THE LAWS ENTANGLEMENTS

DECISION OF THE SUPREME COURT OF CANADA

In a Somewhat Notorious Case, in Which Sawlogs and Lumber Are Inextricably Mixed.

In the spring of 1888, T. W. Gray was carrying on the Nelson planing mills. He needed money (some $4000) to purchase logs for his sawmill, and he secured it at the Bank of Montreal by getting John Houston's endorsement, Houston taking a chattel mortgage on the mill property as security. Later on, Gray, through his bookkeeper, a man named Lawford, borrowed money from the Merchants Bank of Halifax, giving the bank security on logs that were purchased to carry out a contract for a man named Armstrong, who was building the long trestle at Kootenay Landing for the Crow's Nest railway. In September, 1888, Gray made an assignment, making T. M. Ward assignee, and on the same day Houston took possession under the provisions of his mortgage. The Merchants Bank attempted to take possession of the logs in the mill pond and the lumber on the mill wharf, but were prevented from doing so by the assignee. Houston kept the mill running, as a large number of men were dependent upon it for work, and besides, Gray owed them wages. The Merchants Bank brought suit against Houston and Ward to recover the amount Gray owed it, and lost the suit, Mr. Justice Martin holding that Lawford was merely an agent of Gray, and that anything he purchased was purchased with Gray's money. Pending the hearing on appeal to the full court, the assignee, with the consent of the creditors, sold the property to Charles Hillyer for $11,600, and Hillyer and others formed the Nelson Saw & Planing Mills, Limited, this company taking over the property, Hillyer and his associates paying off Houston's mortgage and agreeing to protect him from all loss in the litigation that was being carried on in his name. The full court reversed Mr. Justice Martin's decision, holding that Houston's mortgage was defective and that Ward was jointly liable with him to the Merchants Bank for the full amount of its claim. An appeal was taken to the supreme court of Canada, and the decision of that court is appended:

In the supreme court of Canada.—Houston and Ward vs. Merchants Bank of Halifax.

This case, for the facts of which I refer to the judgments in the court below, involves two separate appeals, one by Houston, who claims a lien on the logs in question having priority over that of the respondent, and the other by Ward, the assignee, for the benefit of the creditors of Gray, who insists that he is not liable to the bank for the money which the judgment has directed him to pay.

As regards Houston's appeal, there can, in my mind, be no doubt but that the proof established conclusively that the money advanced by Mr. Kydd, the agent of the bank, was so advanced to Lawford as the agent of Gray to enable the latter to purchase the logs required to carry out the Armstrong contract, and that the logs seized by Houston on the 16th September included the logs purchased for that purpose. The legal consequence is that under the 74th and other sections of the Banking Act the bank had a first lien upon the logs so purchased with their money, which they in good faith lent for the purpose to which it was thus applied, and that Houston is bound to account for the logs he so possessed himself of.

As to Ward, it does not appear to us that he was guilty of any conversion or other wrongful act as regards the logs. The appeal by him should, therefore, be allowed, and the action dismissed against him except in so far as it is considered to be in the nature of a mortgage action for the purpose of enforcing a security.

The first clause of the judgment which directs Ward to pay the respondents $530, being the amount secured by a chattel mortgage of the 15th August, 1898, Shaw to Lawford, assigned to the bank on the 16th September, is manifestly wrong. The bank is not entitled to any security on those chattels giving thm priority under the Bank Act. It was not given to secure money advanced to buy the goods. It is conceded that Houston has priority over these tools and plant, Lawford having paid off merely the vendor's lien of A. C. Shaw & Co., did so presumably with the money of Gray's, and the bank, as assignee of Lawford, can stand in no better position as against the creditors of Gray represented by Ward, his assignee.

It is, therefore, just as if Gray, when he was notoriously insolvent to the knowledge of the bank, and on the same day on which he executed an assignment for the benefit of his creditors, had made a direct mortgage to the bank. Manifestly such a mortgage cannot be enforced.

Houston's appeal is dismissed with costs. Ward is entitled to the costs of his appeal here and also to all costs in the court below except (as regards the costs below) in so far as he is to be regarded as the representative of the mortgagor in an action to realize a mortgage security, and as to these latter costs, they are to be reserved until the final decree.

Now Houston does not know where he is at. The property on which he had the motgage has passed into the possession of the Nelson Saw & Planing Mills, Limited, and the logs claimed by the Merchants Bank have disappeared. The law costs alone amount to several thousand dollars and the sheriff has executions against Houston for a portion of them.

The Port Royal Disaster.

PORT ROYAL, Pa., June 14.—Rumors are abroad today that more men than the 18 first accounted for are buried in the Port Royal mine. Two men from Smithton have been missing since the night of the explosion and a story is being circulated that the number of unknown victims will reach 30.

OPEN THURSDAY AFTERNOON

All Lines of Business Represented.

