Much Business Disposed At P. T. A. Meeting

On Monday evening the Anyox P. T. A. held the March meeting which was postponed from the 17th. Some new members were welcomed.

An address by Mr. Fred Graham on First Aid and its application to school, was the main item on the educational part of the program. Mr. John Gillies was heard in two pleasing piano solos.

At the preceding business meeting, the Treasurer reported a profit of $188.90 on the picture show and candy selling. Members were requested to consider how this money might best be spent.

Discussion of the coming convention led to motions authorizing the payment of Federation dues, and requesting former members now residing in Vancouver to function as delegates of this association. Ten dollars was voted to defray the expenses of delegates. The ladies who will be requested to act are Mrs. Selfe, Mrs. McKay and Mrs. McAlister.

Votes of thanks were passed to the committee in charge of the motion picture performance; to the officials of the Community League and to those who contributed to the programme. To the latter, letters of appreciation were also directed to be sent. Miss Violet Scott and Mr. Fred Calderoni received prizes for having sold the greatest number of theatre tickets for the benefit performance.

Walked From Meziadin Lake to Alice Arm in 3 Days

James Nick, who has spent the past eight months at Aiyansh and Meziadin Lake for the Northern Power Corporation, arrived home on Sunday. He snow-shoed the whole distance from Meziadin Lake, covering it in three days. He slept in the woods three nights. The journey was a remarkable feat at this time of the year, but Nick is a first-class musher on the trail and few can keep his pace. Two years ago he walked from Alice Arm to Stewart, spent a few days there and was back within a week.

Successful Sale of Work

The Anyox Company of Girl Guides led by Miss Keith held a successful sale of work on Saturday afternoon last in the gymnasium. Over $100 was realized.

Anyox I. O. D. E. Hold Monthly Meeting

The first monthly meeting of the Collison of Kincolith Chapter, I. O. D. E. was held in the basement of the United Church, on Tuesday, March 4th. Various plans were formed for carrying on business for the year. These were tabled until the next meeting. Mrs. Wynne, educational secretary reported arrival of pictures for the Anyox Schools. A request was made for the renewal of subscriptions for the Illustrated London News supplied to the schools. This was granted.

Mrs. J. A. D. Stewart was elected as corresponding secretary in the place of Mrs. A. S. Baillie, who has resigned. A hearty vote of thanks was extended to Mrs. Baillie for her work during her term of office.

A hearty vote of thanks was also extended to Mrs. J. Cody and committee for their work in connection with the social evening held after the annual meeting.

The next general meeting will be held on April 7th. at 8.30 p.m. in the basement of the United Church.

At the close of the meeting tea was served by Mesdames J. Wynne, M. A. Wynne, G. Warwick.

League Council Holds Lengthy Session

The Community League Council held a lengthy session on Wednesday evening. Much of the time was given to a conference with a deputation from the Mine Club. The visitors, Messrs. Porteous, Doelle and Kirkwood explained the need for more money for community work in the Mine area. No decision was reached.

The hardy annual argument over tennis club fees was only begun and will continue. In the meantime the courts will be put into playing condition by the Community League.

A library service to Bonanza will be inaugurated.

Turning to the question of talking pictures, the Council found that over six thousand dollars would likely be involved. A policy of economy in other lines was indicated.

The project for opening the pool room as a men's club on Sundays has been dropped. Commissioner McMullin of the Provincial Police had written, stating the law in such matters.

United Church Concert Very Successful Affair

Last Friday evening the United Church concert afforded an excellent evening's entertainment.

Much credit is due the committee in charge for the smooth succession of the numbers. Those taking part also received many compliments on the manner in which they carried out their parts. To judge from the well filled house the concert was also successful financially.

Following is the programme:

Overture, "Humors of Donnybrook, Orchestra.

Vocal Solo, B. Ridley.

Duet, Evans and Owen.

Piano Solo, Mrs. J. McMillan.

Monologue, Miss B. Fyle.

Highland Fling. Miss Nan Dunn

Musical Sketch, "Apartments to Let."

