ISSN 0707-3542

This report is one of a series describing the distribution of health care resources and manpower in the Province of British Columbia. These reports are working documents and comments or suggestions are welcome. The reports are prepared for the Health Manpower Working Group of the Ministry of Health and are subsequently released for general information.

Dr. Stephen Gray  
Chairman  
Health Manpower Working Group  
Ministry of Health  
1515 Blanshard Street  
Victoria, B.C. V8W 3C8

Dear Dr. Gray:

RE: ROLLCALL UPDATE '88

It is my pleasure to transmit to you and to the members of the Health Manpower Working Group the fifth edition of our ROLLCALL UPDATE series, an interim report which appears in 'non-ROLLCALL' years. Since we constantly strive to improve both the content and the format of our regular reports, this edition contains some new features. In addition to the eight health disciplines contained in the previous edition, ROLLCALL UPDATE '88 contains a new chapter on Registered Psychiatric Nurses. As well, information on governing statute/body for each group included in this report has been incorporated into the group-specific chapter.

As usual, all Health Manpower Research Unit analysts were inevitably involved in this project, under the guidance of Brian McCashin; Claire Kinnis wrestled with Statutes and diligently edited inconsistencies in format.

The health manpower data for the report were provided by the professional groups as part of the ongoing updating of the cooperative database. As such, only those groups which have a reliable data source are included in this report. The project was funded jointly by the Ministry of Health through the University of British Columbia and by the University itself.

We look forward to receiving comments and suggestions from the members of the Working Group as well as from other users of this document.

Sincerely yours,

A handwritten signature in black ink, appearing to read "A. Kazanjian".

Arminée Kazanjian, Dr.Soc.  
Acting Director  
Division of Health Services  
Research and Development

## **INTRODUCTION**

## INTRODUCTION

The following tables and definitions comprise an interim report concerning the status of a selected number of health disciplines for the interim year (1988) between the regular biennial publications of *ROLLCALL- A Status Report of Health Personnel in the Province of British Columbia*.

All data are reported by Regional Hospital District (RHD). Supplementary breakdowns by School District, by community<sup>1</sup>, and by Health Manpower Research Unit (HMRU) region<sup>2</sup> are available on request.

In this report health worker/population ratios in each Regional Hospital District are plotted by computer on maps of British Columbia. The maps, which precede the tables for each health group, are shaded according to the ordinal scale shown in the legends. These maps do not replace the tables but permit the reader to gain a rapid visual impression of the manpower distribution in the province. The name and reference number of each District are given in Appendix A.

Population estimates are given in Appendix B. The 1987 and 1988 figures are from the Central Statistics Bureau P.E.O.P.L.E. Projection #14, Ministry of Economic Development, Victoria, B.C. Per population figures for 1987, shown throughout the report, differ from the corresponding figures for 1987 appearing in *ROLLCALL 87*. The denominators of these ratios were derived by the HMRU from 1982-86 RHD estimates provided by the Central Statistics Bureau.

The next regular report, *ROLLCALL 89*, will be available early in 1990. This publication will contain information on a much larger number of health manpower groups for whom the data are held in the cooperative data-base maintained by the Health Manpower Research Unit, located within the Division of Health Services Research and Development.

---

<sup>1</sup>Major population centres within each Regional Hospital District.

<sup>2</sup>Thirty Regional Hospital Districts have been amalgamated into nine Health Manpower Research Unit regions.

## **CERTIFIED DENTAL ASSISTANTS**

## CERTIFIED DENTAL ASSISTANTS

**Definition:** A certified dental assistant (dental auxiliary - level II)

May be delegated the following duties and procedures under the personal supervision of a duly licensed member of the College of Dental Surgeons of British Columbia:

- (a) those duties or procedures which a dental assistant (dental auxiliary - level I) may perform;<sup>1</sup>
- (b) polishing clinical crowns of teeth with rubber cup or brush and polishing pastes;
- (c) applying topical anticariogenic agents;
- (d) taking study model impressions;
- (e) applying fissure sealants;
- (f) evaluating dietary habits and providing nutritional counselling as it pertains to dentistry;
- (g) providing instruction in the use and maintenance of partial and complete dentures and other appliances;
- (h) removing sutures;
- (i) placing and removing matrices and wedges;
- (j) performing first aid procedures;
- (k) applying desensitizing agents;
- (l) removing periodontal dressings;
- (m) performing pulp vitality tests using electric pulp tester and thermal pulp tester;
- (n) taking simple face-bow transfer;
- (o) acid etching prepared cavities;
- (p) applying non-invasive identification discs.<sup>2</sup>

<sup>1</sup>*Regulations of The College of Dental Surgeons of British Columbia, Auxiliary Bodies, revised June 1988, Article 10.16.*

<sup>2</sup>*Ibid., Article 10.17.*

See also *Canadian Classification and Dictionary of Occupations 1980*. Major Group 31, No. 3157-114, p. 63, Ottawa: Employment and Immigration Canada.

