5 cents each.

Keen Interest Taken In Golf Tournaments

The Mixed Doubles Golf Handicap Tournament, played on Saturday and Sunday last over 18 holes, was won by Mrs. Peters and J. Ion, the runners up being Mrs. H. R. Taylor and Captain Johnson. A good number entered for this interesting event.

In the 9-hole Bogey Competition held by the Ladies' Golf Club on Friday last, Mrs. Simpson turned in the best score and secured the prize.

Mrs. Roy is the winner of the Sun Life Cup for the month of October. By previous arrangement this competition ended at the 15th. of the month. The various winners of this cup for the past season will now play off to decide who shall hold the trophy for the winter months.

Both Golf Clubs—the men's and the ladies'—report a very successful season. Greater interest has been taken in the game, more members have been added to the lists and the vagaries of Dame Nature, however unfavorable they may have been to other sports, did not spoil golf, but rather helped the game. The golfing fraternity has grown tremendously, and the game has incidentally had the effect of bringing everyone together in a most democratic manner.

Badminton Season Officially Opened

The official opening of the Anyox Badminton Club, was held at the Gymnasium on Thursday evening the 13th. when thirty-five members were present. The season was opened to a good send-off under the new arrangements of the Club, with every indication that it will be successful. Refreshments were served during the evening. The days and evenings allotted to the game are: Tuesday and Thursday afternoons and evenings, Monday and Friday mornings, and Sunday afternoons. Tournaments will be held throughout the season as in previous years.

Boy Scout Charter Will Be Presented

A function of importance to all the boys of the Scout Group in Anyox will take place in the Gymnasium on Thursday October 27th. when the Canadian General Council Charter will be officially presented to the First Anyox Scout Group. Following this there will be an entertainment given by the Scouts, Cubs and Rovers. Parents and others interested in the work are invited to attend.

Charlie Lee Ends Life With Gun At Atlin

News was received at Alice Arm during the week that Charlie Lee, a former well known resident of the town, shot himself to death at Atlin on October 8th.

The deceased, with three others were in a cabin looking at some pictures when he said; "I'll show you something else," and he reached for a gun, shooting and wounding one of those present, who fell to the floor. The others rushed for the door and after shooting at them and luckily missing, Lee turned the gun on himself with fatal results. Insanity is thought to be the cause of the shooting.

During his residence at Alice Arm deceased followed the occupation of miner. Since leaving here he has worked in the northern interior. He also resided at Prince Rupert for some time and later worked at the Sunrise mine on the Queen Charlotte Islands.

Buy a Ticket For Hallowe'en Dance October 31st.

The annual Hallowe'en Dance will be held this year at the Gymnasium on Monday October 31st. and is sponsored by the Anyox Ladies' Hospital Auxiliary.

As in previous years the entire proceeds will be devoted towards providing comforts for the inmates of the hospital, which otherwise they would not obtain. It is the only means the Ladies' Auxiliary have for obtaining funds, and if you intend to patronize the dance or not, the purchase of a ticket will help swell this deserving fund.

Many a patient lying helpless in the hospital has had cause to thank the ladies of the Hospital Auxiliary for the many comforts provided. Buy a ticket and attend the dance if possible. It will be one of the outstanding social events of the season.

Jack Wamsley Training Mine Basketball Team

One of British Columbia's premier athletes is coaching the Mine basketball team. Using the Ellensburg system of offense he is welding a team that will take a lot of stopping. Football and hockey have been his forte, having played with Ex-King George in all their championship races in the past four years, and with the famous Burke, coached Varsity Inter-Collegiate Champions. "These guys expect to lose, so don't disappoint them," is the gag that Wamsley drives the Mine into the game with.

Wednesday's Basketball Games Full Of Thrills

If the basketball games played in Anyox this season are up to the standard of the tilts last Wednesday, the public have something good to look forward to. All three games were full of action and thrills. The noteworthy feature of the whole card, was the splendid showing of the High School boys, playing against experienced and mature exponents of the game. The plucky youngsters had the crowd on their feet all the way through. And maybe the fans didn't cheer.

