despatch dated Saturday, March 30, says he understands that the Yang Tse viceroys and Yuan Shi Ku, the military governor of Shan Tung, are prepared to despatch one hundred thousand troops to Sian Fu to rescue the emperor from the hands of the reactionaries and escort him to Pekin, if a little pressure and promise of moral support is forthcoming from the powers interested in the open door. The correspondent adds that the suggested expedition would be popular in central and southern China, would result in the destruction of the anti-foreign elements and would lead to the establishment of progressive government in Pekin.

DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between Lewis Noll and Wesley E. Cox, carrying on business as hotelkeepers in the premises known as the Porto Rico hotel at Porto Rico Siding, B. C., under the firm name of Noll & Cox, has this day been dissolved by mutual consent. For the future the Porto Rico hotel will be conducted by Lewis Noll, who will assume all liabilities of the late firm and to whom all accounts owing said firm are herewith payable.

ESTATE OF FRANK S. CAMPBELL.

In the matter of the Estate of Frank S. Campbell, late of the City of Nelson in the Province of British Columbia, deceased.

Notice is hereby given, pursuant to the "Trustees and Executors Act" of the revised statutes of the Province of British Columbia, 1897, Cap. 187, to all creditors and others having claims against the estate of the said Frank S. Campbell, who died on or about the 23rd day of December A. D. 1900, to send by post prepaid or delivered to Messrs. Galliher & Wilson of the said city of Nelson, solicitors for Glenn M. Benny, the administrator of the personal estate and effects of the said deceased, or to the said Glenn M. Benny of the town of Sirdar in the province of British Columbia, their christian and surnames, addresses, descriptions and full particulars of their claims, statement of their accounts and the nature of the security, if any, held by them, on or before the 1st day of April, A. D. 1901.

And further take notice that after such last-mentioned date the said administrator will proceed to distribute the assets of the deceased to the parties entitled thereto, having regard only to the claims of which he shall then have notice. The said administrator will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

GALLIHER & WILSON,
Solicitors for Glenn M. Benny, administrator for Frank S. Campbell, deceased
Dated this 26th day of February, 1901.

AFTERNOON PRESS REPORT

Work of Philippine Commission.

ZAMBONGA, Island of Mindanao, March 31.—Owing to the peculiar conditions prevailing in the Sulu archipelago and the island of Mindanao the Philippine commission has about decided to organize a departmental government covering all of the islands south of the Visya. A uniform general provincial law is impossible of application in the extreme southern islands on account of the necessity of debarring the Moros from self government except in cases where they have foresworn allegiance to the dattos and the sultan and become subjects of the United States and for the further reason of the multiplicity of races and other tribes in Mindanao and the diversity of interests. The commission will appoint a departmental governor having authority to negotiate with the sultan and the dattos and to act as direct representative of the commission.

Earthquake Causes Panic.

CONSTANTINOPLE, April 1.—Today an earthquake was felt in the Delmabagtache palace at the moment of the Bairin ceremony, when the high officials were passing before the sultan's throne. A panic resulted, particularly among the diplomatists in the gallery, many of whom immediately left the place. The band ceased playing and the musicians rushed to the doors. Pieces of plaster fell from the ceiling and portions of the chandeliers were broken, adding to the general alarm. The sultan rose from his throne and took a few steps, apparently intending to leave the chamber, but he preserved great calmness and presence of mind, which had a good effect. After a moment's hesitation his majesty reseated himself upon the throne and ordered the ceremony to proceed. A reception followed without further incident.

Russia's Internal Troubles.

ST PETERSBURG, April 1.—Chief of the statistical bureau of the province and government of St Petersburg, W. T. Takowenkow, has been arrested in consequence of a letter of condolence which he wrote to the author N. F. Annensky, who was injured in the recent rioting. Attorney W. O. Lustig, president of the association of St Petersburg lawyers, has written to the minister of the interior protesting against the action of the police during the riots, and many influential people have signed an address criticising statements in the official report of the troubles.

