T. J. Shenton Ind. Labor Candidate Opens Campaign

The first shot in the political campaign of the forthcoming general election was fired at Alice Arm on Wednesday evening by Mr. T. J. Shenton, independent labor candidate for Atlin constituency. He delivered a rapid-fire speech, during which he explained why he was in the field as a labor candidate, and his qualifications to look after the interests of the electors. He also reviewed at considerable length the cause of the present depression. How the workers were the chief sufferers and advanced plans for the remedying of the situation. Mr. Shenton proved an eloquent speaker. He was sincere in his statements, and from present appearances the conservatives and liberals will be forced to conduct an energetic campaign, as soon as the election date is decided, if either of them expect to win.

Mr. Shenton explained that no strings were attached to him as a labor candidate. He believed that he was qualified to represent the Atlin constituency as he was thoroughly acquainted with every mine and prospect in it. During the campaign he hoped for a clean fight, and would refrain from any mud slinging at older political parties.

One of the chief causes of Canada's present distress, the speaker blamed to the mismanagement of our natural resources. These he said should never have been handed over to big corporations. Up-to-date machinery was also blamed for largely helping to swell our unemployment ranks. In quoting a leading economist, he said: We have come to a crisis, we have to change, and we are not ready for it. I don't believe in high tariffs, Mr. Shenton said. They hamper trade with other countries. He advocated the nationalization of banks. Why he asked should the governments of Canada be forced to beg money from private banks.

He advocated the government controlling the natural resources of the country for the common good. The speaker was not in favor of revolutionary measures to affect a change. He believed that efforts should be made to make the change peaceably. But there may be trouble ahead if this depression is not stopped he said.

Note—Owing to the necessity of printing the Herald on Thursday evening this week to catch the mail to Anyox, it is impossible to publish a full report of Mr. Shenton's meeting. A more detailed report will be published in our next issue.

Anyox Residents Have Boating Mishaps

On the evening of Wednesday, June 22nd, Walter Feyer and James Campbell set out in a gas boat for Six Mile. On making ready to return the "kicker" refused to kick, and no amount of coaxing could induce it to function. The pair had no alternative but to tramp home, arriving at 1 a.m. The boat was towed in next morning by R. McLeod.

On the same evening, June 22nd, Mr. R. McLeod and Miss Peacock started out on the "Lady Luck" for a run up the coast. Reaching a picturesque spot they made the boat fast and started inland for a hike, discovering on their return that the tide had gone out and left the "Lady Luck" high and dry. There was nothing to be done but wait for the tide, and they arrived home at 5.30 the next a.m., to the great relief of their friends.

On Saturday, June 18th. Mr. S. Hopkins and Miss B. Flye each had a ducking when returning from a short boat ride. They were near-

Catholic Ladies Hold Successful Sale of Work

On Thursday, June 23rd, the ladies of the Catholic Church held a Sale of Work and Afternoon Tea in the Catholic Hall, which turned out to be a complete success. A large number of people attended and the goods offered for sale were useful and practical. From a social standpoint the function was very enjoyable.

Mrs. P. McDougall was in charge of the home cooking. Mrs. J. Wynne was convener of the novelty stall, and Mrs. W. R. Lindsay looked after the items which were raffled, about which the chief interest of the day was centred. The very handsome quilt which had been made by the ladies of the church was won by Mrs. Adcock. The results in every department were fully up to expectations, and the committee in charge were greatly pleased with the outcome.

ing the mooring landing when Miss Flye inadvertently fell overboard, whereupon Mr. Hopkins jumped in and helped her to the landing. Neither were the worse for the experience.

Shower Held For Anyox Bride-Elect

How fortunate is the modern bride! No sooner is the date of her wedding made known than her friends begin to arrange showers, some of which are more like cloud-bursts. Such was the case at the shower held for Miss Nancy Wilson on June 22nd. Her many friends in Anyox rained upon her a regular storm of useful and handsome gifts.

The affair, which was arranged by Mrs. J. Evans, assisted by Mrs. J. Peel and Mrs. G. Adams, was held in the Hall of the Union Church, and was largely attended.

