5 cents each.

Fox Group has Big Ore Showings Property Shows Great Promise

Mr. O. Flint arrived down from the Fox property during the week, having completed development work for this year. The Fox is situated at the Kitsault Glacier, and consists of four claims and a fraction.

The open cut started in the summer to crosscut the big ore showings has now been driven a distance of fifty feet. The cut was started on the foot wall, and the other wall has not yet been reached. Good ore, carrying galena, zinc and copper was encountered the full length of the cut, and samples taken are now being assayed.

Work has also been done this summer on another vein on the same group. This vein, in places, is seven feet wide and three open cuts have been driven with extremely encouraging results. A tunnel, twenty feet in length has also been driven on this vein, and good galena and copper ore has been encountered, the ore in the tunnel is solid in the bottom, but is somewhat loose at the top, due to the action of water from the surface. It is expected that when another eight feet is driven, solid ore throughout will be encountered.

Another vein of ore was located on the property this summer, 1 ft. in width. A small open cut was made, and the vein shows solid galena, grey and yellow copper ore.

Several other veins have been located on the property, but no work has yet been done on them, due principally to transportation difficulties.

The work done this summer on the Fox proves conclusively that large ore bodies exist, and the property only awaits development in order to prove up the ore bodies at depth.

Homestake Co. May Work Mine

The Consolidated Homestake Mining and Development Co., Ltd. of Vancouver, having settled its litigation in connection with the Homestake group of claims and the Tip-Top mineral claim, situated at the Kitsault Glacier, has decided to restart work on that property immediately, says a report issued recently by the Company in Vancouver. The completion of the tunneling started last year, will be the objective this winter, should operations be commenced. A. C. H. Gerhardi will be in charge of operations.

Consistent advertising gets the business.

Big Logging Camps for Alice Arm Contract Signed for Twenty Million Feet.

Tretheway Brothers, of Abbotsford, owners of the Abbotsford Timber, Mining & Development Company, have recently made a contract with the Pacific Mills, Ltd., of Ocean Falls, calling for the delivery of 20,000,000 feet of timber from their Alice Arm property, the timber to be delivered within two years. Reports have reached town that the work of getting out the logs will commence this fall. The deal was effected by J. E. Taylor, of the Ocean Falls Co.

It will be remembered that during the visit of Mr. S. Tretheway here last year, he stated that the land owned by them would be logged off as soon as a market could be found for the logs, and that the stumps would be pulled and the ground converted into agricultural lands. Now that a market has been found for the logs, it will be only a matter of a short time before active operations are commenced.

Horse Shoe Group Looking Good

Trail Needed to Encourage Development

Mr. Elmer Ness brought down some fine samples of ore during the week, from the Horse Shoe Group, situated on McGrath Mountain. The ore consists of grey copper and is of very high grade, some pieces being practically pure copper.

The open cut on the property has been deepened, and the high grade ore vein has widened from 16 inches on the surface to nearly 3 feet, on a depth of 10 feet, which fact looks very encouraging for the future of the property.

The development of this property is, however, greatly handicapped by the lack of a suitable trail. E. Elge, late manager of the Esperanza, recently agreed to develop the property, but owing to the absence of a suitable trail, he abandoned the project. It is hoped and expected that the government will build a trail into this section in the near future so that development will not be retarded, for this section, unlike the upper Kitsault, does not depend on the operation of the Dolly Varden Railway for the transportation of supplies, but is ready for extensive development just as soon as trails are built into the country.

Mr. H. F. Kergin, M. L. A., left on Thursday, for Nelson, to attend the big Liberal Convention, to be held there on the 28th. and 29th. He expects to be away two weeks.

Weekly Meeting of Anyox Community League Council

The regular weekly meeting of the Community League Council, was held in the Recreation Hall, on Wednesday evening, September 20th, at 8 p.m. Present: President Ferguson, Secretary-Treasurer C. J. Lowry, Councillors Mrs. McKay, Messrs. Rowley, Murdoch, Noel, Armour, Buzzelle and Sherman.

The minutes of the preceding meeting were read and adopted.

On reports of committee's being asked for, Mr. Rowley, Chairman of Choral and Dramatic Department, told of a meeting to be held in the Rest Room on Monday evening, September 25th, for the purpose of forming a Dramatic Club in connection with the Community League.

Mr. Murdoch told of progress in connection with the Tennis Club Dance to be held in the Recreation Hall, on Friday, September 22nd.