Overture. "Songs of the Old Folks," Orchestra.

Clog Dance, J. Tierney.

Duet, Mr. and Mrs. J. Dewar.

Reading, S. Barclay.

Violin Solo, C. Dennis.

Sketch, "Good Medicine."

The National Anthem.

Anyox Orchestra Will Give Concert

The Anyox Amateur Orchestra will hold another of their popular Sunday evening concerts tomorrow. It will commence at 9 p.m. prompt. On this occasion Mr. Ross Oatman will be conductor. The programme will be as follows:

March, "Joy to the World."

Overture. "Lustspiel."

Trombone Solo, "Teddy Trombone, by Austin Lindgren.

Waltz, "Love's Young Dream".

Overture, "Jolly Robbers."

Song, "On the Road to Mandalay. by W. T. Stenton.

Overture, "The Prince's Dream."

March, "Coaching Club."

Selection, "The Merry Widow."

Finale, "Colonel Bogey."

"God Save the King.

Jimmy Lands Big Fish

Little Jimmy Dunn is credited with catching a salmon this week. After Jimmy had lugged home the prize it was found to weigh 35 lbs.

CARD OF THANKS

The Board of Stewards of the United Church wish to thank all who in any way contributed to the success of the recent concert.

4 Men Drowned Near Prince Rupert

Prince Rupert, Mar. 27—Four men were drowned near here today when a skiff overturned. There names are M. J. Waterman, L. Wade, D. H. Pierce, and W. Neilson. Pierce is a son of the Rev. Pierce of the United Church at Port Essington. They met their deaths at Falls River near where the Northern Power Corporation is constructing a power house.

Consolidated Will Not Build Smelter

Montreal, March 28—The Annual Report of the Consolidated Mining, and Smelting Co. was published today. In referring to operations of the company on the B. C. coast, President J. Warren stated that the Big Missouri was a most promising prospect.

He also stated that the development work done on copper properties tributary to tidewater did not at present justify the construction of a copper smelter and refinery. Development at Coast Copper property on Vancouver Island indicates that sufficient tonnage has been developed to warrant providing transportation and the installation of a concentrating mill. Shareholders will be asked to ratify an increase in the directorate, from 11 to 15. The new directors will include R. R. Bruce, Victoria and Mr. Blake Wilson, Vancouver.

Toric Ore Body Widens With Depth

Latest advices from the Toric mine from reliable sources, although not official, state that the crosscut tunnel being driven from the bottom of the shaft is disclosing much good ore. The crosscut has been driven over 80 feet and the ore body has not yet been cut through. Which indicates that the ore obtains greater width with depth. Some of the ore is said to be of a very high grade.

With the price of silver slowly improving, the outlook for Alice Arm continues to be ever brighter.

A meeting of the Anyox Community League Tennis Club will be held at the Recreation Hall, on Friday, April 4th. at 8 p.m.

Neil Forbes left Alice Arm on Wednesday for the Taku country. He was met at Anyox by Dan McVicar and they will go north together. Neil staked claims in the Taku last fall in company with Wm. McFarlane.

Mrs. M. Studdy of Alice Arm Passes Away

A cloud of sorrow was thrown over the town of Alice Arm on Wednesday, when the news arrived from Anyox that Mrs. M. Studdy had passed away at the hospital there that morning. The cause of death was due to complications caused by an attack of influenza.

Deceased had suffered from a chill and influenza a week previous to her admittance to hospital. On Sunday she had a turn for the worse, and was rushed by special boat to Anyox, but she never rallied and passed peacefully away shortly after 7 a.m. on Wednesday.

The late Mrs. Studdy was born in the United States, and was 42 years of age. She leaves to mourn her loss, a husband, Mr. J. C. Studdy of Alice Arm, two daughters, Lois and Florence, both of whom are taking high school courses here, and a son John, who is attending public school. She also leaves a father, and a sister and brother, all of Iowa, U.S.A.

During the past nineteen years, Mrs. Studdy had resided in the north, at Prince Rupert, Aiyansh, and Alice Arm. The largest portion of the time being spent at Aiyansh. She had been a resident of Alice Arm for the past eighteen months.

