Capacity Crowd Enjoy Excellent Boy Scout Concert

The Anyox Boy Scouts' Association were greatly gratified to note the large attendance at the concert held on Friday last, in the Recreation Hall, in aid of the Boy Scouts' General Fund. The hall was full, every number on the programme was well put over, and the financial results were beyond expectations.

In the unavoidable absence of Mr. W. R. Lindsay the president, Mr. W. F. Eve, who represents the Canadian Legion on the Scouts' Association Committee, addressed the gathering towards the close of the concert and expressed the thanks of the Association to all who had given their services and talent so freely, and also those who had patronised the concert. He outlined the plans, for the financing of the boys' summer camp, and explained that no financial hardship would be imposed on any of the parents.

The varied programme left nothing to be desired. The Sailors' Dance and English Johnny (Dick-Wynne) by Mrs. McKae's Dance Pupils was distinctly good. Mr. S. Armstrong was at his best in the violin solo, "The Holy City" and Mrs. Pinckney reached all hearts with her beautiful song; "In the Shade of the old Apple Tree." As an encore she sang very feelingly, "Absent." Miss Ellen McLeod and the Misses Lily, Bessie and May Barclay, who are pupils of Mr. H. Laurie, danced the Highland Fling and the Reel O'Tulloch. Their grace, precision and skill earned well-merited applause. Mr. S. W. Barclay recited in splendid style "Barb Wire Bill", and as an encore gave "Ed's New Gramophone". Mr. Barclay has an excellent memory, fine expression, and a good knowledge of shading and dramatic finish, and we predict for him a future as an elocutionist.

Ross Oatman's beautiful cornet solo; "If Winter comes" was played with nice expression, and his encore, "The Rosary" was given with delicacy and grace. A realistic touch was added to Mr. W. F. Eve's lovely song; "The Trumpeter" by the introduction of an actual trumpeter behind the scenes. As an encore Mr. Eve sang "O Promise Me" with great beauty of expression. The piano duet "Festival Procession March" by Mesdames Doelle and Pynn was given with martial dignity and fine rhythm, and greatly pleased the audience. The encore "Le Carillon" was given in brilliant style. The accurate blending of these two fin-

Alice Arm and Anyox Will Have Fall Exhibition

Alice Arm will again hold an exhibition this year. Anyox gardeners and house-wives will also be extended an invitation to exhibit. This decision was reached on Saturday last, when a general meeting was held at Alice Arm, to decide as to this year's activities.

The meeting was opened by E. Moss, who briefly explained why the meeting was called. The minutes of the last meeting were read by Secretary H. Fowler.

The first business before the meeting was to decide whether an exhibition should be held this year. It was the unanimous opinion that an exhibition should be held along the same lines as last year, and that the people of Anyox, be extended an invitation to exhibit their garden produce. The date to be decided upon later.

It was also decided that the organization be named, The Alice Arm and Anyox Agricultural Society.

Officers were then elected for the coming year. They are as follows: Honorary President, Harry Smith, (who was the founder of the exhibition last year); President, E. Moss; Vice President, J. Trinder; secretary, W. B. Bower.

It was decided that an Exhibit Committee, Sports Committee, etc. be appointed by the officers, at a later date, and also make arrangements to acquire a suitable building.

As there is a considerable increase in the number of Alice Arm gardens this year, and as more people of Anyox are planting gardens, it is expected that the exhibition will even surpass last year's. Anyox gardeners will be interviewed this summer and an Exhibit Committee appointed if they are favorably inclined to compete.

A list of the varieties of vegetables, fruits, flowers, canned goods etc. for competition will be published in the Herald at a later date.

J. McConnachie Brings Sea Plane To Anyox

J. McConnachie, who secured his commercial air pilot's licence last year, visited Prince Rupert recently for the necessary semi-annual medical examination. He brought back with him to Anyox a Gypsy Moth seaplane, the property of the Northern B. C. Airways Ltd. He landed about noon on Sunday last.

Later in the afternoon he gave a number of his friends a taste of air life, letting them see the district from an altogether different "standpoint," and they thoroughly enjoyed the experience.

Mr. McConnachie took the plane back to Prince Rupert on Wednesday, returning himself on the Canadian National boat that evening.

