## Will Hold Anyox Community League Annual Meeting Next Month

On the 27th. day of February, the Annual General Meeting of the League will be called to hear the report of the President on last year's activities; to nominate a council to carry on the business of the league in the coming year.

It is very essential that if Anyox is to be made a better place in which to live, and the people, especially the children, are to be made happier thereby, that every public spirited citizen of Anyox, should be present at this General Meeting.

The interest you show at the General Meeting in the nomination of a Council that will employ their initiative and energy in making Anyox a little more attractive, or in giving you wider or better recreation facilities, will bring you big dividends in increased hours of enjoyment.

You will be able to find among your fellow workers, men who have the necessary qualifications, in which case nominate them, work for them and with them, and see that your candidate gets in.

By all indications the General Meeting is going to be the largest attended meeting that has ever been held in Anyox. It is hoped all of the 400 members of the League will turn out en masse to support their respective Candidates, so plan to be there early and insure a seat for yourself.

Do not rely on your neighbor's neighbor to nominate the Council for you, for your neighbor's neighbor may do the same thing. Your interest in the nomination of the new Council is the best encouragement you can give those men, who in the succeeding year will represent your interests.

## Anyox Conservatives Will Hold Meeting

The Anyox Conservative Association will hold a public meeting in Recreation Hall, Wednesday January 30th. at 8 p. m. Officers for the year will be elected. Ladies are particularly invited.

## Are Considering Change of League Secretary

The last two meetings of the A. C. L. Council have had under consideration a change in the secretaryship. For a report of the proceedings our readers are referred to the posted copies of minutes of the proceedings.

## New Ore Body At Esperanza Mine Carries Phenominal High Gold Values

Startling results from the ore samples recently sent out for assaying from the Esperanza mine were received during the week. The values were much greater than was expected, the ore carrying considerable gold.

Three samples taken from No. 7 tunnel across a width of 30 feet gave the following returns: No. 1 sample, \$9.00 gold and 62 ozs. silver per ton. No. 3, \$111.25 gold, \$10.00 silver and 50c. lead. No. 4, 12.88 ozs. gold and 17.5 ozs. silver. No. 2 was a picked sample and gold values were considerably higher than any of the above mentioned.

A sample taken from No. 1 tunnel gave values of \$5.00 gold and 280 ozs. silver per ton. The No. 1 tunnel is at an higher elevation than No. 7 and is 1800 feet distant. This is one of the most important phases of development work, as it shows that the rich ore is not confined to one small area but is spread over considerable ground.

When the ore body was cut through in No. 7 tunnel an andesite dyke was encountered. This is now being penetrated, and when it has been accomplished, still richer ore is expected to be discovered.

Encouraged by the results of development work for the past six months a bond has been taken on the property adjoining the Esperanza on the south. This property comprises three claims and a fraction: the Sock, Midway, Midway No. 1, and Midway Fraction. It is owned by Ralph Ingraham of Alice Arm and Geo. Pratt of Tacoma. It is believed that the ore bodies of the Esperanza extend into the Midway ground.

Indications are that the Esperanza will eventually become a producer of both high grade and milling ore of considerable proportions in the near future. Present plans are for the further development of the property. The company have been very conservative in their

statements regarding results. They are carrying on a systematic plan of development work, that is surely getting results, which will ultimately call for a considerable expansion of operations.

The Esperanza is a unique mine in many respects. It was the first mining property staked in the Alice Arm district, being located 1903 by the late Frank Roundy. It has changed hands several times, each owner taking out some high grade ore and realizing on his investment. Its ores carry tungsten, silver, gold and lead. First prizes have been taken for tungsten ore on several occasions at Vancouver, and prizes have also been taken for silver ores.

It is the belief of those who know the property best that the ore already taken from the mine by the various owners is only a fraction of what remains, and that the Esperanza hill will, when development work is extended prove a rich producer.

## Anyox Basketball Events Of Week

### Mine Ladies Stepping Along

Mine Ladies recorded two more victories over the week-end and look like winners of the first half of the schedule. On Friday they vanquished their closest rivals, the High School, 11-5 and on Monday out-wrestled the Beach to win 7-2.

Friday the line-ups were: Mine: M. Rowland; A. McLachlan; M. Marriott, 2; J. Calderoni, 2; H. Calderoni, 7. Total—11.

School: L. Dresser; M. Cloke; F. Cameron, 2; J. McDonald; M. Dresser, 2; W. Cameron; K. Eve, 1. Total—5.

