Mine Ball Team Again Win from Smelter

In a well played ball game on Tuesday evening the Mine again defeated the Smelter aggregation. Both teams fought hard from the first inning until the last man was put out. Inability to hit in the pinches and poor fielding on the part of the Smelter was the cause of their downfall. The Mine played well throughout only one error being chalked up against them. They made all their runs in the second inning; Anderson reached first on an error; Olsen struck out; J. Ferguson walked; Corckle tried to bunt but rolled one to Fortin, who threw home to catch Anderson at the plate; McKeown fumbled the ball; Anderson safe at home; Ferguson going to third and Corkle to second on the play. Bob Stewart hit safe scoring Ferguson; Corkle going to third; Corkle was caught at home on a neat play by Sinclair; Stewart to second on the play; Halverson walked; Stewart going to third; Halverson, stealing second on the next ball pitched; Mealey hit to left scoring Stewart and Halverson; Greenwell struck out ending the scoring for the Mine. The Mine did no further scoring the rest of the game.

The Smelter got one in the fourth Brown the first man up struck out, Fortin walked, Dodds sacrificed him to second and he scored on Tommy Loeske's hit to right; Steve McKeown hit safe advancing Loeske to third; Sherman flied out retiring the side. The Smelter scored their second run in the seventh; Steve McKeown connected for two bases; Sherman followed suit; McKeown scoring, it looked like the Smelter were going to stage a rally. Matheson was hit by a pitched ball, but the next three batsman went out in order, McKeown popped out to short, Sinclair fanned and Brown grounded out to second.

Cecil Ferguson pitched nice ball for the Mine and was given good support by his team mates, he was touched for six hits, and fanned six. Fortin pitched good enough ball to win two or three games but was let down by his mates, six errors being chalked up against them Fortin was only nicked for three safe hits and fanned ten.

The score:

	Runs	Hits	Errors
Mine	4	3	1
Smelter	2	6	6

Batteries: Mine, C. Ferguson and Greenwell; Smelter, Fortin and McKeown.

Anyox Tennis Players Journey to Stewart

A party of Anyox Tennis players made a trip to Stewart on Monday last to play a series of games with the players of the latter town. The programme of play that had been arranged was somewhat curtailed owing to a heavy downpour of rain in the morning, but play was resumed after lunch, and thirteen events decided, the Anyox players being successful in eight events, the remaining 5 going to Stewart.

The visitors were entertained with a tennis club dance, at which an excellent supper was served, and returned home on the Azurite, on Wednesday, having thoroughly enjoyed every minute of their trip and the great hospitality and kindness shown them by the Stewart people will remain as a very pleasing memory for a long time.

The players making the trip were: Mrs. Champion, Mrs. Deane, Mrs. Munroe, Mrs. Speight, and Messrs. H. J. Ballion, S. Cole, T. Townshend and O. G. McIntyre.

ALICE ARM NOTES

Don't Forget To-morrow is Parson Rushbrook's Sunday at Alice Arm

Children's Service, 11 a.m.
Evening Prayer, 7.30 p.m.
ALL WELCOME

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Rev. Father Buck, of Salem, Oregon, arrived on Monday and is spending a few week's holiday with Mr. and Mrs. C. P. Riel.

Mrs. Wm. O'Neill and family, arrived from Anyox last week, and are spending holidays here.

Mr. F. Bardwell of the office staff, Anyox, arrived on Sunday and is the guest of Mr. Chas. Hutchison. Since being here Fred has proved himself an expert on landing the big trout.

Mr. and Mrs. Geo. Young and Mr. J. A. Stephen arrived from Stewart on Monday. Mr. Young and Mr. Stephen have spent some time at Stewart preparing plans and laying out for road and trail work during the summer.

Mr. Bater of the Anyox Hospital Staff, arrived on Sunday, and will spend two week's holiday with Mr. J. Strombeck.

See Al. Falconer for Freight and Pack Horses.

