## Grizzly Bear Refuses To Be Bluffed On Alice Arm Road

To overtake an enormous grizzly bear with two yearling cubs on a highway with a car, and to have that bear stand up and snort defiance in the middle of the road, is an experience not often found even in the outlying sections of British Columbia. This is, however, what happened to Barney Turbitt as he was merrily speeding along the flats road towards McGuire's ranch on Wednesday afternoon.

He first sighted the bears a short distance east of the intersection of the north-east fork road and the main road. Thinking at first they were black bears he speeded up to give them a run. But they didn't run. They ambled along until the car came too close and then the big one turned and raising herself to full height snarlingly blocked the road. It was an enormous specimen of a grizzly bear and it meant business.

It eventually moved off the road and the car proceeded to McGuire's ranch and returned with J. McGuire, who although he shot three times with a rifle failed to register a hit, or if he did it was very slight. The bear did not show the slightest fear, and raised herself several times as they do when attacking or in defence of cubs. More riflemen were procured from town, but on their arrival the bears had disappeared. Tracks followed for half a mile showed they were headed for the woods in the direction of the cemetery.

Although grizzlies are fairly numerous on McGrath mountain, this is the first time that one has been seen on the flats.

Three boys who were riding in the car: Michael Blomfield, Arthur Moss, and Meli Mikeli, the two latter quite small, experienced a thrill not allowed to many experienced hunters, for it is seldom that a person faces a fighting grizzly at a distance of forty feet without one or the other giving up his life.

## Mine Footballers Hold Successful Dance

One of the most successful and enjoyable dances of the present season was held in the Mine Hall on Friday last. It was sponsored by the Mine Branch of the Community League, and under the auspices of the Mine Football Club. There was a crowded attendance, a great many people from the Beach being present.

The evening was made still more enjoyable by the introduction of several novelties, and desirable prizes were distributed. Splendid music was furnished by the Merry-makers' Orchestra, and tasty refreshments were served. The Mine has gained a reputation for affairs of this kind, and it is possible that they will continue at intervals throughout the summer season.

## The Rangers Register Another Win Against Mine Team

Before a good number of fans, and in ideal weather for football, the Rangers defeated the Mine in the League fixture on Monday last, 2-0. This was a spectacular game, featured by open play, accurate passing, and nice defensive work. The Mine were minus Draney at back, and Phillips on the forward line, while Ion and Ferguson were absent from the Ranger's ranks.

First blood was drawn by the red shirts, Allen sending in a hot one from the right wing which gave Herzl no chance. Good work by the Mine half-backs carried the ball up the field, but the forwards could not beat the defence. Soon after Buchanan secured from Allen, beat the opposing back and scored with a low shot from fairly close in. After the breather the Mine rallied, but lost some nice chances by over kicking. Freddy Calderoni, at back for Rangers played a sterling game, while Hamilton, at full back, was a tower of strength. Herzl played a wonderful game in goal for Mine.

The teams: Mine, Herzl; Dixon, Calderoni; Clarkson, Francis, Ferguson; Horne, Wilkinson, Coggins, Draney, Schaefer. Rangers: Hunter; F. Calderoni, Hamilton; Donaldson, Ellison, Dodsworth; Allen, Flye, Peel, Buchanan, Murray.

## Activities of Community League Council

Seasonal activities are providing much work for the members of the League Council, who in addition to many matters connected with sports activities have the Dominion Day celebrations on their hands.

The club house at the Hidden Creek Tennis Court is to be extended. Mr. J. Barclay's tender for this work was accepted.

The Rovers have completed a fine new raft at the Elks' Beach. This is anchored as near the shore as the low tides will allow. Warm weather will find a flock of swimmers enjoying this new facility.

Arrangements are completed for the intertown baseball games between Ketchikan and Anyox. The Ketchikan team will arrive here June 30th. play one game that evening, one on the morning of the 1st, and one on the evening of that day. The Anyox team will leave for Ketchikan on Sunday the 2nd. and play a series of games in that city.