Winners Anyox Tennis Tournament

The opening day mixed doubles tournament held by the A. C. L. Tennis Club on Victoria Day, and which was not completed on account of rain, was concluded during the week. Flora Cavers and Frank Dodsworth were the winners on No. 2 Court.

Results of the recent ladder games at the Hidden Creek Court were: L. Dodd beat T. Stretton 10-5. Mrs. Stretton beat Mrs. Carrick 8-1.

Recent ladder games on the A. C. L. Courts resulted as follows: Miss K. Eve beat Mrs. J. Smith 10-9, and Miss M. Dresser 10-6; O. G. Macintyre beat Gordon James 10-9; Frank Dodsworth jr. beat J. Gillies 10-7; Ross Oatman won from Gordon James 10-5, from O. G. Macintyre 10-8 and from Angus Cavers 10-4; Bert Field lost to W. Cavers by 9-10.

On Sunday, June 5th. the Hidden Creek Club will entertain the Mine Club. A mixed doubles and men's tournament will be held, after which the visitors will be entertained at the Beach Mess to a chicken dinner.

British Cruiser Delhi Will Visit Anyox in August

A real historical event in the life of Anyox and district will be the visit of H. M. S. Delhi, flagship of the Commander-in-Chief of the West India Squadron.

The cruiser is scheduled to be at Anyox from Monday, August 29th until Wednesday the 31st. She is of the same class as the "Dragon", which visited Stewart in 1930. Her complement is approximately 450 officers and men. No time will be lost in making preparations for the reception and entertainment of these men of the British Navy.

The formation of a Joint Committee representative of all the bodies concerned, as the I.O.D.E., Canadian Legion, Community League, and the Granby Company, has already been proposed, and citizens will be kept posted as to developments.

Victoria Day Golf Tournaments Interesting

On May 24th a two ball "Green-some" Competition attracted no less than 42 entrants. The winners were Chas. Cundill and R. C. Gegg, with a score of 68 net. The second prize went to Jack Moffatt and J. Dixon with a net of 71.

Golf Tournament Tomorrow

On Sunday, June 5th, a Team Tournament, will be held between the Captain's and the Vice-Captain's teams. This will be 18-hole medal play, and should prove very interesting.

Mine Defeats Rangers In Football League Game

A nice crowd turned out to witness the third game of the Football League, played between the Mine and the Rangers on Tuesday last, the Mine winning 1-0. It was an ideal evening for football.

The Mine fielded a strong team and played well, although they missed one or two nice chances of scoring. Their forwards were aggressive and their defence strong. The forward line of the Rangers were a little light, but the youngsters bared in pluckily and were dangerous on several occasions.

Ivor Davies had hard luck in the second half, when he sent in a sizzler which just caught the top bar.

Freddy Calderoni played a good game, trying his men like a veteran, and M. Meli was strong and reliable in goal. The odd one that passed him kicked by Morrison was deflected off the shoulder of another player.

Ion, at back, was the star for his side, being right there in many a pinch, while Freddy Williams is quickly returning to his old form. With its present line-up the Mine team will be serious contenders for League honors. Jack Evans handled the game very efficiently.

School Taxes For Alice Arm Will Be Higher Next Year

A reply has been received from the Department of Education by Mr. O. Evindsen, secretary of the Alice Arm School Board, in connection with the petition recently forwarded by the School Board, asking for an increase of government assistance in regard to the school teacher's salary.

The reply is disappointing. The letter from the Superintendent of Education states the Alice Arm School District will be placed in Sub-class A. The Department will contribute 52 per cent of the teacher's salary next year. This year the Department of Education paid 62 per cent. This means that next year the taxpayers of Alice Arm will be called upon to pay 48 per cent of the teacher's salary, instead of 38 per cent. this year. The School Board is still corresponding with the Superintendent of Education and hopes that a more favorable adjustment will be made.

Eleven years ago today, on June 4th. 1921, the first issue of the Herald was published. On the eleventh anniversary we are reducing our subscription rate to \$2.00 per year, \$1.00 for six months and 50c. for three months. If you are not already a subscriber, join now. You will enjoy reading your local paper. It is full of interesting news, and we hope to make it even better.

Patrick Clune An Old Timer of Granby Co. Passes Away

After being connected with the Granby Company for a period extending over twenty-two years, Patrick Clune, miner, passed away at the Anyox General Hospital on the morning of Monday, May 30th. at the age of 62 years.