The Welcome Pool Room is presenting a more welcome appearance each day. Mr. Art Beaudin is engaged in covering the exterior with siding and also adding a coat of paint.

Mr. Geo. Beaudin has rented the store lately occupied by Mr. Steve Dumas opposite the Kitsault House The store will specialize in men's smoking requirements.

Mr. J. M. Morrison was a passenger to Prince Rupert on Tuesday, on the Awake. He returned on Thursday. Mrs. Morrison and baby accompanying him from Anyox.

Mr. G. W. (Slim) Nelson arrived back on Monday from a short visit to Stewart.

Mrs. Geo. Warwick and baby, of Anyox, arrived on Thursday, for holidays, Miss Bernice Clay accompanied them.

Mrs. O. K. Dwyer and family of Anyox are spending holidays at Silver City.

Mr. and Mrs. Eric Anderson, of the Rambler Quartz Mine, Anyox are spending a week's holiday in town.

Mr. F. J. Bishop, accompanied by Mr. J. Duffy arrived from Prince Rupert on Thursday. Mr. Bishop has taken over the Kitsault House from Mr. S. Dumas, and in a few days will be ready for business. The lower floor will be used as a pool room and cigar store, and the upper rooms will be for the use of guests.

Mrs. Kirkwood and family, of Anyox are spending two month's holiday in town.

Mrs. Stephens and daughter, of Anyox Mine, arrived on Thursday for holidays.

Mr. H. F. Kergin, M.L.A., left on Thursday on a visit to Victoria.

Continued on page 4.

Alice Arm Mining Notes

Esperanza Ships Ore

A shipment of seven tons of high grade ore was made by the Esperanza Mine during the week. The ore was taken from the tunnel above the Baldy tunnel and will be shipped on Monday to Trail smelter for treatment. The work of mining ore is still being carried on.

New Tunnel on Sunset

A new tunnel is being started by the Keystone Mining Co. on the Sunset property, on Roundy Creek. The tunnel is 1000 feet lower down the hill from the old tunnel, and a depth on the ore will be obtained. The ore vein at the tunnel is two feet wide, and the vein will be drifted on. A new camp will be built near the workings, and the trail from the beach repaired in order to facilitate the transportation of supplies.

Homestake Trail Repaired

Major R. F. Crichton, superintendent of Homestake Mining Co. spent a few days in town during the week. He stated that four men are working underground on the property in the No. 1 tunnel, while the balance of the men are repairing the trail. As soon the bridge is built across the Kitsault by the government and the trail repaired. the work of constructing a permanent camp will be proceeded with.

Development Work on Silver Lead

Mr. J. Nick has built a cabin on the Silver Lead property on Copper Creek. He states that he intends to do some underground work this year on the property. Some good surface showings exist, carrying grey and yellow copper, and also good silver values. The vein on which work will be done lies in the bed of the creek, and a tunnel will be driven while dry weather exists.

Miss Margery MacDonald Anyox Candidate for Carnival Queen

Miss Margery MacDonald has been nominated as the Anyox candidate for the Carnival Queen Contest, in connection with the Prince Rupert Exhibition. Miss MacDonald was nominated by Bert Kergin, M. L. A., and Fred Brown. She has been a resident for many years in Anyox, and at present is on the staff of the Pioneer Mess. She is an exceedingly popular young lady, and with a good strong committee working for her, and everyone boosting, Margery stands an excellent chance of capturing the first prize. Anyox came second last year, with two candidates in the field. But this year it is up to Anyox to lead the north; we can if we try. Let's go! Buy a ticket; if not one, then buy a dozen.

ANYOX NOTES

FOR RENT—at Alice Arm two tents 12ft. by 14ft. with board sides and floors; cook stove, beds, tables, chairs, etc. Ideal location for campers. $5.00 per week for the two.—Apply Herald Office.

Mr. J. Conway, government agent, left on Tuesday evening, on the Awake for Prince Rupert on business in connection with the appeal of those lately convicted of selling liquor at Anyox, Alice Arm and Stewart.

