Public Meeting of Alice Arm Citizens

Several Matters under Discussion

A public meeting was called at Alice Arm, on Wednesday, November 16th, at 7.30 p.m. in Bruggy's Old Store Building, for the purpose of drawing the attention of the government to the urgent need of extending the wing dam above the town and the necessity of a bridge over the Kitsault River, and also what course the government would take in the event of any mining company wishing to operate the Dolly Varden Railroad next summer.

That the people of Alice Arm are taking great interest in these matters was proven by the fact that the building was filled to capacity, and scarcely standing room could be found.

Mr. C. P. Riel acted as chairman he gave an outline of why the meeting was called and stated that the most vital needs of the town was the extension of the wing dam and a bridge over the Kitsault River, and in his opinion the work should be done this winter when the water is low.

He called upon Mr. Geo. Young, road superintendent to say a few words, and Mr. Young said that in his opinion the work should be done before the next high water. He favored building a bridge from the end of the dam, and estimated that the bridge and wing dam would cost about \$15,000.

Mr. H. Fowler advocated draw-

ing up a petition for the extension of the wing dam and a bridge and presenting it to our local member of the legislature, and he also thought it was a good thing if we could ascertain what position the government would take if some other company wanted to operate mining properties on the upper Kitsault and make use of the Dolly Varden Railroad.

A motion was made by Mr. E. Ness, that we petition the government for the sum of \$15,000 for the extension of the wing dam and a bridge over the Kitsault River. Work to be done this winter.

After considerable discussion, a motion was made by Mr. Fowler, that we include in the petition a request to the government to give us some information regarding the Dolly Varden Railroad and what position they would take in the event of the Taylor Mining Co. failing to operate next summer, and some other mining company were desirous of using the road.

Moved by Mr. MacGillvary, that a committee of three be appointed to draft a heading for the petition. Those nominated were Mr. C. P. Riel, Mr. J. R. MacGillvary, and Mr. E. Moss.

The petition was promptly drawn up and it was signed by about sixty persons the same evening.

Esperanza Mine is Busy Doing Development Work

The Esperanza mine which is situate about a mile from the town of Alice Arm, was taken over by the present owners last June and development work has been proceeding steadily since that date.

Work is now going ahead on a lower tunnel which is being driven on a level with the trail from the beach, and a drift is being driven from the Baldy tunnel higher up.

The lower tunnel is in 110 feet and ore is expected to be encountered at a distance of 135 feet. Good progress has been made with this tunnel, 21 feet being driven in 23 days by one man. When ore is encountered a raise will be driven to connect with the upper drift, and all ore will then come out of this lower tunnel.

The drift that is being driven from the Baldy tunnel is in 200 feet. It is being driven to connect with the big ledge at a depth of 80 feet. This ledge runs south-east and north-west.

The Esperanza will operate all through the winter, and it is confidently expected that considerable ore will be developed before next spring.

Armistice Day in Anyox

\$175 Was Collected

The third anniversary of Armistice Day was observed in Anyox, on Friday, November 11th, when at 11 a.m. the whistle blew for cessation of all work for two minutes of silence, the same also being observed in the private homes.

Red poppies from France, in memory of the fallen, were sold on the streets, and the demand was so great that the poppies were all gone by 10.30 and red rosettes had to be made up for those who could not have poppies. The sum of \$175 was realized from the sale of poppies and rosettes. The following ladies were busy selling the red emblems: Mrs. Ranson, Mrs. H. Wing, Mrs. J. Weir, Miss B. Clay, and Miss S. Hilbert at the beach, and Mrs. Jenkinson and Mrs. Lowry at the mine.

Strange to relate, though the morning was somewhat dull, the sun appeared from behind a cloud just as the whistle sounded at 11 o'clock, bathing the town in its golden rays for a short period.

Our local member, Bert Kergin, has been appointed a member of the committee to enquire into the activities of Dr. A. R. Baker in regard to buying beaver skins.

Armistice Day Celebrated

On Friday, November 11th, (Armistice Day) at 7 p.m., the Anyox Service Association, held a dinner, when 110 men sat down to a dinner which for quantity and quality, combined with the artistic touch, was a credit to the enterprise of that chef de cuisine, Mr. Al. Koblth, the presiding genius of the Granby Mess House.

The Rev. J. Herdman, chairman, proposed the toast to the King, to which the orchestra played the National Anthem.