Advertise in the Herald

Notices were posted in Anyox yesterday, June 29th. by the Granby Company stating that all wages and salaries would be increased 10 per cent. commencing on July 1st. Three wage cuts of 10 per cent. each had been made since the fall in price of copper and the present raise of 10 per cent. is based on wages and salaries that were in force previous to the first cut. This raise, places the scale on the same level as prevailed previous to July 1st. 1932 when the last cut was made. The recent rise in copper prices is no doubt responsible for the raise.

## Anyox All Prepared For Big Celebration Tomorrow

Dominion Day at Anyox promises to be replete with sports' events, and it only remains for the weather man to be in a kindly mood to make the day enjoyable for everyone. Following is the program of events:

9.30 a.m. Cross country race, starting from Ball Grounds.

10 a.m. Second Baseball Game, Anyox vs. Ketchikan.

1.15 p.m. Children's races, sports events for ladies; races etc. for men, including 100 yards sprint, 220 yards' race, broad and high jumps, hop-step and jump; horse shoe pitching contest, shot put and relay race.

6.30 p.m. Third baseball game. Anyox vs. Ketchikan.

9.30 p.m. Dominion Day dance in the Gymnasium.

## Local Independent Candidate May Be Nominated

The local political situation is commencing to clear. Two candidates are already in the field: W. J. Asselstine, representing the liberals, and T. J. Shenton, standard bearer for labor.

The feeling seems to be growing stronger that the conservatives will not place a candidate in the field, but will support a straight independent. If this is done, a convention will no doubt be held which will be open to everyone irrespective of their former party affiliations, and a suitable candidate selected. No one has yet publicly signified their intention of allowing their name to go before an independent convention, but doubtless several have aspirations. The editor of the Herald has been asked several times recently to seek the nomination but so far we have not given it serious consideration.

Mrs. Olsen and son arrived on Monday to join her husband, Constable L. J. Olsen, who has been stationed here for some time, and they will reside at the Mine.

## Alice Arm School Pupils Passes and Honor Roll Awards

The Alice Arm School closed on Thursday last, June 22nd. The early closing was necessary owing to the school being used for the examinations of High School and entrance class pupils. The children were quite willing to pack their books and vacate their desks after ten months of study.

Following are the names of the pupils who are sitting for examination, and also those who have been passed into higher grades. The names are placed alphabetically:

Sitting for High School entrance examinations are Leah Kergin, Marguerite Moss, John Studdy.

Promoted to Grade 8 from Grade 7: Hilda Moss, Joan Trinder.

Promoted to Grade 6 from Grade 5: Anna McGuire. Aegrotat—Michael Blomfield.

Promoted to Grade 3 from Grade 2: Arthur Moss, Kathleen Pamplin.

Promoted to Grade 1A from Grade 1B: Jackie Graham, Mile Mikeli, Margaret Stephen, Billy Stephen.

High School Pupils, who have studied here during the past year, under Mr. J. Walter Hughes, and are sitting for examinations, are: Alma Eviudsen of grade 9 and Ellen Anderson of grade 10.

Those obtaining Honor Rolls, were: General Proficiency, Leah Kergin. Deportment, Arthur Moss. Regularity and punctuality, Hilda Moss, Marguerite Moss, Joan Trinder.

## Promotions of Granby Bay High School Pupils

Following are the promotions of the pupils of the Granby Bay High School at the close of the term this month:

Promoted to Grade 10: M. Arscott, H. Dresser, H. Healy, M. Owen, W. Shields, H. Simpson, W. Wilson.

Promoted to Grade 11: D. Anderson, D. Gillies, T. Kirkwood, J. Pinckney, J. Vine.

Promoted to Grade 12: J. Dodsworth, W. Lindsay, D. Taylor.

Ten students are writing the matriculation examination, and two are writing to complete matriculation.

## Mrs. Wenerstrom Wins The Ladies' Golf Championship

In the final for the Ladies' Open Golf Championship, played on Monday last between Mrs. Wenerstrom and Mrs. Roy, the former won three up and two to play. The title carries with it the handsome cup presented by Mrs. Charles Boeking. The game was very closely contested, and created keen interest among the spectators who followed it.