Dr. R. P. Kinsman, of Vancouver, arrived in Anyox to take up the duties recently vacated by Dr. R. Ziegler at the Mine.

Mr. H. S. Munroe. General Manager, of the Granby Coy., left for the south on Thursday.

A quiet wedding was solemnized at the home of Mr. and Mrs. Barclay on Thursday, between Mr. D. Muir and Miss Annie Thompson both of Anyox. The wedding ceremony was performed by the Rev. J. Herdman.

Mr. J. Butcher of the Machine Shop, left on Thursday for a short trip to visit his wife in Prince Rupert.

Mrs. James Robertson and infant left on Thursday for Vancouver for the summer vacation.

The Rev. W. A. Wyllie, of Kamloops, is visiting his son at the Mine, and will preach at the Anglican Church on Sunday night.

Mr. and Mrs. Yarborough and family arrived back in Anyox on Thursday.

Mrs. R. Ferguson was a homeward bound passenger by Thursday's boat.

Among the arrivals on the Prince Rupert were: Messrs J. Gilbow, J. King, F. J. Bishop. Mr. and Mrs. Crawford, H. L. Taylor, J. Donald, T. P. O'Brien W. A. Tyson, W. A. Wylie C. Hofer J. Hart, S. Jack, W. A. Peters, K. Myres, D. C. Moore, J. Duffett, J. McLegan, Father Fleck. Miss G. Farnel. Mrs. M. Myre, Miss S. Davis, Mr. D. Brown. Mr. L. C. Ferguson and Miss Sheila Conway.

Mr. D. Brown, a former resident of Anyox, arrived on Thursday, and is employed at the Mine Store. He will be a valuable addition to the Mine Store.

Mr. Ron. Moore left on Thursday on a six week's vacation in the south.

The volcano on the hill is again in eruption, and smoke is pouring from the crater, sending its sulphurous fumes high in the air. Below the crater it is a roar of activity in order to keep the fires red, and extract the metals. Yes, the smeltermen are hitting their stride again, and all is well. The meal ticket of some 2000 people is again producing wealth.

Uudoubtedly the prettiest spot in Anyox these days is the front of the Store Manager's House, Mr. L. F. Champion. The closing down of the Smelter has certainly worked wonders with the decidedly charming garden, so industriously cultivated by Mr. Harold Ballion. The Lawn these last few days reminded us of those beautiful kept billiard table looking lawns one is accustomed to see in the Old Country, and which in many cases have taken hundreds of years to produce. Old-fashioned flowers are also there in profusion, Congratulations to Mr. Ballion.

Continued on page 2.

Exciting Finish of Alice Arm Tennis Tournament

The most evenly contested mixed double tournament ever staged on the local courts terminated on Sunday evening. The brilliant playing of Mr. Barney Gray who with Miss F. Barrett won the tournament was a feature. Miss O'Neill and Mr. McIntyre, both of Anyox, and Mrs. Nucich and Mr. Allen Falconer put up a fine brand of tennis but were eliminated by the exceptionally good playing of the winning couple.

Mrs. T. W. Falconer and McGinnis lost to Mrs. McGinnis and Oatman lost to Miss Barrett and Gray won from Miss Crawford and Ross.

Mrs. Kergin and Hardy lost to Miss Sutilovich and Flint lost to Mrs. Nucich and Al. Falconer won from C. Hutchinson and Fowler.

Miss N. Hogburg and Manzer lost to Miss Nucich and T. W. Falconer lost to Miss O'Neill and McIntyre won from Miss Barr and Fowler.

Mrs. Nucich and Falconer drew the bye in the final round. Miss Barrett aud Gray won from Miss O'Neill and McIntyre and won from Mrs. Nucich and Falconer.

Logging Engine Has Arrived. Booms Ready

An additional yarder logging engine arrived in Alice Arm on Monday for the Abbotsford Logging Co. The gear for the high lead system has also arrived and one high lead has been installed. One donkey engine is being moved up to the Illiance River, and the other one is already in its location farther back from the waterfront.