The newspaper organ of the disgruntled element in Nelson stated yesterday that but four business houses were open on Thursday afternoon. The reporter that wrote the article probably meant that that was the number of business houses open on Baker street at 3 o'clock on Thursday morning, not 3 o'clock Thursday afternoon, as he is much better acquainted with resorts that are open all night than business houses that are open all day. As a matter of fact, there were over twenty retail business houses open on Thursday, houses at which every line of general merchandise can be procured. The following is a partial list:

H. BYERS & CO., Hardware and Mining Supplies.
W. F. TEETZEL & CO., Assayers' Supplies and Drugs.
J. H. VANSTONE, Drugs and Medicines.
G. M. FRANK, General Merchandise.
P. BURNS & CO., Meats and Provisions.
J. A. MACDONALD, Fruits.
W. G. BROWNE, Fruits.
WEST KOOTENAY BUTCHER CO., Meats.
D. J. ROBERTSON & CO., Furniture and Bedding.
CANADA DRUG & BOOK CO., Drugs, Medicines and Stationery.
THOMSON STATIONERY CO., Stationery and Books.
HAZELWOOD DAIRY CO., Milk and Dairy Products.
KOOTENAY COFFEE CO., Teas, Coffees and Groceries.
J. M. GALLAGHER, Groceries and Fruits.
HEBDEN & HEBDEN, Stoves and Tinware.
H. F. M'LEAN, Drugs and Medicines.
A. FERLAND, Dry Goods, Clothing, Boots and Shoes.
IDEAL CASH GROCERY, Groceries and Provisions.
J. L. PORTER, Meats.
H. S. HOWELL, Groceries and Provisions.

Thursday Afternoon Closing.

To the Editor of The Tribune: Your stand on the Thursday afternoon closing induces me to say that the arrangement is not as satisfactory as might be expected. If a man in one particular line of business closes his outside door and himself keeps without the portals "spotting" customers whose wants he is eager to supply, while his opponent in trade locks up and retires to suburban quarters, is the spirit of the agreement carried out? I have known this to occur. In the undertaking business, of course, Thursday afternoon closing is out of the question, as undertakers' supplies are a necessity and as my rooms are close to the rear of the furniture store, I consider all identified with that part of the business should be available at all times. In other lines of trade, Thursday closing may not work satisfactorily, but I consider a breach of the rule in the furniture business is inexcusable, and shall be at all times willing to live up to the arrangement, providing my competitors comply with the terms as originally laid down.

Nelson, June 14th.

News Notes From Vancouver.

VANCOUVER, June 14.—[Special to The Tribune.]—A telegram from captain McKenzie, now in New York, announces that financial arrangements have been completed for the Point Roberts-Vancouver island ferry. E. V. Bodwell and captain McKenzie will immediately return to New York.

The steamer City of Seattle will call here next Wednesday with the consent of the C. P. R. for the purpose of carrying a special cargo of cattle.

Fishermen last night favorably considered the latest proposal of the canners, which will finally be decided by the grand lodge at Westminster Saturday.

A telegram to general superintendent Marpole at noon says that the committee is still sitting at Montreal with president Shaughnessy to adjust trackmen's troubles. Marpole denies the truth in this morning's sensational dispatch in the Colonist from Montreal and says that no strike has yet been declared. He has hopes of a settlement.

Vancouver barristers are speaking strongly against the neglect of court matters here by the fact of there not being a judge to hear many of the cases on the tapis.

WHO GETS THE INTEREST

WHEN A CO-OWNER'S LICENSE LAPSES?

An Interesting Legal Point Brings Out a Seeming Contradiction in the Mineral Act.

An apparent contradiction in the Mineral Act, and one which may give rise to considerable litigation, cropped up the other day in the execution of the sheriff against the interest of Nels Martin in the Silver Bell, Hub and Little Bell mineral claims on the south fork of Kaslo creek. After the interest in question had been seized the sheriff found that Martin had not renewed his free miners certificate in the Kaslo record office, and fearing that the same might have been allowed to lapse, he decided, in order to safeguard the interests of the judgment creditors, to take out a special free miner's certificate in Martin's name. This he did, and the property was sold under such title as this special certificate gave Martin to his former interest in the property, but after the sale had been made it was ascertained that Martin had renewed his certificate in the Rossland record office. This of course established the Martin interest beyond question, but the study of the Mineral Act, which the point in the case raised, throws a great deal of doubt upon the question whether a co-owner of a mineral claim can revive his co-interest in a mineral claim by means of the special certificate provided for in the amendment made to the Mineral Act of 1899.

The provision of the Mineral Act of 1897 dealing with lapsed certificates sets out that any free miner who allows his certificate to lapse shall forfeit his interest. To this, however, there are a number of provisos attached, the first of which provides that in case a co-owner allows his certificate to lapse his interest shall become vested in his co-owners. This proviso reads: "Provided, nevertheless, should any co-owner fail to keep up his free miner's certificate, such failure shall not cause a forfeiture or act as an abandonment of the claim, but the interest of the co-owner who shall fail to keep up his free miner's certificate shall, ipso facto, be and become vested in his co-owners pro rata, according to their former interests."