## Celts Lose To Rangers 4-2 In Hard And Keen Tussle

Although they made a gallant attempt to turn the tables on their Beach rivals, the Celts received another beating, the score in the game this time being 4-2. The Blue Shirts fielded a strong team on the 22nd. and played willingly and aggressively, but the powerful forward line and stonewall defense of the Rangers could not be overcome.

Early in the game Steve Peel scored from close in, and shortly afterwards Donaldson got one from a mix-up in goal. On their mettle after this reverse, the Celts carried the play to the Rangers' end and almost succeeded in scoring, Hunter making a nice clearance. Back to the lower net the Reds' forwards again got close and Buchanan made it three with a close-in tip that gave Bell no chance. After the interval the Blues made a valiant effort to reduce the margin, and Ivor Davies scored with a well placed shot.

Fast play followed, with some nice work by the Celts' forwards, who could not break through the strong defence against them. A strong kick brought the ball against Ion, and then into the net. Sparky Johnston controlled the game.

The teams: Celts; Bell; Johnston, Currie; Deeth, Williams, Francis; Buntain, Hawes, Davies, Horner, Gillies. Rangers: Hunter; Calderoni, Ion; Dodsworth, Hamilton, Murray; Peel, Donaldson, Ferguson, Bachanan, Allen.

## Mrs. F. T. Larson Passed Away On Sunday

After a serious and lengthy illness Mrs. Larson, wife of Mr. F. T. Larson, chief Clerk at the Anyox plant of the Granby Company, passed away at 6 a.m. on Sunday the 25th. at the Anyox Hospital. Mrs. Larson, who was in her fortieth year, has been a resident of Anyox for many years, and was held in high esteem by all who knew her. Beside her husband, she leaves a son, Billy, who is three years of age.

Her mother, Mrs. Nicholson, of North Vancouver, has been in Anyox for several weeks in order to be near her daughter.

The body was conveyed to Vancouver on Monday. Mr. Larson, Billy, and Mrs. Nicholson made the journey south, and arrangements for interment were made on their arrival. A large number of friends of the deceased formed a cortege when the casket was carried to the dock, and a number of beautiful floral tributes were sent.

## New Gold Mines Being Created As Result Of Mining Boom

### Annual Report of Minister Of Mines Gives Much Data Regarding All Metals

Gold producers of British Columbia last year realized a total return of \$4,656,000 in Canadian funds, an increase of 40% over the value in 1931, figured in the same way.

An extensive revival in gold mining, both placer and lode, featured mining in British Columbia during 1932, states the annual report of the B. C. Minister of Mines, issued last week. Compiled by J. D. Galloway, provincial mineralogist, the report contains complete statistics of the mineral production for the year, detailed reports by the resident mining engineers on their respective districts, and a section comprising mine inspection in the province by the chief inspector of mines and his staff.

The gross value of the mineral production of British Columbia in 1932 was \$28,241,618, a decrease of \$6,641,563, or 19 per cent. as compared with the figure of \$34,883,181 in 1931. This heavy decline was mainly caused by lowered outputs of copper, zinc and coal, and much lowered metal prices.

The decrease in production value was to be expected owing to lower metal prices, smaller outputs of zinc, copper and coal, and the falling off of building and constructional work, materially affecting the value of structural materials produced.

On the other hand, a large increase was recorded in gold production and a small increase in lead output as compared with 1931. Silver production showed only a slight decline in quantity. In the face of unprecedentedly severe economic conditions the industry has been maintained in a satisfactory manner.

The tonnage of metalliferous ores mined in the Province was 4,340,158 tons, as compared with 5,549,103 tons in 1931, a decrease of 21.8 per cent. The average gross value of the ore mined was \$4.32 per ton, as compared with \$4.06 per ton in 1931. The slight increase in gross value reflects the larger percentage of gold ore mined in 1932, which is much higher grade than ore containing base metals, output of which was curtailed.

