NON-EXCLUSIVE DISTRIBUTION LICENSE (Version 1.1)

1. By signing and submitting this license, you hereby grant The University of British Columbia ("UBC") the non-exclusive royalty-free right to include in the Institutional Repository at UBC ("cIRcle") the material identified below (the "Submission"); including the descriptive information, metadata and abstract and to reproduce, translate (as described below) and distribute the Submission in any format and in any medium.

2. UBC will:
   a. where provided, identify in cIRcle the author(s) of the Submission;
   b. where provided, identify in cIRcle the owner of copyright in the Submission, if different from the author(s), as indicated by you at the time of making the Submission to cIRcle or as you may notify UBC from time to time; and
   c. not make any alteration to the Submission other than as allowed by this license.

3. You agree that UBC may keep more than one copy of the Submission and translate the Submission to any medium or format for the purposes of security, back-up, preservation and use of the Submission in accordance with this license.

4. If any of the following statements of fact are not accurate as applied to you and the Submission, you must contact cIRcle before proceeding further. You represent and confirm that:
   a. You have the right and authority to grant the rights set out in this license. If there is more than one author, all co-authors have approved the Submission and have read and agreed to the terms of this agreement;
   b. To the best of your knowledge, the Submission does not infringe copyright or other intellectual property rights of any other person;
   c. If the Submission contains material for which you do not hold copyright (and the use of which exceeds fair dealing) and is not public domain, you have obtained the unrestricted permission of the copyright owner(s) to grant to UBC the rights required by the license and that such third party owned material is clearly identified and acknowledged within the text or content of the Submission;
   d. The Submission does not contain any confidential or proprietary information belonging to others;
   e. The Submission does not contain any libelous or other unlawful matter and does not improperly invade the privacy of another person;
   f. There are no unexpired required publication delays on the distribution of the Submission; and
   g. The information you provide about the Submission is accurate.

5. If the Submission is based upon work that has been sponsored or supported by an organization other than UBC, you represent and confirm that you have fulfilled any right of review or other obligations required by the contract or agreement with such sponsor.

6. You may direct UBC to remove access to the Submission from cIRcle in accordance with cIRcle withdrawal policies. You acknowledge that the bibliographic reference to the Submission will be retained in cIRcle, but the Submission will no longer be publicly accessible.

7. UBC may remove access to the Submission from cIRcle if it is found to violate any copyright, trade-mark, patent or other rights whatsoever of any person, or in accordance with cIRcle withdrawal policies. The bibliographic reference to the Submission will be retained in cIRcle, but the Submission will no longer be publicly accessible. Notwithstanding the above, you acknowledge that UBC has not independently assessed intellectual property rights with respect to the Submission and is relying upon your representations in this License.

8. You agree that UBC is not responsible for any misuse of the Submission by third parties who access the Submission through cIRcle.

9. You understand and acknowledge that your participation in cIRcle is voluntary and not required as a part of your employment or other relationship with UBC.

Subject: Atmospheric Science Program at the University of British Columbia

Greetings from sunny Vancouver

Based on the NCAR OpenSky initiative, we are also making atmospheric science research articles published by UBC researchers freely accessible to anyone on the internet. The articles available are from the American Meteorological Society and the American Geophysical Union.

Atmospheric Science Program
https://circle.ubc.ca/handle/2429/32536

This has been a great opportunity for me to meet a lot of open access friendly faculty and to get a better sense about their research.

Regards

Kevin Lindstrom