With Cavalry and Horses.

SAN FRANCISCO, April 1—The animal transport Arab sailed today for the Philippines with 670 horses for the cavalry already on the way to Manila. Tomorrow the Budford will sails with troops of the First squadron of the Fifteenth cavalry, one company of the Tenth infantry and the depot battalion of the Fifth infantry. The Kilpatrick, scheduled to sail next Friday, will carry the Third battalion of the Eleventh infantry and two companies of the First infantry. On the 10th the transport Ohio will sail and on the 8th the Aztec is expected to get away. On April 10th the Logan is expected to depart for Manila with two companies of the First infantry, the Third squadron of the Ninth cavalry, the second squadron of the Tenth cavalry and a battalion of the Eleventh infantry, now at Governor's island and at Fort Ethan Allan.

Getting Ready for Nine Hours.

NEW YORK, April 1.—George H. Warner, business agent of the New York district of the International Association of Machinists, reports at the meeting of the Central Federated Union that mass meetings will be held all over the United States, Mexico and Canada to prepare for the nine hour demand of the machinists. The employers have been given until May 1 to prepare for the demand, which is to go into effect on May 20.

Pan-American Exposition.

BUFFALO, April 1.—There were 17,000 visitors at the Pan-American grounds yesterday, among them president John G. Milborn and director of works Carlton of the Exposition Company. In reply to a question, Mr. Milborn said: This weather is full of promise for us. With a continuance of reasonably fair weather the entire exposition will be finished and ready for operating May 1, with little or nothing remaining to be done.

The Mexican Nationalist.

CORPUS CHRISTI, April 1.—The representative of Sheaver & Co., who is said to have recently purchased the Mexican National railway, accompanied by general superintendent Brown and J. N. Galbraith, superintendent of the northern division of the Mexican National, spent several hours here yesterday inspecting the company's property. It is said that Gabriel Morton, president, is to be made general manager of the new acquisition.

Putting Screws on China.

WASHINGTON, April 1.—Information has reached here to the effect that the Russian government, being seriously perturbed by the course China in not signing the Manchuria agreement, largely because of the protest made by several of the powers, has conveyed a distinct and unmistakable indication to China that if this course is persisted in there may be an interruption of diplomatic relations. This is little short of an ultimatum that China must sign or take the consequences.

Barrows Known in Chicago.

CHICAGO, April 1.—A special to the Tribune from Minneapolis, Minn., says: Frederick J. Barrows, who is under arrest at Manila for alleged complicity in the commissary department frauds is a Minneapolis man well known here, where he lived for many years previous to his entry into the volunteer army. He is the son of F. C. Barrows, a prominent lumberman, and previous to his departure for the Philippines was a member of the 15th Minnesota volunteers. He is about 30 years old.

Japanese Opinion Strong.

LONDON, April 1.—Japan has made direct representations to St. Petersburg against the Manchuria convention, says a despatch to the Times from Tokio, dated Saturday, but the result is not yet known. Japanese public opinion is very strong on the subject. The cabinet is prudent and pacific, but impressed by the national enthusiasm which is certain to become uncontrollable if there shall be any undue yielding.

Blockade Opened.

SUEZ, April 1.—The steamship Ophir, bearing the duke and the duchess of Cornwall and York on their tour of the world, arrived here at 10 o'clock this morning, after having been detained through the blocking of the canal by a dredge.

BOARD OF HEALTH REGULATIONS

For the Prevention of the Spread of Smallpox in the City of Nelson.

All passengers arriving at the City of Nelson from all points east of the Kootenay River will be required to furnish the inspector or officer in charge of the carrying out of these regulations with a certificate from the health officer of the city or town from which he or she has left, containing the following particulars:

1. (a) That he or she has not been in any place or building infected with smallpox.