The first number was between the Mechanics and the Vandals, which the former won by 19 to 14. This was a fast and clever exhibition, the Vandals really deserving a better score. Although they stepped out all the way through, bad luck seemed to dog them. Time and time again they missed baskets by inches. They are certain to give a good account of themselves later.

Vandals: T. Calderoni, I. Davies, J. Walmsley, H. Jack, F. Calderoni, Geo. Dyer. Mechanics: J. Buntain, J. Gillies, F. Dodsworth, F. Mikeli, F. Sanderson, W. Murray.

In the ladies' game the Spooks had a birthday, Christmas, and New Year celebration rolled into one. They just couldn't go wrong. During the first quarter the Pals kept up with them step by step, but after that the Spooks left them right behind. Despite this, however, the Pals, which includes most of the girls of the famous High School squad, played with their usual combination, but could not keep up with the pace set by the black and whites.

The game ended 18-8. in favor of the Spooks.

The third and final game provided sufficient thrills for the whole evening. This was between the fast-stepping Concentrator team and the whirlwind High School aggregation. As both teams took the floor it looked as though a mistake had been made, and that a junior team was about to tackle a senior. But when they started the students proved to be as fast and tricky as their opponents, checking and passing with amazing skill. In about a month's time they will hold their own with the best.

The Mill team includes some real veterans of the game, and their experience, to say nothing of superior height and weight, told against the youngsters, who were on the small end of a 36 to 18 score. They deserve much credit for their splendid showing. High School: A. Dods-

Athletic Association Hold Card Party

A very enjoyable card party was held at the Club House on Saturday evening, under the auspices of the Alice Arm Athletic Association. Bridge was played at every table, and refreshments terminated a very pleasant evening.

The top scores of the evening were secured by Mrs. H. F. Kergin for the ladies, and T. W. Falconer for the men. Low scores were not announced. Prizes will be given to those holding the high score for four successive games, and a grand prize to those making the highest score of the season. The games will be held every two weeks.

Funeral of Late John Hecimovich Largely Attended

On Tuesday last the remains of the late John Hecimovich, who met his death at Anyox on October 12th. were interred at the Anyox Cemetery. The service was held in the Catholic Church, the Rev. Father LeRay officiating.

The deceased, who had been a resident of Anyox for eight years, was well-known and highly respected, and his countrymen turned out in their usual loyal manner to honour his memory. The late Mr. Hecimovich, was 36 years of age, leaves a wife and two children resident in Jugo Slavia. There were a number of floral tributes.

Alice Arm Notes

Lorne Falconer arrived on Saturday from Anyox and spent the weekend with his father, returning on Monday.

Constable Brunton arrived from Anyox on Thursday on departmental duties, chiefly in connection with the game laws.

ANYOX NOTES

Miss A. Dodsworth returned on Monday from a holiday visit to Vancouver.

S. Jabour, northern representative of the Sun Life Insurance Co. arrived on Monday.

Mrs. T. P. O'Brien and children returned on Wednesday from a visit to Ontario. Mr. O'Brien met his family at Prince Rupert.

Mr. and Mrs. Selwood returned on Wednesday from a holiday visit to Vancouver and Victoria.

Continued on Page 4

worth, H. Dresser, M. Patrick, F. Gordon, W. Shields. Concentrator: S. Steele, A. McDougall, L. Falconer, L. Dodd, A. McDonald, C. Bushfield.

Many Hunters on Hand To Pot Geese

The duck and goose hunting season opened with a bang and a roar at Alice Arm on Saturday morning last, when every local hunter was at his favorite post of vantage in an endeavor to bring down a goose or duck before these unmolested birds became wary from being shot at.

The Alice Arm hunters were augmented this year by a band of Anyox enthusiasts, comprising W. F. Eve, J. A. McMaster, E. R. Oatman, J. A. Anderson and son Donald, F. F. Brown, who came over on the launch Kavema on Friday evening. After two day's hunting, Eve, Brown and Oatman each secured a goose, and in addition the party bagged about thirty ducks.

