ALICE ARM, B. C., FRIDAY, JULY 13, 1928

5 cents each.

## T. W. Falconer and Geo. Black Address Electors

At the Conservative meeting held at Alice Arm on Wednesday evening, a number of speakers were heard. They were, J. Trinder, (chairman), H. F. Kergin, Liberal candidate, W. H. Moul, Independent Labor Candidate, T. W. Falconer, Conservative candidate, and Capt. Geo. Black, M. P. for Yukon, who spoke in support of T. W. Falconer. The meeting was also enlivened by two solos given by Mrs. Pinckney of Anyox.

J. Trinder in opening the meeting made a few complimentary remarks in support of T. W. Falconer, and extended an open invitation to either of the other two candidates to take the platform.

H. F. Kergin accepted and stated that his trip to Atlin had been most successful. He said that the people there were perfectly satisfied with the manner government affairs had been conducted in that district during the past twelve years. During his eight years of office he had received no serious criticism in regard to public works etc. He criticized the statement of T. W. Falconer that all government road work would stop on July 18th. He also dealt at length with other conservative charges, and outlined what had been done during the past twelve years to assist prospectors and miners.

W. H. Moul, Independent Labor candidate stated that he was absolutely independent. He said that the prospector was the foundation of all prosperity. That he was the man who provided cannon fodder, inasmuch as the prospector was instrumental in creating such towns as Anyox and Alice Arm where future generations were born. Smokestacks, among other things, are what we need, he said.

T. W. Falconer followed with a very concise and instructive address. He gave an outline of his life from Morden, Manitoba to Alice Arm. He stated that he was acquainted with the difficulties confronting the prospector and small mining company, and believed that he was capable of representing them in the Legislature. His recent visit to Atlin convinced him that that district would be in the Conservative column at this election. This conclusion was arrived at after a visit of the whole section.

Ian MacKenzie, he said, had made a statement in North Vancouver that H. H. Stevens and associates would not be granted a charter for the extension of the Stewart Short Line into the interior. This, he said, was a shame. His experience on the praries was that railways were necessary to build up our population, and there was no reason in stopping railway building.

Continued on page 6

## Liberals are Optimistic Regarding Outcome

Information from liberal headquarters state that H. F. Kergin has just returned from a visit to Atlin and Stewart, where he received a great ovation at well attended meetings. Mr. Kergin was fortunate in getting in the last word up in Atlin, as he was able to correct the fallacies of T. W. Falconer, conservative candidate, and J. C. Brady, M. P. There is every indication that Mr. Kergin will be returned by a big majority as his increasing efforts to build up this district are truly appreciated.

George Casey, of Prince Rupert a former labor candidate in Atlin riding has offered his support to Mr. Kergin in the present campaign.

## Elks' Ball Team Victorious In Two Games

On Monday night, in spite of rain beforehand, the Mine and Elks' teams turned out at the Ball Park with the Elks victorious, the score being 5-2. The line-up was for the Elks, Lazoreck, Sheen, Bartmann, Evans, McLachlan, McDougal, Steele, Wilson and Barclay. For the Mine, Cook, McLennan, Ferguson, Roberts, Anderson, McMillan, Brown, Peel, Ritchie.

Owing to the steady downpour of rain, it was necessary to cancel the games of last week. Nevertheless on Saturday last, the Elks' and Concentrator's ball teams were seen in action, with the Elks having a victory of 9-5. Batteries for the Elks were Ballentyne and Chenoskie, for the Concentrator Musser and Whitehouse.

## H. F. Kergin Has Large Backing

At the nomination convention held in Anyox last month, Mr. H. F. Kergin, the popular and well known Liberal candidate, was proposed by W. B. Bower, seconded by O. G. Macintyre and backed by the following prominent citizens: G. W. Bruggy, Gus Anderson, A. Falconer, Wm. McFarlane, H. R. Fowler, K. McDonald, J. Fiva, H. Smith, A. Beaudin, J. Thomas, J. Martin, C. P. MacDougall, H. McCarty, D. M. Campbell, W. Henderson, J. F. Evans, J. C. Martin, T. W. Pinckney, D. MacKenzie, J. Jeffery, E. R. Johnson, J. R. Carr, J. Ritchie, J. Strand. With such endorsement the present member's chance of retaining his seat should be excellent.

## No Recent Liberal Meetings

The liberals have not held any meetings in the district since the Premier's visit. We have therefore not been able to publish any but conservative meetings this week.

## ANYOX NOTES

Miss McMillan left Anyox on Friday where she has been visiting her father, Bob McMillan.

Mrs. R. Ion and child were south bound passengers on Friday.

For a really enjoyable smoke, try an ElDoro Cigar.

Reverend G. W. Dewar formerly of Fort Fraser arrived in town last week to replace the Rev. C. D. Clarke, who resigned recently.

Mrs. MacDougall, who is visiting her daughter, Mrs. Morton, and son, P. MacDougall, is visiting Mrs. Wier, of Alice Arm for a time.