On successful completion of the specific orthodontic training module concerned, a certified dental assistant may also be delegated the following duties and procedures under the personal supervision of a licensed member:

- (a) instructing in the placement and care of removable orthodontic appliances;
- (b) tying-in arch wires that a dentist has fitted;
- (c) removing orthodontic arch wire;
- (d) removing excess cement or bonding material by means of hand instruments or ultrasonic hand instruments following banding/bonding and debanding/debonding procedures;
- (e) fitting orthodontic bands prior to assessment by a member;
- (f) taking impressions for the fabrication of orthodontic appliances;
- (g) fitting space maintainers prior to assessment by a member;
- (h) removing orthodontic bands and bonded attachments by means of hand instruments;
- (i) preparing teeth for direct bonding of attachments;
- (j) applying wax or other material to offending components or removing offending components;
- (k) placing and removing orthodontic separators; and
- (l) fitting headgear prior to assessment by a member.<sup>3</sup>

**Enabling Statute:** Dentists Act, Revised Statutes of British Columbia, 1979, Chapter 92, administered by the Ministry of Health.

**Governing Body:** The College of Dental Surgeons of British Columbia (CDSBC). In order to practise as a certified dental assistant in B.C., it is necessary to be registered by the CDSBC and to hold a valid licence.

**Date of Record:** September 1987 and September 1988.

**Source of Data:** The College of Dental Surgeons of British Columbia.

**Preparation and Updating:**

A computer file of updates is received by the Health Manpower Research Unit from the CDSBC on a regular basis. These updates are entered into *CDAFILE*, a dynamic computer-based file.

The table includes certified dental assistants who were B.C. residents at the date of record.

## **DENTAL HYGIENISTS**

## DENTAL HYGIENISTS

**Definition:** A dental hygienist (dental auxiliary - level III)

May, in addition to those duties and procedures which a certified dental assistant (dental auxiliary - level II) may perform<sup>1</sup>, may be delegated the following duties and procedures under the direction of a duly licensed member of the College of Dental Surgeons of British Columbia:

- (a) examining the head and neck as it pertains to dentistry;
- (b) examining the intra-oral structures;
- (c) placing and removing temporary restorations;
- (d) applying periodontal dressings;
- (e) removing supra and subgingival calculus;
- (f) root planing;
- (g) recontouring existing restorations;
- (h) desensitizing hypersensitive teeth;
- (i) administering local anaesthetics but only after the completion of approved training to the satisfaction of the general examination committee, and only while a duly licensed member is present and immediately available in the office.<sup>2</sup>

**Enabling Statute:** Dentists Act, Revised Statutes of British Columbia, 1979, Chapter 92, administered by the Ministry of Health.

**Governing Body:** The College of Dental Surgeons of British Columbia (CDSBC). In order to practise as a dental hygienist in B.C., it is necessary to be registered by the CDSBC and to hold a valid licence or permit.

per 10,000 Population  
by Regional Hospital District  
September 1988  
N=743**

**DENTISTS**

## DENTISTS

**Definition:** A dentist

"Diagnoses and treats diseases, injuries and malformations of teeth, gums and related oral structures and prescribes and administers preventive procedures: Examines teeth, gums and other tissues using X-rays and dental equipment. Diagnoses condition and plans treatment. Administers local or general anaesthetic. Fills cavities with amalgam, silver, gold, or other material. Replaces portion of tooth crown with inlay or artificial crown. Performs minor oral surgery, including extractions of erupted or impacted teeth. Takes dental impressions. Designs bridgework and partial or complete dentures. Constructs dental appliances or writes specifications for dental technician. Cleans teeth. Instructs patients in oral hygiene to prevent dental problems. Monitors growth pattern of patient's teeth. Refers patients to specialists."<sup>1</sup>

**Governing Statute:** Dentists Act, Revised Statutes of British Columbia, 1979, Chapter 92, administered by the Ministry of Health.

**Governing Body:** The College of Dental Surgeons of British Columbia (CDSBC). In order to practise as a dentist in B.C., it is necessary to be registered by the CDSBC, and to hold an unexpired annual certificate (licence) under the Act.