Mr. A. LaFortune proposed the toast to our guests, which was replied to by Capt. MacGregor and Mr. Turnbull, both of Prince Rupert, which was followed by "They are jolly good fellows."

Mr. Pamplin proposed the toast of our fallen comrades, which was partaken of in silence.

Mr. Poyart proposed the toast to our country, Canada, to the tune of the "Maple Leaf."

The Harmony Four, Messrs. Hayden, Overand, Prevost and Martin then played some soldier's choruses, which were sung with great gusto by the entire party. Followed by a reading by Mr. J. Pinder-Moss. Part Song by the Service Quartette, Messrs. Morrow, Sailles, Wilby and Herdman. Solos by Messrs. Blundell and Ritchie.

This brought the dinner programme to a close, but was not by any means the end of a perfect day,

for a grand ball due to start in fifteen minutes called the diners upstairs.

The Elk's building, was kindly loaned for the occasion, and was filled to capacity. Mr. T. P. Ryan, who was Quarter-Master General, was ably assisted by a host of enthusiastic workers, chief amongst whom, were Messrs. Sutherland, Morrow, Hilbert, and LaFortune, who set tables for lunch three times during the dance, there being some two hundred and sixty to serve. Messrs. Poyart and Ritchie were masters of ceremonies.

The dining room and ball room were decorated in bright colors and the Allied flags, the names of the various battles in which the Canadians took part being electrically illuminated on the walls.

Music of the highest order was furnished by the Harmony Four, who played almost continuously from 8 p.m. until 2 a.m., being relieved for about half an hour by Mrs. D. Buzzelle, who officiated at the piano while the orchestra had their lunch.

It was a great night and many were the expressions of praise accorded the Service Association for their excellent arrangements. It is estimated that at least 300 people attended the dance. Anyox certainly showed its appreciation of the men who served in the war and the Service Association should prosper with such encouragement,

Registrars of Voters in Anyox

Get on the Voters List

Mr. Geo. P. McColl has been appointed registrar of voters for Anyox Beach and Mr. J. Haslett for Anyox Mine.

Mr. McColl will be on duty at the A. C. L. Library from Nov. 21st. to Nov. 26th, between the hours of 2 and 6 p.m.

Mr. Haslett will be found at his office at the mine during the same period.

If you are not now on the voters list, or if doubtful, call upon the registrar and get your name put on. It is the duty of every citizen to exercise the franchise. There are some fifty married ladies in Anyox whose names are not on the list. Now is the time to attend to this. The Herald does not say how you should vote, but the main

MEMORIES

Many old memories were revived when the orchestra at the Vets. dinner struck up that famous march song of Tommy Atkins, "Tipperary," which was all the rage in the early days of the war, but seemed to die out in the latter years and was seldom heard until the army of occupation were marching through France and Belgium en route for the Rhine. The natives who had been in the territory occupied by the Hun, sang Tipperary in honour of the men in khaki. They had learned it from the contemptables in 1914, and from prisoners of war being escorted to Germany. These men, who though prisoners of war in the toils of a ruthless enemy, marched with head erect singing their war song. While they lived the Hun could not break their dauntless spirit,

thing is to vote. The more votes cast in this district, the better for the district.

What's Doing in the Naas Valley

Mr. Jack Sauer has found a suitable piece of land in the valley, where he intends to carve out a home for himself. It is pleasing to note this fact as Jack is a great worker and a most desirable settler of a type needed in a new country.

Mr. E. C. Booth has come back to the valley, but nobody knows whether he is looking for land or oil. If the former, he will have no trouble in finding a good location, but if he is looking for oil locations they are not so easily found, though indications are not bad on the surface, the best indications, however, being found in cans at Priestley's store.

Mr. James Nick arrived safely over the hills from Alice Arm to do some work on his ranch and prepare for a busy season next year.

Miss Julia Calnin has been enjoying an extended visit at Mrs. Jackson's. A shower was given at Mrs. Jackson's in honour of Miss A. Wynes, the pleasant event being much enjoyed by those present.

Mr. J. C. Studdy is contemplating a move of the Telegraph office to the other side of the river. This will bring the majority of the children close together, so that they can attend a school, which no doubt will be erected in the near future, education being a vital necessity to this generation.

Mr. John Nelson has moved his prize bull out to his location next to Gordon's ranch, so Charlie will have to beware of the bull and keep the shotgun handy.

**LETTER TO THE
HERALD**Arrandale, B. C.
Nov. 4th, 1921

Dear Sir:

There is a strange noise emanating from our fine looking pile of masonry on a green and peaceful spot at Victoria, the capital of old B. C.