One boom of logs composed of 15 sections was completed during the week and another boom of similar size is just about nearing completion and ready for towing to Ocean Falls. Each of the booms are of the flat raft variety and contain approximately 750,000 feet of lumber each.

Contract Let for Anyox Government Building

The contract for building the Provincial Government building at Anyox, has been awarded to Messrs. Greer, Beatty and Douglas of Prince Rupert, and construction will shortly be commenced. It will be a frame building and cost in the neighbourhood of $14,000

Baseball Players Batting over 200. Up to and including July 24th.

Mr. W. F. Roberge, organizer for the Prince Rupert Fair, made the round trip on the Cardena, on Monday, visiting Alice Arm and Anyox. He expects a big Baseball Tournament to be staged at the Fair, and hopes that Anyox will be well represented.

Anyox Notes

Continued from page 1.

Mr. E. J. Conway, mining engineer to the Granby Co. left last Monday for Prince Rupert.

Rev. Father Fleck of the Roman Catholic Church, was a southbound passenger on the Cardena on Monday, his destination being Prince Rupert.

Mr. T. J. Shenton, inspector of Mines returned to Prince Rupert after a short stay in Anyox.

Mr. Patrick Sharkey of the Provincial Forestry Department who has been in Anyox since last Thursday returned to Prince Rupert on Monday last.

Edward Edwards and Frank Hansen of Anyox, were arrested on a charge of being drunk in a public place by Constable Dryden. They were let out on bail of $52 each, to appear on Monday July 23rd. They failed to do so and the bail was estreated.

The Annual Flag and Children's Day will be given by the B, P. O. Elks on Wednesday next, at the Recreation Park. Grand Parade leaves Elks' Hall at 1.30 p.m. Everyone is invited.

Mr. E. H. Murray, late of the Canadian Bank of Commerce at Anyox, and who is now at the local branch in Prince Rupert made a trip here this week on his boat "The Bumble Bee" and intends staying for a short vacation.

Mr. A. Meehon of Vancouver, arrived here last Monday and is staying at the Granby Bay Hotel.

Our local representative in Anyox is Mr. Stanley Spragg to whom all communications advertisements, etc. should be addressed. P. O. Box 89, Anyox.

Mrs. Kelley, and Mrs. Eve and children left here during the week on the "Effee" bound for Silver City, where they will spend their summer vacation.

Mr. H. R. Lee of the assay office and also a member of the Smelter Baseball Team, left on Monday; Mr. Lee has left the employ of the Granby Co.

Copper Sales Better With Price Trend Up

Burdick, Logan & Company, Limited

Foreign and Domestic inquiry shows marked improvement and indications are that weak second-hand and smelter offerings will soon be absorbed and out of the way.

Producers are holding firmly at 15 cents delivered. Second-hands and custom smelters are unwilling to sell under 14 1-2 cents and indications are that price will be advanced in 24 hours. Last week sales were made as low as 14 1-4 cents delivered so that price has opened from 1-8 to 1-4 cent a pound above last week's low prices of 14 1-4 to 14 3-8 cents. Foreign feeling is distinctly better and with domestic inquiry increasing it would not be surprising to see quick recovery to 15 cents. Much depends upon development in the European situation.

Inquiry in market, while markedly better than for several weeks, is not especially large, but does indicate a distinct change in consumer's attitude and an increasing feeling on their part that they are letting copper on their books get too low

Should favorable action grow out of present developments in Europe, lowness of metal stocks in hands of fabricators, both here and abroad, lowness of metal stocks in hands of finished copper and brass goods on shelves of jobbers and in hands of trade generally would tend to result in rapid recovery in price above 15 cents. Indications are that fair buying can be expected this week, with disappearance towards end of week of most of the under-price copper.

