## Bonanza Shipping Ore 11,000 Tons Per Month

The Bonanza mine, which is being operated by the Granby Consolidated Mining, Smelting & Power Co. is producing slightly over 11,000 tons of ore per month.

The ore is being taken by aerial tram direct to the ore bins of the Anyox concentrating mill. The tram is operated two shifts per day.

Development of the Bonanza is now being done on the south side of Bonanza creek. Here an incline shaft is being driven a distance of 700 feet. When completed it will have a vertical depth of 400 feet.

The Granby Co. are still carrying on their diamond drill campaign on the Hanna property that adjoins the Hidden Creek mine. No new properties in the north have been recently bonded by the company.

Over 1200 men are now on the payroll of the Granby Co. at Anyox and the plant is being operated to full capacity.

## Ball Players Meet Defeat at Ketchikan

The Anyox boys left town on their return baseball games to Ketchikan on Wednesday evening July 3rd., arriving there at 8 a.m. It rained and drizzled during almost the whole trip and during the morning spent there, but cleared up a little at 3 o'clock for the game.

Ketchikan team fielded the same team which played at Anyox, with the exception of the pitcher who is a spit-ball artist, and veteran Pug Barnett on third. The first three innings went as usual ending scoreless for both teams. In the fourth inning several errors in the infield caused a defect in the Anyox team Ketchikan gaining seven runs.

At this point it looked as though Anyox had to work hard if it was possible to make up such a score. Anyox team however was not able to make any more than two runs, also giving Ketchikan four more. The game ended with the score of eleven to two in favour of Ketchikan.

The boat left Ketchikan at an early hour on July 5th. arriving home about 7 o'clock. George Winklemann accompanied the team and the boys were very satisfied with his interest.

## Tennis Organization Meeting

A meeting to organize a club for the tennis courts on the Flats has been called for this evening. It will be held in the Recreation Hall at 7.30 p.m. All those interested are requested to be present.

Send your films to Wrathalls Photo Finishing, Prince Rupert, for careful work and quick results. Enlarging and Scenic Photography

## The Westminster Glee Singers Hold Audiences Spellbound

On Monday evening the Westminster Glee Singers of London, England, gave a wonderful exhibition of singing in Recreation Hall, Anyox that held a crowded hall spellbound for over two hours.

It is impossible in these columns to commence to describe the remarkable singing of this wonderful constellation of artists. Ranging from the angelic soprano of Harry Fearn, one of the boy singers selected from the principal London church choirs, to the golden bass of C. Draper, exhibitioner of the Royal College of Music, the singing both individual and collective was flawless.

Their music was simply beautiful. Their repertoire is a very diverse and representative one, transporting their audience from a sublime selection of sacred music to a rollicking exposition of sailor's shanties, and including between such fine things as colorful partsinging, effective union songs, and all manner of gorgeous solos, quartettes and sextettes.

From the opening madrigal, "This Pleasant Month of May", to the full throated rendering of the stirring strains of "Rule Britannia" and "God Save the King" which concluded the programme, every number was received with tremendous enthusiasm. Encores were requested, and freely given. The singers obliging with as many as two encores on several occasions.

No higher compliment could be paid the Westminster Glee Singers than to say that many who attended Monday evening's performance attended the matinee on Wednesday afternoon for children, or the Wednesday evening's concert. It is a pity that it is not possible to have singers such as this week's visitors with us more often. Great credit is due Anyox Lodge No. 47, B. P. O. Elks in making arrangements for the visit, and the entire community are indebted to the local Elks for making this visit possible.

Twenty-five per cent. of the net proceeds were for the defraying of Elks' Flag Day for the children which will be held next month.

A matinee was also given on Wednesday afternoon for the children, and a concert on Wednesday evening. An entirely new programme was given at each performance. Both concerts were of the same high order as Monday night.

Following are the names of those who took part in the concerts during the week:

Director and organizer, Edward Branscombe.

The Boy Sopranos: Douglas Bartrip, Harry Fearn, Sydney Walls, Alan Goodered, Vincent

Continued on opposite column

## ALICE ARM NOTES

Harry Owen arrived back on Monday from a visit to his home at Cardiff, Wales.

