Large Crowd Attends Elks' Cabaret And Dance

In keeping with their ideals of providing the best entertainment possible for their patrons at social functions, the Anyox Elks put on an excellent show at their Easter Cabaret and Dance, held in the Gymnasium on Easter Monday. The decorations, spotlight effects and genial atmosphere gave the finishing touches to a memorable evening's entertainment. A large crowd attended. The cabaret programme contained some novel features and every number was cleverly performed.

The opening item was an exquisite toe dance by Miss Florence Kelley, given with a skill and grace which delighted everyone. Miss I. Gillies and Mr. M. Flye presented a dainty song and dance: "Honey." A number by Miss Frances Wilkinson and Mr. J. Obuchine entitled "The Shadow Waltz" captured the hearts of the audience. As an encore they gave the song "Thanks." Miss I. Eastman, charmed everyone with a solo entitled "Song of Love" Mr. Bob Brown gave in good style "When its darkness on the Delta."

A chorus and dance by a group of well-trained artists was the feature of the evening, and was given in a finished style which reflected great credit upon those by whom they had been coached. Credit is due Mr. T. J. Tierney in this regard also to Miss F. Kelley for her careful tuition. Mr. Frank Allen deserves praise for his work as accompanist for the choruses and dances.

Following were the committee in charge of arrangements: Angus Gillies, chairman, Peter Wee, Ed. Johnson, Ken Hunter. Music for the dancing which followed was provided by the Elks' Orchestra, who delighted with their tuneful numbers, and J. Gillies' Orchestra gave their services for the supper interval.

The members of the troupe in the dance and chorus were: Miss F. Kelley, Misses Frances Wilkinson, Winifred Wilkinson, Agnes Krusick, Enid Morris of Prince Rupert, Dulcie Breuther, Isabel Gillies and Mr. M. Flye. An appetizing supper was served during the evening.

BIRTH AT ANYOX

Born, to Mr. and Mrs. A. H. Hilliard, at the Anyox General Hospital, on Sunday, April 1st, a daughter.

Many Attend United Church Services

The Easter-time services in the United Church at Anyox were helpful and inspiring.

The Good Friday evening service was followed by the Holy Communion, when many stayed for the sacrament.

The Sunday School attendance on Easter Sunday was just one short of the total enrollment. At the 11 o'clock service a well filled church resounded to the first hymn "Christ the Lord is Risen Today."

In the evening the church was filled to capacity, chairs being placed in the aisles. The choir sang two anthems: "Gloria in Excelsis" and "The Heavens are Telling." Mrs. J. Peel sang "I know that my Redeemer Liveth." The minister's theme was of the Resurrection, the Triumphant Christian Life, and their relation to Immortality. Mr. N. R. Redman was organist at the morning service and Mr. F. Dresser at the evening service.

Mr. Ivor Bassett Is Fellow of Royal Society of Arts

Mr. Ivor Bassett of Anyox, has recently learned that he has been elected a Fellow of the Royal Society of Arts of London, England, and is therefore entitled to the letters F. R. S. A. after his name. He has also been made a member of the advisory board of the Dominions and Colonies Section of the Society.

The Royal Society of Arts is one of the oldest scientific societies in Great Britain, and functions in the sphere of applied science. Originally founded in 1754, it was incorporated by Royal Charter in 1847 "to assist in the advancement, development and practical application of every department of science in connection with the Arts, Manufactures and Commerce of Great Britain." It is also one of the large recognized examining bodies in Great Britain, and in 1933 its papers were worked by 81,346 candidates.

The Society is now co-operating with the Royal Academy to hold an exhibition of British Art in Industry in London in 1935.

S. Gawthorne arrived back on Monday from Vancouver, where he was recently called on the death of his mother.

A. Pynn, who recently received an injury to his eye, and who has been receiving treatment at Prince Rupert, returned home on Monday. He was accompanied by Mrs. Pynn and son Roy.

Rovers Hold a Successful Social Evening

The local Rover Crew successfully entertained their lady friends on the evening of the 28th. March, in their new Den.

It was evident that the party would be a complete success when Chief Rover Mate Arthur Teabo was found acting the role of master of ceremonies, the feeding of crackers to the boys by their lady partners, whereupon the boys were to whistle. Much merriment and laughter was to be heard but not the ghost of a whistle.

Rover Dick Summers proved himself a genuine magician when it came to tricks and two or three fellows are still wondering how those eggs got into their pockets.

At 10.30 the party adjourned for supper consisting for the most part of peach shortcake, jolly and ice cream.

After supper, dancing to the peppy music of John Gillies and his "Syncopals" was the order of the evening.

The gathering broke up shortly after twelve o'clock and was voted a complete success by all present.

Anyox Notes

E. Parsons and Master Bennie Parsons left on Monday for Vancouver, where they will reside.

F. B. Faulkner, after a residence of four and half years in Anyox, left on Monday for Vancouver, where he will reside.

Miss K. Ramsay left on Wednesday for her home in West Summerland.

Mrs. W. R. Lindsay returned on Wednesday from a visit to the south.

J. Pavich returned on Wednesday from a visit to Vancouver.

G. C. Arseneau left on Wednesday for Stewart.

Miss Joan Trinder arrived on Wednesday from Alice Arm and is spending a few days' holiday with Mr. and Mrs. J. A. Anderson.

Constable L. Olsen left on Monday for Prince Rupert, in charge of a prisoner, who was recently sentenced to two months' imprisonment for assault.

Mrs. Baclay returned on Monday from a visit to Vancouver.

Unless silver is remonetized by the United States, it will be necessary to declare an embargo on the metal against Oriental countries which action would inevitably mean war, it was declared by Senator Burton Wheeler, proponent of silver remonetization legislation in Congress in an address at Chicago.

Trojans Beat Mechanics In Play-off Game

In the Men's Senior A play-off game between the Mechanics and the Trojans, the latter won handily 35-17 after a fast and worth-while exhibition. Good team-work and accurate passing won the game for the Trojans. Mechanics' passing was a little erratic at times and their efforts at the basket were frequently misjudged. They played an aggressive and speedy game however, and well deserved a higher score. Harold Dresser and Bud Gillies starred with 14 and 11 points, while Ivor Davies and Doc. Watson worked well for the losers. The teams: Mechanics, C. Dresser 5, J. Buntain 6, I. Davies 2, W. Watson, J. O'Neill 1, L. Gillies 3, Trojans: B. Gillies 11, H. Dresser 14, T. Scott 2, F. Gordon 4, W. Shields 2, J. Dodsworth, F. Dodsworth 2.

Trojans now meet the Vandals in the final.

Large Number Attend Alice Arm Easter Services

Easter Services were held at St. Michael's Church Alice Arm on Sunday last, and were conducted by Mr. J. Walter-Hughes.

Holy Communion was celebrated at 11 a.m. At the close of this service the baby of Mr. and Mrs. J. Larsen was baptized.

At the evening service, the Church was filled to capacity. The well known Easter hymns were heartily sung, and the sermon, the subject of which was: "Sorrow and Joy," preached by Mr. Walter-Hughes was greatly appreciated. Mrs. J. Graham presided at the organ. The Easter service was the first service held since last September.

Dr. J. T. Mandy Predicts Mining Activity

All signs continue to point to a very active season in mining in all parts of this district and, indeed, the movement into the field is already well under way, was stated at Prince Rupert by Dr. Joseph T. Mandy, resident engineer for the northwestern mineral survey district.

In addition, to prospecting on a larger scale, there will be greatly increased operations by companies in development and production, it is already evident.

Mr. and Mrs. Adam Clarkson left on Wednesday for Vancouver where they will reside.

Tournament Enjoyed By Youthful Badminton Players

Twenty-two children who have been coached in the game of badminton during the past season took part in a tournament held in the Gymnasium on Saturday evening last, and thoroughly enjoyed it. These children have been trained by a committee of members of the Anyox Badminton Club, meeting every Saturday evening, and the results fully justify the conscientious efforts which have been expended.

The committee composed of Mrs. Wenerstrom, Mrs. J. Smith, Mrs. Macintyre, W. G. Johnston, M. Prust, and A. H. Kirby, president of the Badminton Club, were in charge of the tournament, the prizes and supper being provided by the Community League. Mixed doubles was the style of play, the names being drawn out of a hat.

Each couple played every other couple during the evening, so that they played ten games each, 110 games being played in all. The winners were Leslie Murdoch (playing as a lady) and Jack Tierney, the second prizes going to Nadine Wenerstrom and Bobby Kent. Consolation prizes went to Dorcas McInnes and R. Manning. The winners made 103 points and the runners-up 100.

During the supper Mr Kirby presented the prizes and congratulated the children on their play and also on their general behaviour. Similar training of the children is planned for next season.

Mine Girls Hold Down Beach Hoopsters

Holding down a selected team from the Beach to a 18-22 score in a friendly encounter at the Gymnasium on Good Friday, the Mine girls showed how well they are following the instruction they have received during the past season. Their play showed that they were more anxious to follow the rules than to win regardless. Next year they will be well fitted to take a high place among Anyox ladies' teams. The Beach girls lost three players through personals. The teams: Mine: E. Johnson 8, C. Peterson, M. Clarkson, P. Arscott 2, V. McMillan, Y. Cannon 6, B. Cannon 2, M. Owet, J. Tamkin. Beach: P. Loudon 3, D. Rogers 6, J. Pinckey 6, N. Salmon 6, H. Simpson 1, D. Taylor.

Government Willing To Assist Prospectors

When supply for the department of mines was being voted on March 23rd. Premier T. D. Pattullo told the House the Government desired to go the absolute limit in assisting the mining industry, which was a particularly bright spot in B. C.'s present-day history. The remark was prompted by a statement from Dr. J. J. Gillis, Liberal, Yale, that prospectors were complaining of serious delay in examination of properties by resident mining engineers.

Mr. Pattullo said if the Legislature would clothe the government with the necessary authority it would be in a better position to assist prospectors.

W. J. Asselstine, Liberal, Atlin, said 60 per cent. of the area of that riding had never been visited by white men. He urged the government to endeavor to co-operate with the Dominion in geological survey work carried out in this province.

R. W. Bruhn, Ind., Salmon Arm, said an act had been passed last year by the former government which would have greatly assisted the placer mining industry, but this legislation had been ignored.

Mr. Pattullo replied by saying that if the Special Powers Act was supported by the Legislature the government would have an opportunity to give such assistance.

Hon. G. S. Pearson, minister of mines, said his department had in mind a scheme to aid the placer miner.

Profit From Premier Mine Over \$21,000,000

In the 14 years and one month ended December 31, 1933, Premier Gold Mine produced 1,332,669 oz. gold and 33,873,225 ounces silver. Total profits after deducting investment write-offs and taxes before depreciation and ore depletion charges were \$21,281,537.

The aggregate distribution to shareholders has been \$17,258,075.

Houston Gold Mines, with a property on Bob creek, near Houston, B. C., is being financed by A. J. McPherson, of Vancouver. Original owners are George W. Smith, Charles Kelly and M. Fenton.

Another strike of rich free gold ore is reported from the I. X. L. at Rossland, B. C., which is being operated by a Rossland syndicate.

Consolidated Co. Must Start Railway In Nine Months

The Canadian North Eastern Railway, owned by the Consolidated Mining & Smelting Co. will be allowed nine months to start construction of its railway from Stewart across the northern half of British Columbia to Fort Grahame.

The Provincial Legislature gave the company a new charter on March 29th. after a futile fight by G. G. McGeer, K. C., to stop it. In the final division, all Liberals voted for the charter. R. H. Pool-ey, K. C., R. W. Bruhn and Clive Planta, supported the bill, which was a government measure. The C. C. F. members and Hugh Savage, Independent, opposed it.

Mr. McGeer said the charter was a continuation of the "free trade in railway charters" which had loaded the country down with too many railways, which threatened even the C. P. R., which might make consolidation of the C. P. R. and C. N. R. inevitable and which had contributed largely to the bankruptcy of the Dominion and all the provinces.

R. R. Burns, Liberal member for Rossland-Trail, asked the Legislature to give the Consolidated a square deal.

Wm. J. Asselstine said that the House should encourage a company like the Consolidated which was really trying to do something. He did not believe the northern scheme would ruin the P. G. E., which he declared would be a highly profitable railway within the visible future.

Clive Planta, member for Peace River, was in favor of a northern outlet for the Peace River district.

It will be interesting to see if the Consolidated Company are ready to start construction within nine months and finish within five years. It is possible they will not accept the terms and allow the charter to lapse, with the hope of obtaining at a later date when business conditions are more prosperous and money easier to borrow.

Legislature Prorogued On March 29th.

The Legislature prorogued on March 29th. Before rising the House gave three readings to British Columbia's act for marketing of natural products. The Act, following specifically a measure which has been introduced at Ottawa, allows wide powers to control marketing which will be administered by the "British Columbia Marketing Board" consisting of three paid members appointed by the government. Agriculture, fisheries and lumbering will come within the scope of the measure.

Apple and peach orchards near Penticton, B. C., are being staked as mineral claims.

The passage by the Legislature of Premier Pattullo's Special Powers Act marked the first occasion in the history of the Dominion of Canada that a provincial cabinet has been given complete power over economic affairs.

TRAIN SERVICE

TRAINS leave Prince Rupert Mondays, Wednesdays and Fridays at 5.30 p.m., connecting at Jasper for all points East and South.

Trains from the East will arrive at Prince Rupert on Tuesdays, Thursdays and Saturdays at 10 p.m.

Thursday train connects with steamship for southern ports, leaving at 10.15 p.m. Sleeping and buffet-parlor car service.

GOLD MINING IN BRITISH COLUMBIA

Lode and placer gold mining have made remarkable strides in the past three years. Historic Cariboo and Bridge River districts are now prominently in the public eye.

There are opportunities for profitable investment, and about 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

British Columbia is the leading Canadian Province in production of silver, lead and zinc.

Youngsters Travel Alone

Loaded with a large paper bag, full of sandwiches and fruit, five young Canadian "voyageurs" are seen at Windsor Station, Montreal, where they more than enjoyed themselves while waiting for the train to take them to the Canadian Pacific liner Duchess of York and England. They are Billy Anderson, 14, and his four sisters, left to right above, Ena, Blanche, Greta and Gwen. Greta, the youngest, is only six. Few youngsters of his age are ever called upon to chaperone four young sisters on a 5,000 mile journey, but Billy shouldered his responsibilities like a man. He was shepherd, guide and constant census-taker of his little flock. The children are going to live with their grand-parents at Purley, near London. Canadian Pacific representatives and the Traveller's Aid Society cared for them en route. On board the Duchess of York the little girls were looked after by a motherly head-stewardess.

Seven Seas Traversed

We passed in luxurious comfort, free from any care or irritating responsibility and absolutely without one disturbing incident from continent to continent," stated Lady Williams-Taylor on her return from a world cruise on board the Canadian Pacific liner, the "Empress of Australia," during which four five continents, twenty-one countries and twenty-six ports were visited and seven seas traversed. "With sheltered ease," continued Lady Taylor, "we had unfolded to us the soul-penetrating magnificence and the somewhat repellent fanatical conditions of India and distraught, yet ever thrillingly interesting China. We steamed up and down the dangerous Pearl River, and saw first-hand the devastation of Canton. Mysterious Java, and almost untouched Sumatra, held us spellbound. Singapore and its ever-growing docks amazed us, and lovely Ceylon enchanted us. But Hawaii wound itself about our hearts and, to its haunting 'Aloha Oe,' we saw it fade away through regretful tears. Not only are the islands more than fascinating, but the Royal Hawaiian Hotel would tempt any traveller to return. "After such a wonder tour of 133 days," concluded Lady Taylor, "we 'Lotus Eating Tourists' have once again to face the realities of ordinary existence without the untiring supervision and perfect organization of the mighty and far-reaching Canadian Pacific Railway and Steamship's protection and care of us. It was, indeed, with hearts full of gratitude and appreciation for our splendid captain, his staff, and for the constant and devoted attention of the cruise directors, that we finally bid farewell to our floating home—the 'Empress of Australia.'"

ADVERTISE IN THE HERALD

Financial Writer Favors Railway From Stewart To Interior

Given nine months in which to make a start on construction and a maximum of five years to complete the road, the Canadian North Eastern Railway Company, Consolidated Mining & Smelting Co. subsidiary, may make a start this year on a road from Stewart to Fort Grahame, says Howard T. Mitchell in the Financial News.

In the face of some opposition from members whose constituencies lie along the Pacific Great Eastern Railway and who feared that the C. N. E. line would constitute a serious competitor, Premier Pattullo has introduced a bill extending the C. N. E. charter subject to the time provisions mentioned above.

The Premier made it clear that the interests of no section of the province could be held up to advance those of another area, and in any case, that he doubted if a line inland from Stewart would injure the future of the Pacific Great Eastern Railway.

Whether or not the Consolidated Mining & Smelting Company will make a start this year on construction will depend on the value the mining company places upon the charter and the desirability of retaining it.

The company is known to have large placer holdings under development on the Mesilinka River and a copper property on Thutdale Lake. The railway would give access to the famous Groundhog Coal fields, where Lord Rhondda for many years held extensive

Trojans Enter Finals In League Playoff

There was hardly any doubt as to the outcome of the play-off game in the Men's Senior A League, played on Wednesday last between the Trojans and Mechanics. Although the Mechanics put up an A 1 game they were outclassed by the clever and fast-moving Trojans, who won 38-24. The latter now meet the Vandals A for the Cup on Friday 6th. Starting out with a 17-pt. lead, the Trojans made the pace hot from the start, but the machine men were on their toes and a fast game resulted. (Clever passing featured the game, the Trojans time and again working the ball to their star forward, Bud Gillies, who made fifteen points. For the losers J. Gillies made some fine field shots, notching ten points while L. Gillies and J. Hawes also played a sterling game. The teams Mechanics, J. Hawes 6, M. Patrick 3, J. Gillies 10, C. Dresser 5, L. Gillies, W. Watson. Trojans: W. Shields 8, B. Gillies 15, F. Dods-worth, H. Dresser 9, F. Gordon 4, T. Scott 2.

leases on near-anthracite coal measures. It would also give access to the Ferguson lead-zinc mine which is a potential large tonnage operation, sometimes referred to as a second Sullivan.

Construction on the road would tremendously stimulate prosperity in British Columbia, since it would open a new mineral empire to development.

The Herald is \$2.00 a year.

Mine Girls' Basketball Team Shows Improvement

Showing keen enthusiasm in their efforts, the Mine Girls put up a good fight against a selected team last Wednesday. They only lost by three points. All showed improvement, the forward line being noticeably good. M. Clarkson, right guard, was unfortunately absent, but the position was well filled by Y. Cannon, who played a sterling game. P. Arscott, B. Cannon, and E. Johnson starred for the Mine while D. Rogers, J. Pinckney and P. Loudon worked well for the Beach.

Folks are always "down" on the things they are not "up" on.

It is reported that the Henry government intends to have the Ontario legislature prorogued this week and that a general election will be called for the second week in June

Here and There

A. C. Leighton, R.B.A., president of the Government Art College at Calgary, will again hold his summer art school for selected art students from the province of Alberta at the Kananaskis Dude Ranch near Banff, Alta. Mr. Leighton, who is a grand nephew of the late Lord Leighton, president of the British Academy from 1878 to 1896, has been painting for years at Banff and through the Canadian Rockies. He is also head of the Institute of Technology and Art in connection with the University of Alberta. The Kananaskis Dude Ranch operated by Mrs. Bill Brewster, is well known throughout Canada and the United States, and is surrounded by the most magnificent of Canadian Rocky Mountain scenery.

Governor Frank Murphy, of the Philippine Islands, was the guest of Commodore R. G. Latta, of the Canadian Pacific liner Empress of Britain, at Manila on March 15. Governor Murphy inspected the liner, which is engaged on her annual Round the World cruise, and wished Commodore Latta and his ship many happy returns to Manila.

Your favorite picture stars, from Greta Garbo to Betty Boop will be seen as well as heard aboard the "Duchess" liners, as well as the "Empresses" of the Canadian Pacific this summer. The Duchess of Bedford and Duchess of York are already equipped with talking picture machines and the Duchess of Atholl and Duchess of Richmond will have them for their first voyages this summer. The Empress of Britain and Empress of Australia have been showing talkies for some time now.

The Easter holidays, commencing March 29 and extending to April 3rd, offer an exceptional opportunity for travel. The Canadian Pacific Railway is making generous fare concessions and indications are that extensive travel programmes will be carried out by Canadians and visitors to the Dominion.

A large party of Holy Year pilgrims from the Maritime Provinces sailed from Halifax recently in the Canadian Pacific liner Montclare. On Easter Eve they will be received in audience by the Pope. They will visit London, Paris, Milan, Assisi and other cities in Europe before returning to Canada at the end of April.

"GIMME, GIMME, GIMME!"

How can any man possibly look as pleasant as this Gymnasium Instructor, with seven charming ladies crying "Gimme" at once? The answer is that the photograph was taken on the Canadian Pacific liner "Duchess of Richmond" during a cruise of West Africa, the Isles of the Blest and the Mediterranean. This was the last photograph taken by the late "Topple" Edwards, father of the modern illustrated newspaper.

Enjoy This Foaming "Bock"

Beginning March 31, Government Liquor Stores and beer parlors offer you this special brew from British Columbia's most famous breweries. For months it has been in the maturing vats . . . and now it is ready. Full-bodied, foaming, rich in those healthful properties which make "Bock" the Spring tonic that thousands enjoy.