On Monday the teams were: Mine: M. Rowland, 2; A. McLachlan; E. Steen; M. Marriott; J. Calderoni, 3; H. Calderoni, 2. Total—7.

Beach: Mrs. McRostie, 2; M. O'Neill; P. O'Neill; T. Gordon; A. Scott; V. Eve; T. O'Neill. Total—2.

### Concentrator's Narrow Win

Concentrator are finding the going harder these days. On Friday the Beach threw a scare into the millers, threatening all the way and losing by the narrow margin of three points. If McLachlan had been in his usual shooting form the redshirts might have registered a win.

The teams were: Concentrator: Meagher, 7; McLeod, 2; McDougall, 8; McColl, 3; Cavalier. Total—20.

Beach: Wilson, 1; Spencer; McCallum, 6; McDonald, 7; McLachlan; Redman, 2; Peters, 1. Total—17.

### Mechanics Defeat Millers

Mechanics took the measure of the Concentrator on Monday in a game that featured pretty shooting by the winners particularly. At half time the score was 15-10 and it ended 28-22.

The players were: Concentrator: Meagher, 12; McLeod, 3; McColl, 2; McDougall, 3; Musser, 1; Cavalier, 1. Total—22.

Mechanics: Lazorek, 2; Dodd, 5; Steele, 12; Lindgren, 7; Evans, 1; Cloke; Deane, 1. Total—28. Cloke, Steele, and McLeod were banished on personals.

## Anyox P. T. A. Will Hold Masquerade Dance

The P. T. A. will this year again arrange a dance in February. The date selected is Monday, February 11th. It will be a masquerade affair with eight prizes for costumes. Miss Hester Richards was appointed convenor.

## Anyox Scouts Hold Very Interesting Meetings

At a Court of Honor held in the home of Patrol Leader Armstrong, it was decided to try and hold a Summer Camp at Alice Arm. The Leaders after dealing with other troop matters passed a vote of thanks to Mrs. Armstrong for her kindness in not only allowing them to hold the meeting in her home but also for providing refreshments.

At a recent Scout meeting, Mr. James Donaldson gave the Scouts a talk during the Camp Fire period and the boys thoroughly enjoyed it. He was requested to again address them in the near future. The theme of his address was: the Works of Chas. Dickens.

Anyox Cubs are making wonderful progress, they have lately lost their "A. C. Master" Ted Kergin. He is very much missed and the boys wish him good luck and hope that one day he will again come to the Council Rock.

### Prize Awarded For Slogan

The A. C. L. Council has awarded the slogan prize of \$5 to Mrs. Etheridge for "Sponsors Sport, Study, and Servia."

## ANYOX NOTES

C. W. Dord arrived on Monday from the south.

George A. Midland was an arrival on Monday's boat.

S. Pearson, who is on the staff at the General Stores arrived from the south on Monday.

J. A. Anderson arrived home on Monday from a trip to Prince Rupert.

J. Dozich, Joe Skil and J. M. Dronich left on Monday for the south.

The seasoned smoker always insists on a good cigar. That is why the El Doro is so popular.

A. L. Howard arrived in town on Thursday from Prince Rupert.

M. Cavalier and A. Cavalier arrived on Thursday from Prince Rupert.

M. Cranley arrived back on Thursday from a vacation spent in Vancouver and southern cities.

H. M. Selfe arrived in town on Thursday from a vacation spent in Vancouver with Mrs. Selfe.

W. A. Trotter arrived on Thursday from Vancouver.

Mrs. Dale, who has been visiting her daughter at Alice Arm for the past six months left on Monday for Alberta, where she will visit relatives before proceeding to her home at Red Deer.

## Anyox P. T. A. Transact Much Business

The Anyox P. T. A. on Monday voted to spend up to \$75 for equipping a rest-room at the elementary school. Mr. Hartley was empowered to choose a committee to arrange the details. At the same time the association voted to proceed with the speech and essay competition in the elementary school. A committee was appointed to confer with the principal of the high school with the view to obtaining the participation of high school students. The competition if conducted in both schools will entail an expenditure of \$45. The P. T. A. has also set aside \$20 towards the purpose of prizes for the winners in the inter-school boys basketball contest.

### Address Given By Scoutmaster Gale

Scoutmaster Gale gave an address to the P. T. A. on Monday, dealing with the necessity of character building as one of the fundamental aims of education. He stressed the importance of teaching thrift, self-confidence, and a broad outlook. Mrs. McRae and Messrs. Dresser and Redman entertained the members with musical numbers. The lady teachers furnished refreshments.