During her residence here Mrs. Studdy won a host of friends in addition to those throughout the north. Her quiet, cultured, unassuming and courteous manner made her one of the most popular ladies of the town. She was an ideal citizen, a woman of whom any community might well be proud, and her untimely passing is a loss that is regretted.

The sympathy of the entire community is extended to her sorrowing husband and family, during their sad bereavement.

The funeral will be held at Alice Arm, tomorrow afternoon, Rev. W. B. Jennings of the Anglican Mission boat, Northern Cross, officiating. Service will be held at 1 p.m., interment following.

Conservatives Meet Tuesday

A public meeting will be held in the Elks' Dugout on Tuesday, April 1st., at 8 p.m. for the purpose of electing new officers for the ensuing year, and the discussion of general business.

The most interesting legislation introduced this session of Parliament at Ottawa, apart from that dealing with vital national problems, is a bill introduced by the Solicitor-General, which would include all the Northwest Territories in the Yukon electoral district. If it becomes law the next member for the Yukon will represent a larger constituency than any other elected representative on earth. It will be 100 times larger than all Belgium, six times as large as France and more than ten times as large as England, Scotland, Ireland and Wales. Its area in square miles will be 1,242,224.

The Yukon, already one of the largest electoral districts known, contains 207,076 square miles and over 1,000,000 square miles will be added to it. It will stretch from the Atlantic to the Pacific and from the present northerly limits of the provinces to the North pole. The area which it is proposed to link with the Yukon for electoral purposes contains 475 whites, 3,800 Indians, 7,100 Eskimo and 3,000 half-breeds. The returning officer, the bill points out, would have to operate from the Yukon by airplane, and the candidates, presumably, would have to adopt the same plan. Otherwise it would require years, instead of weeks to cover the ground. A vigorous battle over the measure is forecast when it comes up for second reading. Captain George Black, present member for the Yukon, will probably move an amendment that the territory be added to Prince Albert, represented by the Prime Minister, or to Edmonton West, represented by Hon. Charles Stewart, the Minister of Interior.

Evidence of the magnitude of the liquor manufacturing industry in Canada under provincial control of sales has been supplied in conjunction with legislation proposed to curtail bootlegging from Canada to the United States. The government action it is said, will reduce federal excise income by between six and nine millions a year, and will impose certain new charges in enforcement. It may, of course, be killed in the Senate. The government, by filling existing vacancies in the Senate could control it and ensure passage of its measures, but there are no indications the appointments will be made until the eve of an election. The Federal revenue from the liquor business now exceeds $55,000,000 a year, exclusive of sales tax.

Spring Schedule C. N. Steamships Delayed

The Herald is in receipt of a letter from R. F. McNaughton, district passenger agent, in connection with the changing of the schedule of the C. N. Steamships. It is as follows:

Owing to unforseen delays to the repairs and overhaul of the Steamship Prince Rupert, it will be necessary to delay the re-entry of this vessel into service for another two weeks. Consequently the Steamship Prince Charles for those trips, and spring schedule insofar as Anyox is concerned, will not, therefore commence until Wednesday, April 9th., with the Steamship Prince George arriving at Anyox from the south at 11 p.m. and leaving at 12 midnight, and the Steamship Prince Rupert arriving first trip, Saturday, April 12th, and each Saturday thereafter at 11 p.m. and leaving at 12 midnight for Prince Rupert and Vancouver, via Stewart.

Road Appropriations For Northern Districts

Highway maintenance estimates brought down in the legislature last week by Hon. N. S. Lougheed, minister of finance, include the following appropriations for northern ridings:

Atlin—$32,000.
Prince Rupert—27,000.
Mackenzie—$39,000.
Skeena—$55,000
Omineca—$75,000.
Fort George—$81,000.

The largest vote in the province went to Kaslo-Slocan riding which received $90,000.

Vancouver Has Big Grain Elevator

One of the largest terminal grain elevators in the world has recently been put into operation at Vancouver by the Alberta Wheat Pool. It has a capacity of 5,150,000 bushels and is known as Vancouver Pool Elevator No. 1.