The minutes of a special meeting of the Council held in the Rest Room on Friday evening, September 18th, were read. The Chairman explained the object of this meeting, which was to hear the report of the Finance Committee in connection with the Beach gymnasium and take whatever action was necessary to further the project without loss of time. These minutes were endorsed by the Council on the motion of Mr. Lowry, which was seconded by Mr. Armour.

Mr. Rowley took up the matter of a piano teacher. Mr. Armour thought that it would be advisable to give a local musician the chance if one could be obtained. Mrs. Eve spoke on the matter and said that for the past several years nothing had been done for the children of Anyox. What was wanted was something more tangible than talk and the children should have the best consistent with reason. Mr. Armour agreed with this, saying there was nothing too good for the children of Anyox, and a certificated teacher should be secured. Mr. Lowry suggested advertising for a teacher. Mr. Selfe thought that the School Board should consider the proposal in conjunction with the League, the teacher to instruct in the schools. Mrs. Eve thought there would be a good living for a teacher, independent of the schools, for there were some forty pupils available. Mr. Armour said he would like to see a teacher of piano, violin and voice. It was finally moved by Mr. Armour, and seconded by Mrs. McKay that a teacher of piano and voice be advertised for. Mr. Lowry asked that the advertisement read to give preference to a teacher able to do orchestral work. This was agreed to.

Elks Celebrate Winning Ball Cup

Speeches, Toasts and Songs at Big Smoker

On Tuesday evening, September 19, the Elks, whose team won the Cup, emblematic of the championship of the Anyox Baseball League, for the 1922 season, held a smoker at the Dugout, when about a hundred sat down to supper, which did credit to chef Jim Thomson, who was ably assisted by Jim Foxley, Jim Blaney, and several other Jimmies. P. Draudson, twirler of the cup winners, occupied the chair, and opened the proceedings by passing round the Cup, which was filled with a joy producing fluid. The Chairman gave a most appropriate speech, finishing by proposing a toast to the Mine team, the holders of the Cup last year, and who put up some great battles to retain it this year.

Mr. A. Ployart, manager of the Mine team, replied, and reciprocated with a toast to the Elks' team, followed by a toast to the Smelter team, the team although finishing at the bottom of the League, made the game interesting. Mr. H. Davis, manager of the Smelter team responded.

Mr. H. F. Kergin, M. L. A. gave a short address, concerning the history of baseball in Anyox, from its inception, citing occasions on which Alice Arm had defeated Anyox. He then proposed a toast to the Alice Arm baseball team.

Mr. Chas. Wing was the next speaker, and he dealt with sports in general, attributing the success of the past season to the untiring work of Mr. F. Kelley, secretary of the Anyox Community League, which was followed by insistent calls for Mr. Kelley, who made a short speech.

Mr. F. Mealy, captain of the Mine team was called upon, and he replied in a few words, saying that he was only sorry that he was drinking from the cup down at the Beach, instead of up on the Mine hill.

Mr. Fred Archer gave an excel-

lent exhibition of the dramatic art in his rendering of Robert W. Service's, "Blasphemous Bill," which had such a rousing reception that Mr. Archer had to do some more, and he did so, with "How that woman could love." The fun had now got into full swing, and following is the programme:

Story, by P. Draudson.
Chorus, led by F. Whittaker.
Song, "The son of a Gambler," by A. Morton.

Song, "My Kentucky Home," by Max Morrow.
Song, "Sitting till the tide comes in at Bear Creek," by J. Haslett.
Sermon, by S. Down.

Speech, by E. J. Conway.
Recitation, by J. Blaney.

Song, "A wee doch an doris," by J. Thomson.

Song, "Mammas little coal black Rosie," by E. Blundel.

Sketch, "The wet shampoo," the characters were well portrayed by P. Draudson, as "the barber," J. Sherman, "the assistant," F. Whittaker, "the victim," in which the victim comes in for some rough handling, but to show there is no ill feeling, the trio wind up with "Auld Lang Syne."

Anyox General Store Picnic to Alice Arm

The Anyox General Store picnic held at the Alice Arm Hotel, last Sunday, was like all preceding store picnics, a decided success. Owing to the boys picking out a rather damp day the scene of activities were transferred to the Hotel instead of the open air, but although the weather was damp the spirits of the fifty-three trippers refused to be damped, and a merry old time was spent by everyone. Lunch and supper were served at the Hotel, and the tables groaned beneath the huge piles of good eats that were brought along, and anyone was welcome to sit down and eat their fill.

The party left at 7 p.m., after spending a very pleasant and enjoyable day.