Mr. and Mrs. C. D. Roy left for Vancouver on Monday.

Ted Wilson was a passenger going south on Monday.

Mrs. J. M. Dunn and family are spending summer holidays at Alice Arm.

Mrs. Paine and daughter were southbound passengers on Monday.

Bobby Hutchings left for Stewart on Monday.

Mrs. A. Morton spent a few days in Alice Arm during the week.

Mr. and Mrs. Ed. Waterman and daughter Dorothy left on Monday for Seattle where they plan to reside.

Mr. and Mrs. F. Roland left on Friday for Vancouver.

Mrs. Stewart and son left on Friday for holidays in the south.

Mrs. Pinckney and family are spending holidays at Alice Arm.

Bruce McMaster, son of J. A. McMaster left on Friday for Vancouver.

James Wilson was an out bound passenger on Friday.

Mr. and Mrs. W. Simpson long-time residents of Anyox left here for the south on Friday.

Mrs. W. Scott and family are spending a vacation at Alice Arm.

Mrs. Ashmore and child left for Vancouver on Friday.

Mrs. M. J. Sheen and child were south bound passengers on Friday.

Charlie Harmon was an arrival from Fernie on Monday's boat.

R. C. Cornish arrived in town on Monday's boat.

Charlie Swanson of the Mine was an arrival on Monday.

Mrs. J. Webster and family are spending holidays in Alice Arm.

D. S. McCrae arrived in town on Monday's boat.

C. E. Imason and Walter Lang arrived on Monday.

Alex. E. May, Henry Carney, and Karl Swanson left for the south on Monday.

Miss Frances Dresser is spending a vacation at Alice Arm.

Continued on page 6

## Mine Girls Challenged by Beach

The return ladies baseball game will be played on Wednesday next, July 18th. between the Mine and Beach girls. The game will commence at 7 p.m. and the Anyox band will be in attendance. Election returns will be announced from the grounds.

The game will be followed by a dance in the Catholic Hall from 10-1 with the Moose orchestra in attendance. Gents 50 cents. Ladies free.

## Conservatives Anticipate Big Majority

Everything in every way is getting better every day is the latest news from the conservative camp. Stewart will roll up a big conservative majority, Anyox will follow suit, while Alice Arm and Atlin are already safe for the conservative cause. Everything is going along very satisfactorily.

## Mr. and Mrs. A. S. Baillie Arrive Home at Anyox

Mr. and Mrs. A. S. Baillie arrived on Friday from the south. They were recently married in the south, spending their honeymoon in southern cities. On the arrival of the boat they were greeted with showers of rice, and welcomed with the tune of "Here Comes the Bride." Their large circle of friends wish them all happiness in their future life.

## Crippled Children Benefits From Dance

The Collison of Kincolith Chapter Daughters of the Empire wish to thank everyone for the kind help and support given them at the Dance held on July 2nd. and also the sale of roses. A portion of the receipts is being sent to the Crippleage in England where the roses are made by crippled children and the balance will be given to help the crippled children in British Columbia.

## Alice Arm Birth

Born to Mr. and Mrs. L. Intermelia of Alice Arm on Saturday, July 7th. a daughter.

D. C. McKechnie, representing the Consolidated Mining and Smelting Co. of Canada left on Monday for the south after examining numerous mining properties in the Alice Arm district.

Send your next films direct to Wrathalls Photo Finishing, Prince Rupert, B. C. Our high class photo work and quick returns will please you. Try us.

Mr. and Mrs. D. Montgomery and child were passengers for Vancouver on Monday.

## T. F. Baxter Addresses Conservative Meetings In District

Three meetings were held last week in support of the candidature of T. W. Falconer, conservative candidate. F. T. Baxter of Vancouver was the principal speaker. Two meetings were held at Anyox and one at Alice Arm. At the meeting held at Anyox Beach on Friday evening, W. H. Moul, Independent Labor candidate spoke a few words.

The Alice Arm meeting was held on Thursday evening in the Coliseum. The hall was filled to capacity and Mr. Baxter was given a very attentive hearing. He imparted a lot of political information and criticized a number of statements made by liberal speakers at former meetings.

J. Trinder presided over the meeting, and at the conclusion of a few well chosen remarks, called upon Mr. Baxter to address the meeting.

Mr. Baxter opened his address by explaining the inability of Mr. Tolmie to appear before the people of the North, on account of his presence in Ottawa when the forthcoming election was announced and the difficulties of transportation in this part of the province.

Mr. Tolmie, he added, had been accused of inexperience by his opponents, and he cited as an example of Mr. Tolmie's ability the fact he, a conservative, had been asked by Hon. MacKenzie King to act as Minister of Agriculture and had filled that position with great success.

