Strong Company Now Organized to Operate Esperanza

Operations at the Esperanza mine will be considerably extended during the coming year according to present plans. The management of the mine have successfully effected a reorganization, a new company having been formed with a capitalization of \$500,000.

It is understood that one of the first things undertaken by the company will be the installation of a power plant. A compressor has already been purchased and is ready for shipment when required.

Mr. N. Fraser, who is in charge of operations at the mine states that the mine is looking good.

A meeting of the Board of Directors will be held at Prince Rupert in the immediate future. At this meeting future plans for operating the property will be made, and a new secretary elected to take the place of Mr. Murray who recently left for the south.

Formerly the Esperanza was owned by a syndicate of Anyox men. Later Prince Rupert men were interested, but not enough money was available for operations on a scale large enough to pay dividends. With the expansion of the company it is expected that ample funds will be available for the conducting of operations on a larger scale.

The Esperanza has shipped a large quantity of high grade silver ore, and it is the opinion that the ore bodies have only been scratched. It is ideally located for cheap mining, being only about two miles from the government wharf.

Alice Arm Christmas Tree Next Tuesday

The Alice Arm children's Christmas Tree will be held in the School House on Tuesday evening next, instead of Wednesday as formerly arranged. The opening hour will be 7.30 p.m. and the ladies in charge extend a cordial invitation to everyone to be present.

For the past few weeks the children have been assiduously studying their various parts in the entertainment and a good evening's enjoyment is promised to all who attend.

Record Snowfall

More snow fell throughout this district during the week, and at the present time more snow is on the ground at this date than in any previous year since the oldest resident can remember.

Boxing With Basketball Features This Week's Games

Two basketball games were played at the Beach Gym, on Wednesday evening, both being of a high class variety and the fans received plenty of action for their money, with a couple of good boxing bouts thrown in for good measure.

In the first game the Rinkey Dinks showed considerable improvement over their last meeting with the High School, only losing out by the close score of 38-25. Clarence Dresser was the high scorer for the losers with 9 points. Asimus and McMillan each notched twelve points for the winners. The teams were: High School; Steele 7; McDougall 6 Kent 1; Asimus 12; McMillan 12. Rinkey Dinks: Carney, Dresser 9, Barclay 6, Wilson 4, McDonald 6.

The senior tilt provided the fans with great excitement. It was a ding-dong battle from start to finish, the Mechanics finishing on the long end of a 28-22 count. Three of the Concentrator side were banished and two of the Mechanics also for indulging in fist fights during the contest. Nobody was hurt, however, and the fans got a great kick out of the proceedings. Hooper was the big scorer for the losers with 8 to his credit. McLachlan was high man for the winners with 16.

The teams were: Concentrator, McDonald, Musser 4, Hooper 8, McColl 2, McConachie 4, McLeod 4, McKay. Mechanics: Lazorek 2, Lindgren 2, McLachlan 16, Beau-lieu 4, Evans, Wilson 4. Theo. Asimus was the referee.

Special Meeting Chamber Of Mines

A special meeting of the Alice Arm branch of the British Columbia Chamber of Mines will be held at the School House this evening, December 17th at 8 p.m. The meeting has been called for the purpose of discussing the offer that will be made by Mr. B. C. Marsh, representing the Alice Arm Mining & Development Syndicate, for installing a water system and power plant for the use of Alice Arm residents.

Mr. Marsh will address the meeting and outline his plans. Everyone is invited to attend and take part in the discussion of a project which means so much for the future welfare of the camp.

Shower Held in Honor Anyox Bride-Elect

A shower in honor of Miss G. McLeod, who is soon to become the bride of Mr. Richard Bredenberg, was given at the home of Mrs. J. M. Dunn, on Monday evening.

About forty ladies were present and the bride-to-be was the recipient of many varied and useful gifts. The shower gifts were presented in a large prettily decorated basket, which was brought in by Mrs. Dunn and Mrs. J. Cloke.

During the evening cards were indulged in, six tables of court whist were played the winners being: first, Mrs. J. Tierney, second Mrs. M. J. Bryden; consolation, Mrs. J. A. D. Stewart. In the Pig drawing contest Mrs. F. Dresser took first prize, Mrs. C. D. Clarke, second and Mrs. A. Lawn third.

