ALICE ARM, B. C., SATURDAY, JUNE 2, 1928

5 cents each.

Bond Taken on 20 Claims by Kitsault Eagle Company

The biggest mining deal ever put through in the Alice Arm district was consummated during the week in Vancouver, when the Kitsault-Eagle Silver Mines Ltd. bonded 20 claims situated on McGrath mountain.

The bonding price is at present not being made public, but a substantial sum is involved, and the owners of the various claims are receiving a cash payment. Payments are spread over three years.

The claims involved are among the best comprising the rich mineral zone of McGrath mountain, among the owners are Al. Clary, Mrs. W. M. Cummings and M. R. Bernischke of Alice Arm, and the estate of the late G. W. Morley.

It is the intention of the Kitsault-Eagle Co. to survey the claims as soon as possible and later in the summer plans will be made for development work.

The ore zone in which the claims are located has been highly praised by Dr. H. T. James, resident mining engineer, and when development work has been undertaken there is no question but that the McGrath mountain section of the camp will become a big producer.

The properties are situated about three miles from tidewater, and everything is favorable for cheap mining and milling of ores. The ores carry zinc, lead, silver and gold.

The acquisition of these claims give the Kitsault-Eagle Co. a total of 55 in the district. The Eagle has 5 claims, LeRoy 24, Silver Cord 6, and the recently acquired claims number 20.

For the past two years the company have been developing the Silver Cord with remarkable results. This property adjoins the newly acquired claims, and to date a depth of 325 feet has been obtained on the ore body. Cross-cutting at present shows the ore to be at least 40 feet wide and the hanging wall to the right of the tunnel has not yet been reached, this work now being done to find full extent.

Spectacular specimens of ore taken from a high grade shoot 3 feet wide were brought to Alice Arm during the week. They are massive, and extremely high grade carrying values in zinc, lead, silver and gold. Undoubtedly they are the finest specimens of this class of ore ever brought to camp, and are proof of the wealth carried in the hills adjacent to the town.

The ore body, which shows a 100 ft. width on the surface has been developed on two levels, and is perhaps the largest known ore body of the district.

It was on account of the successful development of the Silver Cord that inspired G. W. McMorris, president of the Kitsault-Eagle Silver Mines Ltd. to acquire control of adjacent properties. Great credit is due him for his tenacity in opening up this section; also to A. McGuire, who has charge of the work, and who was instrumental to a large extent in the acquisition of the new properties; credit is also extended to M. R. Bernischke, who brought the owners of the various claims together, and who went south with Mr. McMorris recently to close the deal on behalf of the owners.

200 Enjoyed Empire Day Excursion

The first annual excursion under the auspices of the United Church held on May 24th was pronounced a decided success by the two hundred persons who availed themselves of the day's outing on the water. Rain in the morning kept a good many folk at home but as was expected the weather turned out real fine. From the time the excursionists boarded the boat the rain did not in the least distract from the enjoyment of the trip.

The pleasure of the day was to a very large extent due to the Amateur Concert Orchestra. At first on deck they delighted the folk with many fine selections and then in the saloon where a number engaged in dancing on the splendid floor. As we neared home the orchestra again appeared on deck and played selections in keeping with Empire day.

And the lunch—many persons have said that it was well worth while to take in the excursion if it was only for the lunch. Such a lunch with such excellent service could not be procured anywhere on the coast for such a small sum of money.

Under the leadership of Mr. Geo. Lace sports for the children were run on the top deck many beautiful prizes were awarded the winners. During the morning and afternoon ice cream was served to all.

The Board of Managers of the United Church wish to express their hearty appreciation to the Community League for making it possible for children to make the trip; to the Orchestra for the splendid selections which they so liberally and cheerfully rendered; to Mr. Geo. Lace for providing sports; to Mr. Ashmore for prizes for races; to the Canadian National Steamships for making the excursion possible and to the ship's officers and crew for their courtesy and kindness in doing so much to make the event most pleasant.

Talented Artistes Entertain Large Gathering

The annual concert of Christ Church held at the Recreation Hall on Wednesday, was a great success. A large number of local artistes entertained the large audience, to an unusually good programme of entertainment.

Great credit is due the sponsors of the concert, and the talented artistes are also deserving of great praise.

Following are those who took part in the evening's programme. After the concert they were entertained in the Parish Room by the W. A. and Guild of Christ Church.

The Moose Orchestra, Mr. J. Gillis, Mr. S. Jones, Mr. Bennett, Mr. S. Peel, Mrs. T. W. Pinckney, Mr. Anderson, Mr. Roberts, Mr. V. S. McRae, Mr. Aylward, Mr. J. Donaldson, Mr. T. W. Pinckney, Mrs. V. S. McRae, J. Donaldson, Mrs. A. R. Kent, Mrs. R. Ellison, Mrs. McKay.