Advertise in the Herald

The head of the provincial police in British Columbia Col. J. H. McMullin, will in future be known as commissioner instead of superintendent, according to legislation which has been approved by the Legislature.

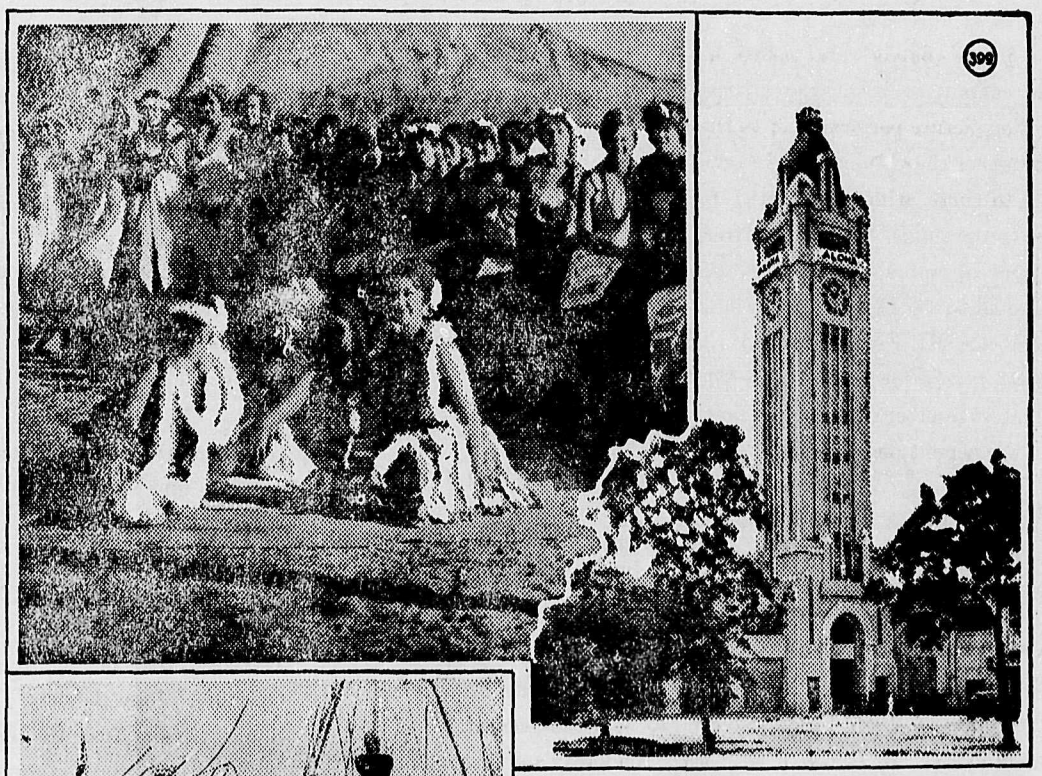
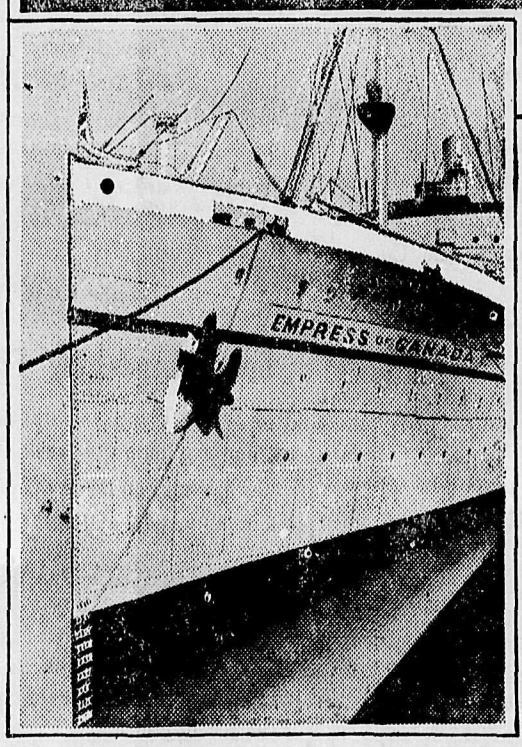
"White Empresses" to Call at Honolulu.





