Men's Open Golf Tournament Now Being Played

The tournament for the Men's Open Championship of the Anyox Golf Club is now in full swing. The qualifying medal round was played over 18 holes, the 16 lowest gross scores qualifying. The winner of the championship flight will meet Mr. S. Peters, the present champion, in a 36-hole match for the club championship.

The defeated eight in the first round championship flight will form the first flight. The remaining competitors to be formed into flights of eight to play for special prizes.

The low handicap medal score in the qualifying round will apply on the Lovsted Cup for July.

Prizes will be given to the low medallist and runner-up of the qualifying round, and to the winner and runner-up of each flight. The Vice-President, C. O. Fricker, has donated a dozen golf balls for some of these special prizes.

In the qualifying round, J. McConnachie was the low medallist with a score of 84, or net of 65, thus winning the Lovested Cup for July. J. Dunn was the runner-up with a net of 66.

In the first round of the Championship Flight C. O. Fricker defeated J. McConnachie 4 up and 3 to go. J. Dunn defeated J. Moffatt 6 up and 5 to go. H. L. Patterson defeated J. McColl 3 up and 2 to go. A. T. Koenan defeated Dr. James 5 up and 4 to go. F. F. Brown defeated D. McKenzie 3 up and 2 to go. W. Henderson defeated M. J. Sheen 2 up and 1 to go. H. R. Taylor defeated A. W. Gigot 6 up and 5 to go. J. Grigg defeated D. McRitchie 6 up and 5 to go.

In the second round H. L. Patterson defeated J. Grigg 3 up and 2 to go. H. R. Taylor defeated A. T. Koenan 8 up and 6 to go. C. O. Fricker defeated J. Dunn 3 up and 1 to go. F. F. Brown defeated W. Henderson 1 up.

The feature match of the second round was that between F. F. Brown and W. Henderson, which went 21 holes before a decision was reached.

The many friends of Dorothy Davies, who left Anyox some weeks ago for a visit south, will be glad to learn that her health is greatly improved. Miss Davies and her mother are at Merritt, B. C., where they are touring the country and enjoying the scenery.

Alice Arm Gardens Are Thriving

Despite the cool wet summer this year the gardens of Alice Arm are showing remarkable growth and from present indications the Annual Exhibition will be a big success. All gardens are being kept free from weeds, and thinning out of plants is being handled in a proper manner so as to obtain the maximum growth. A few weeks of good hot sunshine is all that is necessary to ensure a bumper crop of all kinds of vegetables, and a good root house full of vegetables next winter will be as good as a roll of greenbacks.

Anyox Rovers Will Make Educational Tours

Among the proposed undertakings for the Rovers for the present season, for educational purposes, is a visit to the local Post Office to view the inside workings, to the Bank, a trip through the Concentrator and also to the Smelter; a glimpse into Customs and Tariff work through the courtesy of Mr. Wynne, and (merely as a matter of enlightenment) a visit to the Hospital through the kindness of Dr. Learoyd. Who wouldn't join the Rovers?.

Mine Football Club Loses Two Players

There are two gaps in the ranks of the Mine Football Club at present which it may be found difficult to fill, as two of their best players have left for South America These men are Joe Variera and Tony Yglasias. The latter is a diminutive player who is a living dynamo in action; a cool, clever, and confident footballer. They will both be greatly missed from local games, and the best wishes of the members of all the teams are extended to them for their future welfare.

ALICE ARM NOTES

Mrs. N. Fraser accompanied by Miss Mildred Johnson arrived from Prince Rupert on Monday and will spend two week's holiday here.

Lorne Falconer left on Monday for the Naas River where he will spend the next few months.

Mr. and Mrs. V. S. McRae and family arrived on Saturday from Anyox and are spending holidays here.

Mrs. Cormier and daughter Beverly arrived from Anyox on Saturday for a vacation.

Miss Ellen McLeod arrived from Anyox on Saturday and is spending holidays with Mr. and Mrs. E. Moss.