Up to the present the Alice Arm hunters have not attained any outstanding successes. A few geese and ducks have been brought in. There are lots of ducks and geese on the flats this year, but lots of patience and tact, plus good luck is necessary before a pair of geese is hanging in the larder.

Alice Arm Residents Return From Gold Diggings

J. Peacock and T. Calfa, arrived home on Monday from the Dog Creek placer diggings north of Vanderhoof. They spent the past summer there developing their claims. Their work this year consisted of sinking a shaft in order to reach bed-rock, but in this they were unsuccessful, although one shaft was sunk about sixty feet. It is planned to continue work next summer.

They state that G. W. Bruggy and Wm. McFarlane, former residents of Alice Arm have left the diggings, and will winter in Vancouver. They did not sink a shaft on their claims, but washed the surface gravel for gold.

Father of F. W. Mattix Died In Vancouver Recently

The many friends of F. W. Mattix of Anyox, will be sorry to learn that his father passed away at Vancouver on October 11th. at the age of 65. Deceased was born in Prince Edward Island and came to Vancouver 26 years ago. Besides his son, F. W. Mattix of Anyox he is survived by his wife, a son and three daughters. The funeral was held on October 13th., interment taking place at Mountain View Cemetery, Vancouver.

Higher Prices Predicted For Copper

The stability of copper prices at 6.25., Connecticut, since September 7 despite the recent lack of active domestic demand and the adverse factors of price weakness abroad and depressed securities and commodities in Wall Street, gives support to the view that copper prices are due for higher levels when business in general warrants, says a recent analysis of the situation in "Daily Metal Trade." Producers already have given evidence of their desire to raise quotations nearer a profitable level.

Much progress still remains to be effected before copper can be quotably lifted from subnormal depths. During the 10-year period of 1909 to 1919, the price of copper at no time fell below 11c. a pound, while the high was around 37c. The lowest point reached during the next decade was about 11.5c. The average for October 1930 slipped to 9.837c. and only two months in 1931, January and March, averaged 10c. or better.

It is generally believed that prices around 14c. a pound would be regarded as favorable from a cost of production point of view. Some producers, of course, could profitably sell their metal at several cents lower, but even at 11c. to 12c. a pound, the current price of copper must be nearly doubled. Copper prices entered the present subnormal field about the middle of 1930. During the preceding decade, the average price was approximately 15c. The monthly average for July 1930 was 11.248c. and for August 10.928c. During the current year, monthly averages have been under 6c. since March.

All Government Departments Will Cut Expenditures

All departments of the government commenced the preparation of 1933-34 estimates this week, with clear-cut instructions to pare expenditures down to the lowest possible point, consistent with efficient service. The total expenditures estimated for the current fiscal year, ending March 31 next, was \$24,688,000, and it is unofficially hoped to cut this by \$2,000,000, if it can be done. Nearly \$6,000,000 was taken out of the expenditures this year, compared with 1931-32, so that further reductions are not so easy to achieve.

Advertise in the Herald

Canadian Copper Output Shows Decline

Canadian producers reported an output of 18,090,417 pounds of copper during July as compared with 20,669,800 pounds in June and 23,676,241 pounds in July, 1931, according to a statement issued by the Dominion Bureau of Statistics. The July falling-off in production was due principally to the fact that the Britannia mine in British Columbia did not export any concentrates to the United States during the month. Output of blister copper during the month totalled 17,165,965 pounds, a decline of 3.8 per cent from the June production of 17,843,427 pounds.

Copper in ore, matte, regulus, etc., exported from Canada in July amounted to 2,227,700 pounds valued at \$66,831. Blister copper exports were recorded at 8,258,800 pounds worth \$425,335. Exportations of copper in ingots, bars, cakes slabs and billets declined to 7,181,500 pounds at \$384,934 from the June total of 23,347,300 pounds with a valuation of \$1,364,526. Copper in rods, strips, sheets, plates and tubing exported in July totalled 2,053,600 pounds appraised at \$117,661; in June, 1,924,800 pounds worth \$111,955 were exported.