Honolulu, famous for its lovely Hawaiian dancers, its splendid-physiqued swimmers, wreaths of flowers, Waikiki Beach and lordly Diamond Head that flings its crest high in proud greeting or dignified farewell, is now to be added to the westward route of the famous Canadian Pacific liners—the White Empresses that long ago gained for Canada the Blue Ribbon for speed on the Pacific.

Starting December 7th from Victoria and Vancouver the Empress of Canada, which has just returned to service after being equipped with the fastest and most powerful engines on the Pacific, will inaugurate the new service and will call at Honolulu six days later.

Glimpses of some of the features of the "Island Paradise of the Pacific" are shown above, with (left) the giant prow of the 21,500 ton Empress of Canada. Behind the flower-decked maidens may be discerned the stately outlines of Diamond Head, famous in song and story. At the right is the Aloha Tower of the docks, that spells a Hawaiian welcome to the traveller.

Passengers to the Orient by the new Canadian Pacific service will be given the opportunity of staying over for the next ship or of paying a visit during the twelve hours the Empresses remain in Honolulu. Visitors to the Islands who plan to leave Jack Frost behind have many options for their return voyage. Several lines have co-operated with the Canadian company, and, after a long lazy winter on the sands of Waikiki Beach, travellers may return to Vancouver by the Canadian Australasian Royal Mail Line direct, or may come back by a Matson Line steamer to Portland, Seattle or San Francisco, or to Los Angeles by the Los Angeles Steamship Company.

BRUGGY'S STORE Alice Arm

London Outlook For Silver Brighter

LONDON—The fall in silver bullion below 19 pence per ounce to a new low level for the period is still ascribed to the decision of the Indian Government to impose an import duty on silver. This in turn gave rise to rumours that the Chinese Government was contemplating similar action. Nevertheless, in spite of the depressed condition of the silver market and the generally gloomy views expressed concerning its fall, belief seems to be held in some good quarters that the Indian duty will not seriously diminish imports of silver into that country.

It was also pointed out this week that cofidence in the silver market may be in some measure restored, because the value of the large orders of silver now held in India would be automatically increased by the amount of the tax. Although the silver market has very few friends at the moment, recovery is generally looked for when it becomes more widely realized that the Indian tax may not be so severe a blow as was at first believed.

"To what do you owe your extraordinary success as a house to house salesman?"

"To the first five words I utter when a woman opens the door—Miss, is your mother in?"

Be sure you're right and then go ahead and tell the critics to seek a warmer climate.

Legislature Prorogued On Tuesday

The seventeenth session of the British Columbia Legislature was formally closed on Tuesday by the administrator, Chief Justice J. A. Macdonald, after working 41 days, marked by the passage of 82 new laws and effecting drastic changes in the whole legislative framework of the province.