**Date of Record:** September 1987 and September 1988.

**Source of Data:** The College of Dental Surgeons of British Columbia.

**Preparation and Updating:**

A computer file of updates is received by the Health Manpower Research Unit from the CDSBC on a regular basis. These updates are entered into *DENTFILE*, a dynamic computer-based file.

The tables include licensed dentists who reported a B.C. address at the date of record.

Major Group 31, No. 3113-134, p. 50, Ottawa: Employment and Immigration Canada.

## Definition of Terms:

### 1. Specialty<sup>2</sup>

Licensed dentists are allocated to the specialty in which they have been certified by the College of Dental Surgeons. The categories used in Table 1 are:

- (a) Non-specialist
- (b) Endodontics
- (c) Oral and Maxillofacial Surgery
- (d) Orthodontics
- (e) Pediatric Dentistry
- (f) Periodontics
- (g) Prosthodontics
- (h) Oral Pathology
- (i) Oral Radiology

Tables 2 and 3 group categories (b) through (i), since numbers of most specialists are too small to calculate meaningful population ratio and rate of change figures.

### 2. Analysis of Change

Table 4 illustrates the sources of change which affected the stock of dentists from 1987 to 1988.

*New registrants* are dentists included in the September 1988 stock who registered with the CDSBC for the first time subsequent to September 1987. New registrants are recorded according to their place of graduation; i.e., from U.B.C., Other Canadian Schools (O.Can), the United States (U.S.A.), or Other.

*Re-activations* (Re-Act) represent those dentists who did not renew their licence in B.C. in September 1987, but were licensed in B.C. in September 1988, and whose date of initial registration was before October 1987.

*Attrition* (Attr'n) describes dentists who were included in the September 1987 stock but who, because of death, retirement, suspension, out-of-province relocation or non-renewal of licensure were not included in the September 1988 stock.

*Migration* (Migr'n) describes the net effect of intraprovincial migration: it records the flow of dentists between different Regional Hospital Districts. The net migration total is therefore zero.

---

<sup>2</sup>For specialty definitions see: *Canadian Classification and Dictionary of Occupations 1980*. Major Group 31, Nos. 3113-110 through 3113-130, pp. 49-50, Ottawa: Employment and Immigration Canada.

## **LICENSED PRACTICAL NURSES**

## LICENSED PRACTICAL NURSES

**Definition:** A licensed practical nurse

"may be employed in a wide variety of health care settings and may carry out such nursing duties related to the care of patients as is consistent with her training and ability.<sup>1</sup> All such duties are to be carried out under the direction of a duly qualified physician who is attending the patient, or under the supervision of a graduate nurse who is rendering service to the patient, except in an emergency when the services of a licensed practical nurse may be urgently required. Provided that the attending physician gives directions and assumes responsibility with respect to the ability of the licensed practical nurse (LPN) to carry out such services in a satisfactory manner, an LPN may also undertake nursing service for a patient in a private home."<sup>2</sup>

**Governing Statute:** Nurses (Licensed Practical) Act, Revised Statutes of British Columbia, 1979, Chapter 300, administered by the Ministry of Health.

**Governing Body:** British Columbia Council of Licensed Practical Nurses. In order to assume the designation Licensed Practical Nurse (LPN) in B.C. it is necessary to be registered by the Council and to hold a valid licence.

**Date of Record:** September 1987 and September 1988.

**Source of Data:** British Columbia Council of Licensed Practical Nurses.

**Preparation and Updating:**

A copy of the Council's registration database is received by the Health Manpower Research Unit from the Council on a yearly basis. This file is used to update LPNFILE, a version of the LPN database used by the Health Manpower Research Unit.

The tables include licensed practical nurses who were B.C. residents at the date of record.

<sup>1</sup>These skills are outlined in the booklet, *Skills Required of the Beginning Licensed Practical Nurse*, British Columbia Council of Licensed Practical Nurses, 1981.

<sup>2</sup>From information provided by the British Columbia Council of Licensed Practical Nurses.

See also *Canadian Classification and Dictionary of Occupations 1980*, Major Group 31, No. 3134-110, p. 54, Ottawa: Employment and Immigration Canada.