Miss Katherine Peterson arrived on Saturday from Anyox, and Mrs. Peterson arrived on Tuesday for a vacation here.

Mrs. J. A. McMaster and family arrived on Tuesday from Anyox for summer holidays here.

Mrs. D. Deane arrived on Tuesday from Anyox and is spending a few days with Mrs. W. Simpson.

Mrs. W. Henderson and Mrs. D. P. Williams and daughter arrived on Tuesday from Anyox for a summer vacation.

F. C. Graham arrived from Anyox on Tuesday and is spending his summer vacation here.

A special school meeting of the qualified voters of the Alice Arm School District will be held at the School House on Tuesday, July 26th. at 7.30 p.m. for the purpose of electing one school trustee, and the transacting of all business that is conducted at the Annual General Meeting.

ANYOX NOTES

J. D. Ferguson returned on Friday last from Vancouver, where Mrs. Ferguson has recovered from her recent illness.

F. S. McNicholas returned on Friday last.

A. A. Todd returned on Friday from a vacation spent in the south.

Mr. and Mrs. Marchuk arrived on Friday from Vancouver.

Syd. Peters left on Friday for a holiday visit to Vancouver.

Mrs. Allan McDonald left on Friday for a visit to Vancouver, where she will recuperate from a recent illness.

Mrs. J. C. Dandy left on Friday for Victoria, where her mother is very ill.

Mrs. Lazorek arrived on Friday after an extended holiday spent in Vancouver and the south.

M. Warden and daughter Honor returned on Monday from Prince Rupert.

Continued on page 4

The Alice Arm Wildcats Defeat Tigers 9-4

The Wildcats obtained revenge for their defeat last week, when in Sunday's game they turned the Tigers back with a 9 to 4 count.

The first five innings were the only ones that saw runs scored and even then the ball was fairly tight. During the last four innings the one, two, three route was a regular occurrence. Lorne Falconer had a gala day when he socked the first ball across for a home run, and then on the mound retired fourteen men swinging. T. W. Falconer fanned ten Wildcats, and the Tiger noise in the field was Hatton at second who accepted every chance without an error. Smith played a bang-up game at short and got in one good hit in his favorite left-field pasture. Jack Fiva handled the game well at all times.

Owing to the inclement weather the regular baseball game on Wed. evening was postponed. A pick-up game was played instead in which both sexes participated.

Many Anyox Visitors At Alice Arm

Although the weather has not been very favorable for summer holidays during the past week, the large number of Anyox visitors at Alice Arm and Silver City appear to be enjoying themselves. The majority, in spite of the juicy atmosphere, don their raincoats and hike over the roads and trails or are engaged in fishing in many of the local streams.

Some fair catches of fish have been made during the past week, and some big ones have been landed both at the first and second falls and at various points in the Illiance River.

Up to the present the district of Anyox and Alice Arm have experienced the wettest and coldest summer on record. August, however, will no doubt recompense everyone with some good hot weather.

Rovers Greatly Enjoy Special Visit To Mine

A unique experience was afforded the Anyox Rovers recently, when they were taken on a special trip through the Hidden Creek Mine as part of the educational campaign now being carried out.

Through the courtesy of Mr. Healy and Mr. McNicholas, Mr. B. G. Anderson and Mr. C. Brehaut were assigned as conductors, and Rover Leader R. O. Cutler, was in charge of the party. They first limbered up with a hike to the mine, and then started in for some real exercise. On this outing, they were taken into caves, glory-holes, stopes, raises, winzes, drifts and crosscuts. They inspected the famous Vulcan and Victoria Hoists, also the steel sharpening shops. They made an express trip from the =880 Level to +530, in a double-deck cage travelling the 1410 feet in a little over two minutes. They went up and down hoists and ladders until they lost all idea of their whereabouts. One of the boys tried his hand with a drilling machine, and promptly decided to stay with his present job.