Vocal items were contributed by Mrs. T. Pinckney, accompanied by Mrs. J. McMillan, and a session of community singing was indulged in.

Afterwards the company adjourned to the Oddfellows' Hall, where they were joined by their gentlemen friends in an evening of dancing, at which Mr. J. Evans was the unique Master of Ceremonies. In his own apt way "Jack" applied every number played to the circumstances of the evening. Excellent music was supplied by Joe Peel and his orchestra, and a very hearty vote of thanks was accorded them at the close.

Scouts Invade Maple Bay On July Second

Approximately thirty members of the Anyox Boy Scouts, led by Scoutmaster Gale, will invade Maple Bay on Saturday the 2nd, plant the British flag, annex the district holus bolus, and proceed to entrench themselves.

They will be joined by the troop from Stewart, and together the boys will spend a glorious twelve days or so in following out the rites and traditions of true scouts. Everything indicates that the camp will be a real success and of great benefit to all the boys who participate.

Anyox Golf Notes

The Lovested Cup for the month of June, which goes to the player making the lowest net score in tournament play during the month, was won by J. Murdoch with a net of 69.

On account of the many diversions planned for Dominion Day, July 1st, there will be no golf tournament on that day.

The tournament for the Men's Open Championship of the Anyox Golf Club, which carries with it the handsome trophy presented by the Granby Stores, will commence July 2nd.

Mr. M. A. McKenzie Returns With Bride

A flutter of excitement passed over the camp on Friday last, when the Prince George docked from Vancouver, for it was discovered that Mr. M. A. McKenzie, who left Anyox some weeks ago for a vacation, had returned with a bride. Mrs. McKenzie was formerly Mrs. A. Osborne, who resided in Anyox some six years ago.

The wedding which was a very quiet one, took place at the Anglican Church, West Vancouver, on June 22nd., the Rev. E. Ramsey performing the ceremony. Mr. McKenzie, who is well liked and greatly respected in Anyox, was immediately showered with congratulations and good wishes from his many friends.

Mrs. W. J. Porter and son arrived on Monday from Vancouver, to join her husband here. Mr. and Mrs. Porter will reside in the Flats Apartments.

Miss Agnes Wardrope returned on Monday from a short holiday spent in Prince Rupert.

Anyox Baseball Players Will Visit Ketchikan

At the zero hour on July 2nd—which fact will not dampen their ardor in any way—approximately 13 of the best ball players of Anyox, together with a group of enthusiastic fans, will leave Anyox to launch their attack on Ketchikan. The number thirteen wont deter them either. Three games will be played in that town; viz, on July 3 and 4. All arrangements in connection with the trip are complete.

Sister of Dr. James Dies in South

Mrs. Florence Abercrombie, wife of N. C. Abercrombie of Langley Prairie and sister of Dr. Gordon James of Anyox, died recently at Royal Columbia Hospital in New Westminster. The late Mrs. Abercrombie, who was 43 years of age is survived by her husband, three daughters, three sisters and two brothers.

F. Davidson arrived in town on Monday from Prince Rupert.

**Bear Found Devouring
 Dead Fire Victim
 At Stewart**

The body of Andrew Johnson, who lost his life in a fire, which destroyed the assay office of the Outland Silver Bar Mining Co. on the Salmon River near Stewart, some time early last winter, was found last week by Constable Potterton, Gus Erickson and "Blondy" Charlton of Stewart.

The body had been buried in the deep snow all winter, and had only been uncovered two or three days. A gruesome scene met the eyes of the party on their arrival. A huge grizzly bear was feeding off the body, and they had considerable difficulty in forcing the bear to leave. An examination of the body showed that this was the bear's second visit. Although the bear had eaten a considerable portion of the stomach, the lower portion of one leg and the upper portion of the other, the body was easily recognized, though badly burned about the back and remaining portions of the legs and feet.

The only clothing on the body was a shirt, which proved that Johnson was in bed at the time of the fire and did not wake in time to escape.

**P. E. Peterson Is Developing
 Gold Property**

P. E. Peterson, who returned recently from Russia, where he was under contract to the Russian Government, superintending the erection of a concentrating mill, is now in charge of development operations of a gold mining property near Doreen, which is located on the Canadian National Railway east of Prince Rupert near Fiddler Creek. It is planned to establish a 40-ton mill on the property as soon as possible, and it is hoped to ship concentrates this year.