Deceased was a native of Ireland. He was mining in the Boundary Country during the boom days of the 90's. It was in the Phoenix district in 1902 that he met with an accident underground that broke his back. The accident occurred at the Skylark mine, between Greenwood and Phoenix and was before he entered the employ of the Granby Company. He made a miraculous recovery from injuries that appeared fatal, and apparently enjoyed good health afterwards, except a deformity that caused him to walk with a considerable stoop. In spite of this handicap, however, he continued his occupation as a miner, coming to Anyox from Phoenix, and worked steadily until December 1929, when his health began to fail and he left Anyox to reside at Alice Arm.

Deceased thus worked as a miner for a period of twenty-seven years after the injury that broke his back. There is, perhaps, no other case on record of a man recovering from such an injury and following the arduous occupation of a hard rock miner for so long a period.

The late Paddy Clune was held in high esteem by a large circle of friends both at Anyox and Alice Arm. He was a charter member of Anyox Lodge No. 47, B. P. O. Elks. It was his express wish that he be buried at Alice Arm under the auspices of the Elks' Order. In accordance with this wish the interment will take place tomorrow, June 5th., when the body will be taken over on the launch "Awake." It is expected that a large number of officers and members of the Lodge will make the journey and pay their last respects to their departed brother.

Green Shows Up On Anyox Golf Course

Green has at last appeared on the Anyox Golf Course! It is showing up very vividly at this particular season; can easily be seen from a distance, and is quite refreshing to the eye. The committee in charge are to be congratulated on this splendid result of their deliberations and labors. The green, we might say, is concentrated in one spot; viz, on the Club House.

The decision of the United States Government to impose a tax of 4 cents a pound on all copper going into that country comes as a disagreeable surprise to Canadians. It means, if it becomes law, as it no doubt will, that Canadian copper in future is barred from the United States. It is rather an unfriendly act, and it is doubtful if it will assist American copper producers in raising prices in that country. In commenting on the copper tariff the Wall Street Journal says:

"If a tariff on copper is to benefit American mine owners and miners it will have to raise the cost of copper to domestic consumers. There can be no objection to that, so long as the price does not rise above production cost, plus a "reasonable" profit, whatever that may be, and provided the tariff is not used as a mere device to protect high cost producers from the fair competition of low cost producers here at home. But no such measure of dubious assistance before its probable affect upon employment in the metal manufacturing and exporting industries has been thoroughly explored. If the United States wishes to sell the world copper in any form it must meet world prices."

Just how the new American tariff will affect the Granby Co. is not at present known. At the present time they are shipping a portion of their copper to Eastern Canada for refining. The new tariff may probably work a hardship on Canadian exporters for a short time, but there is no doubt that eventually arrangements will be made to export our surplus copper to Great Britain. This question will no doubt be discussed at the Imperial Conference, which will be held at Ottawa in July. At the present time Great Britain buys the bulk of her copper in the United States.

The decision of the Department of Education to place the Alice Arm School District in Sub-class A, is not very pleasant news for the rate-payers of Alice Arm. Despite the petition that was recently forwarded to Victoria, and the explanation that was given in regard to the stoppage of all pay-rolls here, and the utter inability of the majority to pay their taxes, the school assessment for the district has been increased instead of decreased. If Alice Arm is one of the most prosperous communities in the province, and to judge by the classification given it, it is in the opinion of the Department of Education, then Heaven help those districts that are eligible for classes B, C, D and E. We firmly believe that the Department of Ed-

Rangers and Celts Draw In Second League Game

Considering its early stage, some fast and creditable football was seen in the second game of the League, played between the Celts and the Rangers on Thursday the 26th. The evening was calm and clear; and a good number of fans were on hand. The youngsters in the ranks of the Rangers—Fred Calderoni, I. Davies, J. Pinckney, F. Sanderson and F. Mikeli—played well, and deserve some credit for holding their own against the experienced men of the Celts. Frank Mikeli played a cool and confident game in goal, stopping some that appeared to be through freight. The Celts new goalie—Gawthorne—played excellently, being called upon to attend to a real bombardment in the first half. The scorers for the Celts were J. Elliott and J. Taylor, while Tom Buchanan and Jim Donaldson accounted for the Rangers' tally. The game ended two all. Bob McMillan, a veteran of the Lady-smith and Nana'imo football wars, was the capable referee.