This provision of the act has not been repealed, but in 1899 an amendment was made to the act which provided for the issuance of special certificates in cases of lapsed licenses or certificates. This amendment reads as follows:

"In case any person should allow his free miner's certificate to expire he may obtain from the proper officer, upon payment of a fee of $15, a special free miner's certificate. Such certificate shall have the effect of reviving the title of the person to whom it was issued to all mineral claims which such person owned either wholly or in part, at the time of the lapse of his free miner's certificate, except such as under the provisions of the Mineral Act had become the property of some other person at the time of the issue of such certificate."

The difficulty presented is that the act of 1897 provides that in case of co-owners the interest defaulted by reason of the lapsed license becomes ipso facto vested in the remaining co-owners. Such being the case it might be construed that title could not be revived in a co-owned mineral claim by a special certificate by reason of the fact that at the time of the issuance of such certificate the interest of the miner who allowed his license to lapse, had, under the provisions of the Mineral Act become the property of some other persons, namely his co-owners. There is a direct contradiction in terms between the section of the act of 1897 and the amendment of 1899, and the manner in which the court will construe it will be awaited with interest.

RESOLUTION OUT OF JOINT

Commissioners Cannot Enforce It.

There appears to be fun for everybody, except the narrow-gauge aldermen, over the question whether those who desire to see a game of baseball on Sunday shall have the same liberty of action accorded them as they are willing to accord those who desire to attend church on Sunday mornings and go fishing in the afternoons.

The question, involving as it does the liberty of the subject, is now a matter of correspondence between the city council and the board of police commissioners. Having failed to make the people of the city see eye to eye with them upon the question of Sunday baseball by setting out their disapproval in a resolution the narrow-gaugers have directed the attention of the police commissioners to the resolution in question, and requested them to give it due effect. This board is composed of mayor Fletcher, alderman Selous and commissioner H. R. Cameron, and being anxious to promote the welfare of the city they held a special meeting on Thursday afternoon to consider the communication of the council. Their finding upon the matter in question is doubtless outlined in a communication which W. E. Wasson, as acting clerk to the board of commissioners will direct to the mayor and members of the city council, which will read as follows:

To the mayor and members of the city council—Gentlemen: Respecting your communication enclosing a copy of the resolution passed by the city council, in connection with the city recreation grounds and the playing of games thereon, I am instructed by the police commissioners to inform you that they have looked into this matter, and find that they have no power to put the resolution into effect. I have the honor to be your obedient servant,

W. E. WASSON,
Acting Clerk to the Board of Police Commissioners.

Mining supplies and general hardware, assayers' supplies and chemicals, drugs and medicines, dry goods and clothing, boots and shoes, furniture and bedding, fishing tackle and stationery, books and newspapers, groceries and provisions, fresh and salt meats, fruits and confectionery, cigars and tobacco, imported and domestic liquors; in fact everything in the way of general merchandise, can be procured in Nelson on Thursdays during the same hours as on other days, notwithstanding all reports to the contrary.

BIG BUNCH OF JUNIORS

Eleven Crews Chosen.

A meeting of the committee of the Nelson Boat Club was held last evening for the purpose of drawing the junior crews for the four-oared race in the Dominion Day regatta. Great interest was manifested in the drawing, and in the end eleven crews were drawn.

As there are now fourteen crews to practice in two boats, it becomes important in order to avoid confusion and disappointment for the strokes in the several crews to get their men together and decide upon the most convenient hours in which they can practice. When this has been done a schedule can be posted in the club house and observed. The junior crews as drawn last evening are:

C. Goepel bow	W. Poole, bow
F. Loring	C. Mills
W. L. Sprey	D. McNichol
D. J. Dewar, stroke	W. A. Fraser, stroke
P. Horton, bow	S. G. Campbell, bow
J. Eden	J. Newport
A. V. Mason	J. Farwell
N. F. Fraser, stroke	G. E. McLaughlin, stroke
J. Paterson, bow	J. Dugan, bow
R. Strachan	E. S. Tuck
E. Hickling	G. H. White
O. Nace, stroke	Z. Ault, stroke
S. Johnson, bow	J. G. Bunyan, bow
J. Holmes	J. Rae

F. Clarke, bow
W. R. Seatle
J. H. Vanstone
H. MacBeath, stroke

The preliminary heats in the junior fours will be rowed on Saturday, the 29th instant, so that the trials can be rowed on Dominion Day, and also to enable the members of the club to participate in some of the other events.

At the committee meeting last evening nine new members were admitted to the club.

The two new lapstreaks ordered by the club will be shipped from Vancouver on Monday, so that the seniors will have a chance to familiarize themselves with them before the regatta.

CHURCH SERVICES.

The subjects for study at the Methodist church tomorrow will be "A Fourfold Justification" and "The Hands of Jesus." Communion at the close of the evening service. The pastor will preach.

Tomorrow evening at Emmanuel church there will be a one-hour service, beginning at 8 o'clock. Rev. William Munro will preach on "Must the Chinese Go?" Mr. Steele will render the baritone solo, "The Heavenly Gates." The service will begin at 6 o'clock sharp.

Lived Long Enough.