Mr. Peterson is well known in this district. He was formerly in charge of milling operations for the Granby Company, during experimental stages. He was later managing director of the Silver Crest Mining Company, and consulting engineer for the Utility Mines No. 1 Ltd. who developed the Tiger mine, adjoining the Toric.

Hon. R. W. Bruhn, Minister of Public Works, will visit Prince Rupert and Stewart during a trip north this month.

**Mine Defeat Celts In
 Fast Football Tussle**

Exerting themselves to even matters up with their old rivals the Celts, the men from underneath came to the top and won by a 1-0 score.

It was a ding-dong go all the way. The Mine were at full strength, including the agile Jimmy Ferguson, (who cannot keep out of the game for long) and presented a strong, well balanced team that will have to be carefully reckoned with.

Morrison, their captain, is playing aggressive and clever football in whatever position he finds himself obliged to take. The Celts played with nice combination, although a little stiffening up in places appears necessary. Horner is quickly getting back to his old form at centre forward. The Peel brothers played well, Steve being fast and Joe as reliable as ever. Alec Rigby and Herbert Johnston play strong defence. Buntain is quite at home on the wing, so much so that one of the players on the Mine side, has to resort to the childish expedient of kicking the ball out of play. This occurred no less than six times, and is very irritating to the spectators. The evening was ideal for football and a nice number of fans turned out. Bob McMillan handled the game.

**Mine Win From Rangers
 In Close Game**

The Rangers nearly equalized in the latter part of the League game with the Mine on Tuesday the 21st. when the latter team could only manage a 3-2 win with most everything in their favor, Rangers were minus some regulars and played Maxwell Patrick and Bob Nelson. The former shaped well and Bob deserves much credit for going out in such high company with little or no experience.

The Mine had their troubles also. Morrison had an injured eye and did not intend to play, but on account of shortages he went in with street clothes on and played the game of his life at left wing. Joe Veriera, for the Mine, could not get going and missed some nice chances.

For the Rangers Morgan Flye played a smart game, passing quickly and accurately, and Frank Mikeli tended goal well. The firm of Williams and Donaldson carried on a nice business together. In spite of a wicked wind and apparent weaknesses in both teams the fans enjoyed a good game, played in the very best of humor. Jack Evans controlled well.

Fair Maid—Oh, sir, what kind of an officer are you?

Officer—I'm a naval surgeon.

Fair Maid—Goodness, how you doctors specialize.

The biggest laugh hit since "Politics." Get ready for the longest laugh of your lifetime. The critics rave at the new trickeries of the city slicker and his pals in rascality. This picture is a riot. There's a million dollars' worth of fun, excitement, and romance.

Complication and trouble are blended in as well. Dorothy, a pretty telephone operator with whom Wallingford falls in love, proves the undoing of the sharpsters. The clever manner in which everything is finally ironed out make for real diverting comedy. Get the laugh of a lifetime on Saturday.

Footballers Be Sports!

By a Spectator

Boys—all of you—be sports through and through! Be sports in spite of everything! Be sports among yourselves, to your opponents, and to the referee. It's the only way. The game is only a recreation after all, and you'll get the most real enjoyment out of it by being good sportsmen. Properly played, football is one of the finest of British sports, and here you have the facilities to play it, and are well looked after.

So get the most out of it by playing it right. Determine to go through the whole season without ill feeling or avoidable accidents. One club here is satisfied if it improves the play of their junior members, and comes through the season with a feeling that it has been profitable to all. This is the true spirit of sportsmanship and is commended. Cut out the rancour and let good humour take its place. Be sports all the way!

A mother was discussing with her daughter the qualities of men. "Oh," said the daughter impatiently, "but they have no self-control!" "All the better," replied the mother. "If they had there would be a great many more spinsters."

Major "Bill" McGeehan, one of America's best known columnists, and Lionel Hitchman, veteran defence man of Boston Bruins, landed a 19 and a 30 pounder salmon from New Brunswick waters respectively in May. The Major got his fish with a four-ounce trout rod on the Cain's River; Hitchman was fishing at Hart's Pool near Fredericton on the Saint John River.