Government Issues Report McConnell Creek Placers

An interesting bulletin in mimeographed form has been released for issue by Honourable W. A. McKenzie, Minister of Mines. It is Bulletin No. 2, 1932, "McConnell Creek Placer Area, Omineca Mining Division," by Douglas Lay, Resident Mining Engineer, No. 2 District, and is based on a careful study of the area.

McConnell creek was the scene of a small rush in the spring of this year as a result of stories of a bonanza discovery of coarse gold on bed-rock. Mr. Lay's report shows that true bed-rock on the creek has never been reached, and the original story was highly over-coloured and exaggerated. There is, however, an auriferous gravel-run lying on a false clay bed-rock which may prove to be of considerable importance. The gold is comparatively fine and the ground shallow down to the clay. Individual operators may in certain cases, even with small-scale methods, make wages. The main value is in gold but a small platinum content also occurs. Copies of the bulletin may be obtained free on application to the Department of Mines, Victoria, B. C.

Canadian output of copper in 1931 showed a decrease from 1930, but was higher than in 1929. In 1931, Canada was fourth in world production of copper.

Sherritt-Gordon Mine Remains Closed

There does not appear to be any immediate prospect of Sherritt-Gordon re-starting operations while copper remains at such a low price. In its last full month of operation, May of this year, Sherritt-Gordon established its best operating record. It produced 2,003,000 pounds of copper at an overall cost, through to finished copper, of 5.56c per pound. The milling rate was an average of 1,018 tons per day. Mining and milling operating costs, including all mining expenses covering development, mining and hoisting, crushing and conveying, milling and general expenses, but not head office, were \$1.97 per ton of ore milled. Deductable from this were the gold and silver recoveries amounting to 54c per ton. All costs, including smelting and refining freight charges, were \$3.535 per ton.

Value of copper produced to date in British Columbia is placed at \$271,168,800.

Over 500 assays of ore have been made this season by D. E. Whitaker, provincial assayer at Victoria.

MINING IN BRITISH COLUMBIA

Among the Canadian Provinces, British Columbia is the leading producer of Silver, Lead and Zinc. In this Province, about 45 per cent. of Canada's Silver, 97 per cent. of the Lead and 93 per cent. of the Zinc are produced.

British Columbia has produced approximately \$1,300,000,000 worth of minerals.

About 200,000 square miles of unexplored mineral-bearing lands are open for prospecting.

Practically every mineral known to be found on the Continent occurs to some extent in British Columbia