Mrs. T. Pinckney delighted the guests with two vocal numbers accompanied by Mrs. Kent at the piano, while the bride-elect was examining the many presents.

Immediately preceding the presentation of the shower basket dainty refreshments were served.

Success Attends Anyox P. T. A. Concert

The Christmas Concert of the Anyox Parent Teacher Association was held on Wednesday evening.

Sketches and choruses were given by pupils of the Granby Bay public schools, in a manner that reflected great credit on the performers and also to those who were responsible in teaching the children their various parts.

The attendance was large and the audience greatly appreciated the successful efforts of the juvenile artistes.

A detailed report, giving the names of all those who took part will appear in next week's issue of the Herald.

United Church Ships Gifts for Christmas South

The local United Church shipped two large packing cases of gifts of various kinds to be distributed to the needy in the East End of Vancouver. The boxes left on Thursday's boat and will be distributed by the Welfare Dept. of the First Church.

The power boat Granby brought over a scow load of Christmas Trees from Silver City this week, to be distributed to the people of Anyox.

Mining Company Offers Light and Power System

A syndicate of Prince Rupert and Vancouver people is being formed for the purpose of taking over the Success group of Mining claims at Alice Arm according to advices received from the south, and also to supply the town of Alice Arm and the surrounding mines with light and power if the people of that place wish it.

The scheme is to harness Falls Creek, which passes over the Success property, and to use the power so developed in the operation of the mine and also of such adjacent mines as wish to use it. Application will be made for a charter to supply the town with light and power. If the offer is accepted, the probability is that Alice Arm will have all modern utilities before another winter comes around.

The Success group is a silver-gold property a mile West of Alice Arm, owned at present by W. A. Wilson of Prince Rupert and associates of Alice Arm. It adjoins the Esperanza mine and is said to have some very good showings.

ALICE ARM NOTES

Mr. A. Davidson, who is developing the Wildcat property in the Upper Kitsault country came down for supplies on Tuesday and left again the following day. He states that underground work is proceeding satisfactorily. Some ore is commencing to come in, which is promising.

L. O'Connor, who has spent the past month or two in Anyox arrived in town yesterday.

Canon W. F. Rushbrook, arrived yesterday from Prince Rupert.

Two relatives of J. Fiva arrived yesterday from the Old Country and will reside here.

Canon W. F. Rushbrook arrived at Alice Arm yesterday and will hold Divine Service at the Anglican Church tomorrow at 7.30 p.m. Following the Service a Vestry meeting will be held. You are cordially invited to attend.

J. Stark arrived down from Camp 8 during the week. He has been caretaker there for a number of years for the Dolly Varden Mines Ltd. In future no caretaker will be employed.

Mr. B. C. Marsh, representing the Alice Arm Mining & Development Syndicate arrived yesterday from Prince Rupert.

Large Attendance at Big Moose Masquerade Dance

A very enjoyable Masquerade Dance was held by the Moose Lodge on Friday evening December 9th. in the Elks' Hall. A large crowd was present, the majority of whom were in fancy dress. The hall was decorated with the Lodge colors, and with the many and varied costumes it presented a colorful and animated scene. Dancing commenced at 9 p.m. and continued until 2 a.m. At 11 o'clock good eats were served in the dugout.

The prize winners were: Ladies, Best Dressed, Miss Mary O'Neill, Roman Lady. Advertising, Mrs. Brown, Dennison's Crepe Paper. Original, Miss Richards, Old Fashioned Lady, 1856. Miss Vera Eve Japanese Lady.

Gentlemen: Best Dressed, Charles Harman, Roman Warrior. Advertising: J. Wilson, Big Ben. Original, A Morton Indian. Comic, M. Cranley.

The Moose Orchestra supplied their usual excellent music for the dancing.

The Committee in charge of the affair consisted of: E. R. Johnson, Chairman; J. Deeming, J. Varnes, H. Ward and J. Webster.

Skating at Alice Arm

Thanks to the untiring efforts of a few of Alice Arm's energetics a fine sheet of ice is now available at the Skating Rink. It was taken full advantage of during the week by all those who desire an outlet for pent up energy, or delight in exhibiting their skill in manipulating the hockey puck. Up to present, however, no plans have been made to arrange any hockey matches.

