Membership in Canadian Legion is Defined At Meeting

The regular monthly meeting of the Anyox Branch of the Canadian Legion was held in the Club room recently.

It was decided at this meeting to co operate with the I.O.D.E. in arranging a cabaret to be held in the Beach Gym. on Monday. February 16.

A question was raised regarding comrades who had served in other than the Canadian forces joining the Canadian Legion, and for the benefit of those Comrades the following is quoted from the Constitution of the Canadian Legion, B.E.S.L.

ORDINARY MEMBERS

1. Any person of good character who has seen active service during any of the wars of the Empire in any of His Majesty's armed forces or auxiliary services, including the Mercantile Marine and Fishery Patrol services and have received honorable release therefrom.

2. Officers and other ranks who have served in any of His Majesty's regular forces or in any of the permanent forces of the Dominion including the Royal Mounted Police, and have been honorably discharged.

3. Officers and other ranks who have served in any of His Majesty's auxiliary forces or the Royal Canadian Mounted Police.

4. Any British or Naturalized British subject who served not less than three months in any Allied Force during the Great War, and saw active service therewith.

The local branch of the Legion will be pleased to welcome comrades who come within the foregoing clauses of the constitution.

Christ Church Ladies Hosts At Card Party

A very enjoyable card party was held at Christ Church Parish Room on Friday, January 9th. It was under the auspices of the W. A. and Guild, and everybody spent a very enjoyable evening.

The prize winners were: Mrs. Jeffs and Mrs. Plumb and Mr. McArthur and Bert Kent.

At the conclusion of card playing community singing occupied the balance of the evening. Mr. J. Gillies was the piano accompanist.

Installation of Officers B. P. O. Elks

The installation of new officers for the coming year of the B.P.O. Elks, Anyox Lodge, No 47 was held in the Lodge room on Monday evening. E. R. Johnson, Past Exalted Ruler, acted as installation officer.

The new officers are all active workers for the cause of Elkdom, and under their guidance there is no doubt but that Anyox Lodge, No. 47, will increase in membership and popularity during the ensuing year. Following is the list of the new officers:

Exalted Ruler—A. C. Harman.
Esteemed Leading Knight—M. J. Sheen.
Esteemed Loyal Knight—W. N. Adams.
Lecturing Knight—J. McColl.
Secretary—C. Tully.
Treasurer—M. Abel.
Esquire—J. McGregor.
Inner Guard—M. W. Webber.
Tyler—J. Moffatt.

Two Basketball Games On Monday

There were only two games on Monday. The first being a Senior B league game between Smelter and Orphans. The latter winning the game, which was lacking enthusiasm of the players. The Smelter turned up several men short and managed to scrape together five players. Naturally they were at a disadvantage playing against the Orphans who had their regular team out.

Scores were: Orphans 16, Smelter 8. The game was uninteresting.

A Senior "A" game was scheduled for 9.15 but the Micos did not put in an appearance. A friendly game was played between the Sheiks and a pick-up team. The Sheiks combined well and piled a big score of 34, while the other team could only muster 9 points, mainly due to lack of combination, and too much individualistic display.

Anyox Lodge, No. 47, B. P. O. Elks will hold another of their popular card parties on Friday, January 23rd.

Out in Hollywood they pick a title and then make a play for it. The same system is used by some American heiresses when they go abroad.

Three Good Basketball Games Played On Thursday

Several interesting games of basketball were played at the Gym on Thursday, January 8th.

The Smelter and Orphan teams clashed in the first game of the second half of the series. It was quite an interesting contest in which the Orphans were somewhat unlucky to lose the points, having had the better of the exchanges throughout. Scores: Orphans 10—Horner-6, Field 2, W. Pinckney 2. Smelter 11—Ion-6, Ellison-2, Donaldson-2, Taylor-1.

The game was played cleanly and referee Gillies seldom had to blow his whistle for infringements. Orphans were strengthened by the inclusion of Ken Hunter who will be an asset to their team.

The Senior Girls game that followed proved a walk over for the Pats. The score being: Pats 36—K. Eve-22, H. Calderoni-12 and Mrs. McKostie-2. High School 10—M. Dresser-7, L. Dresser-2, M. Cloke 1.

Kathleen Eve was well on the target and made the most of the snappy pass sent to her. H. Calderoni also knew where the basket was.

The High School girls were certainly not up to their usual standard and their checking was somewhat weak.