Miss Ellen Anderson arrived home on Monday from Vancouver where she has spent the past ten months.

J. N. McPhee arrived in town on Monday from a visit to Prince Rupert.

Dr. Mandy, resident mining engineer for this district arrived on Monday from Prince Rupert, and will make an examination of the mining properties of the district. This is Dr. Mandy's first visit to Alice Arm.

Miss Alice Hogburg arrived on Monday from Vancouver and will spend two month's holidays with her parents.

Miss Verna Wilson arrived on Monday from Vancouver and will spend two month's holidays with her father and brothers.

Mrs. Dolberg, accompanied by Mr. and Mrs. Hodgison arrived on Monday from Prince Rupert.

Mrs. J. A. Anderson and family, former residents of the camp, arrived from Anyox last week and will spend summer holidays here.

Miss Jean McFarlane of Port Hammond is spending holidays here with her aunt, Mrs. J. A. Anderson.

Mrs. A. Beaudin left on Tuesday for a short visit to Prince Rupert.

Miss Evelyn Anderson arrived on Monday from Prince Rupert and is visiting her aunt, Mrs. G. Anderson.

A dance will be held at the Alice Arm Hotel tomorrow evening. Gentlemen \$1.00. Refreshments will be supplied by the ladies. An enjoyable evening's entertainment.

## Tennis Court Anyox Flats Is Completed

The Tennis Courts on the Flats, that have been built by the Anyox Community League at a considerable expense are now complete in every detail. Tennis enthusiasts residing in the vicinity will be relieved of the long walk up town in order to play a game of tennis.

Great credit is due the League for providing this form of summer recreation, in both parts of the town and it is hoped that the new courts will be in great demand this summer.

Petley.

The Male Altos: Donald Reid (Westminster Abbey and St. Paul's Cathedral), William Lowry (Christ Church Cathedral).

The Tenors: Edward Branscombe (Westminster Abbey), Charles O'Connor (The Irish Tenor), James Davis (St. Paul's Cathedral). The Basses: Charles Draper (Exhibitioner, Royal College of Music), James Barber (The Scottish Bass), Albert G. Greene (Principal London Concerts).

The Accompanists: Donald Reid, James Davis, Edward Branscombe.

## List of Prize Winners Of Dominion Day Sports

Scout Competition. Beaver Patrol Won.

Shot Put. Open. 1 Maki 38 ft. 4½ inches, 2 Engman 33 ft. 6 inch.

Born to Mr. and Mrs. F. F. Brown of Anyox, at the Vancouver General Hospital on Sunday, July 7th. a son.

## Granby Co. To Declare Dividend On August First

SPOKANE—Declaration of a dividend at the rate of \$1.75 a share payable August 1 to stockholders of record July 12 by Granby Consolidated Mining Smelting & Power Company has been announced. The payments will total \$766,889 and will bring the total dividend payments of this concern close to \$13,000,000.

The forthcoming disbursements will be 25 cents a share more than its recent predecessors and 75 cents more than the initial dividend since the resumption of dividends about a year ago.

The increase is made possible by the higher price of copper, the higher price having resulted in earnings of \$940,364 in the first quarter of this year, as compared with \$553,605 in the corresponding period of 1928.

## Anyox Girl Guides Spend Week at Silver City

The Anyox Girl Guides spent an enjoyable week in camp at Silver City last week, returning on July 5th.

The girls were under the supervision of Miss Hoadley (Captain,) and Lieutenant Winnifred Cameron. As it was necessary for Miss Hoadley to leave on Tuesday night, Mrs. J. Wheatley of Silver City kindly consented to take charge of the girls.

The week was spent in an educational and enjoyable manner. The girls indulged in swimming, boating and hiking. No one had the least inclination for home at the end of the week, for all had spent such an enjoyable time.

They hope that a return visit will shortly be possible, if only for a week-end.

## Anyox I. O. D. E. Extend Thanks

The Collison of Kincolith Chapter I. O. D. E. wish to extend thanks to everyone for supporting them on the occasion of their Rose Dance on July 1st., and also for their patronage during the sale of roses on the same day.