(b) That he or she has not lived in any place or building which lies dangerously near any infected building or district.

(c) That he or she has been successfully vaccinated since January, 1901.

2. If the inspector believes that any person is infected, or that his or her clothing or other effects contain infection the inspector shall detain such person and his or her clothing and effects as aforesaid, until the period of incubation is over, and such person and his or her clothing and other effects shall be at once disinfected.

3. If he only suspects that any person on board, or the effects of any such person have been exposed to infection, he shall notify the medical health officer of the locality to which the person is going to meet the train or boat, and to keep the person thereafter under observation.

4. In the event of any passenger bringing any baggage (hand or otherwise) or whether the same shall be forwarded by express, the following certificate may also be required from the health officer of the town or city aforesaid:

(a) That the said baggage (here give a full description of said baggage so that there can be no question as to identification) has not been in any place or building infected with smallpox.

(b) That the said baggage has not been stored or used in any place or building which lies dangerously near to any infected building or district.

5. All railway and steamboat companies must strictly adhere to the following regulations:

(a) All mail and baggage from points above mentioned destined for the City of Nelson, on or before leaving the last point of call on Kootenay River must furnish the inspector or officer in charge of the carrying out of these regulations, with a certificate from the health officer of such points where fumigation takes place that same has been done.

(b) All cars or steamboats on which have been discovered infected persons, baggage or mail, will not be permitted to again convey passengers, baggage, etc., into the City of Nelson until disinfected and fumigated to the satisfaction of the medical health officer of this city.

(c) No Indians shall be allowed to land in the City of Nelson under any conditions.

This proclamation goes into effect immediately.

FRANK FLETCHER,
Mayor of the City of Nelson.
D. LEBAU,
Medical Health Officer.

Nelson, B. C., March 2nd, 1901.

NOTICE TO DELINQUENT CO-OWNERS

To T. A. STEVENSON, or to any person or persons to whom he may have transferred his interest in the Lila mineral claim, at Morning Mountain, Nelson Mining Division:

You are hereby notified that I have expended the sum of One Hundred and Fifty-Seven Dollars in labor and improvements upon the above mentioned mineral claim, in order to hold said mineral claim under the provisions of the Mineral Act, and if within ninety days from the date of this notice you fail or refuse to contribute your proportion of such expenditure, together with all costs of advertising, your interest in said claim will become the property of the subscriber under section four of an Act entitled "An Act to Amend the Mineral Act, 1900."

NELSON, B. C.

To
Builders and Contractors

Having taken over the business of the West Kootenay Brick & Lime Company, Limited, of Nelson, I beg to ask for a continuance of the patronage which you have heretofore extended them. My aim will be at all times to supply you with our products at lowest possible prices. Being in a position to manufacture goods in larger quantities than before, we shall be able to supply the trade at a lower figure.

It is our intention to install machinery to manufacture our marble products, and next season we shall be in a position to supply these products at reasonable rates.

We shall also keep on hand a stock of Fire Brick, Fire Clay, Tiles and Cement.

Our Bricks and Lime Rock have taken the First Prizes at the Spokane Industrial Exposition in 1899 and also this year. We also secured prizes last year and this year for Ornamental and Building Stone.

We are prepared to offer special rates to Contractors and Builders.

FURNITURE UNDERTAKING

We are now Ready for Business in

FURNITURE

Our stock is complete. If a visit to our warerooms on Vernon Street, just east of the Hume hotel, does not prove that we can supply anything you ask for, we will agree not only to supply it in twenty-four hours from our Sandon store, but will apologize to you in this space. Our carpet stock is not yet complete, but we have a few good bargains to offer. House furnishings of all kinds will be carried, but these goods are still coming to hand.

JOHN A. IRVING & CO.

CITY LOCAL NEWS

Judge Forin will hold chambers on Wednesday at the court house.

A large gang of men was put to work yesterday tamping the railway ties at the freight yards at the C. P. R. depot. There are great improvements going on at the yards.