From the top of the mine they climbed up the mountain to the 700 level and looked down into the biggest of the glory-holes. Perhaps the most enjoyable part of the whole trip was the welcome information, upon coming out of the mine, that refreshments awaited them at the mess-house, through the courtesy of the Granby Company. Needless to say, the boys did full justice to the splendid repast provided.

Anyox Ladies' Golf Tournaments

The ladies' golf tournaments are proving exceedingly popular. On July 8th. an 18-hole Medal Run was played, the winner being Mrs. R. O. Cutler.

On July 15th. an 18-hole Medal Run was played, the partners being arranged according to the score of the previous week. This proved a very interesting tournament and resulted in a tie between Mrs. Cundill and Miss M. Cloke.

A most interesting event has been arranged for today, July 22nd. and is a driving, approaching and putting tournament. Results will be published in our next issue.

Although the weather may not have been very favorable for other branches of sport it has been very much to the liking of the numerous golfers of Anyox, and they have taken full advantage of the excellent course provided.

E. MOSS, Editor and Publisher.

Not long ago, says the High River Times, an incident occurred in an Alberta town, which should bring a warm thrill of appreciation to the heart of every struggling editor. The occasion was a board meeting of a co-operative organization. The year's business had presented difficulties, and economy was indicated. The suggestion was made to cut out advertising in the local weekly. Whereupon one member rose and moved emphatically against this.

It was his contention that the newspaper furnished a service to the community vitally necessary to the community well-being. It was actually a utility deserving support as a vehicle for publicity for the district. This, he presented as an argument, quite outside the normal value of advertising. His conviction impressed itself on other board members, with the result that usual advertising space will be maintained throughout the year.

This is a refreshing viewpoint from the standpoint of the editor. After all, the district newspaper does fulfil a function quite outside ordinary private business. It is an institution of any district, a service for the people, and not for one individual. It can bind a community together into a powerful unit, as no other agency can do.

It gathers the activities, great and small, of the neighbourhood and presents a picture not only for the benefit of the neighborhood itself, but for the outside world. It lies with the editor to make this an attractive picture or to make it a dull, uninspiring smudge. And his inspiration comes from the people themselves. A community is judged largely by its local news paper and it must receive encouragement from amongst its own people. It takes people to make a good newspaper.

No one can run a successful newspaper or present the picture of a happy, successful community without help. It requires money to operate any kind of business —even churches—and newspapers are no exception. Goodwill is not sufficient. There must be patronage of business interests, as well as goodwill. And the greater and more wholehearted the support. the better the service it can render.

Your local newspaper is a social and economic factor of the district advancing the interests of every substantial worthwhile feature of community life, minimizing the evil and emphasizing the good. Its purpose is to do what good it can in every way that it can and to further the well being of the area that it serves.—Cowichan Leader.

Rangers Defeat Mine In Spirited League Game

After a series of defeats, this season the Rangers came out from under on Thursday, July 14th. to defeat the Mine 3-2. The evening was showery, making the ball greasy and hard to control, but there was no wind, and the handful of spectators were treated to an excellent game, played in the best of humor.

At half time the Rangers closed their ledger with a balance of 3-0. Williams having scored the first Ivor Davies the second and Stan. Ellison the third.

In the second half the Mine, playing down hill, attacked strongly, and good work by the Rangers defense prevented the Mine from equalizing. Tony Yglasias starred for the miners, notching both their tallies, while Joe Vareria just missed with a sizzler which caught the top bar fair and square and was cleare For the Mine, Owen played a nice game, as did also Jim Ferguson and Jim Arscott, both of whom are experienced and cool headed players. Morrison at centre was fast and dangerous, and with a dry ball the result might have been different.

Frank Dodsworth made his debut with the Rangers and played a fearless and clever game. Ivor Davies is a centre to be reckoned with, and Freddy Calderoni at back, also Maxwell Patrick on right wing, are developing well. Jack Ion at back and Joe Taylor in goal were resourceful and reliable, Every game will now be interesting, and fans should turn out to encourage the players and the sport. "Sparky" Johnston made an efficient referee.