The feature of mining in British Columbia during 1932 was the extensive revival in gold-mining, both

placer and lode. The latent gold possibilities of the widespread mineralized areas of the Province are now receiving belated recognition, and there seems little doubt that several new gold mines will result from the extensive developments under way and planned for the 1933 season.

The silver output was 7,130,838 oz., valued at \$2,258,453. As compared with 1931, this is a small decrease in quantity, but a slight increase in value, owing to the average silver price for the year being a little higher. The principal producers were the Sullivan and Premier mines. The Wallace Mountain silver camp, Greenwood Mining Division, maintained profitable production even at present silver prices and development has maintained the usual ore reserves.

Progress was made at the four big mining operations of the Province—Consolidated, Granby, Britannia, and Premier Companies—in improving metallurgical practice, making for greater efficiency and lower costs.

The copper output for the year was 49,841,009 lb., valued at \$3,179,956. As compared with 1931, the decline in quantity was 13,353,290 lb., and in value \$2,109,407. There are now only two important producers of copper in British Columbia—the Britannia mine of the Howe Sound Company, and the Hidden Creek mine of the Granby Consolidated Company. The former curtailed production to less than half that of the preceding year, while the Granby Company made a larger output than in 1931. This company's Copper Mountain mine remained closed all year.

Dividends paid during the year totalled \$3,042,213 and, in addition, the Consolidated Mining and Smelting Company declared a stock dividend of one share for each ten shares held.

At the present time all indications point to increased mining activity and production in 1933 as compared with the preceding year.

### SPORT MORE VALUABLE

Replying to a delegation of University of Mexico students who asked him to attend their spring football practice, Ambassador Joseph Daniels praised athletics and said: "Showing the importance we attach to sports at the University of North Carolina, of which I am a trustee, we pay the football coach \$10,000 annually and the professor of mathematics \$4,000." —Boston Globe.

The Consolidated Whaling Corporation, whose plant is at Rose Spit, Queen Charlotte Islands has six whaling vessels at work this summer. Recently there were sixteen whales lying at the plant ready to be handled.

"Don't you see the resemblance?" asked the proud mother, exhibiting the baby. "Just look at our faces, side by side."

"Nothing could be plainer," replied the guest, absent-mindedly.

### B. P. O. ELKS

Dominion of Canada and Newfoundland  
 ANYOX LODGE No. 47

Meets every second and fourth Monday of the month

Hall for rent for dances, social functions, etc. on application to club manager

### Anyox Community League

## A. C. L. Libraries Are a Boon To The Public

In these days of economic living the Community League Libraries furnish pleasurable and instructive reading at very low expense. Those using the libraries and reading rooms are naturally expected to belong to the League.

Membership in the League carries many other privileges. Anyone may join. The dues are only 50c. per month. The Secretary will be glad to give you full information.

You may join at the Beach or Mine Libraries. Beach or Mine Counters, or with the Secretary

## The Minerals of British Columbia

The amount of Gold produced in British Columbia shows a total value of approximately \$227,000,000.

