## THE UNIVERSITY OF BRITISH COLUMBIA PUBLICATIONS BIBLIOGRAPHY SERIES NO. 13

### *Preface*

This list, which is published under the general auspices of the Publications Committee, is an attempt to indicate the activities of the faculty and staff through their published work.

For the first time the total number of entries is smaller than that of the preceding year because of the early deadline. We hope to pick up the items which were received too late for this list in the next issue.

To all the faculty members who sent in promptly, books, journals, or reprints (with complete bibliographical details supplied where necessary), my most grateful thanks. This courtesy saved us hours of time.

Once again I wish to express my appreciation of the work of Mrs. Margaret Fukuyama who typed the list within the allotted time despite difficulties.

ANNE M. SMITH, *Compiler and Editor.*