**Definition of Terms:****1. Employment Status**

Employment status was reported by the registrant on the annual licence renewal form. Table 1 shows LPNs by employment status. The categories used are:

- (a) Regular Employment in Nursing
- (b) Casual/Seasonal Employment in Nursing
- (c) Employed in Other than Nursing
- (d) Not Employed

**2. Place of Employment**

Place of employment was reported by the registrant on the annual licence renewal form. Tables 3 and 4 show type of employing institution for licensed practical nurses employed in nursing. The categories used are:

- (a) Acute Care Hospital
- (b) Activation/Rehabilitation Hospital
- (c) Extended Care Hospital
- (d) Other Long Term Care Facility
- (e) Psychiatric Hospital
- (f) Home Care or Visiting Care Agency
- (g) Community Health Agency
- (h) Physician's Office/Family Practice Unit
- (i) Educational Institution
- (j) Business/Industry
- (k) Other

**3. Field of Practice**

Field of practice was reported by the registrant on the annual licence renewal form. Tables 5 and 6 show field of practice for licensed practical nurses employed in nursing. The categories used are:

- (a) Medical/Surgical General
- (b) Medical/Surgical Specialties (e.g., ICU, OR, Emergency, Dialysis)
- (c) Maternal/Newborn
- (d) Psychiatric
- (e) Paediatric
- (f) Geriatric
- (g) Generalized Practice (e.g., Float Pool, Small General Hospital)
- (h) Teaching
- (i) Administration
- (j) Research
- (k) Other

**4. Job Title**

Job title was reported by the registrant on the annual licence renewal form. Tables 7 and 8 show job title for licensed practical nurses employed in nursing. The categories used are:

- (a) LPN
- (b) Long Term Care Aide (e.g., Patient Care Aide, Activity Aide)
- (c) Unit Clerk
- (d) Other

<sup>1</sup>Definitions are as in the attached text.

Prepared by:

Health Manpower Research Unit  
The University of British Columbia

**PHARMACISTS**

## PHARMACISTS

**Definition:** The pharmacist

is responsible for the compounding, preparation and dispensing of a prescribed drug, the monitoring of drug therapy and use, the release of the drug to the patient with appropriate consultation, the safe and proper storage of the drug both within and without the pharmacy, and the distribution of specified non-prescription medications.<sup>1</sup>

**Governing Statute:** Pharmacists Act, Revised Statutes of British Columbia, 1979, Chapter 326, Sections 1-48 and 56-66, administered by the Ministry of Health.

**Governing Body:** The College of Pharmacists of British Columbia. In order to practise as a pharmacist in B.C., it is necessary to be registered by the College.

**Date of Record:** December 1987 and December 1988.

**Source of Data:** The College of Pharmacists of British Columbia.

**Preparation and Updating:**

Pharmacists registered in British Columbia apply annually for a licence from the College of Pharmacists of British Columbia. Notification of new registrants, or changes in location, employer, narcotic signing authority or managerial function are received on a monthly basis by the Health Manpower Research Unit. These updates, carefully prepared by the College, are then transferred into *PHMFILE*, a dynamic computer-based file.

The tables include pharmacists who had a B.C. address at the date of record.

---

<sup>1</sup>From information provided by the College of Pharmacists of British Columbia.

**Definition of Terms:****1. Type of Employer**

Pharmacists may or may not be employed in the field of pharmacy. Pharmaceutical employer is aggregated into the following categories:

- a) Community pharmacy
- b) Hospital pharmacy
- c) Other

**2. Position of Employment**

Position of pharmaceutical employment is aggregated into the following categories:

- a) Manager (employer or employee)
- b) Dispensing pharmacist (non-manager)
- c) Other

**3. Analysis of Change**

Table 4 illustrates the sources of change which affected the stock of pharmacists from December 1987 to December 1988.

*New registrants* are pharmacists included in the December 1988 stock who registered with the College of Pharmacists of B.C. for the first time subsequent to December 1987. New registrants are recorded according to their place of graduation; i.e., from U.B.C., Other Canadian Schools (O.Can), the United Kingdom (U.K.), or Other.

*Re-activations* (Re-Act) represent those pharmacists who did not renew their licence in B.C. in December 1987, but were licensed in B.C. in December 1988, and whose date of initial registration was before October 1987.

*Attrition* (Attr'n) describes pharmacists who were included in the December 1987 stock but who, because of death, retirement, suspension, out-of-province relocation or non-renewal of licensure were not included in the December 1988 stock.

*Migration* (Migr'n) describes the net effect of intraprovincial migration; it records the flow of pharmacists among different Regional Hospital Districts. The net migration total is therefore zero.