Premier's Visit Postponed

The proposed visit of Premier MacLean to Alice Arm and Anyox on Monday next has been postponed until the following week, the Premier being unable to get away. A telegram to this effect was received yesterday afternoon.

ANYOX NOTES

Dr. D. R. Learoyd was a passenger to Vancouver on Thursday.

Bert Wing, a resident of Anyox in former days arrived on Thursday from Prince Rupert, in connection with the installation of the Saddle tramline. He visited Alice Arm the same evening.

G. E. Townshend left on Thursday for an extended holiday which he will spend in the eastern provinces. During his absence his duties at the Hotel will be taken over by B. Samson of the General Office staff.

F. Parsons left on Thursday for Prince Rupert.

Mr. and Mrs. Hillam were passengers to Prince Rupert on Thursday.

Among the incoming passengers on Thursday, were: Fred Lund, Capt. R. Boyes, C. Evan, H. A. Johnson, Carl Johnson, G. A. Hamilton.

Mrs. Lawn arrived on Monday from England, and will reside with her children here.

Mrs. Donnehue arrived on Monday from the south.

Miss E. Lyson arrived in town on Thursday from Vancouver.

Mrs. H. R. Patrick, who attended the United Church conference in Vancouver arrived home last week.

T. J. Shenton, mine inspector was a visitor in town during the week.

Chas. Bocking, general manager left last week for the south, after a brief visit.

Continued on Page 4

Alice Arm Birth at Anyox

Born to Mr. and Mrs. J. A. Anderson of Alice Arm, at the Anyox Hospital, on Friday, May 25th, a daughter.

GRAMOPHONE FOR SALE

A McLagan Gramophone in first-class condition, with 140 records, composed chiefly of classical music. Gramophone has nice tone and is a bargain. For further particulars and price apply Mrs. T. J. Kirkwood, Anyox Mine. Phone No. 248.

ALICE ARM, B. C.

Form No. 13, (Section 39.)
LAND ACT.

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND

In Cassiar District, Land Recording District of Prince Rupert and situate near Alice Arm, on the Kitsault River. TAKE NOTICE that I, William B. Bower of Alice Arm, occupation gardener, intends to apply for permission to purchase the following described lands:—

Commencing at a post planted at the North-west corner of Lot 54 thence northerly 20 chains; thence westerly 40 chains; thence southerly 20 chains; thence easterly 40 chains to point of commencement, and containing 80 acres, more or less.

WILLIAM B. BOWER
Dated May 29th, 1928.

Development of Tiger Commences

Advices from the south state that the Utility Mines No. 1. Ltd., is being formed by the Utility Mining and Financing Co. Ltd., to take over and operate the Tiger and the Kitsault groups of claims in the Kitsault river section of the Alice Arm district, it is learned from Forrest L. Macdonald, president of the Utility Mining and Financing Co.

Five men are leaving for the Tiger tomorrow. Work will be supervised by P. E. Petersen, with Ed. Pickett in charge at the mine.

Granby Co. Logging Trestle Being Removed

Al. Falconer of Alice Arm has secured a contract from the Granby Co. for the removal of the logging railway trestle on the Kitsault Flats. The work will take about one month.

The amount of timber comprises about 60,000 feet. It will be shipped to Anyox and a portion of the timbers used in construction work at the Bonanza.

BIRTHS AT ANYOX

Among the births at the Anyox Hospital for the month of May, were: Mr. and Mrs. Paul Zevich, May 16th, a son; Mr. and Mrs. James Wardrope, May 16th, a son; Dr. and Mrs. G. S. McDonald, May 22nd, a daughter; Mr. and Mrs. C. A. Hill, May 27th, a son; Mr. and Mrs. J. R. Carr, May 28th, a daughter.

A Free Recipe Book

A free recipe book, full of useful information. See St. Charles Milk advertisement on page 2. Don't put it off, send for one now.

ALICE ARM NOTES

T. J. Shenton, mine inspector, visited Alice Arm over the week, on official business.

R. M. McGusty, registrar of Voters held a Court of Revision at the Alice Arm Hotel on Saturday. He returned to Anyox on Monday morning.

Roy McKinley arrived in town on Thursday from Vancouver. He came north in his own launch, "Alice Arm" which is a commodious craft, having sleeping accommodation for five persons. He plans to spend the summer here.

P. E. Peterson, general manager of the Silver Crest Mines Co. arrived in town on Tuesday from the Saddle property on a brief visit.

Miss Midbust arrived on Thursday from Prince Rupert, and is visiting her sister, Mrs. G. Anderson. She expects to spend the summer here.

J. Stephens arrived from Britannia and H. Kingwood from Nanaimo on Thursday.

The first Ford car of the new model variety arrived in town on Monday from Prince Rupert and has been added to the Radio Service cars operated by B. Turbitt. Its graceful lines were much admired by local motorists.