Alice for the first time saw a cat carrying her kitten by the nape of the neck. "You ain't fit to be a mother", she cried scathingly. You aint hardly fit to be a father."

Mr. Wm. Finck, who is on the office staff of the American Mining and Smelting Co. at Tacoma, was a visitor in town over the week-end, the guest of Mr. F. Stringham.

Presentation of Gifts to Anyox Bridegroom

A pleasing little cermony took place during the week at the General Store. The occasion being the presentation of wedding gifts, given by the Employees of the Store to one of their colleagues who has taken into himself a wife. Mr. L. F. Champion, the manager, in making the presentation, referred to the esteem in which Mr. Noel was held both by the employees and himself and wished the happy couple all prosperity in their future life. Amongst the gifts were: An Afternoon Tea Set, Cheese and Cracker Dishes, Bread plate, and individual Salt and Pepper Shakers. Mr. Fred Noel briefly responded and a very interesting ceremony ended.

Success is luck. If you keep hitting the ball hard enough, some of them will fall where they ain't.

If you want to get in you must knock, but it is a good plan to keep all the knockers out.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,542,203; Lode Gold, $109,647,661; Silver, $59,814,266; Lead, $51,810,891; Copper, $170,723,242; Zinc, $24,625,853; Coal and Coke, $238,289,565; Building Stone, Brick, Cement, $36,605,942; Miscellaneous Minerals, $1,358,839; making its mineral production to the end of 1922 show

An Aggregate Value of $769,418,462

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1922, $35,158,843.

Production During last ten years, $339,280,940

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Orientals are Increasing

There has been plenty of ground for the stand taken by Attorney-General Manson, Hon. William Sloan, minister of mines, and other government supporters, against the inroads of Orientals in this province, and the realization has been brought home graphically that something must be done and done quickly.

Recent figures given out by the government show that Japanese multiply three times faster than whites in British Columbia. There are 15,000 Japanese in the province and only 862 in the rest of the Dominion. Vancouver alone has 4246 Japanese.

Little wonder the citizens of many districts have repeatedly cried out against the oriental.

No Vote on Open Sale of Light Wine and Beer

If the sale of the liquor can be said to be a success in any form, it can now be taken that the system of government control worked out by Attorney-General Manson and the liquor control board is about as near perfection as any method of handling the strong stuff can be. Many people in British Columbia have agitated for the open sale of beer and wine, but the government have refused to submit the question to a vote. The Manitoba electorate seem to have endorsed the opinion of British Columbia administration and there is little likelihood of the voters in this province being asked to state their opinions. Manitoba declared for government control by an overwhelming majority but Manitoba rejected the open sale of beer and wine by an even larger majority. Such a clear-cut expression of opinion in a western province may be taken as the definite idea of all Western Canadians on the liquor question and the system followed in this province will be adopted by Manitoba.

GOOD MONEY IN GOOD FARMING

"Let's Get to Work and Pay Off the Mortgage"

NINE years ago Canada's national debt was about one-third of a billion. It is more than two and one-third billions today.

Our debts have greatly increased—our revenues must also go up. The farmer has to bear his share of the increased burden. That means he must increase his revenue.

Complaint has been heard that farmers under present conditions in Canada cannot make farming pay. And yet many thousands of Canadian farmers do make it pay.

How Is It Done?

Patient and industrious "carry on" will do wonders, but something more is needed. Too often "patient industry" is coupled with "dull persistance" in poorly thought out methods.

Farmers today more than ever, must plan ahead, as well as "plug along"; indeed they have no option, if they wish to succeed.

Co-ordination of head and hand will mean real success. Farming in Canada has paid and pays now on many farms. It can be made to pay on almost every farm. Canadian agriculture has passed through low profit-making eras successfully in the past and can do so again.