The Imperial Oil Company's Tanker Nina Brea, Capt. Richards, arrived in port on Thursday afternoon from Vancouver with forty thousand barrels of oil for the Granby Co. The tanker was piloted here from Vancouver by an old resident of the camp, the name being Capt. Andy Sinclair. The Mina Brea left on Friday for Vancouver.

Harry Goebel was a southbound passenger on Thursday enroute for Portland, where he will spend Christmas with friends. After which he will go to Edmonton Alta. where he will reside in the future.

Before the Knights of the Round Table at the Empress Hotel, Victoria recently, Attorney-General Manson gave an optimistic lecture illustrated with lantern slides, showing that British Columbia's production of wealth in various forms has increased to an extent not generally realised. Electors who heard the Attorney-General in recent by-elections will recall the trend of his remarks then, which were on the same lines as he now takes.

The Attorney-General said he was a believer in sound advertising of this kind. He could not see why the Province, with all its potentialities, should not make itself known to the world. To counteract a tendency towards pessimism among the people it was useful also, he said, to lay these facts before British Columbians themselves.

The simple figures of the Province's growth, he believed formed the best possible argument against pessimism.

This is the argument, almost word perfect, put up to the Minister and his colleagues of the Government a year or more ago by the British Columbian & Yukon Press Association, when the newspapermen of the Province offered to cooperate with the Government on a 50-50 basis in a campaign of publicity which the Association members were prepared to enter into.

At that time, and more recently, the proposal of the Press Association was turned down. It is recognised by businessmen the world over, that there is no medium equal to the newspapers to put over high-class publicity of this nature. Perhaps with this change of heart, Attorney-General Manson and his colleagues will in 1928 adopt the scheme proposed by the Press Association and institute a publicity campaign.

We believe it would produce results not now dreamed of.

B. C. Obtains Excellent Price For Bonds

An issue of a million dollars of thirty year four per cent bonds was sold recently on \$4.42 basis to a syndicate composed of the Royal Bank, A. E. Ames & Co. and Wood Gundy Co.

At the time of the recent bond sale the government agreed to sell a million more debentures should the syndicate desire it and the price offered was satisfactory.

The average cost of the money to British Columbia for the entire year has been reduced to 4.57 by this latest issue this being the lowest average of any province in Canada

Diamond Drill Invented By French Engineer

Black diamonds, or carbons, were first used for rock boring by Rudolph Leschot, a French engineer, in the construction of Mont Cenis tunnel in 1864. The diamonds were crimped in the face of an annular ring or bit and caused to rotate under pressure against the rock face, thereby cutting a hole suitable for charging with explosive. Leschot's drill holes were made for blasting with no intention of core recovery, and the significance of this aspect of the appliance was not realized. Although blast holes are no longer bored by diamond drilling, diamonds are still crimped into the face of an annular bit, which is caused to rotate under pressure into various rock formations. Leschot's principles of operation have changed little, although more than half a century of experience has enabled us to refine his methods and equipment so that today the diamond drill is an invaluable aid in nearly all stages of the exploration and development of a mining property, in the selection of bridge, dam, and foundation sites, in drainage and ventilation problems, oil-structure investigation, wildcat drilling, and similar problems.

Montana's Oldest Resident Dies. Prominent Miner

William Berkin aged 101, said to be Montana's oldest resident, died recently at Butte. He was a partner of W. A. Clark, who later became U. S. senator, and is said to have freighted the first Butte ores by ox-team to Fort Benton, river port, for shipment to Swansea, Wales. He established the Diamond R transportation system and built roads throughout Montana.

He located the Mountain Chief mine and sold it for \$3700; it has produced millions and is now valued at \$25,000,000. He was an U. S. marshal in Montana Territory. As a youth he was a steamship engineer and was the author of the "Handbook for Steamboat Engineers," published in England, his birthplace, and said to be the first book on that subject.

True Friendship

"I've just been to the bank to borrow some money and they say all I need is to have you sign your name on this note. Then I can get all the money I need. Won't that be great?" "It's awful. Here you and I have been friends for many, many years, yet you go to the bank when you need money. Now, you go back to the bank and say that they should sign the note—then I'll lend you all the money you want."

Man is the only animal that can be skinned more than once.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
 Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.
 Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 6,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

STEAMSHIP AND TRAIN SERVICE

S. S. Prince Rupert leaves Anyox for Prince Rupert, Vancouver, Victoria, Seattle, and intermediate points, each Thursday, at 11.00 p.m.