Ski Runners of the Canadian Rockies

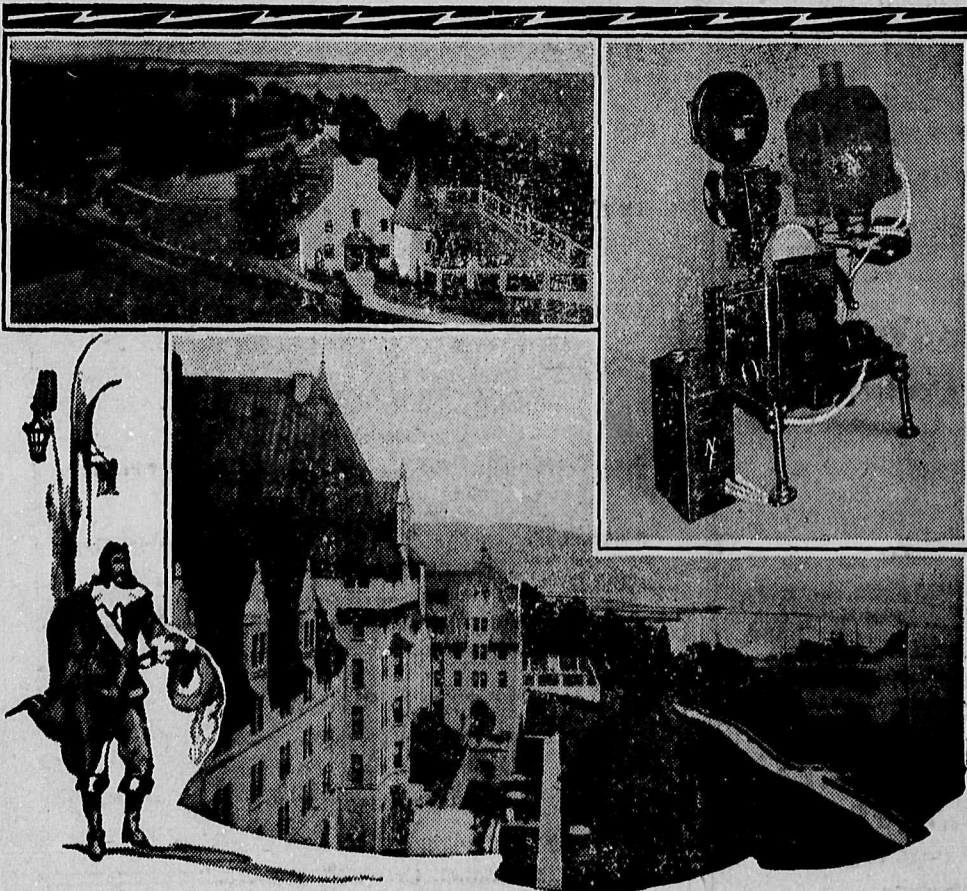

With a field of activity unequalled the world over the new winter sports association the Ski Runners of the Canadian Rockies, is rapidly coming into prominence among skiers and winter sports enthusiasts generally. The new organization is patterned largely after the famous Trail Riders and its locale, unequalled for scenery and facilities on this continent and probably without a rival even in Europe, is Banff, in the heart of the Rockies, with runs and trails varying from one to ten days in duration and covering such world-known objectives as Mount Assiniboine, Simpson Pass, Shadow Lake, Lake Louise, Ptarmigan Valley and Pass, Bow Lakes and Pipestone Pass. Ski-ing over some of these passes is in full swing as late as June when visitors are enjoying golf and tennis, fishing and hiking, in the valleys below. But the sport begins in November each year.

A thousand feet above Banff and about an hour out from the town is the ski lodge built on the pass between Mounts Norquay and Stoney Squaw. From the club house runs radiate in all directions with cabins and shelters at strategic points for rest and refreshment. There is a 50-metre Jump at Buffalo Park and every year in February (this year February 7-14) a tournament is held where the pick of Canadian and outside jumpers compete.

Lay-out shows (1) Ski track across virgin snow with Mt. Assiniboine, 11,800 feet high, in background; (2) Canadian Pacific Bungalow Camp at Magog headquarters for ski-ing at Mt. Assiniboine; (3) Mount Norquay Ski Lodge, 1000 feet above Banff, overlooking the Bow River, with dog team in foreground and (4) The Towers, on Wonder Pass, near Mt. Assiniboine, one of the finest winter scenes in the Rockies.

Where Four Centuries Meet

Uniting the sixteenth and twentieth centuries as typified in the lower left hand and the upper right hand corners of this group, stands the lordly Manoir Richelieu, the fashionable holiday resort at Murray Bay on the north shore of the St. Lawrence and the site of the activities of the "One Hundred Associates" of New France. The Casino, shown at the upper left, designed after the famous Chateau de Ramezay built in Montreal in 1705, now houses one of the most complete sound and talking picture installations on this continent.

Acoustic engineers of the Northern Electric Company have been working for some time with engineers of the Canada Steamship Lines, to effect the necessary treatment for the perfect reproduction of the best products of the moving picture studios, thus affording visitors to the Manoir Richelieu still another addition to the many attractions of this famous pleasure paradise.

Vandals, Pals and Concentrator Won Games On Friday

Three clever and peppy games gave the basketball season an energetic start on Friday October 14th., when a large number of fans turned out to witness the opening.

The first tilt was between the High School and the Vandals, the latter winning 23 to 13. This was a lively scrap throughout, and the High School boys deserve credit for their showing against a more experienced squad.