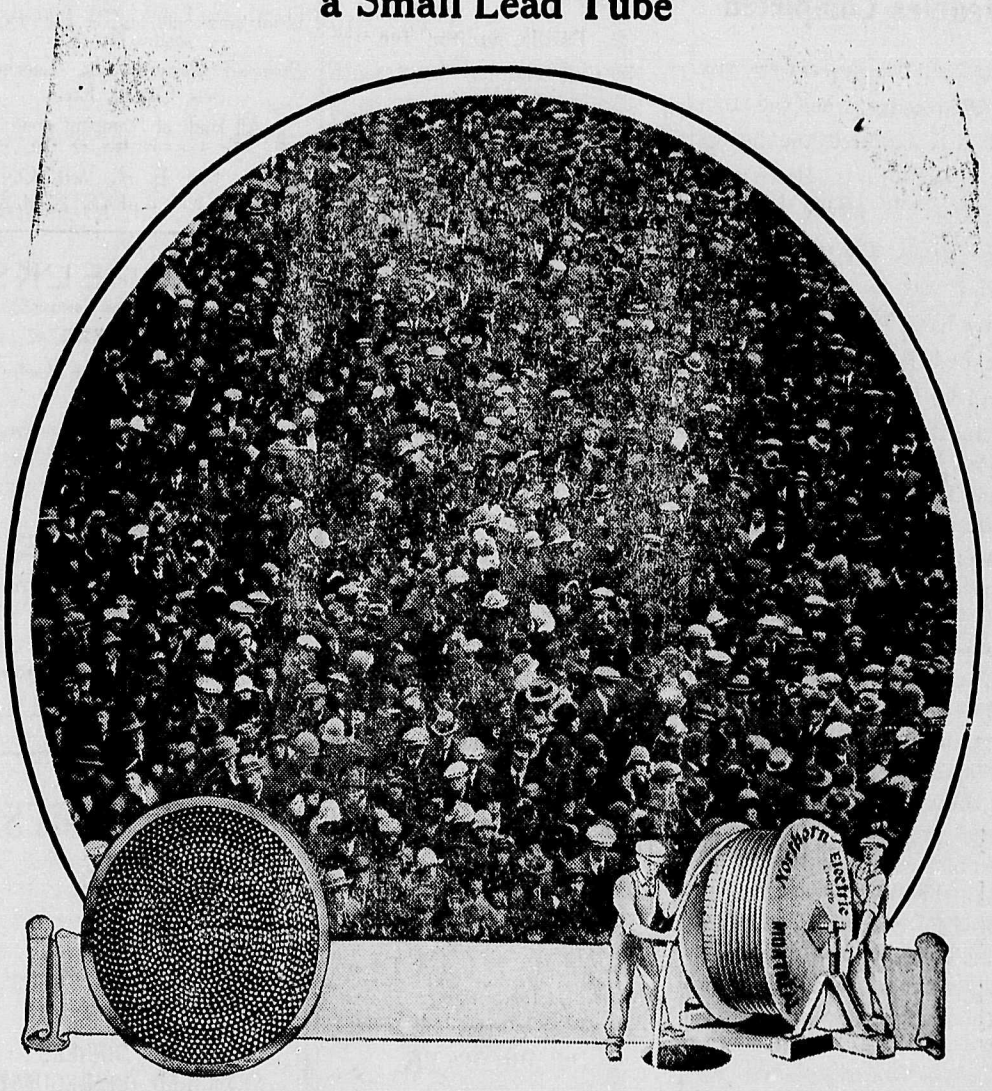
Just before the close of the session the Gasoline Tax Bill was passed by a division of twenty-six to nine, all the Liberal members voted against it.

"By careful selection or the character of colonists we can place in Canada we help in the development of the Dominion," Col. J. S. Dennis, former chief commissioner of Colonization and Development, Canadian Pacific Railway, and now acting in an advisory capacity to the department, said on sailing from Saint John recently on a trip of inspection to Great Britain and Europe. He will discuss certain agreements between the British Government and the C. P. R. regarding movement and placing of British colonists in Canada

---

Canadians drink nearly 100 per cent. more milk than they did in 1921. The per capita consumption is about one pint per day, or 470.8 pounds, per year, compared with about one-half pint per head of population in 1921. The milk consumption in the United States is about 458 pounds per capita per year or less than a pint per day per person. Canadians eat more butter than the people of any other country in the world—29.31 pounds per capita per annum—an increase from 25.79 pounds since 1921. Their appetite for ice cream has increased from 5.26 pints in 1921 to 7.04 pints in 1928, and the per capita consumption of cheese has risen from [illegible] pounds in 1921 to 3.54 pounds.

2,400 People Converse With Ease Through a Small Lead Tube



Imagine the roar of 2,400 voices confined within the walls of one huge room!

What a babel of confusion if the people in that room should try to shout messages to each other! Yet, through a lead tube, only 2 1/8 inches in diameter, 2,400 people may converse at the same time with ease, without confusion and in strict privacy.