The Senior A game between the Celts and Sheiks was very fast and there was plenty of good basketball and lots of successful shots. The Celts held only a slight lead at one time but after the inclusion of Stuart Steel and Tony Calderoni they piled up quite a big advantange over the Sheiks. Scores: Celts 33—C. Hill 10, S. Steele-8, T. Calderoni 10. A. McDonald 2, M. Patrick-3.

Special Services at United Church

Special Anniversary Services, Sunday, January 18th.

Come and hear the voice of the Moderator of the United Church of Canada. The Rt. Rev. E. H. Oliver, M.A., Ph.D.F.R.C.S.

Very Special Music.

Let this be a real Rally.

Monday night, January 19th. at 6.30 o'clock. All members and friends of the Congregation are invited to supper, after which a short program will be given and reports of the past year's work read, also officers elected for the year 1931.

ANYOX NOTES

Dave Copland left for the south on Monday to take up a position with the C. N. Steamships. Dave has worked at the Hidden Creek Mine for some time, during which he made many friends who wish him well in his new venture.

Mrs. D. MacIntominey, left on Monday for Vancouver. She was accompanied by her daughter, Miss Jeanette Morley.

J. Zupiste arrived on Monday from Vancouver and will spend a short holiday here.

Mrs. M. Morrill arrived in town on Monday from the south.

Wm. Duke arrived on Monday from Prince Rupert where he has spent a short holiday.

W. Feyer arrived back on Monday from a visit to Prince Rupert.

H. Smith, J. Johnston and H. Brown arrived from Prince Rupert on Monday.

ALICE ARM NOTES

Ted Kergin left on Monday on a visit to Vancouver.

Wm. Burke left last week for Prince Rupert and may spend some time there.

A. McGuire left on Monday for the south.

The card party to be given by Mr. A. D. Yorke at the Alice Arm. Hotel will commence at 8.15 p.m. instead of 8 o'clock this evening as previously arranged.

Keep January 29th., free. Plan to be at the Jennings' residence at 8 o'clock to play Bridge. Every one is invited. A collection in aid of the Church Building Fund.

A short hymn practice will be held at the residence of Rev. and Mrs. W. B. Jennings this evening at 7.30 p. m. Everybody welcome.

Birth at Anyox

Born to Mr. and Mrs. J. Pederson at the Anyox Hospital on Tuesday, January 13th., a son.

Christ Church W. A. and Guild Elect Offcers

At the annual meeting of Christ Church W. A. and Guild held on Tuesday, January 6th, the following officers were elected for the year 1931. President: Mrs. J. S. Brayfield, Vice-President: Mrs. A. R. Kent and Secretary-Treasurer: Mrs. G. H. Stewart.

Consolidated Co. May Acquire Copper Mountain

Considerable interest has been aroused in mining circles as to whether the Consolidated Mining and Smelting Co. will take over the Copper Mountain mine and the big concentrating mill at Allenby, owned by the Granby Consolidated Mining, Smelting and Power Co. Ltd.

The Consolidated Co. are evidently desirous of acquiring it should everything meet with their approval. The following is taken from a recent issue of the Princeton Star, and shows that a transaction is possible.

"S. G. Blaycock, vice-president and general manager of the Consolidated Mining and Smelting Co. and W. M. Archibald, mines superintendent, spent two days at the Copper Mountain property this week and made a complete personal examination of the whole mine.

"Their visit materially heightened the interest in the Consolidated's local activities, and is regarded as an important point in the probability of the Trail Company acquiring the Granby operation.

"Messrs. Blaycock and Archibald were accompanied by two other Consolidated officials from Kimberley, both expert engineers. The examination was very thorough, and included both mine and mill.

"The visit of these men brought the Consolidated's interest in this property out of the realms of pure speculation. Tremendous importance will hinge on their observations.

"A fortnight ago a party of eight or ten Consolidated engineers visited the property and made a complete examination, hundreds of pounds of samples being sent to Trail for analysis.

"The Consolidated owns extensive holdings in the Voight claims adjoining the Granby property; controls the West Kootenay Power and Light Company, which supplies the Copper Mountain and Allenby plants; and has a strong affiliation with the Canadian Pacific Railway, which operates the Kettle Valley line and Copper Mountain branch line; and in addition the Consolidated has for some time been anxious to divert to its Trail smelter the Allenby concentrates which have been shipped to Tacoma for the past two years."

Four Basic Industries of Province Holding Average

Victoria, Jan. 10, 1931—While returns for the year 1930 are still necessarily incomplete, preliminary estimates compare hopefully with former years. It is true that revenues from the four basic industries of the province will show a falling off of about $25,000,000 from the abnormal year of 1929, owing to decreased prices rather than decrease of volume. At the same time when the longer view is taken and the situation reviewed in five year and ten year periods it shows that the country has made considerable progress within a decade. For the present year returns will be about $223,000,000 as compared with $248,000,000 for 1929.