He then referred to certain parts of the Hon. Premier MacLean's speech at Alice Arm in which the Premier spoke of the Government through whose hands 20 million dollars passed each year being criticized by men who had never handled \$5,000 in their lives, but, Mr. Baxter asked, "is a man's brain power to be judged by the amount of money he has?"

It would be to the country's benefit to have a change of government, it was the speaker's belief that any Government needs to be changed at least every 8 years. In contradiction to the Premier, he said that there is not a successful business man in the Cabinet, and according to Mr. Woodward, they have not the business ability to look after the affairs of the present government.

In the 12 years that the Liberals have been in power in B. C. they have collected in taxes 171 million dollars, and borrowed 68 million, making a total expenditure of 250 million dollars. The Conservatives in their 13 years of power collected 110 million dollars and borrowed 7 million making their total expenditure 117 million, as compared to the 250 of the Liberal's

Continued on Page 4

**Here and There**

(89)  
Half a million automobiles from the United States and the provinces of Canada, carrying a million and a half persons, will enter Montreal during the coming tourist season, according to the estimate of the Montreal Tourist and Convention Bureau.

The use of the combine is expected to be more general than ever in the 1928 harvest. In 1928 there were 176 combines in the Prairie Provinces, 148 being in Saskatchewan, 26 in Alberta and 2 in Manitoba. In 1927 there was a total of 530 in Saskatchewan, 221 in Alberta and 23 in Manitoba, 774 in all.

There is considerable tree planting activity along the Medicine Hat division of the Canadian Pacific Railway. At Shackleton alone twenty-five bundles of small trees were received the other day from the Forestry Branch at Indian Head, Saskatchewan, and all are now planted. Cluny and other villages are competing actively.

Equaling the speed across the Atlantic ocean made by passenger liners of medium size, the five 10,000 ton vessels of the "Beaver" class have been achieving records in oceanic freight transportation for the Canadian Pacific Steamships. The speedy quintette of freighters joined the company's fleet this year and have been running on as frequent and rapid a service between Canada and Europe as many passenger boats.

Chicago. — "Smiling Billy Hogan," veteran C.P.R. conductor, took "The Mountaineer," Canadian Pacific flyer from Chicago to Vancouver out in its initial run of the season this year. The train is one of the "Big Five"—C.P.R. trains de Lux operating from Chicago and the east of Canada across the continent during the summer. Conductor Hogan joined the "Soo" line in 1886 as stoker on the old Wisconsin Railway, and is to-day one of the veterans of the company.

Montreal.— A new era in Canadian trans-Atlantic passenger history, has been inaugurated in Montreal, where the fine new liner "Duchess of Bedford" docked recently. The new 20,000 ton vessel, the largest to ascend the St. Lawrence to Montreal, is the first of four cabin class sister ships of the new "Duchess" type, which will supplement the Canadian Pacific's trans-Atlantic and winter cruise services. Speakers at the banquet held on board on arrival in Montreal after her maiden voyage eulogized the occasion as an event of national significance.

The Feast of St. John the Baptist, greatest of French Canadian religious spectacles, will be celebrated throughout the province of Quebec shortly. The Montreal baseball stadium, which will accommodate 25,000 persons, will be crowded by spectators of a French Canadian oratorio, to be followed by a spectacular fireworks display. On the Sunday afternoon, thirty floats, depicting French Canadian songs, many bands, and over 10,000 singers and minstrels, will come together in a procession several miles long through the streets of Montreal.

The fellow who always "trusts to luck" often suffers from misplaced confidence.

**Looking forward**

**WHAT** does the future of British Columbia hold for us? Were we wise in putting our Life's effort, our brawn, our brains, our money, into this Province? Were we, and those hardy pioneers who wrested this vast domain from the wilderness, mistaken in the belief that this, indeed, was the "land of opportunity?"

Let us sum up the achievements of the past ten years. Let us look the situation squarely in the face and see whether or not our efforts have been fruitful, and our faith in British Columbia and her potentialities justified.

The development of our natural resources has centred the eyes of the world on British Columbia, and has attracted thousands to our province. Today we have a population of 617,000. The last census showed only 392,480. Today we have an invested capital in industries and commerce of 1,837 million dollars. Ten years ago it was only 650 million. We have harnessed more of our mighty watercourses. Today they are delivering 460,562 H.P., as compared with 231,700 H.P. ten years ago, and we still have millions available!

Industrial production totalled \$1,955,436,616 in 1926. In 1916, \$807,119,736. Our payrolls have grown from 78 million to 175 million dollars annually, giving each industrial worker the greatest individual buying power of any in the Dominion.

Our commerce has increased from 43 million tons, carried by 51,104 ships in 1916, to 83 million tons and 95,000 ships. Today we control 17% of Canada's entire export trade. The value of ores taken from our mountains has steadily mounted in the last ten years from 42 million dollars to 67 millions... 59% increase... yet our mineral resources have only been scratched within the transportation area! Our fisheries produced 27 million dollars in 1926; 14 million in 1916; and our main

industry, lumbering, has risen in the same period from 42 million to 84 million dollars... 139% increase!