They also wish to especially thank the following for their kind assistance in making the Rose Dance such a success:

Messrs. Ray Roberts, C. P. Ashmore, J. R. Kent, Geo. Pearson, V. S. McRae, E. R. Armstrong, Scoutmaster Gale and Boy Scouts, Granby Co., Anyox Community League, Pioneer Mess, B. P. O. Elks.

Miss Florence Dodsworth is the Anyox correspondent for the Herald during summer holidays. Miss Dodsworth will be pleased to accept any news items for the Herald that you wish published.

Travelling by air has become so common in many parts of the world that it passes unnoticed. Air liners make regular runs between European cities and the large cities of North America are also connected by airplanes. The remote northern regions of Canada, especially the prairie provinces and Ontario are being reached by airplanes. Journeys that formerly occupied weeks are now reduced to hours. The air route has been tried and found satisfactory and its popularity will increase. The northern coast portion of British Columbia has lagged behind the rest of the Dominion in utilizing the air route as a means to quickly reach outlying sections. This backwardness seems due for a change, however. Two weeks ago a passenger made the trip from Anyox to Stewart by air. The Canada Consolidated Mining Co. are also using airplanes to transport men and supplies from Stewart to the interior in order that time may be gained in developing a big mining property. It may not be very long before a regular air service is instituted between the northern mining camps. Prince Rupert, Anyox, Alice Arm and Stewart and possibly several Alaskan towns would be within an hour or two of each other. The winding waterways that pierce the northern coasts, and are followed by steamships, could, in many cases be

## Airplanes To Be Used To Develop Stewart Mines

Plans to transport a party of engineers and several tons of material in a series of flights from Stewart to Bowser Lake have been made by the Consolidated Mining & Smelting Co. Ltd. following its purchase of the Canadian Northeastern Railway in the Portland Canal district it is announced.

Contract for the air service has been signed with Western Canada Airways Ltd. by the Northern Prospecting Syndicate, a subsidiary of the Consolidated firm, and a flying boat piloted by Walter E. Gilbert left Vancouver last week for Stewart. A party of engineers now in Stewart will be taken in first and the construction and survey material will be freighted in by the plane during the next three or four weeks.

## Anaconda Co. Making Large Profits

Anaconda Copper Mining Company reports 1928 as the most successful peace-time year in its history. Net income increased from \$10,123,258, in 1927 to \$24,174,780 in 1928. John D. Ryan, chairman of the board, in his remarks accompanying the annual report, states that the outstanding development of the copper industry during 1928 was the extraordinary increase in domestic consumption which developed during the second quarter and continued throughout the year

## Premier Has Paid Dividends Of Nearly \$14,000,000

Regular quarterly dividend of 6 cents per share was paid on July 3rd by Premier Company. This will make a grand total of \$13,750,000 in dividends.

eliminated, and the distance and time shortened to a considerable extent.

## Terrace Board of Trade Asks For Refinery

The council of the Board of Trade at its meeting last week prepared a resolution to go to the Canadian Chamber of Commerce at its meeting in September asking that body to use its influence to secure the establishment of a copper refinery on the Pacific Coast.

## WE CAN'T HAVE BOTH

Over one-half of all Canada's industries depend on wood as a raw material. When the forests are destroyed mills must close down, railway earnings must suffer, trade must stagnate and prosperity must vanish.

Issued by authority of  
 Honourable Charles Stewart,  
 Minister of the Interior.

PREVENT FOREST FIRES

# Stewart Railway Taken Over Consolidated Company

Speculation that has been rife during the past year as to the ultimate ownership of the Stewart railway was settled last week.

Advices from the south state that: Consolidated Mining & Smelting Corporation, closely allied with the Canadian Pacific Railway, has purchased the Canadian Northeastern Railway from Vancouver Holdings Limited. The deal, which has been pending for several weeks, was finally concluded last week. The new owners held a meeting and elected the following directors, all officers well known in connection with Consolidated: Messrs. James J. Warren, Roland C. Crowe, Selwyn G. Blaylock, Thomas W. Bingay and William Munroe Archibald.