A real estate deal went through yesterday by which Harry Wright, registrar, becomes the purchaser of lots 13 and 14, block 16, corner Hall and Silica streets. The seller was E. F. Flahiff.

Two charges of furious driving on Baker street will be investigated by the magistrates today. Summonses are also out for a couple of garrulous women who will be asked to explain why they expressed in public their private opinions of each other.

The sale of John R. Campbell's household furniture and effects takes place today at the premises on Silica street, four doors east of Hall street. Chas. A. Waterman & Co. have the sale in hand and announce that the goods may be seen this morning before the sale commences.

The secretary of the Nelson Trades and Labor Council has issued a circular to the press enclosing a resolution passed at the last meeting of that body in which the action of the provincial government in increasing the provincial revenue tax from three dollars to five dollars was condemned.

Mining Records.

The following mining transactions were recorded yesterday: The transfer of the Iron Hand mineral claim at Slocan Junction from J. H. McManus to P. E. Wilson of Nelson. Certificates of work were granted to John Norcross on the Florence; to Ole Skattbo on the Ladysmith and Butler; to A. Powys on the Golden Gem and Cashier, and to Mrs. E. A. Crowe on the Golden Queen.

Another Railway Rumor.

G. M. Bosworth, general traffic manager of the Canadian Pacific Railway Company, is now on a trip of inspection over the British Columbia section of the companys system. In the course of an interview in Spokane, he intimated that there was every liklihood of the company building a line from Grand Forks to points in Republic camp in the state of Washington.

Indecent Behaviour.

Duncan Forbes was brought before the mayor and J. K. Strachan, J. P., yesterday charged with indecent behaviour. A few boys were examined in substantiation of the charge, which was fully established, and the prisoner was sentenced to three months' imprisonment in default of paying a fine of $25 and costs. His plea was that he was drunk at the time of his misbehaviour.

The Fire Team of Horses.

Chief Lillie is expected back from Spokane tonight with the team of horses he has purchased for use in the fire department. The animals are said to be all that can be desired for the work. The runs in Nelson are short, but the grades are steep, and it takes good, strong horses to pull the machine. On his return the chief will take up the subject of fire protection at the opera house.

A Fifty Dollar Blaze.

About 10 o'clock yesterday morning the fire brigade were summoned to a blaze at the residence of C. D. Curtis, next to the Crickmay Hospital. The blaze had its origin in the kitchen, where a pot of grease had been accidentally upset over the range. It ignited, and for a few minutes made things very lively. However, the fire boys got in some good work, and quickly stopped the spread of the flames, but not before about $50 damage had been done.

Electric Lights.

It is strongly suspected—in fact, it is more than a suspicion in some cases—that certain consumers are using a greater number of lights than they bargained for. It is suggested that the globes be procurable at the city hall alone, but even this arrangement will not work if people with elastic conscience are to be dealt with. The fire, water and light committee will have a hard nut to crack in the matter.

C. P. R. AUTHORITIES HERE

On a Tour of Inspection.

R. Marpole, general superintendent Pacific division; W. Whyte, general manager of the lines west of Winnipeg; H. J. Cambie, chief engineer Pacific division and D. T. Coyle are a party of C. P. R. officials who spent yesterday in Nelson. The party came on their usual tour of inspection over the line and leave for the Boundary country this morning.

Yesterday was a busy day with these gentlemen. They went over the ground at the new depot and took a trip to the new shipyard at Five-mile point, as well as looking generally into the conduct of the various departments of the company here.

Mr. Whyte explained that the trip so far showed the system to be in a satisfactory condition. However, extensive additions and alterations will have to be made at Nelson to meet the growing requirements of this point. The roundhouse, for instance, will have to be considerably enlarged and new machinery put in place, as the present building, although ample when put up recently, is now found to be too limited in capacity for the work expected of it.