The following figures show the changes within the past ten years:

	1920	1925	1930
Forestry	$92,528,807	81,941,000	85,000,000
Agriculture	56,161.217	48,951,514	60,000,000
Mining	35,543,084	61,492,242	55,000,000
Fisheries	22,329,161	22,414,618	23,000,000
Total	206,662,269	214,799,374	223,000,000

It must be remembered that 1920 was a year of abnormal prices following the war. This accounts for the high values of forestry returns as lumber prices in that year reached the peak. This is shown by the fact that while financial returns were larger the log scaling for 1920 showed only 2,046,000,000 feet as against approximately 2,360,000,000 for 1930. The same factor applies to agriculture. While farm product values were higher in 1920, quantity production was greater in 1925 with a smaller return. It is gratifying to note that both in quantity and value 1930 will show a great advance in agriculture in the past ten years. Mining returns will be about $20,000,000 and fisheries about $1,000,000 bet ter than in 1920. For the year just closed the salmon pack has been the best on record and the fruit crop an abundant one. These factors do much to counterbalance any falling off in mining and lumber, so that British Columbia with its varied resources, can support the present and face the future with confidence and hope.

Exports of Canned Salmon Shows Increase

For the first ten months of 1930 British Columbia exports of canned salmon to Great Britain increased both in quantity and value as compared with the same period of 1929. Exports for the first ten months of 1930 amounted to 86.978 cwt., and values were $1,847,000, an increase of about 22 per cent over 1929.

Must Stabilize Silver To Raise Price

It can with certainty be predicted that until there is some stabilizing force which can determine the price of silver so that it can with safety be used in world currencies, there can be no permanent solution of the silver problem.—Mining Congress Journal.

Canada Will Refine Her Own Copper

A year ago, Consolidated Company at Trail had the only copper refinery in Canada and the great bulk of Canada's copper had to be exported for refining. In a few weeks, practically all Canada's copper will be refined in Canada. The one big new refinery is now in operation at Copper Cliff and by April Noranda's new refinery will be working at Montreal East. With these two refineries go fabricating plants to manufacture the refined copper into the finished product of commerce.

Waiter—Mr. Brown's left his umbrella again. I believe he'd leave his head if it were loose."

Manager: "I dare say you're right. I heard him say only yesterday he was going to Switzerland for his lungs."

Big Increase In Silver Production For 1930

The following is taken from the General Summary of the Preliminary Review of Mining Operations for 1930 recently published by the Department of Mines. It deals with the silver and copper production for 1930 and shows the source of the bulk of these metals:

"Silver.—The production of silver is estimated at 11,000,000 oz., as compared with 9,818,800 oz. in 1929, an increase ot 1,881,200 oz., or 19 per cent. This will be a new high record for silver output in the Province. The increase is mainly due to an output of approximately 1,500,000 oz. from the Prosperity mine at Stewart, a new producer this year. In addition, the Premier made a larger production than in 1929. A heavy decline was registered from the Slocan district, where several former shippers were closed down on account of low metal prices.

"The value of the silver output is estimated at $4,534,268 a decline from the 1929 value of $722,002, or 13.7 per cent. Thus, notwithstanding a record output, the value, owing to the big drop in silver prices, is less than any of the last six years.

"The largest producer in the Province is the Sullivan Mine, followed by the Premier, with the Prosperity in third place.

"The average price of silver for the year is estimated at 38.426 cents an ounce, as compared with 52,993 cents in 1929, a decline of 27.5 per cent.

Copper Production Declines

"Copper.—The output of copper in 1930 is estimated at 92,000,000 lb., valued at $11,928,720. This is a decline in output of 9,483,857 lb. and in value of $6,446,962.