While we are not usually looked upon as an agricultural province, yet we produced no less than 17 million dollars worth of farm products in 1926, as compared with 32 million ten years ago. Our total agricultural wealth is estimated at 300 million dollars.

Our school population has increased during the past ten years from 64,570 to 101,688; schools by 31%; teachers by 71%. Construction grew from \$2,800,000 in 1916 to the amazing figure of \$27,300,000 in 1926; while during the same period we added no less than five thousand miles to the then existing 26,000 miles of roads and trails. Today the value of our bridges alone is \$8,848,000!

Seriously studying this ten years' record, can we ever question for a moment the wisdom of our choice of British Columbia as the scene of our life's work. Can we ever doubt our faith?

Most emphatically NO! For these phenomenal achievements speak in no mean terms of that which may be accomplished under sane legislation, when effort is sincere, when there is unity of purpose and faith to move mountains.

With confidence unbounded we can all put our shoulder to the wheel of the next decade and roll up another record which will reflect still greater fame on our fair province, and create even greater prosperity for its industries, its communities, its individuals.

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

**BRITISH COLUMBIA'S PROGRESS**

## T. F. Baxter Addresses Conservative Meetings In District

Continued from Page 1  
 expenditures. Yet the country was just as prosperous from 1903 to 1916, as it is now when about \$4,000 is spent every week to help the poor and needy, in Vancouver alone.

The Conservative Government was criticized, because in 1916 its bonds sold for 86, but this was caused by England shutting down on all money going out of the Empire during the war.

The taxes averaged, during the Conservative regime, 8½ million dollars each year and now they are over 20 million dollars. The taxes paid today average \$35 per head for each person, while for the rest of the Dominion it is \$14.50 per head.

In Vancouver during the last three elections the Liberals have been appointed to power, and it is significant that not one of the men who were elected in 1924 would consent to run in this election.

The Liberals took the credit for establishing the large industries in the Province, while in reality all of them, Anyox, Ocean Falls, Swanson Bay, Powell River first commenced to operate under the Conservative regime.

Next the Provincial Debt was discussed, Mr. Donaghy has stated that it is 46 million dollars, according to Premier MacLean it is 74 million dollars, and the advertisements issued when the Government was selling its bonds say that it is 86 million dollars. This debt was estimated by them as on the non-productive part of it, while that which produces even a small percentage of itself is not accounted for in the total debt.

They have said that they borrowed money on the lowest terms of any province that is 4.42 interest, but they have evidently forgotten about New Brunswick who borrowed at an interest of 4.38 or .4 less than any other province.

They have invented over 100 new licenses and taxes, among them the license on mining claims. This was an action supported by the Premier, to tax prospectors on the profits that they made on the sale of claims, and only that part to be exempt which they can prove was spent on that one group of claims. This was not made a law as the Conservatives in the House protested too vigorously and it is now on the statute books but can be made law only by Order-in-Council.

The present Government says that the Provincial government would not be shown the same consideration by the Dominion government were the Conservatives returned to power. But said Mr. Baxter their wants would be just as well investigated and their claims shown the same consideration. In fact, the Liberal Government in Ottawa gave the last conservative government about \$100,000 a year which is a greater amount than the subsequent Liberal government has received.

The Liberals have taken a lot of credit for their social legislation;

## ATLIN ELECTORAL DISTRICT PROVINCIAL ELECTIONS ACT

TAKE NOTICE that under the provision of Section 37, sub-section 4 of the Provincial Elections Act, a special polling place for absent voters has been assigned to the Pleasant Camp Polling Division at Squaw Creek, in the said Atlin Electoral District.

Dated this 20th. day of June, 1928.

JAMES WILSON,  
 Returning Officer,  
 Atlin Electoral Division.

## WATER NOTICE

**DIVERSION AND USE**  
 TAKE NOTICE that Esperanza Mines, Limited whose address is 324 Second Avenue, Prince Rupert, B. C. will apply for a licence to take and use fifteen cubic feet per second of water out of Falls Creek, which flows easterly and drains into Kitsault River, about one mile above Alice Arm town-site. The water will be diverted from the stream at a point about 3,000 feet west of the mouth of Falls Creek and will be used for Mining and Power purpose upon the Esperanza Mine described as "Aldebaron, Black Bear and I'll Chance It" claims. This notice was posted on the ground on the 11th. day of June, 1928. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

ESPERANZA MINES Ltd, Applicant  
 By Norman Fraser, Agent.  
 The date of the first publication of this notice is June, 22nd, 1928.

## Form No. 13, (Section 39.) LAND ACT.

### NOTICE OF INTENTION TO APPLY TO PURCHASE LAND

In Cassiar District, Land Recording District of Prince Rupert and situate near Alice Arm, on the Kitsault River.