Alice Arm Liberal Assoc. Elects Officers

The annual meeting of the Alice Arm Liberal Association, was held on Saturday May 26th at 8 p.m.

Election of officers for the ensuing year, were: President W. B. Bower, Vice-President H. R. Fowler, Secretary-Treasurer G. W. Bruggy, Hon. President The Rt. Hon. W. L. Mackenzie, Hon. Vice-President, Premier The Hon. J. D. McLean. Members of the executive committee, Mrs. Helen Nucich H. Pederson, A. Beaudin, O. Flint, Allan Falconer.

After the routine business the Association was addressed by H. F. Kergin M. L. A. who spoke at length giving a resume of the legislation passed by the Liberal Administration, drawing particular attention to the fact that there has not been a bread-line in B. C. for years, that where in 1916 an injured workman had to sue the company for damages (the lawyer usually getting the compensation) now under our Workmen's Compensation Act there is no litigation and the workman receives a large percentage of the wages he would have received had he not been injured. Women had been placed upon an equality with men in regard to the franchise, property, custody of the children, minimum wage, also the Mothers' Pensions Act was the most beneficent Act on the statute book. We also have an eight hour law now which applies to men, women, and children alike. The government had the support of the people as well as of the industries of the province and when there was an appeal to the country the government would have nothing to fear.

Equipment for Tram Taken To Saddle

Under command of Capt. A. Cameron the S. S. "Amur" towed scows containing complete equipment for the tramway of the Silver Crest mine to Hastings Arm on Monday. In view of the weather and the type of shore the affair called for skilled seamanship. A pile-driver which was towed to "the Arm" last week is now busy driving an approach for a wharf.

Large Gathering Enjoy Party

The prize winners at the Card Party held in Christ Church Parish room on Friday, May 25th, under the auspices of the C. C. W. A. and Guild were: Ladies, 1st. Mrs. O'Brien (191) Consolation, Mrs. A. Cameron (159). Gentlemen, E. R. Armstrong (198) Consolation J. H. Kennedy (154).

Court whist was enjoyed by those attending and after supper the floor was cleared for dancing.

Anyox Tennis Club Plays First Tournament

Owing to inclement weather the Anyox Tennis Club's first handicap tournament had to be played in two halves on Thursday and Sunday afternoons. In one group Mrs. Cundill and Mr. Rudland although handicapped minus forty won all their sets against good opposition. In the other group Mrs. Deane and Mr. Cowdell with the assistance of a generous handicap emerged victorious. Prizes were silver bonbon dishes for the ladies and silver cuff links for the gentlemen.

Granby Ore Production And Work Done In 1927

Following is a continuation from last week of the annual report of The Granby Consolidated Mining, Smelting and Power Co. Ltd. for 1927.

Property acquired during the year consisted of 311 acres of surface rights for mill tailings disposal at the Allenby plant.

At the Anyox plant, some additions were made to mill capacity, increasing same from 2,750 tons to about 3,000 tons per day. Additions were also made to the Allenby mill, increasing its capacity from 2,300 tons to 2,500 per day, in addition to which provision was made for finer grinding to improve recoveries. At Copper Mountain mine of the Allenby's properties, crushing capacity was improved and a sorting belt installed to permit better control of the grade of ore sent to the mill.

Mining Department: Development work at the Anyox plant, exclusive of diamond drilling, amounted to 4,644 feet and at the Allenby plant, 12,881 feet, or a total 17,525 feet.

Diamond drilling at Anyox amounted to 3,025 feet, and at Allenby 9,832 feet, or a total of 12,857 feet.

The tonnage of ore developed during the year amounted to 1,992,426 tons.

The tonnage of ore mined at Anyox was 1,368,396, at Allenby 756,644; or a total of 2,125,040 tons.

Ore reserves at the end of the year were 13,965,079 tons as compared with 14,097,753 tons, or a net decrease of only 132,614 tons.

Smelting Department—Anyox: The tonnage of ore, concentrates and primary material treated

amounted to 429,395 tons. Two furnaces were in operation up to June 4th and one furnace for the remainder of the year. The production of saleable metals, exclusive of concentrates metals, was 4,621 oz. gold, 176,381 oz. silver, and 12,814,304 lbs. of copper.

Coke Ovens—Anyox: There was 35,900 tons of coke, together with the usual by-products of the ovens.

Cassidy Colliery: The production of commercial coal amounted to 153,833 tons, consumed in part in coking operations at Anyox, and the balance sold.

MINERAL ACT (FORM F.)

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Polar Bear" and "Blue Jay" Mineral Claims, situate in the Naas River Mining Division of Cassiar District. Where located: on Trout Creek, east of Trout Lake, Kitsault Valley, Alice Arm.