ROME, N. Y., June 14.—John Smith of Dix, aged 70 years, committed suicide last evening by cutting his throat from ear to ear and then drowning himself in a creek.

SLID FROM THE DRY DOCK

CAPSIZED AND SANK IN FIFTY FEET OF WATER.

Peculiar Accident to the United States Transport Ingalls—Many Workmen Injured.

NEW YORK, June 14.—While the United States transport Ingalls was in the dry dock owned by the John R. Robins Company at the Erie basin, South Brooklyn, at 3:30 this afternoon, where she was about to undergo extensive repairs, she suddenly slipped from the blocks and capsized. One man is known to have been killed and many others injured. There were about 240 carpenters, machinists and other laborers at work on the vessel and dock at the time. It is supposed that the vessel was thrown from an even keel by ballast improperly placed or by the shifting of the blocks on which she rested, causing her to list to starboard, driving the shoring beams through the walls of the old floating drydock in which she was cradled.

There is supposed to have been 25 Italian laborers in the hold of the ship, employed in shifting the pig iron ballast forward and astern. While the terrorized and screaming workmen were trying to escape the dock itself, overbalanced by the weight of the ship, turned on its side and sank in fifty feet of water. A number of the men were borne down into the water and jammed under and between the wreckage which rose to the surface. How many were caught could not be learned tonight. Martin Anderson, a painter, was caught under the descending side of the ship and killed. Others were dragged out of the water badly injured or half drowned. Added to the horror was the uncertainty of the fate of the men in the vessel's hold. Some managed to get to the deck and leaped into the water as the vessel was sinking, but it is feared the majority were less fortunate.

Distinguished Catholics.

ALBANY, June 14.—Count Colacchi of the Noble Guard of Pope Leo XIII and monsignor Marchetti of Washington were in Albany as the guests of Mrs. John A. McCarthy today. They left this evening for Montreal. Count Colacchi will sail for Naples on the 29th instant on the steamer Kaiser Wilhelm der Grosse. He came to this country to officially notify monsignor Martinelli of his elevation to the cardinalate.

A Murderous Italian.

NEW YORK, June 14.—Romeo Casino, aged 16, and Samuel Rose, aged 18, were stabbed tonight and possibly fatally wounded by an Italian named Amiallo. The two youths were escorting two young ladies on First avenue and the Italian said something to the girls. Casino and Rose objected, and the stabbing was the result.

PRINCETON COAL PROSPECTS

Some Will Get Bit.

M. S. Davys has returned to Nelson after an extended trip through the Boundary district. While in the vicinity of Princeton he took a look at the coal croppings which have occasioned so much speculation in Nelson and other points in the province. Mr. Davys characterizes the Princeton coal as a lignite, which has no value save for domestic purposes. The valuable coal measures of the district in his opinion are all in the Nicola Valley district. Tests from this coal indicate that it is a good coking article and in Mr. Davys opinion it will receive the preference in facilities for development such as railways, without which any of the coal measures in the Boundary are of a very doubtful value. Another thing which impressed Mr. Davys during his visit through the district was that there was virtually no ground floor for present investors. The most valuable of the Nicola coal measures are situate in the Green estate, upon which C. F. Law, the well-known mining operator, has some sort of a working lease or bond, and on the other coal measures the old settlers in the district have secured the most desirable working portions. Some of the recent investors in Boundary coal measures are going to get bit is the way Mr. Davys sizes up the situation.

PORT OF SPAIN, Trinidad, June 14.—An agent of Warner & Quinlan of Syracuse, New York, has gone to Carupano, Venezuela, to take pessession of the Felicidad asphalt mine, although the case has not yet finally been decided by the courts. The agent claims the government will assist his party with 200 soldiers.

MONTREAL, June 14.—Joseph E. Constantin, the mail clerk who was found guilty of stealing registered letters from mail bags, was sentenced to six years in the penitentiary in the Court of King's Bench today.

WINDSOR, Ont., June 14.—A Jewish huckster named Kavonsky was found dead underneath an overturned wagon a few miles below Cotton, near here, yesterday. It is supposed he had gone to sleep when the front wheels of the wagon struck an obstruction and overturned.

MONTREAL, June 14.—Rachel Muldoon of Smith's Falls, Ont., and Hannah Brash of Perth, Ont., night nurses in the Protestant hospital for the insane, were drowned while out boating on the St. Lawrence this afternoon with two of the keepers, A. P. Hamilton and Robin Grey. The boat was overturned in the current. The men escaped by swimming.

TORONTO, June 14.—The liquidation case of the Trill Nickel Mining Company came up before Mr. Hodgins, master in ordinary, today. The mine is situated at Worthington, Ont. The company was floated by E. T. Travers, an American, five years ago. Liquidators today reported the mine was worth nothing. The master said the transaction smelt of fraud. One of the creditors put in $30,000.

CHATHAM, Ont., June 14.—A desperate attempt was made to murder judge Bell and county crown attorney Douglas in the county court yesterday afternoon by Andrew Epperson, waiting sentence for stabbing his paramour, Ida Allison, last April. Epperson got possession of a razor, which was one of the exhibits used in the stabbing case and which was in front of the judge, and rushed towards him, but was overpowered before doing any damage.