The new ship yard will be put in order at once. No time can be lost, as the rising of the waters would necessitate putting off work for several months. An effort will be made to have the pile-driver and everything put into shape while the water is low.

Questioned as to the Lardeau extension, Mr. Whyte explained that work was being pushed with all due haste. They had a good deal of steel on hand, but not sufficient to cover the distance. On this branch 60-pound rails would be used, which would be heavy enough for all the traffic expected. On the main line, where heavy freight had to be handled, 80-pound steel is used. Probably by May or June this branch would be completed. There was some heavy rock work to be encountered, but the grade generally was easy.

As to the completion of the Crow's Nest Pass line into Nelson, this was a work not likely to be undertaken this season.

Mr. Marpole had nothing to say for publication, beyond the fact that he had been approached by the city in reference to certain lots which the council was desirous of procuring from the railway company. The matter was one he would take up on his return from the Boundary.

Hearty Reception to Boers.

MADRID, April 1.—Despatches received here from Lisbon are rigorously censored, but letters which have reached here say the Boers who arrived at Lisbon on board the transports Friday from Delagoa bay were accorded a splendid reception, contrasting with the coolness of the popular reception of the mission headed by earl Carrington sent to Lisbon to formally notify king Charles of the death of queen Victoria and the accession of king Edward VII. The hour selected for the landing of the Boers was kept secret, but a large crowd was present and acclaimed the travelers, a majority of whom were European volunteers. The party, numbering 700 persons, was escorted to its quarters in the vicinity of Lisbon. The Boer officers are allowed 400 reis and the rank and file are allowed 60 reis daily (a rei is about one and one-tenth of a cent). The leading Boer general, Pinnare, wept on leaving his men. He was much hurt because his comrades gave him the cold shoulder during the voyage on account of his refusing to destroy the Coomatipoort bridge when they crossed the frontier, notwithstanding that the general acted on the instructions of president Kruger.

Painters and Carpenters Strike.

CINCINNATI, Ohio, April 1.—Five hundred and fifty members of the journeymen painters and decorators' union struck today because of the refusal of the master painters and decorators to sign the scale recently adopted by the union demanding $2.80 for an eight hour day.

FORT WAYNE, Indiana, April 1.—All painters and paper hangers in this city went on strike today because of the failure of the master painters' association to grant a demand of 27½ cents per hour and a 9 hour day.

PORT HURON, Michigan, April 1.—The local carpenters' and joiners' unions, 150 strong, went on strike today because their demand for twenty-five cents an hour and a nine hour day was refused by the four largest contractors in the city. The other local contractors have signed the new scale, but all the members of the union were called out.

Nottingham Races.

LONDON, April 1.—At the Nottingham race meeting today the Epperstone swing plate was won by W. A. Dowling's unnamed entry by Aperse out of Queen Bonby, Johnny Reff up. The Elvaston Castle gelding plate of 100 sovereigns was won by Duke of Daisy.

PERSONAL.

W. H. Bullock-Webster has returned from an official up-country visit.

At the Queen's yesterday Mrs. G. A. Petty, Three Forks; W. L. Spry, Vancouver, and S. Luffman registered.

William O'Brien, Rossland, and Frank Culver, Spokane, are at the Madden House, among yesterday's arrivals.

At the Tremont there arrived yesterday H. McArthur, Slocan City; J. Manamon, San Francisco; John Milne, Greenwood, and W. H. McLennon, Sandon.

Frank Barnard, late member of parliament for Yale-Cariboo, is paying Nelson a visit. He is at the Phair, and came to town with the party of railway officials.

The Hume started a new register yesterday, and its initial page was well filled. Among the names are those of R. H. McMaster, Vancouver; A. McQueen, Grand Forks, and M. Young, Lethbridge.

$200,000

To loan on improved property. Straight mortgage at 8 per cent. No monthly loan or no fines. The only agent in the city that can give the borrower his money when he wants it.