Of all the zephyr breezes that come from the sunny south, this is the zephyrest. Whatever is this Hon. H. G. Perry from Fort George doing down there, raising Cain? He seems to have raised a regular rumpus in that big waw-waw house, which said hurricane threatens to make a clean sweep of things before it fades away, taking the dust and cobwebs with it. That famous (or infamous as the case may be) Dr. Baker, as chairman of the Game Conservation Board, was just having a nice little time conserving the beaver hides for you an' me in a truly philanthropic manner, till that man Perry came along. Too bad Baker was not a good sharp or he might have got away with the boodle, but that Hon. Perry, he held the best hand, and I guess by this time has gathered in all the chips, and cleaned the Baker boy. Farris was standing behind Baker boy, looking quite interested as if he would like to see Baker get the chips. Maybe he had staked him to the game, not expecting him to make a fizzle of things. But this Baker sure did burn the bread and nobody wants punk bread, so the only thing to do is to fire him out hair and hide.

It is indeed a good thing we have some real men among the assembly, such as Perry, Jones and Burde, who are not afraid to get up and demand that the trust of the electorate of this province be not trampled in political filth and betrayed. It is up to every honest member of the legislature to get the dishonest jellyfish variety out of the House of the People forever, sparing none of them, lest they should otherwise deservedly be put in the same category themselves.

Major Burde says his sympathies turned entirely to the

Premier, mid the grinding of axes, etc., but the Premier should not be in need of any sympathy, so long as he fulfils the duties of his office with a clear conscience his position is unassailable.

It is very noticeable though, that the Premier has a tendency to say hush-s-s-h, when a member gets up to make unpleasant remarks concerning that warehouse of Campbells as in the case of Hon. Jones of South Okanagan. It would be far better to let these things be exposed to the light of day than to put the lid on them, as a certain amount of scent is bound to escape. Some purifying agency such as chloride of lime suggests itself.

Our member for Atlin has brought up some good proposals in the House, such as the wage insurance measure for the protection of workers who are paid with worthless cheques or not paid at all for services rendered. He also drew attention to the necessity of transportation to the Naas Valley.

S. C. Gordon,

**Anyox Community
League Weekly
Meeting**

The weekly meeting of the Anyox Community League, was held at the Mine Hall, on Wednesday, November 16th, at 7 p.m., and forty people were present. Secretary Brown reported that the smoker at which the Dempsey-Carpentier fight pictures were shown was the most successful smoker held by the League for some time and the recreation department profited to the extent of about \$80 which should considerably help towards paying for getting the gymnasium in shape.

Councillor Buzzelle reported on the dancing class which started two weeks ago, there being nineteen pupils present, and several others have signified their intention of joining the class. There will also be a dancing class organized at the mine if sufficient pupils enroll.

Chairman Armour reported for the Forum Department, in which he intimated that after the business meeting at the beach, on Wednesday, November 23rd, a mock

debate on the political campaign will be held. It is hoped to have speakers representing the various political views take part, including Liberals, Conservatives, Labor, Independents Farmers and any others who wish to take part.

Councillor Barr of the Christmas Tree committee reported that the Children's Christmas Festivals will take place on December 28th, in the afternoon for children under 16 years, and on the following night for those over 16 years. Special scenery is now being painted for the occasion and a big time is in store for the kiddies. The evening entertainment for those over 16 years will probably take the form of a masquerade, special prizes to be rewarded for costumes.

Under new business there was considerable discussion regarding toboggan slides, one at the mine and one at the beach. The matter of making arrangements for a daily news bulletin, by wireless will also be taken up with the authorities.

President Armour read a letter from V. G. Holt, treasurer of the Vancouver Board of Trade Relief Fund, acknowledging the donation of \$100 forwarded by the Community League.

The floor was cleared at 9 p.m. and was followed by a dance an account of which is given in the other columns of the Herald.

BRITISH COLUMBIA**The Mineral Province of Western Canada**

Has produced minerals valued as follows: Placer Gold, \$75,944,203; Lode Gold, \$102,753,823; Silver, \$53,668,284; Lead, \$46,637,221; Copper, \$161,513,864; Zinc, \$19,896,466; Coal and Coke, \$212,573,492; Building Stone, Brick, Cement, etc., \$32,168,217; Miscellaneous Minerals, \$1,037,408; making its mineral production to the end of 1920 show an

Aggregate Value of \$706,192,978

The substantial progress of the Mining Industry of this Province is strikingly exhibited in the following figures which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241 for five years, 1896-1900, \$57,605,967; for five years, 1901-1905, \$96,509,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for the five years, 1916-1920, \$189,922,725.