Death of Little Boy this Week, at Anyox

The death occurred Wednesday, September 20th, at the Anyox Hospital, of Charles McLeod, aged 11 years, eldest son of Mr. and Mrs. Norman McLeod. Death was due to septic tonsilitis and pneumonia. He was sick for two weeks and passed away last Wednesday, at 5 p.m. Much sympathy is expressed for the parents in their sad bereavement, having been residents of Anyox for a number of years. The funeral will take place today at the Anyox cemetery.

No Advertising accepted for First Page.**Address by Hon. Wm. Sloan,
at the International Mining
Convention at Nelson**

At the fourth International Mining Convention, recently held at Nelson, the Hon. Wm. Sloan, minister of mines, in addressing the Convention, reviewed the condition of the mining industry along the lines of the Annual Report of his department. Within the area of the Rocky Mountains to the Pacific, from the International Boundary to the Arctic, was an area of 550,000 square miles of mountain ranges, in which mining would be the basic industry. British Columbia offered a great field for prospectors and the government was doing all it could to encourage prospecting. The lectures by the resident engineers had been attended by 3,000 men. Displays were being made in such centres as Nelson of samples of economic minerals to enable prospectors to familiarize themselves with such minerals as they might be expected to discover. The Cedar Creek excitement had shown that there were places where concentration of gold was sufficiently marked to assure profitable working, and the yield of the benches there led to the belief that the day of the individual miner with his rocker and sluice-box had not passed in Cariboo. A considerable increase in the gold output might be expected by hydraulicicing and dredging in the Omineca and Peace River as well as the Cariboo.

In lode mining, the Premier had paid \$900,000 in dividends within the past few months. The owner of copper should take heart.

In regard to the iron and steel industry, an arrangement had been made with the Dominion Government for the investigation of the iron ore deposits of the province, including those near Kitchener, and at Sand Creek, Bull River, for the guidance of those having in view the establishment of an iron and steel industry. The work, which was in charge of Dr. Young, would be assisted by the Mines Department by diamond Drilling and other development where necessary to obtain information as to the extent of the deposits.

Coal mining was essential to the

production of iron and steel and they had large reserves of coal --- enough to keep the fires of industry burning for generations. For the past ten years coal mining had made progress, and it was hard to understand the shortsighted policy of their own people in using imported oil fuel to operate plants and heat buildings.

The people should be behind the government in their effort to get the question of freight rates adjusted, as it was a matter of much importance to the mining industry. In Canada, mine products constituted 35 per cent. of the tonnage handled by the railways; in the United States, 54 per cent; and in the United Kingdom, 76.8 per cent. He congratulated the Associated Boards of Trade of Eastern British Columbia on their action in regard to discriminatory rates on basic commodities. He congratulated the committee in charge of the arrangements. The Convention had a healthy and inspiring tone. Its success must be a source of gratification to the committee and to the people of Nelson.

Weather Doesn't Fit

Dinna gang to kirk
When it rains,
Ye might catch
Rheumatic pains!
Bide t' hame
When it is cauld,
Lest ye dee
When ye're auld.
The kirk's nae place
When it's hot,
The folks might think
Ye care a lot!
When it's fine,
Leave the Lord.
Gang a ridin'
In yer Ford!
Ye like kirk fine,
Believe in God,
But canna gae,
The weather's odd!
Ye're no to blame,
It's in ither lands,
Ye bet the Lord
Understands!

A new strike of ore has been made on the Maple Leaf mine, at Grand Forks, by A. J. Fee and others. It is the intention to sink a shaft 50 feet and drift, to determine the size of the ledge.

The Rock Candy mine and mill at Grand Forks has closed down. It is not known how long it will remain closed.

If you have lost anything, advertise for it. If you want to sell anything, advertise it.

**English Speaking Nations
Should Co-operate**

Mr. T. A. Rickard, of San Francisco, speaking at the Mining Convention, at Nelson, on "The English-Speaking peoples," in which he instanced the goodwill of the United States and Canada by their boundary line of 3,500 miles without a fort or battleship. Their common speech was a bond of common thought. If the world was to be saved from ruin, and civilization from suicide, it would be by the English Language. He denounced W. R. Hearst as "a pimp of journalism, a printing pestilence" in his abuse of the British nation; and Horatio Bottomley should be restricted to the Hittite tongue in his abuse of the United States. Americans and Canadians should study the beautiful French language. He defined true patriotism as enlightened devotion to one's country for the benefit of humanity. England was the free common mother of the commonwealths of the world. Their peaceful co-operation as two nations would extinguish hatred and preserve peace.