"The decline in production is accounted for the closing-down in November of the Copper Mountain mine and curtailment by the Hidden Creek mine, both owned by the Granby Consolidated Mining and Smelting Company. The decrease was in part offset by in-

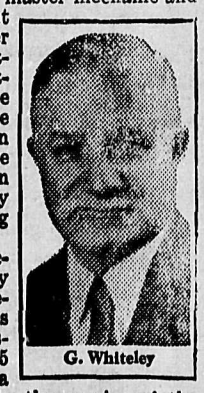
Retirement Closes 53 Years' Service

Over 53 years ago, a 14-year-old boy joined the old Toronto, Grey and Bruce Railway, as an apprentice in the Motive Power Department. Today, the retirement of Robert Preston, superintendent of motive power, Eastern Lines, Canadian Pacific Railway, closes a career which is something of an epic in the history of Canadian railroading and has extended from one ocean to the other in many important appointments. Starting his actual service with the C. P. R. as soon as the T. G. and B. was taken over by the great Canadian system, then in its own infancy. Mr. Preston, from machinist in 1884, served in various parts of the Dominion, successively, as locomotive foreman; master mechanic and superintendent of motive power on both Western and Eastern Lines. He intends to make his home in Toronto, where he is well known and saw many years of his long service.

R. Preston

He is succeeded by George Whiteley, who has been his assistant since 1915 and also has a long record in the service of the company, having started as fireman, at Fort William, Ont., in 1902. His employment in various posts of the Motive Power Department, however, has taken him all over the Prairies and Eastern Canada.



G. Whiteley

The post of assistant superintendent of motive power on Eastern Lines will be filled by Alexander Peers, who leaves his appointment as master mechanic of the British Columbia District to come to Montreal for his first experience of service in the East. He joined up as a machinist in the Winnipeg Shops in 1909, and his various posts, hitherto, have all been West of Fort William. 680

MINERAL ACT
(Form F)

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Sub-Collector" Mineral Claim, situate in the Naas River Mining Division of Cassiar District.

Where located: On the North-east Fork of the Kitsault River.

TAKE NOTICE that we, K. Okubo, Free Miner's Certificate No. 45408-D, D. P. Farquhar, Free Miner's Certificate No. 45409-D; Alexander Player, Free Miner's Certificate No. 40019; Joseph Newton McPhee, Free Miner's Certificate No. 35899-D, and Miles Donald, agent, Free Miner's Certificate No. 62186C, intend, sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 27th. day of October A. D., 1930.

MILES DONALD,
Agent.

Big Increase In Silver Production for 1930

Continued from Page 2

creased production from the Britannia mine, which will in 1930 make a record output.

"The tremendous drop in copper price during the year from an average of 18.107 cents a pound in 1929 to 12.966 cents in 1930 is largely responsible for the big decline in the value of the copper-output, and has resulted in greatly decreased profits for the two main copper companies of the Province."

Canadian Census Will Be Taken Next June

June is the month set for taking the 10-year census of Canada's population, it is learned.

A certain Saturday night will be specified and a record obtained of all persons who slept in each dwelling on that night.

Officials will also take the lists of those who sleep in boats and trains in transit in the Dominion.

The census will be taken by electorial districts. A chief enumerator will be appointed for each of the country's 242 electoral districts and under him house-to-house canvassers will function.

It will probably take several days to complete the canvass, but the information required will pertain to those who slept in the house on the Saturday night specified in advance.

A Private Income of $100 a month for Life

. . . from age 55!

IF IN GOOD HEALTH
—$100 A MONTH.

IF IN ILL HEALTH
—$100 A MONTH.

IN CASE OF DEATH
—$10,000 CASH.

Just picture it.
At 55, while still well and vigorous, to come into a private income (over and above other revenues), guaranteed for the rest of your life, of $100 a month. You simply make yearly or half-yearly deposits of an agreed amount for a specified period, at the end of which you begin to receive a monthly income for life.

That's only part of the story.
If, meanwhile, through sickness or accident you should become totally disabled, you cease paying premiums and receive $100 a month during such disability. At age 55, the regular income of $100 a month, unimpaired, comes into effect.

Look how your family is protected.
Should you die at any time before reaching 55, your family receives $10,000.

This is but one example of a variety of plans which the Sun Life of Canada has for every age, condition, and amount. Fill in and forward this form (which involves you in no obligation) and exact figures suited to your individual need will be sent you.

OPEN UNTIL 10 P.M.

To Command New Canadian Pacific Giant

Captain R. G. Latta, more familiarly known to trans-Atlantic passengers as "Jock" Latta, has been selected to command the new 42,500-ton Canadian Pacific liner Empress of Britain. The promotion comes to Captain Latta after 26 years' service with the Canadian Pacific Steamships, which he joined in 1904 with the rank of 4th officer. In the next six years Captain Latta sailed with several ships and eventually became chief officer of the Montezuma in 1910. The expiration of seven years as chief officer saw his promotion to commander of the Monmouth. Six years later, in 1928, he anticipated promotion to the crack ship of the fleet by his appointment to her namesake, the Empress of Britain, which was later renamed the Montroyal. After a short interlude on the Empress of Scotland, the Scottish shipmaster went to the Empress of Australia, command of which he relinquished after conveying Premier R. B. Bennett to the Imperial Conference, in order to "stand by" the new Empress of Britain during the last stages of her construction.

