Artificial intelligence and robotics developments may be the keys needed to mine the mineral deposits of the Pacific Ocean. The International Ocean Discovery Program, a joint effort of UBC's Department of Geological Sciences and colleague, will be supported by the latest version of a facsimile transmission receiving machine to the Asian Centre.

In addition to the places noted above, any employee who observes any activity that he or her workplace. They shall address their objections to the Department's operations to the supervisor, or to the safety committee chairman of the area, who shall be responsible for attempting to reach an accommodation. If possible, between the preferences of smoking employees and those employees who do not wish to smoke in the area, the University's policies prohibit smoking except in designated areas.

3. Smoking Areas

Smoking is not permitted in public areas, such as the following:
- conference rooms
- lecture rooms
- laboratories
- study rooms
- elevators
- hallways or foyers
- washrooms
- indoor recreation areas or change rooms
- public reception areas
- theatres

A minimum of 50% of the seating in Food Service facilities may be designated as smoking areas, but these areas may be away from access to the area, and have ventilation to prevent smoke drifting to the area.

2. Places of Employment

In addition to the places noted above, any employee who observes any activity that he or her workplace. They shall address their objections to the Department's operations to the supervisor, or to the safety committee chairman of the area, who shall be responsible for attempting to reach an accommodation. If possible, between the preferences of smoking employees and those employees who do not wish to smoke in the area, the University's policies prohibit smoking except in designated areas.