The Consolidated Mining & Smelting Corporation has extensive interests in the north. In the Portland Canal and Bear River district it has the famous George Copper property and the Big Missouri. After passing through Bear River divide, about twenty-five miles from Stewart, the railway, as projected will strike Naas River Valley at a point near where Bell-Irving River enters the Naas, and in this district the Consolidated Mining & Smelting Corporation last year located about fifty-six claims, said to have very bright prospects for future development.

The railway will then strike eastward towards Ingenika River. In this district the Consolidated last year had four exploration parties, one group remaining all winter in this area. The projected railway will also tap the well known Ferguson property, owned and controlled by a syndicate headed by Mr. W. R. Wilson of Vancouver, of the Crows Nest Company. A month ago, five Vancouver business men travelled by airplane to the Ferguson Mine, where they were tremendously impressed with the development in hand.

No announcement has been made by the Consolidated of its intentions for immediate development this season on the Stewart end of the line near the coast, but it is expected that, as work proceeds on George Copper, the first step of the new owners will be to extend the railway to that property.

# Large Number Geological Surveyors In Field

Fifty-two Geological Survey field parties will be engaged this summer upon surveys and investigations throughout Canada. One party will go to Yukon, two parties to the North West Territories, ten to British Columbia, seven to Alberta, five to Saskatchewan, four to Manitoba, Seven to Ontario, nine to Quebec, three to New Brunswick, four to Nova Scotia, and three will be occupied with investigations of general interest. About 250 persons will be employed. Of these only forty are permanent Survey officers.

The way to kill a project is to leave it with a large committee.

# Billions Invested In Hydro-Electric Power

The total capital invested in the water-power industry in Canada is now about \$1,173,000,000, and of this nearly \$1,000,000,000 has been expended on land, buildings, plant, and equipment for the generation, transmission, and distribution of hydro-electric power. This is a much larger amount than is invested in Canada, except agriculture and transportation

Advertise in the Herald

# Big Properties Cause Metal Increase

During the last three years increased production of metals in British Columbia has been largely caused by greater outputs from the larger mines, including the Sullivan, Premier, Britannia, Hidden Creek, and Copper Mountain. Development of these properties has kept pace with production and in the aggregate this development has been successful in maintaining or increasing the ore reserves

Money may get man into trouble but it is usually more useful in getting him out.

# NOTICE

The Granby Consolidated Mining, Smelting and Power Company Limited hereby gives notice that it has, under section 7 of the Navigable Waters Protection Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry Office at Prince Rupert, a description of the site and the plans of the LAYING OF A SUBMARINE POWER CABLE proposed to be laid under the Granby Bay, commencing at a point on the foreshore of Land Lot 479, Cassiar District, located South 21° East of the Northwest corner of Land Lot 479 a distance of approximately 1700 feet, thence across Granby Bay, south 48° 20' East, a distance of approximately 2800 feet to a point on the foreshore of Cassiar Land Lot 3204.

And take notice that after the expiration of one month from the date of the first publication of this notice The Granby Consolidated Mining, Smelting and Power Company Limited will under Section 7 of the said Act, apply to the Minister of Public Works at his office in the city of Ottawa, for approval of the said site and plans, and for leave to lay the said submarine cable.

Dated at Anyox, B. C. this 28th. day of June, 1929.

TENDERS WANTED

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wharf Repairs, Bella Coola, B. C.," will be received until 12 o'clock noon (daylight saving), Tuesday, July 23, 1929, for the wharf repairs at Bella Coola, Skeena District, B. C.

Plans and form of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineer, Post Office Building, Victoria, B. C.; Victoria Builders Exchange, 2509 Prior Street, Victoria, B. C.; The Building and Construction Industries Exchange, 615 West Hastings Street, Vancouver, B. C.; also at the Post Offices, Prince Rupert, B. C., and Bella Coola B. C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

NOTE—Blue prints can be obtained at this Department by depositing an accepted cheque for the sum of \$10.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,  
S. E. O'BRIEN  
Secretary.