The World's Largest Gold Mines

Out of the seven largest gold producing mines in the world, Canada has two, the Lake Shore Hollinger.

The individual mine which had the largest output in 1931 was the Government Gold of South Africa with 1,129,872 fine ounces. The next three were the Crown Mines, the new Modderfontein and the Randfontein, all of South Africa. The Lake Shore of Canada was fifth with 533,757 ounces and the Hollinger seventh with 487,123. The Homestake Mining of the United States was ninth with 432,381.

In the first thirty greatest producing mines of the world, South Africa had 24, Canada 5 and United States 1.

Eastern Canadian Copper Producers Hold Conference

Montreal—Recent advances in Noranda and International Nickel were accompanied by rumors of new gold strikes at both properties. In neither case however, was official confirmation forthcoming, and the movement was believed to be due rather to expectation that a favorable Empire marketing arrangement would be worked out for copper at the Ottawa gathering. Representatives of the major producers met at Toronto several weeks ago to agree on a plan of action and to prepare a brief for submission to the conference.

Now that International Nickel has withdrawn from Copper Exporters, Inc., the company will be free to regulate its copper output with its market for the metal. Noranda will also probably find it unnecessary to store an amount of copper during the latter half of 1932 equivalent to 6½% of its capacity, as was intended before the United Seates decided on a tariff of four cents a pound. Noranda is understood to have its available metal sold well ahead and at a price considerably higher than the prevailing market.

Gold production in Canada for 1932 is estimated at $62,000,000. With new values to be added to the list of producers and greater production from old mines, it is estimated that starting 1933. production will be at the rate of $65,000,000 a year.

She must be an electrician's daughter for she knows watts watt.

Anyox Community League

The Beach Council meets on the Second and Fourth Wednesday of each month, in the Recreation Hall, at 7 p.m.

The Mine Council meets on the First and Third Thursday of each month, in the Mine Hall, at 7.30 p.m.

Here and There

Anticipations are that there will be an attendance of 500 Rotarians at the district convention to be held at the Cornwallis Inn, Kentville, N.S., June 1 and 2. It is expected that Sir John Bennett of St. John's, Newfoundland, will address the convention.

Hon. Gordon S. Harrington, premier of Nova Scotia, accompanied by Mrs Harrington, left Halifax recently for Montreal where they boarded S.S. Duchess of Bedford for a short holiday in the Old Country. During his absence, Hon. Percy C. Black will be acting premier of the province.

"It is not too much to say that any improvement in the revenues of the railroads will immediately make itself felt in all channels of trade and that the maintenance of railroad solvency will do more than any other domestic factor to restore strength to the nation's institutions," says an editorial in the Charleston, S. C., Post.

The "career open to merit" in railway affairs is well illustrated in the case of Charles H. Ewing, a railroader for 49 consecutive years, recently promoted president of the Reading Company. In 1883, at the age of 17, Ewing began his railroad career as a rodman in the employ of the Philadelphia & Reading Railway, now the Reading Company.

There were 447 moose and 9594 deer shot in New Brunswick last year, according to figures contained in the annual report of Chief Game Warden H. H. Ritchie to the provincial Minister of Lands and Forests. There was also a very successful partridge season with a bag of 44,469 birds.

Members of the British party touring the Dominion under the auspices of the British Columbian Government, arrived at Montreal aboard the Duchess of Bedford, travelled across Canada by Canadian Pacific rail and lake steamship, stopped over at Banff and will spend between June 15 and July 2 in British Columbia.

Delta Gamma, one of the most important Greek Letter organizations on the continent, is holding its annual convention this year at the Empress Hotel, Victoria, June 27-July 1. Stopping over at Banff, a Canadian Pacific special will carry delegates to the Pacific Coast from Chicago, while Canadian members from Montreal, Toronto and Edmonton will join the main group at Victoria.

If early promise is fulfilled, the Annapolis Valley should this year produce an even larger yield of apples than in 1931 when the total crop was close to a million and three-quarters barrels, is the opinion of leading fruit men of Kentville, N.S. The bloom this year lasted over ten days and attracted visitors by the thousand from Eastern Canada and the United States.