**Pharmacists  
per 10,000 Population  
by Regional Hospital District  
December 1988  
N=2257**

**PHYSICIANS**

## PHYSICIANS

**Definition:** A physician in general practice

"Diagnoses and treats diseases, disorders and injuries of the human body: Questions and examines patient. Orders and performs laboratory tests, X-rays and other diagnostic procedures. Analyzes reports and findings of tests, X-rays and examination to diagnose condition. Prescribes and administers treatments and drugs. Prescribes physiotherapy and other remedial treatments. Inoculates and vaccinates patient to prevent communicable diseases. Advises patients to follow good diet, exercise and other health habits to aid in prevention of disease and disorders. Provides pre- and post-natal care, and delivers babies. Reports births, deaths and contagious diseases to governmental authorities. Refers patient to specialists, and assists in surgical procedures. Conducts insurance and pre-employment physical examinations. Performs surgery, if required."<sup>1</sup>

**Governing Statute:** Medical Practitioners Act, Revised Statutes of British Columbia, 1979, Chapter 254, administered by the Ministry of Health.

**Governing Body:** The College of Physicians and Surgeons of British Columbia (CPSBC). In order to practise medicine in B.C., it is necessary to be registered by the CPSBC.

**Date of Record:** September 1987 and September 1988.

**Sources of Data:** The College of Physicians and Surgeons of British Columbia, Medical Services Commission of British Columbia (MSC), and teaching hospitals and institutions in British Columbia.

**Preparation and Updating:**

An update tape is received by the Health Manpower Research Unit from the CPSBC on a monthly basis. Included on the tape are new registrants, changes in location, type of registration and specialty status for all physicians previously registered. These updates are entered into *DOCSFILE*, a dynamic computer-based file.

An additional file, *RESFILE*, is maintained with the cooperation of the teaching hospitals and educational institutions, to register and monitor the movement of interns and residents.

The tables include physicians who had a B.C. address at the date of record.

---

<sup>1</sup>*Canadian Classification and Dictionary of Occupations 1980*. Major Group 31, No. 3111-166, p. 49, Ottawa: Employment and Immigration Canada.

**Definition of Terms:****1. Directory Active Physicians**

Directory Active Physicians are registered in British Columbia by the CPSBC. At the date of record, they were licensed to practise medicine. Directory Active includes physicians who are on the full, special or temporary registers (temporary includes those who are in postgraduate training or who have a temporary licence to practise).

**2. Registration Status**

Tables 1, 2 and 3 include those physicians who, at the date of record, were Directory Active:

**Non-Postgraduate**

Non-Postgraduates are Directory Active Physicians who, according to the records of the CPSBC, are not involved in postgraduate work.

**Postgraduate**

Postgraduates are Directory Active Physicians who, according to the records of the CPSBC, are involved in postgraduate work. They may be fully registered or on the temporary (educational) register.

**3. Specialty**

Those physicians who are not in postgraduate training have been assigned to a specialty in the following manner:

The MSC specialty code developed to assess patient profiles is used unless:

- a. the physician has certification in *Family Medicine* from the College of Family Physicians of Canada, in which case the specialty is coded as *Family Practice*,
- b. the physician has no MSC specialty, in which case the most recent Royal College of Physicians and Surgeons of Canada (RCPSC) specialty will be used.

Tables 4, 5 and 6 group the physicians into broad specialty groups; Tables 7 and 8 disaggregate them.

**General Practice**

This category includes the MSC specialty code:

**00 General Practice**  
and also physicians with certification in *Family Medicine*.

### Clinical Specialties

This category includes the MSC specialty codes:

- 01 Dermatology
- 02 Neurology
- 03 Psychiatry
- 04 Neuropsychiatry
- 14 Paediatrics
- 15 Internal Medicine
- 16 Radiology
- 18 Anaesthesia
- 20 Physical Medicine and Rehabilitation
- 21 Public Health and Community Medicine
- 33 Nuclear Medicine

and the following RCPSC specialties:

- Anaesthesia
- Cardiology
- Clinical Immunology
- Community Medicine
- Dermatology
- Dermatology and Syphilology<sup>2</sup>
- Diagnostic Radiology
- Emergency Medicine
- Gastroenterology
- Geriatric Medicine
- Haematology
- Internal Medicine
- Internal Medicine, T.B.<sup>2</sup>
- Nephrology
- Neurology
- Nuclear Medicine
- Paediatrics
- Paediatric Cardiology
- Physical Medicine and Rehabilitation
- Psychiatry
- Public Health<sup>2</sup>
- Radiation Oncology
- Respiratory Medicine
- Rheumatology
- Therapeutic Radiology<sup>2</sup>

---

<sup>2</sup>Program no longer offered by the RCPSC under this designation.