Lays and Relays

A little jump in Mary's rent
Made Mary rather sore;
But everywhere that Mary went
They asked a little more.

—W. S. Adkins

A little rent in Mary's hose
Was where it wouldnt show;
The only place that could have been
Was in the heel you know.

—Lethbridge Herald.

So Mary came to Cranbrook Town
Where high rents we do see;
So possibly poor Mary's rent
Was somewhere near her knee.

—Cranbrook Herald.

And Mary came on to our town,
To economize in rent;
Alas! she found the rent had reached
The place where Mary bent.

—Okanagan Commoner.

Some men work all their lives, some
get rich, and some marry women who
can run boarding houses.

Meeting of Community League Council

Continued from page 1.

There was some discussion over the advertised price of the Tennis Club Dance. Several members of the Council thought that \$1.50 was too much altogether. It was finally explained that the details of the dance were being carried out by the Tennis Dance Committee, and that their wishes would be the first consideration.

It was decided to trade a saxophone and mellophone, which were among the Mine orchestra instruments purchased some time ago, and being low pitch, are not available for the band or orchestra now in existence.

Mrs. Hoffman asked about the gymnasium and wanted to know why the people of the Beach had not been given a chance to vote on the matter, and thought that a skating rink would be the best thing under the circumstances.

Mr. Buzzelle told of the rink at Alice Arm, and that a rink of the same kind could be constructed here at a small cost. Mr. Rowley said that he was one of the shareholders of the Alice Arm rink, and that the construction had cost \$3000 with voluntary labor. The League did not have the money.

Mr. Simpson spoke to the effect that the winters here were not sufficiently cold enough to warrant building, and that it would have to be supplied with an ice making machine after it was erected. It was thought that an open air rink would be the best thing, and it was finally decided to investigate the possibilities of converting the

tennis court this winter.

It was decided to make a presentation on behalf of the people of Anyox to Mr. Wade Wetmore, who is leaving Anyox in the near future.

It was suggested by the Secretary that a vote of thanks be tendered to manager Ed. Wall, of the baseball team which represented Anyox at the Prince Rupert Fair, and also the ball players. This was duly done and the meeting adjourned.

Ruth and Francis Bonded at Stewart

The Ruth and Francis property owned by J. Nesbit and A. Archie, of Stewart, has been bonded to influential parties. Owing to the lateness of the season, no development work will be done until next spring.

The property consists of five claims, and is situated on the north fork of Glacier Creek, from 8 to 9 miles distant from Stewart.

Considerable development work has been done on the property by the owners.

The town of Stewart will soon have an up-to-date electric light, water and telephone system, if present plans are carried through.

An agreement has been arrived at between Fred and William Jancowski, and the Stewart Land Company, whereby the former will take over on a lease, subject to purchase, the old power plant at the corner of Columbia and Ninth streets, together with the telephone lines and water mains.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

High Grade from Esperanza Mine

High grade ore is coming down the hill from the Esperanza mine in a steady stream, and is being hauled to the government wharf, via the Dolly Varden Railway. There are 520 sacks to be hauled down, which will constitute over twenty-five tons. The ore is being brought down to allow more room at the mine for sacking and piling ore.

ALICE ARM NOTES

Mrs. H. Nucich is spending a few day's holiday in Anyox.

See Al Falconer for Freight and Pack Horses.

Mr. J. Baxter, inspector of the Royal Bank of Canada, is giving the local branch the once-over.

Mrs. T. W. Falconer, and her sister, Miss Velma Selkirk, are spending a few days holiday with Mrs. Whelan, at Anyox.

Arthur Smith, an old-timer of the camp, and now working at Anyox is spending a few days in camp looking over the Matilda property, of which he is part-owner.

D. S. Cameron, who has been Provincial Constable here for the past two years, left on Tuesday for Prince Rupert, to take up his new duties as a member of the police force of that town. Mr. Cameron has been President of the Citizens' Association since its inception, which office he filled in a very able manner, and his fellow officers were sorry to lose such an ardent and enthusiastic worker.

See Al Falconer for Wood or Coal

ANYOX NOTES

Union Church Services, Sunday, September 24. Sunday School 11 a.m. Evening Worship, 7.45 p.m. We extend a welcome to you.

Mr. Walter Overand returned on Thursday, from a trip to Prince Rupert.

Mr. J. Lewis, manager of the Anyox branch of the Canadian Bank of Commerce, returned from holidays in the south on Thursday.