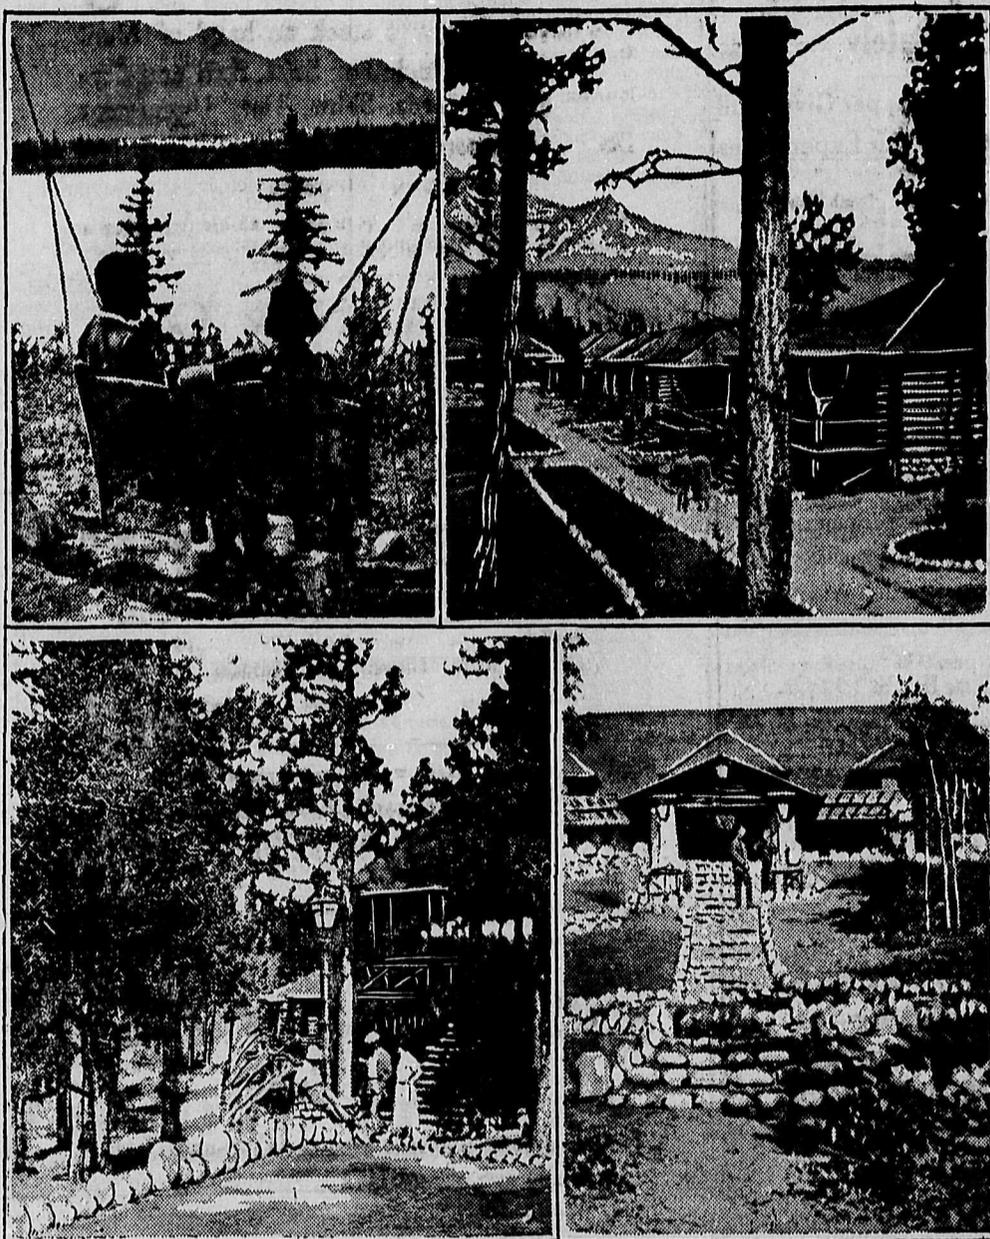

British Columbia offers excellent opportunities for profitable investment

NOTICE: Amendments to the "Mineral" and "Placer Mining" Acts were passed at the 1933 Session of the British Columbia Legislature having to do with the staking and working of mineral claims and placer mining leases, effective on the 1st. of July, 1933. Those interested should apply to the Department regarding same.

Copies of the Annual Reports of the Honourable the Minister of Mines and special bulletins, etc. may be obtained, free of charge upon application. A new PLACER MINING bulletin also is available, for which there is a charge of 25c. Same contains comprehensive and up-to-date information as to this phase of mining in British Columbia, together with a synopsis of the new mining laws. Applications should be addressed to

THE DEPARTMENT OF MINES  
 VICTORIA, B. C.