### **Laboratory Medicine Specialties**

This category includes the MSC specialty codes:

**17 Pathology and Bacteriology**  
**29 Medical Microbiology**

and the following RCPSC specialties:

Anatomical Pathology  
Bacteriology<sup>3</sup>  
General Pathology  
Haematological Pathology  
Medical Biochemistry  
Medical Microbiology  
Neuropathology  
Pathology<sup>3</sup>

### **Surgical Specialties**

This category includes the MSC specialty codes:

**05 Obstetrics and Gynaecology**  
**06 Ophthalmology**  
**07 Otolaryngology**  
**08 General Surgery**  
**09 Neurosurgery**  
**10 Orthopaedic Surgery**  
**11 Plastic Surgery**  
**12 Thoracic and Cardiovascular Surgery**  
**13 Urology**  
**19 Otolaryngology and Ophthalmology**

and the comparable RCPSC specialties with the addition of:

**Paediatric General Surgery**  
**Vascular Surgery**

---

<sup>3</sup>Ibid.

#### 4. Analysis of Change

Table 9 illustrates key sources of change which may have affected the stock of non-postgraduate physicians from 1987 to 1988.

*New registrants* include physicians who registered *for the first time* subsequent to September 1987 and were licensed to practise in September 1988. They are recorded according to their place of graduation i.e., from U.B.C., Other Canadian Schools (O.Can), the United Kingdom (U.K.), or Other.

*Re-activations* (Re-Act) include those physicians who, in 1987, were registered but not licensed to practise in B.C. and who were licensed to practise in B.C. in 1988. More specifically, those designated *PG to Non-PG* (PG-NPG) were registered as of September 1987 and were engaged in postgraduate work. In September 1988 they held non-postgraduate status and were licensed to practise in the province. *Other* includes Directory Active physicians who were out-of-province, or physicians who were not licensed to practise in B.C. as of September 1987, but who were licensed to practise in B.C. in September 1988.

*Attrition* (Attr'n) describes those physicians who were included in the 1987 physician stock but who, because of death, retirement, non-renewal of licence or out-of-province relocation, were not included in the 1988 physician stock.

*Migration* (Migr'n) describes the net effect of intraprovincial migration; it records the flow of physicians among different regions of the province. The net migration total is therefore zero.

<sup>8</sup>Number of Non-Postgraduate Physicians in B.C.; September 1988.

**PSYCHOLOGISTS**

## PSYCHOLOGISTS

**Definition:** The practice of a psychologist includes

- " (a) the provision to individuals, groups, organizations, or the public of any service involving the application of principles, methods and procedures of understanding, predicting and influencing behaviour, including the principles of learning, perception, motivation, thinking, emotion and interpersonal relationships;
- (b) the application of methods and procedures of interviewing, counselling, psychotherapy, behaviour therapy, behaviour modification, hypnosis, research; or
- (c) the construction, administration and interpretation of tests of mental abilities, aptitudes, interests, opinions, attitudes, emotions, personality characteristics, motivations and psychophysiological characteristics and the assessment or diagnosis of behaviour, emotional and mental disorder..."<sup>1</sup>

**Governing Statute:** Psychologists Act, Revised Statutes of British Columbia, 1979, Chapter 342, administered by the Ministry of Health.

**Governing Body:** British Columbia Psychological Association (BCPA). In order to practise as a psychologist in B.C., it is necessary to be registered by the BCPA.

**Date of Record:** December 1987 and December 1988.

**Source of Data:** British Columbia Psychological Association.

**Preparation and Updating:**

New registrants or changes in location or registration status are entered directly into a dynamic database, *PSYFILE*, at the Association's office.

In addition, a questionnaire is circulated by the BCPA to each of its members at the beginning of each year to review the information in the file. Following this, the annual *Directory* is published.

---

<sup>1</sup>Psychologists Act 1979, RSBC Chap. 342, p. 1.

See also *Canadian Classification and Dictionary of Occupations 1980*. Major Group 23, Unit Group 2315, pp. 5-7, Ottawa: Employment and Immigration Canada.

**Definition of Terms:****1. Registration**

A psychologist must be registered with the BCPA. The tables include registered psychologists who had a B.C. address at the date of record.

**2. Analysis of Change**

Table 2 illustrates the sources of change which affected the stock of psychologists from 1987 to 1988.

*New registrants* are psychologists included in the December 1988 stock who registered with the BCPA *for the first time* subsequent to December 1987. New registrants are recorded according to their place of graduation; i.e., from B.C., Other Canadian Schools (O.Can), the United States (U.S.A.), or Other.