Mrs. McQuarrie left on Thursday returning home to Vancouver, after visiting Mr. McQuarrie and son Leishman.

Mr. Walter Rashleigh left on Thursday for a month's visit to Vancouver.

Miss E. Haslett, winner of the Granby scholarship in the Anyox schools, left on Thursday, for Vancouver, where she will enter the university of B.C.

Mr. J. Pinder-Moss, director of the northern B.C. Polytechnic, is a visitor to Anyox, in connection with organizing night schools for the coming winter. He expects to have the classes started by October 2nd.

Mr. and Mrs. A. Crone returned on Thursday, from holidaying in the east.

Mr. W. Anderson, a well known athlete of Prince Rupert, arrived on Thursday, and will enter the employ of the Granby Co.

Mr. J. Woods arrived from Prince Rupert, on Thursday, and is now on the General Office Staff.

Mr. A. Jacobs, of the Mine, left on Thursday, on a month's visit to Vancouver.

Mr. C. L. Champion, manager of the General Store, is on a business trip to Vancouver.

Mrs. Clapp and children arrived

on Thursday, to join Mr. Clapp, the newly appointed Assistant General Manager.

Mr. T. Maloney, who has been in the General Office for the past two months, left on Thursday for Prince Rupert.

CROWDED OUT

Owing to the large amount of baseball and other news last week, the following important items were crowded out.

We are in receipt of a copy of the Western Mail, of Cardiff, Wales, sent by two Anyoxites, Messrs. C. Parmiter and J. Humphreys, who were present at the Eisteddfod, the great Welsh national festival, the report of which occupies most of the space of the Western Mail.

The Church Gazette organ of the Anyox Union Church made its first appearance this month. It is publication well worth reading, dealing with Church matters throughout the world and local Church news on the front page. Rev. J. Herdman is the local editor.

Miss Stewart of the Hospital staff, returned on Thursday from a visit to the south.

Mrs. J. Milligan and son returned on Thursday from a trip south.

Mrs. J. W. Esplin and daughter returned home on Thursday, from an extended visit to the south.

Mrs. J. Varnes and son, arrived from Vancouver on Thursday, to join her husband.

Mrs. W. Evans returned on Thursday from Vancouver.

Jack Maloney has left on a visit to New York.

Mrs. Baxter and family, left on Thursday, for the south. Miss Betty is remaining in Anyox.

MINERAL ACT

NOTICE

Whereas R. T. Colquhoun, D. R. Shewan, both of Vancouver, B.C. and W. J. Van Houten, of Hollywood, California, are co-owners of the "Big Strike" Mineral Claim, situated in Portland Canal District, Alice Arm, located June 8th, 1919, and recorded at Anyox, on the 19th, June, 1919;

And Whereas the said W. J. Van Houten has failed to contribute his proportion of the expenditure required by Sections 48 and 51 of the Mineral Act, and his co-owners, R. T. Colquhoun and D. R. Shewan have made the expenditure;

NOW THIS IS TO GIVE NOTICE to said W. J. Van Houten that if, at the expiration of ninety days from the first publication of this notice in the "Herald" a newspaper published and circulating in the Mining Division in which said claim is situated, the said W. J. Van Houten shall fail or refuse to contribute the sum of \$50.00, his proportion of the expenditure required by said sections 48 and 51, together with all costs of advertising, his interest in the claim shall become vested in his said co-owners pro-rata, on complying with and in accordance with the provisions of Section 28 of the Mineral Act.

The said ninety days shall expire, Saturday, October 14th, 1922.

D. R. SHEWAN
ROBERT T. COLQUHOUN
F. C. SAUNDERS, Solicitor for Shewan and Colquhoun, 727 Birks Building, Vancouver, B.C.

MINERAL ACT FORM F.

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Silver Dream" Mineral Claim, situated in the Naas River Mining Division of Cassiar District. Where located: East side of Kitsault River.

TAKE NOTICE that I, William F. Eve, Free Miner's Certificate No. 62081-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 15th, day of August, A.D. 1922.

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, \$76,177,403; Lode Gold, \$105,557,977; Silver, \$55,259,485; Lead, \$48,330,575; Copper, \$166,393,488; Zinc, \$21,884,531; Coal and Coke, \$225,409,505; Building Stone, Brick, Cement, \$34,072,016; Miscellaneous Minerals, \$1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of \$734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for the year 1921, \$28,066,641.

Production During last ten years, \$336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing
