## Golf Tournaments Being Brought To Close

The 36-hole Medal Tournament played on Sunday last, for the special prize presented by Sid Peters, resulted in a tie between R. O. Cutler and F. Person, each with a net score of 139. There were four runners-up with a net score of 141; viz, C. O. Fricker, J. Grigg, M. J. Sheen, A. W. Gigot.

On the 23rd. of September the Ladies' Club held a nine hole Medal Round, this being won by Mrs. Wenerstrom with a net of 38.

On September 30th. an 18-hole Bogey Competition was held. The first prize was won by Miss Frances Dresser and the second prize by Mrs. Fricker.

The Sun Life Cup for the month of September was won by Mrs. Wenerstrom with a net of 89, Mrs. Gorman being second with a net of 90.

For the month of October the Sun Life Cup will be played for only until the 15th. and there will be a play-off after that date between those eligible to determine who shall hold the Cup for the winter months.

The winner of the First Flight of the Ladies' Open Championship series proved to be Mrs. Cundill, with Mrs. Docherty as runner-up.

On each Ladies' Day during the remainder of October weather permitting, a 9-hole Bogey Competition will be played.

## Alice Arm Tennis Club Holds Card Party

The first card party of the season was held at the Alice Arm Club House on Saturday evening under the auspices of the Alice Arm Tennis Club.

There were a good number present and a very enjoyable evening was spent. The men's first prize was won by Mr. G. Pearson and Mr. H. Fowler held the low score card. Mrs. J. Wheatley was top scorer for the ladies and Mrs. E. Peterson was at the other end of the list.

Following card playing, a meeting was held to decide as to the advisability of holding a series of card parties throughout the winter months. It was decided to hold games every two weeks. The first of these will be on Saturday next, October 15th.

## The Will of Late Patrick Clune Is Probated

The last will and testament of the late Patrick Clune, who died at the Anyox General Hospital on May 30th. last and was buried at Alice Arm, was probated in the Supreme Court, Prince Rupert, on September 26th.

The total estate left by the late Patrick Clune, amounted to \$8,764.50, which is composed almost entirely of cash in bank.

This sum was bequeathed by him to Anyox Lodge No. 47, B. P. O. Elks, and Lodge No. 30, Knights of Pythias, Grand Forks, B. C. The sum to be equally divided between these two Lodges for their sole use and benefit. Succession and probate duties claimed by the government amounted to \$1071.71, which leaves a balance of \$7692.79.

Mr. O. Evindsen of Alice Arm was appointed by the deceased as Administrator of the estate.

The late Patrick Clune was a member of Grand Forks Lodge, Knights of Pythias for a considerable number of years. He was also a charter member of Anyox Lodge No. 47, B. P. O. Elks.

## Thomas Shackleton Dies At Tranquille Sanitarium

The many friends in the north of Thomas W. Shackleton, will regret to learn of his death at the Tranquille Sanitarium, Kamloops recently. Tommy was an old resident of the north, where he was engaged in fishing, mining and hotel business. He was a resident of Alice Arm during the boom days of the Dolly Varden mine, and was interested in a mining property. During later years he conducted an hotel at Usk, on the Canadian National Railway.

## High School Students Hold Annual Dance

The students of the Anyox High School held their Annual Dance and Jamboree on Friday, September 30 in the Oddfellows' Hall. This was supposedly a hard times affair, but the weird and wonderful disguises of the pepppy high school attendants and their friends made it look more like a masquerade. Anything went.

Snappy music was supplied by Harry Ward's Orchestra, and an appetizing supper gave further relish to the proceedings. The affair was voted one of the best so far held.

## Large Number Attend Wedding of Popular Anyox Couple

A smart and very pretty wedding took place on Thursday evening last, September 29th. at the Anglican Church, Anyox, the contracting parties being Miss Violet Scott, youngest daughter of Mr. and Mrs. W. R. Scott, for many years resident of Anyox, and James Ross Boyd, son of Mr. and Mrs. J. Boyd of Hamilton, Scotland. The Rev. J. S. Brayfield performed the ceremony.

The church was prettily decorated, the seats for relatives and invited guests being indicated by white ribbons. The ushers were Maxwell Patrick and Bruce Loudon. The bride, who entered the church on the arm of her father, was charming in a beautiful French made georgette and lace dress, with orange blossom cap and embroidered veil. She wore elbow-length mesh gloves, white kid shoes, and carried a bouquet of white carnations. Miss Marjory Cloke attended as bridesmaid, and chose a dress of flowered taffeta, with picture hat of old gold net. Her bouquet was of pink carnations. Mr. James Dixon assisted the groom as best man.

During the signing of the register Miss Maisie Evans gave a violin solo, and Mrs. J. Dunn sang "Because". Mr. Heppeler, the church organist, played the Wedding March as the bridal party left the church.

After the ceremony a reception was held in the Elks' Hall, at which two hundred and fifty people sat down to supper. The bride's table was covered with a hand-embroidered linen cloth, and was centred with a four tier cake. Two silver flower

## Anglican Church Ladies Hold Card Party

An attractive Card Party was held in the Anglican Church Parish Hall on Friday September 30th. and those present had a most enjoyable session of whist. The first prize for the ladies was secured by Mrs. Hardy, while Mrs. Varnes was found in the basement. Mrs. Croxford, playing as a gentleman, took first honors, while Mrs. C. Reid, also playing as a gentleman, was low scorer. A delightful supper was served, after which the company indulged in community singing, Mrs. J. McMillan being the willing accompanist.

## New Ore Discoveries Made Alice Arm

Despite the unfavorable market conditions for metals, other than gold, a number of mining property owners of the Upper Kitsault Country have carried on considerable development work this year.

J. Strombeck, who has done considerable work on the Moose property this summer, was in Alice Arm this week for supplies, leaving again yesterday. He is at present developing a new ore showing, from which he has obtained good gold values. While nothing sensational has been encountered, the results already attained warrants further development.

A. Davidson, who, in addition to extending tunnels on the Wildcat, is at present developing the Summit Group. He is working on an ore body composed of galena, with satisfactory results.

Archie McPhail, who has done considerable work on the Highland Boy Group is said to have developed a big body of galena ore this year.

Morris Peterson, who has carried on development work on the Vanguard this year, has located a body of ore carrying good gold values.

J. Hauber, while working on the Lucky Strike Group above the Vanguard also struck a vein of gold-bearing ore.

## I. O. D. E. Hold Their Monthly Meeting

A well attended meeting of the Collision of Kincolith Chapter, I. O. D. E., was held in the Club Room of the Canadian Legion on Monday, October 3rd., Regent Mrs. Fricker being in the chair.

Many matters of interest were discussed and several outlets for the activities of the local Chapter were suggested. As in previous years, the ladies of the I. O. D. E. will undertake the sale of poppies on Poppy Day at the Armistice Anniversary.

Mrs. J. McMillan was nominated Echoes' Secretary, succeeding Miss E. Ormrod resigned. Mrs. J. W. Lang was appointed Convener for the Committee to assist with the Armistice Dance, and Mrs. Fricker was made Convener for the Committee to look after the sale of poppies on Poppy Day. The hostesses for the evening were Mrs. Cundill, Mrs. Cleal and Mrs. Deane.

## Many Attend Funeral Of Late Luka Draca

In their customary loyal manner, the countrymen of the late Luka Draca, who was accidentally killed while cutting firewood at Anyox on September 27th. turned out in full force to pay their last respects at his funeral on Sunday last. There was a very long cortege, and people from the Beach as well as from the Mine were present.

The service was held in the Anglican Church by the Rev. J. S. Brayfield, who also officiated at the graveside, and a short impressive service was conducted by N. Matanovich. There were many beautiful floral tributes. The deceased man was very well known in Anyox and was greatly respected among his fellow countrymen.

## Active Badminton Season Is Planned For Winter

At a meeting of the members of the Anyox Badminton Club, held on Friday, September 30th. the following officers were elected for the coming season: President F. C. Edwards; Vice-President, R. Gale, Secretary-Treasurer, W. Gibb; Executive, Mrs. Kirby, T. Cloke J. Foss.

Much discussion arose as to the best manner in which to run the Club this season and it was finally decided that the membership fee be 50 cents, members to provide their own shuttles. Suggestions were made as to the carrying out of this arrangement, and it will be tried out for two months. A schedule of evenings for play will be drawn up immediately.

The Elks' Lodge have formed a Badminton Club of their own this season, and it is already an attractive feature of this well known institution. The Elks have an excellent court in their hall. Membership is limited to Elks only, who are privileged to bring their lady friends as guests. The infomality of the Elks' fraternity makes this club very desirable to the members.

## CARD OF THANKS

Mrs. A. E. Robertson desires to extend her sincere thanks to all those who so kindly expressed their sympathy in her recent bereavement. She especially wishes to mention the Rebeccas, Oddfellows, I. O. D. E. and the Canadian Legion, and to gratefully acknowledge the many beautiful floral tributes.

**Partial Review of  
 Kidd Committee Report**

The report of the Kidd Committee, which was appointed to investigate the precarious financial situation of the province, continues to be discussed by almost every newspaper and periodical in the province, and many organizations have discussed it and passed resolutions regarding it. Some have condemned it wholesale, others have endorsed it, while others have condemned the errors and lauded the balance.

Every organization has viewed the Report from its own point of view. Its recommendations suit perfectly the business men of big southern cities, but happily for them the whole of the province is not confined to Vancouver and Victoria. What is satisfactory for Vancouver and Victoria does not suit the more sparsely populated portions of the province, and we have as much right as taxpayers to condemn as others have to praise.

In the north, the life of the pioneer is a continual battle with nature. Even in the boom periods, when the southern business men are piling up huge profits, the people living in the small towns and hamlets are little affected. When hard times come conditions are worse, and if all the recommendations embodied in the Kidd Report were adopted by any government, conditions would become unbearable. Some of our readers may ask why? Let us explain.

In the first place the province as a whole fully agrees that our expenditures must be cut. That our budget must be balanced, and the practice of borrowing money to pay interest on money already borrowed must stop. That we must reduce our debt, or forever be forced to carry an almost unbearable burden in the form of paying interest on borrowed money, which amounts to approximately \$8,000,000 a year. We have to thank the supporters of the Kidd Committee for so forcefully bringing the financial situation of the province to the people, and much good may result. But do not condemn the government too much.

Anyone who has lived in the north for the past twenty-four years as we have done, knows full well that the people forced the hand of various governments to spend money on not only roads, trails, bridges, public buildings, etc. but also upon railways.

Let us, said the business men of Vancouver and Victoria, develop our vast potential mineral, agricul-

tural, and timber wealth that now lies dormant in the vast undeveloped portions of the province. Let us build roads, trails, bridges, so that these empty places can be populated and the wealth exploited. They forced the government to do so, and the same business men employed hundreds of men to go out and stake the timber lands and agricultural lands, and grub-staked prospectors to search the hills for metals. Then the cry was raised for more immigrants and capital, and both were brought in. Men and women flocked from all over the world to make their home in Canada's western province. English capital poured in to build the railways. American and Eastern Canadian capital came and developed our mines, pulp and paper mills, agricultural lands and timber. Homes were hewed out of the wilderness. Small towns, dotted the landscape. Prices of all commodities were high, and everything was lovely. It will be no trouble to pay off the money borrowed for the development of our natural resources everyone said. Our increased prosperity will take care of that. Then came the depression. Prices dropped. Trade was stagnated. The government, similar to many industrial concerns, found themselves in financial difficulties, and the very people that previously clamored for unlimited government expenditure, turned and condemned, or to use a colloquial expression "Passed the Buck."

That is the reason why the population of the province is scattered over such a wide area. This scattering is deplored by the Kidd Committee, but whose fault is it? Now they would like to de-populate the sparsely settled areas by stopping all work on roads, trails, etc., both mining and agriculture; close our schools so that our children would grow up in ignorance, thus making living conditions impossible. They would also abandon the P. G. E. Railway, and force thousands of people to leave their homes, and again transform that section of the province to a wilderness. The cost of closing would eventually be greater than the cost of operation.

In commenting on money expended for mining roads etc., the Report says:

"The 'Mines Development Act' authorizes the expenditure of public moneys towards the making of trails, roads and bridges to facilitate the operation and development of mining properties.

"We are of opinion that all expenditures under this Act must cease until the Budget is balanced, and that then the grant should be limited to \$25,000, with a limitation of \$1,000 expenditure to aid any one mining property or camp."

In connection with roads, etc. undertaken by the Public Works Department, the recommendations are:

"That all construction work on new highways and buildings be discontinued at once, and that all expenditures on roads be confined for the present to such maintenance and betterments as are essential.

"That no further expenditures be made on surveys for the proposed Alaskan Highway, upon which \$35,249.42 was spent in 1930-31."

In reviewing the expenditures of the Education Department the Kidd Committee arrived at some queer decisions in their endeavor to curtail expenses. In addition to charging fees for every pupil over fourteen years throughout the province, they advocate the closing of many small schools. Here are some of the recommendations:

"The 'Public Schools Act' provides that a public school may be established in a rural district if there are not less than ten children between the ages of six and sixteen years residing within its boundaries and available for attendance at public school. We recommend that this be amended so that there must be a minimum of fifteen children between the ages of six and fourteen years.

"The Act also provides for the establishment of a High School if there are 15 persons available as pupils at such school. We recommend that this number be increased to twenty.

"The Act provides that a public school in a municipal school district shall be closed if the average attendance falls below 8, or below 6 in a rural school district. We recommend that both these numbers be changed to 10.

"The Act also provides that a High School shall be closed where the average attendance falls below 10. We recommend that this figure be increased to fifteen.

"The existing correspondence courses which provide the only source of education today for a large number of children in the

**Here and There**

Maintaining her position among world nations as a producer of minerals, Canada led the world in the production of nickel and asbestos in 1931, came second in gold, platinum metals and cobalt, third in silver and fourth in refined zinc.

Mystery cruises, so popular out of New York, Southampton and Montreal, have come to the Pacific Coast, being ushered in there by the trim little coastal liner "Princess Patricia," of the Canadian Pacific service, which took the first of these cruises recently. The ship had a full sailing list.

The Canadian Open Golf Championship, third of the ace contests figuring yearly in the Royal and Ancient game, will be staged on the course of the Royal York Hotel, Toronto, next year, word to that effect having been received by the secretary of the links from the Royal Canadian Golf Association.

Seventy-seven per cent. of wheat and 63 per cent. of oats and barley in the three western provinces were harvested by September 3, according to the report issued on that date from the general agricultural department, Canadian Pacific Railway, Winnipeg. This result was reached in spite of the halt in harvesting operations due to heavy rains in wide sections of the Prairie Provinces.

All records for the story of the "big one that got away" were broken recently when a well-known fisherman hooked a beaver in Vermillion Lakes and played it for five minutes after which the tradition was fulfilled with loss of fly and leader. The hero of the exploit was S. C. Bennett, of Toronto, a guest at the Banff Springs Hotel.

Canadians got a thrill recently when Captain J. A. Mollison, intrepid trans-Atlantic solo flyer, spoke over the air, which he has conquered, from the Mayfair Lounge of the Canadian Pacific liner Empress of Britain. Captain Mollison was heard on 34 radio stations from Halifax to Victoria over a network arranged by the Canadian Pacific Department of Communications. Loud speakers distributed the broadcast to 60,000 visitors at the big exhibition at Toronto. 865

Though the "Princess Royal," veteran of the Canadian Pacific Railway B. C. Coast steamship fleet has been scrapped and is now in the limbo of departed ships, her fore-castle bell remains on the air at Ocean Falls, B.C., where it has been installed at the Ocean Falls United Church mission, which ministers to the spiritual welfare of Japanese children.

Official and unofficial delegates to the Imperial Economic Conference went sightseeing from August 12th to the 14th. Two tours from Ottawa were arranged, both leaving the capital in special Canadian Pacific trains late Friday night, August 12. Shawinigan Falls and Three Rivers were visited by one party, while the other members were cruising down the St. Lawrence from Kingston to Montreal and spending Saturday evening in the metropolis. None of the United Kingdom, Canadian, Australian, New Zealand or Newfoundland or Irish government ministers were able to absent themselves from Conference deliberations, but their delegations were well-represented. Ministers enjoying the trips were Hon. N. C. Havenga and Hon. A. P. J. Fourie, South Africa, and Hon. H. W. Moffatt, Southern Rhodesia. The Canadian Government was represented by Hon. Arthur Sauve and Hon. Maurice Dupre, with the Shawinigan party, and Hon. Alfred Duranleau and Hon. H. A. Stewart, with the other party.

Bob Davis, roving columnist of the New York Sun, and probably the most travelled newspaperman in the world, has been staying at the Banff Springs Hotel on his way back from Hawaii, accompanied by Mrs. Davis. Mr. Davis has a flair for the unusual, and will likely unearth a wealth of good material for his column among the old timers of the Rockies.

Taxation comparisons in connection with motor vehicles and railroads should take into consideration that the railways pay for their own roadway, and also to some extent for the roadway used by their motor vehicle competitors, says the "Traffic World". This brings in the question of how much the motor vehicles should pay for the highways and whether they are doing it.

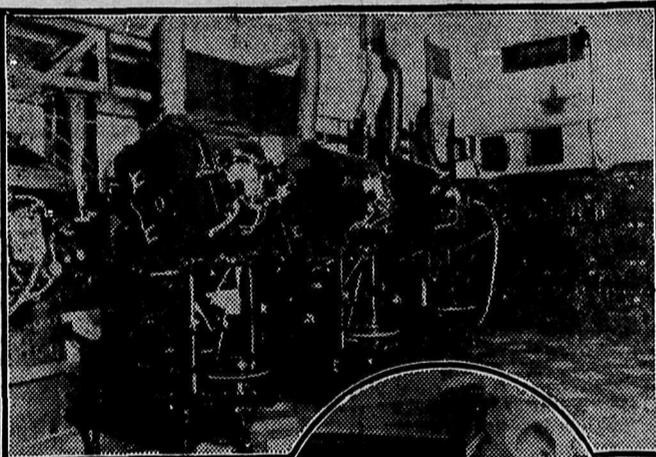

(856)

**Only a Telephone Cord -- but!**

What infinite care and preparation were necessary to call it into being. From the far corners of the globe came silk and cotton while the earth yielded up its copper ore. Famous scientists, engineers of renown and workers skilled in their particular operations have all contributed to produce these connecting sinews of modern communication. In the Northern Electric Company's great plant at Montreal the finest copper tinsel is covered with silk and cotton threads then twisted into cords of the necessary size and, passing through the most intricate machinery, is covered with a braided silk covering. All this must be done right, if the humble telephone cord is to carry the nation's conversations through the years.

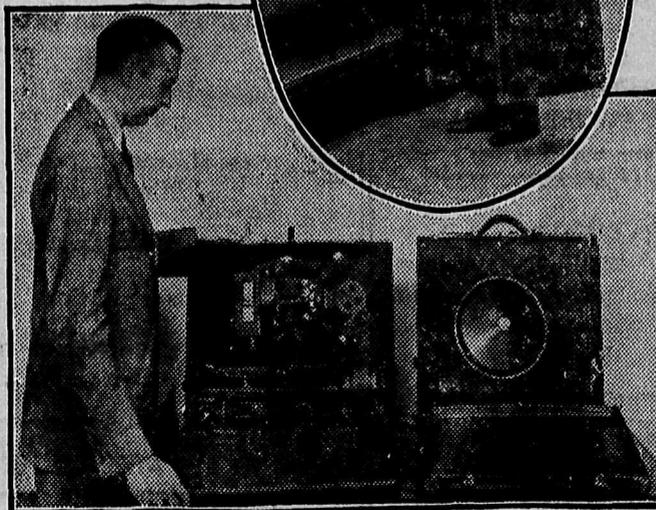

**A Theatre in Two Suitcases**

Above: The interior of a typical Sound picture theatre projection booth.

Centre: The Northern Electric Engineer brings his equipment with him.

Below: The New Portable Theatre Packed in Two Suitcases.

Having perfected the sound system for the moving picture world the Bell Telephone laboratories have now turned their attention to the development of portable equipment for Educational, Industrial and Religious work. They have condensed into two suitcases the essential parts of the modern theatre.

Continued from page 2  
 province will be available for those children for whom no school education will be available if these recommendations are adopted."

If they are in favor of closing schools why not close all of them? Why pick on the smaller schools? Are not the children of the small towns as much entitled to an education as those of the larger.

Regarding the correspondence courses recommended, the committee is in error when they state that a large number of children receive public school education through correspondence courses. It is impossible.

Imagine a child of 6 or 7 years of age that does not know A from B or 1 from 2 carrying on a correspondence course with a teacher situated at Victoria.

Even if it was possible it would mean a flock of school teachers stationed at Victoria, trying to instruct pupils they had never seen, instead of sending them to different parts of the province. The few paltry dollars saved by closing a number of rural schools won't go very far towards balancing the budget. But it would be instrumental in raising to man and womanhood hundreds and perhaps thousands of native born citizens who could neither read or write.

**ANYOX NOTES**

Miss K. Blakey returned on Monday last from a holiday visit to the south.

Mr. and Mrs. Jack Aho and child arrived on Monday from Prince Rupert. They have been absent for some months.

F. Dodsworth Snr. left on Monday for a holiday visit to Vancouver.

R. C. Cormier left on Monday for Vancouver, where he will recuperate from a recent illness.

T. Stretton, who left some time ago for Winnipeg to attend the funeral of his father, returned home on Wednesday.

Father Le Ray returned on Wednesday from Prince Rupert.

Miss B. Watson returned on Wednesday after a two months vacation spent in Vancouver.

Mrs. Roy Fox and child returned on Wednesday from a holiday visit to the south.

Mrs. L. McKay returned on Wednesday from a holiday visit to Prince Rupert.

Mrs. F. Whitehouse returned on Wednesday from a two months' vacation spent in Winnipeg and district.

E. Omdahl left on Wednesday for a visit to Vancouver.

F. B. Faulkner left on Wednesday for a holiday visit to Vancouver.

A dollar may go farther than it used to, but we have a much harder time getting it back.

**Large Number Attend Wedding Popular Anyox Couple**

Continued from page 1  
 baskets, together with smaller silver vases, completed the lovely decorative scheme.

A number of toasts were given, Mr. H. R. Patrick acting as toastmaster. Mr. Brayfield proposed the toast to the bride, this being responded to by the groom. A toast to Mr. and Mrs. Scott, the parents of the bride, was proposed by Mr. J. Kirkland, and replied to by Mr. Scott. Mr. J. Dixon proposed a neat little toast to the bridesmaid, for whom Mr. Angus McLean responded. A toast to absent relatives was proposed by Mr. Patrick.

After a delightful repast the company adjourned to the dance hall, and had a most enjoyable session of dancing, splendid music being supplied by Harry Ward's Orchestra.

During the supper interval the music was supplied by Mrs. J. McMillan and Mr. A. E. McDonald.

The bride's gift to the bridesmaid was a white kid handbag, and the groom's gift to the best man was a set of military brushes. The young couple will reside at the Mine.

**'SHANGHAI EXPRESS'**

**SATURDAY, OCT. 8th.**

Marlene Dietrich, Clive Brook, Anna May Wong, Warner Oland, Eugene Palette, Lawrence Grant.

A famous reviewer says: "Of many thousand pictures viewed during a ten year period, "Shanghai Express" is the finest—the most fascinating. Von Sternberg (director) Dietrich, Brook, and the rest have attained perfection. There is no jarring note to mar this cinema symphony." Never has Marlene Dietrich reached greater heights and never has she appeared so alluring. Her close-ups are quite the most beautiful pictures to be seen upon the screen. Put Clive Brook in a British uniform and he is perfection. And the brooding Anna May Wong personifies the tragedy of the East. A leavening of laughter is supplied by those accomplished technicians, Gene Palette and L. C. Hale. And when it comes to Oriental villainy try to top Warner Oland! The picture is a mighty triumph for Paramount. Do not miss this lovely, thrilling picture on Saturday.

**'IS MY FACE RED'**

**TUESDAY, OCT. 11th.**

This picture was written up in our last issue for production on Tuesday the 4th, but the reels failed to appear in time. It will definitely appear on Tuesday. A further review convinces us that it is a delightful story, produced in a new and refreshing mood, and that you will thoroughly enjoy it. Helen Twelvetrees is a stranger to Anyox picture lovers. See her on Tuesday.

**Former Resident of Anyox Died In Saskatchewan**

Word was received on Saturday last that Neil Scott, formerly of Anyox, had passed away in Saskatchewan. Mr. Scott was for many years a resident of Anyox. Through an accident while following his calling as a brakeman he lost his right leg, and was consequently an invalid for some time.

He left Anyox about two years ago for Saskatchewan, where he married and settled down to a quiet life on a farm. He was known to a great many people here and was much respected.

An ounce of confidence in yourself is worth more than a ton of dependence on other people.

**Here and There**

Honey produced in Canada in 1931 totalled 27,857,397 pounds valued at \$2,058,054. Honey is produced commercially in all the provinces of Canada.

Registering an impressive advance in prices over recent years the first batch of Nova Scotia apples in the Liverpool market brought 23s to 25s per barrel as compared with 9s to 15s in 1921.

Great improvement and development over a period of 20 years has been noted in the Canadian seed industry. Last year 3710 seed farms with 12,000 persons occupied in the production and marketing of improved seed were estimated engaged in the industry.

Preliminary returns of maple sugar production in Canada just completed for 1932 show a total yield of 1,744,479 gallons of maple syrup valued at \$2,054,277 and 7,217,390 pounds of sugar valued at \$392,450. This production compares favorably with that of former years.

Cutting of wheat is nearing completion and threshing is well advanced in all the Prairie Provinces, with Manitoba leading, according to a report from the agricultural department of the Canadian Pacific Railway, western lines, dated September 10. Oats and barley at that date were 76 per cent. cut.

Liza Commanda, Chippeawa Indian girl golf caddy at the Canadian Pacific French River Bungalow, who came eighth in the women's marathon swim at Toronto, recently, has been presented with a purse of \$150. J. G. Strathdee, manager of the Camp, stated that she would be thoroughly trained and would enter the contest annually until she won.

Wheeling airplanes added a roaring farewell to the cheers with which passengers and well-wishers speeded Captain J. A. Mollison on his return to England aboard the Empress of Britain as she sailed on her seventh departure of the 1932 season from Wolfe's Cove, Quebec. The intrepid solo trans-Atlantic flyer was promised a quiet time on his trip by Captain Latta, commander of the Empress.

**CREAM RICE PUDDING**

4 tablespoons rice 2 1/2 cups St. Charles Milk  
 1/2 cup sugar 1 1/2 cups water  
 1/4 teaspoon salt Nutmeg

Wash rice thoroughly, then add with the sugar and salt to the milk diluted with water. Pour into a buttered baking dish and add a sprinkling of nutmeg. Set the dish in a pan of hot water and bake three hours in a slow oven (300°F.), stirring several times the first hour to prevent rice from settling to bottom. This is just one of the many practical recipes from our new cook book "The Good Provider." This book tells you how you can make nearly 200 delicious dishes with St. Charles Milk. Send your name and address and the book will be mailed to you FREE.