High School: M. Patrick, H. Dresser, F. Gordon, W. Shields, A. Dodsworth. Vandals: T. Calderoni, I. Davies, J. Walmsley, H. Jack, F. Calderoni.

The ladies' teams, Pals and Spooks, next made their debut, and this was a well contested game. The teams are evenly matched, which means that future games will be well worth watching. There was action from start to finish. The Pals, who individually are just what the name indicates, played a clever and forceful game, but could nose out their opponents by only one point.

Spooks: T. Gordon, A. Carrick, K. Eve, M. Cloke, J. Roberts. Pals: M. Dresser, P. Loudon, L. Dresser, M. Barclay, J. Pinckney.

On Friday the 14th. the reputed powerful Concentrator team turned the Mechanics back with a 20-13 score. The game opened with fast passing and ragged floor play, with the Mechanics forcing the issue. Steele for the Concentrator was shooting long, but with little effect. The Macleod boys changed their style to a slower pace to suit their lack of substitutes and ended the half with an 8-4 lead.

Play slowed down in the second half and the Mechanics got more than their share of personals, losing Mikili in this frame. For the Mechanics, Buntain was the offensive spark, and Dood and Steele looked good for the Concentrator.

Concentrator: Dodd-8, Steele-8, Falconer, McDougall-4, McDonald. Mechanics: Dresser, Watson, Buntain-6, Murray, Gillies-4, Mikili, Dodsworth-3. Referee, Norton Youngs.

"THE MIRACLE MAN" SATURDAY, OCT. 22nd.

This Paramount picture features Herbert Bosworth, who cures by faith, and who brings about a reformation in the lives of four city crooks, played by Chester Morris, Sylvia Sidney, John Wray, Ned A. Sparks. The four are doing well in their duping under Morris, their leader. A plot to make capital out of the Miracle Man is started but never completed, because one by one the crooks fall under the spell of his goodness. A New York audience at the Tivoli gave close attention to this film, impressed with the imposing figure of Bosworth's strong, sincere portrayal. See Morris when he becomes reconciled to Miss Sidney and promises to build a chapel. You'll enjoy this picture on Saturday.

"THE SQUAW MAN" TUESDAY, OCT. 25th.

With Warner Baxter
This is a splendid melodrama. The hero, whose cousin has lost money belonging to others, goes to America, and lets the suspicion be cast upon him. He does this in order to save his cousin's wife, whom he loves. He marries an Indian girl and has a son by her. His cousin is killed during a fox-hunt, and the heroine goes to America, and tries to persuade him to go back to England, as he is now an Earl and the heir to his cousin's estate. He refuses, and instead sends his son. His Indian wife, unable to bear the separation, takes her life. Eleanor Boardman, Lupe Valez, Charles Bickford, Mitchell Lewis and others are in the cast.

P. O. Box 172, Anyox. Phone 92

"I want a good novel to read on the train—something pathetic," said the woman to a book salesman. "Let me see; how would 'The last Days of Pompeii' do?" asked the salesman.

"Pompeii? I never heard of him. What did he die of?"

"I'm not quite sure, madam," replied the salesman. Some kind of eruption, I think."

Reformer: "Don't you know that the stuff you are drinking is slow poison?"

Bibulous One: "At's all right, I'm in no hurry."

"I am not running away from the election. I am out of politics and have no vote in the district of Columbia," said Mrs. Woodrow Wilson, widow of the famous United States war-time President, interviewed at the Banff Springs Hotel recently, where she stopped en route to Tokio where she is attending the marriage of a family connection. Mrs. Wilson motored on to Chateau Lake Louise as part of her tour of the Canadian Rockies.

"I have never seen a more beautiful country or enjoyed a visit more," said Sir Philip Cunliffe-Lister, British Secretary-of-State for the Colonies, as he said farewell to British Columbia when boarding the Canadian Pacific Imperial Limited on his way to Calgary. He enjoyed his favorite sport, fishing, in that province, where he and his party took four fine fish, including a 17-pound salmon. (869)