MONTREAL, June 14.—Investigation of the coroner's jury today put a new light on the Redpath tragedy of yesterday. Evidence showed that Mrs. Redpath had been shot twice, once in the back of the head and the second time in the right shoulder, while the bullet had entered young Redpath's head to the right of the left temple. The jury brought in a verdict that the young man had killed his mother while in a fit of temporary insanity, brought on by an epileptic fit, and then taken his own life. The first story given out by the family that the shooting had probably been done by the mother was due to the fact that the young man was still alive.

Mining Records.

Two locations were recorded: The Thistle mineral claim, five and a half miles east of Waterloo, by Arthur Taylor and A. N. Vars; the Kano mineral claim, about four miles southeast of Nelson, by Agopit Morin.

Certificates of work were granted to J. P. Swedberg on the Gold Leaf; C. H. Stillwell on the Myrtle; Thomas Brown on the Emerald No. 2, and to Fred Olson on the Legal Tender.

FERRYBOATS IN COLLISION

MANY PASSENGERS BELIEVED TO TO BE DROWNED.

Men Acted Like Cowards and Shoved Women Aside in an Endeavor to Escape.

NEW YORK, June 14.—The ferryboats Mauch Chunk of the Central railway of New Jersey and the Northfield of the Staten Island Rapid Transit Company were in a collision about 6 o'clock this afternoon while entering their slips, which adjoin each other at the Battery. Several persons who were injured in the collision were brought to the ferry house, where they are being cared for. The Northfield has sunk in the East river near pier No. 5. The passengers of the Mauch Chunk were landed at the Battery, after which the vessels proceeded to Communipaw.

Over 100 of the passengers on the sunken Northfield were dragged out of the water by people along the shore and the crew of the fleet of river tugs which promptly responded to the ferry boats' call for help. A few of the Northfield's passengers were hurt in the accident and the police believe that some lives were lost.

Captain Daniel Gully of the tugboat Mutual, who saw the ferryboats crash together, says that immediately after the collision between 25 and 30 of the passengers leaped into the water, and many of these perished. Captain Gully declares that he is sure that over 100 of the Northfield's passengers were drowned. The captains of the other tugboats which were early on the scene, however, are inclined to think that the disaster was not as serious in regard to loss of life as captain Gully says. Thus far no dead bodies have been discovered, and at the slack of tide, which will be about midnight, diver Albert Bloomberg will make an effort to explore the cabins of the ferryboat, the pilot houses of which are now awash.

Captain Slater of the tugboat Unity, who was one of the first to reach the side of the Northfield, said tonight: "The men passengers on the Northfield acted like cowards. There were a lot of women alongside the ferryboat's rail waiting to be taken off when we came up. Then to my astonishment the men crowded the women to one side and clambered over the bulwarks of our tug. I shouted, 'Give the women a chance,' but I should say 100 men came aboard before one woman was given the opportunity. I did not see any one drown."

All of the crew of the Northfield were saved. Captain Abraham Johnson of the Northfield was arrested about midnight on a charge of criminal negligence.

Died in His Diving Suit.

NEW YORK, June 14.—Martin Anderson, a professional diver, lost his life while at work in the east river today. Anderson went down this morning to clean out some blast holes which had been cut in the rock it was desired to remove and to place dynamite cartridges in the drill holes. While he was at the bottom of the river the air machine pumps were clogged. When the pumpers found they could get no response to their signals they drew Anderson to the surface. Upon opening the diving suit it was found that he was dead. The contractor, George Rogers, was arrested and was remanded to the custody of the coroner.

It Was Flag Day.

BUFFALO, June 14.—This was flag day at the Pan-American exposition. The day was pleasant and a large attendance resulted. The Mexican building was formally opened this morning with elaborate ceremonies, in which senor Manuel De Asperose, official representative of the Mexican government, who arrived here yesterday, participated. Later senor De Asperose reviewed the Mexican troops on the esplanada. The flag ceremonies were held this afternoon in the Temple of Music, the building being filled to overflowing. Daughters of the Revolution acted as ushers. The program included a number of patriotic airs and addresses.

Mining supplies and general hardware, assayers' supplies and chemicals, drugs and medicines, dry goods and clothing, boots and shoes, furniture and bedding, fishing tackle and stationery, books and newspapers, groceries and provisions, fresh and salt meats, fruits and confectionery, cigars and tobacco, imported and domestic, liquors, in fact everything in the way of general merchandise, can be procured in Nelson on Thursdays during the same hours as on other days, notwithstanding all reports to the contrary.

IT IS claimed that the taking of the census has been bungled, which leads the Toronto Telegram to wittily remark: "Let the C. P. R. or "Mackenzie & Mann take the cen-"sus. They have been allowed to "take everything else."

THURSDAY Closing Movement and Closing Recreation Grounds on Sunday are on a par. Both are fads of the intolerant classes that exist in every community. Nelson has a number of these intolerants, and when allied with backbiting harpies they do mischief.