S. S. Prince John leaves Prince Rupert, for North and South Queen Charlotte Islands, fortnightly.

PASSENGER TRAIN SERVICE FROM PRINCE RUPERT

Trains leave Prince Rupert each Monday Wednesday, and Saturday at 11.30 a.m., for Jasper, Edmonton, Winnipeg, direct connections for all points East and South.

Use Canadian National Express for Money Orders, Foreign Cheques, etc., also for your next shipment.

For Atlantic Steamship Sailings or further information, apply to any Canadian National Agent, or to R. F. McNAUGHTON, District Passenger Agent Prince Rupert, B. C.

WINTER CLOTHING

Special Trips by Arrangement

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407, making its mineral production to the end of 1926, show an

Aggregate Value of \$988,108,470

The substantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for five years, 1921-1925, \$214,726,650; for 1926, \$67,188,842.

Production Last Ten Years, \$429,547,755

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information. Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

Ontario Mining Road Shows Profit

The Temiskaming & Northern Ontario Railway is owned by the Ontario government and operated by a commission. For the fiscal year ended Oct. 31 the road paid to the government an operating surplus of \$1,300,000. This is the first time in its history that the T. and N. O. has met its full interest charges. The steady growth of the railway is a barometer of business development throughout the North. Though the road has had deficits in the past, the government has not looked upon them as deficits, but as contributions to the advancement of a part of Ontario which is now coming into its own.

Federal Government Is Not Anxious to Build Peace River Outlet

The decision of the Federal Government to undertake construction of over eighty miles of railway to the Flin Flon mine in addition to its work on the Hudson Bay Railway makes it less likely than ever that any big scheme for a western outlet to the Peace River country will be undertaken by the Dominion next year. The government would prefer to see some private company undertake the work. It is pretty clear that unless unusual pressure is brought to bear upon the government, nothing definite will be done this year.

Premier Manager Denies Purchase Rumors

Dale Pitt, general manager for the Premier Gold Mining Company, has telegraphed from Stewart denying reports that the Premier had purchased the Silverado and that money paid by him for the Silverado is to finance the Dunwell. Also he denied that the Porter Idaho is to be combined with the Prosperity and Silverado.

Big Dredges Arrive Alaska

The massive dredges, the first of a battery of twelve to be installed within the next two years, arrived on the freighter Douna for the Fairbanks Exploration Company. The dredges are insured for a million dollars each.

Famous Indian Treaty Opened New Empire for Settlement

1.—Chief Duck Head, Chief of the Blackfeet and descendant of Chief Crow Foot. 2.—Monument erected to memory of Chief Crow Foot. 3.—Site of old Chief Crow Foot's lodge. 4.—Decorating the grave of Chief Crow Foot.

Fifty years ago, or in the late summer of 1877, only a few days before the first locomotive engine entered Western Canada, the most important treaty between the Canadian Government and the Indians of the plains was signed.

It was treaty No. 7, the one that brought peace to the great plains and threw open a new empire for settlement. The historic document was signed on the banks of the Bow River just east of Calgary and near the Canadian Pacific Railway station of Cluny. It is, possibly, a greater tribute to the red men than to his white brothers that the terms of the treaty has been lived up to in every detail.

On September 22, 1927, the fiftieth anniversary of the memorable occasion, hundreds of people from all walks of life, representatives of various tribes of Indians and officers of the Royal Canadian Mounted Police gathered at the historic spot for an impressive memorial service. Here a cairn and tablet had been

erected. Mrs. James F. Macleod, widow of the late Colonel Macleod, commissioner of the old Royal North West Mounted Police, unveiled the tablet. It was Colonel MacLeod who was successful in securing the signing of the treaty 50 years ago. The cairn containing the tablet is in close proximity to the grave of Chief Crowfoot, who in signing the treaty flung open the great plains for settlement, peaceful settlement, by the whites. Mrs. Macleod and her son Norman placed wreaths on the nearby grave. Stonys, Crees, Blackfeet, Peigans and Sarcees were represented by chiefs at the ceremony. Hon. R. B. Bennett, K.C., M.P., spoke at the gathering, tracing the incidents that led up to the signing of the treaty. He also quoted from the speech delivered at the time by Chief Crowfoot as follows:

"While I speak, be kind and patient. I have to speak for my people who are numerous, and who rely on me to follow that course which in the

future will tend to their good. The plains are wide. We are children of the plains; it is our home and the buffalo has been our food always. I hope you look upon the Blackfeet, Blood and Sarcees as your children now and that you will be indulgent and charitable to them.