*Re-activations* (Re-Act) represent those psychologists who were not registered in B.C. in December 1987, but were registered in B.C. in December 1988, and whose date of initial registration was before January 1988.

*Attrition* (Attr'n) describes psychologists who were included in the December 1987 stock but who, because of death, retirement, suspension, out-of-province relocation or non-renewal of registration were not included in the December 1988 stock.

*Migration* (Migr'n) describes the net effect of intraprovincial migration: it records the flow of psychologists among different Regional Hospital Districts. The net migration total is therefore zero.

## **REGISTERED NURSES**

## REGISTERED NURSES

**Definition: A Registered Nurse**

Functions as a practitioner, educator, administrator or researcher. The choice of role will be determined by academic preparation, experience, established policies of the employing agency, and the nurse's employment agreement. A few nurses are self-employed.

These roles are performed in a variety of services and settings: acute, extended, intermediate and personal care; public health, occupational health, colleges and universities, doctors' offices and people's homes.<sup>1</sup>

**Governing Statute:** Nurses (Registered) Act, Revised Statutes of British Columbia, 1979, Chapter 302, administered by the Ministry of Health.

**Governing Body:** Registered Nurses Association of British Columbia (RNABC). The designation Registered Nurse (R.N.) is conferred by the RNABC upon those who have met the requirements for registration as stated in the Act.

**Date of Record:** June 1987 and June 1988.

**Source of Data:** Registered Nurses Association of British Columbia.

**Preparation and Updating:**

The tables, derived from the register of the RNABC, include Registered Nurses (R.N.s) who were B.C. residents at the date of record.

---

<sup>1</sup>From information provided by the Registered Nurses Association of British Columbia. See also *Canadian Classification and Dictionary of Occupations 1980*, Major Group 31, Nos. 3130-110 through 3131-138, pp. 52-54, Ottawa: Employment and Immigration Canada.

**Definition of Terms:****1. Registration Status**

A Registered Nurse may hold a *practising* or *non-practising* membership in the RNABC. A practising Registered Nurse may or may not be employed in nursing. A non-practising Registered Nurse who commences employment in British Columbia must convert to practising membership.

**2. Employment Status**

Tables 1, 2 and 3 show employment status for practising Registered Nurses and total numbers of non-practising Registered Nurses who were B.C. residents at the date of record.

**3. Place of Employment**

Principal place of employment is reported initially upon registration, and updated annually from the registration renewal form. Tables 4 and 5 show this information for practising Registered Nurses employed in nursing. The categories used are:

- (a) Acute Care Hospital
- (b) Activation/Rehabilitation Hospital
- (c) Extended Care Hospital
- (d) Psychiatric Hospital
- (e) Long Term Care Facility/Nursing Home
- (f) Home Care/Visiting Care Agency
- (g) Community Health Agency
- (h) Business/Industry
- (i) Physician's Office/Family Practice Unit
- (j) Educational Institution
- (k) Self-Employed
- (l) Other

#### 4. Primary Area of Responsibility

Primary area of responsibility is reported initially upon registration, and updated annually from the registration renewal form. Tables 6 and 7 show this information for practising Registered Nurses employed in nursing. The categories used are:

- (a) Medical/Surgical
- (b) Critical Care (e.g., ICU, OR, Emergency)
- (c) Maternal/Newborn
- (d) Psychiatry/Mental Health
- (e) Paediatrics
- (f) Geriatrics/Gerontology
- (g) Occupational Health
- (h) Several Areas (e.g., float, small hospital, community, etc.)
- (i) Other Patient Care
- (j) Nursing Education Administration
- (k) Nursing Services Administration
- (l) Other Administration
- (m) Teaching - Students
- (n) Teaching - Employees
- (o) Teaching - Patients/Clinets
- (p) Teaching - Other Education
- (q) Research

#### 5. Employment Position

Employment position is reported initially upon registration, and updated annually from the registration renewal form. Tables 8 and 9 show this information for practising Registered Nurses employed in nursing. The categories used are:

- (a) Director
- (b) Associate/Assistant Director
- (c) Supervisor/Assistant Supervisor
- (d) Clinical Specialist/Clinician
- (e) Head Nurse/Assistant Head Nurse
- (f) Staff/General Duty Nurse
- (g) Community/Occupational Health/Home Care Nurse
- (h) Instructor/Professor
- (i) Consultant/Counsellor
- (j) Other

## 6. Analysis of Change

Table 10 illustrates key sources of change which may have affected the stock of Registered Nurses from 1987 to 1988.