Miss Constance Regan, Middleburg, Va., established a record for women anglers on the Tobique River, New Brunswick, recently, when she took a 27½ lb. Atlantic silver salmon, the largest ever caught with a fly by a woman on that river. The record salmon taken in those waters by a male angler weighed 33¼ lbs.

Canadian Pacific standard time is standard time the world over. Prior to 1883, every town and city had its own local time, based on the sun, but in that year the suggestion of Sir Sandford Fleming, chief engineer of the Canadian Pacific Railway, that the world should be divided into 24 sections, one for each hour of the day, and that time within each of these areas should be standard, was adopted all over Canada and the United States. In 1884 the plan was also adopted in Europe after a conference held at Washington.

Gilbert Miller, architect, of Youngstown, O., has a grouch against windows and doors in office buildings and summer homes. He found both too narrow to admit a moose head with an antler spread of five feet five inches taken from a monster he shot near St. Jovite last season. "It looks," he wrote to A. O. Seymour, general tourist agent, Canadian Pacific Railway, "as though both the head and myself will end up in the garage." But that is the kind of trophy to be got in the forests of Quebec. Big heads and lots of them. (849)

Notes Regarding Anyox Tennis Tournaments

Continued from Page 1

Carrick, Miss A. Krusick, Miss V. Scott, Mrs. J. Peel.

Second Section: Mrs. Stretton, Mrs. Sheen, Mrs. L. Gillies, Mrs. C. Cameron, Mrs. G. Adams, Mrs. G. Hunter.

The tournament which was scheduled to take place between the Hidden Creek and the Mine Clubs during the second week of July, at the Mine Courts, has been postponed, due to the temporary absence of players from both clubs.

The championship tournaments for the Hidden Creek Club will commence on or about August 1st. Full details will be published later.

The Anyox Open Tennis Championship will commence on Sunday, July 24th. at the A. C. L. Courts.

Championships will consist of Ladies' Singles, Men's Singles, Ladies' Doubles, Mixed Doubles, Men's Doubles. There will also be Consolation Singles. Trophies will be presented for all events.

Entries close July 22nd. This tournament is open to everyone. Visitors and members of other clubs are invited to use the courts of the A. C. L. Club for practice during the week preceding the opening tournament, or at any time the courts are not in use during the tournament.

Mine Win From Beach In Fast Ball Game

Up to the seventh inning of the ball game on Wednesday the 13th. the Beach were behind by three runs, but caught them up in the first session. The Mine then went in and scored the winning run before anyone was out.

Although each team was forced to seek two players from among the handful of spectators, the game was fast and interesting. Lazorek and Musser each struck out eight men, and bases on balls off each were three. The Beach scored one in the fifth and three in the seventh. The Mine scored one in each of the 1st., 3rd., 4th., 5th. and 7th. Umpire, Jack Hutchison.

"REACHING FOR THE MOON"

Saturday, July 23rd.

This is real entertaining comedy, with Douglas Fairbanks, in modern clothes, scaling walls and doing everything else with amazing agility. See the humorous scene where Fairbanks' Valet prepares a cocktail known as "Angel's Breath." This cocktail makes the tamest person wild, and everyone who took a drink of it became ferocious and did incredible things until the drink wore down. The hero has no time for women. The heroine meets him, makes a dinner appointment, fails to show up, and calls him from a ship which is ready to sail. The hero has the ship held up—then see the fast movement from this point on. Comedy is mingled with heartbreaks—you will enjoy every moment of this really entertaining United Artists picture.

"LOCAL BOY MAKES GOOD"

Tuesday, July 26th.