TAKE NOTICE that I, William B. Bower of Alice Arm, occupation gardener, intends to apply for permission to purchase the following described lands:—

Commencing at a post planted at the North-west corner of Lot 54 thence northerly 20 chains; thence westerly 40 chains; thence southerly 20 chains; thence easterly 40 chains to point of commencement, and containing 80 acres, more or less.

WILLIAM B. BOWER  
 Dated May 29th, 1928.

## Form No. 13, (Section 39.) LAND ACT.

### NOTICE OF INTENTION TO APPLY TO PURCHASE LAND

In Cassiar District, Land Recording District of Prince Rupert and situate at the head of Observatory Inlet, near Alice Arm.

TAKE NOTICE that I, Anthony McGuire of Alice Arm, occupation prospector, intends to apply for permission to purchase the following described lands:—

Commencing at a post planted at the North-west corner of Lot 4803 thence easterly 30 chains; thence northerly 50 chains; thence westerly 30 chains; thence southerly 50 chains to place of commencement, and containing 150 acres, more or less.

ANTHONY MCGUIRE  
 per JACOB SAUER  
 Dated June 12th, 1928.

## MINERAL ACT (FORM F.)

### CERTIFICATE OF IMPROVEMENTS

#### NOTICE

"Polar Bear" and "Blue Jay" Mineral Claims, situate in the Naas River Mining Division of Cassiar District. Where located: on Trout Creek, east of Trout Lake, Kitsault Valley, Alice Arm.

TAKE NOTICE, that I, Laura C. Allen, Free Miner's Certificate No. 3469D, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 22nd. day of May, A.D. 1928.

LAURA C. ALLEN.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia

# VOTE FOR W. H. MOULT Independent Labor Candidate

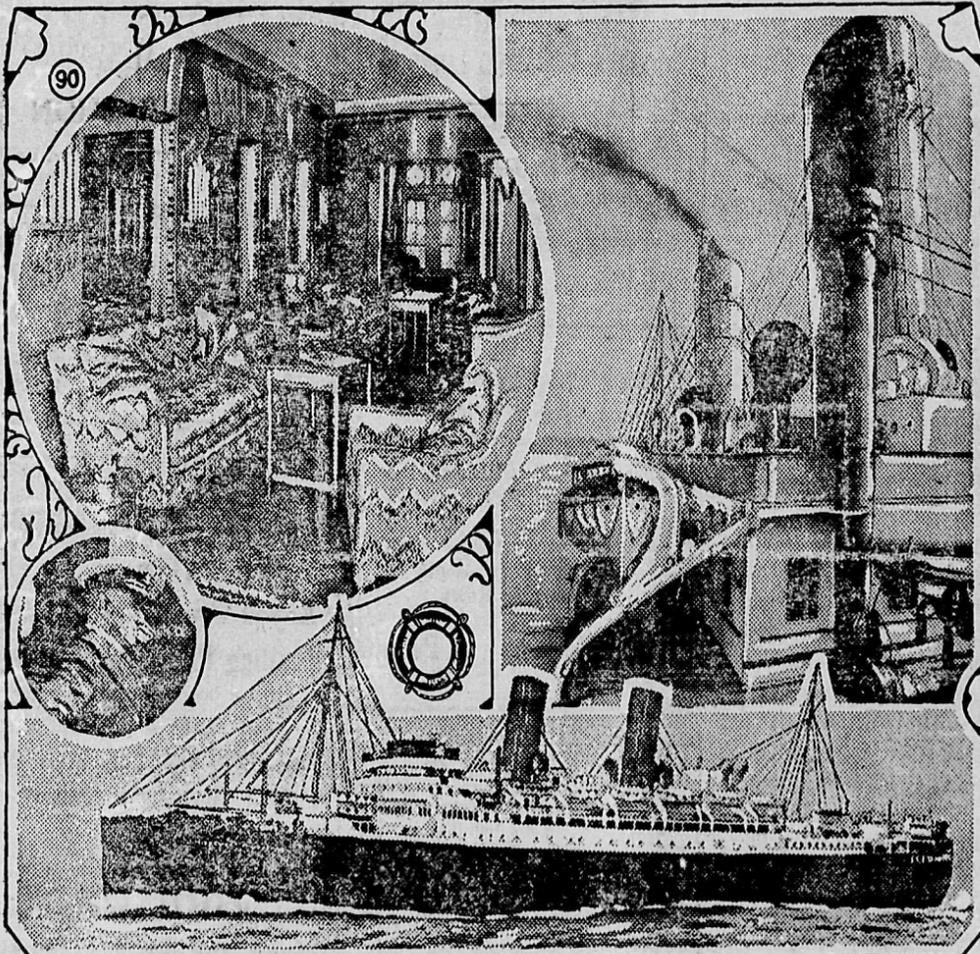

To the Electors of Atlin Constituency:

The Mining Industry is the basic industry of this constituency. In casting your vote on Wednesday, July 18th. vote for W. H. Moulton, who has spent the past 26 years in mining camps, including the Boundary, Slocan, Dawson, Atlin, Stewart and Anyox camps. A vote for W. H. Moulton means a vote for the building up of the mining and allied industries of the north.