*New registrants* include all nurses who were practising members as of June 1988 and who registered with the RNABC *for the first time* subsequent to June 1987. New registrants are recorded according to their place of graduation, i.e., from B.C., Other Canadian Schools (O.Can), the United Kingdom (U.K.), or Other.

*Re-activations* (Re-Act) represent those nurses who did not renew practising membership in June 1987 but were practising members in B.C. in June 1988, and whose date of initial registration was before July 1987.

*Attrition* (Attr'n) describes those Registered Nurses who were included in the 1987 Registered Nurse stock, but who, because of death, retirement, out-of-province relocation or non-renewal of registration, were not included in the 1988 stock.

*Migration* (Migr'n) describes the net effect of intraprovincial migration; it records the flow of Registered Nurses among different Regional Hospital Districts. The net migration total is therefore zero.

**REGISTERED PSYCHIATRIC NURSES**

## REGISTERED PSYCHIATRIC NURSES

**Definition: Registered Psychiatric Nurses**

Practice in primary, secondary and tertiary care settings and provide service to individuals whose primary care needs relate to mental and developmental health.

The basis of psychiatric nursing is a caring, therapeutic relationship; the core knowledge and skills of psychiatric nursing are developed from the nursing, psycho-social, biological and physical sciences.

Psychiatric nursing practice includes clinical, administrative, educational, consultative and research functions.<sup>1</sup>

**Governing Statute:** Nurses (Registered Psychiatric) Act, Revised Statutes of British Columbia, 1979, Chapter 301, administered by the Ministry of Health.

**Governing Body:** Registered Psychiatric Nurses Association of British Columbia (RPNABC). The designation Registered Psychiatric Nurse (RPN) is conferred by the RPNABC upon those who have met the requirements for registration as stated in the Act.

**Date of Record:** October 1987 and October 1988.

**Source of Data:** Registered Psychiatric Nurses Association of British Columbia.

**Preparation and Updating:**

The tables, derived from the register of the RPNABC, include Registered Psychiatric Nurses who reported a B.C. address at the date of record.

It should be noted that at least 351 Registered Psychiatric Nurses in B.C. hold dual registration with the RPNABC and the Registered Nurses Association of British Columbia (RNABC).

---

<sup>1</sup>Adapted from information provided by the Registered Psychiatric Nurses Association of British Columbia.

See also *Canadian Classification and Dictionary of Occupations 1980*, Major Group 31, No. 3131-138, p.54, Ottawa: Employment and Immigration Canada.

**Definition of Terms:****1. Registration Status**

A Registered Psychiatric Nurse may hold either an *Active* or *Inactive* membership. *Active* members may or may not be employed in nursing. *Inactive* members cannot be employed in nursing.

**2. Place of Employment**

Type of facility was reported by registrants on the annual RPNABC registration renewal form. Tables 4 and 5 show this information for active Registered Psychiatric Nurses employed in nursing. The categories used are:

- (a) Psychiatric Hospital
- (b) Mental Retardation
- (c) Long Term Care
- (d) Correctional
- (e) Forensic
- (f) Adolescent Psychiatry
- (g) Child Psychiatry
- (h) General Hospital
- (i) Alcohol/Drug
- (j) Community Mental Health
- (k) Boarding Home
- (l) Educational Institution
- (m) Other and Unknown

**3. Primary Area of Responsibility**

Primary area of responsibility was reported by registrants on the annual RPNABC registration renewal form. Tables 6 and 7 show this information for active Registered Psychiatric Nurses employed in nursing. The categories used are:

- (a) Acute Adult Psychiatry
- (b) Chronic Adult Psychiatry
- (c) Child Psychiatry
- (d) Mental Retardation
- (e) Psychogeriatric
- (f) Geriatric
- (g) Corrections
- (h) Forensic
- (i) Alcohol/Drug
- (j) Rehab/Vocational
- (k) Education
- (l) Counselling
- (m) Administration
- (n) General Nursing
- (o) Other and Unknown

**4. Employment Position**

Employment position was reported by registrants on the annual RPNABC registration renewal form. Tables 8 and 9 show this information for active Registered Psychiatric Nurses employed in nursing. The categories used are:

- (a) Director/Associate/Assistant Director
- (b) Supervisor/Coordinator
- (c) Assistant/Head Nurse/Team Leader
- (d) General/Staff Nurse
- (e) Community Worker/Nurse
- (f) Instructor
- (g) Other and Unknown