This lead tube (illustrated in section above) is the casing of a telephone cable manufactured in the Montreal plant of the Northern Electric Company, containing over 1,200 pairs of insulated wires, each pair connecting at one end with a telephone instrument and at the other a central exchange. In the large Canadian cities there are scores of such telephone cables.

$50.00 REWARD

The British Columbia Board of Examiners in Optometry will pay fifty dollars for the conviction of any person who practises Optometry in the Province without legal authority; or of any person who sells glasses from door to door, or house to house, whether authorized to practice Optometry or not.

Optometry is defined in the Optometry Act as:

"The prescription or adaptation of lenses, prisms, or OCULAR EXERCISES to correct defects or abnormal conditions of the human eye, or to adjust the human eye to the conditions of a special occupation."

The Act further provides, that:

"The use or test lenses, or trial frames, or any other instrument or device, to test the human eye, shall be deemed prima facia evidence of having practised Optometry."

By order of the Board.

The Anyox Basketball Schedules Completed

Basketball schedules were run out on Wednesday, when the High School girls captured the honors in the contest with the Beach girls. Both teams put plenty of effort into the game, and all the way through it was an even struggle. An extra basket in the last minute swung the balance in favor of the students 8-6.

Beach: P. O'Neill-2, Mrs. Harman, Mrs. McRostie-4, Mrs. Wenerstrom, T. Gordon, A. Kruzick. Total 6.

School: M. Dresser, M. Cloke 6, M. Marriott-2, L. Dresser, F. Dodsworth. Total 8.

Referee: F. F. Brown.

To round out the programme, the Mites and Midgets clashed in the curtain raiser, the game going to the former at 13 to 6.

The Celts engaged a picked quintette from the other teams, and were only two points short at the final whistle.

Anyox: Dresser-4, Lazorek-8, Mikeli-2, Kent, Steele-6. Total 20.

Celts: Calderoni-10, Davis-4, Armstrong 2, Dodsworth, Hill-2. Total 18.

Card Party and Dance Held At Alice Arm

A very enjoyable card party and dance was held at T. W. Falconer's hall on Saturday evening. Bridge was played at six tables. The ladies first prize was won by Mrs. W M. Cummings, and Mr. J. Trinder held the highest score for the men. Consolation prizes were awarded to Mrs. O. Evindson and Mr. W. M. Cummings. Dancing followed for a short period and an excellent supper was served. The proceeds were donated to the fund of the Alice Arm Athletic Club.

ANYOX NOTES

Pete Chenoski, W. Bagshaw, A. A. Easson, H. Deeth and W. Woods, who took an active part in last night's smoker, arrived in town on Wednesday.

L. J. Vogel arrived on Wednesday from the south.

Rev. E. Hodson arrived from the south on Wednesday.

Mr. and Mrs. Whitehouse arrived from the south on Wednesday.

Among the arrivals Wednesday were Mr. Watson, J. Hilditch, T. Sanderson, M. Fyle, A. E. Cunnington, H. Wasson.

J. W. Bow of the Canadian Bank of Commerce staff, left town on Wednesday for a vacation spent in the south.

Among the departures on Wednesday, were R. O'Hanley, G. Turman, R. H. Archer, John Woods, L. Robb.

Mrs. Roberts and child were southbound passengers on Wednesday.

G. Walker, representing Pembertons, arrived in town on Wednesday.

A. S. Baillie, auditor for the Granby Co., who has been south on business in connection with company affairs, returned on the Steamship Chilliwack on Tuesday. He was on board the Steamship Camosun when she ran on the rocks on her way north.

Mr. and Mrs. G. H. Winkelmann and family, accompanied by Mrs. Winklemann's mother, Mrs. M. Perrie, were outward bound passengers on Wednesday's boat. "George," in departing expressed thanks to all those who had helped him in baseball and basketball activities. The games benefitted by his participation.

The Anyox Community League Badminton Club will hold a tournament at the Gymnasium tomorrow afternoon.

The Manager—Brains count. The champ's headwork saved him from a knockout.

The Referee—Headwork? I didn't see any. If I had I'd disqualified him for butting.