## CANADA'S NATIONAL PLAYGROUND

CANADIANS are fortunate in their National Parks, in that they have within their borders Alpine scenery which is not equalled anywhere on the continent, and more and more they are realizing that holidays in Canada hold for the lover of out-of-doors all the thrills that could be found anywhere in the world. Jasper National Park in the Canadian Rockies, contains many high peaks, eternally snowcapped, and on the sides of the mountains are glaciers which have stood the test of ages. Millions of tons of ice, stretching in some instances, almost as far as the eye can see, lure the adventurous

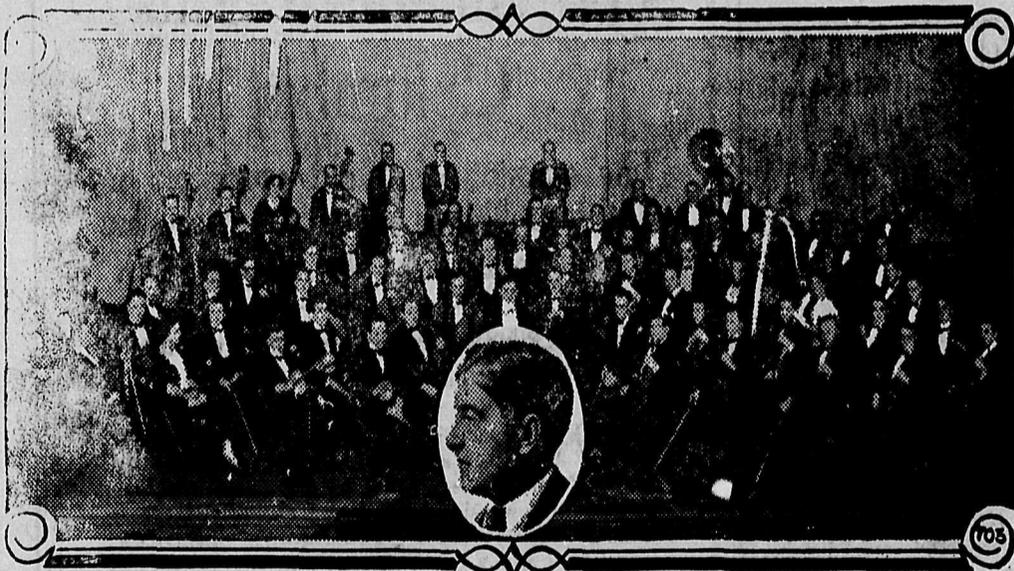

climber to new attempts, while in the calm, peaceful valleys wild game of all kinds live at peace with mankind and the world.

Additional bungalows for the accommodation of guests are to be erected at Jasper Park Lodge, the log-cabin hostelry of the Canadian National Railways at Jasper National Park, in time for the opening of the season, it is announced by officials of the Hotel Department, Canadian National Railways. During last season the popularity of Jasper National Park was so great that the capacity of Jasper Park Lodge was taxed, and the additional bungalows being

provided this year will take care of almost fifty per cent. more guests.

Four 4-room bungalows, each room with bath, and two 12-room bungalows, each room also having private bath, are being erected. In addition, a double-deck boathouse, with the upper floor for conventions, and dancing, is being constructed, and an octagonal curio building is being built near the main Lodge. Four new buildings are being erected to serve as employees' quarters, the kitchens are being extended and the main lounge is being extended to provide for a ladies' reception room and for a men's billiard and card room.

## Montreal Symphony Orchestra On Air

This is the Montreal Symphony Orchestra which will broadcast a Fireside Symphony Hour every Saturday between 5.30 and 6.30 p.m. E.S.T., starting Saturday, Feb. 21, over the network of the Canadian Pacific Railway Company's Telegraphs from Winnipeg to Halifax. It will play symphony concerts of a very high order and the conductor, Mr. Douglas Clarke, Dean of the Faculty of Music, McGill University, (inset) has drawn up a series of programmes which will be representative of three centuries of music.

The programmes will be chronological in character and each will be representative of music written between the 17th, century and the present. They will begin with works or part of works by Bach, Handel, Haydn or Mozart, continue with Beethoven or Brahms, then go on to Wagner or Tchaikowsky, and conclude with the moderns. English composers will be prominent

in the concerts, including such moderns as Elgar, Holst and Vaughan Williams, while an early English Tudor composer will also be heard.