"Those who win in speculation do not make a success of it because they take a chance. They win because before they take a chance they use every human power to eliminate risk. Men of large financial means, men who make a success of speculation, lay in their lines of stocks when prices are low and the risks are small. Strangely enough, the general public usually thinks that at such times the risks are very great. In reality they make a great deal of money and they make it, not because they assume great risks, but because they waited to buy until prices were so low that they could buy almost without risk. He who would win in the stock market--may win once by taking a chance. But the consistent winners are not those who merely take a chance, but those who in assuming a risk, first eliminate chance so far as is humanly possible."--R. W. McNeel in "Beating the Stock Market."

**Consolidated Manager Inspects Smelters**

The recent departure for Europe of Mr. Blaylock, general manager of the Consolidated Mining and Smelting Company for the purpose of inspecting the latest developments in smelters, is taken to foreshadow the early construction of another smelter somewhere on the coast. Erection of such a plant would be a great stimulus to the copper properties through the western section of the province, since it would bring about more rapid progress towards actual operation of the various copper mines.—Western Tribune.

**Much Topographical Survey**

The Canadian Topographical Survey and the Royal Canadian Air Force made aerial photos for survey purposes of 53,000 square miles in 1928.

**Big Amount Developed Ore On Sabakwe**

It is conservatively estimated that the Sabakwe property, adjoining B. C. Silver and on an extension of the Premier porphyry zone in which the rich gold-silver ore that characterizes that area is formed, has now put in sight at least \$1,750,000 worth of high grade milling ore.

Mining engineers who have visited Sabakwe recently, are inclined to give it at least equal rating with B. C. Silver on the basis of present showings, and there are some who consider it second only to the Premier in economic importance among the properties of the Salmon River Valley. Estimates of the value of indicated ore on Sabakwe run from \$1,500,000 to more than double that amount.

**Ample Power Available At Silverado**

Stewart News

The power plant at the Marmot River, built to furnish power to the Prosperity, Porter-Idaho and Silverado, has been connected up with the Silverado over a 3½ mile transmission line.

Ample power will now be available for the driving of the 1000 foot tunnel which is now in nearly half way to the first of the veins to be tapped. It is possible that ore may be struck before reaching this vein as it is known that mineralization occurs along the contact of the shear zone in which the veins lie.

Fifteen men are employed working three shifts a day. The camp is fully equipped, and at night the blaze of electric lights high up on the mountain shine forth and verify the activity of Stewart's front door mine.

**Consolidated Co. Will Open Assay Office In Rupert**

Geo. W. Dunn, one of the old-timers of the southern interior mining camp of Rossland, will arrive in Prince Rupert about the end of this month to take charge of an assay office which is to be opened there by the Consolidated Mining & Smelting Co. in connection with its extensive interests in the district surrounding the city.

Don't be afraid to speak out loud. The world is too busy to listen to whispers.

A diamond is a woman's idea of a stepping-stone to success.

"Joseph, if your father could save a dollar a week for four weeks. what would he then have?"

"A phonograph, a new suit, a refrigerator and a set of furniture."

"Take my advice and never flirt with married women." "Why, because their husbands might shoot you?" "No, because their husbands might die."

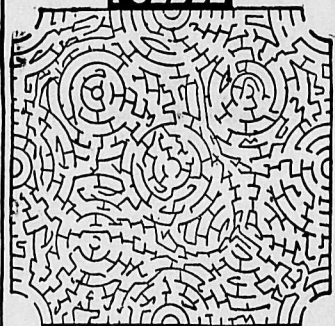

A survey of current publications places the Family Herald and Weekly Star of Montreal in the lead for variety and quality of reading. Always recognized as a steady guide and counsellor to the farmer the survey proclaims it almost as equally popular in urban homes.

**LOOK \$200.00 GIVEN AWAY IN CASH**

FIRST PRIZE .....\$50.00  
 SECOND PRIZE .....\$40.00  
 THIRD PRIZE .....\$30.00  
 FOURTH PRIZE .....\$20.00  
 FIFTH PRIZE .....\$10.00  
 TEN PRIZES OF .....\$5.00 each

Below will be found a Puzzle that may appear to be simple, but is not so simple as it looks. Try it, and if you solve it correctly, and will sell for us 8 boxes of HOME SALVE at 25 cents per box you have an excellent opportunity to win a CASH PRIZE, ranging in value from \$5.00 to \$50.00.