John Cudahy, of Milwaukee, hunting across the Great Divide near Banff, and faced by a furiously charging wounded grizzly almost within striking distance and with but one cartridge left in his rifle, coolly stood his ground and dropped the monster at his feet. Mr. Cudahy has hunted in India, Africa and Alaska, but said he had never had the thrills he experienced on this recent grizzly hunt.

Success of the bargain trips over week-ends and holidays which the Canadian Pacific has put into effect this year was further attested by the great popularity enjoyed during the recent Victoria Day holiday and in week-ends following. To take one large centre—Montreal—the city was literally invaded by the great influx of visitors from eastern Canada and the United States and other big Canadian cities report similar conditions.

Brother officers of the Canadian Pacific Railway, representatives of transportation systems in Canada and the United States, members of the Masonic Order and of Rotary and sorrowing friends from virtually all walks of life united in an impressive tribute to the late George A. Walton, general passenger agent of the railway at his funeral in Montreal recently. The remains were taken to Winnipeg where burial took place in the Elmwood Cemetery with His Honor James D. McGregor, Lieutenant-Governor of Manitoba, Mayor Ralph H. Webb, of Winnipeg, and many officers of the company in attendance. His Grace Archbishop Matheson, assisted by the Rev. H. S. Reed, of St. Luke's Anglican Church, conducted the funeral service. (847)

Warmer weather and generally favorable conditions point to normal development of the western wheat crop, according to the report of the agricultural department of the Canadian Pacific Railway. Virtually all of Manitoba's seed is in and Saskatchewan and Alberta seeding will be completed by the end of the third week of May.

Two famous globe-trotters, Dr Roy Chapman Andrews, noted anthropologist, and Bob Davis, New York Sun's world-girdling correspondent, came together at Victoria recently on Canadian Pacific liner Empress of Canada, the former on his way to Peking and the latter travelling with Mrs Davis to Honolulu.

Success attending the inaugural cruise of S.S. Princess Alice last year to northern British Columbia and Alaska has led the British Columbia Coast Steamship service to provide another special Alaska cruise with the S.S. Princess Charlotte, leaving August 9 from Vancouver, it is announced by E. F. L. Sturdee, general passenger agent, Canadian Pacific Railway.

Capital, Labor, the learned professions, diplomacy and business were all represented in the passenger list of the Canadian Pacific liner Empress of Australia on arrival at Quebec recently. The list included Sir Charles Gordon, president of the Bank of Montreal; Tom Moore, president of the Trades and Labor Congress of Canada; F. E. Meredith, K.C., Dr Moser, consul-general for Czechoslovakia, and Colonel Hercule Barre, Canadian Government Trade Commissioner in Paris.

Residents of Maritime Provinces will have a fine opportunity of visiting Montreal's great Naval and Military Tournament, May 27-29, through a special low rate Canadian Pacific coach excursion leaving Saint John, Fredericton, Woodstock, St. Stephen and St. Andrew's May 27. Similar excursions over the same week-end are being operated by the railway from Vermont, and the Sudbury, Ontario, areas. (843)

Howl, Wolves, HOWL

suaded the Ojibway Indians to produce a riverside version of "Hiawatha".

A survey of the Wolf Week programme reveals a combination of sentiment and excitement. Governor Roosevelt of New York State has presented the citizens with a British flag taken by the U. S. troops when they burned the Sault in 1814. The flag will be hoisted with appropriate ceremonies. The excitement comes in when the visitors will be invited to amuse themselves running the Sault Rapids in canoes, attending Algoma Wolf Club dinners, and sympathizing with the unlucky winner of a bear, which animal, Jim Curran proposes to raffie in lieu of one of his beloved wolves. The Algoma Self-Denial Club has added three pleasant features to the programme. The members of this club never deny themselves anything, and they advise that there are no peevish cops in the Sault; that their city is only an overnight ride from Toronto on the Canadian Pacific's homeliest train, and that they still serve cheese with the apple pie in the Sault, which Jim Curran says is built beside Lake Superior in the great Algoma forest, near the timber wolves.