During his many years as commander of Canadian Pacific liners on the St. Lawrence seaway, Captain Latta has conveyed many famous people across the Atlantic, numbering amongst his more distinguished friends H.R.H. the Prince of Wales, who launched his new command; Prince George, the Duke of Gloucester, Lord and Lady Willingdon, Rt. Hon. Stanley Baldwin, Rt. Hon. L. C. M. S. Amery, Rt. Hon. Winston Churchill, Baron Byng of Vimy, former Governor-General of Canada and commander of the Canadian Corps in France; Prime Minister Ferguson, of Ontario, Lord Dawson of Penn, physician-in-ordinary to H.M. the King, and many others distinguished in the fields of finance, politics and art.

The Empress of Britain, which will make her maiden voyage to Quebec next June, is here shown in an artistic presentation of what she will look like when she enters service next June. Captain Latta is inset.

See "The Texan" At Tonight's Show

Swinging his sombrero and shouting with joy, "The Texan," comes galloping into town for a day's stay at the Anyox Theatre. "The Texan," himself, is Gary Cooper. He brings the thrills and spectacle and daring romance of the big open spaces to this town. "The Texan" is Paramount's new talking Western epic.

With Fay Wray as his leading woman, Cooper interprets the true spirit of the plains. As the Llano Kid, a young, dare devil bandit, he accepts the proposal of a crooked gambler to go to South America and there pose as the long-lost son of a wealthy and aristocratic widow. In the pampas country of South America, he meets the beautiful niece of the charming and lovable old lady, and falls in love twice. Unable to rob the old lady and her niece, he fights to escape his bargain with the gambler.

There is action and great drama in this story which is adapted from a stirring O' Henry tale, "A Double Dyed Deceiver." It is produced on a big scale in a tremendously spectacular outdoor locale. The interesting days of pioneer Texas are authentically pictured in the opening scenes, and the curious customs of Spanish love-making are seen in detail in the South American setting. A lilting touch of humor keeps the entertainment on a thoroughly enjoyable plane.

Mr. H. M. Mayfield, formerly supervisor of the Seattle Goodwill Industries, is the guest of Rev. and Mrs. Bushfield, en route from Southern California, where a survey was made by him, of Social Service agencies along the Pacific Coast.

Two slight errors were made in the publication of this item last week.

A Straight Talk on Situation of Silver

Notwithstanding all the talk about the low price of this once precious metal, silver has been going to new low levels in price

United States first realized the effect of the slump through its producing industry, when its silver mines shut down and its miners went idle. Great Britain is now realizing the effect of the low prices through her decreasing foreign trade, when India can buy half as well as China and other Eastern peoples, on account of the halved value of silver. A new low for all time has been registered this last month when silver touched the 28c mark. Common sense will doubtless intervene between golf games and horse racing in due time, to the plight of more than half of the world's population. Then silver will be called in to assist gold in carrying the burden of the world's trade.—Mining and Industrial Record.

England Will Use B. C. Rail-Road Ties

Railway ties of Douglas fir have been submitted to a most exacting test by the Forest Products Laboratories in London, England. They have been declared highly satisfactory, and one result is that enquiries are now being made through the British Columbia Government representative there for about 300,000.

NOTICE!

Would the party or parties who took papers from the home of Samuel S. Moore, by mistake, kindly mail them to P. O. Box C, Anyox, B. C. No questions will be asked.

NOTICE!

I will accept bids in writing for that pile of second-hand lumber on platform east of railway, in front of the residence of the late Mr. John Stark. Bids will be received until noon January 24th. Highest bid takes it.

Parke Davis Cod Liver Oil, 16 oz bottle, $1.25.
Parke Davis Viosterol, 75 drops in a dropper bottle, 75c.

Viosterol, by actual test is standardized to have a vitamin D (anti-rachitic) potency, equal to 250 times it weight of good, High Grade Cod Liver Oil. For pale, listless, underweight children or run down adults, the daily use of a few drops of Viosterol, taken with or after meals will usually show satisfactory results in a week or so. Ask the Doctor about Viosterol. He knows.

Parke Davis Irradol-Malt, One Pound bottle, $1.25.
This palatable combination of Viosteral and Malt gives you the combined nutrative values of each in a form which is very pleasing to the taste.