IT IS estimated that there are 450 men and women employed as clerks in Nelson. Of this number some forty have banded themselves together to drive trade away from the town. About thirty of the forty are employed in the stores that close their doors on Thursday afternoon. This looks like an attempt of the tail to wag the dog.

THE Rossland Miner is lucid at long intervals. This week it has been sane for a few minutes, and during that short time wondered why it was the mail service between Nelson and Rossland was so insufferably bad. There is no question but that there is room for improvement in the mail service in Kootenay, but there is not likely to be any improvement as long as the superintendents and inspectors of the postoffice department are allowed to reside at such sleepy, non-progressive towns as line the shores of Burrard Inlet.

THE clerks of Nelson, in their efforts to drive trade away from the town through their foolish Thursday Closing Movement, are resorting to lying and making gross misrepresentations, and find a willing mouthpiece to disseminate their lies and misrepresentations in the newspaper that two years ago denounced unions as anarchist organizations. No union can be a success whose members resort to unfair methods, and no man who believes in the principles of unionism would continue to be a member of an organization that seeks to win a fight through lying and misrepresentation.

Desperadoes Break Jail.

FORT MORGAN, Col., June 14.—Three men, named Harry Simington, Stacey and Givens, held in the county jail on a charge of burglary, with the aid of confederates on the outside, sawed their way out at midnight. Simington had secured a revolver and ammunition. As they were leaving the jail they were discovered by sheriff Calvert, who tried to stop them and was shot through the body by Simington. He will probably die. Deputy sheriff Nelson raised a posse and soon recovered Stacey and Givens, but Simington eluded his pursuers. The authorities have sent to Pueblo for bloodhounds. Lynching is threatened if the man is caught.

Philippine Notes.

MANILA, June 14.—The trial of H. W. Happle, port steward of the commissary department, charged with retaining monthly installment money from a stevedoring company, began today. The defence is that the money received was really for extra services. The alleged transactions appear on the company's books and it is claimed that Happle figures under an assumed name.

D. McCarman, the former Californian who was arrested in February last on the charge of furnishing supplies to aid the insurgents, but whose prosecution was abandoned last month, is going to the United States shortly and has asked for the return of the $10,000 paid as security for his appearance when summoned for trial. General MacArthur has declined to order the return of the money, but possibly it will be returned after the insurrection is over.

General Sumner has returned here and has reported to general Wade the failure of negotiations for the surrender of Cailles, the insurgent leader in Laugana province. The Filipino apparently believes he can hold out, now that the rainy season has begun.

An Expensive Proposition.

WASHINGTON, D. C., June 14.—The recent large reduction of the foreign forces in China caused surprise in official quarters, but this reduction is now accounted for by the terms on which the indemnity was made up. When each country put in the amount of its claim it included an estimate of military expenses running up to July 1st next. This was with the idea that it would take until July 1st to settle the indemnities. With the indemnity settled each government will pay its own expenses in China after July 1st. There is a natural desire, therefore, to reduce the cost of military expenses within the period covered by the indemnity, and this has led to the evacuation now going on. In case the indemnity remains unsettled on July 1st several of the governments will submit additional claims covering their monthly expenses after that time. This amounts to two millions a month, according to the estimates of one of the governments, and in the aggregate will reach ten millions dollars for each month after July 1st. It is expected that this will have a strong influence in China in bringing about a complete agreement before the close of this month.

TELEGRAMS IN BRIEF FORM

From Various Sources.

LONDON, June 14.—Warren's Sweet Dixie (L. Reiff) won the Wadham plate at the Sandown Park first summer meeting today.

BERLIN, June 14.—The liabilities of Louis Stern, the former United States commercial agent at Bamberg, Bavaria, who committed suicide at that place June 16, by shooting himself, amount to about $5000.

PARIS, June 14.—An explosion in a cartridge factory situated in the suburb of Les Moulineaux has resulted in the loss of 15 lives and the injuring of about twenty persons. The victims were horribly mutilated.

MANILA, June 14.—Cailles, the insurgent leader in Laguna province, has become more humble and now indicates his willingness to surrender a hundred guns to General Sumner tomorrow at Santa Cruse and to give the balance in three days.

HAMILTON, Mass., June 14.—The annual championship open tournament of the United States Golf Association began this morning on the links of the Myopia Hunt Club. More than fifty of the leading professionals and half-a-dozen prominent amateurs participated. The links were in excellent condition and the weather was fine.

NEW YORK, June 14.—The World says: Wooden dummies wearing metal chest protectors and representing the crowned despots of Europe are to be set up in Liberty park, Ridgewood, next Sunday for anarchists to shoot. This occasion will be the grand annual love feast of the anarchists of Greater New York. Eight hundred anarchists have promised to attend and blaze at the dummies.

WEST BADEN, Ind., June 14.—The Mineral Springs Hotel was destroyed by fire early today. The fire broke out at the baker shop at the south end of the building. It burned rapidly and by 3 o'clock the hotel had been consumed. The loss is $500,000, insurance $100,000. Two hundred and twenty-five guests registered at the hotel last night. None were injured, although most of them lost their effects.