Production During last ten years, \$331,995,328

Lode-mining has only been in progress for about 25 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Naas River Vegetables At Alice Arm

That the Naas River Valley is capable of producing vegetables equal to any grown in the province was fully demonstrated recently, when Mr. J. M. Morrison received a consignment of vegetables from Mr. N. Olsen.

The shipment consisted of potatoes, beets, turnips, cabbage and parsnips. All were a wonderful size and the cooking qualities were excellent, as we can state from experience, it being our good luck to obtain a portion of the shipment. When connections are made between Alice Arm and the Naas Valley we can expect tons of such produce to come through this way, and the sooner connections are made the better it will be for the entire district.

Granby Company Has Entered Suit

The Granby Mining Company has entered suit in the Supreme Court, in Vancouver against the Attorney General, to establish the exact amount and the date of taxes due the province from the Granby Company.

In last week's issue we mentioned that Mr. E. Yard gave several entertainments about three years ago which were very much appreciated by the people of Anyox.

Mr. Yard objects to taking all the honours and wishes to point out that any success achieved by the Dramatic Club was due equally to each and everyone of its members, and to the aid and help of the members of the parent society, to wit, The Anyox Glee Club, so ably led and conducted for over two years by Mr. W. F. Eve.

AUTUMN IN ALICE ARM

The Fall has come, 'tis cold, damp and dreary now
For wild mystic power, the summer's last leaves bow;
Overflowing rivers with destruction roll by,
Restless till united in the great ocean lie;
Red leaves are falling around naked tree and brush,
And the wind sweeps the ocean in a turbulent rush.

Mother earth looks tired and her dress seems worn,
All its beautiful trimmings are now faded and torn;
Falling little snowflakes weave a new robe of white,
For her to slumber under the long winter's night;
With new strength and power to waken up in spring,
When the sun is warmer and the birds begin to sing.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Elks Celebrate Football Cup

The Elks held their usual weekly meeting last Monday. After the Lodge session an informal singing was held to celebrate the bringing home of the football cup which was won by the Elk's team. Manager Ryan filled the cup with the national beverage of the Picts and Scots and the kitchen police served up hot dogs and coffee. Then all the boys made harmony round the piano.

Don't forget the Elks card party and social to be held on Friday, November, 25th. Admission 50 cents each. Refreshments.

Anyox Community League Dance

The dance held after the meeting of the Community League, at the Mine last Wednesday, proved a very successful affair. The floor was just comfortably crowded by merry dancers who had the pleasure of dancing to the first-class music of the Granby orchestra, and it must be admitted that Anyox is fortunate in possessing such an orchestra.

The Elks of Anyox received two new pool tables on Monday and are now busy setting them up. Pretty soon the velvet horns will be gambolling around the fields of green cloth.

Jack Marshall and Morris Peterson left on Monday, for Prince Rupert.

Mr. L. W. Lambert, Dominion Government Inspector, arrived on Thursday, to inspect the government wharf.

The Rev. J. B. Gibson, of Anyox arrived on Tuesday, and held Divine Service in the Anglican Church, on Wednesday evening. A large congregation were present and the service was greatly appreciated.

The Armistice Day dinner given by Mr. and Mrs. George Young at their residence, on November 11th, was admitted by all who were fortunate enough to be present to be one of the jolliest evenings they ever spent.

Capt. J. McGregor, V.C. and Mr. Turnbull, of Prince Rupert, arrived at Alice Arm, on Saturday, and a very successful meeting was held in the interests of Col. Peck. Mr. Turnbull gave a very straightforward and earnest address in the support of the gallant Colonel. We regret that we cannot give a more detailed account of the meeting.

Crerar

The head of a great trading organization which unites its trading with its politics—a political theorist—has lost control of the political movement he started and is being driven into impossible positions by class rule extremists. He is under the domination of Wood, the political boss of Alberta. He would give effect to Free Trade, thus destroying Canada's industrial and economic structure.

A Vote for Crerar is a Vote for Chaos

King

So evasive that nobody knows where he actually stands on the great issues of the day. Fits his policy to suit his audiences. Talks Free Trade to the West and Protection to the East.