## Vote for the Independent Labor Candidate W. H. MOULT

## CABIN LINERS SET NEW STANDARD

Upper right—A general view of the vessel looking aft. Upper left—An interior view showing the cabin smoking room with its luxurious decorations. Lower—"The Duchess of Bedford" as she appeared when coming up the St. Lawrence River. Inset—Capt. H. Sibbons, commander of the "Duchess of Bedford."

PROOF that the St. Lawrence route is rapidly increasing in popularity and that an era of continued prosperity is predicted for her ports, is shown by the addition of four new cabin class liners of the new "Duchess" type to the Atlantic fleet of the Canadian Pacific.

The Duchess of Bedford, leader of this quartette of the largest liners to Montreal, arrived in that port at 8.45 p.m. June 8th, having completed her maiden voyage in exactly seven days after leaving Liverpool. The liner is over 20,000 tons gross register, is oil burning, two-funnelled, and measures 600 feet in length and 75 feet in width. She will carry Cabin Class, Tourist Third Cabin, and Third Class passengers. In each class broad deck space is available, and accommodation is far superior to more expensive quarters on Atlantic liners of not long ago. The three sister ships of the Duchess of Bedford, now under construction in the shipbuilding yards of the Clyde, are the Duchess of Atholl, Duchess of Cornwall, and Duchess of Richmond.

The discoveries of radio engineers have aided in making the Duchess of Bedford an outstanding marine personality. For instance, while the ship's

orchestra is playing in the Cabin Dining Room the music is relayed by means of microphones and amplifiers to the Tourist Third Cabin and Third Class Lounges and decks. Loud-speakers also simplify the transmission of orders to the fore-castle, crow's nest, and docking-bridge.

Other interesting facts about the construction of the Duchess of Bedford are that the twin propellers weigh 16½ tons each, and the 186 foot steel shafts connecting them with the powerful turbine engines weigh about 108 tons. Nearly two million rivets were used in the ship, totalling 1,000 tons in themselves, some of the plates having as many as 650 rivets each.

The advent of the "Duchesses" greatly increases the passenger and freight services maintained by the Canadian Pacific on the St. Lawrence route. The schedule of passenger sailings had already been increased this summer by speeding the "turn about" of the Empresses from a four-weekly basis to meet the expected expansion of traffic. The "Beaver" class of ships, newcomers to the St. Lawrence also, have been placed by the Canadian Pacific on an exclusively freight service. They run regularly between Montreal and London and continental ports, making almost as good time as the passenger liners.

## T. F. Baxter Addresses Conservative Meetings In District

Continued from Page 3

this movement started during the time of the Conservative Government and has aggrandised since because of the greater demand for it after the war.

Many of the reforms which the Liberals claim are a direct result of some Acts passed during the Conservative regime, and a few of them were started in this way.

In 1904, the coal miners were given the 8 hour day and this was applied to Smeltersmen in 1907-08-10,

An Act was passed to give greater safety protection to the safety of men working in the factories.

The married women were granted the right to own property.

The first women's vote was instituted by the vote being given to the relatives of the men overseas, then this movement spread, and the franchise was put to a vote and passed by an overwhelming majority only needing an Order-in-Council to make it a law. But the Liberals upon coming into power drew up an entirely new Act and took all the credit for giving women the vote.

The Workmen's Compensation Act also, was first introduced in 1916.

The Minimum Wage Act is really a joke, Mr. Baxter says, as there are men of 21 years in Vancouver who work for \$12.50 a week.

The Old Age pensions Act was first passed through the Dominion House and was strongly supported by both parties. The Premier said that the Government paid \$400,000 in old age pensions but they pay only \$200,000, the Dominion Government paying them dollar for dollar. By this Act a person must live in B. C. for 20 years to claim the maximum pension of \$20 a month, and is granted only to those over 70 years of age. Also if a person has a home they must deed it over to the Government before they can receive a pension.

The contracts given to friends of the government and worked on the Cost Plus 10 per cent basis wastes the Country's money and make the contractors careless of expenditure.

The Soldiers' Settlement plan has been another way of squandering money; the land was bought at fabulous prices, costing approximately \$1,871,000 and only 80 of the original soldiers' families live on it now.

In referring to the P. G. E. railway, the speaker said that in 1911 Sir Richard McBride asked Sir Wilfred Laurier for permission to build the P. G. G. railway, tapping the main line of the G. T. P. at Prince George and transporting the freight for Vancouver over this new line, and thus opening up the Pemberton Meadows district. This permission was granted and in 1912 it was put before the people of B. C. with the result that not one Liberal was returned in that election. The contract was given to Foley, Welch and Stewart, millionaire contractors, who arranged for capital with concerns in Britain but the war broke out and England forbade all capital to leave the country. So the government loaned them \$6,000,000 extracting from each of these men their per-

sonal bond that the debt would be paid. In 1917 the Liberals decided that they would build the road themselves and released these men, who were well able to build the road, from their bond. Since then they have squandered 300 million dollars on the railway.