HOME SALVE is a Household Emergency Remedy that is easily sold. Housekeepers need it, and use it. It is becoming more popular every day.

**PUZZLE**

There is an entrance to the above maze at each corner. One of these entrances leads you into and around the maze, (but not through the centre) then out again at the corner at which you started. Find this path and trace it with a soft pencil and you will have the outline of a popular fruit.

Cut out the Puzzle and write your name and address plainly on a sheet of paper, together with the words "I have solved the Puzzle and find the fruit to be . . . . . (state the fruit that you find it to be). We will then notify you immediately if you are correct, and if so, will send you, at our risk and expense 8 boxes of HOME SALVE to be sold at 25 cents per box.

The First Prize is \$50.00 in Cash, the Second Prize \$40.00 in Cash and so on down the list until all the Prizes are exhausted.

WE HAVE GIVEN AWAY THOUSANDS OF DOLLARS IN CASH PRIZES TO PERSONS WHO CORRECTLY SOLVED OUR PUZZLES AND SOLD HOME SALVE.

We see no reason whatever why you should not be a Cash Prize Winner. Is it not worth your while to try? Send your answer to-day. Don't fail to write the words we mention neatly, and state what the fruit you found is, as in the event of ties, writing and neatness will be considered factors.

## Bi-Lingual "Chanty" Sea Discovered

**RALPH CONNOR**  
Ralph Connor, the well known Canadian novelist, collected recently from a half-breed voyageur in the Canadian Northwest a highly interesting folksong which will be sung at the Vancouver Sea Music Festival next January by Ulysse Paquin, of Montreal. This song is half French, half English, the first part being the story of a habitant Colin while the chorus is an English sea chanty, "Blow ye winds of morning". This bi-lingual song appears to have been popular many years ago at a time when white pine was exported in large quantities on the old sailing ships from Quebec which carried overseas the logs rafted down the St. Lawrence from the Ottawa River. The word 'chanty' is considered by some authorities as connected with the 'shanties' of the Quebec lumberjacks who frequently were sailors as well as woodsmen and always sang at their work. According to Ralph Connor, the half-breed or métis from whom he recorded this song was a handsome chap with beautiful voice and manners and was a first-class canoeman. A number of purely French Canadian chanteys as well will be sung by Ulysse Paquin, at Vancouver, as the intention is to make this Sea Music Festival as Canadian as possible.

## Large Number Sales On Vancouver Exchange

Volume of sales on the Vancouver Stock Exchange during the past week has broken all previous records, with three days recorded in which the number of shares traded ran well over the million mark.

For six days from January 11 to January 16 the total number of shares traded was 6,016,473 and their value \$3,816,790.20 according to records of the Stock Exchange statistical department.

## Here and There

(203)

Quebec city's new grain elevator will be completed in January, it is now thought. All that remains to be done to the 2,000,000 bushel structure is to complete the three galleries and the marine tower.

A Chicago Holstein breeder has made a special offer to B. H. Thomson of Braeburn Farm, Boharn, Saskatchewan, for his world champion Holstein cow, Canary Korndyke Alcartra; but representations are being made to the Provincial Government to have this famous animal retained in the province.

"You don't have to sell the idea of game protection and conservation to sportsmen," said James W. Stuber, well known sporting writer who attended the recent banquet in Montreal of the Quebec Association for the Protection of Fish and Game. "The problem is to convince the settler and guide in the backwoods that a surplus of game for the attraction of the hunter means money in their pockets and a source of revenue to many classes in the community."

The Santa Claus team of fairy reindeer must be having an exciting time these days in keeping pace with modern delivery methods, for Christmas presents shipped by Canadian Pacific Express are being speeded through the clouds by airplanes. Between Quebec, Montreal, New York, Ottawa, and Toronto, in the east and Winnipeg, Regina, Calgary, and Edmonton in the west, airplanes have been busy this season carrying air mail and express matter and many belated shippers have been able to have their presents delivered before Christmas by using the air express service.

Vancouver is rolling up its bell bottomed trousers in preparation for the four day Sea Music Festival to take place at the Hotel Vancouver from January 23 to 26. The cheery sea chantys and famous salt water ballads that have been sung by sailors for many centuries will be presented at this novel music festival, which promises to be one of the most popular and important events of the season in the west. It will be preceded by a Yuletide Festival at the Empress Hotel at Victoria when Christmas carols will be sung by well known artists and many quaint old customs will be revived by the players.