Crop Returns Should be Increased

On the Central Experimental Farm at Ottawa some crop costs and crop profits in 1922 as contrasted with all-Ontario average crop costs and crop profits are given below. The all-Ontario figures are in brackets:

	Cost per acre	*Profit per acre*
Hay	$21.13 ($13.50)	$11.21 ($5.09)
Corn for Forage	$47.50 ($33.75)	$10.38 ($2.86)
Oats	$26.47 ($19.32)	$ 7.33 (.04)

Similar results can be shown from the Dominion Experimental Farms in every province.

Experimental Farm crops are sometimes claimed to be produced at too great cost. Thousands of experiments, however, show that increased cropping costs wisely applied up to a reasonable point always increase crop profits. This is true on the Experimental Farm—and on any and every farm.

With the increased cost of production, the higher standards of living now prevailing cannot be maintained by poor farm management, "boarder" milkers, scrub beeves, poor quality hogs or non-profitable hens.

That even under present conditions profits may be made is testified by many skilful, observant and non-plunging farmers, who believe more in the policy of "slow but sure" and "pay as you go" rather than speed, with excessive borrowing and the often consequent disaster.

The results on our Experimental Farms also bear testimony to the value of thorough, skilful work.

The Farmer Must Manufacture

But crops alone are not enough. The farmer must change his crops into less bulky and more high-priced products—milk, pork, beef, mutton, poultry, etc.

With fair yielding cows dairying shows good profits in Canada. The average cow has increased her yield 25% in the last ten years. She can quite readily go up another 25% and more, and there's where the profit lies. Better feeding, better selection and better breeding will do the job—feed, weed, breed.

To do better feeding means better pastures and more generous supplies of palatable roughage. Short rotations including clover and ensilage crops (corn, sunflower, pea and oat, etc.) will provide feed in abundance for both summer and winter. The experiments and investigations which the Dominion Department of Agriculture have carried on prove that farming scientifically and systematically undertaken will pay profits. The records and particulars of such work in every province are available to the Canadian farmer.

Are you growing grain, or producing seed or interested in fruit? We can give you information that will help you. Do you breed live stock? Are you keeping dairy cattle? Are you interested in poultry or bees? Ask us for information. We have some that will help you.

We have published and have for free distribution 390 different reports, bulletins and circulars dealing with matters of interest to you. Ask for what you want, or for a list of our publications.

We shall have something more to say later. Meantime write the Department of Agriculture, Ottawa, about your problems.

The secret of good beer lies in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.

Alice Arm Notes

Continued from page 1.

Some big catches of trout have been made during the week, especially by the Anyox visitors, strings of thirty and forty being frequent.

See Al. Falconer for Wood or Coal

The Annual Sunday School picnic of the Anglican Church, was held yesterday afternoon. A full report will be given next week.

Wm. McLean left during the week for the Lucky Strike Group at the Kitsault Glacier, in order to do development work on the property.

Mrs. Cane and little girl, of Anyox arrived on Thursday, for holidays.

A party of government timber cruisers of the Provincial Forestry Branch of the Department of Lands are in the district for the purpose of investigating the amount of damage caused to the timber by the Anyox smelter smoke. They are at present at Larkum Island, but will eventually cover the whole district.

The party is composed of ten men, and Messrs. E. E. Gregg, E. I. Ternen, and H. Purdy, accompanied by Mr. W. M. Meehon, timber cruiser for the Granby Co. arrived in town on Thursday.

WATER NOTICE

(DIVERSION AND USE)

TAKE NOTICE that the Granby Consolidated Mining, Smelting and Power Company Limited, whose address is Anyox, B. C., will apply for licences to take and use water from Cascade Creek, which flows southerly and drains into Maple Bay of Portland Canal, on Lot 490 Cassiar Land District. The quantities and points of diversion are as follows:—

GRANBY STORES

It Is Yours

Five-sixths of the timbered area in B. C. belongs to the People

Each year, it is increasing in value as the more accessible timber is cut.

In 1922 there was received from the sale of such timber the sum of $620,000.

This helped to keep your taxes down, and to build up the Province.

Green Timber is British Columbia's assurance of Perpetual Prosperity.