Lady—"Is this milk fresh?"  
Milkman—"Arf an hour ago madam. it was grass."

Judge—"So you and your wife had a fight? How would you like to go to jail?"

Undersized Husband—"Oh, very much, sir."

At the annual meeting of Hollinger Gold Mines the statement was made that the ore will hardly average \$7 a ton from top to bottom of the mine.

British Columbia is Canada's largest producer of zinc, copper, lead and silver; second of all minerals and gold, and third of lead; with a total mineral production of over a billion and an annual production of \$62,000,000.

British Columbia's natural resources produce: forests, \$82,000,000; mines, \$62,000,000; fisheries, \$27,900,000.

## Vacation Time

Is here again, with its call to the Great Outdoors. In the course of the next few weeks, thousands of people will forsake the cities to seek rest and recreation by lake and stream, and in the depths of the cool, green Forests

### REMEMBER!

This is the month of July when the Fire Hazard is at its height. Be rigidly careful with Fire. Get your camp fire permit; have it always with you and follow its simple instructions. The consciousness of doing your part to Protect the Forests will add materially to your enjoyment of them

In 1811 a Rhode Island farmer dallied to release his pig from a fence and arrived at the polls too late to cast his vote. The Federalists lost that precinct by one vote, as a result a representative who favored war with Great Britain was elected to the legislature, which in turn by a majority of one elected a United States senator who favored war. Then the U. S. A. Congress by a majority of one declared the war, which is known as the war of 1812, and in which Canada played a prominent part. This incident should be digested by the man who says, "Shucks, my vote will not make any difference." The vote slacker, by not voting, expresses indifference as to what kind of government we have, good or bad. The ballot is the foundation of popular government. By wise use of the ballot, citizens can remodel our political and economic institutions. In short we can have any kind of government we want. Your lone vote is not so unimportant among the thousands, remember the Rhode Island farmer, whose failure to vote caused a war, a useless war, involving the sacrifice of many lives. Next week, on July 18th. you will have an opportunity of participating in the decision of which political party will govern the province for the next four years. Be sure to cast your ballot. Vote without fail.

Reduction of the Premier Gold Mining Company's dividend rate from 8 cents quarterly to 6 cents has not materially affected the market for the stock, which is ruling firm on all exchanges where listed.

**Closing of Big Missouri Deal Expected This Week**

The deal on Big Missouri, so much a puzzle to the western stock market, will be known one way or the other by July 11, it is learned from a source close to the Big Missouri Company.

So far the Consolidated Mining and Smelting Co. has given no direct indication of whether or not it intends to make the final payment of \$100,000 on the Big Missouri bond. Its agreement with the company that formerly held the property stipulated that notice of intention must be given 10 days before July 21, the date on which the payment falls due. Thus next Tuesday or at latest Wednesday the answer to the riddle should be out.

In the meanwhile J. J. Warren, president of Consolidated, S. G. Blaylock, manager, W. M. Archibold, field superintendent and Capt. Duncan MacVichie, manager for Big Missouri Mining Co., are all in the Portland Canal district, presumably looking over the mine, where a battery of diamond drills has been tearing into the Big Missouri claims to tell the story of what they contain.

The Consolidated officials were to visit first the George mine and then the Big Missouri.

It has been frequently reported that \$100,000 is on deposit in Tacoma, earmarked by interests other than "smelters" for the making of the last payment of the Big Missouri bond.—Financial News of Western Canada.

Reformers, missionaries and other God-driven wowers are trekking into the Arctic to put an end to what has been whispered as a "hideous" custom among the Eskimos: After a big feast of whale, it seems, our Northern neighbors change wives. From what I have encountered of country-club life, the only material difference between the Eskimos and us is we don't eat whale!—Exchange.

**SYNOPSIS OF LAND ACT AMENDMENTS**

**PRE-EMPTIONS**  
 Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 4,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**  
 Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (grable) land is \$5 per acre, and second-class (grazing) land \$1.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 18, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**  
 Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**  
 For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**  
 Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

**MINING CAMP SUPPLIES**

 OPEN UNTIL 10 P.M.

**To the Electors of the Atlin Constituency**

In soliciting your vote on behalf of the Conservative Party, I wish to say that I honestly believe that the time is ripe for a change of government. And that after July 18th. a new government will conduct the affairs of this province in a sane, businesslike manner. It is twelve years since the present government took office, and while we have advanced to some extent, we have not kept pace with other western provinces. Our advance should have been much greater, especially in this northern portion of the province. If elected it will be my earnest endeavor to hasten the development of our northern mining riches, and support at all times legislation of benefit to the province as a whole.