"They all expect me to speak now for them and I trust the Great Spirit will put into their breasts to be a good people—into the minds of the men, women and children and their future generations.

"The advice given me and my people has been very good. If the police had not come into the country, where would we all be now? Bad men and whiskey were killing us so fast that few, indeed, of us would have been left today. The police have protected us as the feathers of the bird protect it from the frosts of winter. I wish them all good, and trust that all our hearts will increase in goodness from this time forward. I am satisfied. I will sign the treaty."

We have everything conceivable for suitable Christmas gifts. Inspect our large stock of goods before you decide to buy your friend's present

Future Outlook Alice Arm Very Promising Coming Year

When we published the news that the Victor Spencer interests had relinquished their bonds on the four copper properties which they bonded in October of last year, a number of our readers were under the impression that mining in Alice Arm was on the down grade, and the end of the camp was in sight. Such, however, is not the case. As we have previously stated the Spencer people are storekeepers and do not understand mining. The dropping of mining properties by them does not carry any weight.

Since they left the field others have taken their place. A mining company has been incorporated with a capitalization of \$500,000 to operate the Esperanza. The Alice Arm Mining and Development Syndicate, which includes influential capitalists has been formed to develop the Success Group and other properties. They are also prepared to supply light, power and water to the town of Alice Arm.

In addition to those who will be operating next year, can be included the Toric, Keystone, Silver Cord, LeRoy, Eagle and Wolf.

Plans are also being made for the operation of the Beach Molybdenum, which is situated four miles down the inlet.

It is possible that other deals may be consummated this winter, including the Tiger, and the zinc properties on McGrath mountain.

Alice Arm is going to forge ahead. There is too much mineral exposed both underground and on the surface for the camp to lie dormant. The big operators will step in as soon as they are ready, as they are doing in other camps, and those who carry on in the meantime are those who will reap the reward.

ANYOX NOTES

Miss F. McGillivray of the Hospital staff left on Thursday for Vancouver.

Mrs. M. Woolston was a passenger to Vancouver on Thursday.

Mr. and Mrs. E. J. Waterman and family accompanied by Mrs.

Waterman's Mother, Mrs La Velle left on Thursday for Seattle where they will spend the Christmas holidays.

Mr. H. M. Selfe was a passenger on Thursday for Vancouver where he will join Mrs. Selfe and daughter for the holidays.

J. Hume was a southbound passenger on the boat Thursday.

On Friday evening December the 23rd. a 10 to 1 dance will be held in the Elks' Hall. Admission 75c. a couple.

The I. O. O. F. will hold their Christmas tree for the kiddies on Thursday December 22nd. in the Elks' Hall.

Dunc Munroe was a southbound passenger on Thursday's boat.

Anyox had another heavy snow fall on Wednesday night when an additional eighteen inches fell. This amount of snow is unprecedented for this time of year and it is hoped that the latter part of the winter will see very little of it.

WATER NOTICE
DIVERSION AND USE
TAKE NOTICE that W. A. Wilson whose address is P. O. Box 32, Alice Arm, B. C. will apply for a licence to take and use fifteen cubic feet of water per second out of Falls Creek, which flows easterly and drains into Kitsault River, about one quarter of a mile from the mouth of the Kitsault River. The water will be diverted from the stream at a point about 1000 feet west of the west boundary of the Wolf Mining Claim and will be used for power purpose upon the mine described as Success Group Mine. This notice was posted on the ground on the 9th. day of December 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
W. A. WILSON, Applicant.
By J. A. Wilson, Agent.
The date of the first publication of this notice is December 17th. 1927.

In the Matter of the Administration Act: and
In the Matter of the Estate of Richard Stanley Cornish. Deceased, Intestate.
TAKE NOTICE that by order of His Honor, F. McB. Young, the First day of December, A. D. 1927, I was appointed Administrator of the estate of Richard Stanley Cornish, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 3rd. day of January, A. D. 1928, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.
NORMAN A. WATT,
Official Administrator,
Prince Rupert, B. C.
Dated the 3rd. day of December, A. D. 1927.