In this way the concerts will be representative of the best in music for the last three centuries, in which the art of composing reached its height, and every listener following the ten programmes already projected will acquire a knowledge of music which it would take the ordinary concert goer years to get, apart from the enjoyment of listening.

The Montreal Symphony orchestra has earned high praise from critics, and its range of subject matter as well as its perfection in technique is remarkably well developed. The concerts will be broadcast from Tudor Hall, in Montreal, and are made possible by the Canadian Pacific Railway.

## Office Men Claim Soft Ball Championship

The annual sports event between the store men and the office staff, took place on Wednesday evening, taking the form of a game of soft-ball. Those who looking on saw plenty of action and thrills as the two teams battled for supremacy. However, the office men proved themselves victors by bringing home eight runs to the office men's four.

The office took the field, and at the end of the first half of the inning they began to look glum as the store men rattled across the plate three times, and the end of the first saw the store in the lead 3-0.

The glum look changed to one of determination, which was bad for the store men. The office settled down to the "old ball game" and made some real nice plays, which held the "Merchandizers" down. The store boys fought hard to gain the lead but were held back by the "pen pushers" right to the end of the game. Kelly and Spencer formed the battery for the store men while Geo. Allan and Bartmann performed for the office. Kelly lost control several times and let the odd man walk, but when he cut the corners, the office men didn't have a chance to even look them over. Allan pitched a good game finding the plate for every man but not letting them hit much.

Ross Oatman called the throws while Dr. James officiated as base umpire. Vic. McRae was kept busy with the pencil and paper and managed to get the score down.

The game was pronounced a huge success but the store men would like to play again as they feel confident they can reverse the decision. They came almost to the point of a protest when they discovered that some of the officials had a wager on the game but decided to try at some future date to show the office men how the game of soft ball should be played in spite of what the odds were.

## ANYOX NOTES

Mrs. A. V. Wilkinson and baby daughter arrived on Friday from Vancouver.

P. Gordon returned on Friday from a visit to Prince Rupert.

Mrs. C. Docherty and son left on Friday for a holiday visit to Winnipeg.

J. A. D. Stewart left on Friday on a visit to Vancouver Island.

Miss Edith Johnston left on Friday for a holiday trip to Vancouver.

Miss Margaret Lindsay left on Monday for her home at Prince Rupert.

Mrs. O. L. Jacobson and family arrived on Monday from Lloydminster, Sask.

Miss Mary Dodsworth and Miss Frances Dresser returned on Monday from a holiday visit to Vancouver and district.

Miss Emily Nelson, who has attended school at New Westminster, arrived home on Monday for the summer vacation.

## A Farewell Dance Will Be Given Victor Bell

A Farewell Dance in honor of Victor Bell, who suffered a serious accident while following his occupation as a miner at Anyox some months ago, will be held in the Mine Hall on Friday July 7th. An active committee is doing everything possible to make this affair successful.

The use of the Mine Hall has been donated for the occasion, and the Granby Company will donate the supper. Three orchestras have volunteered their services for this special dance. Mr. Bell is leaving Anyox in August for England, as it is the intention of his friends to make him a presentation before his departure, hence the dance on July 7th.

The Mine dances are always enjoyable, this one is sure to be even more so, and it is expected that a large number of people will attend in a spirit of loyalty to this good cause.

## ALICE ARM NOTES

Miss Lois Studdy, left on Monday for Prince Rupert, where she will spend a few weeks' holiday.

Miss Lillian Moss, who is attending High School at Prince Rupert, arrived home on Friday to spend the holidays with her parents.

Miss Alice Kergin, arrived home for the holidays on Monday from Prince Rupert, where she has been attending St. Joseph's Academy.

Mr. and Mrs. J. A. Anderson and family arrived on Tuesday from Anyox. Mrs. Anderson and children will spend the summer holidays here.

J. Hawkinson, a business man of the town during the pioneer days of 17 years ago, was a visitor to town last week-end. He had attended the Liberal Convention at Anyox and called here to renew acquaintances before leaving for his home at Stewart.

J. Strombeck and Gus. Anderson left on Monday for the Cariboo Country. They will make a general inspection of the country as much as possible this summer, especially the Bridge River, Quesnel, Barkerville and Stanley sections.