TAKE NOTICE, that I, Laura C. Allen, Free Miner's Certificate No. 3469D, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 22nd. day of May, A.D. 1928.

Laura C. Allen.

Good Things to Eat

more nourishing when made with St. Charles Milk

If you analyzed whole bottled milk just as it came from the cow, you would find it contained water, protein, fat and other solids. St. Charles Milk is the very same cow's milk, except that most of the water has been removed. When milk is evaporated in this way it keeps perfectly in a sealed tin. Also it is creamier, doubly-rich, hence, better for every milk use.

DELICIOUS WHITE SAUCE RECIPE

3/4 cup Borden's St. Charles Milk; 3/4 cup water; 1 1/2 tbsps. butter; 1 1/2 tbsps. flour; 1 scant half tspn. salt; high seasoning of pepper or paprika.

STEAMED SALMON WITH WHITE SAUCE

1 slice salmon, about 2 pounds; once the recipe for white sauce as printed at left; 2 hard cooked eggs; parsley.

TEMPTING GRIDDLE CAKES

1 cup Borden's St. Charles Milk; 1 cup water; 2 tbsps. melted butter; 2 tbsps. sugar; 1 egg, well beaten; 3 cups white flour; 1 tspn. salt; 4 tspns. baking powder. Combine the milk and water, add the shortening, sugar, and the egg, and beat in the dry ingredients which have been sifted together. Beat thoroughly and fry as usual on a slightly oiled griddle, or on an uncoiled aluminum or soapstone griddle. If very thin cakes are desired, add two more tbsps. of St. Charles Milk and water.

Melt the butter in a small saucepan, stir in the pepper and salt mixed with the flour and stir until well blended, away from the heat. Then gradually stir in the milk and water mixed, preferably using a wire whisk, and taking care that all of the liquid is thickened before a further amount is added. Let boil a moment or two, then add the vegetable and let stand over hot water for ten minutes to become thoroughly heated. Serve with asparagus, string beans, peas, brussels sprouts or potatoes.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407, making its mineral production to the end of 1926, show an

Aggregate Value of \$988,108,470

The substantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive \$94,547,241; for five years, 1896-1900, \$57,607,967; for five years, 1901-1905, \$96,507,968; for five years, 1906-1910, \$125,534,474; for five years, 1911-1915, \$142,072,603; for five years, 1916-1920, \$189,922,725; for five years, 1921-1925, \$214,726,650; for 1926, \$67,188,842.

Production Last Ten Years, \$429,547,755

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

School Children Guests To Parents

Miss Hoadley's school class entertained parents and friends last Friday afternoon, May 25th. at 2.15 p.m. when a short programme was presented, which was as follows:

1. Song by class, "The Fairy Folk."
2. Recitation, "Land of Our Birth," Dorothy Kirk.
3. Song, "We are babies good as Gold," Elves and Fairies.
4. Song, "Where are you going to," by Margaret Webster and Richard Ward.
5. Recitation, "Mary had a little Lamb," by Nanie Thompson.
6. Song, "A dear little Squirrel" by class.
7. Reading, "The Quarrelsome Kittens," by Nancy Gigot.

After the programme the children's work was inspected by the visitors.

Clearing Right of Way For Porter-Idaho Tramline

About a mile of right of way for the Porter Idaho tram line has been cleared, according to arrivals from the Marmot. A big air compressor is at the beach waiting transportation to the mine. Some of Jack Rennie's pack horses got through to the Porter Idaho mine this week with light loads and the trail is now broken through to Prosperity. All the Porter Idaho crew have been laid off until the compressor and camp supplies can be taken in, there being nothing in the camp for the cook to stir up. Plans are made for the construction of a wharf and lower tram terminal, ore bunkers, concentrating mill etc. for which a site has been purchased.

Calumet & Hecla Consolidated, in the Michigan copper district, now has 5,2000 men on its payroll, including the mines, mills, and smelters.

Anyox Notes

Continued from Page 1

Mrs. and Miss Clarke arrived on Thursday from Prince Rupert.

Commencing this week, the Granby Stores are publishing a leaflet giving prices of their merchandise. It has been decided to continue this practice indefinitely. It is a good healthy sign, and one that, in conjunction with their regular advertisement in the Herald can not fail to get results. Read both the leaflet and advertisement for bargains in all lines.

To clarify any misinterpretation of our report of last week's Community League Council meeting we should state that the \$1,500 referred to in connection with the gymnasium will be an actual donation by the Granby Company. On the other hand, the League pays the bills incurred in remodelling the "Red Parrot" but only the actual cost is charged by the company.

Several citizens who are interested in beautifying the camp have put forward a proposal to bring a scow load of earth from Alice Arm. It is suggested that the scow could be filled by volunteer labor of the older boys during the week-end. Lists are posted for those who wish to avail themselves of this free earth.