Mayo Camp Still Shipping Silver Ore

Despite the low prices of metals, the high grade silver-lead camp of the Mayo district has witnessed no little work this winter, and 5,000 tons or more of high grade ore, mostly mill concentrates, are awaiting shipment. Most of this ore is from the Lucky Queen claim of Treadwell Yukon Company on Keno Hill.

Education have erred considerably in their zeal to collect taxes in placing this district in Class A, and we hope that they will quickly institute an examination and correct the error made. The money is simply not available to take care of increased school taxation. If the rate had been lowered as the petition entreated, then there was a possibility for the majority to meet their taxes. Everyone in Alice Arm is aware of the government's urgent need of money in order to carry on. They should, however, use a little judgement when choosing their fishing grounds. The streams at Alice Arm are dry. When money is fairly plentiful our taxes are cheerfully paid, but when money is non-existent as at present the taxes cannot be paid, no matter how high the penalties are. The result is a propertyless floating population and a penniless government.

During the past few weeks the Herald Office has been the recipient of many flattering remarks in regard to the increased amount of interesting news carried recently. We are pleased to know that our efforts to provide a bright and newsy paper are appreciated.

Girls Keenly Enthused Over New Ranger Movement

Not to be outdone by their confreres, the Rovers, or Senior Boy Scouts, the girls of Anyox have organized themselves into a body known as the "Rangers", under the leadership of Mrs. J. W. Lang. Supporting Mrs. Lang in this splendid work is a strong committee composed of Mrs. J. L. Stewart, Mrs. McMaster, Mrs. Simpson, and Mrs. J. McMillan. The girls of the Rangers must be sixteen years of age. So far twelve girls have enrolled, and already it has been planned to give them a course in home nursing. Later on domestic science and other useful subjects will be taken. A summer camp is also being planned. The group will meet on the first and third Saturday afternoons each month.

Two men sat in a bar drinking cocktails.

Presently one of them said: "Do you know, Dick, I think I'll buy this hotel."

"Wait till we've had a few more drinks," said Dick, "and I'll sell it to you."

MINING IN BRITISH COLUMBIA

In 1930, among the Canadian Provinces, British Columbia was the leading producer of Silver, Lead and Zinc.

In this Province, 45 per cent. of Canada's silver, 97 per cent. of the lead, and 93 per cent of the zinc were produced.

British Columbia has produced over \$1,260,000,000 worth of mineral products.

About 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

Practically every mineral known to be found on the Continent occurs to some extent in British Columbia

A special report on placer mining in British Columbia is available, and may be obtained, together with copies of the Annual Reports and Bulletins (one of which contains a synopsis of the mining laws) upon application to

THE HONOURABLE THE MINISTER OF MINES, VICTORIA, B. C.

Summer Schedule Of Canadian National Steamships

Vancouver, B. C., May 28—The summer steamship service from Vancouver to northern British Columbia and Alaskan ports by the Canadian National Steamships will go into effect on Monday, June 13th, according to an announcement made today by G. A. McNicholl, General Passenger Agent. The first sailing in the Alaska service will be taken by SS Prince George, Captain Neil MacLean, and this will be followed by SS Prince Rupert, Captain Dan Donald, on Wednesday, June 15th, with SS Prince Robert, Captain Harry Nedden, sailing on Thursday, June 16th. For the summer months the Canadian National Steamships will operate two boats each week between Vancouver and Skagway, with a third boat operating regularly between Vancouver, Stewart and Anyox, calling at intermediate ports such as Powell River, Ocean Falls and Prince Rupert. A change has also been made in the departure times. Instead of leaving Vancouver at eight o'clock in the evening, the new departure time will be ten o'clock. The sailings on Monday and Thursday evenings will be for Skagway and intermediate ports, while the Wednesday sailings will be for Stewart and Anyox. The Prince Rupert and the Prince George will alternate on the Monday and Wednesday sailings as these ships make the round trip to Skagway in ten days. The Prince Robert will handle the Thursday sailing as her greater speed permits the round trip to Skagway to be made in six and a half days. The Rupert and George remain 36 hours at Skagway while the Robert makes a stay of 12 hours, the latter however allowing plenty of time for the passengers to make the rail trip inland as far as Lake Bennet and still have sufficient time to spend a few hours in Skagway.