The finest show herd and the only shipment of its kind ever sent out of Canada is now on its way to Australia. Twenty seven animals, three bulls and 24 females, the cream of James D. McGregor's famous Glenearnock stock farms, have been loaded into C. P. R. cars and started on their long journey to New South Wales. Twenty of the animals will be used for the foundation herd of the government animal husbandry department, while seven others will go to private purchasers. All are of the finest stock raised by the leading Aberdeen Angus breeder and most of them have won prizes at fairs and stock shows throughout the continent.

## Trail Riders of the Canadian Rockies Visit Lake of the Hanging Glaciers in British Columbia

(118)

TRAIL RIDERS  
CROSSING A FORD

OVER  
A  
PASS

Hundreds of lovers of the great outdoors have joined the Trail Riders of the Canadian Rockies, an organization of poets, novelists, scientists, educators, artists, Indian chiefs, cowboys, nature lovers in general, and those who wish to perpetuate ancient trails in the Canadian Rockies and get the grand kick of a wonder-

ful horseback ride through the Canadian Rockies to scenic wonders which have been viewed by a mere handful. John Murray Gibbon, of Montreal, first organized this great ride, which this year started August 2, for the Lake of the Hanging Glaciers, from Banff and Lake Windermere, B.C. Each year it has been bigger and

better and the membership now exceeds a thousand, many of whom have won the gold and enamel button signifying that they have ridden at least fifteen hundred miles. Of the hundred so qualifying, 23 are ladies. Three of the girl-members who joined up with the main party this year on the start for the Lake had already covered upwards of 200 miles of mountain trails.

The Lake of the Hanging Glaciers, about 7,500 feet above sea level, in the Selkirk Range, was discovered about 20 years ago, but is still as wild as ever. Its name gives some idea of its spectacular appearance, which is that of an immense cirque, with eight glaciers forming a moraine which drops off sheer in an ice wall nearly 300 feet higher than the lake itself. From this wall icebergs are falling continually, and forming a miniature Arctic sea in the heart of the mountains. Surrounded as it is by jagged Alpine peaks, many of which exceed 11,000 feet in height, this district has challenged the ambition of many Alpine climbers.

## New Parliament Met On Tuesday. Will Have Busy Session

The Seventeenth Parliament of British Columbia, which met on Tuesday with new leaders, new back benchers and new ideas, will have to grapple with a formidable array of new problems besides the many old ones which bob up regularly every year.

The ability of Premier Tolmie to hold his own counsel, already demonstrated in his Cabinet-making days, has increased, if anything, in office, and what his government intends to do about most things so far as is the Cabinet's own private business. On the other hand, the matters which the cabinet will have to do something about before it adjourns the House or some of them at any rate stand out clearly.

At this time eight major questions face the House, apart from many minor ones, and an unknown quantity of those things which always develop during a session without any advance warning. The major problems are:

1. The future of the Pacific Great Eastern Railway.
2. The fiscal policy of the province.
3. The handling of the government liquor business.
4. Land settlement, including the future of the Sumas and South Okanagan reclamation schemes.
5. Agricultural marketing.
6. Control of public utilities.
7. Provision of money to carry on extensive road building.
8. The fixing of timber royalties and forest conservation.

## T. D. Pattullo Is Elected Liberal Leader

T. D. Pattullo, member for Prince Rupert and minister of lands in the MacLean government, was on Monday chosen leader of the Liberals in the legislature. The choice was made by the executive of the British Columbia Association, in session at Vancouver.

The choice, it is considered, was the only practical one, as the former minister was by far the most outstanding figure among the opposition members. He was a minister all the time the Liberals were in power following the defeat of the Bowser Government in 1916, until the defeat of the Liberal party last year.

Mr. Pattullo's appointment was made on motion of Hon. Ian MacKenzie, seconded by Hon. A. M. Manson. Executive appointed a committee of six to meet the committee from members-elect who had conferred Saturday. These committees returned and reported Mr. Pattullo was their unanimous choice. About 80 attended the executive

## Anyox Forthcoming Events

The Badminton Club will hold a tournament at the Gymnasium tomorrow afternoon.

A meeting of the Anyox Conservative Association will be held at the Recreation Hall on Wednesday.

The Basketball dance will be held on Friday, February 1st.

The Parent-Teachers Association dance will be held on Monday February 11th. at the Gymnasium.

meeting.

Mr. Pattullo celebrated his fifty-sixth birthday last Saturday, so he has many years of useful service to give to the province.