This First National Picture features Joe. E. Brown as "The Pride of the Campus." He writes letters on his prowess at sports to some girl he has never seen, but does not mail them. One of them, however does get mailed, and then the fun begins. Dorothy Lee—no other—arrives, accompanied by the track captain of her college, and the resulting complications make for uproarious fun. This picture ranks as one of the best comedies of the season. The appalling things that happen to Joe—the way Marjorie spurs him to action—his unexpected victory—makes a picture you should not miss. Tuesday's showing.

Anyox Notes

Continued from page 1

H. Cathro arrived on Monday from a holiday spent in the south.

Mrs. Zincovich arrived on Monday from Prince Rupert.

S. Smardza was a passenger on Monday to Prince Rupert.

Miss May Thomson arrived on Monday on a visit to her sister Mrs. C. W. S. Tremaine.

Mrs. Volkovich arrived on Monday from Prince Rupert.

Mrs. H. R. Patrick left on Monday for Vancouver, Victoria, and Seattle.

D. Cavalier left on Monday for a holiday visit to Prince Rupert.

Harold Spencer, of the Store staff, left on Monday for a visit to his sister at Port Simpson.

J. Robinson left on Monday for a visit to North Vancouver.

Mrs. J. Peel and Mrs. S. Peel left on Monday for a holiday visit to Prince Rupert.

Mrs. J. Carr and her three children left on Monday for Port Simpson, where she will spend the summer.

T. Yglasias and Joe Variera left on Friday for South America, where they will reside.

In a recent boxing match one of the contestants struck the referee. The audience became wildly excited imagining that this would lead up to one of the boxers striking the other.

Here and There

Premier Gordon S. Harrington, of Nova Scotia, has returned from his trip to Europe by the Empress of Britain.

Growth of all crops in western Canada is now vigorous and well advanced for the time of year, according to the latest weekly survey made by the Canadian Pacific Railway's agricultural department, and crop prospects in the West as a whole are encouraging.

Here and There

The Nova Scotia Dairymen's Association will hold their next annual convention, in 1933, at the Cornwallis Inn, Kentville, N.S.

Shipments of celery to Canada this year from Bermuda totalled 25,000 crates in contrast to last year when the shipments were virtually negligible.

Eastern Steamship Lines, Inc., had heavy traffic on an excursion from New York to Nova Scotia on the occasion of the first trip in June of the S.S. Acadia from New York to Yarmouth, N.S.

Railroad transportation is an essential economic function on this continent and given reasonably free rein should speedily show good recovery using it to increase buying of materials and employment of labor, says the Greenville (S.C.) News editorially.

Total production of honey in Canada in 1931 amounted to 27,867,397 lbs. valued at $2,058,094. Ontario led the Dominion with a production of 12,000,000 lbs. with Manitoba second with 7,367,375 lbs., and Quebec third with 5,633,400 lbs.

Try this for Supper tonight!

CREAM RICE PUDDING

4 tablespoons rice — 2¼ cups St. Charles Milk
½ cup sugar — 1¾ cups water
½ teaspoon salt — Nutmeg

Wash rice thoroughly, then add with the sugar and salt to the milk diluted with water. Pour into a buttered baking dish and add a sprinkling of nutmeg. Set the dish in a pan of hot water and bake three hours in a slow oven (300°F.), stirring several times the first hour to prevent rice from settling to bottom. This is just one of the many practical recipes from our new cook book "The Good Provider." This book tells you how you can make nearly 200 delicious dishes with St. Charles Milk. Send your name and address and the book will be mailed to you FREE.

Your Message To The Public

Will give you 100 Per Cent. Results when it is Published in The Herald

If you are holding a Dance, Card Party, Concert, Public Celebration, or any Public Affair, or if you have anything to sell, the quickest, cheapest and easiest way to inform the Public is to carry an advertisement in the Herald

Our Advertising Rates are Cheap

The Herald finds its way into almost every home in the district, and your message is carefully and leisurely read by the whole family round their own fireside. It is not scanned over and forgotten as is a small weather-beaten message stuck on a post

We can also handle your printing orders cheaply, quickly and efficiently.
WE DO REAL PRINTING

Anyox Representative---Mr. P. Powell, Phone 262