China Heavy Importer Of Canadian Silver

China purchased more than half of the million and a half ounces of silver bullion which Canada exported in March. A heavy purchase of 249,430 ounces was again made in April by that country. It was valued at \$74,280. British India also made a large purchase of silver bullion in April, taking 438,706 ounces at \$136,000. United States bought 213,005 ounces, at \$67,198, as well as 42,433 ounces in ore at \$12,123. The total export of silver in April was valued at \$289,601, as compared with \$104,023 in the same month of 1931. Canadian production of silver in March was 1,460,137 ounces, with a valuation in Canadian funds of \$486,497, according to the Dominion Bureau of Statistics.

We are assured that there is no truth in the rumor which has been spread about lately, that—following the petition from a hundred American religious leaders to release Ghandi—a hundred British religious leaders have petitioned President Hoover to release Al Capone.

Capacity Crowd Enjoy Excellent Boy Scout Concert

Continued from Page 1
ished artistes, makes them a real acquisition to our future concert programmes.

A toe-dance by little Audrey Forde was very daintily performed, and a tap dance by Phyllis Bushfield and Dixie Taylor in "Tommy Tapper" costume was excellently done.

The piece de resistance was a radio demonstration by patrol leaders and scouts, assisted by Jack Buntain. A contraption which was weird in appearance and wonderful in operation was ably demonstrated by Arthur Deeth, and was made to do everything. It could even answer back, as the astonished "ladies" discovered. Jack Buntain was a banjo virtuoso from some New York station. A take-off by the "Snitchfield Reporter" (R. Gale) provoked roars of laughter.

The various items given by the Anyox Concert Orchestra under the leadership of Mr. J. Peel were exceptionally well rendered, and showed the results of careful and patient training. Such ambitious numbers as "The Gondoliers" and "No, No, Nannette" disclosed the greatly improved ability of this popular orchestra.

The concert was brought to a close by a camp fire scene, in which all the scouts were assembled. Led by Scoutmaster Gale they sang a number of scout ditties and camp fire songs, and it was easy to imagine this same group round an actual camp fire on a fine summer's night, having the time of their lives. Credit is due to the very able accompanists, Mrs. James McMillan, Mrs. A. Pynn and Mr J. Gillies, for their very essential services, and their willingness at all times to co-operate with the vocalists.

A. C. H. Gerhardi Suffers Serious Injuries

A. C. H. Gerhardi, who for several years was managing director of the Toric Mines Co. Ltd. and also the Homestake Mining Co., met with a serious accident recently at Vancouver, where he now resides.

He was attempting to cross a level crossing, when he slipped and fell in front of an oncoming train. Just how the accident occurred is not known, as no witnesses were present. Both his legs, however, were caught and crushed under the train. Reports reached Alice Arm on Monday that on that day he was undergoing an operation for the amputation of both feet.

Mr. Gerhardi is well known in the Alice Arm district. It was through his endeavors that the Toric mine was developed from a prospect to a considerable tonnage mine. His many friends in the north will be extremely sorry to hear of his unfortunate accident.

Tigers Trim Wildcats, Alice Arm Baseball

On Sunday, May 29th, the Tiger baseball team turned back the Wildcats in a rather decided manner. Ironside pitched steady ball for the winners while the Tigers seemed to find no trouble in connecting with the offerings of Anderson and Falconer, the Wildcats' hurlers. Besner, Svarvars and T. W. Falconer were the big noise with the bats for the Tigers.

Mrs. Elsie McCoy Passes Away At Vancouver

Mrs. Elsie Maud McCoy, who for several years conducted the Alice Arm Hotel, passed away at Vancouver on May 26th at the age of 51 years. The body was interred at Ocean View Burial Park last Saturday. Mrs. McCoy left Alice Arm seven years ago and since that time has resided in Vancouver.

Serious Bush Fire Occurs At Larcom Island

A bush fire broke out at Larcom Island on Sunday evening, and burned for several days. On Monday it was greatly aggravated by a high wind, and the big blaze has been watched each evening, by many interested folk at Anyox. A gang of fire-fighters worked steadily, until it was completely under control.