Mrs. J. McConnachie, arrived on Friday from Anyox and commenced her duties the same day as supervisor, of the examination of High School and Entrance Class pupils which have been carried on here during the past week. Mr. McConnachie arrived during the week, for a holiday.

Canon W. F. Rushbrook, accompanied by his daughter Dorothy, arrived in town on Friday. He was forced however, to leave the following day for Anyox where he held services on Sunday. Canon Rushbrook came on board the Anglican Church Mission launch Northern Cross. It is five years since he paid his last visit here and he received a hearty welcome from a host of friends. He will hold services here during the last week of July.

Some men never get old enough to know better.

## Anyox Canoeists Have Reached Smithers Safely

### Interior Newspaper Gives Full Account of Their Experiences

In the course of a hazardous canoe trip, having their home at Vancouver the main objective, two young lads, Bob Mitchell and Alfred Walters arrived at Smithers yesterday, says the Interior News of June 21st.

They started from Anyox a month ago and were able to negotiate the trip in their light canoe as far as Terrace, but from that point the force of the roaring Skeena was too much for all their enthusiasm and vitality, great as those qualities obviously are with both of the boys, and they loaded the canoe onto a C. N. R. flat car and hit for Hazelton, where they have spent a few days sizing up the equally turbulent Bulkley as it belches into the Skeena. Accepting the advice of the old-timers, and realizing that common sense had intrepidity skinned several blocks, the boys loaded their ship onto a truck and arrived here yesterday. They had camped at the point for several days, where they had put in a supply of provisions, only to have the otherwise strong hospitality of that district rudely shocked when a bear raided their cache. The boys go into raptures over the verdant grandeur of this country and they tell of the joy of rolling and sleeping in the long cool grass after the barren condition in which they have lived for several years at Anyox, where all vegetation for miles around has been killed by the smelter fumes. They slather at the mouth as they tell of drinking really fresh milk and eating really fresh butter, eggs and all kinds of fresh vegetables after their synthetic existence as residents of Anyox. They are determined to return to Smithers following their trip to the coast, which they are confident of reaching by canoe for at least the greater part of the distance. They admit being quite prepared for some very hard old paddling, but grin a wholesome confidence of making it in spite of everything. The canoe bears a lone ace of spades as its identity. It is fifteen feet long and weighs only 75 pounds. The boys left yesterday afternoon for Telkwa, where they will again launch their canoe at a point some distance above the entry of Telkwa river. By lakes and streams they expect to make their way to Decker and Burns lakes, and at this point will move over to Francois lake by truck. Down at the east end of Francois lake they enter the Stella-co river and by this route will reach Fraser lake. From Fraser lake they will glide into the mighty Fraser, and, they hope, home.

More than 300 scientists from 31 countries attended the fifth meeting of the Pacific Science Congress opened at the Empress Hotel, Victoria, June 1, and continuing at the Vancouver Hotel, Vancouver, until June 14. It was the first time the Congress has met on the American side of the Pacific Ocean. Lord Rutherford addressed the Congress from his home in England, his speech being carried by radio close on 6,000 miles to Vancouver.

"Don't you love the sweet moan of the saxophonist?"

"I'd rather hear his death-rattle."

Developing, Printing and Enlarging. All work returned on following boat. Wrathall's Photo Finishing, Prince Rupert.

Grant Hall, senior vice-president, Canadian Pacific Railway, back from three-weeks' inspection trip that took him to the Pacific Coast, stated that he had seen and heard much of an encouraging character during his trip and nothing of a contrary nature. He added that there was distinct revival of hope and restoration of confidence.

Farm management through the application of business principles, practical and theoretical knowledge and ordinary horse sense to farm problems is a necessity of this day of lowered prices, T. C. F. Herzer, manager Canada Colonization Association, told the Winnipeg Kiwanis at the Royal Alexandra Hotel, recently. The Association has extended its activities in Saskatchewan, where it now has 14 zone managers with 1,344 farms of a total of 467,000 acres under supervision.