Jim Curran, Editor of the Sault Daily Star, believes with Old Sam Martin that "a man who says he has been et by a wolf is a liar". Jim Curran, as all the world knows, is an expert on wolves, so much so, indeed, that he has persuaded Sault Ste. Marie to hold a Wolf Week, July 25-30. That is the kind of a week it's going to be. Jim Curran, the wolf expert, says it will be worth attending; that the Sault is the friendliest

town in Canada, and that respectable strangers will be welcome. Plug hats will not be practical headgear during Wolf Week at the Sault. This is a warning, and is understandable at a show where the background is totally composed of timber wolves, Hudson Bay Barbucues, Indians and whiskers. Jim Curran and his fellow-citizens of the friendliest town have cornered the world's best professional long distance swimmers for some real racing, and have per-

WITH THE TRAIL RIDERS

East is East and West is West, but men ride wherever the sun shines and the Trail Riders of the Canadian Rockies, with a membership which girdles the globe, are creating widespread interest with their plans for their 1932 expedition from Banff to Mount Assiniboine, through some of the most beautiful country in the great mountains from which they take their name. The famous peak, with its many adjoining lakes and valleys, was the focal point of the 1927 trail ride and this year's trip, starting on July 29, will follow generally the same lines, with nights spent in camp, according to the best traditions of the Order. Ample time will be given for exploring the territory traversed, the ride occupying five days and traversing Brewster and Allenby Creeks; Assiniboine Pass and the shores of Lake Magog to the great mountain, which is the objective of the riders. Return will be made through the Valley of the Rocks; the Golden Valley; Citadel Pass and so

through Sunshine Camp to Banff once more. The pictures shown above are distinctly interesting and show Lt. Col. Phil Moore, president of the Trail Riders, and Mrs. Moore, on camel-back at the Pyramids, during the world-cruise of the Canadian Pacific liner "Empress of Britain", in strong contrast to the cowboy viewing Mount Assiniboine, where this year's trail ride leads. Inset is H. M. King Prajadhikop of Siam, who proved an enthusiastic trail rider during his visit to Canada last summer. Below, two fair bathers are seen setting out from one of the cabins at Assiniboine Camp.

T. J. Shenton Organizes For Campaign

T. J. Shenton, independent labor candidate for the Atlin constituency in the forthcoming election, arrived at Alice Arm on Monday from Prince Rupert. He spent four days here and left on Friday morning for Anyox.

His visit here was in connection with the forming of an organization to take care of his interests until the general Provincial election takes place. A local organization has been formed and officers elected to carry on the campaign in the interests of Mr. Shenton.

In an interview with the Herald Mr. Shenton stated that he would run as an independent labor candidate. At present it was doubtful whether an election would be held this year, but it was probable that it would be held this coming fall. In order not to be caught unprepared he was visiting Alice Arm, Anyox and Stewart, and holding organization meetings.

Wildcats & Tigers Win One Game Each

The Tigers failed to maintain their early lead in the ball game on Sunday afternoon, and ended up on the short end of a 25-16 count. The Wildcats presented a much stronger line-up than in their past games, but even then they were lucky to get off so easy. Ironside was given poor support, and except for the 2nd. and 3rd. innings, pitched good ball. Steven's backing was of the best, and the Wildcats, after their first scoreless inning managed to hit the ball enough times to scratch out a win.

Owing to a typographical error in our report last week, concerning the members of the committee appointed to entertain the "Delhi," the name of Mr. C. O. Fricker was omitted. Mr. Fricker will represent the Canadian Legion.

An eminent scientist announces that the world will last a trillion years instead of fifteen billion, as previously estimated. All of which proves that there's plenty of cheering news in the press, if you will only look for it.

When a recipe calls for MILK Use ST. CHARLES

Whenever a recipe calls for milk it is a safe rule always to use Borden's St. Charles Evaporated Milk. St. Charles is economical, simple to use and definitely imparts an improved flavor to your cooking.

Only milk that has been subjected to the highest tests for purity and richness is good enough for acceptance in the St. Charles plants. Packed under the most sanitary conditions, St. Charles Milk represents the best evaporated milk you can buy—see that you ask for it by name.