A match, a cigarette butt, or a fire carelessly extinguished was the probable cause. Everyone should be most careful of fire, not only at Anyox but everywhere throughout the district.

Mrs. Cutler Adds to Her Golf Laurels

On Friday, May 27th, the Ladies' Golf Club held an eighteen-hole Bogey tournament. The day was fine and the course in good condition, and those participating thoroughly enjoyed the game. Mrs. Cutler was the winner—for the second week in succession. Mrs. Cutler was two up on bogey.

Don't borrow the Herald when you wish to read it. Borrowing does not help to keep a newspaper running these hard times. Buy one the cost is trivial.

Send your films direct to Wrathall's Photo Finishing, Prince Rupert. Low prices for good work. All orders returned following mail.

"DAUGHTER OF THE DRAGON"

Tonight, Saturday, June 4th.

Anna May Wong, Warner Oland, Sessue Hayakawa

In this Paramount picture there are two outstanding Orientals, Anna May Wong and Sessue Hayakawa, are very much worth while. Miss Wong is an Oriental actress of obvious personal points, who surrenders to her dying father's wish and drops a glamorous point of vantage in London to project a program of vengeance. With all his fiendish application of chemistry and psychology, Fu Manchu was not a more resolute menace than the pretty daughter proves to be. Loved by an exalted gentleman of her own race, and loving an English nobleman, she allows her heart dictates no chance to defeat the accomplishment of her oath. See this picture of thrills and drama today.

"HIGH STAKES"

Tuesday, June 7th.

Lowell Sherman and Mae Murray.

The story deals with a wealthy, elderly man, who falls in love with a scheming gold digger and marries her. He is so madly in love with her that she is able to make him obey all her wishes. The hero, brother of this man, realizes that his sister-in-law is a scheming woman and tries to open his brother's eyes gently. He obtains undisputable proof that she is a gold digger, and that her friend is a crook. He obtains proof of her duplicity, and forces her to sign a confession, and sends her away. His brother returns and is broken-hearted at first—then see how happily the picture ends. The talking is extremely clear. You'll like this picture. Make a point of seeing it on Tuesday.

ANYOX NOTES

S. D. Murray left on Monday for a business trip to Prince Rupert, returning on Wednesday.

Mr. and Mrs. D. Kavilar left on Monday for a holiday visit to Prince Rupert.

Mrs. S. Peters and son Dick left on Monday for a holiday visit to Victoria, where she will spend the summer months.

Mrs. Ciccone, who is a daughter of Mr. and Mrs. Calderoni, arrived on Monday for a holiday visit. Mrs. Ciccone's two sons, Vernon and Edward, preceded their mother to Anyox by one week.

Ed. Blundell left on Wednesday to attend the Oddfellows' Annual Convention at New Westminster.

Joe Sarich left on Wednesday to attend a convention of Serbians in Philadelphia, Pa.

Mrs. J. Ferguson and daughter left on Wednesday for an extended visit to Newton in the Fraser Valley.

M. A. McKenzie left on Wednesday for a holiday visit to the south.

Miss McWhinney, of the hospital staff, left on Wednesday for a holiday visit to Vancouver.

Mrs. W. J. MacDonald, who has spent the past month at Anyox, arrived home at Alice Arm on Thursday.

All those whose subscriptions to the Herald are in arrears, can now pay their overdue subscriptions at the rate of \$2.00 per year instead of \$2.50. Prompt payment will be greatly appreciated.

H. M. SELFE
REGISTERED OPTOMETRIST
ANYOX
Office: Opposite Liquor Store

A. Zannon arrived on Monday from Vancouver.

"All that I am," declaimed the politician, "I owe to my mother."

"Well," exclaimed a voice from the back of the hall, "doesn't it feel great to be out of debt?"

CANADIAN NATIONAL

It will Improve the Flavor of Your Cooking!

DON'T take our word for it. Order a can of St. Charles Milk from your grocer today and use it for cooking wherever the recipe calls for milk. You will find that St. Charles will give a creaminess, a fresh sweet flavor to your cooking that your family will like.

Send for this FREE cook book. Fill in this coupon and we will send you a copy of our new cook book "The Good Provider." It contains over 80 pages, illustrated in color and will tell you how to make nearly 200 delicious dishes better with St. Charles.

It's better and you can prove it