**T. W. FALCONER**  
 Conservative Candidate

**BRITISH COLUMBIA**

The Mineral Province of Western Canada  
 TO END OF DECEMBER 1927

Has produced Minerals as follows: Placer Gold, \$78,174,795; Lode Gold, \$130,651,919; Silver, \$86,689,046; Lead, \$121,850,734; Copper, \$221,501,079; Zinc, \$59,508,692; Coal, \$271,294,668; and Miscellaneous Minerals, \$53,502,301, making its mineral production to the end of 1927, show an

Aggregate Value of \$1,048,837,828

**Production for Year Ending December, 1927, \$60,729,358**

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

**The Hon. the Minister of Mines,**  
 VICTORIA, BRITISH COLUMBIA

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

## Anyox Notes

Continued from page 1

Mrs. C. Cundill and family are spending summer holidays at Silver City.

Mr. and Mrs. Griffith and son left for Prince Rupert on Monday.

Mr. and Mrs. F. Watson and daughter left Anyox on Monday.

Mr. and Mrs. H. Ward and family left on Monday for the south.

## ALICE ARM NOTES

Mr and Mrs. Branston, who until recently were at the Toric mine left last week for Vancouver.

E Greenaway of the school staff left last week for Hazelton.

T. W. Falconer arrived home on Monday from an election tour of Atlin.

Charlie Lee, who left here last year returned last week from Flin Flon country, northern Manitoba. He states that work is plentiful, but that the wages are low.

Arthur Smith, a former resident of the camp, arrived from Vancouver last week.

Mrs. Al. Falconer and daughter, Blanche, arrived on Monday from Vancouver, on a visit to Mr. Falconer.

J. McLachlan arrived in town on Monday.

Chas. Gordon, a former resident of Alice Arm arrived on Tuesday from the Naas Valley. He was accompanied by F. H. Hoadley of the Smithers school staff, and they came overland via the telegraph trail. Charlie has been ranching in the Naas for a number of years but sold out recently and plans to live with his mother at Alert Bay.

H. F. Kergin returned home on Tuesday from an electioneering trip to the Atlin country. He was accompanied by his daughter Alice.

Mrs. H. F. Kergin and daughter Leah arrived on Saturday from Victoria, and will spend the summer here with Mr. Kergin.

J. Wells arrived home on Monday from a trip to the Naas Valley.

Mr. Butterfield arrived from Victoria on Saturday and will survey the Indian Reserve.

J. B. Robinson returned on Saturday from the Flin Flon country, Northern Manitoba, where he has become interested in the hotel business with S. Dumas, leaving the latter in charge. Mr. Robinson is again conducting the Kitsault House.

## Big Expenditure Made on Roads and Trails

To date \$1,060,000 has been expended in construction and maintenance of mine roads, trails and bridges from May 31st. 1916, to the end 1927. 10,000 miles of road and trail have been opened or are kept in order through the Mines Department.

## T. W. Falconer and Geo. Black Address Electors

Continued from Page 1

in the north if private enterprises were willing to spend the money.

He was in favor of a road north from Hazelton, which would ultimately extend to the Yukon. A road which would open up the country and also attract tourists from the U. S. A.

If, he said, Premier MacLean had conducted a private business as he had government affairs he would have been let out long ago. He further criticised the government and explained how the absentee vote would be carried out.

Capt. George Black, was the next speaker. He proved to be eloquent, and presented a mass of information in a quiet, unassuming yet forcible manner. He covered a large field, only a portion of which it is possible to publish.

He said that the government should give all possible aid to mines during initial stages. He likened British Columbia to a corporation, that at stated terms must come to the shareholders for approval or disapproval. In selecting a government, he said, choose one that will suit you best, and look at things along broad lines. Any work done by the government is done with your money, you are paying for it.

The speaker produced a mass of figures in contradiction to Liberal statements regarding the financial position, and quoted J. T. Shaw of Alberta as saying that B. C. was a horrible example of spendthrift zeal in Canada.

In regard to the Old Age Pension Act he said that the Conservatives had always been in favor of it. The present \$20.00 per month was inadequate, in fact it was an insult.

Reviewing the chances of a change of government, he said that at the last election, when the conservatives were split in two, the liberals obtained 24 per cent. of the vote. The remaining 76 per cent. being divided among the Provincial, Conservative, Labor and Independent parties.

## Canadian Debt Reduced Last Month

Canada's net debt was reduced during the month of June by \$5,560,000, according to a finance department statement just issued. The net debt at the end of June was \$2,244,142,000.

## Big Tonnage at Trail Smelter

Ore received at the reduction plant of the Consolidated Mining and Smelting company from January 1 to June 21, amounted to 296,207 tons. This total included 41,072 tons shipped by custom mines and 255,125 tons from company mines.

For the week ending June 21 company mines shipped 8,309 tons and custom mines 1,960 tons, making a total of 10,269 tons.