PITTSBURG, June 14.—Four thieves who saw Mrs. Sadie Fowler draw some money from the Keystone bank yesterday followed her for five hours to her home and at 2 o'clock this morning beat her into insensibility, robbed her and burned down her house. When she tried to escape from the burning building the men held the doors, but the arrival of neighbors saved her from being suffocated. The robbers escaped.

PARIS, June 14.—There was an exciting scene in the chamber of deputies this afternoon. M. Drumont (anti-Semite from Algeria) attacked the government in connection with the administration of Algeria. When a vote of censure and exclusion from the chamber was proposed as a result of his remarks, M. Drumont refused to leave until a file of soldiers entered the house, when he retired shouting, "Vive la Army," "A bas Lasguifs."

HONOLULU, June 7, via San Francisco, June 14.—Judge A. S. Humphries of the Circuit Court has ordered the grand jury to investigate the acts of the home rule party for the purpose of ascertaining where their campaign funds came from and for what purpose they were spent. This action was taken as the result of the claim that the home rule members of the legislature partook of luncheon at a well-known restaurant and permitted the owner of a street car line which was after a railway franchise to pay for the meals.

ST. PETERSBURG, June 14.—The fire at the Galleris Island shipyards yesterday consumed the slips, the cruiser Witjas and other vessels, the government and other buildings and a large stock of timber. The flames also leaped the Neva Fontanka canal, destroying several military warehouses filled with supplies. According to the Novoe Vremya, twelve persons lost their lives in the flames. The damage done amounts to ten million roubles.

ST. JOHN'S, N. F., June 14.—The Leyland line steamer Assyrian, ashore off Cape Race, went to pieces during the night and this morning is a total wreck. Owing to the fury of the gale and the tremendous sea little of the cargo has thus far been saved. The tug Petrel, while engaged in attempting to assist the Assyrian, was forced upon the rocks yesterday afternoon and has also become a total wreck. The crews of both vessels escaped safely to the shore and are housed in the Cape Race lighthouse.

Expiated Their Crime.

SYLVANIA, Ga., June 14.—Arnold Augustus, Rew Davis, Richard Saunders, William Hudson and Sattle Baldwin, all negroes, were executed in the yard of the county jail of Screven county this afternoon. At 12:20 the drop fell. The necks of four were broken by the fall, the fifth died from strangling. The negroes bore up well. They sang at the jail and then marched between a squad of soldiers to the scaffold. None of the negroes denied being guilty.

The crime for which they were hanged occurred last August. It originated in a quarrel between a young negro named Alexander and two young white men—Fillmore Herrington and Milton Meads—respecting the right of way on a country highway. Alexander made threats against the lives of the white men during the quarrel over who should give way in the road. A day or two after the quarrel in the road Herrington and Meads swore out warrants against Alexander for threatening their lives. Meads, being a constable, headed a party consisting of himself, Herrington, captain J. T. Wade and George Daniel to effect the arrest of Alexander. As the white men approached Alexander's house they were fired upon from ambush by apparently a dozen guns and rifles. Constable Meads fell dead in his tracks. Herrington, mortally wounded, crawled a hundred yards and died. Daniel was wounded, but made his escape with Wade. Upon the trial the five admitted they were in the ambushing party, but claimed they were forced into it by others under threats of death if they refused. A conviction resulted, and the men were sentenced to death.

A SUCCESSFUL BUSINESS MAN OF TODAY

Is Eminently Progressive.

He does not follow in a rut; he worships no ideals of the past; he is of the times and with the times; he seeks constantly to advance, to improve, to give broad-minded and skillful service; he not only buys early, but he studies his business minutely; he recognizes the important fact that his stock should consist of goods that are so widely different from "the other fellows" as can be secured. He picks out lines that are progressive, up-to-date and superior as to special features, style and finish; then gets his goods in early, is not afraid to liberally display a complete assortment of his various lines so as to impress the confidence he possesses. He familiarizes himself with every detail as to quality and manufacture of his goods, sets a fair price on them and sticks to it; proclaims quality, perfection and long wear. Send for prices, or call and see us. We are here to serve you all.

CITY LOCAL NEWS

Provincial constable McLennan of Columbia brought in a man named Johnston last evening who is charged with insanity.

The Nelson Gun Club will hold its regular weekly shoot this afternoon at 2:30 o'clock at the traps at the foot of Stanley street.

The Masonic Grand Lodge of British Columbia will meet in Nelson on the 20th and 21st instant. About 150 delegates are expected to be present.

The North Star mine in East Kootenay is now making regular shipments to the Everett smelter. Six carloads of ore passed through Nelson yesterday.

J. M. Loy of the Imperial Bank of Canada will receive subscriptions for the Bernier Polar expedition, and transmit all such to Ottawa free of charge.

The sitting of the full court at Vancouver, which was scheduled for Tuesday, has been adjourned until the 25th instant owing to the press of business at Victoria.

Thomas Williams, a Moyie man sentenced to three months' imprisonment for theft, was brought to the Nelson jail yesterday by provincial constable Drummond.

Both Lillie Brothers and the Neelands Shoe Company have retired from business. Their stocks of boots and shoes are now being disposed of at slaughter prices.

The Winter crew are looked upon as the favorites in the senior fours for the Dominion Day regatta. All the boys are putting in good practice and some good contests may be looked for.

The C. P. R. trackmen's threatened strike does not occasion any uneasiness in Nelson. It affects section hands chiefly, and through Kootenay these are not very well organized.

A meeting of the commissioners for the Nelson license district will be held in the court house this morning at 10 o'clock to consider a number of applications for renewals for hotel licenses.

The Canadian Pacific has now two work trains on the road between Nelson and Robson, and in order to facilitate the moving of trains an operator has been installed at the ballast pit.

J. K. Strachan, city clerk, attempted to get about on crutches yesterday, with the result that he gave his sprained ankle another turn and will be unable to resume his duties for several days.

The lacrosse teams of Medicine Hat, Grand Forks and Phoenix have all expressed a willingness to play in Nelson on the 1st and 2nd of July, so that some good games of lacrosse may be looked for.

The Nelson Freighting and Transfer Company has purchased the 50 feet at the corner of Vernon and Stanley streets, and will erect an up-to-date stable and warehouse thereon at a cost of $2000. W. G. Gillett has the contract for the work.

Lillie Brothers' stock of boots and shoes, which was invoiced at something like $12,000, was bought in yesterday by Lewis A. Godbolt, at 61 cents on the dollar. The price realized for the stock will just about cover the claims of the secured creditors.

Provincial constable Young is on a trip of inspection of the licensed premises at Ainsworth, Whitewater and Bear Creek. He will attend the meeting of the commissioners for the Ainsworth license district at Kaslo this evening and report upon the applications for licenses.

Nelson is reaping its share of the Phoenix building boom. The plans for the McMillan building were drawn by a Nelson architect, the contract was secured by a Nelson contractor, who took over Nelson workmen, and R. H. Williams secured an order for $2000 worth of glass for it.

H. W. R. Moore, who was formerly a member of THE TRIBUNE staff, is now at Rodman Bay, Alaska, where he is in the employ of the Rodman Bay Mines. This company has two gigantic ledges of gold quartz which sample $5 to the ton. The company has put in a wharf, is building a narrow-gauge railway into the property, and has placed an order for a 75-stamp mill. After leaving Nelson Moore tried his hand at newspaper work in Seattle, but finally drifted north. He wishes he was back in Nelson, as the mine is sixty miles out of the way of communication.

James Troxell, the Moyie man charged with an aggravated assault upon some Japanese in Moyie in March last, was remanded to Moyie by magistrate Crease yesterday. Troxell was taken to Moyie by provincial constable Drummond last evening.

The accident to the Poorman compressor may result in a six weeks' shut-down at that property. Attempts are being made to have the compressor patched up for the time being, but it is very much of a speculation. The mill will continue running, having something like a two weeks' supply of ore ahead.

The case of Hall vs. LaBau, a county court action arising out of the fumigation of the offices of doctors Hall and Rose by the city health officer, has been postponed until the next sitting of the county court, an arrangement having been arrived at by A. M. Johnson, solicitor for Dr. LaBau, P. E. Wilson, city solicitor and the solicitor for the plaintiff.

H. R. Cameron yesterday received an inquiry from the Greenwood fire department asking whether there would be any firemen's sports in connection with the Dominion Day celebration, and expressing a willingness on the part of the Greenwood brigade to take part. The communication was turned over to captain Chambers, who will give the desired information.

W. H. Bullock-Webster of the provincial police department received three applications yesterday to be placed upon the list of constables for special service. As it is his desire to secure a number of such specials, those wishing such service should call at the provincial police office between the hours of 9 and 1 and 2 and 4 any day except Saturday or Sunday, or on Saturday between the hours of 9 and 1 o'clock.

Mayor Fletcher interested himself yesterday in the search for the missing "Mike" Svoboda, whose wife and child has occasioned the city authorities considerable annoyance during the past couple of days. By securing a scrutiny of the C. P. R. payrolls the mayor found that a man of the name desired was working for the company at Castlegar, and Mrs. Svoboda and child were sent there, city treasurer Wasson seeing them safely off on the train. Mrs. Svoboda's difficulties were brought about by her own action in delaying her visit to Robson some four months.

Woman Was Not Insane.

William Greenwood of Lemon Creek arrived in Nelson on Thursday evening, accompanied by his wife Matilda, whom the husband said had shown signs of insanity, having threatened among other things to drown herself. According to Greenwood's story his wife was injured about a year ago by a falling tree, and had never been right in her head since. The woman was brought before magistrate Crease yesterday, who remanded her to the custody of her husband pending a medical examination. Dr. Hawkey subsequently made the examination, and reported that medical treatment was all the woman required. She was accordingly removed to the Kootenay Lake General Hospital.
